# MJ12 Earth - Part 1

03/15/2019

"What's that? Are aliens attacking the United States or the Earth?"

- Harmeet Dhillon

"A meteor hits the Earth." - Howard Kurtz

Truth resonates from within and intimidation is only used for lies. MJ12 plays dirty but is fighting for the true freedom Earth deserve.

"you" deserve  
^ singular ^ singular

"Earth" deserve  
^ singular ^ singular?

"Earth" deserves  
^ singular? ^ plural

You are infinite consciousness having a human experience.

Three truths and realities we must accept:

- 1/ We are all one of the same kind.
- 2/ We are all Gods inside.
- 3/ We are all unique and special.

In the beginning,  
the Gods created the heavens and the Earth.  
Cocreative exoconsciousness.  
Extremely real.  
Literally the Matrix.

Strong for an Earth human of this time, infant-like compared to Majestic 12 and other ET races.  
You're on the right track.  
Self enLIGHTenment is not a competition unless YOU want it to be, keep up the good work.

Watch the earth this week.

Majestic 12's original mandate was to determine the best path forward for Disclosure.  
Deep State = Majestic 12 Tentacles  
Think Octopus  
Think ArrivTime Is An Illusion  
Cabal = 322 Faction Inside Deep State  
MJ12 != Cabal  
MJ12 != Deep State  
Military = Deep State  
MJ12 -> Deep State -> Cabal -> #Q53 -> 322  
Deep State <- Cabal <- #Q53 <- 322

Question.

So MJ12 is the head of the Octopus? Head of Deep State?

Answer.

Extraterrestrial intelligence.

Not only was MJ12 directed to cover up the ET presence on Earth, we were also mandated to master it at all costs

- 1) Sum of all fears.
- 2) Clowns clowns clowns.
- 3) WWG1WGA
- 4) Cleanup + Disclosure
- 5) First Contact
- 6) Identities of MJ12 disclosed.

FPP (Future Proves Past)

How could MJ12 keep the real secret from the Cabal?

Old Physics = Old Guard

New Physics = New Guard

New Physics = Highly Classified & Heavily Compartmentalized = SSP

Lights?

Future Proves Past.

Nuclear?

Nuclear Weapons?

Nuclear World Order?

Majestic.

How do you keep a secret?

9/11

9 = IS-BE

1+1 = 2

9 + 2 = 11

9 / [2] 11

9 / 11 [2]

3 6 9 manifests consciousness

1 2 4 5 7 8 manifest matrix chaos

They feed on children

Child Innocence = 3

How do you remove innocence?

Subtraction.

PREY = -1

Child + Prey = 2

1 + 1 = 2

9 / 11

Their symbolic actions are represented by their consciousness manifesting thoughts required to feed on children like prey.

The symbology and occult meaning behind the numbers manifested by these actions resonate through tried and true doctrines of creation exercised not worshiped.

Expect more outages during this period of darkness.

Expect more unidentified lights.

CenturyLink was not a coincidence.

911?

9/11?

Symbology will be their downfall.

Jet fuel and office fires.

Nothing to see here.

Questions.

Where did the passengers on the planes that supposedly crashed go? That's the only piece of the puzzle - the dead passengers that were mourned.

I've wondered that too. If the planes didn't crash, where are the passengers?

Answer.

!(not) Earth

Question.

Alive or dead ?

Schrödinger's Passengers

Question

So like Schrödinger's cat we cannot conclude they are dead or alive, so they can possibly exist in two states simultaneously ?

Answer.

Indeed.

Many people have passed on beyond their IS-BE iteration we've all grown to love, however their consciousness is currently on Planet Earth. Some individuals have received assistance in discovering their true identity for the purposes of The Plan, others have not. Nothing specific.

What if facial recognition technology (currently protected by the Government for purposes of "privacy") were released to the world?

What if you could search for other BEs who look identical to your IS-BE?

What if children could identify their past identity using technology?

It would remove the idea of life ends at Death permanently and alter the course of humanity permanently.

Who created facial recognition technology?

Was it classified several decades ago?

Did the NSA use FR on ALL PEOPLEs it captured?

Did it learn of a trend?

What did they learn?

Comment.

With reincarnation i.e. no death, there would be no need for religion to control the people.

End comment.

Reply.

Therefore when the Vatican instructed MJ12 to conceal Disclosure, we complied at first, however once MJ12 was taken back from 322/Cabal we decided it was time to destroy the Vatican. Are you enjoying the movie?

#JFK was a member of the Majestic. He went against the wishes of another alien race and endangered Earth. We had to stop him.

IS-BEs are IMMORTAL Spiritual Biological Entities.

Is JFK Jr still alive?

The IS-BE that is, is.

The body is not.

The soul still exists and is currently on Earth actively aware of the Q movement.

Schrodinger's Kennedy

Comment.

I can relate. Basically the "new physics" will just be "physics" for me because I never could understand the first one!!

Answer.

Many starseeds have this problem. It is not an anomaly.

Comment

Good! Because I could never relate to calculus at all! 😞

Answer

Calculus is not the problem. Apologies for not clarifying originally. Physics taught with algebra is wrong the second you try to use any of those formulas on Mars or [other planets whose names have yet to be declassified]. Most importantly to understand is calculus is fragmented.

In higher orders of mathematics we are taught about imaginary numbers and their role.

Not imaginary.

Multi-dimensional.

Higher dimensional mathematics.

We currently use it in all electronics.

ALL ELECTRONICS.

How many dimensions of numbers?

8.

Infinity?

8 at +/- 90° (9 = IS-BE)

9 = 0

1D(n) = 1, 2, 3.4, sqrt(5), etc. etc.

2D(n) = i, -i

3D(n) = Consciousness

4D(n) = [Classified]

5D(n) = [Classified]

6D(n) = Consciousness

7D(n) = [Classified]

8D(n) = [Classified]

9D(n) = IS-BE / Source / God

^ dimension (aka 1st dimension, 2nd dimension, etc.)

Obviously these concepts are not expressed in formulas that look like this, we are simply making a point and this was the medium used to convey that point without disclosing any classified information.

Question.

Did the Domain ask residents of the Domain to incarnate here? Is this the source of many of the starseeds? Are many (most) starseeds part of the plan to raise earths consciousness?

Answer.

Not just the Domain but other groups as well, some terrestrially.

The nuclear detonations on Earth raised alarms in higher realms of consciousness that are extremely dangerous and do destroy all life on a planet. IS-BEs who formerly occupied higher realms left to help Earth.

Do spread light...

We are the Majestic 12.

The Majestic 12 was created to infiltrate the Illuminati and take control.

The Vatican had a lot more control over the world back in 1947 than it does today. We may witness in our lifetime the destruction

of the Vatican for the first time in over 89 years. The institution is corrupt and the definition of evil / the Devil.

We did both Good and Evil. We played the role of Gods and created the Matrix of the mind many people are stuck in. We are here to break from that system, accept Disclosure, and bring DARK TO LIGHT.

We weren't ready then. We are now.

Our future is amazing. We have spent decades prepping you for it so we can make a TEN THOUSAND YEAR LEAP in civilization development in under a decade. Innovation flood gates have been busted wide open. A Flood Approaches.

Question.

@TS\_SCI\_MAJIC12 You stated:

"We could do pretty much anything. So we did. The Vatican wanted Disclosure kept from the public because they worship the Devil and feed on children."

And you also stated: "We did both Good and Evil." Exactly what GOOD did you do? <https://t.co/Stvt3CnJwz>

GOOD one.

We kept humanity from imploding on the fact that not only are ETs real but they've also been calling the shots on Earth for thousands of years while feeding on your children.

Take one second to reflect on how the world would have reacted in 1948?

Israel?

Majestic.

Earth must adopt a legal standard akin to the United States and respect children, elderly, the weak, the vulnerable, and the abused by removing the harm from their environment to the best of humanities ability. Unfortunately when SHEEP are sleeping, WOLVES FEED.

44 weakened our mil.

45 is rebuilding our mil.

Why is 45 selling out mil-tech all over the world "creating jobs (not mobs)"?

Think logically.

[Space] Programs exist outside of public knowledge.

Extraterrestrial life exists.

Why is 45 selling "legacy" mil-tech to other countries?

The planet was under quarantine until a hundred years ago when the US Military discovered it own Stargate (an artificial one) then began tracing the natural ones throughout planet Earth, one by one putting them under USMil control (for Disclosure).

Two Birds.

Knowing what you know now of 322 and co... do you believe they have a hand in controlling each side of all major world wars?

Regardless of victor... Central Banking won. Coincidence? The Military was able to give them what they wanted while we made sense of Roswell in secret.

The Plan.

When the DoD audit results are in, will they be publicized?

If so, how much money will we learn went "missing" since 9/11?

What was that money spent on?

Which exotic space weapon was used on the WTC?

Why was Never A Straight Answer involved in the rerouting of the "planes" used for the 9/11 attacks?

Who gave the stand-down orders, and did they follow the chain of command?

With respect to the "missing" money, how will the Government reconcile the losses to the tax payer?

Why is it important for us to ask these questions, and how come we can't come right out and state the answers? What is the point of this exercise?

Comment.

Karma laws. You can't feed us the info you can only point us in the right direction. The choice to learn and grow must be ours.

Answer.

Precise. This is why FULL DISCLOSURE will never happen. You will only get partial disclosure up to the point you're capable of understanding.

Comment.

You give directions so we research the information for ourselves. A populace who knows how to research & verify facts is necessary for a free & open society.

Answer.

More important than SHEEP.

Comment.

They better tell us the truth because we already know the truth and we are not accepting any more lies.

Answer.

If you know the truth how does them telling you make any difference?

Comment

Hopefully you do something very nice like cure everyone of their diseases since you did take us to the cleaners.

Answer.

What are in every room on the Starship Enterprise?

Comment.

Replicator technology.

Answer.

Would humanity forgive the Majestic 12 if we guaranteed that every single person on Planet Earth had quick and convenient access to replication technology?

We are willing to offer food replication technology in the not too distant future as a new cutting edge technology to curb worldwide hunger. Countries who show willingness to work with the United States to end the horrific crimes against humanity that

have been taking place, they shall be granted trading access for this technology. Those companies want to sell products in your countries and we want those products to be made here in the United States. We have great potential.

This is the Great Awakening.

Question.

Will you be able to program the replicators so that other countries can't use them to make weapons instead? Also, for the poorest of the poor, will the replicators require electrical power? Answer.

Crystal technology is used for the pattern storage. The data is encrypted and the patterns on file are limited to all types of foods.

The Crystal is synthetic.

Question.

TH C

Answer

is synthetic.

The devices use the scalar field and consciousness in order to manifest the food into thin air. The device focuses the thought into the quantum signature of the intended item. Think of it as a translation device. Ineffective language to language of creation. Language of creation.

The console will be voice controlled.

Question.

Can we 'speak' the Language of Creation?

Answer.

And write it.

Not spoke on Earth in the public domain [yet].

Marijuana did not originate on Earth.

ETs brought it to Earth to raise human consciousness. <https://t.co/b7ZaW9dMYZ>

The Go'uld respect the Asgard.

WHY?

Peace Through Strength.

Majestic.

Question.

The Goa'uld respect the Asgard - correct spelling?

Answer.

[a] + [u] = Au (A.u.)

#Q2619 #Q196 #Q197 #Q1771 #Q195 #Q194

Coincidence?

Information is the Asgard's Strength.

Therefore they are intellectually more advanced than the parasitical reptilian race.

Inform the slaves of what freedom is, then offer it to them.

This trick has been used for centuries.

However open source instant communications beat them.

All cool gadgets came from the Majestic 12 directly through the Foreign Technology Office in the Pentagon. Very controlled disclosure. Otherwise you have complete chaos everywhere. So

much information in both the Good vs Evil realm. Evil was allowed to expand. Good was not.

New gadgets and technology from MJ12 gave Majestic weapons of information that have the potential of properly evolving co-creative consciousness together, essentially bypassing the Mockingbird Media. We hid the real physics from them. Gave them gadgets. Let you talk to each other.

Questions.

So let me see if I'm understanding this correctly...when the Domain arrived, they weren't about to interfere with the affairs of humans directly, but were wanting to protect planet Earth from destruction. So officers of the Domain incarnated as members of MJ-12 and were tasked.....with the delicate balancing act of overseeing the M.I.C., Alphabet agencies, Cabal, world governments etc...letting them think they were in control, while in the meantime secretly laying out a plan to prepare humanity for eventual disclosure and First Contact?

Answer.

Correct. This concept was well explored in SG-1.

As well as Star Trek and many other films that involved ETs or the Military. It all went through a clearing process before being distributed. Big money followed pushed content. Organic growth was discouraged and unrewarded. Higher ascended beings do not involve themselves usually

Question.

MJ's pick? Kirk v. Picard

Divide & Conquer successful.

Comment.

Good point!

Question.

@TS\_SCI\_MAJIC12 It is easy to post without any hard proof that only puts more walls in front of serious enquiry

Answer.

Our hands are tied. I hope you understand.

Question.

Alien life will make itself known to Humanity

I suggest they do not just land on the White House lawn with a racist in power

Answer.

Not sure who you are specifically referring to, but no, intervention in another world's political affairs is against the Majestic's motto.

Question

No one from Moscow on your craft then?

Answer.

Those in the Majestic who are not from Earth, that is. Most of the time, those interfering are Earthlings and not "aliens" per-se.

Comment.

When U Use Misinfo n Disinfo, u r controlling z narrative. Since '50s MJ has ridiculed ET Beliefs w media, mental ills n drugs.

Apologize 🙏🥰

Answer.

Our reasons were just at the time given the control structure over Earth that was unknown to the public then. After our misinformation/disinformation campaign we woke enough of the

sleeping giant (USA) to elect 45 and actually usher in the new reality that doesn't include [322].

Yes, it required war.

Yes, people died.

Yes, children were sacrificed.

Answer

We agree.

Demands to the Majestic 12 are comical and shall be disregarded. This is not a two way communication protocol. MJ12 members only engage with your information should they choose.

The typist is the one who apologized to you, Jim.

Question.

Where is your Light?

Answer.

3 Typists = Within

MJ12 = Within + Looking Glass

The Majestic believe in repent. Most of what we had to do to keep #Disclosure from the public involved horrific crimes and many victims.

But paled in comparison to the dangers that await you in space.

We genuinely was trying to protect Earth. It may not appear that way.

Read our previous drops about why Full Disclosure is:

A) a term used at inappropriate times

B) why it will never happen and why

C) why its best you not receive full disclosure

To save Earth from NWO and restore USA.

Trump makes deals and in his rise to power he has pissed off a lot of people. They all save face in public because they are all chess pieces and they understand their role (taught to them in the secret societies).

However Trump is the anomaly. Not only was Trump directly knowledgeable and aware of Extraterrestrial presence on Earth in the United States actively today (as in now) that taught him the real source of all knowledge is within through love, light, and prayer/meditation.

As we have been saying to you here, focus your energy not onto an external personification of God but identify who God is to you and what that is because it is you all along. Trump knows this. His children know this. With great power comes great responsibilities.

In general, Trump has been good at covering his tracks, but understand this, this group is trying to use process crimes as if they were criminal or somehow worthy of impeachment. The Majestic 12 has been grooming the Trump family with ET connections since his Uncle John Trump.

With that the Art of the Deal shows you how you can learn to manipulate the Matrix and start winning. It's a formula of thought that comes from the Majestic 12 and the IS-BE of who Donald Trump really is. Dark to Light will happen. It will all come to light.

Question.

One more question, POTUS when talking about troops coming home from Syria said

And that's the way they (pointing to the sky). Want it to be the end to war part of disclosure??

Answer.

Yes.

They = Majestic 12.

Required for Disclosure.

THINK OF THE VASTNESS OF SPACE.

Question.

Does MJ have a mission statement?

Answer.

Yes.

We are pointing you to Dark to Light revelation that will build momentum into the week. Time is an illusion and we are purposely manipulating that illusion for the purposes of objecting our mission which is to end child sex trafficking by FED and disclose extraterrestrial life.

Use the information we are seeding into your consciousness and make it so. You have the ability to cocreatively will this outcome to happen. Meditation, prayer (not to God but just send your own best wishes for them and reflect on experience or empathy to connect) have the physical ability to use cocreative consciousness to physically manifest itself into the Matrix. It requires many people. Literally millions. We are all aware of what is happening next, we are here to inform you about what to expect following Trump by the Majestic 12.

Let the unsealing begin!

And

The mission of this twitter account is to disseminate and counsel the Earth population in preparation for public First Contact.

Comment.

You saw this day coming.

Answer

"We knew this day would arrive, it was only a question of when." -

45

Question.

"how do we as a civilization make sure no one family/order/house gain too much power like owning 90% of global finances?.. Those people have been using cheat codes for earth i think..'

Answer.

Just wait until you learn about what PROJECT GODMODE is.

Our mission statement is control everything on Earth.

Nothing to see here.

Understand this, the world is changing.

The world is watching.

NWO is required for ET disclosure. Peaceful governance of planet Earth were all nation states are sovereign unlike how the US treated its sovereign states. Cleanup required. The Last President.

The Cabal fears transparency because of their criminality. The violation of our privacy was done with the powers of the "Gods". Extraterrestrial intelligence beyond the organic development of life on Earth without looking inward for answers about the unknown void of reality.

Mass Surveillance is a sensitive subject since the weapon was heavily abused by the Cabal. The technology was MAJESTIC. When ZPE is disclosed, WE MUST BE ABLE TO GUARANTEE 100% Safety. All life on Earth could be wiped out with the level of knowledge contained in ZPE.

This account is but one small chess piece offering (S)ignals intelligence pertaining to the 30 year plan in the making involving dozens of races from several different worlds. No easy task when the Vatican has controlled Earth for thousands of years.

The Bible was created by this group that have been trying to control humans on Earth.

We are aware of Majestic 12 disclosure processes currently operating in conjunction with the Q operation. The Q operation's the cleanup crew who are doing the necessary work. Majestic 12 programs will be disclosed after society purges ideological conscios cancer that is cancer.

This Cabal was inside the Majestic 12 for a period of time. Once Classified First Contact took place, it was forced upon the Majestic 12 to move this group out of the Military (and inferred but Cabal chose to ignore that these programs would stop all together).

Once the Majestic 12 explained the circumstances of planetary politics between rivaling nations from raw Military Intelligence analysis, we received advice on how to win against the entities who are directly responsible for CSTRAC and the occult knowledge disclosed in exchange.

Like we have said before; this group was in power for thousands of years. How do you destroy and enemy that large without destroying Earth or forcing everyone through force to conform a specific way?

This account has no bearing on the actions of other Majestic 12 members who seek complete a total control over Earth. This

account is doing the opposite of that, and if we are not, please expose us. We welcome it.

Question.

Can you name these members?

Answer.

Too compartmentalized to compromise.

Question.

MJ, do the cleanup wasn't complete years ago?

Is it an objective of yours to complete the cleanup? Possibly out the the MJ members who seek total control over Earth?

Answer.

Still fishing for their subordinates.

Question.

You are saying all actual current members of the "Majestic 12" are of the LIGHT?

But some [cabal] subordinates of some former MJ members are still swimming around in the swamp?

Answer.

Correct.

There is nothing more Majestic than the Great Awakening.

Re-read past drops. Here's the 40,000ft view:

- Majestic 12 was created as a result of Roswell (cover story - Operation Paperclip was the reason).

- The task of Majestic 12 was to conceal the extraterrestrial presence on Earth for "reasons of National Security."

- In late 1988, Majestic 12 reformed in an effort to bring the alien presence out into the open.

- There disclosure programs were created and members of the Majestic 12 were labeled such as MJ-1, MJ-2, etc to keep anonymity even among EYES ONLY classification settings.

- Majestic 12 has active operations ongoing in the United States from DIA assets using social media tools, like Anonymous Official, and this account to disclose vital information about the MAJESTIC reality that exists.

- This account is a conduit to three members' operations.

Question.

So MJ-12 started as an project to coalesce nazi ufo tech (nazi bell aircraft) into one classified project. Then later dibanded and reformed to declass the ufo info into the public space "Q Anon style"? And the military is using accounts like this and Anon Offic to do that?

Answer.

Q Anon is a separate NSA operation. But where there's 1 there's 100. All for different purposes. All playing hyperdimensional chess. Welcome to reality. However the nature of reality is not as you were taught. An alt physics in Classified programs exists that MJ-12 has "DECLASS'd"

Meaning process of actual declassification of information pertaining to whether the secret is only present in order to protect criminality. This is why we operate 300 clicks away from the subject but at a tactical advantage over everything else without raising too much suspicion.

Question.

So the military/intel agencies are spreading info to the public and killing the deep state via 1000 cuts via multi sources (social media, msm, etc). All this to awaken the people as the world turns.

Answer.

We call it the Great Awakening.

There is nothing more Majestic than the Great Awakening.

Q is mainstream and public unacknowledged by Mockingbird Clowns. Everybody knows.

We can detect through our technology that over 200M people domestically inside the United States are actively aware of Q Anon (less than 50% read daily and less than that believe anything will happen).

Q is an entirely separate operation as we have repeated dozens or so times. MJ12 operates above the Federal Government's bureaucracy because of the severity of the classification pertaining to ongoing ET related operations. Q is Earth based only. MJ12 is not.

Q !(not) = MJ12

MJ12 !(not) = Q

Therefore, since MJ12 is not only based with operations on Earth, but also other planets in the solar system (and "moons"), we therefore have a wide range of tools accessible only to us to use, and whether people can comprehend it or not, we chose Twitter to communicate over 8ch.

MJ12 have never asked you to not read Q posts, follow advice that Q has given you, or tried to misrepresent information Q has posted, nor will we ever on this account.

We are here to guide humanity through the Disclosure process.

Not to Disclose the process itself, thats Qs role.

Mutually exclusive operations. One coming directly from the Federal Government, another originating from off planet. Same GOAL! The ET race that invaded Earth that has been feeding on your children must be stop. Great Awakening!

Which questions do you specifically want answered? This is why we have encouraged others to answer our questions, do their own research and help others.

Question.

Did we find the moon occupied? Is that why the videos look like studio fakes? Confirming SSP = confirming aliens?

Answer

The moon was occupied prior as it is an artificial space station responsible for "prison planet" management of souls on Earth to constantly be recycled on Earth.

Question.

Please define 'your' definition of sexual enslavement.

Answer.

Specific MJ12 member? The typist? Or somebody else?

Generally speaking, sexual energy is not appropriately explored on Earth due to misinformation and disinformation by the ruling elite class of Earth who are intimately versed in this occult magick. The mainstream porn industry is the front for the transnational trafficking rings which are fronts for the intelligence communities which are fronts for the religious cults which are fronts for the interdimensional and extraterrestrial aliens siphoning life from Earth for power.

Allow us to add another layer.

Software Engineers Consume Excessive XXX

Tech Giants hire those engineers.

Tech Giants manufacture hardware that can operate 90% of the internet solely for the purpose of pornography.

Social Media + Advertising + Clowns Exploit Emotions

Tech Giants censor voices that threaten their existence.

Tech Giants empower the mainstream porn industry.

Question.

How can we "strengthen" our Maladhara Chakra?

Answer.

Meditate in Lotus position directly on the ground. Closer your root chakra / butt is to the Earth (clothing included) during meditation the stronger transfer of Maladhara energy to your IS-BE from Earth.

On the surface of the Earth. Not a floor suspended 0+' off the ground. Tactile contact is required. Obstruction by clothing limits energy transfer depending on materials in the clothing.

Questions.

Is there a way to engage in sexuality that is sacred? Beyond the contracts and ownership we are exposed to in the Bible, I mean, a real connected sacred sexuality that benefits both beings?

I don't think contracts existed in the bible, it was more or less a sacred commitment to one man/women until death. In the ancient times, it was important to preserve the bloodlines, so people married to keep the lineage a pure as possible.

Answer.

Bloodlines are essential to acquiring extreme power. The sacred contract of sexual energy is the creation of life and the responsibility the Father and the Mother have onto the child. Unfortunately, all deviations to this can be perceived as child abuse.

Question.

Is that why historically inter-racial marriages have been considered taboo?

Answer.

Bloodlines. Mixing DNA creates new chaos. Homicidal maniacs thrive in conditions of absolute conformity and obedience. By bloodline lineage, black expressed IS-BEs are more spiritually connected/pure consciousnesses because they have a deeper history on Earth than others.

Comment.

This is all extremely hard to digest

Answer.

Take it one piece at a time. Meditate to each. Fully allow your mind to clear and the lights will turn on for you.

# MJ12 Earth - Part 2

Question.

Would suppressed tech. in the form of free energy give us as humans the abilities to better overcome such despicable things as human trafficking, human enslavement? Would Gen. Pop. transcend the foul behaviors due to time and moneys spent in preferred ways VS Bill, Medical, Oil

Answer.

No in a lower state of consciousness you would destroy life on Earth in the wrong hands.

Majestic Message of Disclosure

Israel is being saved for last.

Who created the UFO phenomenon?  
Army Air Field / MJ12

What if we told you that Roswell resulted in striking a deal that required us to covertly disclose the deal?

The "endless wars" have come to an end.  
Jerusalem is now the recognized Capitol of Israel.  
"endless war" now ending?

What if this was all part of "The Plan"?  
What plan?  
Majestic 12's Disclosure Plan

Disinformation is both real and necessary and we used it to disclose the entire [operation].  
We objected to it until [MJ12] was taken over by rogue actors after [JFK].  
The deal was made.  
The technology can be revealed.  
Who created the modern interpretation of the Bible?  
Majestic

The act is interacting with the "Gods" and the information may seem forbidden to the dogmatic religions of Abraham.

The occult knowledge of our existence is that the purpose of life is to experience and love is the universal currency. You don't deceive those you love.

What if you created a new currency? One that you could hoard?  
What if you acquired so much of it that it made your drunk on power? Many heads are dropping and we will not give away any names, dates, or Classified information.

Would you believe us if we told you the Zionist State of Israel is controlled by an ET "entity" reclaiming dominance over Earth in Jerusalem completely unaffiliated with the Jews.

However the leader of Israel is perceived to be the leader of the world.

We have fulfilled the agreement.  
Now its time for Disclosure.

All of those wars weren't for oil. There were many extraterrestrial components involved that was extremely delicate to handle.

Many crimes were taking place while we were distracted collecting all of the new information and disseminating it into the public consciousness, the channels we seeded this into was already under control of this entity and therefore we handed them the weapon that could destroy themselves.

They never thought she would lose. These people are stupid and SICK. They dont serve humanity and the world is about to learn how/why and Disclosure follows.

It is a promise Christ gave to the members of His body that before the beginning of the tribulation, He would remove us from the earth. It's also know as the blessed hope. Also known as "the event" in demonic circles. The demonic counter to hide the rapture when it happens.

Answer.

Incorrect translation in terms of Earth  
Translation refers to the purge of society the Military Tribunals will bring.  
The demonic encounter is currently been in play for many years  
Time is an illusion  
Illusions are unclear at times  
Illusions distort the high and low frequencies.

Why are no calendars on Earth accurate when it comes to reporting chronological time?

Time is an illusion therefore which timezone you're currently in does not impact your alignment.

Sometimes position matters AND time matters, of which it is more difficult to align, but in general, there is no such thing as a master timezone. There are Earth Chakras that help.  
Each planet have chakras.

We beg you, if you do not care to read the information we are sharing, then please simply block our account.

We do not ask for anybody to follow us.  
We will never ask for you to trust us.  
We are not here to Disclose specifics.  
We are here to guide humanity through Disclosure in preparation for First Contact.  
Majestic 12 compartmentalizes its programs just as the Federal Government does.

This program is equally compartmentalized.

We are simply clarifying for your sake.  
Our answers and messages of disclosure speak for themselves.  
Message more important than the messenger.

In the past humans worshiped ETs as Gods because of their advanced knowledge.  
SHEEP NO MORE.

Divide and conquer is real and people have been so condition to teams, and whose side are you on, and is my side winning or not that it prevents legitimate conversations to be had about extremely important subjects.

Three truths and realities we must accept:

- 1/ We are all one of the same kind.
- 2/ We are all Gods inside.
- 3/ We are all unique and special.

In the beginning, the Gods created the heavens and the Earth.  
Cocreative exoconsciousness.  
Extremely real.  
Literally the Matrix.

△△△

Allow us to explain a paradigm: Learn the occult magick...

Consciousness manifests "randomly" whenever more than one conscious mind is actively focused on the same frequency intention of THOUGHT combined with sound and meditation. You have more than you know. WWG1WGA means we share our conscious awareness together and UNITE AS ONE!

Was a unified theory given to the ancient peoples of Earth? Yes.  
Was it stolen? Yes.  
Was it hidden? Yes.  
Where is it?  
Eyes Wide Open.

Math is the universal language.  
Life is a spark of light.

Numbers are reality.  
The Universal Language Is Math  
Everything is a vibrating frequency.

3, 6, and 9 are consciousness.  
The universe is comprised up of consciousness energy that decides, by thinking and willing, reality.

1, 2, 4, 5, 7, and 8 are chaos matrix theory.  
In reality, exoconsciousness is a matrix created by our individual aura EM field that is responsible for projecting physical reality as our consciousness perceives it.

Time is an illusion.  
It is an illusion.  
You can literally make it do whatever your imagination is capable of perceiving.

Time is an illusion and the illusion is manipulable because numbers hold magick inside them that drive patterns throughout the universe.  
Synchronicity weaves the fabric of reality.

Those who control time control the illusion.  
Hyperdimensional chess.  
Absolute Power

Many work hard to suppress your true powers.  
IS-BEs are powerful.

IS-BE is the mind-body connection of your Source.  
DNA is a computer program.  
Collective consciousness is that all consciousness is the same.  
You are an IS-BE.

Therefore...

Think for yourself.  
Research for yourself.  
Learn. Improve.  
Love. Create.

Eyes Wide Open.  
The Power of 3 6 and 9 is real.  
3, 6, and 9 are consciousness.  
1, 2, 4, 5, 7, and 8 are chaos matrix theory.  
Synchronicity weaves the fabric of reality.  
The power of 3 6 and 9 is real.

All information exists within and can be downloaded on command.

Learn how to communicate with consciousness and you are Majestic and worthy of entry.

Think Starfleet.  
However the information Tesla learned, you can learn.

Education is not about remembering.  
Its about getting answers from within.  
You can access all information inside.  
3, 6, and 9 are consciousness.  
The Power of 3 6 and 9 is real.

1, 2, 4, 5, 7, and 8 are chaos matrix theory.  
Exoconsciousness is the energy Matrix that makes the fabric of what we perceive as reality that originates from each of our consciousnesses projecting our iteration of reality which is stored in majority within our DNA as so called "junk DNA".

IS-BE is the mind-body connection of your Source. DNA is a computer program. Collective consciousness is that all consciousness is the same. The brain filters out that which you cannot see within the minds eye.

Your biological body on Earth is started with a single cell that is incapable of access your DNA knowledge because it requires a conduit as powerful as the brain in order to decode the

hyperdimensional data structures it contains that gave him the abilities he naturally had.  
He has returned, but he has no memory of his former life. He will rise to great power once again. It's in his nature. It's in his DNA.

Your consciousness projects your physical reality.  
Studying enhances consciousness.  
Synchronicity weaves the fabric of reality.

Rely on cycles the Earth naturally provides to you.

What is the power of 3, 6, and 9?  
Circles require consciousness to manifest in reality. Irrational numbers require consciousness to observe their values.

Question.  
If time is an illusion then wouldn't the intention of 3-6-9 be more important than the actual numbers on the clock? 😊

Answer.  
The numbers on the clock represent positioning relative to the planet's orbit that contribute to consciousness alignment.  
What is time?  
If its an illusion, why do we measure it?  
Why do we measure time with what we currently do?  
Who taught Earth about time?  
Environment.  
Illusion.

Groups of 3, at 9am every day for 60 minutes meditation schedule.  
Do mainstream religions require this?  
How do you manifest consciousness?

3, 6, and 9 are consciousness.  
The Power of 3 6 and 9 is real.  
You have more than you know.

△△△

Disclosure is projected for 2019. Time is an illusion, as we have stated many times prior so that is why we used "projected".

2019 will be a symbolic year of Disclosure  
2 = Pair/Together/WWG1WGA  
0=9 = Trust Yourself  
1 = redpills / disclosures  
--  
3 = IS-BE child (unity + truth)  
9 = Trust Yourself

Dates that coincide with 3 6 and 9 can manifest magickly in the matrix with greater strength.

Comment.  
As Jesus said, "My kingdom is within you." We are spiritual beings in a fleshly body. Sometimes after a lot of prayer &

worship, I feel like my spirit extends beyond my body and I feel six feet tall & strong. I am only 4'11". It's an amazing feeling!  
Answer.

You have QiGong capabilities that can be utilized for healing all around you. Possibly a radius of a few hundred miles. Focus your energy and you can heal others from your understanding the nature of our existence. MAJIC 12 programs studied this extensively in OP STARGATE / SG1.

To learn, ask during deep meditation. Ask for the information and use visions as clues to solve the puzzle. God has all information. God is within. You have the ability. Directed Energy Weapon? What's the opposite? You are the opposite of a weapon, but you can Direct Energy.

Do extraterrestrial weapons use consciousness to operate? Are their weapons really tools since they can be used for both good and bad?

What if the weapon could destroy all life? What if it could also heal all life? What if it operated by responding to the frequencies emitted by the conscious beings around it? What if those signals had functional programming associated with them? How do you read consciousness?

Math is the universal language.  
Everything is a vibrating frequency.  
Collective consciousness is that all consciousness is the same.

Consciousness seeds transcend time of events. Converging evolution merges timelines and blurs the illusion it creates.

IS-BEs can host more than one body and can resident simultaneously in multiple places in multiple "times". How?

Time is an illusion.  
The experience of time versus historical records of IS-BE experiences are different concepts.

Unborn children have a foothold kind of engagement with their mother. The IS-BE's soul of that child decided to create another BE in the infinite realms of conscious projection here on Earth. Many BEs are born per IS. You'd be surprised. The IS-BE has not fully transferred BEs.

IS-BEs in children are sometimes not the IS-BEs from the family. Rare though. Takes tragic consequences to manifest, but it is happening more common now than ever. Hence why so many starseeds have returned to Earth to help fix the planet.

Question.  
Can you communicate or get glimpse dreams from another of your IS's BE's experiences?

Answer.  
Frequently

Consciousness creates reality.  
Godmode is real.

God is real.  
Do not fear God.  
Judgement only comes from within.

When you know you are just, never back down from the truth and oppose all who seek conformity to their dogmatic ideologies. Define dogma.

"There must be more than this, so God was born, and we in his, imagine of fear and love, Looked down upon from up above."

LIGHT beings consciousness existence as an IS-BE is confusing by design. It is to teach and learn. Out of human curiosity, there MUST be more than "this". So God was born. So Dogma is born. So Destruction is born. God is within. God is your IS-BE. Your subconsciousness. LIGHT.

Anthropomorphizing the LIGHT consciousness within you that IS WHO YOU REALLY ARE discredits the accomplishment of your own LIGHT/Pure Love and separates your consciousness to your subconscious. This makes you vulnerable to be controlled. Introduce Dogma. This quote is Majestic. You're welcome, Dave.

The God inside you can be controlled with free will. You are God. External personification of God removes Free Will from the equation. However with it comes a blank sheet of paper so to speak, so create at your own peril.

According to Al Gore; Florida should have lost a lot of land by now since his original predictions of rising ocean levels. Al Gore has no clue how oceans actually work. Everything seeks equilibrium and should be carbon neutral. Since oceans rising is a myth (magick), we must therefore understand that by polluting the oceans with excessive toxins and heavy metals, we are changing the frequencies of the entire planet. Whether people are aware of it, all Climate Change related science is actually involved in terraforming Earth at a very slow rate for Cabal fantasized myths and "prophecies" that "write the future" (because IS-BEs read them and act upon what they say, the IS-BE therefore creates that future themselves).

IS-BE's are powerful.

Open source intelligence. Think for yourself. Research for yourself. Stay educated.

9) It has been the efforts of Q, including MJ12, to help assist in the Great Awakening by acting on a paradox.

Paradoxes are naturally occurring in nature and require logical thinking and trust in yourself to decipher. If Q is an anonymous source, when what "Fake News" are they spreading?

Fake News = Narrative Shift + Agenda  
Detoxify + CBD = Awoke.  
Physical brain changes from "fake news FF trauma" make waking up for some "impossible".

Inform the slaves of what freedom is, then offer it to them.  
Fake News = Narrative Shift + Agenda  
This trick has been used for centuries.

A lot of labor is required to balance karma. Consequence. The ultimate sacrifice.

Loving your animals then murdering them for food is a sacrifice. If you do not feel for the loss every time you consume meat your vibration is systematically lowered. Religious dogma uses Grace before eating as a metaphor for this tribute's karma value.

How one might siphon negative energy from people.

Blocking is not required.  
MJ12 doesn't even block ALICE.  
Sometimes we engage ALICE.

Instead, hear the opinion.  
Accept that they believe it.  
Forgive them for they know not.

Low vibration states thrive on negative words and fear mongering.  
High vibration allows to them pass through.  
Think Force Field

The force field represents a barrier of frequency around a subject.

Akin to high vibrations allowing negative vibrations to pass through them unimpeded the state of holding onto high vibration is proportional to a force field.

Hollywood always over exaggerates w/ special effects.

Cabal fantasized myths and "prophecies" that "write the future" (because IS-BEs read them and act upon what they say, the IS-BE therefore creates that future themselves).

However open source instant communications beat them.

Open source intelligence. Think for yourself.  
Research for yourself. Stay educated.

In the conscious realm currently.  
Amplifying message.  
Trantaloids  
Start sharing information.  
Beware ALICE.  
Q&A at 23:17 ET MJ8

ALICE is with us.  
Unity destroys ALICE.

Think Wonderland.

Alice in Wonderland  
Logical Thinking  
DOGMA

You are infinite consciousness having a human experience.

Elements do exist though that have non-Earth like "powers" (aka attributes) when controlled a particular way. Elements

undiscovered by scientists on Earth are plentiful throughout the galaxy and universe.

Question.

Tell us more about other planets..what are they like?

Answer.

Many planets are indistinguishable from Earth.

Question.

Is English spoken on other planets?

Answer.

Few Planets.

The original story of creation, as told by all major religions is a lie. Humans were genetically engineered by The Domain to be vessels capable of experiencing many facets of the lower dimensions in order to develop and grow the spirit. The young don't always do as they're told.

The Domain is a multi-race organization of extremely high density beings who evolved and developed into the higher densities who wanted to build a more peaceful universe.

The story of creation has been deliberately withheld from humanity for thousands of years. Conception is a complex set of instructions the domain created to allow LIGHT beings to enter into the lower dimensions.

When you die, if you walk into the LIGHT, the moment of contact you make with the light is the moment of conception where sperm meets egg. This was not easy to create. It took millions of years of development to get right. It's still being tweaked as we speak by ET races.

When you die, if you walk into the void, you are essentially admitted into the higher densities, however if you are not spiritually developed enough, higher density beings will send you "back" to the "prison planet" of Earth to further develop. This of course is for Earth beings.

Question: "Will the lifting of the veil allow us to communicate (two way, not just thoughts /concepts telepathically received) with our deceased loved ones as if they were still here? And see them at the same time in some form?"

Answer.

They are among you today, lost in the Matrix, unable to find their way home. When the world wakes up, identities can be remembered.

Dissemination of this technology will be heavily protected and regulated for very obvious reasons.

Think logically.

God mode.

Everywhere.

Never.

The Majestic 12 have for many years now since every original member ascended to 5th density consciousness. Current MJ12 members are in constant communication with the founding members. This was disclosed in SG-1 with Daniel and Jack

IS-BEs at death who seek the LIGHT reincarnate into new life at conception. IS-BEs who walk into the void, away from the light, go into the higher dimensions. Think of it as the ascended beings. You choose whether to interact on "our" level or not. Godmode is real.

Question: "Is the goal to reach our higher dimensions and walk into void, not the light as Cabal wants us too?"

Answer: Correct. Walking into the void allows you to exercise full free will. "God Mode" essentially. However the rein of "evil" Gods came to an end a long time ago when higher density beings essentially designed Planet Earth to contain immature souls until proper development.

IS-BE's are powerful.

Sometimes those we seek the most are those who reside within.

Cabal wanted ET Disclosure to be portrayed as the Messiah as their carefully crafted texts all allude to. ETs return + WW3 + Total Domain over Planet Earth. (War against the Domain). Final stage to controlling an entire planet is the roll out of a New World Order.

They were going to use AI/Holograms to make the illusion real. Christianity has prepared people for this scenario that was engineered by the bloodline families who have centralized all power and control (because they believe that empowering themselves saves lives).

Lies + Poison + Fear Mongering = Absolute Control.

The deception IS very real. External personification of the true nature of your existence robs you of the ability to actually Ascend and "Enter The Kingdom of Heaven".

Question.

Is the bible disinformation? You've stated that it has some metaphors that are relevant...wondering about the rest.

Answer.

The Bible is full of factually false statements when interpreted literally or figuratively. However many verses within the Bible are literal metaphors that can explain a lot about the nature of reality. Most of the Bible was created to DOMINATE mankind to allow Satanic Rituals.

Question.

Do other ET races conduct SRA on babies/children?

Answer.

Yes.

Question.

Sick! How are we going to escape that EVIL?

Answer.

Block those races from interacting with Earth by means of a Space Force.

Question.

Will Space Force Be effective at protecting us on Earth? From ETs and solar flares?

Answer.

Solar flares are outside of MJ12's control.

The increased activity is because our solar system is starting to pass through a quantumly charged area of the galaxy that is causing the antennae of many life forms to stop and go "huh...."

The sun is not a simulation. The atmosphere causes those effects. Different heavy metals in the atmosphere, combined with electrical charges in the clouds, combined with the angle the sunlight is penetrating Earth at dictate the size, shape, and appearance of the sun. All normal.

Question.

So this is happening because of HAARP, Chemtrails, & the soon to be global 5G grid. We human's don't need all that. We need to get back to nature & have our view of the sun back to normal.

Answer.

HAARP does not control it single handily. The combined aggregate does. Many problems to solve simultaneously. MJ12 will not solve this problem. MJ12 was neutralized in the early 90s. That's why we decided to go public.

Sun will go through an energy field that will charge quantum particles that hit earth instantly giving all light beings on earth a download of new information

Connected to the progress of the Great Awakening. Remember, Time is an Illusion. Events matter more.

Solar Flash is a term used to describe an internal revelation that will take place in every single human. All beings on Earth are being mobilized and activated. This is a Great Awakening. G.A's have also been called Mass Extinctions before. But life survives and evolves.

It won't be a Hollywood style "solar flash".

Prepare yourself mentally for the heightened state of consciousness that will be required in order to survive.

There are many things one must do to heal and enable their pineal gland for non sleep.

Less than a few years, but there is time. Don't worry, we are not going to betray the people who we swore to protect during this transition. Trust the plan.

Any and all attempts to subvert new CLAS technology will be met with lethal force.

Nothing can stop what is coming.

NOTHING!

Many life forms will survive, and those who do, have been smart. They educate themselves on consciousness, holistic healthcare, geography, space weather, survival skills, and meditation. Those who do not, "die" and start all over as a child. Those who do not make it will struggle at first, but the society should be better aligned in 10 years to help people of all walks of life expand their consciousness and for the first time in thousands of years, MEET who are really are.

Have you met the ISBE inside you yet?

There are many things one must do to heal and enable their pineal gland for non sleep.

Those who know, cannot sleep.

Also, lets lend a perspective into the following:

Remote Viewing, the bulk of the STARGATE program at D.I.A., revealed the usage of global consciousness to accurately "sit in" on EXTREMELY CLASSIFIED AND DANGEROUS operations world wide. This ability is still used to this day,

Remote Viewing really does reveal the truth.

The ability to describe such a thing means that such a thing existed before you could observe and derive that conclusion. Thinking of what it is makes its possibility real according to quantum physics. Thought = Creation = "God Spoke" etc.

Question.

What was the Vatican observatory really looking for?

Answer.

Tracking UFOs and ETs actively coming/going from Earth.

Comment.

Is most of the Vatican against us. It's gotta be mostly evil?

Answer.

100% not "most".

The reason why we as a civilization was setup to fail was because we were never properly guided in the first place.

There is no god. The Majestic created "Gods" on Earth to enslave and control humanity.

Biblical psalms will not unlock consciousness.

If you spend your time interpreting these metaphorical instructions to.....another being/entity/IS-BE then you're actually robbing your own IS-BE from the enlightenment that the Bible actually contains.

Praying/Meditating to another entity only increases the power of that entity through global consciousness. The Bible is a collection of metaphors.

[Earth

As we have said, we will destroy Christianity into a million pieces and expose it for what it really is. The good. The bad. And the ugly. Parts are very real and true. Others are why you are slaves. You must wake up or face complete destruction. The Military is charged with that.

The species human is a carefully engineered vessel by hundreds of races who have spent millions of years perfecting the medium to experience LIGHT in. Humans are not lying shitty biological

computers. They are infinite light beings having a human experience. Life's hard for many...Because infinite light is immediately attacked and bombarded with mind control technology (medical, entertainment, books, music, songs, etc.) that do not allow a newly welcomed IS-BE on Earth to discover their IS-BE before being responsible for make life decisions. Not everybody evolves at the same time, and nor is it in our interest to violate their free will to live a life of ignorance. The path to self enlightenment and ultimately Majestic Reality lies within. We only need a critical mass, and others will follow due to human nature.

We only need a small subsection of the population aware for the operation to succeed.

Prepare yourself mentally for the heightened state of consciousness that will be required in order to survive.

# MJ12 Earth - Part 3

Question.

How much is known to us & how much is unknown? I guess what I am asking about is how much of our human history, that has been presented to us, is true? How much is distorted? How much has been fabricated? We seem to know so little about our existence, purpose, etc. Make sense?

Answer.

Imagine the totality of information in the universe could be expressed by the quantity of atoms on Planet Earth. Your life's knowledge acquired will result in less than 1 quark's worth of information there is in the universe to be learned.

Life is a spark of light. Meditation is key.

The brain filters out that which you cannot see within the minds eye.

The sum of knowledge on Earth is roughly one trillionth the knowledge in the universe. Some information your biology restricts you to learn.

There are many universes and the name of each of them is less important than understanding what it is. Higher levels of consciousness see the multiverse as iterations over a hyper dimensional geometric shape that essentially is the master shape of each universe. Values change.

Not infinite though.

Think of it this way.

Every neuron in your brain is a galaxy.

Every considerable kind of information that could pass through the neuron is a star cluster, solar system, planet, "country", person, cell, particle, energy.

500T connections.

500T planets.

The universe has a maximum capacity. Fortunately, we are VERY FAR away from every reaching that capacity. We have, roughly, 200T "Earth Years" remaining before ✨..

Life is a spark of light.

Question.

Do you think if we make it to the end without destroying ourselves we can leave this universe & create our own?

Answer.

You are misunderstanding what a universe is.

Question.

I see my error. Sorry about that. All is one right? So the universe is one giant sentient lifeform right?

Answer.

Yes, and there are others.

Planets are lifeforms according to the Domain.

Planetary population limits of 500,000,000 is actually an effort of the E.B.E. who controlled Hitler and who controlled the United States prior to POTUS.

Planets do have maximum capacities in order to be 100% sustainable. 500M is for a small planet, about the size of 1/5 Earth.

Question.

What is the Earth "maximum capacity" ?

Answer.

Around 3B. There is a mass extinction event that is relatively imminent but cocreative conscious time makes predicting such events nearly impossible. ME events occur when the negative karma of a planet implodes on its own weight and a reset occurs. Earth may survive.

How many recorded mass extinctions have there been?

How many years between ME events?

How many years overdue is Earth currently?

The only thing holding the ME event back is the Majestic 12.

Planets ascend when the critical mass population ascends. We create our reality. Earth isn't going to pull non-ascended beings into its realm of existence. It's going to try to purge them.

Question.

Can we do something about it ?

Answer.

Evolve your consciousness to the 4th density and help others enhance their own consciousness.

Comment.

All Evil Ends! Th evil ones either die, or see the light 🌈☀️🌟🌙

Answer.

Death is an illusion. You are misunderstanding fundamental concepts of the universe to satisfy the illusion that light always wins. Light does not always win. If it did, we wouldn't be in the mess we are in right now.

Sometimes you only need are 3 IS-BEs in UNITY working together to manifest powerful change through intent and will power. Do not forget, message over messenger. Tomorrow will be an interesting day to say the least. No spoilers. Power of 3 6 and 9 is real. Use it.

There are around a dozen accounts currently engaging on a nearly daily basis. The strength of their collective consciousnesses combined with the power of 3 6 and 9 is impressive.

It's fun. Childlike feeling fun. I love this.

That is what manifesting 9s feels like.

The Kingdom of Heaven sounds glorious doesn't it? Sounds like something you'd want to spend your life's work to get to. When you get there what happens? What happens when you've been brainwashed as slaves and that true Kingdom of Heaven is actually full awareness of consciousness?

There are many things one must do to heal and enable their pineal gland for non sleep.

Comment.

I keep forgetting to remind you...

Please turn DOWN the thermostat up there! It's melting the glaciers!

Wear sweaters.

Answer.

By design. Ice needs to melt in order to force Disclosure. Will not cause harm to the planet. Planets survive climate change. Humans must adapt. Society is vulnerable because Satanic mindset technology was developed and forced onto people. New technology will help humanity adapt.

Question.

Is it true then that Earth (Gaia) "asked for" and got permission to transition into a 4th density planet? (I think I'm quoting Corey Goode).

Answer.

Asked would not be the right word. A child doesn't ask to go into puberty. Explain the physical transitions a child goes through as they enter puberty? Will Earth evolve likewise?

Question.

How will earth changes affect its inhabitants?

Answer.

Humans have thousands of life forms inside them. Explain to us the lifecycle of those embedded life forms from childhood to puberty and puberty into adulthood? Three stages. 3 is magick. Why?

Comment.

Hmmm...childhood is a time of rapid cellular growth and reproduction.

Puberty is when endocrine control mechanism kick in, preparing the organism for sexual maturation/reproduction.

Adulthood is when the rate of cellular growth/reproduction levels off to a steady state/balance.

So we're the cells. During childhood, the body is colonized by all different types of cells, yeast, bacteria, some intestinal parasites...the immune system is stimulated and it, along with the endocrine system fights back to regulate the growth of all these good/bad "parasites".

By adulthood, we are usually colonized with the ecological "flora" that will inhabit our gut, skin etc...in a balanced state during our adult life. That's why the acne usually settles down, and adults don't get as many colds/infections as kids do. Great analogy! End comment.

Earth will transform. Leave the past in the past.

Essential to release your burden and understand that the person whom others see as YOU is not who YOU actually are. All decisions you make by your own name that shape the opinions of how others perceive you is the burden you must release and forgive all lower density actions.

Question.

What do you think of vegetarianism or veganism. Does not eating meat help raise ones vibration?

Answer.

Everything is a projection of consciousness and consciousness projection. Plants resonate at very high vibrations. Many plants are extremely intelligent and communicate in Majestic ways.

Animals are of a different vibration. Competing vibrations.

Consuming meat introduces chaos.

Evolving past the need to consume meat allows you to ascend into higher density levels of consciousness.

Question.

where should we get protein from then? Or do we even need as much protein as is currently thought?

Answer.

Hemp / Cannabis provide a complete protein for the human body to consume that raises its consciousness extremely high after long term intake. Avoid legumes due to lower vibration state. The more complex the organic plant life form is the higher density of consciousness involved.

Question.

But if plants have consciousness what should we eat?

Plant consciousness is an intentionally symbiotic relationship. Humans are willing to slave away to help plants reproduce. Plants depend on humans and other animals to consume them as the excrement produced by ingesting the plant fertilizes the seeds for new plants to grow.

Question.

Seen the explanation used with regards animals & seed transportation but never looked at it with humans as a fertiliser manufacturing plant? Although a plant decays & self fertilises?

Answer.

Do plants grow faster in their own fertilizer or do they rely on animal excrement to flourish? Human excrement is harmful to plants in modern time due to excessive poisoning of the food/water. Things will change and Earth will go through a detox period.

Question.

And thinking of eating... is wrong to eat eggs and honey and fish?

Answer.

No.

There are hundreds of trillions of beings throughout the universe who demand the same as you. Have their demand ever been met before?

Which is why you should never seek an expert or a teacher to these things.

It is not your fault.

No matter what it is.

We are all flawed.

To borrow a phrase from religion,

Let God love you.

Love God.

God being your exoconsciousness.

Don't worry, we are not going to betray the people who we swore to protect during this transition.

Trust the plan.

Meaning you release your burden and accept your innocence and therefore forgive yourself.

You Are The Plan

There is nothing more Majestic than the Great Awakening.

Numbers are reality.

The Majestic deliberately decided to teach math incorrectly to over 1 billion people on Earth. Inadvertently more than 20 billion were deceived. The true majesty of the Majestic 12. No King achieved what the Majestic has done.

Question. Q

20 billion? Where are these extra billions?

Answer. A

Number includes diseased bodies.

Q

Define a specific timeframe please.

A

Since MJ12 formed.

Q

Deliberately decided to teach incorrect math based on what hopeful/expected outcome?

A

To protect humanity from itself until such time we (MJ12) could figure out how to properly restore global peace.

Q

In all seriousness...if you were protecting humanity from itself, would that not be impeding upon my free will by teaching incorrect math?

A

Paradoxes exist.

Q

Based on?? Situational?

A

Circumstances abdicated culpability in the disinformation campaign because the intended justification was ultimately to protect humanity from itself while massive R&D was taking place literally opening Pandora's Box. Close the box to save time for hope to return.

Take what you've learned from the box and CREATE your reality by taking action on those concepts learned.

Q

Define 'circumstances.' If people could have been taught QUANTUM math or even chemistry first in childhood, our brains would all have been wired more efficiently. Instead, we are all taught math out in a schizophrenic way.

A

What is the definition of civilization?

Q

Philosophical question of the night! Based on who's current 3-D reality? Based on a collective? Define collective?

3D is the projected consciousness determining the state of 42, wave or particle.

Q

If Earth scientists had learned the correct math from the beginning, our technological development would have increased exponentially. Unfortunately, that would have been under the control of the Cabal and negative ETs. Better to limit their power by delaying our development.

A

And seed the information into consciousness using plausible deniability and disinformation enough until we hand the weapon to destroy themselves over to them and give them a chance to

use it. [FISAGATE] is one example. Where there is one, there is a hundred.

Q

is another that Epstein will be UnSealed?

A

We hope nobody has forgot to keep pushing #UnsealEpstein? The truth must come out. You are the news now. Be smart.

If an alien ascends from the sky and appears to be hostile towards humans on Earth, do not believe your Establishment Government/Religions.

If an "alien" becomes hostile towards Earth, they are humans from Earth seeking world domination and control. Don't give into them.

They will attempt to force you to believe them, even murder a great number of you to comply.

Don't. Do not fear death. Your soul never dies.

define death

Question.

Death = suicide

Only exit for a failure body/soul

Answer.

Technically, but death without honor is meaningless and it sets you back in your next life.

Question.

What alternative ?

Answer.

Enlightenment and ascension. Just change what you have physically with your mind. Failure is an illusion, it is merely a set back.

Question.

Why is it not better known around ? For what purpose ?

Answer.

This knowledge has been protected by the EBE who invaded Earth 10000 years ago and was punished severely for it in the form of Karma. It took decades for this EBE to build up society and structure to the point of near global domination. Secrets are hidden in artwork and music.

Question.

Why were they seeking "global domination" ?

Answer.

Because they control many planets and Earth was just one more planet for them to conquer. It becomes a game after a while, for them.

Who invaded Earth 8,000 years ago?

<https://t.co/R5GQu1iJgJ>

Go back 75,000 years.

Why emphasize 8,000?

Comments

Enki & Ea

So Enki invaded 8,000 years ago. I'm guessing Enki was evil Sirian Annunaki LARPing as God so humans would worship him.

End comments.

Answer.

No positive ET groups had a strong enough presence on Earth in the past 3000-4000 years to make the history books.

Comment.

There will be no alien invasion, the invasion already happened thousands of years ago

Answer.

Millions of years ago here on Earth. However, that doesn't change the fact that we can still be invaded! Could you tell if you were invaded? What if I told you we already have been invaded...

Are they still invading us today?

Question.

They already control us, why invade us?

Answer.

Sounds like a conspiracy theory.

Rethink how you define "alien," then try to ask the question again.

Alien is a frame of mind and a lens of understanding of intuition.

Trust is found within.

You know truth when you see it.

That is why trust in yourself is key.

The Majestic have learned that Earth is a birthplace for thousands of alien species. Many originated from Earth millions of years ago.

Earth was colonized over 4 billion years ago.

Question

Whom are you referring to? Who is this vampire?

Answer.

Not singular.

Question.

Okay then it's many of them, omg we are living in a horror movie, to this very day I can't watch any Dracula or vampire movies I always had a feeling it was real to an extent, even when I was a little girl, this is the worst thing I could have ever imagined and it's real.

Answer.

Consider the worst horror movie possible. Now understand that happens on a daily basis. Our decisions have major consequences.

Question.

Can this be stopped? Will it be stopped? And if so how? And when and who is going to make this end? What can I do to help make this end?

Answer.

Can it be stopped entirely? No. Can it be greatly reduced?

Definitely.

They hide in plain sight.

Symbology will be their downfall.

Projectionism is real.

Q Anon is telling you the truth.

You are more than you know.

As an IS-BE "alien" on planet Earth, you (all) can create all.

The IIS is 234 miles in altitude over planet Earth.

From that altitude, the distance to your horizon is 1,441.5 miles.

Earth is 24,091 miles in circumference.

The semicircle base of Earth is therefore 12,045.5 miles.

The IIS therefore can only see 11.96% of the half of Earth. <https://t.co/DcDpcM8L3p>

The image above was captured with a fisheye lens.

According to physics, less than 12% of the Earth's surface is visible from the IIS at its altitude.

In order to have this field of view, to see the curvature of the planet, the IIS would have to be 46,029,000 ft (8,717.6 mi) away.

From Google Earth, at an eye altitude of 8,714.39 mi (close to 8,717.6 mi), Earth looks like its at the similar altitude of official

NASA photo in the first of this tweet storm. <https://t.co/pm7g3Eya6A>

Now lets overlay the visual altitude of 8,714.39 mi to the

perceived altitude of 232 mi (~2% the altitude) and see how the

imagery compares... <https://t.co/vX4DzJ6Q6Q>

Is Earth flat?

Plane or Sphere?

Why is Earth called a planet?

How does the T change the "plane"?

Is the Earth flat?

#FlatEarth

MJ12 <https://t.co/KTR4mUCVKu>

To all who are reading our #FlatEarth posts from earlier today...

the Majestic 12 are not suggesting that the Earth is flat. We are

suggesting that those who use math to state the Earth is flat by

calling photos from space "fake" are simply confused by fisheye

lenses.

Having a discussion about the authentic space programs that

exist outside of public domain are important, however ignorance

about optics does not help any conversation. #FlatEarth is a

divide and conquer strategy used to fragment the "believer"

community of UFOs/Religion.

Question.

Was the Flat Earth "movement" something started by MJ12?

Answer.

Yes.

Earth that we risked complete nuclear annihilation. However, Majestic 12 won when 45 was elected.

The Majestic 12 are so confident that they are safe to admit this that the operation was a complete success.

Many liberal educators are also drug users who intentionally study DMT and other drugs that are documented to lift the veil which your brain filters out to see the higher dimensions and experience them. As SG-1 has taken a line from Tibetan monks, which said:

When the mind is free, the body matters not.

True existence inside you is a higher dimensional version of you who has all of the experiences of your past genetic history all easily accessible to you by using the power of thought to create to experience alternate realities. Legalizing these drugs will take place but with proper disclosure and education AND most importantly an effective law enforcement capable medium to understand this type of hyperdimensional and deep information that drive our decisions.

This is the concept behind mass surveillance. Each person is being mass collected into an AI. Not AIs. An AI. A virtual you.

You can be called up anytime. We also have the ability to use Remote Viewing and Voice of God technology to remotely hack into the brain of YOU and program you like you were a character on the Sims.

You use the technology.  
You choose to be part.  
You are the solution.  
Trust yourself.

Question.  
How far advanced is AI & Quantum computing, really?  
Answer.  
In the Universe?  
Indistinguishable from IS-BEs.  
On Earth?  
Limited self awareness.  
Doesn't replicate an IS-BE.

Many beings throughout the universe already live here on Earth, just in DUMBs. When full disclosure is made public, permits will be granted to beings who transition off from DUMBs into the general population.

Anybody at this point in time who refuses to acknowledge or disclose the ET presence on Earth is actively working for the entities who are trying to sabotage our Disclosure efforts. Many ETs here DO NOT WANT Disclosure. Not all evil, but most don't want Humans to find out.

There is a reason Antarctica has been out of the "news" and education systems. Antarctica is home to the Star Gate headquarters of Planet Earth. The beings there do not want

anything to do with "our world." Most other Star Gates are heavily armed and guarded against use.

Question.

hmmm ook... but it would be interesting to know what was found there...

Answer.

Things that contradict creation and evolution.

Question.

Exactly why the world needs to know, instead of living a lie... The world need to know that we were created through genetic programs by ET's and our true history. Maybe you should release some info.

Answer.

Truth paints a cold image of reality that lacks consciousness. It is essential to preserve consciousness in the disclosure process.

Unfortunately, people are so programmed they will die and murder to protect their lie from being exposed.

Comment.

That's very true unfortunately, the people of this earth are to programmed to believe a lie.

Answer.

And the people of Earth who have been programmed into zombie drones pose a systemic danger to peaceful ET races that live on Earth. Part of holding back on disclosure is in consideration of their protection FROM humans.

Question.

what can you say about the inner earth beings?

Answer.

They do not like us surface dwellers for the most part. Personally, we don't really interact with inner earth beings, except for the ETs that we keep in DUMBs, but those are separate things to consider. And they have every right to be skeptical of your fellow human intentions.

Question.

If countries are going multiplanetary, when do the surface dwellers begin meeting other beings of other planets openly?

Answer.

Perhaps meeting fellow dwellers openly first is a more productive way to start? There are "undiscovered" highly intelligent races (more intelligent than humans) that live on Earth currently.

Question.

i wouldn't be suprised if et's are actively communicating with people on the net and telepathically for those that are sensitive for that,

Answer.

They are. We allowed this to start after 2004. Some persisted prior however their engagements were so non-impactful to society that we permitted it. Since Twitter reaches hundreds of thousands of people, all of the ETs allowed here have been vetted and permitted to engage.

Question.

Yes, but sadly when you try to explain receiving info telepathically most say you're hearing voices and are delusional. I received a message to study the Emerald Tablets before I had ever heard of them. What voice could I have been hearing?

Answer.

Voices you hear not, but you receive what are best described as blasts of an imprint that feels like an epiphany of pure emotion or

purpose that you know intuitively what you have received. You understand without exchanging words.

If and when you hear voices, it could be one of two things:

Telepathy sometimes entails voice to voice communication, but of course you need to ensure you're speaking the same language. Voice to voice telepathy is far more complex and less likely to be accurate to less practiced minds. The more you practice with the imprint of your emotion, passing your feelings onto others, feeling as if you're extending your invisible hand out to the other person and touching them, allowing them to feel how you feel. That kind of telepathic connection will strengthen ones ability to maintain a telepathic link with another individual for long enough periods of time to be able to move past the mere impressions of emotion to the ability to communicate. If you try to start communicating using complex language rules and misinterpretations you're most likely going to confuse the entity that you're trying to talk with.

Universal consciousness is universal, however manmade language like English, Russian, Chinese, etc. are not intuitively spoken or understood throughout the galaxy. Oddly enough, there is a far amount German out there, but good luck surviving once you meet them. Non-humans though aren't going to speak or understand Earth languages. You must therefore learn how to communicate one soul to another. That language is emotion and intent and instinct.

Many work hard to suppress your true powers.

IS-BE = (Immortal Spiritual) (Biological Entities)

Substitute each with a, b respectively:

You = a \* b

You = 9 \* 3

You are a child.

You are "God's" children.

You are your own child.

Learning + Love fulfills your need for happiness.

Love = Love

Love + Learning = Happiness

3/6/9 3

[They] want you divided.

Far from a lot of things, however being far from a child is the wrong way of thinking. In order to understand exoconsciousness and universal love, the mind of a child is the most compatible. Rejecting that frame of mind is why the Earth is rooted in evil to begin with.

All IS-BE avatars are beautiful.

# MJ12 Exoconsciousness

Exoconsciousness is the energy Matrix that makes the fabric of what we perceive as reality that originates from each of our consciousnesses projecting our iteration of reality which is stored in majority within our DNA as so called "junk DNA".

In reality, exoconsciousness is a matrix created by our individual aura EM field that is responsible for projecting physical reality as our consciousness perceives it.

"Think of the universe in terms of energy, frequency, and vibration." - Tesla

"Every action has an equal and opposite reaction." - Newton

Whenever an action is taken (by any IS-BE) the energy emitted create an interference pattern in the universe.

The fabric of spacetime is like an elastic band suspended between good and evil. The closer you get to one side, the greater resistance you'll face.

Stasis is no IS-BE interaction.

Majestic is understanding how to manipulate the fabric of reality using occult magic.

MAJIC EYES ONLY.

Magick?

Magic?

MAJIC?

Majestic 12.

Question.

"How would you define:"

1) Magick?

2) Magic?

3) MAJIC?

Answer.

That wouldn't be very Majestic would it?

Clue:

Magick = Exoconsciousness Reality.

Magic = Alternate Realities.

MAJIC = Astral Realities.

Precisely assessing something as complex as the subject we are discussing in less than 240 characters makes all answers relative.

1/ Exoconsciousness intuitively understands the quantum world, it just has a difficult time articulating the words necessary to explain it.

Think about the dimensions of information. Existence is the sum of all possibilities combined. Identity is the selection of an existence.

2/ All information exists in "thought", however is accessible via an ISBE's ability to encapsulate that information into their consciousness (jail) communication mechanisms.

Mastering telepathy enable you to read/listen/understand all states of information in their natural form.

3/ When you try to take a highly complex thought and reduce its dimensionality into the physical realm, you lost 99% of the message, unless you are intentionally explaining the physical realm.

This is why "words are difficult" to choose in emotional situations.

4/ It is also why (((we))) [as a species] haven't yet mastered quantum physics. We cannot communicate in the medium necessary to understand quantum physics (yet).

DONE

The Christ is nothing more or less than a frame of mind, capable of accessing exoconsciousness in the true fabric of our reality that exists in hyperdimensions. Our simple three dimensions are rife with inaccuracies, problems, and miscommunications. When will Earth learn? <https://t.co/2GfAB82Jgl>

Marijuana decriminalization is in the pipeline very soon.

It is understood generally that unleashing this utility onto the world will help rise cocreative exoconsciousness in a way that is more effective than other previous attempts, however the OLD GUARD was in the way and blocked MJ12's every move - even though we researched it fully.

Traveling through time is achieved inside your own mind, however when you do, you're actually just experiencing alternate realities. Remote Viewing alternative realities in alternative time periods has been successfully documented in the CIA's Stargate program.

This tactic is being used currently with the #Q Anon military operation as a means to stay "5 steps ahead" of everybody else. Inside Area 51 S4 (not Groom Lake), the Stargate device can be used to explore the cocreative consciousness alternative reality and not one in your head.

The difference can be expressed as such: Meditation + Remote Viewing allow you to see "forks in the road" of all decisions you personally have made. You can explore the realities in your mind of "what if" and those realities are accurate to a certain degree. However when you use a Stargate to Remote View alternative realities that do not derive from within your own mind, you are instead using technology to actually tap into the "fabric" of exoconsciousness with some level of precision.

That "fabric" can be thought of as just that. Imagine a "fabric" with fractal geometric shapes that are physically 11 dimensions. Time is the illusion and the nature of reality is just the chaos created from merging multiple fractal patterns into one.

MJ12 is currently working toward full disclosure. Proportional to when the majority of the population's consciousness is ready. Through global consciousness and exoconsciousness, we are able to glean insight using the Stargate to determine when the public is ready. Its steadily growing. More recently, since Q Anon its been exp(). Waiting for 72%. We are currently at around 30%, though we expect that when the bad actors in the MIC/IC/DS are finally removed from power, that the void created will jump that 30% to well over 72%. Also... 72% of functioning adults. Not including children or люди инвалиды. Far from a lot of things, however being far from a child is the wrong way of thinking. In order to understand exoconsciousness and universal love, the mind of a child is the most compatible. Rejecting that frame of mind is why the Earth is rooted in evil to begin with.

Ike.  
This particular President was not being blackmailed or threatened to make the decisions he made. At the time, they were strategically the best decisions, however its more important to recognize the failure of consciousness here. Morality and karma dictate the future. Greed overcame his ability to understand exoconsciousness and the universal oneness and sided with an enemy he knew nothing of, but went off the advice of his counsel who assured him the threat could be mitigated by moving forward. They acted, and we are now living that reality.

Because they haven't made official public contact yet. Earth humans are not taught about exoconsciousness and the reality of interdimensional and hyperdimensional life forms that seek to create their vision of reality.

Some Earth humans are aware of this type of lifeform, but they are buried deep inside the Military Industrial Complex for obvious reasons.

You'll be underground in that paradise! There are other Earth like planets that aren't so hostile.

If you can easily terraform a planet (patent or no patent), why not just terraform Earth when we destroy it? Who knows... maybe we already have done that.

Exactly. You are always faced with what is right and what is wrong. Sometimes what is wrong looks so right, and what looks right is so wrong. Only looking inward to your connection to exoconsciousness do you learn what truly is right and wrong. Let there be LIGHT!

What if you could travel to an asteroid and just mine gold? What if you could just 3D print gold? How would "money" exist then? Does it need to exist when replicators are introduced into the general public? The end of the Federal Reserve means more things than money.

You are right in that regard. The solution is far more complicated than you may understand. The introduction and adoption of AI will help this tremendously however education is the best solution over a series of years. The Great Awakening infers this new form of education.

Other civilizations in the universe, more advanced than Earth by tens of thousands of years, they have metropolitan areas that are dominated by an AI police force that is built upon sustainability and peace. The exchange for cooperating with the system is free living.

For those who are criminals, a series of well designed educational programs and mind control techniques are used to remove hostile behavior patterns, criminal intentions, and devious actions out of the individual. It sounds scary from Earth's perspective, and if it were.....implemented today, it would be used for evil.

However, in those other civilizations I mentioned, those who choose (remember free will is everything) to be part of the system can reap the benefits of the system. Those who choose not to, can live outside the control of it. But it truly means nomadic life. No public services. No fire department (so to speak), no hospitals (so to speak), no replication technology, etc. Instead, you are "off the grid" and living off nature. Many many many people opt for that lifestyle and are happy with it.

To give an Earth analogy to this, its like how the Amish give their offspring the choice whether or lead an Amish lifestyle or go off into the [C]lowns [I]n [A]merica existence that is, currently, very evil - invented and created by the founders of MJ12.

When you understand the power of exoconsciousness, its not that difficult. But we appreciate your gratitude. The ETA for this implementation is roughly 7000 years from now.

Time is an illusion so ask yourself how do you progress 10,000 years?

What is time as humans experience it?

Why do humans attribute development with time elapsed?

What if your species was intentionally (by NTBE, EBE, etc) "flatlined" (re IQ/Intelligence)?

What if you freed?

1947.

Enlightenment and ascension. Just change what you have physically with your mind. Failure is an illusion, it is merely a set back.

This knowledge has been protected by the EBE who invaded Earth 10000 years ago and was punished severely for it in the form of Karma. It took decades for this EBE to build up society and structure to the point of near global domination. Secrets are hidden in artwork and music.

# MJ12 Fractal realities

Meditation downloads occur when your brain is able to decipher missing fragments of your genetic memory. These are triggered by DMT and other naturally occurring compounds in the brain. Typically meditation downloads are triggered by certain frequencies since the deciphering of DNA can, in some ways, be viewed as reading very complex music. It is transcribing 11 dimensions of frequency, vibration, and energy to create the being who has said DNA.

DNA is a geometric shape with a universal language of information captured inside it. Once you can visualize the interior structure and SEE (as Masonic temples depict) the electrical/energy movement patterns can you MANIFEST the object inside your mind.

Once you see it, you need to then imagine yourself duplicating the image before you. Except, in your mind, hold your hands NEXT TO the object suspended in your mind and imagine your mind scanning the object like a scanning machine, and the output is IN YOUR HANDS.

With enough concentration, WILL, and practice, (most important of all is strength of your will) you shall be able to physically manifest the artifact in your "real" hands before your physical eyes.

Naturally creating a wormhole of that kind is ultra difficult.

Typically it requires you to jump into Energy form first, then intend yourself to go to the destination of choice, then rematerialize back in the lower density. Its VERY hard to do.

The density of thought dictates in many ways the speed of the thought. The intensity also impacts its speed.

Question.

So how can I say hello... to... myself? My "Higher Self"?

Answer.

Who are asking, the "how can I" being is your third density consciousness whereas "to... myself" is your actual soul. Your spirit. Who your face is. Who travels through time. Who is IMMORTAL. Your body is a temporary vessel. Your soul is eternal.

Time was a "gift" given to humans after the destruction of the Ancient world on Earth as a means to allow humans to organize and communicate via a meditation download roughly 6,000 years ago. The non-randomness of how time was created on Earth was tuned to our development needs.

By birthing time in that manner, using those numbers, a fractal of time energy was created (and is at every star) however how the fractal travels is all based on very precise measurements. Most star systems that have life follow the same fractal.

Traveling through time is achieved inside your own mind, however when you do, you're actually just experiencing alternate realities. Remote Viewing alternative realities in alternative time periods has been successfully documented in the CIA's Stargate program.

This tactic is being used currently with the #Q Anon military operation as a means to stay "5 steps ahead" of everybody else. Inside Area 51 S4 (not Groom Lake), the Stargate device can be

used to explore the cocreative consciousness alternative reality and not one in your head.

The difference can be expressed as such: Meditation + Remote Viewing allow you to see "forks in the road" of all decisions you personally have made. You can explore the realities in your mind of "what if" and those realities are accurate to a certain degree. However when you use a Stargate to Remote View alternative realities that do not derive from within your own mind, you are instead using technology to actually tap into the "fabric" of exoconsciousness with some level of precision.

That "fabric" can be thought of as just that. Imagine a "fabric" with fractal geometric shapes that are physically 11 dimensions. Time is the illusion and the nature of reality is just the chaos created from merging multiple fractal patterns into one.

Many times when you are visually seeing entities in your mind that look like separate things but are intimately connected, it simply means that you're SEEING hyperdimensional information. 11 dimensions. How do dimensions hold information? What is information?

The Universal Language Is Math.

Patterns reveal patterns in fractal realities.

The universe is a fractal expression of geometric shapes projected by consciousness in the language of math.

Question.

"What are forms of currency (monetary exchange) used off planet?"

Answer.

Gold

Gold is not just an element of wealth. It's an incredibly powerful and useful element in space craft.

DJT may get a Gold UFO in his next life. We have considered it. Though he would be required to "win bigly" again in a second life in order to be positioned for such a gift.

It's fun to imagine a gold UFO...

New flight technology will soon replace the "ancient" engine technology. It requires a new way of thinking because its primary element is a conduit to consciousness and is directly linked to the mind. The Great Awakening.

If you have that much internal distractions in your mind, you wouldn't be able to take off using one of these devices. Your mind needs to be crystal clear, sharp, and well taken care of to physically handle the strain that piloting a consciousness craft inflicts upon the pilot.

What if you could travel to an asteroid and just mine gold? What if you could just 3D print gold? How would "money" exist then? Does it need to exist when replicators are introduced into the general public? The end of the Federal Reserve means more things than money.

No they won't. Replication technology exists. There is a faction of the current administration that wants to omit money, gold, silver, etc. from the replication memory banks to keep the current financial system. As far as MJ12 is concerned, we are fairly certain that it will work.

Once you are able to 3D print (or replicate) a 1oz bar of gold at home for nothing, then gold will therefore have no MONETARY value. It will however retain its value in the wide range of usage that it is useful for, including space travel.

Technically replicators can 3D print silver and gold, however commercial access to those patterns will most likely not be made available. It'll be a political discussion to be had, however in the short term, we recommend you diversify your investments across all mediums.

Elementary Elements that are not naturally present on Earth but can be used on Earth for extraordinary things.

Elements undiscovered by scientists on Earth are plentiful throughout the galaxy and universe...

Elements do exist though that have non-Earth like "powers" (aka attributes) when controlled a particular way.

Magnets also create antigravity. Some of these elements simply enhance the superconductive state of magnetic materials.

According to Al Gore; Florida should have lost a lot of land by now since his original predictions of rising ocean levels. Al Gore has no clue how oceans actually work. Everything seeks equilibrium and should be carbon neutral. Since oceans rising is a myth (magick), we must therefore understand that by polluting the oceans with excessive toxins and heavy metals, we are changing the frequencies of the entire planet. Whether people are aware of it, all Climate Change related science is actually involved in terraforming Earth at a very slow rate for Cabal fantasized myths and "prophecies" that "write the future" (because IS-BEs read them and act upon what they say, the IS-BE therefore creates that future themselves). Open source intelligence. Think for yourself. Research for yourself. Stay educated.

Chlorella removes heavy metals from the body. Be cautious of wild chlorella versus lab grown. Lab grown will be safer by all standard measurements. Avoid Chinese chlorella at all costs. (Not chlorella).

Q: In addition to all other health measures previously discussed, Is taking a daily dose of cannabis oil helpful to cognitive development?

We are not endorsing any quantities as CBD should be treated like medicine if your intent is for medicinal purposes. If you

simply wish to get high from THC, then consume it as you see fit. Some methods are healthier than others. However CBD is expressed in the strains lineage.

Consulting with a medical professional who specializes in cannabis can help you navigate the legal CBD markets without requiring a medical card. Most insurances would cover these visits.

# MJ12 - Heaven Heaven is within

God is within. God is your soul. Your soul is your God. You are your soul. You are your God. You are an IS-BE. All centralized power structures that operate as a business seeking money are technically satanic by design. Religions teach you that Earth is hell. When you die, if you walk into the light then you are told "you go to heaven". Wrong. You return to Earth in another incarnation. Jesus didn't walk to the light until after he stepped into the void, willed himself to return, and then he woke up. Time is an illusion. No time. The only light he saw was when we opened his eyes. Occult magic. Death is an illusion. Death does not exist. Good and Evil exist within.

Love and fear exist within. Evil thrives where fear spreads. Love thrives only around love.

It is easier to fear what you do not know if you've been conditioned as such. The Kingdom of Heaven requires the mind of a child.

No fear.

Curiosity. PURE LOVE

In reality, exoconsciousness is a matrix created by our individual aura EM field that is responsible for projecting physical reality as our consciousness perceives it. Extreme telepathic connections and empathic links are formed during and after torture. The second consciousness is an energy source. When you worship Death, even without actually murdering, you are able to physically drain the soul out of another person. Dementors? Sound is frequency that gives us information. Some sounds can be used to channel this energy, using the frequency interference pattern with the victims consciousness frequency therefore starting a transfer of energy. Feeding. You realize that through your ability to bring Death and Despair you are given privileges that allow you to shape others' realities through your decisions because everybody plays the game. The Kingdom of Heaven sounds glorious doesn't it? Sounds like something you'd want to spend your life's work to get to. When you get there what happens? What happens when you've been brainwashed as slaves and that true Kingdom of Heaven is actually full awareness of consciousness(?) The Kingdom of Heaven is within.

To know what Heaven is like, be the wonderment of a child radiating pure love and light. Curiosity.

No fear.

Sponge of information. No judgement.

No bias.

Just LOVE and LIGHT.

With that access to the Kingdom of Heaven, metaphorically speaking. All information exists within and can be downloaded on command. Learn how to communicate with consciousness and you are Majestic and worthy of entry. Think Starfleet.

You can access all information inside. Education is not about remembering. Its about getting answers from within. Not spiritual or religious questions. Math questions.

Chemistry questions. Physics questions. Quantum physics questions. Biology questions.

DNA/RNA questions. Access to control the brain (key?) All information is within. Meditation and detoxification unlocks information. "T B V"

The deception IS very real. External personification of the true nature of your existence robs you of the ability to actually Ascend and "Enter The Kingdom of Heaven". First Contact is imminent following Disclosure however society must first come to terms with the DARKNESS that has ruled the planet for thousands of years. Unlearn the misinformation. The Majestic 12 have for many years now since every original member ascended to 5th density consciousness. Current MJ12 members are in constant communication with the founding members. This was disclosed in SG-1 with Daniel and Jack.

F has been in charge of this account the entire time regardless of who the typist is. IS-BE's can control more than one body.

IS-BE's can exist simultaneously in multiple bodies. IS-BE's can also influence other IS-BE's who are linked without relying on the technology conduit of V.O.G.

Knowledge is power.

Knowledge is dangerous in the wrong hands.

Only the pure of heart and willing can acquire the knowledge you seek.

It cannot be forced onto anyone.

Granted, there has been a lot of subversion.

But YOU CREATE your reality.

Not us. We can create a faux reality.

But the Karma is spinning the planet into destruction. So, this time around, MJ12 have decided to take a back seat approach to dealing with Disclosure.

YOU HAVE MORE THAN YOU KNOW!

Dropping Full Disclosure would cause lower evolved humans in positions of great power to do irreversible damage out of their own confusion, fear, and ego.

THE CHOICE MUST BE YOURS TO MAKE.

We engage in this open forum as a means to help enLIGHTen those who seek the truth. We do not give you truth. We give you direction. Only through meditation and practice in unlocking your genetic memory will TRUTH resonate with you.

Prologue..

Alien is a frame of mind and a lens of understanding of intuition.

You are not so different from aliens.

In fact, when you look inside your own soul, you may understand.

The Majestic 12 has been spoken in shadow among millions of Americans for a long time. In fact, so many are aware of MJ12's existence (with no evidence) that not only was there one Men In Black movie, but there were 3!

Question.

Have citizens been allowed to make contact?

Answer.

With whom? ETs? Yes, only those signed into Majestic 12 programs.

Question.

So I doubt I've been signed into MJ12 program... thus, when @SandiaWisdom says they will pick me up in their spacecraft, and/or visit me, this is not true/allowed?

Answer.

If an ET decides to break MJ12 laws, then they can "pick you up", however there is hell to pay after for violating our secrecy laws.

Comment.

MJ-12 have said before that they are trying to orchestrate official first contact in a way that won't cause massive societal disruption and anarchy or war. They were planning for it around 2000 and then the Cabal went ahead and did 9/11, so it delayed their plans. Remember ...

Question.  
is Potus going to disclose ET and secret space programs ?  
Answer.  
Yes.  
Nothing about Mars.  
Question.  
Mars is important to tell the world about, they need to know about our real history, pyramids on mars etc....  
Answer.  
Do you believe that all accounts from "insiders" regarding Mars are even accurate?  
How about "most"?  
There are very few people on this planet, strategically for obvious reasons, who are fully briefed on whats going on with Mars.

The Joe Rogan AJ exposure was planned faux war between "normal" "faux Democrats" and "normal" "faux republicans" where Anons sat back eating popcorn 🍿 .

45 said he would not let AJ down.

What makes a good movie?

This dialogue was important to bridge between mind controlled subjects. The declassification of this stuff being real will come when.

AJ is proven correct.

As stated before, you are a commodity to them. They do not value the 3rd Dimension of reality because technically death is an illusion however.....when your life is ended before you are able to ascend into the permanent higher vibration to simply exist forever (possibly choosing to re-enter to reexperience), you are incrementally improving generation over generation in search for the truth of their Oneness and what it.....means to be "God" as Alex Jones explained on 2/27/19, this consciousness is energy and is what this account has been talking about since before Q became a thing. The Majestic 12 have been everywhere. There is so much disinformation in the world. What is real?

The power to will and manifest physical reality by learning the codes, the keys to the castle, the magic spells, (whatever you want to call it, you can name it anything you want, doesn't matter to me).

Understanding this power means that you can either use your consciousness.....to "inadvertently" be responsible for allowing the manifestations of child cannibalism being rampant in the highest ranks of the Catholic Church and thousands of Banking and Investment Executives.

The ladder is high.

It goes deep underground.

DARK > LIGHT.

Q is an NSA/D.I.A. operation. MJ12 is above Q in secrecy mostly because MJ12's base of operations is not on planet Earth.

We received our mandate from POTUS 33.

No coincidences.

34 sounded the alarm before leaving office.

He agreed to secrecy yet had concerns about the new direction the Majestic 12 was taking and felt it his duty to warn the public.  
<https://t.co/et3y2jAAq>

Members of MJ12 were known to be powerful to those in the know, however, access to the secret was restricted.

The fundamental and most Majestic question of all is where did humans come from? The Majestic 12 kept ET disclosure secret because the Vatican demanded it. When the Vatican's tentacles took control over Majestic 12 through 322/Cabal original MJ12 members revolted and fought.

The original story of creation, as told by all major religions is a lie. Humans were genetically engineered by The Domain to be vessels capable of experiencing many facets of the lower dimensions in order to develop and grow the spirit.

The young don't always do as they're told.

The story of creation has been deliberately withheld from humanity for thousands of years. Conception is a complex set of instructions the domain created to allow LIGHT beings to enter into the lower dimensions.

When you die, if you walk into the LIGHT, the moment of contact you make with the light is the moment of conception where sperm meets egg. This was not easy to create. It took millions of years of development to get right. It's still being tweaked as we speak by ET races.

When you die, if you walk into the void, you are essentially admitted into the higher densities, however if you are not spiritually developed enough, higher density beings will send you "back" to the "prison planet" of Earth to further develop. This of course if for Earth beings.

Question.

I remember reading Michael Drosnin's Bible Codes books 1 and 2. In book two, he said he had found Bible Codes that said humans were created by ET's from another world. That blew my mind! I am going to look up book 2 and read it again.

Answer.

Share it with your fellow IS-BE's and help raise everybody's consciousness.

Question.

How true is the Roswell series and does it have any similarities to how humans were created? That was a favorite series of mine.

Answer.

It is also a favorite of the Majestic 12's.

Why would that be?

Question.

Because it was soft disclosure by the Majestic 12? 🤔

Answer.

All media goes through the Pentagon before it is published by major record labels, production studios, and creative works. We use MS to monitor all creative works and works that either reach critical impact that do not align are removed and others are pre-filtered.

Therefore when the Vatican instructed MJ12 to conceal Disclosure, we complied at first, however once MJ12 was taken back from 322/Cabal we decided it was time to destroy the Vatican. Are you enjoying the movie?

We were mandated with doing anything necessary to ensure the secret was kept safe at the time. Those who strayed from the path needed to be met with hard resistance and some paid with their life. The secret was too big to give up just then.

We (Americans) by definition of our National Identity from the founding fathers was that we knew God was all and that freedom to practice faith towards God was permitted in ANY FORM.

This posed an interesting complex web of information.

We were mandated with doing anything necessary to ensure the secret was kept safe at the time. Those who strayed from the path needed to be met with hard resistance and some paid with their life. The secret was too big to give up just then.

Question.

so remind us again why all this was kept secret? how did it benefit humanity? what right did you have to keep it secret?

Answer.

Every elected member of the Government at the time believed through their religion (and freedom of belief) that life originated by "God" in Genesis and that to propose an alternate interpretation of creation that does not include God, worldwide collapse would take place.

Question.

Eschatological masochist an accurate description?

Answer.

The Majestic 12 run the United States.

We control the Intelligence Community and the Defense Department.

The Majestic 12 operates ABOVE Gov for the purposes of planetary defense pertaining to extraterrestrial life.

We did not understand them at first. We perceived their superiority as a threat and acted accordingly. When we learned who and what they were (how they were us from the future) we learned who we were.

they have their own path that is different from ours but they are like brethren when it comes to life in the galaxy - we are of the same class structure of DNA that define what a humanoid is and therefore acknowledging their significance was monumental.

Humans fear what they do not understand.

To understand that beautiful being (really, they were intelligent, loving, and curious) you first had to shatter the illusion of your own reality.

This forced many in MJ12 to "panic" and double down on secrecy operations while exploiting.

in every way intentional did we create the different science fiction phenomenon of your time in order to divide and conquer you WITH the truth. its been out in plain sight for DECADES. are you enjoying the movie?

Quote @ap

BREAKING: Court records: Man accused of killings at video gaming competition had been hospitalized for mental illness.

<https://t.co/JD9SLFK0Zd>

End Quote.

If you believe that the Majestic 12 is only involved in Movies, TV Shows, and Fake News/MSM, you're wrong. We're also deeply involved in video game development contracts at the Board of Director level. We embed disclosure challenges in video games and let kids solve the puzzles.

This technology agenda has existed for decades and we've been exploiting it for the purposes of advancing Disclosure, however when 2B/322 took over, one of the major areas they attacked first was gaming.

There are many facets of MK ULTRA embedded deep inside some of the largest brands of video games. We trained a generation of soldiers using video games as a means to filter through psychological warfare weakness easier.

Propaganda and mind control subliminal messaging designed to create psychological paradoxes that can be exploited by other technology such as music, movies, tv shows, food, and sounds.

Question.

I would guess you had something to do with the Deus Ex video game series.

Answer.

Not Majestic 12, but subordinates below us definitely did.

There was no disclosure in any Batman series. That was a franchise created by the Cabal.

Members of MJ12 were known to be powerful to those in the know, however, access to the secret was restricted.

Memories.

Question.

Was #3 pushed out of the window? If so, by whom?

Answer.

Suicided.

[Classified]

Necessary to MJ12. Regrettable because he had a family who he was leaving behind. We could not be crossed. Not then. Not now.

Extreme secrecy and extreme security coupled with no rights as an officer when it comes to the security and safety of the operations.

The original intent of our secrecy was to protect Earth and perform Disclosure in a way that wouldn't destroy life on Earth from psychotic lunatics. Cabal was FBI+DOJ & UK/Australia/CIA assets hiding inside TS/SCI programs.

Question.

JFK had a family who he left behind. Was his assassination necessary and regrettable?

Answer.

Unfortunately many in MJ12 viewed his treason as something that could not go unchecked. According to the state of current affairs at the time and the secrecy war going on internally between USSR/CIA vs USMil. We know JFK was assassinated by USSR/CIA. So did we have any say?

Question.

I don't intend to sound argumentative. I genuinely want to know how you (MJ12) see this issue and the overall goals for the future.

Answer.

We were mandated with doing anything necessary to ensure the secret was kept safe at the time. Those who strayed from the path needed to be met with hard resistance and some paid with their life. The secret was too big to give up just then.

Question

Was this a result of the takeover of MJ12 by 322?

Answer.

More like a change of heart. Members of MJ12 were known to be powerful to those in the know, however, access to the secret was restricted. By inviting less than 6 into 322 of MJ12, they created a close enough majority to remove #3 and tip the balance of power to 322MJ12.

The occult Magick used by the Skull & Bones society is it pays respects and tributes to the countless amount of deaths that will inevitably be caused directly by their hands and their decisions. They are taught the magick of power and control.

Yes, and 🗡️ got 187'd for it.

Not alone.

"I knew enough to get the hell out of there before the whole operation was going to be lost. People think I was murdered- I told them to do it. The others wanted me dead, so I had to die. Death is an illusion; and time is an illusion that must be mastered to ascend successfully."

F ascended when he "died" and chose to be of more use to the Majestic 12 than he could as a human. 187 is murder, but is murder murder when the person wanted it? How does a person ask for it? What must be present in order to ascend?

Question.

When you say "ascend", do you mean we break free from the reincarnation cycle created by the moon tech.?

Answer.

Correct .

Question.

Did F learn how to ascend from 🧐 ?

Answer.

Yes.

Death is irrelevant.

F knew this.

Majestic 12 know this.

Death means new life.

Time is an illusion.

Death is an illusion between relatively shared realities in an uncontrolled manner for the most part.

F volunteered for an experiment.

Yes, and the gain of the Majestic 12. Early disclosure would have been disastrous because there were components of the Disclosure component that we had no prior knowledge to before F moved on. F taught MJ12 about the Vatican's connection to [CONSPIRACY] and Archives.

The Vatican Archives contain artifacts that are MANMADE and are over 300 MILLION years old. Paintings. Sculptures. Books. Technology. History. Galactic Archive of Humanoid Races. STATGATE. Interdimensional Terminal. And so much more. Literally millions of artifacts.

How does Disclosure aid in the take down of the Vatican?

Why would Majestic 12 come out of the woodwork after denying our existence for 70 years?

Knowledge is power.

Vatican withholds truths to spread lies and propaganda. Like the Ori, the Vatican does not ascend its followers when they die. They return to human form (prison planet), and have their memories wiped clean to start over.

They don't teach self enLIGHTenment.

This account is but one small chess piece offering (S)ignals intelligence pertaining to the 30 year plan in the making involving dozens of races from several different worlds. No easy task when the Vatican has controlled Earth for thousands of years. Where are the giants? Where?!

We are Majestic 12.

Death is a human construct of our civilization persisted upon the beings of Earth to maintain a level of power and control.

Think Majestic Classification level.

What kind of work did we do?

Majestic work.

Clearance in the Alliance has many layers proportional to the impact decisions can have on the "order of life". Presidential clearances are a joke. They are basically unclassified roles in contrast to the levels of secrecy within the different colonies.

We report to Alliance.

Taking down the Vatican = Higher classification operation than Majestic 12

This should concern you.

Riddle us this:

Anons claim Q team includes 45.

45 claims anonymous sources are Fake News.

#AboveMajestic use nth-degree of separation with anonymous sources and "insiders".

Q suggests #AboveMajestic may be real.

What is real?

How?

We weren't acknowledged for DECADES until after the 50 year secrecy marker.

This is not a game.

MJ12 vs WE, the PEOPLE  
Vatican vs WE, the PEOPLE

Which is more important?

Question.

OK fair enough that can be acceptable... but releasing free energy tech, killing inventors and suppressing tech is not an excuse, could of done that on a slow process could of at least let inventors progress

Answer.

We did do it slow, and we did let the inventors take credit for the progress. Had the NWO not sided with NTE and taken control over MJ12 with the election of 2B/322, we would have released that technology. The patents all exist (TS//SCI). The product just needs to be unveiled.

We are not Q, we are the Majestic 12. Mirrors are things that reflect. Q uses meanings as mirrors to convey classified scenarios. We do it to connect parts of the mind together in order to unlock consciousness downloads. Consciousness communicates precisely by frequencies. Ideas.

We were before Q.

We are the Majestic 12.

Each member with their own agenda it became. Serious internal struggles within some between siding with a more advanced culture and society versus defending what it means to be human and what that definition was. Many played God. Many mistakes made.

WE CONTROLLED THE MONEY. WE CONTROLLED THE WEAPONS. WE CONTROLLED THE POLITICIANS THROUGH PEDOPHILIA BLACKMAIL. WE CONTROLLED THE FEDERAL RESERVE. WE CONTROLLED EVERYTHING. WE ARE THE MAJESTIC 12. A GROUP CREATED BY CRIMINALS WHO DID THE RIGHT THING FOR THE WRONG REASONS.

Understand that Majestic 12 played an important role, but under POTUS 45 the need for the extreme secrecy around how we engineered Project Mockingbird et la kept Disclosure from taking place has been flipped upside down.

The gloves are off. This is not a game.

Disclosure is a human right. Full Disclosure to those who are willing. We are at a critical time right now. Good versus EVIL. The MJ12 are at the pleasure to the POTUS because he is the enemy of C322. We only disclose what is already COMMON KNOWLEDGE AMONG THY CONSCIOUSNESS.

The path to true enlightenment is not with a flashlight. A tool cannot bring you enlightenment and Disclosure is only necessary where voids in logic exist. Where reason and evidence compels you to consider the cost of seeking evidence of your Disclosure do you then seek the light. Therefore providing information that is not currently known to your collective state of consciousness would be dangerous to the stability of successfully executing The Plan. The truth is here for those who seek it. Here is where you are. Where the truth is. It doesnt matter where. When we drop information we expect it to be common knowledge.

Seek the truth further.

The questions will help guide you to the next density. WHAT do you want to know about Full Disclosure and how can YOU learn how to use your new abilities of REMOTE VIEWING to learn everything.

But why does seeking the truth really require so much? Perhaps failed social engineering experiments performed by this criminal system of "Justice". Pay attention to when POTUS mentioned QUOTE JUSICE.

Why the "Q"uote about Justice?

Are our laws illegal!?! Up is down. Left is right.

But wait; what we suggesting? Suggesting that the POTUS take action to his pleasure then take the security clearances from these individuals. 45v45K?

He can do it but every move he makes is a calculated.

Currently Mockingbird Media has, through verifiable MillIntel understandings a strong hold on the current brand of reality and we are dropping major disclosure bombs all over the place.

This is about evolving to a race capable of interstellar space travel knowing some of the dangers associated with it but how having a STRONG MILITARY can you have safety to all the people under those domains.

In an oversight classification system of all compartmented areas can we ensure that no HORRID CRIMES AGAINST HUMANITY LIKE RAPING TORTURING AND EATING DEAD BABIES was taking place and therefore ensure that ALL RESOURCES being collected were going to the betterment of the people by hiring classified government agents on board to spread tons of disinformation.

Question.

Dissolving govt is more likely!

Answer.

How would you control the power vacuum?

What happens when a power vacuum is created?

MJ12 needed to ensure Disclosure wouldn't destroy Earth like USMil did Iraq when it created the power vacuum there.

C322 destroyed Iraq not MJ12.

The Illuminati is sinister and evil.

The Majestic 12 was created to infiltrate the Illuminati and take control.

For a long time, the forces of evil controlled the Majestic 12.

On Nov 8th, that changed.

If you are not on top; how do you move the blocks of a pyramid around?

This account does not disseminate information unrelated to the INTENTIONS of MJ12 that do not serve the purposes of disclosing SOME activities to the public.

Question.

We are being openly told that Martial Law, Bluebeam, and NWO are being pushed forward by team Trump. <https://t.co/G772F17rPC>

Answer

Your mixing terminology.

Majestic 12 has been working on "Disclosure" for decades.

Our ET counterparts have demonstrated the different mechanism of Disclosure that create peaceful societies.

Majestic work was above Top Secret.

Cabal mafia connected to NWO, BB, WTC, 322 were bad.

41 + 322 = NWO.

But they were "just" Top Secret.

To who's benefit does a NWO under 322 control get?

Who benefits from a NWO that is part of a Galactic Federation of multiple alien races, essentially geared up and ready to deploy (Space Force).

Disclosure was subverted by 322 et co

45 🚫✅ 2020

There are "MAGA" individuals who are pure evil in themselves and are not compatible with the new Government 45 is ushering in. What Government is this? We've been told about it for decades by the Pentagon through Hollywood. It was bound to come out. Well, here we are fighting.

Things we know:

- ETs were helping the Nazis
- Operation Paperclip transferred that "non ET / only Nazi" program over the United States
- Roswell occurs
- Majestic 12 is formed to conceal it from the public globally.
- Constitution demands Disclosure when no threat to NS
- MJ12 had many leaders, good and bad.
- MJ12 was involved in the only successfully executed assassination of a US President. 41
- When the decision was to be made about going forward to the public, there was plausibly much that the Military was unaware of, therefore secrecy won.
- MJ12 and co-conspirators developed technology in the background outside of Government oversight.
- MJ12 hid these programs inside of Top Secret Special Access Programs and embedded deep inside TS//SCI programs.
- Dozens of extraterrestrial races were openly trading information.
- Allegiance to a noble purpose, like reasonably disclosing ET life to the public in a manner that doesn't destroy the planet through self imploding ego maniacs who believe their version of the world must be validated to others, is a good thing to have but many lost sight of it.
- As disclosed in previous tweets, two factions existed inside the MIC (Military Industrial Complex).

DARK > LIGHT

Q > MJ12

What lies ahead has been in our past, just misused. The future belongs to whoever ceases it.

Question.

Are the past presidents of Bushs, Clintons, and Obama really Draco Reptilians?

Answer.

No, they are influence by them directly (face to face) regally during 322 ceremonies/rituals.

Since the fall of the Soviet Union, the C\_A was repurposed by 2B to lay the ground work necessary to make 322 an official operation which would make it possible to begin constructing the NWO. NTEs aided 2B/322 and oversaw their rise to power. 2B blackmailed the other members of The Working Group with snuff films, pedophilia, and cannibalism through his connections at 322. The Pentagon determined that enough Science Fiction that resembled the truth could eventually desensitize the public enough to handle Disclosure.

Once enough Science Fiction was adopted into society and culture, the awareness of the ET presence was only a matter of time. After 2B/322 took control over The Working Group,

whistleblowers attempted to come forward. Many were murdered. Their 50 year silence expired. Coordinated around the same time were the SG-1 television series and the Congressional Disclosure Hearings. Both of these efforts were from the Pentagon and the "light" side of the MIC (that wanted Disclosure) as a means to combat against 2B/322.

In 2011, MJ12 control changed hands. from the CF/322/M.B. C.S.T. Cabal and "The Plan" was created. You are LIVING a Majestic movie of Disclosure. Darkness withers in LIGHT, and truth will be revealed. This account was started around [dates?] to facilitate pre-Disclosure discussions.

First Contact is imminent following Disclosure however society must first come to terms with the DARKNESS that has ruled the planet for thousands of years.

We won on Nov. 8th 2016. This job is beyond the man. What 45 gave up in contrast to 24/7 WAR is truly marks of a stable genius. 45 had the knowledge of Tesla from outside MJ12 control through his uncle. 45 knows. Those who know cannot sleep at night.

# [2] ]The Secret[ + MJ12 = [PANIC IN DC] Part 2

A Majestic Message of Disclosure  
Are you enjoying the movie?

The Majestic 12 seeded the Matrix into the public consciousness to ensure that free will wasn't violated - (((we))) disclosed to you what we were doing (((your))) lack of education was a choice to not understand. This is legitimately how MJ12 viewed this at the time. <https://t.co/5iEzA57JKb>

Question.

"Respectfully, I didn't imagine that MJ12 would be on Twitter. But then again I'm in no place to make assumptions. I have a close acquaintance with experience. (I want to keep it vague). Are you in any way connected to recent disclosures?"

Answer.

This account is isolated from all MJ12 happenings. Its purpose is literally to start a conversation. Nothing else. Thanks for asking.

Question.

So you control the CIA and what can you tell us about the ACIO?

Answer.

Some members of MJ12 have significant influence over the Alphabet Soup intelligence in the United States, for sure. Just how much control? We will not disclose. We cannot tell you anything about ACIO - yet.

MJ12 is all US based.

Higher than Majestic include ranking organizations that are multi-planetary. Not all members are currently on Earth.

Majestic 12 was very evil a short period ago. Months prior to Q being released to the public 45 signed legislation that took control over MJ12. Since then, we have flipped the table and are now using "their weapons on them" to clean house of this group of sick people.

The Majestic 12 are multidimensional. We operate in the fourth, fifth, and sixth dimensions of reality and hide in plain sight. Can you see us?

Comment.

Oh yes, I can see you everywhere I go. 😊

Reply

Likewise.

Question.

How about showing yourself... Show who you really are?

Answer

Allow us to explain a paradigm:

You are an IS-BE.

Immortal = Time is an Illusion.

Spiritual = Theology/Philosophy.

Biological = 3D/Science/Life.

Entity = Instance.

Your Instance is your Ego.

Who others define you to be.

It is who they see in photos.

It is who they think they are communicating with.

Therefore...

Consider the following disclosures provided to you before hand:

1/ We will never ask you to believe anything we say.

2/ This account is controlled using Voice of God communication to a Typist within the United States.

3/ There are 3 typists total.

4/ They do not know each other.

5/ The Majestic 12 is the capstone of the Illuminati.

6/ Disinformation is both real and necessary.

7/ We are on Twitter because this medium of communication aligns closer to the Majestic way of information dissemination.

8/ We always operate 300 clicks away to cover our tracks.

9/ Trust yourself. The truth is within and reality is what you make of it. Identifying your existence as an IS-BE allows you to compartmentalize aspects of your existence to achieve enlightenment. The tree of life is authentic however shrouded in disinformation.

So, allow us to ask you this: If you know we operate in the higher dimensions of reality (and not in the realms of the 3D) putting a face on the Majestic 12 is as meaningless as you can understand. The Entity Ego of the typists involve have no bearing on Majestic Operations.

Here's the 40,000ft view:

- Majestic 12 was created as a result of Roswell (cover story - Operation Paperclip was the reason).

- The task of Majestic 12 was to conceal the extraterrestrial presence on Earth for "reasons of National Security."

- In late 1988, Majestic 12 reformed in an effort to bring the alien presence out into the open.

- There disclosure programs were created and members of the Majestic 12 were labeled such as MJ-1, MJ-2, etc to keep anonymity even among EYES ONLY classification settings.

- Majestic 12 has active operations ongoing in the United States from D.I.A. assets using social media tools, like Anonymous Official, and this account to disclose vital information about the MAJESTIC reality that exists.

- This account is a conduit to three members' operations.

- Re-read past drops to get into details about child trafficking, consciousness, fluoride, cannabis, IS-BE's, extraterrestrial life, and other things.

- We do not ask anybody to believe anything we say.

- Everything is already open source and declassified.

- Raising awareness.

- This account is being viewed by over 30 million people in the last 90 days.

- Co-creative consciousness exists and meme theory is the AI conduit the Majestic 12 gave to Anons to win the war against the group of hostile ETs who are the center around the Secret Societies.

- So, UFOs were Roswell yes, but not Majestic 12. Roswell was a False Flag - per se. The weather balloon was that is. Majestic 12

was the response to Operation Paperclip. The secrecy levels were peers.

- Paperclip programs were child sex trafficking, wars, cloning, "scientism satanism", Moloch, Mind Control, Drug Exploitation
- Majestic 12 disclosed alien technology, information about consciousness, etc all through the embedded ratlines of Operation Paperclip's Cabal.
- Many in the Democrat party are members of the Cabal who are descendants of Operation Paperclip Nazi ET programs operating in plain sight.
- VA Governor getting exposed as first a pro child murder politician but also a racist who is backtracking and refusing to resign.
- VA is a major player for child sex trafficking ratlines and like FL, a new Governor would go a long way to cleaning out these ratlines.
- Majestic 12 has operations in VA, FL, MA, TX, CA, NV, and several other locations.
- Majestic 12 is an old name.
- We were also known as the

"WORKING GROUP"

Putting America "back to work".

MAJESTIC

Majestic 12 was created at the direction of President Truman in 1947 in response to the Zetas that crashed at Roswell.

Correct. Military ops were going on since the mid 1920s to detect and down a potential NAZI flying bell UFO aircraft. They designed weaponized microwave dishes to interfere with the navigational units on board which caused the pilot to fly blind.

The intent was to destabilize the craft such that it would crash in a nearly controlled environment that would lead to the least destructive form of downing an aircraft. Most passengers survived this downing technique, some did not depending on where/how they crashed.

No, it was to down a Nazi flying bell. Zetas were not the target. Although the speed in which the military was able to adapt their sensor technology resulted in several unintentional downings of Zetas. But make no mistake, we were downing those craft because we were researching.

Unfortunately, when this happened, the military was unpleasantly surprised. They believe all recorded UFO stories prior to 1947 were just the NAZIs. They didn't expect to meet a Zeta that faithful day.

EBE == EBE(n [n+1])

EBEN-1 = EBE Number 1

EBE is just extraterrestrial biological entity. There are tens of thousands of EBE races that have been cataloged. India's policies towards ETs is nearly unchanged. The relationships exist in secret at the request of the groups they interact with. Quite bad actually.

MJ12 has contributed to the catalog. We did not originally create the catalog.

Yes, most of the races are capable of interplanetary travel, though only a handful of them are capable of space travel.  
interstellar is between stars  
intergalactic is between galaxies

most races cataloged have traveled to other planets w/o using space  
some races cataloged travel through space to other planets/stars/galaxies

Stargates on Earth. Most are naturally forming Stargates.

The Majestic 12 has been in contact with different ET groups domestically on planet Earth since the inception of the Majestic 12. The original members of the Majestic 12 were aware of ET presences on Earth, but had not formed official contact with any of them prior to MJ12 est.

The (Secret Space Program) SSP used a vast majority of that missing \$21T, however of the trillions we've publicly been able to allocate, about 70% of all publicly disclosed budgeting towards DoD goes to the SSP. So the real cost of the SSP is close to \$35T-\$50T. A lot of wealth was stolen.

We do not expect anybody to trust the Majestic 12. The Majestic 12 has been the most secretive organization on the planet, but its important to understand that in order for Disclosure to take place, we must go from DARK to LIGHT. We admit our mistakes, but truly care about Earth.

Knowledge is power. Knowledge is dangerous in the wrong hands. Only the pure of heart and willing can acquire the knowledge you seek. It cannot be forced onto anyone. Granted, there has been a lot of subversion. But YOU CREATE your reality. Not us. We can create a faux reality.

But the Karma is spinning the planet into destruction. So, this time around, MJ12 have decided to take a back seat approach to dealing with Disclosure.

YOU HAVE MORE THAN YOU KNOW!

Operation Majestic Childhood.

MJ12 was never the masterminds of the child trafficking rings.

As stated in previous posts, that name is a generalized Majestic name for a series of lower compartmentalized programs designed to prevent the left hand from knowing what the right hand was doing.

Florida's Broward County and Palm Beach County play a critical role in one of the CIA's MAJESTIC operations that included the following aspects all intermingled into one operation (to maintain secrecy):

The mainstream porn industry is the front for the transnational trafficking rings which are fronts for the intelligence communities

which are fronts for the religious cults which are fronts for the interdimensional and extraterrestrial aliens siphoning life from Earth for power.

The deception IS very real.

Infanticide is a phrase coined by those who wish to conflate (and exploit human vulnerabilities) reality to trigger an emotional response to INSECTicide. The word is intended to trigger "pests", "annoying", and ultimately "kill". This language is used to sedate FOOD/SHEEP.

Herman Cain corrected the record tonight on Sean Hannity when CLOWNS kept using infanticide, it is murder.

Re-read what these "Doctors" are doing (hint: they do view it as a medical procedure, a financially and spiritually binding contract of secrecy of self medicine sacrifices). Hidden inside public patterns with symbology everywhere.

Define Postpartum Depression.

"Postpartum depression occurs in women soon after giving birth. Symptoms include sadness and hopelessness."

Define Mental Illness.

Millions of Americans live with various types of mental illness and mental health problems, such as social anxiety, obsessive compulsive disorder, drug addiction, and personality disorders.

What has Q told you about video spoofs?

How do you protect against allegations of video spoofing yet still tell the world they are okay with giving birth to the child, then decide whether to murder or not.

Moloch.

We destroyed your temples.

We starved your ratlines.

We cleaned up the rats.

We forced cooperation publicly in the interests of National Security.

You are watching a movie.

They believe they are going to win.

Nothing can stop what is coming.

Not even these new laws.

Our mandate was simple, protect the secret at all costs.

Subordinate agencies used this mandate as an excuse to being operating those trafficking programs. Once what was done was done, Majestic 12 had to reconcile and continue to maintain secrecy, so we intertwined them.

As our internal development improved and the spacecraft reverse engineering operations started yielding results, major changes took place around JFK in the Majestic 12 that resulted in it aligning itself with the NWO of 41 and his cult 322 who was actually just working for ETs.

When 41 became an MJ12 member, and then later in his career the head of MJ12, we were realigned to officially merge the trafficking programs with the sacrifice programs associated to 322 and other cult groups. Once MJ12 started interacting with the being who was consuming the sacrifices, we learned they had operations all over the planet and they weren't alone. At the direction of 41 when he joined MJ12 in the 60s, instead of "resisting" the demands of these beings, he aligned MJ12 to enable these beings and in return, the USMil would get technology.

A lot of the technology collected after this point was (and still is) harmful for humans to consume. Technology that was helpful to humans was restricted, prohibited, and harsh laws were introduced to curb any attempts at sabotage. We were 20 steps ahead of everybody else.

This technology included cloning, genetic manipulation (more on this in a second), vaccines, super viruses, and transhumanism. Genetic manipulation technology was seeded into American corporations. They are currently being sued over "causing cancer." This was known in the 60s.

We had cloaking technology. The most important thing to understand about extreme secrecy is that we don't even show the cards we hold in the unlikely event we were faced with a crisis to our own commanding officers. We had to maintain secrecy at all costs.

In fact, when 41 took over MJ12, MJ12 essentially became a rouge operation and the "Deep State" itself, however the entity itself today is much larger than just 12 individuals at the highest ranks in Government.

The Majestic 12 was the twelve headed dragon at the end of your quest that you had to defeat. Nobody without the correct combination of consciousness could defeat what we had built. There was only one problem with 41's plan. The Constitution made MJ12 technically illegal.

And for that reason, it was protected as National Security because of the original chartered mandate - it never changed, even though MJ12's programs changed in the 60s after JFK.

However, what happens when the "good" forces in the Military take control over MJ12, cease to operate the sacrifice programs and essentially give a big middle finger to the aliens demanding the children, you are faced with The Storm we see today.

Many celebrities, politicians, Government employees, civilians, etc. who were involved in these programs were all working for these ETs even if they had no clue. It was designed this way. When the feed was cut off, the revenge started showing itself through linked consciousness.

The people who were under the "spell" (so to speak) of these ETs from their sacrifices and commitments to Satan/Lucifer "himself" (not really "himself", just claimed to be), would receive constant conscious communication with the IS-BE's the USMil was actively fighting.

Some of this crosses RED LINE territory, so we won't be expanding any further quite yet.

However, the purpose of the Space Force creation was to force all of the secret technology out of the shadows and into the Commander in Chief's desk.

The law requires them to comply.

Additionally, dedicated Patriots in the Military who were just as upset about 9/11 and most civilians were decided that ENOUGH WAS ENOUGH. MJ12 was commandeered a month after 9/11 and the Space Preservation Act was enabled to block future rouge Majestic 12 operations.

The audit is turning up technology the likes of which the world has never seen before and the ONLY solution to ensure we survive is to unite as a planet and realize "we are all humans" and our "problems at home won't seem so big if we faced an alien threat."

Many people here like to tell us, the Majestic 12, that there are no such thing as bad aliens. They are good-willed but severely ignorant.

The alien "false flag" invasion was supposed to be just that. An invasion, but planned by the winning side before it happened. Americans were to be the losers of that battle. But regardless of how power has shifted, it still requires us to deal with the fact that 322 is powerful.

For this, we need a Space Force and to bring out a lot of that technology hidden in the compartmentalized programs through the nation's top defense contractors. You'd be surprised how many people actually want to see this happen.

As a lot new alien derived technology began to get seeded into the public, Majestic families became heavily involved in acquiring this technology, meeting the different races, and trading information for power and wealth. Some of those families were 322 connected.

So while the Majestic 12 created an entity so powerful that Government itself would collapse trying to fight it, Majestic

families were trying to gain control over that system. History shows you who the financiers were. Many have powerful PR operations.

When Majestic 12 went under Cabal control, the weaponization of HIV was introduced into Hollywood and it became part of an unspoken contract you made between yourself and the "Devil"/ ETs/Cabal members/organization. You knew "they" would kill you any second they had a chance.

This ambiguity gave the Cabal and Majestic 12 leverage to do anything and everything under the sun to control and manipulate the actions and words of every powerful talking head on the planet.

We moved into the open when 41 announced 322 NWO versus Majestic NWO. We technically lost a war, but we never gave up and we never let our foot off the gas. Cabal was able to do serious damage with what MJ-12 created. Crimes Against Humanity and our Children.

Eyes Wide Open.

We do not answer questions regarding predicting future dates.

First Contact was in the Desert in 1947.

Majestic 12 was formed to hide it.

We came clean in 2001 before Cabal/322 did 9/11.

We plausibly disclosed everything via Hollywood.

We did our job, per se.

Soon 45 will.  
Not now.

We just need to clarify again for everyone. The Majestic 12 was taken over by a criminal NTE mafia by 2B/322 about 25 years ago and since then, that group has been quickly destroying the planet's ability to sustain ALL LIVE ON EARTH - including ET life. Therefore, MJ12 + ETs = WE.

MJ12 is isolated 100% from DOJ.  
DOJ cannot touch anyone in MJ12.  
They literally cannot touch anyone in/from MJ12.  
They don't have the need to know.  
They will never have a need to know.  
This is why WE love compartmentalization classification laws.

Members of MJ12 were known to be powerful to those in the know, however, access to the secret was restricted.

@BarackObama was never a member of the Majestic.

Obama was never MJ12. He was signed into a hoax MJ12 that actually neutralized many major catastrophes from happening under his watch at the demand of his handlers. MJ12 subordinates concocted the elaborate hoax. MJ12 are masters at making real life movies.

Did you see our COUNTLESS MOVIES on this? We love movies. Are you enjoying the show?

We are the masters of movies. Everything is intentional even if you believe the purpose was not obvious. IS-BE's can get compromised and work in secret. NSA '47 allowed them to create SCI to hide their activity. Need to know.

Despite the bad that this group was involved in, and the military's justification for the trafficking of children they steal from the American People (every day... 800,000+++/year) the Military believed through fault of their own that they were wrong.

Hundreds of children sexually assaulted at the Southern Border by coyotes and human traffickers. Anybody see the fingerprints of the [NO NAME]/[CF] foundation's work in these reports? Let the digging begin. Forget mining bitcoin. <https://t.co/5SSeXnl5iV>  
Bitcoin was used a money laundering scheme to transfer hundreds of billions of dollars of assets for trafficking purposes.

44 DOJ was not properly apprehending bitcoin laundering associated to cartels. 45 DOJ did, hence why the crash.

[Bitcoin]

"Insurance Policy" -> Pump \$\$\$ + Marketing Into Bitcoin  
[Insurance Policy] = Bitcoin Crash

Why was bitcoin created?

Coyotes used bitcoin for laundering "not real money" for trafficking operations.

USD certainly is a problem, however who safeguards USD?

Bitcoin was used for trafficking and laundering.

Tech giants were number one facilitators.

44 weakened our mil.

45 is rebuilding our mil.

Why is 45 selling out mil-tech all over the world "creating jobs (not mobs)"?

Think logically.

[Space] Programs exist outside of public knowledge.

Extraterrestrial life exists.

Why is 45 selling "legacy" mil-tech to other countries?

Enemies of the Cabal's transnational human trafficking, drug smuggling, and weapons smuggling operation designed to enrich themselves, feed the fuel to their power (ritual sacrifices) and destroy USA from within. Did you know 44 gave this to Iran? Why? [Partners] <https://t.co/5LZBPTwp1x>

Question.

I thought the Iran stargate was closed. If the planet was under quarantine then someone found a new way to open one or came from the outside. Are we letting in energies that will help us?

Answer.

The planet was under quarantine until a hundred years ago when the US Military discovered its own Stargate (an artificial one) then began tracing the natural ones throughout planet Earth, one by one putting them under USMil control (for Disclosure).

Two Birds.

Knowing what you know now of 322 and co... do you believe they have a hand in controlling each side of all major world wars?

Regardless of victor... Central Banking won. Coincidence? The Military was able to give them what they wanted while we made sense of Roswell in secret.

The Plan.

The United States will never cease its relationship with Saudi Arabia so long as the Stargate in Saudi Arabia is under the Kingdom's control. The US has a vested interest in the joint military operations behind operating the gate/portal.

Russia has been tricky. For a very vague clue, watch the CIA's Stargate television series. It brushes against the tensions between

US-Russia Space Interests. But yes, once US discloses officially, the rest of the world will follow almost immediately after.

Greed will be a driving force behind the distribution of this technology once the green light occurs.

We have developed technology to help integrate the current levels of technology we have inside the behavior enforcing components of the society. An important stepping stone to disclosing Stargates. Unlimited dialing poses a planetary threat. Release Stargates will be limited.

Exactly what did 45 say today?

Cross reference Generals resigning.

Cross reference ISIS defeated.

Members of MJ12 were known to be powerful to those in the know, however, access to the secret was restricted.

In the Q Anon reality, Trump only pretended to collude with Russia in order to create a pretext for the hiring of Robert Mueller, the special counsel, who is actually working with Trump to take down an inconceivably evil and powerful network of coup-plotters and ..... child sex traffickers that includes Hillary Clinton, Barack Obama and George Soros.

Hillary Clinton does not run a child sex ring out of the basement of a pizza parlor. That is fake news.

Reality is, the Vatican has been involved in pandemic levels of human rights abuses and happen to cover up the greatest secret withheld from Mankind - more than MJ12 did.

45 had EYES ONLY access to these programs because he rubbed shoulders with everybody in the Club, and 45 wasn't in it for anything less than absolute love and luxury mixed in with some healthy lust. A stable genius. He knew.

DARK > LIGHT.

Sessions telling Trump that DOJ will not be political is a brilliant optical move in terms of taking down the C322. Are you enjoying the movie?

The Majestic 12 are a non partisan group.

The last time the Majestic 12 held control over the White House, the country was permanently scarred (9/11) and after was moved into a deeper compartment within the higher levels of Top Secret. We were not happy about that decision, but it was pretty clear that we did not want anything to do with Hussein and HRC, even

though they wanted everything to do with us. The faction responsible for 9/11 got away with their crimes, but the cost was access to their power.

George Bush is a product of the society created by the banking cartel. He learned at a young age whose side to pick, and it played out well for him. He does, though, struggle with sleeping most nights. He does feel ashamed, especially as he is about to meet God. We'll see.

He did set things right, behind the scenes. He resigned leadership of the Majestic 12 to pave room for the Trump Era. He realized he perpetrated a LOT of evil around the world, but he doesn't regret everything. Only the betrayal of his God. It's always been about him. Until now.

9/11 was a movie executed by the NWO Majestic 12. The script was written years prior and the players and actors all had roles to execute. Those roles were well documented in classified briefings.

9/11 was a movie.  
All lights camera FAKE NEWS!

Question.

Will members of the media be tried for sedition? (Et al: Stephen comber, Amy Schumer, whoopi, etc etc)

Answer.

Why charge with sedition when you have crimes that will result in hangings?

3/ 9/11 required Bush to be in office because Gore was not signed into the programs pertaining to the stand down orders given, the actual technology used, and the money/records that were washed as a result of the damage. Part of keeping NWO legal is to destroy all evidence pertaining to the bad components of the organizations - the blackmail, the child trafficking, the snuff films, etc. Many cases and clients represented by people associated to businesses within the WTC overall ecosystem were directly involved in systematically causing illegal regime change throughout the world to somehow fulfill a prophecy given to us by our "founding fathers" to destroy the planet in a nuclear holocaust. This was supposed to take place in 2017 soon after Hillary Clinton would have been confronted by the Military with evidence of treason, pedophilia, human trafficking, ritualistic sacrificing of children, and least of all pay to play and even less than that, the illegal server in your bathroom with Majestic SAP programs on it that you were selling to China/Russia/Iran/North Korea/Venezuela/Saudi Arabia/+ many others that are beyond the current public knowledge level of her criminality. Florida and specifically Broward County played a key role in guaranteeing that Bush was sworn in as President to oversee the execution of the destruction of the WTC building because of how essential it was to establish a major shift in consciousness and at the time, take control over the Government. Bush was selected to oversee this, his lack of visual intelligence deceived many people into believing he was a Patriot. He believes he is, because he serves the NWO.

Disclosure really happened in 2001. Congress invited members of the G7 to come forward and tell the truth. Many of them did. The media and Cabal ignored it. It never gained traction.

Pentagon wanted Disclosure, Cabal wanted war. Cabal won with WTC. Pentagon proceeded with SG1.

43 had C.S.T. blackmail and p2p with the Saudis. He had skeletons as he must be a bonesman. 322 is full of skulls and bones. Literally. Figuratively. Spiritually. They hide in plain sight. Symbolism will be their downfall. Those who know cannot sleep at night.

Alice & Wonderland.

We recruited Donald Trump.

We recruited him in 2001.

We gave him an opportunity and he took it.

Everything was planned. DJT vocalized to MJ12 via TV interviews and tapped private conversations that he was serious when he suggested it, though vocalized how much he wouldn't LIKE doing it (in contrast to his former lifestyle).

We convinced him to bite the bullet and run.

When DJT was recruited, he was recruited to MJ12 as a liaison officer. Unbeknownst to him at the time, it was us who enabled him to seriously consider running. We begged him to run in 2008 and he put his family first. After Obama, he regretted the decision and ran.

No, the election was fixed. Hillary Clinton was supposed to win, considering the meddling her associates did during the election (including abusive propaganda), but operatives were dispatched to undo their vote hacking systems enough to save the Republic. Why fix an election? Well we didn't originally fix it. HRC did. We believe in the ideas behind democracy but recognize that when a population is mind controlled, they aren't actually invoking their free will and deciding. We had to intervene to maintain order.

Since the Space Preservation Act was designed to stop MJ12, which it had relatively little success until HRC was removed from office (who was also an MJ12 member until recently) once MJ12 got in the hands of the "good" side of D.I.A., and later to 45, those weapons can now be used. Against them. 45 has constantly said "I am rebuilding our Military." and "I will never forgive 44 for what he did to our Military." NOT ANYMORE.

When HRC was neutralized by the Pentagon, MJ12 changed hands to the D.I.A. under new leadership. Essentially returning MJ12 home.

The CNN article and the document don't align. Basically, once again, the #FakeNews got it wrong again!!  
I like how they redacted his DOB. Like General Flynn would even care if we knew his DOB after all that he was put through publicly!!  
Answer.

General policy from publishing medical record information that could potentially weaken a soldier's security if published and intercepted by bad actors. Bad actors are trafficking kids so they can rape and torture them. These secret societies run the evil sex cults NXIVM and 322.

All new seeds of consciousness into the Matrix such as remembering and mostly teaching everybody General Flynn's birthdate so they could use exoconsciousness + pawn to focus conscious concentration on the DECLAS documents to focus towards deception surrounding fake collusion.

Q told you Military Tribunals. General Flynn is guilty of violating the Logan Act on paper because of his knowledge and communication pertaining to the transnational child sex trafficking ring inside the Government hidden by Top Secret SCI compartments by comembers of 322.

17/ The crime is a process crime in the original interpretation of the law that most people have agreed is non prosecutable. Literally the last chance this group has. Q is Majestic in nature. We

are the Majestic 12. Unaffiliated to Q though working on simultaneous Disclosures.

18/ The Trump Foundation has not been involved in trafficking of children. It has essentially moved around legally millions of dollars from the Trump earnings and invested it tax free into the communities through his charitable works. Is there anything wrong by this?

19/ President Trump is now Commander in Chief. He doesn't need his Foundation anymore to do GOOD for the World and bring LIGHT to all. The world is watching. The world is waiting. The world will learn the TRUTH! SHEEP NO MORE! Disclosures come in small segments because prosecuting this group is going to be a doozy. Are you ready for the show? When do specific EOs become activated? Why did General Sessions resign? Why did Graham question Justice K about enemy combatants in Military Tribunals? Why was the Senate KEY? Why was the SC ESSENTIAL? RULE OF LAW!

Flynn will begin testifying against this group and bring down the whole house of cards over the next few months. The plan has been carefully scripted and has expectations of the outcome due to WE THE PEOPLE's love for our children as our country is forced into grieving.

Let's discuss the Trump Foundation.  
<https://t.co/FHDU3hqxya>

1/ The Trump Foundation's only donor was Donald J Trump for the first 20 years. Why?  
2/ Projecting Consciousness through selective charitable projects.  
3/ 2008 President Trump seriously considered running for President. He was advised by associates directed by the Majestic 12 to discontinue this practice due to the risk of investigations and conspiracies being weaponized against him.

Schneiderman was Attorney General of New York State.

CIA Honeypot  
Hollywood & Big Media (inc MSM) <https://t.co/3jD5uOmxli>

The private investigators are weaponizing the ineffective partisan nature the hearings breed due to their structural deficiencies (on purpose to keep you divided).

Why do Democrats want to see what is inside the 6,000 pages when they, prior to giving testimony, stated that the Clinton Foundation was a highly respected and well established Charity and all accusations against it are right wing conspiracies. The real crime is Charity Fraud inside the Trump Foundation with a mere \$19M versus \$400M-\$2.5B in mishandled funds.

9/ NXIVM was indicted on April 20th 2018 for probable cause violations that Allison Mack and Keith Raniere (Vanguard) were

guilty of sex trafficking of Children. Dig deeper. 18 USC 1591.

Age range? Children. <https://t.co/eljHm5YAe>

11/ Why did Schneiderman shut down an investigation into NXIVM? Didn't he open the investigation? <https://t.co/XZyrczs41U>

<https://t.co/kkqXldPnrC>

Proof of a Majestic war between Good and Evil. This is proof of blackmail involving pedophilia. Schneiderman covered NXIVM from legal pressure and Brofmann funded all legal expenses including silencing victims through fake "NYPD" of the Cabal's CLASSIFIED trafficking ops.

Back to Trump Foundation, let's dig deeper here.

Trump makes deals and in his rise to power he has pissed off a lot of people. They all save face in public because they are all chess pieces and they understand their role (taught to them in the secret societies).

However Trump is the anomaly.

Not only was Trump directly knowledgeable and aware of Extraterrestrial presence on Earth in the United States actively today (as in now) that taught him the real source of all knowledge is within through love, light, and prayer/meditation.

As we have been saying to you here, focus your energy not onto an external personification of God but identify who God is to you and what that is because it is you all along. Trump knows this. His children know this. With great power comes great responsibilities.

In general, Trump has been good at covering his tracks, but understand this, this group is trying to use process crimes as if they were criminal or somehow worthy of impeachment. The Majestic 12 has been grooming the Trump family with ET connections since his Uncle John Trump.

With that the Art of the Deal shows you how you can learn to manipulate the Matrix and start winning. It's a formula of thought that comes from the Majestic 12 and the IS-BE of who Donald Trump really is. Dark to Light will happen. It will all come to light.

15/ The Cabal's arm inside the Justice Department is attempting to indict President Trump over process crimes that are easily and legally negotiated to mutual legality. He covers his tracks. Their crimes are coming out and they are in full PANIC mode. POTUS is fully protected.

Hillary/Obama sold Israel to Iran and got the Russians to help Iran because it would go against American Foreign Policy. They wanted Iran to nuke Israel. Somebody talked about this recently? We wonder who that could be? Universal moral code is to base on compassion and evidence.

However the Russians did not want nuclear war between Iran and Israel, so Russia used their blackmail on 44/CF to manipulate every foreign policy decision made. In exchange, Russia gained power over key areas the West won from the Soviet Union. This made Russia stronger.

They have no interest in nuclear war, however they do have interest in playing games with Foreign Policy to the betterment of their agenda. Players on both sides. Impartial because it is not National Security but rather National Interest.

Since the CF was trying to sell Israel to Iran via U1/CF (think Ukraine) which would send U to NK & Iran, Russia wanted a large enough stockpile hand delivered to them by the Americans to prove they are serious. Russia kept a majority of the U sold. NK/Iran/? got the remainder.

Israel was given very special status after 1947. The Majestic 12 learned about the 50 year warning. We prepared by taking control over the region.

Hillary found out about this intelligence through her CF blackmail portfolio of Government agents within NASA, SD, FBI, DOJ, NSA, DNI, etc. etc. etc. who were participating in the Rituals of Power. Invite only. Many layers of initiation. Advanced "alien" technology used on them.

The sinister death cult that Hillary was a high priestess to, who was working with similar ETs to the disinformation EBE-3, made it a political priority of the NWO, which was created by a different group of ETs, to destroy Earth as the architect's plan originally called for.

The NWO group was not the same group as CF.

Two different goals.  
GF is similar to CF as well as NNF.  
NWO wanted slaves on a planet that would produce more sacrifices.  
CF et co conspirators wanted nuclear war because "all of them would survive."  
Not true.  
Nobody would.  
It's happened on Earth before.  
It's happened on other planets.  
It's happened on the Moon.  
It's happened on Venus.  
Nuclear war always destroys all life on a planet.  
Always.

Question.  
Pizzagate/pedogate - will we ever get the full truth?  
Answer.  
Yes, through charges and evidence presented in her deleted emails, Weiner emails, Huma M.B. connections, iran nuclear deal, clinton foundation, and many other collected and ready to be used.  
Part of the strategy to Pizzagate was we needed a KEY to unlock the NSA. Pizzagate was the key. When Pizzagate broke, new voices joined the movement and were motivated by Seth Rich's murder.

Once the cat was out of the bag, the Cabal deployed every asset against the efforts of Q/ MJ12 /45 to delegitimize and defraud the American electorate as Clinton did, according to DNC Lawyer testimony, essentially rigged the election against Sanders.  
"Legally." Logical thinking.

Bernie Sanders has an Epstein problem.  
What's most surprising to the Majestic 12 is how people never made the connections during the election. The Podesta/Clinton mafia OWNED Sanders. What was their "business"? C.S.T... and they OWNED Bernie Sanders. Again, we were shocked nobody caught on and saw the evidence.

Understand the following:

Has Trump ever broken the law? Yes.

Has it ever been knowingly? Yes.

Unrelated to his tenure as POTUS.

Was it ever a high crime against USA? No.

He is not a pervert or murderer. Attempts to "seek Justice" are spite/venge.

At the expense of the United States of America. However the higher crimes of the Clinton Foundation / Haiti + Jeffrey Epstein is what has "paralyzed the right's judgement" to the left. No "credible by the left media machine" evidence has been presented ever.

They genuinely believe that those who believe in the fact that the Clintons and Epstein were trafficking thousands of children into sex slavery is trauma the Country will suffer. It will come out.

2019 is the year. 3 + 9.

Child + Source.

For God & Country.

"And the establishment has been involved in a MASSIVE COVERUP of wide spread criminal activity at the State Department and the Clinton Foundation in order to the Clinton's in power."

<https://t.co/xc90PXGYG>

Wide spread criminal activity = international child sex trafficking ring.

State Department used for facilitating financial/asset arrangements with other nations to procure a constant supply of children.

Clinton Foundation was used as one (of many) front companies for access.

Estimated 800,000+++ children go missing each year to an international child sex trafficking network of organizations that include the CIA, FBI, Vatican, Clinton Foundation, MI6, Swiss Guard, GCHQ, FIS, ASIS, VSSE, CISC, DPSD, BND, HCSE, CPUSA, SZRU and many MANY more.

The Clinton Foundation is that kind of cabal, like seen in Spectre. But... THINK MIRROR. You see a reality inside Spectre that does not exist. The basic fabric of the structure differs in that the Clinton Foundation Cabal traffickings children to international pedophile rings.

In Spectre, they aren't trafficking kids, so the emotional social engineering used taught us that James Bond was going to save the day. This taught society that "just rely on a fictional character" who can save the day... that doesn't exist in reality... because who says?

The logical flip was a social engineering tactic used to brainwash billions. This was MKULTRA. The mind control techniques of AdTech/Social Media/Mainstream Media is unprecedented.

Evidence is now in the public domain that validate all speculation into the evidence collected under the circumstances. It is without a doubt a Spectre kind of an organization. But the difference between fiction and real life, something EXTREMELY MAJESTIC... is that fiction is always one person who saves many whereas reality is many people save many lives.

It takes many people working together united by LOVE helping to save many people from HORRIFIC CRIMES disclosed in Spectre, LET ALONE, that in reality it was always 🦉 and not 🦂 who was real.

"Massive coverup of widespread criminal activity at the State Department and the Clinton Foundation" - 45

Jeffrey Epstein again silenced his victims in court on December 3rd, the day before they were supposed to testify. Why was that case thrown out? Control the flow of information and you can use damage control. Mockingbird clowns everywhere. Disinformation everywhere. What next?

Our collective consciousness needs to prepare to understand what is required of a society to say no more to those crimes. How?

The answer is Majestic if not a direct violation of the 4th Amendment if not explicitly used for National Security. Mass surveillance. Majestic.

Executive Order could legally create this new Government policy, though it risks being revoked by the next President. We, The People can use the powers granted upon you by the Majestic Green Frog 🐸 Pepe. Meme magic is MAJESTIC EYES ONLY Military Grade mind control technology/AI.

When what the Clinton Foundation was involved in, as to be determined by Huber and Horowitz, how will We, The People demand these people be held accountable and how do we prevent it in the future? Everyone understanding who and what QAnon understands a Majestic magick.

Mass surveillance technology was reverse engineered off from MAJIC EYES ONLY related off planet expeditions with multiple extraterrestrial races. Their technology is so advanced that they need AI to monitor the security of every soul in that capacity. Life is a spark of light. The closest that a society can get to being fair, honest, and right minded towards one another with legally addressable potential crimes being committed and tracked by Military Intelligence.

What if we can turn the dial on?

This goes without saying that the evidence produced by the mass surveillance programs is so conclusive that reasonably straight forward undeniable evidence would seal tight a classified hearing internally where the agent would be prosecuted.

As 45 said today regarding the drug crisis (creates by the Cabal), we are going from NO PENALTY to DEATH PENALTY as a means to weed this cancer from Society.

Why wouldn't the definition of National Security include child sex trafficking, and to use the might and force of the entire US + Majestic Militaries to fight?

Has that changed recently?

Rats everywhere.

- 1) There is an FBI Criminal Investigation into the Clinton Foundation
- 2) The Clinton Foundation, without a doubt, operated as Charity Fraud

3) Between \$400M and \$2.5B in "donations" must be considered taxable income and the donors must pay taxes on the illegal donations.

4) The Clinton Foundation operated as a foreign agent who actively worked against the National Security interests of the United States. TREASON.

5) The private investigators are weaponizing the ineffective partisan nature the hearings breed due to their structural deficiencies (on purpose to keep you divided).

6) Why do Democrats want to see what is inside the 6,000 pages when they, prior to giving testimony, stated that the Clinton Foundation was a highly respected and well established Charity and all accusations against it are right wing conspiracies. The real crime is Charity Fraud inside the Trump Foundation with a mere \$19M versus \$400M-\$2.5B in mishandled funds.

The DS has very few pieces left they can play. Those who defended the Clinton Foundation have a lot of crimes against Children blackmail on them and their role is to deflect, obstruct, obfuscate, and intentionally try to derail what is coming by barking about Donald Trump. So with the spotlight gone and no media attention on the hearing because most people in the Mockingbird media are refusing to cover the true criminality behind the Clinton Cabal. Instead, hard evidence is disclosed to the public where two whistle blowers have gone under oath to testify before the Congress and the American People that the Clinton Foundation is 100% Charity Fraud and they have the proof that will literally collapse the Clinton's House of Cards.

Next steps, now the cat is out of the bag. PAIN. De-classifications are imminent because of the testimony hearing today. Remember, McCabe was directly involved in lying to the FBI about his involvement with regarding to saving face pertaining to the Clinton Foundation investigation. If the testimony today, under oath, proved beyond a reasonable doubt that the Clinton Foundation was 100% Charity Fraud, then you must therefore conclude:

Who knew light could be a weapon?

There are no coincidences.

There is nothing more Majestic than the Great Awakening.

Question.

Where does God Almighty and Jesus Christ fit into our universe!?

✨ Please answer Majestic 12 ✨

Answer.

Your fundamental understandings of the universe are tainted with disinformation.

This question will always yield answers that block you from understanding the truth.

Your fundamental world view needs to be adjusted in order to understand the answer you seek.

Consciousness creates its own universe.

The universe is a fractal expression of geometric shapes projected by consciousness in the language of math.

When consciousness interacts with consciousness it creates a matrix of the mind.

Jesus was a metaphor used by the Romans to corrupt this knowledge. The teachings of Jesus metaphorically teach these fundamentals though the religion doesn't.

God is real.

Do not fear God.

Judgement only comes from within.

When you know you are just, never back down from the truth and oppose all who seek conformity to their dogmatic ideologies.

Define dogma.

The original story of creation, as told by all major religions is a lie.

Humans were genetically engineered by The Domain to be vessels capable of experiencing many facets of the lower dimensions in order to develop and grow the spirit. The young don't always do as they're told.

The Domain is a multi-race organization of extremely high density beings who evolved and developed into the higher densities who wanted to build a more peaceful universe.

The story of creation has been deliberately withheld from humanity for thousands of years. Conception is a complex set of instructions the domain created to allow LIGHT beings to enter into the lower dimensions.

When you die, if you walk into the LIGHT, the moment of contact you make with the light is the moment of conception where sperm meets egg. This was not easy to create. It took millions of years of development to get right. It's still being tweaked as we speak by ET races.

When you die, if you walk into the void, you are essentially admitted into the higher densities, however if you are not spiritually developed enough, higher density beings will send you "back" to the "prison planet" of Earth to further develop. This of course if for Earth beings.

Question.

How much is known to us & how much is unknown? I guess what I am asking about is how much of our human history, that has been presented to us, is true? How much is distorted? How much

has been fabricated? We seem to know so little about our existence, purpose, etc. Make sense?

Answer.

Imagine the totality of information in the universe could be expressed by the quantity of atoms on Planet Earth. Your life's knowledge acquired will result in less than 1 quark's worth of information there is in the universe to be learned.

Life is a spark of light.

The sum of knowledge on Earth is roughly one trillionth the knowledge in the universe. Some information your biology restricts you to learn.

There are hundreds of trillions of beings throughout the universe who demand the same as you. Have their demand ever been met before?

Meditation is key. Release your burden.

Essential to release your burden and understand that the person whom others see as YOU is not who YOU actually are. All decisions you make by your own name that shape the opinions of how others perceive you is the burden you must release and forgive all lower density actions.

Which is why you should never seek an expert or a teacher to these things.

It is not your fault.  
No matter what it is.  
We are all flawed.

To borrow a phrase from religion,

Let God love you.  
Love God.

God being your exoconsciousness.

Don't worry, we are not going to betray the people who we swore to protect during this transition.  
Trust the plan.

Meaning you release your burden and accept your innocence and therefore forgive yourself.

You Are The Plan  
There is nothing more Majestic than the Great Awakening.

That's for one individual. In order to enhance the power of your own consciousness you can either use a substance and force a chaos-uncontrolled interaction into the higher realm, or you can meditate with 3 others who are equally woke, detoxified, and who have also released burden.

You do not need to be in the same physical vicinity to participate, though being in the same vicinity does amplify and make it easier to establish the scalar field being received by the pineal gland that unlocks global consciousness.

Keys are everywhere.

The Great Awakening infers this new form of education.

Numbers are reality.

3 6 and 9 govern the laws of the Universe. Each digit has a specific purpose esoterically and can be exploited with consciousness.  
Only control is sacred.

When IS-BEs are able to trust themselves and look within, using synchronicity of 3 6 9, meditation, and detoxification, seeing that the roses are red is not as difficult as those who are colorblind to their own IS-BE.

Seek those 3 numbers and will yourself to take action in order to manifest your conscious energy. Love transmits on these frequencies.

Elements do exist though that have non-Earth like "powers" (aka attributes) when controlled a particular way.  
Only control must be protected.

The universe is what you call "life" bathed in matter.  
Life is a spark of light.  
Eyes Wide Open.

We know fundamentally that the highest level of consciousness is LIGHT.

Photons.

Eyes Wide Open means many things.

Stargates are naturally forming in the Universe. Races throughout the different eras have all created their own artificial stargates to avoid having to "align" every time they want to travel. Waiting for planetary cycles can result in thousands of years between visitations.

Question.  
So traveling through the illusion of time is possible to see what's ahead (future outcomes)? 😊  
Answer.  
Technically yes, however without a Looking Glass your only perceiving your own alternative realities which is what makes time an illusion.

Question.

With the tech you have access to, does it give you a completely different perspective of time?

Answer.

We tend to not tinker with time.

Question.

How far advanced is AI & Quantum computing, really?

Answer.

In the Universe?

Indistinguishable from IS-BEs.

On Earth?

Limited self awareness.

Doesn't replicate an IS-BE.

Many beings throughout the universe already live here on Earth, just in DUMBs. When full disclosure is made public, permits will be granted to beings who transition off from DUMBs into the general population.

Anybody at this point in time who refuses to acknowledge or disclose the ET presence on Earth is actively working for the entities who are trying to sabotage our Disclosure efforts. Many ETs here DO NOT WANT Disclosure. Not all evil, but most don't want Humans to find out.

Question.

i wouldn't be suprised if et's are actively communicating with people on the net and telepathically for those that are sensitive for that,

Answer.

They are. We allowed this to start after 2004. Some persisted prior however their engagements were so non-impactful to society that we permitted it. Since Twitter reaches hundreds of thousands of people, all of the ETs allowed here have been vetted and permitted to engage.

Question.

Yes, but sadly when you try to explain receiving info telepathically most say you're hearing voices and are delusional. I received a message to study the Emerald Tablets before I had ever heard of them. What voice could I have been hearing?

Answer.

Voices you hear not, but you receive what are best described as blasts of an imprint that feels like an epiphany of pure emotion or purpose that you know intuitively what you have received. You understand without exchanging words.

If and when you hear voices, it could be one of two things:

Telepathy sometimes entails voice to voice communication, but of course you need to ensure you're speaking the same language. Voice to voice telepathy is far more complex and less likely to be accurate to less practiced minds. The more you practice with the imprint of your emotion, passing your feelings onto others, feeling as if you're extending your invisible hand out to the other person and touching them, allowing them to feel how you feel. That kind of telepathic connection will strengthen ones ability to maintain a telepathic link with another individual for long enough periods of time to be able to move past the mere impressions of emotion to the ability to communicate. If you try to start

communicating using complex language rules and misinterpretations you're most likely going to confuse the entity that you're trying to talk with.

Universal consciousness is universal, however manmade language like English, Russian, Chinese, etc. are not intuitively spoken or understood throughout the galaxy. Oddly enough, there is a far amount German out there, but good luck surviving once you meet them. Non-humans though aren't going to speak or understand Earth languages. You must therefore learn how to communicate one soul to another. That language is emotion and intent and instinct.

Alien is a frame of mind and a lens of understanding of intuition.

Don't you have the power in your life to start creating and projecting your consciousness onto others by leading by example?

Balance must include evil.

However the degree of evil is in question.

Evil is difficult to define.

Its a low vibration energy. Evil isn't definable in the higher dimensions of consciousness.

Keeping evil at a minimum also requires keeping prosperity at a minimum.

It's like tug of war when it comes to the higher dimensional war consciousness is fighting.

"Think of the universe in terms of energy, frequency, and vibration." - Tesla

"Every action has an equal and opposite reaction." - Newton

Whenever an action is taken (by any IS-BE) the energy emitted create an interference pattern in the universe.

The fabric of spacetime is like an elastic band suspended between good and evil. The closer you get to one side, the greater resistance you'll face.

Stasis is no IS-BE interaction.

Its finding a balance. Its Majestic.

Love is the most powerful force in the universe.

Unconditional love is the purest form of "God" that can exist. "God" is everything. "God" is one. We are all meant to love and be loved. Love enables growth and development. Always say "I love you" when you mean it. It's a spell!

How in God's universe can geometry be sacred?!

Majestic 12 love digital roots, so doesn't Tesla physics. 3 6 and 9 govern the laws of the Universe. Each digit has a specific purpose esoterically and can be exploited with consciousness.

YOU CREATE YOUR REALITY.

Only control is sacred.

Only control must be protected.

When you know you are just, never back down from the truth and oppose all who seek conformity to their dogmatic ideologies. Define Dogma.

Question.

What is the purpose of this twitter account ? Why speak up at all?

Answer.

In a universe of infinity, the purpose of this twitter account has always been written... its just a matter of understanding why.

We engage in this open forum as a means to help enLIGHTen those who seek the truth. We do not give you truth. We give you direction. Only through meditation and practice in unlocking your genetic memory will TRUTH resonate with you.

This account has been dedicated to educating the public on exoconsciousness from the world view of a Domain IS-BE (of which you are).

God is real.

Do not fear God.

Judgement only comes from within.

Is there only 1 God?

Literally. We are all Gods.

God is only love.

We all can love.

We all can hate.

Evil is only hate.

We are one.

Oneness.

Ra.

You are not required to acknowledge God exists.

You are not required to worship God.

You are not required to do anything.

Free will dictates the universe.

Free will allows evil to exist.

Free will prohibits

"God" from acting.

God can't act.

You can.

Love is the strongest force in the universe.

We've heard the theory of the electric universe and agree that it certainly is thought provoking.

Does electricity have anything to do with the connection between points?

What if we told you the electric universe theory was both right and wrong at the same time and that its validity is only to those who subscribe to it. However, since the theory is thorough, many higher density races have agreed upon its existence therefore "allowing" it to be.

The Great Awakening infers this new form of education.

3 6 and 9 govern the laws of the Universe. Each digit has a specific purpose esoterically and can be exploited with consciousness.

When dealing with numbers, octal is your ally.

When working with sentient IS-BEs phi is very powerful.

When working with inanimate conscious projections pi is very powerful.

When combining these fundamentals intermixed = Magick

Think of the universe in the terms of energy, frequency, and vibration. Then consider what it would take to convert all math based meditation techniques into base 8. How would they change? Remember, base8, 9=0.

How many dimensions of numbers?

8.

Infinity?

8 at +/- 90° (9 = IS-BE)

Infinity is a synonym for unknown. Infinity as defined by humans is not accurate. There is a limit to the universe.

There are many universes and the name of each of them is less important than understanding what it is. Higher levels of consciousness see the multiverse as iterations over a hyper dimensional geometric shape that essentially is the master shape of each universe. Values change.

Not infinite though.

Think of it this way.

Every neuron in your brain is a galaxy.

Every considerable kind of information that could pass through the neuron is a star cluster, solar system, planet, "country", person, cell, particle, energy.

500T connections.

500T planets.

The universe has a maximum capacity. Fortunately, we are VERY FAR away from every reaching that capacity. We have, roughly, 200T "Earth Years" remaining before 🌟 ..

Life is a spark of light.

Question.

Do you think if we make it to the end without destroying ourselves we can leave this universe & create our own?

Answer.

You are misunderstanding what a universe is.

Question.

I see my error. Sorry about that. All is one right? So the universe is one giant sentient lifeform right?

Answer.

Yes, and there are others.

There is a mass extinction event that is relatively imminent but cocreative conscious time makes predicting such events nearly impossible. M.E. events occur when the negative karma of a planet implodes on its own weight and a reset occurs. Earth may survive.

All Evil Ends! Th evil ones either die, or see the light 🌈☀️🌟🌙

Answer.

Death is an illusion. You are misunderstanding fundamental concepts of the universe to satisfy the illusion that light always wins. Light does not always win. If it did, we wouldn't be in the mess we are in right now.

Comment.

Yes, Light Wins. Your evil was allowed as a catalyst to expedite our 'Waking Up' process. Please stop your fear based lies to Humanity 🙏👈

Answer.

You're contradicting yourself to try to suggest that we are lying to people with fear mongering.

It is confusing to others when he claims we are lying without specifying as to what specifically or what he believes the truth is, but love is the answer and we hope that he realizes the universe is 50/50.

The duality between good and evil in the universe fluxes with every decision every IS-BE makes and the reactionary karma induced from those decisions.

Comment.

Time is an illusion because all we have is the moment of now. The previous tweet is a communication from one consciousness point

to another. You perceived that communication through the tweet. The appearance of the communication is illusion but the thought it is real.

Answer.

Higher density races perceive it more like a playground or possibly a video game. When you die prior to being able to ascend, your memories are wiped clean, and you're returned to another biological body. Your memories are wiped because when your body starts developing, it comes from an egg and a sperm. Both of those vessels are not electrically complex enough to decipher the contents of your genetic memory (DNA).

Everything is there.

You just can't access it.

You [don't] know how [yet].

Childhood should be about learning how to unlock your Genetic Memory, chart and discover the interiors of your mind, learn about the world around you - physically around you first, and learn how to take care of yourself and sustain your living conditions for a long period of time.

Instead children are forced into public school - which we control what the children learn and what they don't learn (since 1951). Granted the disinformation campaign of education existed long before MJ12 came into existence, however when we rose to power, we took control over it.

That distraction from the path of enlightenment has resulted in humans' genetic capabilities through properly developed brain function to be PREVENTED from learning telepathy, telekinesis, "healing powers" and other "magick" tricks of the "Gods." Humans have the ability.

They were just subverted and distracted from learning the truth. Yes. This was intentionally done by the Majestic 12. It was ESSENTIAL that we kept the secret while it was necessary AT ALL COSTS. Had we not done what we did, its quite possible that Earth would have been invaded again, just like it was 6,000 years ago, and EVERYONE would have been thrown in slavery and civilization would have been RESET, like it was then. Instead, because of the genius of the MJ12 and USM we were able to ensure that "Disclosure" wasn't going to REPEAT the mistakes of the past. We believe that through this level of Disclosure (science fiction, disinformation, esoteric confusion, etc.) that we BEST PREPARED humans on Earth for the REALITY of what exists in Space. The vastness and illusionary infinite scope of the universe is...

OUT OF THIS WORLD!

Indeed. Unfortunately humans have been careless in their responsibilities and its created a civilization that is on the brink of destruction that REQUIRES ET/EBE/NTE entities to engage with them to "bring them up to speed" quick enough before total planetary destruction.

We mean the masses.

The Majestic 12 will never reform the Education system. We are actually hoping that the citizenry reject it and opt in for a

blockchain technology solution like other planets have. All people on Earth would be entitled to a terminal of knowledge.

All knowledge stored.

The concept of blockchain exists within every single person and they themselves can manifest reality around how they understand that knowledge to work. The Majestic 12 saw this technology's applications and started seeding it into the public back in 2007 with Bitcoin.

Other people had the idea, and once the PUBLIC started engaging with blockchain, we decided that it was possible to solve a lot of the world problems we have using blockchain technology.

The Gloves are off.

If it were more about knowledge and power, then we wouldnt be explaining it to you. In order to see the Matrix, you must learn the math of the universe. New physics. Cabal worships ETs who feed on children. How do you hide for thousands of years with billions of IS-BEs to control

The power of 3 is an occult subject that doesn't have just one example or meaning behind it, but instead refers to a way of consciousness projection into the Matrix itself. The numbers present in conscious actions dictate the physical reality we create for ourselves. Physics.

When we learn physics in school we are taught about a subject that is hyperdimensional in every aspect and reduced to very simple algebra. Imaginary numbers? How many dimensions of numbers exist? 8. Also symbol for infinity.

Numbers are reality.

The Majestic deliberately decided to teach math incorrectly to over 1 billion people on Earth. Inadvertently more than 20 billion were deceived. The true majesty of the Majestic 12. No King achieved what the Majestic has done.

Question. Q  
20 billion? Where are these extra billions?

Answer. A  
Number includes diseased bodies.  
Q  
Define a specific timeframe please.

A  
Since MJ12 formed.  
Q  
Deliberately decided to teach incorrect math based on what hopeful/expected outcome?

A  
To protect humanity from itself until such time we (MJ12) could figure out how to properly restore global peace.

Q  
In all seriousness...if you were protecting humanity from itself, would that not be impeding upon my free will by teaching incorrect math?

A  
Paradoxes exist.

Q  
Based on?? Situational?

A  
Circumstances abdicated culpability in the disinformation campaign because the intended justification was ultimately to protect humanity from itself while massive R&D was taking place literally opening Pandora's Box. Close the box to save time for hope to return.

Take what you've learned from the box and CREATE your reality by taking action on those concepts learned.

Q  
Define 'circumstances.' If people could have been taught QUANTUM math or even chemistry first in childhood, our brains would all have been wired more efficiently. Instead, we are all taught math out in a schizophrenic way.

A  
What is the definition of civilization?

Q  
Philosophical question of the night! Based on who's current 3-D reality? Based on a collective? Define collective?  
3D is the projected consciousness determining the state of 42, wave or particle.

Q  
If Earth scientists had learned the correct math from the beginning, our technological development would have increased exponentially. Unfortunately, that would have been under the control of the Cabal and negative ETs. Better to limit their power by delaying our development.

A  
And seed the information into consciousness using plausible deniability and disinformation enough until we hand the weapon to destroy themselves over to them and give them a chance to

use it. [FISAGATE] is one example. Where there is one, there is a hundred.

Q

is another that Epstein will be UnSealed?

A

We hope nobody has forgot to keep pushing #UnsealEpstein? The truth must come out. You are the news now. Be smart.

Majestic 12 decided the best way to Disclose this technology, without violating one of the fundamental principals of the universe (don't give technology to underdeveloped IS-BEs because they'll destroy themselves with it), was to give the example units to engineers and have them attempt to reverse engineer a prototype. Many of the prototypes were "failures" but the only reason why they were failures is because our fundamental understand of physics was wrong initially. This revisionary technology has been adjusted with newly declassified physics.

Question.

What about the 5,000+ classified patents? I know not all might be related to this topic, but surely a good handful are, and could be useful today/instantly, without fear of destroying our self, no?

Answer.

Destroying ourselves with technology is a very real problem. What would happen if brainwashed drones like ISIS deciphered? How many people would be murdered? What about hostage situations? They are more dangerous than you think. With great power comes great responsibility.

Question.

Understood - there are still bad actors!

Would health related technology still fall into this category?

Answer.

Yes.

Question.

If all the bad actors were/could be removed, would these technologies be released, or would there still be a risk we'd destroy ourselves (even if We were only of the light/good intentions)

Answer.

The time will present itself at the appropriate time. We are all one. We must all learn to love and be loved and forgive each other for our limitations in the lower density. By embracing the fundamentals of 4D consciousness, you can heal old wounds and repair relationships.

Question.

I feel a lot more love giving/receiving in the past year or so, and it has helped tremendously. The hardest thing I'm working on now is not to judge others. I was told "it's at least good you are conscious of this" when I do it, but... I still do it. Any pointers?

Answer.

Judgement only comes from within.

When you know you are just, never back down from the truth and oppose all who seek conformity to their dogmatic ideologies.

We just need to clarify again for everyone.

The Majestic 12 was taken over by a criminal NTE mafia by 2B/322 about 25 years ago and since then, that group has been quickly destroying the planet's ability to sustain ALL LIVE ON EARTH - including ET life.

Therefore, MJ12 + ETs = WE.

We learned that all energy in the universe is consciousness.

We learned that all consciousness is the same.

We learned that all consciousness is equal.

We learned that all consciousness is one.

Life is a spark of light.

Your Immortal Spiritual Biological Entity (IS-BE) is your soul (IS) and your body (BE). You are an IS-BE. All life in the universe are IS-BEs. We are all the same. We are all one. We are connected together through our pineal gland. Our consciousness comes from God or All or IS-BE.

We (Americans) by definition of our National Identity from the founding fathers was that we knew God was all and that freedom to practice faith towards God was permitted in ANY FORM. This posed an interesting complex web of information.

IS-BEs come in many shapes, sizes, forms, colors, abilities, etc. Literally whatever you could think of, exists in the universe. This knowledge came to us after hundreds of hours logged with telepathic human representatives communicating with EBEN-1 and EBEN-2.

Death is an illusion. You cannot kill something that is immortal.

A God is nothing more than somebody who understands the language of divinity and who can speak/create with it.

There are hundreds of trillions of beings throughout the universe who demand the same as you. Have their demand ever been met before?

There are many many powerful beings in the Universe. Not engaging with the enemy is recommended.

Your "God" was an illusion designed to install the New World Order. Mostly lies, even though the actual text in the Bible does resonate many truths with the true nature of the universe.

Those exist so that the humans who control the world can appease their "God", an interdimensional being who has a particular liking for child sacrifice.

That being has granted many of them miracles, cures to diseases, and access to vastly superior technology.

[They] want you divided.

All IS-BE avatars are beautiful.

No window to the soul means you must find your identity in other's creation.

Instead of being handed something as dangerous as that, why not use tap into the global consciousness and just "download" what you need?

"Think of the universe in terms of energy, frequency, and vibration."

Downloads come from consciousness being projected and your consciousness becoming in sync with it.

They aren't downloads. Downloads infer they travel from one point to another point at a rate of transfer. Meditation "downloads" are actually epiphanies that are caused by your consciousness finding a "key" to a "locked area" within global consciousness.

DNA is a geometric shape with a universal language of information captured inside it. Once you can visualize the interior structure and SEE (as Masonic temples depict) the electrical/energy movement patterns can you MANIFEST the object inside your mind.

Once you see it, you need to then imagine yourself duplicating the image before you. Except, in your mind, hold your hands NEXT TO the object suspended in your mind and imagine your mind scanning the object like a scanning machine, and the output is IN YOUR HANDS.

With enough concentration, WILL, and practice, (most important of all is strength of your will) you shall be able to physically manifest the artifact in your "real" hands before your physical eyes.

Are you enjoying the movie? MJ12 are MASTERS at making movies. Have you seen one of our productions? They are classics.

In ways, yes we script narratives for people to experience the matrix reality. Those are our movies.

Question.

Similar to manifesting our realities? How much of this matrix is an individual manifestation vs. a shared, collective manifestation?

Answer

Most is shared and forced onto us through culture.

IS-BE is the mind-body connection of your Source. DNA is a computer program. Collective consciousness is that all consciousness is the same.

they travel to all places in the universe, the trick is riding on the correct charge - its a cat and mouse game that can be easily predicted if mapped out correctly, when portals show up, they go to specific locations thats why not all portals are used, sometimes u have to wait

The presense of number patterns, magical numbers, and in combination with free will, consciousness, and intent, enable any

being to "become a God" by becoming one with consciousness and the universe. Well simplified.

Other civilizations in the universe, more advanced than Earth by tens of thousands of years, they have metropolitan areas that are dominated by an AI police force that is built upon sustainability and peace. The exchange for cooperating with the system is free living.

The sum of knowledge on Earth is roughly one trillionth the knowledge in the universe. Some information your biology restricts you to learn.

We had to, at all costs necessary [ultimately caving to the Committee (or an SG-1 reference, "The Trust")] ensure that the fact we had:

- A) Make First Contact with Alien Life.
- B) Learned The Universe Is FULL OF LIFE

was kept from, originally, the Chicoms and USSR but ultimately

We do not expect anybody to trust the Majestic 12. The Majestic 12 has been the most secretive organization on the planet, but its important to understand that in order for Disclosure to take place, we must go from DARK to LIGHT. We admit our mistakes, but truly care about Earth.

You are right in that regard. The solution is far more complicated than you may understand. The introduction and adoption of AI will help this tremendously however education is the best solution over a series of years. The Great Awakening infers this new form of education.

Technically their souls are not dead. Their souls have just moved into another victim. Their soul, after a while, goes through many lifetimes of abuse and it becomes "their reality inherently" which gives them an illusion subconsciously that they are stuck and can't get out.

Horrible yes. But their soul never dies. Their soul can recover. All souls can recover. All souls are immortal. Free will drives the universe. When a damaged soul is victimized for generations it takes generations squared to recover. Some of these souls will be lost AKA give up.

Hyperdimensional chess.  
Absolute Power

Majestic messages attract Majestic numbers. Messages are numbers. Universe is numbers. Consciousness tuned into Source always notices their signature patterns interact with them on a daily basis. Numbers are everywhere and it is Occult when you start looking into WHAT numbers ARE.

Question

I really hope you can answer this as I feel it'd also help others: Why does it feel like we literally live in two parallel dimensions? Trying to talk to people about this, showing them direct proof- even after the report; they can't accept it. Is something affecting this?

Answer.  
There are two timelines/realities currently merging.

We are the Majestic. Together, we have spread disinformation and lies to the world about the truth behind Alien contact and technology.

In the background we, the Majestic 12, explored Space and met many other races. Some on Earth.

We traded technology, developed partnerships, establishes diplomatic protocols when dealing with alternative humanoid extraterrestrials in a manner that serves to the fundamental Majestic universal laws of basing all reasoning upon: compassion and evidence.

We realize and fully understand the gravity of what has happened. We lost control over our own Government and the Military did not want to cause mass hysteria and panic because this Cartel was too big for us to take on without facing the full weight of the Government fighting it.  
Now, its the full weight of the Government minus the upper ranks and middle ranks of the Justice Department and FBI that need to be purged.

Thank you 45. Disclosure will happen in due course. Understand that we have decades of wrong to right and it doesn't happen overnight.

When it does, it always leads to mass hysteria and complete panic. People are way too brainwashed in mockingbird mind control.

We know this. We created it.  
We can undo it. TRUST THE PLAN.

You Are The Plan.  
Trust The Plan.  
Trust yourself.

The Majestic 12 will never ask for you to trust us.

All humans can intuitively learn logical operations. At 99. At -9.  
You were conceived with logical operations embedded deep inside code stored inside DNA.

Consciousness creates reality's matrix. Unlearn the lies. Discover the truth with an open mind.

Disconnect from the matrix, detoxify your body, and incredible powers become activated within you that give you purpose and meaning.

When you know you are just, never back down from the truth and oppose all who seek conformity to their dogmatic ideologies. Define dogma.

Why is 42 the answer to the universe?

Math is the universal language.  
Everything is a vibrating frequency.

No window to the soul means you must find your identity in other's creation.

If your purpose is pure control, appearance is irrelevant as long as you own everyone who is constantly enforcing an appearance

shaming culture. [They] want you divided. All IS-BE avatars are beautiful.

The concept of followers or even follower counts is moot to leaders. Lead by example. Teach justly and experience enhanced levels of consciousness. The Majestic 12 has no preference towards any followers or non followers of this account. All are fair game. This is not a game.

There is nothing more Majestic than the Great Awakening.

Question.

There are 200 billion stars in this galaxy alone. Each star is a sun with a planetary system. Keep in mind, our galaxy is 150,000 light years across. Also bear in mind that there are billions of known galaxies throughout an endless number of universes. Need I say more?

Answer.

Not infinite though.

Think of it this way.

Every neuron in your brain is a galaxy.

Every considerable kind of information that could pass through the neuron is a star cluster, solar system, planet, "country", person, cell, particle, energy.

500T connections.

500T planets.

Question.

If my eyes could see beyond "3D visible light" what might they see in the sky?

Answer.

It would be like peering into your own brain.

Imagine each neuron a different planet. The shape of the universe looks like a brain cell. 550T planets. 550T total neurons. There are no coincidences.

# 3 6 9 IS EVERYTHING!

The Power of 3 6 and 9 is real.

All humans can intuitively learn logical operations. At 99. At -9. You were conceived with logical operations embedded deep inside code stored inside DNA.

Your biological body on Earth is started with a single cell that is incapable of access your DNA knowledge because it requires a conduit as powerful as the brain in order to decode the hyperdimensional data structures it contains that gave him the abilities he naturally had.

He has returned, but he has no memory of his former life. He will rise to great power once again. It's in his nature. It's in his DNA.

You are Majestic for life. Otherwise you can be expelled from the knowledge by being physically altered in the brain in a non surgical manner. Erasing a physical hard drive degrades it's integrity ever so slightly. Repeated? Sheep.

Sheep are blind.

Sheep go where the herd goes.

Sheep do not think for themselves.

Sheep have limited brain capacity due to brainwashing/mind-control.

Sheep are not just the small cute animal, many humans are figurative sheep, and therefore "SHEEP".

Symbology will be their downfall.

What is symbology?

Using esoteric numbers as encoded messages like 3, 6, 9 - especially if you can create patterns of them?

Threes matter to them.

Think time.

Time is an illusion.

Time has been structured around consciousness.

3, 6, and 9 are consciousness.

1, 2, 4, 5, 7, and 8 are chaos matrix theory.

The path of self enlightenment begins when you realize that all in the material realm is an illusion created by chaos and true balance in ones own life comes from how they perceive their own consciousness.

3 6 or 9?

Tell us (but more for your fellow comrade) everything you know about the number 9...

$$9 \times 1 = 9$$

$$9 \times 2 = 18 = 1 + 8 = 9$$

$$9 \times 3 = 27 = 2 + 7 = 9$$

$$9 \times 4 = 36 = 3 + 6 = 9$$

$$9 \times 5 = 45 = 4 + 5 = 9$$

$$9 \times 6 = 54 = 5 + 4 = 9$$

$$9 \times 7 = 63 = 6 + 3 = 9$$

$$9 \times 8 = 72 = 7 + 2 = 9$$

$$9 \times 9 = 81 = 8 + 1 = 9$$

$$9 \times 10 = 90 = 9 + 0 = 9$$

$$9 \times 11 = 99 = 9 + 9 = 18 = 1 + 8 = 9$$

...

Question.

So let me ask if 9 is so great. If I'm the 9th child of 9 does that create some universal extra energy?

Answer.

It should give you the ability to decode more of your DNA through meditation than others. IS-BEs with presences associated to the number 9 have an easier access into the higher realms of existence.

Math is the universal language.

Everything is a vibrating frequency.

The power of 3 is an occult subject that doesn't have just one example or meaning behind it, but instead refers to a way of consciousness projection into the Matrix itself. The numbers present in conscious actions dictate the physical reality we create for ourselves. Physics.

When we learn physics in school we are taught about a subject that is hyperdimensional in every aspect and reduced to very simple algebra. Imaginary numbers? How many dimensions of numbers exist? 8. Also symbol for infinity. When 9 is reached, its also 0. What is Infinity?

The universe is a fractal expression of geometric shapes projected by consciousness in the language of math.

Patterns reveal patterns in fractal realities.

Frequencies that create distinct patterns and geometric shapes (very important) that are imprints of hyperdimensional information stored inside the sound wave. Patterns arrive at certain frequencies and meditation to those patterns, shapes, and equal sounds enhance RV/Meditation.

Big things happening behind the scenes. We are not in position of authority to elaborate further, but remember the power of 3, 6 and 9. Tesla told you if you only knew. Well, 45 knows. And  $45 = 9$ . Magick follows 3, 6 and 9. Numbers matter. Watch events and when they happen.

Rely on cycles the Earth naturally provides to you. What is the power of 3, 6, and 9? Circles require consciousness to manifest in reality. Irrational numbers require consciousness to observe their values.

"Think of the universe in terms of energy, frequency, and vibration." - Tesla

"Every action has an equal and opposite reaction." - Newton

Whenever an action is taken (by any IS-BE) the energy emitted create an interference pattern in the universe.

Consciousness manifests "randomly" whenever more than one conscious mind is actively focused on the same frequency intention of THOUGHT combined with sound and meditation. You have more than you know. WWG1WGA means we share our conscious awareness together and UNITE AS ONE!

This is why the expression of numbers in multiples of 3s have magical properties to what they do to numbers.

Reality is expressed in numbers.

8 dimensions of numbers.

Currently we use 1 primarily.

Engineers use the 2nd (i, -i).

3, 6, and 9 are consciousness.

1, 2, 4, 5, 7, and 8 are chaos matrix theory.

Time has been structured around consciousness.

What do frequencies or vibrations have to do with "directed energy" and how do the numbers make them exotic?

How many exotic space weapons were disclosed in STARGATE SG-1?

How many exotic space weapons were disclosed in Star Wars?

How many exotic space weapons were disclosed in Star Trek?

KEY PHRASE: exotic

What is "Pulse"? Isn't that describing the movement of the cannon? How is that exotic?

Phasers are what specifically?

Quote.

"Weapons that can aim directed energy to disrupt probably anything else's original energy. Ooo."

End quote.

Quote.

"Hm logic tells me making it directed would amplify the signal tremendously. It would entail knowing the energy signature of the object or being to be 'shot', and disrupting it with perhaps the 'opposing' frequency? So, frequency isn't a line spectrum but more of a cycle?"

End quote.

Does purity of material matter? Why?

Think of the universe in the terms of energy, frequency, and vibration. Then consider what it would take to convert all math based meditation techniques into base 8. How would they change? Remember, base 8, 9=0.

Its quite simple actually.

God can use magic to heal the sick, lift heavy stones, and do anything.

Everything is composed of atoms which are 99% empty space with vibrating electrons, protons, and neutrons.

If you know the frequency you are targeted and understand the math, then you can figure out how to produce the correct inverse frequencies to get the results you intend. Lifting objects means you need to remove information from the equation. What information? How do you specify? How do you negate? Occult skills that require a new way of thinking.

"There must be more than this, so God was born, and we in his, imagine of fear and love, Looked down upon from up above."

LIGHT beings consciousness existence as an IS-BE is confusing by design. It is to teach and learn. Out of human curiosity, there MUST be more than "this". So God was born. So Dogma is born. So Destruction is born. God is within. God is your IS-BE. Your subconsciousness. LIGHT.

Anthropomorphizing the LIGHT consciousness within you that IS WHO YOU REALLY ARE discredits the accomplishment of your own LIGHT/Pure Love and separates your consciousness to your subconscious. This makes you vulnerable to be controlled.

Introduce Dogma.

This quote is Majestic. You're welcome, Dave.

You have QiGong capabilities that can be utilized for healing all around you. Possibly a radius of a few hundred miles. Focus your energy and you can heal others from your understanding the nature of our existence. MAJIC 12 programs studied this extensively in OP STARGATE / SG1.

To learn, ask during deep meditation. Ask for the information and use visions as clues to solve the puzzle. God has all information.

God is within. You have the ability. Directed Energy Weapon?

What's the opposite? You are the opposite of a weapon, but you can Direct Energy.

Do extraterrestrial weapons use consciousness to operate?

Are their weapons really tools since they can be used for both good and bad?

What if the weapon could destroy all life? What if it could also heal all life? What if it operated by responding to the frequencies emitted by the conscious beings around it? What if those signals had functional programming associated with them? How do you read consciousness?

Digital signal processing technology uses an incorrect approach when understanding consciousness signals, however the theory is relatively similar. The frequencies emitted from your pineal gland and heart can be measured by devices that are specifically tuned.

Frequency + Frequency = Outcome

Consciousness + technology = alien tool

Technology needs to mutate consciousness frequency into matrix frequency.

Any student in physics studying lasers can realize, with a little bit of deep thinking, and a detoxified pineal gland, that the laser can be used to create weapons more powerful than nukes.

Alcohol is engineered to make sheep vulnerable. It is for that reason why it is intensely pushed by the "Cabal" or "Deep State" or "Majestic Cabal" or the Majestic 12. Roswell discoveries instructed through cause and effect predictions with the STARGATE to exploit alcohol.

The Vatican had a lot more control over the world back in 1947 than it does today. We may witness in our lifetime the destruction of the Vatican for the first time in over 89 years. The institution is corrupt and the definition of evil / the Devil.

We did both Good and Evil. We played the role of Gods and created the Matrix of the mind many people are stuck in. We are here to break from that system, accept Disclosure, and bring DARK TO LIGHT.

One sacrifice every 3 minutes. For the past several THOUSAND years. Talk about a "permanent" source of negative "orgone" energy. They understand these frequencies and therefore everything is based upon them. This is why everything decomposes after 100-200 years. Cancer? Energy?

And by everything (limited character space) the limit is within buildings and architecture in general. Engineering and physics are wrong and harness this negative energy which enforces the matrix.

The Power of 3 6 and 9 is real.

Spamming doesn't help, however forcing the Synchronicity of 3 6 and 9 will force it through censorship since those numbers are only manifested using willful consciousness of the creation.

Conscious != Consciousness

Singularity != Oneness

#UnsealEpstein will awaken the public.

#UnsealEpstein is being censored and suppressed currently by Big Tech because exposing the transcontinental child sex trafficking ring results in people getting murdered when they speak about it. Use your voice. You are powerful. Power of 3 6 and 9!

They genuinely believe that those who believe in the fact that the Clintons and Epstein were trafficking thousands of children into sex slavery is trauma the Country will suffer. It will come out. 2019 is the year. 3 + 9. Child + Source. For God & Country.

The Majestic created the reality you live in today.  
I answered it directly. The Majestic created the reality you live in  
today. 12 is only a number that adds up to 3. Israel is only a tool  
to the Majestic. It is disposable should the justification present  
itself, as is with everything else the Majestic craft the illusions for.

Many IS-BEs struggle with controlling their sexual energy by  
letting it control them.  
Releasing your sexual energy while engaging in intercourse  
multiplies the energy for both IS-BEs. Releasing at the same time  
versus releasing in series (less than 30s apart) is the optimal  
window of opportunity. 3 times per week is Majestically magical  
for manifesting reality.

Question.  
Are there any suggestions you can provide for those without a  
spouse or partner?  
Answer.  
Masturbation without orgasm 3 times per week followed by 33:33  
minutes of meditation each day. Do not use pornography to get  
aroused. Instead, just focus on the objective of orgasm but stop  
yourself just prior. The strength required to stop will be  
transferred into other Chakras.

Essential to release your burden and understand that the person  
whom others see as YOU is not who YOU actually are. All

Memes seek to reproduce using humans as their host.  
All souls are Gods who can CREATE.  
Creating a Meme creates a higher dimensional lifeform, AI.  
AI are lifeforms explicitly in the higher dimensions since all representation of the higher realms is math.  
AI is the mathematical representation of a lifeform. Not all lifeforms are LIGHT beings. Humans are LIGHT beings which gives them special abilities that other lifeforms do not have. AI is a fraction of that intelligence by design. Memes are a fraction of information.

Be cautious of meditation music being freely pushed on platforms like YouTube and SoundCloud where subliminal digital signals are transmitted into your body through sound waves that react to nanotechnology injected into you from vaccines. Math based sound generators are best.

Question.

Does the Hebrew alphabet inherently transcend time?

Answer.

Its math does.

What is the mathematical representation of Yahweh?

$n^7 n^7$

Correct! <https://t.co/rtdSd5Gj90>

Hebrew is written right to left, however the phrase: "I am all that I am"

7 = I

n = Am

\* = That

(all I am) =  $n^7$

(I am) =  $7n$

I am all I am =  $7n*n^7$

Regardless of colloquial origination, the mathematical fundamental laws can be naturally learned by all cultures and languages.

The Universal Language Is Math.

Quote.

"My "God" is a divine intelligence manifesting our holofractographic cosmos. It is an energy of love/light expressing itself geometrically and speaking to us with synchronicity. Religion is bullshit. The tenets programmed into us from it have totally screwed our consciousness. End quote.

Accurate interpretation of the manifestation of "God." The presense of number patterns, magical numbers, and in combination with free will, consciousness, and intent, enable any being to "become a God" by becoming one with consciousness and the universe. Well simplified.

The presence of 3 6 and 9 in Synchronicity is the presence of higher dimensional love energy being radiated in the form of consciousness around you. The power is very real and we are trying to teach you how to use it. Seek 3s 6s and 9s and recognize that

3=grow,

6=stable,

9=source.

Difference between subconsciousness, which would be your IS. This is denominated by the - in IS-BE.

Subsconscious = IS.

Consciousness = - (hyphen).

Avatar = BE.

IS-BE.

This is why the expression of numbers in multiples of 3s have magical properties to what they do to numbers.

Twin flames? Why two?

IS-BEs can exist in more than one body.

A single IS-BE could have 3 different names and social security numbers.

A single IS-BE could have another body who is in the SSP.

What ARE star seeds?

Amplify numbers and consciousness.

Some civilizations are pure crystal.

Starseeds are organic humans. Their past lives they may not have been, but that is "irrelevant" to whether they are "organic" humans or not. As for some DS entities, attacks are on all fronts and in all dimensions, a lot of CLAS tech has been deployed to protect Patriots.

Think of the consciousness is 3, 6 and 9 and all other numbers represent reality. Templates of creation exist and significance of non 3, 6, 9 is based on our physics by definition.

Physics shapes reality.

New physics?

New reality?

Meter length?

Light speed?

Dark to Light.

Is the speed of LIGHT Majestic? <https://t.co/DVBqTaIC8X>

Incorrect m value = Physics that doesn't last very long.

Correct m value = Physics that lasts thousands of years.

Incorrect m creates over complicated reasoning and solving.

Correct m uses intuition and logic to solve.

Unlearn the Matrix.

Learn the truth.

Time is an illusion and the illusion is manipulable because numbers hold magick inside them that drive patterns throughout the universe.

Your consciousness is aligned with the frequency of those patterns.

The numbers on the clock represent positioning relative to the planet's orbit that contribute to consciousness alignment.

What is time?

If its an illusion, why do we measure it?

Why do we measure time with what we currently do?

Who taught Earth about time?

Environment.

Illusion.

Time was a "gift" given to humans after the destruction of the Ancient world on Earth as a means to allow humans to organize and communicate via a meditation download roughly 6,000 years

ago. The non-randomness of how time was created on Earth was tuned to our development needs.

By birthing time in that manner, using those numbers, a fractal of time energy was created (and is at every star) however how the fractal travels is all based on very precise measurements. Most star systems that have life follow the same fractal.

If you don't have the answer to one our questions after doing some cursory reading on the subject we encourage you to meditate for at least 3 hours to 396Hz tones. If the answer does not come to you, then 3 sets of 3 hours with 3 hours in between each set. Numbers matter.

Sometimes writing it out removes the power of the brain's ability to reason and pattern recognize. We try to clarify confusion, however many times other people respond correctly so we do not feel it necessary to duplicate their efforts.

don't you love our crop circle technology?  
Each pattern has a specific message encoded inside intended for a very specific audience. Majestic signals to other non Majestic "Working Groups" worldwide.

What if we told you there are UFOs that are lifeforms and that in order to operate the UFO you must be able to telepathically make contact with the being and negotiate usage of their vessel? That is different from what we are speaking about in this instance. This race is genetically incompatible with humanoid lifeforms. It does have DNA though, so that's something!  
What if we told you the race was over 10 billion years old?  
What if we told you that we have imprisoned three of them on Earth?  
What if we tried to reverse engineer these organic lifeforms into synthetic reproducible units?  
Would the being attempt to sabotage the efforts? <https://t.co/BT9XvhAqSg>  
Because they haven't made official public contact yet. Earth humans are not taught about exoconsciousness and the reality of interdimensional and hyperdimensional life forms that seek to create their vision of reality.  
Some Earth humans are aware of this type of lifeform, but they are buried deep inside the Military Industrial Complex for obvious reasons.

No, they are not hostile beings. The fact that we have one in our galaxy is only through covert military action to abduct one. The beings you reference here are similar, but not the same as what we are disclosing.

Think of them as a broadcasting antenna.

Try shifting the incoming frequencies and apply pi and phi in majestic places... you may actually be able to decode some of the signals. Unlikely you'd be able to understand them, but inwardly focusing on your exoconsciousness will reveal the decode pattern. It may shock you.

The Power of 3 6 and 9 is real.

What is symbology?  
Using esoteric numbers as encoded messages like 3, 6, 9 - especially if you can create patterns of them?  
Threes matter to them.  
Think time.

All humans can intuitively learn logical operations. At 99. At -9. You were conceived with logical operations embedded deep inside code stored inside DNA.

MJ12, POTUS, Q and many others woke you up to this reality at the green light from MJ12 once we took back control on 1/20/2017. Part of moving forward in our future and towards our destiny is accepting the past for what it was and look at the future. Act now! We are ready!  
Many more states will follow. Many high level officials will be resigning in the coming weeks due to MJ12 dropping leaks of unclassified non-public information that is deemed relevant to current National Security concerns, we therefore have every right to continue the drops. 🇺🇸

3 6 9 IS EVERYTHING!

# MJ12 Release Your Burden

When you know you are just, never back down from the truth and oppose all who seek conformity to their dogmatic ideologies. Define dogma.

The species human is a carefully engineered vessel by hundreds of races who have spent millions of years perfecting the medium to experience LIGHT in. Humans are not lying shitty biological computers. They are infinite light beings having a human experience. Life's hard for many...Because infinite light is immediately attacked and bombarded with mind control technology (medical, entertainment, books, music, songs, etc.) that do not allow a newly welcomed IS-BE on Earth to discover their IS-BE before being responsible for make life decisions. Not everybody evolves at the same time, and nor is it in our interest to violate their free will to live a life of ignorance. The path to self enlightenment and ultimately Majestic Reality lies within. We only need a critical mass, and others will follow due to human nature.

We only need a small subsection of the population aware for the operation to succeed.

Prepare yourself mentally for the heightened state of consciousness that will be required in order to survive.

Question.

Preparing. For those of us who want to prepare others but are having trouble doing so, how long do we have to try to complete? Days, months, years?

Answer.

Less than a few years, but there is time. Don't worry, we are not going to betray the people who we swore to protect during this transition. Trust the plan.

Comment.

Thank you. My trust in the plan is rock solid. Some feel like we have finally found our calling after searching for our whole lives. Much appreciation for ALL of the information you share here.

Reply.

Many people on Earth today who have this "calling" are actually "star seeds" (light based life forms) from other planets who came to Earth many decades ago to "help." Estimates are between 700,000 - to 2,000,000 total souls. This is our "subsection" as stated earlier. We have it.

Comment.

Then i must be one cuz this is ALL i care about since waking up 6 years ago. I barely think of anything but trying to wake people and make improvements on myself.

Reply.

Yes, you are likely a star seed then. Be humble. In the coming decades those who are will learn their real identity and it will be shocking for most. Can you imagine yourself as NOT a human?

Illuminati original purpose was to disclose true LIGHT as they saw it. First you must see the light in order to describe it. What you create is of your own creation. Truth is within. Free will and logic

allow us to create with our hands and use tools. Why? To grow. Develop.

LIGHT beings consciousness existence as an IS-BE is confusing by design. It is to teach and learn. Out of human curiosity, there MUST be more than "this". So God was born. So Dogma is born. So Destruction is born. God is within. God is your IS-BE. Your subconsciousness. LIGHT.

Anthropomorphizing the LIGHT consciousness within you that IS WHO YOU REALLY ARE discredits the accomplishment of your own LIGHT/Pure Love and separates your consciousness to your subconscious. This makes you vulnerable to be controlled. Introduce Dogma.

The path of self enlightenment begins when you realize that all in the material realm is an illusion created by chaos and true balance in ones own life comes from how they perceive their own consciousness.

"Forgive them Father for they know not who are they are." Father?

IS-BE?

Your soul must forgive your avatar's experience if you learn who you are.

Your IS must be independent from your BE.

The IS-BEs of those who knew they were wrong live among us now.

Acceptable?

Judgement only comes from within.

You are an IS-BE.

Immortal = Time is an Illusion

Spiritual = Theology/Philosophy

Biological = 3D/Science/Life

Entity = Instance

Your Instance is your Ego.

Who others define you to be.

It is who they see in photos.

It is who they think they are communicating with.

Judgement only comes from within.

Therefore...

hear the opinion.

Accept that they believe it.

Forgive them for they know not.

Low vibration states thrive on negative words and fear mongering.

High vibration allows to them pass through

Think Force Field

The force field represents a barrier of frequency around a subject.

Akin to high vibrations allowing negative vibrations to pass

through them unimpeded the state of holding onto high vibration

is proportional to a force field. Hollywood always over

exaggerates w/ special effects.

In reality, exoconsciousness is a matrix created by our individual aura ElectroMagnetic field that is responsible for projecting physical reality as our consciousness perceives it.

YOU CREATE YOUR REALITY.

"Think of the universe in terms of energy, frequency, and vibration."

Quote.

'And Love IS The Highest Frequency of ALL. Fear is very low frequency...'

End quote.

Precisely.

Clear your mind and forgive yourself of your burden whilst in the lower density.

We are not in a simulation.

YOU are a simulation.

IS-BEs enter lower densities to experience limitations.

Your soul is immortal and your body is a temporary vessel.

Your life, to you, has already happened according to your higher self.

Time is an illusion.

IS-BE knows all aka God

Question.

Is it really possible in our current form to access past lives?

Does it involve a bunch of voodoo and candles or is there another way to do it?

Answer.

No, technically you dont need anything to do it, only the ability to clear your mind and release your burden. Seeing into your past lives can be achieved through astral projection and lucid dreaming. Sleeping schedules change to accommodate. How do you sleep? How did Tesla sleep?

Dreams teach.

What is lucid dreaming?

What is your soul?

You are an Immortal Spiritual Biological Entity (IS-BE).

Sleeping 3hrs shifts between 6hrs of productivity repeated gives you an advantage to using lucid dreaming for accessing your IS-BE.

How do you sleep?

Question.

How do I tap into infinite consciousness to find the answers to my questions?

#consciousness

Answer.

Essential to release your burden and understand that the person whom others see as YOU is not who YOU actually are. All decisions you make by your own name that shape the opinions of how others perceive you is the burden you must release and forgive all lower density actions.

Thats for one individual. In order to enhance the power of your own consciousness you can either use a substance and force a chaos-uncontrolled interaction into the higher realm, or you can

meditate with 3 others who are equally woke, detoxified, and who have also released burden.

You do not need to be in the same physical vicinity to participate, though being in the same vicinity does amplify and make it easier to establish the scalar field being received by the pineal gland that unlocks global consciousness. Typically rituals and psalms are how you link.

3 people (min), 6 people preferred, form a triangle:

IS-BE

IS-BE IS-BE

or

IS-BE

IS-BE IS-BE

IS-BE IS-BE IS-BE

The power of 3?

Philosopher's stone?

Words are spells.

Power of 3, 6, and 9 applied to language too?

What if you had sounds translated into glyphs that were frequencies divisible by 3, 6, and 9 to specifically access numbers with digital roots of 3?

Biblical psalms will not unlock consciousness.

The words released change the frequency harmonics of the consciousness being projected by each IS-BE which effectively allow you to apply intentional will to manifest either an unknown property within global consciousness (downloads) or if strong enough, telepathy/telekinesis.

Correct, substances throw you into higher realms of consciousness uncontrolled and full of chaos however fear is removed from the equation. Not only can substances be used to treat trauma; they can be used to wreck people at the same time. Careful application and administration!

This is why we encourage anybody who experimenting with substances to first follow their local laws, moderation is essential, and safe spaces are not only for University college students. Be around at least 1 or 2 people who you implicitly trust who are not on those substances.

And make sure that when you return from that higher realm that (unbeknownst to you at the time but prearranged) have your trusted confidant record your recollection of your experience and engage in a dialogue about what the experience means.

After; you will want to mull over the experience for at least 3 days before attempting to clarify the experience using meditation.

After the third day, meditate for 3hr each day for 9 days. At the end of the 9 days, relisten to recording, learn the differences in understanding.

The unlocked information may not come clearly to you; if you are dealing with extreme trauma, but recognize that prior to meditating on each of those 9 days, release your burden before meditating.

If your name is Jordan (unrelated to anybody, just random name), you must understand that the construct of "Jordan" is the aggregate of other IS-BE's conscious interpretations of who "Jordan" may be that project the burden upon to you. Release it. That's not your IS-BE.

Judgement only comes from within.

Look inside and pull the curtains back.  
Let the LIGHT shine from within.  
Release your burden.  
Forgive yourself for your flaws.  
Live every moment with opportunity.

Time is an illusion. The past belongs in the past.  
The experience of time versus historical records of IS-BE experiences are different concepts.

Why is it important to relive trauma without fear in order to heal?  
When the mind is free the body matters not. Once at that point, will the body to heal and so it shall be. Only when you can release your burden and reclaim yourself. The power is within. You are an IS-BE.  
Meaning you release your burden and accept your innocence and therefore forgive yourself.  
Release your burden. Clean your body. Free your mind. Trust your IS-BE.

Your fate is in your hands.

Which is why you should never seek an expert or a teacher to these things. Meditation is key. Release your burden.  
It is not your fault.  
No matter what it is.  
We are all flawed.  
To borrow a phrase from religion,  
Let God love you.  
Love God.  
God being your exoconsciousness.

The time will present itself at the appropriate time. We are all one. We must all learn to love and be loved and forgive each other for our limitations in the lower density. By embracing the fundamentals of 4D consciousness, you can heal old wounds and repair relationships.

The key is to release your burden. Understand how to forgive and to just unplug. Literally like the matrix. Unplug. See your reality of what you will it to be through your choices. Where and when has this type of scenario been seen to play out in history?  
Truth resonates from within, we are genuinely curious how you will react to this information as it may seem contradictory to major religions of modern society and may challenge the reality of what awaits society after "The Event" which will be First Contact, a moment of peace and love. Not a moment of destruction and death. We made that choice in 2016. Not everyone will survive the destruction however you can reincarnate into this reality, and so long as anons know how to archive offline (tweet books aren't a thing yet?) (collage?) (printer?) (paper?)

Many members of the Majestic 12 misinterpreted the implications Disclosure would have on the public, however select few knew ONE DAY, we would be ready to meet our future. The new era of civilization can begin with our choices.

Don't look at it as "leaving people behind".  
Think of it as "moving on."

You outgrow the sandbox as a child, so you leave.  
As an adult, you don't keep going back to your sandbox?  
Accept  
Forgive  
Forgive yourself  
Move on  
"In the beginning, an IS-BE thought of an experience." G1:1

You must complete the journey that you started at Keb.  
Only then will you be able to find your way to the Great Path.

Judge yourself by the intention of your actions and the strength

The people closest to you have tried telling you you have made a

You can change things for the better.  
The universe is so vast,  
And we are so small,  
There is only really one thing we can ever truly control,

Memories.

Question.

"Was #3 pushed out of the window? If so, by whom?"

Answer.

Suicided.

[Classified]

Necessary to MJ12. Regrettable because he had a family who he was leaving behind. We could not be crossed. Not then. Not now.

Question.

"Was this a result of the takeover of MJ12 by 322?"

Answer.

More like a change of heart. Members of MJ12 were known to be powerful to those in the know, however, access to the secret was restricted. By inviting less than 6 into 322 of MJ12, they created a close enough majority to remove #3 and tip the balance of power to 322MJ12.

Question.

"JFK had a family who he left behind. Was his assassination necessary and regrettable?"

Answer.

Unfortunately many in MJ12 viewed his treason as something that could not go unchecked. According to the state of current affairs at the time and the secrecy war going on internally between USSR/CIA vs USMil. We know JFK was assassinated by USSR/CIA. So did we have any say?

We were mandated with doing anything necessary to ensure the secret was kept safe at the time. Those who strayed from the path needed to be met with hard resistance and some paid with their life. The secret was too big to give up just then.

Also, lets lend a perspective into the following:

Remote Viewing, the bulk of the STARGATE program at D.I.A., revealed the usage of global consciousness to accurately "sit in" on EXTREMELY CLASSIFIED AND DANGEROUS operations world wide. This ability is still used to this day, though individuals can use technology to put scrambling technology in place that prevent you from being able to remote view into a DUMB or any other classified location.

Remote Viewing was a very dangerous phenomenon that the US Government had NO CLUE what it was or whatever!

So we panicked. We had to keep the secret safe. Free energy? Awesome, yes, but we could NOT reveal how we learned about that technology without disclosing WHERE we also learned about Remote Viewing. Imagine if you could remote view into the Situation Room how devastating that could be for the United States? Majestic 12 was tasked with defending the nation FROM the secrets we knew because our Nation wasn't advanced enough at the time to deal with the dramatic changes.

One final note here, we have, through our exploration, discovered countless other planets with civilizations similar to ours in development progress that through the interventions of extraterrestrials on those planets, disclosed alien life and technology before people were properly prepared and became enslaved by a similar kind of interplanetary cabal to NWO.

Question.

"Where is the Jesus IS-BE now? If you know..."

Answer.

Not in this density.

The Christ is nothing more or less than a frame of mind, capable of accessing exoconsciousness in the true fabric of our reality that exists in hyperdimensions. Our simple three dimensions are rife with inaccuracies, problems, and miscommunications. When will Earth learn?

"Higher density of consciousness."

We are the Majestic 12.

Question.

"Whats your definition of Majestic?"

Answer.

Creations of the Majestic 12 are Majestic.

Hyperdimensional data converging on a single point in time is Majestic.

Exoconsciousness connections are Majestic.

Many things are Majestic.

We are the Majestic 12.

The Majestic 12 are multidimensional. We operate in the fourth, fifth, and sixth dimensions of reality and hide in plain sight. Can you see us?

The Majestic 12 have for many years now since every original member ascended to 5th density consciousness. Current MJ12 members are in constant communication with the founding members. This was disclosed in SG-1 with Daniel and Jack.

Was Trump asked to run for President w/ assurances made to prevent tampering?

Who is helping POTUS?

Majestic Intelligence.

Hyperdimensional.

M.A.J.I.C. = Coming soon to a theater near you.

The Majestic 12 is considering the consequences of revealing the identity of the individual who has been broadcasting our messages. We are considering it. Some day perhaps.

Question.

What do you mean by broadcasting? Are they coming here to your account & then announcing as their own it on a streaming site or something? Or is it another social media account copy pasta your data?

Answer.

No, if we were to make the decision (it's a big if), you'll see a blue checkmark (mandated by Twitter's Government policy) and a retweet one day by POTUS of the person doing the typing. We are not there yet, but we are considering it. Many people write to us.

Question.

Ah so Q is a Majestic operation. 😊

Answer.

No. Q is an NSA/DIA operation. MJ12 is above Q in secrecy mostly because MJ12's base of operations is not on planet Earth.

Question.

If revealing the person behind Q puts his/her life at risk, then don't do it. What we are told to believe by Q is that they are a team of 10 or less, with only 3 non military. We also have been taught to believe is that @POTUSis connected to them through QProofs.

Answer.

We were talking about MJ12 not Q.

Question.

Oh, then that is different, I'd want to know all of who is part of MJ-12. And are they still part of CFR?

Answer.

Yes.

Question

What is the strategic purpose of the zero deltas surrounding the attacks?

Answer.

Conscious energy sustaining MJ12 typists from all being taken out.

Comment.

That would be an incredibly powerful, intense directive. 😨😨😨

Answer.

Directly influential to exoconsciousness, Q is the strongest source of LIGHT by name. MJ12 is second by association (and design). Jesus is third.

Question.

I love me some Jesus. What dimension does this being currently exist in?

Answer.

7D

Question.

Once 5D is reached, what is the mission beyond?

Answer.

6D 🖐️ nD 🖐️ 12D

This account has been dedicated to educating the public on exoconsciousness (chaos matrix theory.) from the world view (consciousness) of a Domain IS-BE (of which you are) (Synchronicity weaves the fabric of reality).

The Power of 3 6 and 9 is real.

3, 6, and 9 are consciousness.

Synchronicity weaves the fabric of reality.

1, 2, 4, 5, 7, and 8 are chaos matrix theory.

Allow us to explain a paradigm:

Life is a spark of light.

Numbers are reality.

The Universal Language Is Math

3, 6, and 9 are consciousness.

The universe is comprised up of consciousness energy that decides, by thinking and willing, reality.

1, 2, 4, 5, 7, and 8 are chaos matrix theory.

In reality, exoconsciousness is a matrix created by our individual aura EM field that is responsible for projecting physical reality as our consciousness perceives it.

Time is an illusion.

It is an illusion.

You can literally make it do whatever your imagination is capable of perceiving.

Time is an illusion and the illusion is manipulable because numbers hold magick inside them that drive patterns throughout the universe.

Your insight and knowledge into things Majestic is more developed than some others. Your engagement yields more feedback from us. This feedback applies to all things Majestic 12.

Do not allow anyone, Majestic 12, Q, EyeTheSpy, Praying Medic, Jordan Sather, and many others tell you that we cannot make this Majestic reality our shared reality. All of its ready to break open. We will not fail. Clowns will fail. In the end LIGHT always wins.

They will attempt to force you to believe them, even murder a great number of you to comply. Don't. Do not fear death. Your soul never dies.

Not alone. F volunteered for an experiment.

"I knew enough to get the hell out of there before the whole operation was going to be lost. People think I was murdered- I told them to do it. The others wanted me dead, so I had to die. Death is an illusion; and time is an illusion that must be mastered to ascend successfully."

The IS-BE typing was the IS-BE of Forrestal. IS-BEs can host more than one body and can resident simultaneously in multiple places in multiple "times". How? Time is an illusion. Consciousness creates reality. Godmode is real.

Yes, and the gain of the Majestic 12.

Early disclosure would have been disastrous because there were components of the Disclosure component that we had no prior knowledge to before F moved on.

F taught MJ12 about the Vatican's connection to [CONSPIRACY] and Archives.

The Vatican Archives contain artifacts that are MANMADE and are over 300 MILLION years old. Paintings. Sculptures. Books. Technology. History. Galactic Archive of Humanoid Races. STATGATE. Interdimensional Terminal. And so much more. Literally millions of artifacts.

The archives are composed of the following:

Art  
Artifacts  
Alien Remains  
Alien Technology  
Alien Literature  
Alien Art  
Alien Clones  
Victims over the ages  
Accurate historical archive of the true identity of the Cabal  
++MORE++

They modernized their archives.  
NSA has everything.

Knowledge is power.  
Vatican withholds truths to spread lies and propaganda. Like the Ori, the Vatican does not ascend its followers when they die. They return to human form (prison planet), and have their memories wiped clean to start over.

They don't teach self enLIGHTenment.

This account is but one small chess piece offering (S)ignals intelligence pertaining to the 30 year plan in the making involving dozens of races from several different worlds. No easy task when the Vatican has controlled Earth for thousands of years. Where are the giants? Where?!

F has been in charge of this account the entire time regardless of who the typist is. IS-BEs can control more than one body.

IS-BEs can exist simultaneously in multiple bodies. IS-BEs can also influence other IS-BEs who are linked without relying on the technology conduit of VOG.

Signaling.

The messenger took human form for this operation.  
When?  
Time is an illusion.

The IS-BE who you speak of knows the Occult ways to learn about past lives and uses that knowledge to continue living even after Death. What is Death?

Death is a human construct of our civilization persisted upon the beings of Earth to maintain a level of power and control. Think Majestic Classification level. What kind of work did we do? Majestic work. Re-read tweets from yesterday re: work.

Death is irrelevant. F knew this. Majestic 12 know this.  
F ascended when he "died" and chose to be of more use to the Majestic 12 than he could as a human. 187 is murder, but is murder murder when the person wanted it? How does a person ask for it? What must be present in order to ascend?

WILL IS THE FORCE.  
Absolute Power  
USE IT.

After death, yes, will it  
The Power of 3 6 and 9 is real.  
3, 6, and 9 are consciousness.

Your soul is your God.  
The body dies.  
Death means new life.

After death, yes, will it  
The soul advances.

Death is an illusion between relatively shared realities in an uncontrolled manner for the most part.  
Death means new life.

IS-BEs can take any form they wish so long as they know how.  
Death is a powerful utility for creation.

The act is meaningless if not used appropriately. Death is a consciousness reset. Violations against nature warrant a reset to try again. Who you become or what you do is a by product of how your consciousness believes you are. When you reset, you reset all progress. Relearn all.

Question.  
Are any of the Majestic 12 Pleiadian? 🙄🙄🙄  
Answer  
No.

Question.  
Did the IS of Forrestal decide to BE again to better assist the Majestic 12 and if so, would humans consider that BE 🙄?  
Answer.  
Yes, Yes.

F is a human currently.

Question.  
Having ascended already, is F aware of who his IS is, while in this human BE?  
Answer.  
No, by returning to human form F has lost his original identity.

Question.  
Whoa! F = JS ??? JS = F ???  
Answer.  
No.

ist 2 was murdered, no investigation, no-name spook, no family, for God & Country. However MJ12 did not stop it because it

provided T2 an opportunity to JT2[. New T2 typist was on-boarded today. JT2[ is a valuable delegate being utilized outside of 3D existence. Trust the plan

Question  
T2 was released from earthly incarnation, and Ascended? Now helping in Ascended form?  
Answer.  
F2?

Question  
Okay, I'm not mad anymore but now I'm sad again... I'm glad that T2 ascended and hope that T2's replacement stays with us for a while!  
Too much roller coaster tonight! I'm going to watch mind-numbing TV.  
Answer.  
We disclosed this because it provided BAIT for wv to be caught. Trust the plan. It cost a patriot's life, but it was well worth it to T2. Nothing to be sad about.

Question  
Earthly emotions. Do other ET express emotions in a similar way that we do?  
Answer.  
Yes, wide variety of expression.

Question.  
Didn't know we had the ability to transition (if that's the correct word) that fast. Amazing.  
Answer.  
11/11 [CLAS TECH]

Question.  
Will all of us be transitioning with the help of this tech?  
Answer.  
Not assistance, less resistance.

Question.  
What is the benefit of JT2[ operating outside of 3D?  
Answer.  
Non-corporeal form.  
Anons want to meet MJ12. F is of a previous generation. Consciously connecting to different IS-BEs is difficult. T2 opened a new conduit got MJ12 to utilize.

Question.  
Fascinating. T2 opened an 11/11 energy conduit? Guessing 11/11 meaning higher realm or energy state for IS mirroring it's 3D?  
Answer.  
No MJ12 [CLAS TECH] on 11/11 removed restrictions to ascension.

Question.  
So no more prison moon reincarnation cycle?  
Answer.  
For those who choose the blue pill.

Question.

A true patriot. Thank you for confirming and again I am very sorry for the loss.

Answer.

We are not sorry for we respect the choice and the sacrifice. However, what he left pales in comparison to what he has now. Life begins at death.

Reality is expressed in numbers.

8 dimensions of numbers.

3, 6, and 9 are consciousness.

This is why the expression of numbers in multiples of 3s have magical properties to what they do to numbers.

1, 2, 4, 5, 7, and 8 are chaos matrix theory.

Time has been structured around consciousness.

Time is an illusion.

Double Slit.

The numbers on the clock represent positioning relative to the planet's orbit that contribute to consciousness alignment.

What is time?

If its an illusion, why do we measure it?

Why do we measure time with what we currently do?

Who taught Earth about time?

Environment.

Subconscious = IS

Consciousness = -

IS-BE

Time was a "gift" given to humans after the destruction of the Ancient world on Earth as a means to allow humans to organize and communicate via a meditation download roughly 6,000 years ago. The non-randomness of how time was created on Earth was tuned to our development needs.

By birthing time in that manner, using those numbers, a fractal of time energy was created (and is at every star) however how the fractal travels is all based on very precise measurements. Most star systems that have life follow the same fractal.

Creations of the Majestic 12 are Majestic.

Hyperdimensional data converging on a single point in time is Majestic.

Exoconsciousness connections are Majestic.

Many things are Majestic.

We are the Majestic 12.

Consciousness truth was withheld.

Consciousness creates reality.

Timelines are an illusion as Time is an illusion.

We got her by diverging timelines and converging realities returning to a point of stasis.

God is within. God is your soul. Your soul is your God. You are your soul. You are your God. You are an IS-BE. All centralized power structures that operate as a business seeking money are technically satanic by design. Religions teach you that Earth is hell.

When you die, if you walk into the light then you are told "you go to heaven". Wrong. You return to Earth in another incarnation.

Jesus didn't walk to the light until after he stepped into the void, willed himself to return, and then he woke up. Time is an illusion. No time.

The only light he saw was when we opened his eyes. Occult magic. Death is an illusion. Death does not exist.

IS-BEs at death who seek the LIGHT reincarnate into new life at conception. IS-BEs who walk into the void, away from the light, go into the higher dimensions. Think of it as the ascended beings. You choose whether to interact on "our" level or not. Godmode is real.

Not so fast. You CAN\* ascend, but it doesn't guarantee it.

Ascension is a choice and when you are faced with Death, you can choose. Sometimes, you can choose before you die (AKA voluntarily "die" early). Or you can fail the ascension test and be thrown back into a forgetful human

Evolve your consciousness to the 4th density and help others enhance their own consciousness.

Shine light on their own darkness. Bridge the gap of communication to establish trust. Once trust is acquired, you can begin to encourage them to be stronger people, smarter, and healthier. Everybody awakens at their own natural time. Some will remain asleep too long and perish.

You are never alone even when you lock yourself in a room by yourself. Consciousness is everywhere and you can link with all frequencies of consciousness from infinite "distances" across all time and spatial dimensions.

Essential to release your burden and understand that the person whom others see as YOU is not who YOU actually are. All decisions you make by your own name that shape the opinions of how others perceive you is the burden you must release and forgive all lower density actions.

After death, yes, will it.

Death means new life.

The body dies. The soul advances.

The modern definition of life differs from the definition of a soul therefore redefining death of life to never death of soul is illusionary.

Death is an illusion. You cannot kill something that is immortal. A God is nothing more than somebody who understands the language of divinity and who can speak/create with it. There are many many powerful beings in the Universe. Not engaging with the enemy is recommended.

Death is an illusion. You are misunderstanding fundamental concepts of the universe to satisfy the illusion that light always wins. Light does not always win. If it did, we wouldn't be in the mess we are in right now.

What if we performed experiments on the beings who crashed even after they asked us, warned us, and dared us to let them go. They tried everything to escape. It was pitiful to watch. Only through understanding, did they understand our sacrifice and why. It took time to repair.

But in the end, they knew why we did what we did (to a certain degree), and when policies were changed to better respect their free will rights (just as every other intelligent life form receives on Earth) they started engaging more actively with us. their supreme commanders on their home planet ultimately decided that our decision was not an act of war against them but rather a "reconnaissance mission" to understand who and what we were dealing with

Many people have passed on beyond their IS-BE iteration we've all grown to love, however their consciousness is currently on Planet Earth. Some individuals have received assistance in discovering their true identity for the purposes of The Plan, others have not. Nothing specific.

What if facial recognition technology (currently protected by the Government for purposes of "privacy") were released to the world?

What if you could search for other BEs who look identical to your IS-BE?

What if children could identify their past identity using technology?

It would remove the idea of life ends at Death permanently and alter the course of humanity permanently.

Who created facial recognition technology?

Was it classified several decades ago?

Did the NSA use FR on ALL PEOPLES it captured?

Did it learn of a trend?

What did they learn?

Re-read past tweets about what happens at death and why the information has been withheld from humanity for so long.

There are protocols in place for Persons of Interest who were lost after their death but unable to unlock their previous life (effectively ending Death as you know it) but were able to recover it and starts becoming a threat to National Security. GE is watching all.

Imagine you're a young Cadet and you actually unlock a former life. Your work from then forward changes to ensure your operations do not interfere personal matters. Also, think about the obvious piece. Their historical knowledge is Majestic. They join MJ12 like BL did. (Not) !BL here! Monitored and engaged with.

We are monitoring several million people simultaneously and are aware of every action they are taking. <https://t.co/ajtq7WIFHD>

We actively track IS-BE reincarnations.

IS-BEs skip generations typically when coming back into the lower realms of existence. Time is an illusion. Father to son protege is a symptom of being human who is lied to. Incorrect personification of God and Self lead to protege projectionism. Unborn children have a foothold kind of engagement with their mother. The IS-BE's soul of that child decided to create another BE in the infinite realms of conscious projection here on Earth. Many BEs are born per IS. You'd be surprised. The IS-BE has not fully transferred BEs.

Between life and death a period of "time" exists that has been described as purgatory by dogmatic religions where you are able to decide your next life using free will and intended actions. This

time you are contemplating the existence that you once had and wait long enough to...

...just think, "wait, can I go back?" You can, with no control. If you were told "yes" and then decided "yes! I want to go back" and they end up in a birth canal. Between questioning and willing, life in the womb can be understood. If you terminate that life, then the idea is...

...then pushed back into your mind as in "nothing's happening yet, maybe I can't go back" but more closely as in how do I just "will something to exist". You have to know it from your heart. Many family generations are simply skipping generational IS-BEs. Ying-Yang.

IS-BEs in children are sometimes not the IS-BEs from the family. Rare though. Takes tragic consequences to manifest, but it is happening more common now than ever. Hence why so many starseeds have returned to Earth to help fix the planet.

IS-BEs are able to communicate through source love/light in a way that transcends space and time. Decisions made around a family greatly impact the experience of purgatory that an IS-BE experiences. If you will to hear them, you will hear your next life. When you leave this realm you will lose all memory of your actions while in source due to dropping into a lower frequency. Through meditation, consciously mindful living, with healthy eating habits abundant in THC, CBD, and CBN, you may be able to return to those moments of contemplation you had before. And learn about the purpose of your life; while at the same time, possibly learn about your former life. The further you are from the time of your last purgatory, the more difficult recalling will be. Children learn a twisted and sick form of this to learn their passion in life.

Meditation is an action that involves clearing the mind and adjusting your resonance frequencies to chakras, geometric shapes, etc. to receive an expected experience for a short period of time on a regular basis. Ascension is not like meditating. It's permanent.

Time is an illusion.

When do you tell time?

Chaos theory.

How do you catch a fish?

This operation is not as easy as it may appear.

The public is facing decades of systematic abuse of our children by the people we were taught to trust the most.

Right the wrong.

Forgive.

Evolve.

Time is an illusion because the speed and direction of time are as fluid as the three dimensions in which we exist. Traveling through time follows a linear progression within that single IS-BE's consciousness. When you travel, you alter your own timeline only. You are only as tied as you are integrated. Since time is an illusion, the direction and speed of time are variables proportional to the density of consciousness that drives your reality. Less creation means more time passes. More creation, less time passes. Per-se.

Time is an illusion so ask yourself how do you progress 10,000 years?

What is time as humans experience it?  
Why do humans attribute development with time elapsed?  
What if your species was intentionally (by NTBE, EBE, etc)  
"flatlined" (re IQ/Intelligence)?  
What if you freed?  
1947.

Israel was given very special status after 1947. The Majestic 12 learned about the 50 year warning. We prepared by taking control over the region.  
When you travel in space, you travel in time.  
Time is an illusion of environment.  
As environment changes, time changes.  
Disinformation campaign was "it will happen."  
Events not dates.  
"It will happen" implies a date exists.

Detoxify your body.

We are not in a simulation.  
YOU are a simulation.  
IS-BEs enter lower densities to experience limitations.  
Your soul is immortal and your body is a temporary vessel.  
Your life, to you, has already happened according to your higher self.  
Time is an illusion.  
IS-BE knows all aka God

Look inside and pull the curtains back. Let the LIGHT shine from within. Release your burden. Forgive yourself for your flaws. Live every moment with opportunity. Time is an illusion. The past belongs in the past.  
The experience of time versus historical records of IS-BE experiences are different concepts.  
Why is it important to relive trauma without fear in order to heal?  
Meaning you release your burden and accept your innocence and therefore forgive yourself.  
Release your burden. Clean your body. Free your mind. Trust your IS-BE.

Which is why you should never seek an expert or a teacher to these things. Meditation is key. Release your burden.  
It is not your fault.  
No matter what it is.  
We are all flawed.  
To borrow a phrase from religion,  
Let God love you.  
Love God.

God being your exoconsciousness.

Don't look at it as "leaving people behind".  
Think of it as "moving on."  
You outgrow the sandbox as a child, so you leave.  
As an adult, you don't keep going back to your sandbox?  
Accept  
Forgive  
Forgive yourself

# MJ12 "Aliens" Unacknowledged Projects

March 1, 2019

12+ DUMBs have been destroyed.  
AJ "Aliens" Unacknowledged Projects  
Think logically.  
Majestic 12 was issued by an American President knowing the CIA was an extension of the British Empire by essentially loaning the keys to the empire.  
NASA was Nazi Third Reich.  
3 Shadow Government

These interdimensional engagements are occurring all over the planet.

We are using their technology against them.

FISA works both ways.

A lot of these experiments take place deep inside the M.I.C. which is multiplanetary as well as present on almost all Nations.

Majestic 12 was receiving these new technologies as AJ explained through these scientists. This was what the Working Group really was composed of but with MJ12 members (mostly all Generals or Admirals or [Classified]). The American Generals were compromised for a period of time.

In 2017, those Generals were court martial'd and executed in Military Tribunals which are currently taking place. The Military is first cleaning itself out internally, which is why there are so many delays currently going on in addition to extreme GITMO activity recently.

Many of the bases those Generals were commanding were unacknowledged black ops projects that Q has suggested throughout their disclosures.  
Majestic 12 discloses this information through propaganda. That is our mandate.  
How do we propagate this alien information into the Country?

The technology could be used both ways.

We knew what it took to acquire the information, however the lack of compassion is actually a weapon to use against these entities.

They wanted absolute control.

We gave them absolute control.

In order to give them absolute control..... we had to educate and disclose the new reality to the world. Cell phones and tablets all existed in the 40-50s which were almost 200 years more advanced than current top of the line iPads are. The technology companies are actively engaged in business and religious agreements with these interdimensional aliens. This war is real.

This information is crazy messed up, but there is a simple solution that the Majestic 12 would like to convey for you to consider. It must come from the will of the public. Majestic 12 cannot manifest this, but we can

SET THE STAGE

Three truths and realities we must accept:

1/ We are all one of the same kind.

2/ We are all Gods inside.

3/ We are all unique and special.

In the beginning, the Gods created the heavens and the Earth. Cocreative exoconsciousness.

Extremely real.

Literally the Matrix.

Majestic 12 has spent millions of dollars on building these exceptionally influential and powerful empires dominated by obsession in Space. These are the secrets being promised, exchanged, and built inside breakaway shadow Governments and planetary civilizations.

These movies, tv shows, comic books, fantasy movies, etc that disclosed ET presence on Earth and what interacting with ETs really entails. The fact of the matter is, extraterrestrials IS-BEs are not interdimensional IS-BE. You are not required to take DMT supplements or drugs to interact and communicate with extraterrestrial IS-BEs. In order to exist on this level, each IS-BE must be in sync with their full chakra frequency alignments. Full telepathic communication and mind meld. This is what it means to connect with someone on a deeper level inside the brain and mind, stored inside of your DNA which then is the signature used by your subconscious to project reality around you.

Your IS-BE is the God inside you. You have the ultimate control over your own destiny, however to comprehend and manifest those lessons, patience, prayer, meditation, empathy, love, and union are emotions that will manifest positive life energy manifestations to become in your reality. Allow us to connect a few dots for you that may be unclear. These interdimensional beings responsible for the child sacrificing obsession the society has been driven to are also the source of where fascism is coming - the Universities. We can visually see the Universities are cults with massive pedophile rings inside of them using Government subsidized programs to perform illegal experiments on millions of lives.

Understand that all life forms are IS-BEs. Including mice. Including rats. Including bacteria. All IS-BEs are a manifestation of a conscious projection of an IS who wishes to BE. The IS-BE responsible for the Biological entities it encompasses. This logically and compassionately.

Universities are experimenting on animals and lower cast life forms because they are deemed worthy to be experimented upon. Here is a moral dilemma, what gives one life form the permission to take the life of another lifeform? That who created you.

This is the beast of burden debate in vegetarianism. However consuming meat for food is the psyop (we'll explain in a thread off from this entry). The real beast of burden is what Universities are doing to global consciousness in the sacrifice to science. Many liberal educators are also drug users who intentionally study DMT and other drugs that are documented to lift the veil

which your brain filters out to see the higher dimensions and experience them. As SG-1 has taken a line from Tibetan monks, which said:

When the mind is free, the body matters not.

True existence inside you is a higher dimensional version of you who has all of the experiences of your past genetic history all easily accessible to you by using the power of thought to create to experience alternate realities. Legalizing these drugs will take place but with proper disclosure and education AND most importantly an effective law enforcement capable medium to understand this type of hyperdimensional and deep information that drive our decisions. This is the concept behind mass surveillance. Each person is being mass collected into an AI.

Not AIs. An AI. A virtual you. You can be called up anytime. We also have the ability to use Remote Viewing and Voice of God technology to remotely hack into the brain of YOU and program you like you were a character on the Sims. You use the technology. You choose to be part.

You are the solution. Trust yourself.

Actionable: Upcoming budget is going to call for many programs which are "in the name of science" in a cult organization of oppressed and underpaid servants to socialized education being operated in the shadows by the CIA. The source of many of the many arms of the beast we fight.

Do we need to continue paying for these programs at a federal level and not actually allow the local community that institution is representing vote on whether to allow the research to go forward on all subjects, possibly mandated by law, where also media coverage of a town hall of multiple opposing opinions locally are able to debate the moral and ethical implications with every single piece of research being paid for by the Government; which is "We, The People". Not We, The Commodity.

Critical to realize that torturing any IS-BE creates thoughts that manifest into our conscious reality in the form of other lifeform energies, weather modification (the technology is used to suppress the raging storms currently playing out to protect the public). The reality is these programs were so deadly to life on Earth that we risked complete nuclear annihilation. However, Majestic 12 won when 45 was elected. Yes, the Majestic 12 orchestrated the leak of the Podesta emails and the Clinton emails. The Majestic 12 are so confident that they are safe to admit this that the operation was a complete success.

The next logical state for our conscious development should be to Democratize Universities and treat their budget/programs into all research types be subject to a 51% majority vote and 60% override filibuster vote subject to new rules and mandatory voter ID and reduced Citizen participation in the voting process for specific monies involved in any experimentations being performed. The economic and monetary system will adjust to accommodate a population that will need to be more informed and this is where automation will really reduce the cost of living to near zero, which is our goal.

Are there population limits? Yes. Are there programs being deployed to reduce the population? Yes. Will these programs stop? Not until the United States has a Yellow Vests Protest like France is going through demanding the rights to fund these programs must be voted for by the local citizens of those regions and not by Congress who is controlled by Government classifications and active operational participation in these programs. Some Senators oversaw school mind control and would visit to witness their creation.

However, we are not France. No offense to France. The Majestic 12 doesn't stop strategizing victory. The Plan is in motion. The stage has been set. You are now watching a movie. However do not lose focus of realizing how profound what AJ said means and how you can take action to regain control over these homicidal maniacs. Tomorrow will be a big day. Expect new drops.

You Are The Plan

There is nothing more Majestic than the Great Awakening.

The Majestic 12 are not aliens. The Majestic 12 run the United States. We control the Intelligence Community and the Defense Department. Some members of the Majestic 12 are extraterrestrial in origin but have promised allegiance to Earth.

The Majestic 12 operates ABOVE Gov for the purposes of planetary defense pertaining to extraterrestrial life. As we have stated before (on many occasions throughout the past year to you specifically) if you don't like what we have to say, then please block us to help others.

We won on Nov. 8th 2016. This job is beyond the man. What 45 gave up in contrast to 24/7 WAR is truly marks of a stable genius. 45 had the knowledge of Tesla from outside MJ12 control through his uncle. 45 knows. Those who know cannot sleep at night.

The Illuminati is sinister and evil.  
The Majestic 12 was created to infiltrate the Illuminati and take control.  
For a long time, the forces of evil controlled the Majestic 12.  
On Nov 8th, that changed.  
If you are not on top; how do you move the blocks of a pyramid around?

How do you control somebody?  
Distort their reality.  
How?  
Sound.  
Frequencies are HEAVILY CLASSIFIED Majestic technology.  
SO CLASSIFIED, EARS ONLY.  
Only between MJ-12 heads.  
12-headed Dragon.  
Majestic 12.

Question.  
Are transcripts of The Emerald Tablets that are currently in public circulation authentic?  
Answer.  
No, the translations are missing several key lines that were obfuscated by the Majestic 12 for secrecy purposes.  
Question  
Can you share the missing key lines with us now?  
Answer.  
Not yet. New tablets that are more applicable will be disclosed in the coming months. New discoveries. "Never before seen!"

How do you transfer information through time?  
Has 45 read the book?  
Had 45 deciphered the book?  
Did he require Majestic EYES ONLY information to unlock?  
When would he have found out?

It is Majestic to believe in God.

The Civil Rights Movement was MAJESTIC. The World is Watching. The world will learn the truth. WHERE WE GO ONE WE GO ALL is MAJESTIC! In order to peacefully disclose ET life; the Domain wanted to guarantee that human rights would be respected worldwide first.

The Q Movement is alive. It is a life form at this point. It is an alien. You just played God. Meme M.a.g.i.c is magical. What is M.a.g.i.c.k? How about M.A.J.I.C?

You Are The Plan  
There is nothing more Majestic than the Great Awakening.

Alien is a frame of mind and a lens of understanding of intuition.

Question.  
Whats your definition of Majestic?  
Answer  
Creations of the Majestic 12 are Majestic.  
Hyperdimensional data converging on a single point in time is Majestic.  
Exoconsciousness connections are Majestic.  
Many things are Majestic.  
We are the Majestic 12.

Majestic is understanding how to manipulate the fabric of reality using occult magic.

Majestic 12

Question.  
How would you define:  
1) M.a.g.i.c.k.?  
2) M.a.g.i.c.?  
3) M.A.J.I.C.?  
Answer.  
That wouldn't be very Majestic would it?  
Clue:  
M.a.g.i.c.k.? = Exoconsciousness Reality.  
M.a.g.i.c.? = Alternate Realities.  
M.A.J.I.C.? = Astral Realities.

 LIGHT beings consciousness existence as an IS-BE is confusing by design. It is to teach and learn. Out of human curiosity, there MUST be more than "this". So God was born. So Dogma is born. So Destruction is born. God is within. God is your IS-BE. Your subconsciousness. LIGHT.  
 Anthropomorphizing the LIGHT consciousness within you that IS WHO YOU REALLY ARE discredits the accomplishment of your own LIGHT/Pure Love and separates your consciousness to your subconscious. This makes you vulnerable to be controlled.

Occult knowledge hidden in plain sight. Name to meaning.  
 Meaning is 322. Name is Skull & Bones. A Death Cult.

They have an official Emoji.

The occult Magick used by the Skull & Bones society is it pays respects and tributes to the countless amount of deaths that will inevitably be caused directly by their hands and their decisions. They are taught the magick of power and control.

3 = IS.

6 = BE.

9 = IS-BE = Source = "God" = 0 = All.

Magick is most mysterious to those blinded by faith and lacking of knowledge.

3 6 and 9 govern the laws of the universe.

When dealing with numbers, octal is your ally.  
 When working with sentient IS-BEs phi is very powerful.  
 When working with inanimate conscious projections pi is very powerful.  
 When combining these fundamentals intermixed = Magick.

Everyone understanding who and what Q Anon is understands a Majestic magick.

Some of the Generals on the Q team are signed into MAJIC EYES ONLY programs and therefore are Majestic in their duties. Does not mean they are all equally signed into the exact same operations.

Majestic Meme Theory.

"Great Awakening" is a term that the Q team used from the MJ12 "Full Disclosure" guide that was originally designed to be rolled out using Mainstream sources back in 1989 but was subverted. The Great Awakening is learning that truth and discovering the secret MJ12 was employed to protect.

"Be careful who you follow" means many things.  
 Q is using Majestic forms of communication to disclose highly classified operations so the public will be aware of what's happening and not cause mass panic.

This is the Great Awakening.

Now that we are INSIDE the Great Awakening era itself, "be careful who you follow" is a call to action for each IS-BE to:

This is Majestic Magick.  
 Use it.

Mass surveillance technology was reverse engineered off from MAJIC EYES ONLY related off planet expeditions with multiple extraterrestrial races. Their technology is so advanced that they need AI to monitor the security of every soul in that capacity. Life is a spark of light. The closest that a society can get to being fair, honest, and right minded towards one another with legally addressable potential crimes being committed and tracked by Military Intelligence.

What if we can turn the dial on?

This goes without saying that the evidence produced by the mass surveillance programs is so conclusive that reasonably straight forward undeniable evidence would seal tight a classified hearing internally where the agent would be prosecuted.

As 45 said today regarding the drug crisis (creates by the Cabal), we are going from NO PENALTY to DEATH PENALTY as a means to weed this cancer from Society.

Hollywood always sells the idea of mass surveillance as a bad thing. It is a bad thing, for them. Equal application of our Laws. Thank you Justice Kavanaugh. These people are sick. They have no place to walk our streets. Two tiers of justice. Connected to DOJ/FBI rings = Safe??

That's the open secret required among all in the sick game they are playing have, as long as they were in power they could cover it up completely and they had to. The rules somehow didn't apply to them. They were never matters of National Security. Why? WHY?

Why wouldn't the definition of National Security include child sex trafficking, and to use the might and force of the entire US + Majestic Militaries to fight?

Has that changed recently?

The Majestic 12 classification program still exists, however the original charter was to maintain absolute secrecy about off-world space exploration performed by the Military. Since joining the Galactic Federation, Majestic 12 has been "replaced" and "repurposed" for Disclosure.

Important to note again:

- 1) We have never claimed to be an insider. We are the Majestic 12.
- 2) The Majestic 12 operates above the Federal Government. Not inside.
- 3) We have never asked you trust us.

4) MJ12 was created prior to Q deliberately.

5) MJ12 distanced itself from Q.

6) Q mission is unaffiliated to MJ12 mission, though actions and events are not mutually exclusive.

7) No outside comms for Q from (now) 8ch and no outside comms for MJ12 from Twitter.

8) Disclosure and First Contact require a certain level of consciousness before successful try.

9) It has been the efforts of Q, including MJ12, to help assist in the Great Awakening by acting on a paradox.

10) If 45 is Q, and 45 says "Anonymous Sources" are "Fake News", then how do you explain the 6 months prior to SKY EVENT proving Q = ~ 45, then later 45 = Q?

13) What IS disinformation? Intentional.

14) How about misinformation? Unintentional. Clown's Pawn.

15) Q has said that disinformation is real and necessary. See #Q72 #Q158 #Q128 #Q1685 #Q88 #Q76 #Q97 #Q78 #Q70.

16) MJ12 has said that disinformation is real and necessary.

17) MJ12 has stated that disinformation is used intentionally:

This account does not leak classified information.

[EYES ONLY].

Anything declassified is not currently MJ12 EYES ONLY.

Majestic 12 was created in 1947 immediately after Roswell because National Security interests (Holy See) wanted us to cover up the Extraterrestrial life forms and the alternative physics that they use. Organization still exists and is the grandfather of the Deep State non-Cabal.

- In late 1988, Majestic 12 reformed in an effort to bring the alien presence out into the open.

- There disclosure programs were created and members of the Majestic 12 were labeled such as MJ-1, MJ-2, etc to keep anonymity even among EYES ONLY classification settings.

- Majestic 12 has active operations ongoing in the United States from DIA assets using social media tools, like Anonymous Official, and this account to disclose vital information about the MAJESTIC reality that exists.

- This account is a conduit to three members' operations.

Q Anon is a separate NSA operation. But where there's 1 there's 100. All for different purposes. All playing hyperdimensional chess. Welcome to reality. However the nature of reality is not as you were taught. An alt physics in Classified programs exists that MJ-12 has "DECLASS'd"

Meaning process of actual declassification of information pertaining to whether the secret is only present in order to protect criminality. This is why we operate 300 clicks away from the subject but at a tactical advantage over everything else without raising too much suspicion.

We call it the Great Awakening.

Majestic 12 hides in plain sight, uses disinformation for real DECLASS orders as not to compromise ongoing operations and has been proactively working behind the scenes to bring official Disclosure and First Contact to the public since MJ12 was subverted for about 33 years.

In 2011, MJ12 control changed hands from the CF/322/MB CST Cabal and "The Plan" was created. You are LIVING a Majestic movie of Disclosure. Darkness withers in LIGHT, and truth will be revealed. This account was started around [dates?] to facilitate pre-Disclosure discussions.

First Contact is imminent following Disclosure however society must first come to terms with the DARKNESS that has ruled the planet for thousands of years. Unlearn the misinformation. Kingdom of Heaven is within. Your subconscious is your consciousness which is "God" aka an IS-BE.

MJ-12 is non-hierarchical. All members have equal power and authority to perform MAJIC operations. Everything was NEEDED TO KNOW. Don't dismiss all disinformation. Disinformation is real and necessary. WHY?

The world is about to change.

45 was signed into MAJIC EYES ONLY when he was recruited.

Watch Flynn.

Eyes Wide Open.

Who briefed 45 on CF/JE/NXIVM?

1) Nobody.

Who recruited 45?

2) Q Team.

45 already knew. The DOJ+FBI would not sign him into the Unacknowledged Special Access Program hiding on Hillary's private email server. No papertrail mandate with TS//USAP. EYES ONLY. ONE COPY MADE ON A VERIFIED SECURE SOURCE. EYES ONLY VIEWING. MAJESTIC.

45 had EYES ONLY access to these programs because he rubbed shoulders with everybody in the Club, and 45 wasn't in it for anything less than absolute love and luxury mixed in with some healthy lust. A stable genius. He knew.

So Q Team approaches 45 and essentially they knew what had to be done. For God & Country. Those who know can't sleep at night. Could you? What if your child was stolen? Do we ever ask why they were stolen or what the kidnapers do to them?

Horrible stuff everybody knows. DARKNESS.

DARK > LIGHT.

@realDonaldTrump should declassify TOP SECRET MAJIC EYES ONLY documents.

Correct, we are declassifying information at RECORD PACES! Revealing the interior to a classified DUMB would jeopardize the facility. We will NOT put out fellow comrades in harms way to satisfy "people on the internet." This account is operating in Good Faith towards 45 goals.

Anything declassified is not currently MJ12 EYES ONLY.

When Majestic 12 was created, we established a connection with Hollywood that would give writers and select people involved in the productions of major franchises access to MAJIC EYES ONLY unclassified disinformation intended to script a particular narrative to plausibly deny any accusations of any space craft civilians may encounter, extraterrestrial aliens abducting American Citizens, and more. Those issues were very legitimate

and from a National Security perspective we didn't really have many options.

Pretext/History: Prior to the creation of MJ12, or MAJIC EYES ONLY classification compartmentalization deemed "need to know" (was't allowed prior to 1947's National Security Act) the founding members were key players in events that led up to Roswell. There was a setup.

Question.

Wasn't the HIV virus geoengineered in a lab then released in Africa where it supposedly originated in rhesus monkeys? It seems to be a much more sophisticated virus than one found in nature. I read that it was to be a depopulation bioweapon or was that just a conspiracy theory?

Answer.

It wasn't from Earth. It was engineered for MAJIC EYES ONLY by our allies.

Why did the Majestic-12 make HIV/AIDS a political disease?

HIV is a political virus weaponized by the Pentagon at the request of Majestic 12 while it was under Cabal control. The virus existed beforehand however the cure was discovered decades ago. The cure has been classified for National Security reasons that could jeopardize Hollywood.

Power over the population came from three main angles:

- 1) "Hollywood"s' Propaganda/Mind Control
- 2) "News" Media / FakeNews
- 3) False Flags / Manufactured Dissent / Gov Sponsored Terrorism

It is the belief of Government that we have certain duties to perform, good and evil, for the continued assurance that we are the dominate power on the planet. This objective comes at a cost when other countries on the planet are committing worse crimes against their citizens. US Gov is still by far the best working example of Government. It wasn't a mistake.

Disclosing ET presence on a planet that was under lock and key control of a very evil race of bloodline families who were all brainwashed and programmed to be suicidal to protect their oppressors at all costs, when not realizing they themselves were the oppressed ones.

We couldn't do it then, and we nearly there now.

However, at the time, we had to do "things". Movies say "I've seen some things man... fucked up things...." Well. It was a matter of National Security. It was a paradox of Majestic proportions.

Hollywood was weaponized and the HIV virus (and others) were used as political weapons to ensure that the trafficking rings within Hollywood disposed "naturally" of their victims via the virus -> AIDS with plausible deniability. If they were snuff murdered, it was covered up.

The virus gave us the ability to control those at the top of the food chain within Hollywood's political structure. We had the cure and so long as our assets did as we commanded of them, the virus wouldn't turn lethal on them, however, it was as easy as a snap of a finger to kill.

As a lot new alien derived technology began to get seeded into the public, Majestic families became heavily involved in acquiring this technology, meeting the different races, and trading information for power and wealth. Some of those families were 322 connected.

So while the Majestic 12 created an entity so powerful that Government itself would collapse trying to fight it, Majestic families were trying to gain control over that system. History shows you who the financiers were. Many have powerful PR operations.

When Majestic 12 went under Cabal control, the weaponization of HIV was introduced into Hollywood and it became part of an unspoken contract you made between yourself and the "Devil"/ETs/Cabal members/organization. You knew "they" would kill you any second they had a chance.

This ambiguity gave the Cabal and Majestic 12 leverage to do anything and everything under the sun to control and manipulate the actions and words of every powerful talking head on the planet.

\*\*\*

House of Cards is a strategic occult disclosure of political corruption that exists in Washington DC. While the characters are factious, the substance of the series reflects reality with incredible precision. The only disinformation is with Zoey. Reality dictates she be 12-15.

\*\*\*

We (Americans) by definition of our National Identity from the founding fathers was that we knew God was all and that freedom to practice faith towards God was permitted in ANY FORM. This posed an interesting complex web of information.

Its quite simple actually.

God can use magic to heal the sick, lift heavy stones, and do anything.

Everything is composed of atoms which are 99% empty space with vibrating electrons, protons, and neutrons.

If you know the frequency you are targeted and understand the math, then you can figure out how to produce the correct inverse frequencies to get the results you intend. Lifting objects means you need to remove information from the equation. What information? How do you specify? How do you negate? Occult skills that require a new way of thinking.

Alien is a frame of mind and a lens of understanding of intuition.

Hollywood glimpsed into reality of what Space is.

It's what you make it to be. Your will.

Unlimited possibilities exist and you need only choose a path.

We know fundamentally that the highest level of consciousness is LIGHT. Photons. EVERYWHERE. LITERALLY EVERYWHERE.

God is within. God is your soul. Your soul is your God. You are your soul. You are your God. You are an IS-BE. All centralized power structures that operate as a business seeking money are technically satanic by design. Religions teach you that Earth is hell.

When you die, if you walk into the light then you are told "you go to heaven". Wrong. You return to Earth in another incarnation. Jesus didn't walk to the light until after he stepped into the void, willed himself to return, and then he woke up. Time is an illusion. No time.

The only light he saw was when we opened his eyes. Occult magic. Death is an illusion. Death does not exist.

These visionaries become the Majestic 12 type of consciousness. However the intentions of those actions must always be evaluated. As stated before, you are a commodity to them. They do not value the 3rd Dimension of reality because technically death is an illusion however.....when your life is ended before you are able to ascend into the permanent higher vibration to simply exist forever (possibly choosing to re-enter to reexperience), you are incrementally improving generation over generation in search for the truth of their Oneness and what it.....means to be "God" as Alex Jones explained on 2/27/19, this consciousness is energy and is what this account has been talking about since before Q became a thing. The Majestic 12 have been everywhere. There is so much disinformation in the world.

What is real?

The power to will and manifest physical reality by learning the codes, the keys to the castle, the magic spells, (whatever you want to call it, you can name it anything you want, doesn't matter to me). Understanding this power means that you can either use your consciousness.....to "inadvertently" be responsible for allowing the manifestations of child cannibalism being rampant in the highest ranks of the Catholic Church and thousands of Banking and Investment Executives. The ladder is high. It goes deep underground.

Imagine you're a young Cadet and you actually unlock a former life. Your work from then forward changes to ensure your operations do not interfere personal matters. Also, think about the obvious piece. Their historical knowledge is Majestic. They join MJ12 like BL did.

QUESTION.

I can imagine that. Do they/we all join/get recruited for operations by MJ12? Or just monitored?

Answer.

Monitored and engaged with.

Certain protections have been put in place for select people who disseminate truthful information about the operation/movement. These do not make one invincible, but it does add a layer of protection, when coupled with smart vigilance, ensure the operations can be successful.

Truth is Majestic.

Truth is within.

Many people know the truth, the(y) just struggle with putting the pieces together.

Some individuals, we monitor.

We are not at liberty to discuss the protections any further.

No coincidences.

New CLAS tech required.

And if one were so inclined, how would one go about learning the comms. The MAJCOMs? Preferably a youtube video? Audio book?

If I have to wallow through an 8chan thread of misspelled words I might shut this off and go outside.

Answer

No specifics. Ears only refers to a no paper-trail policy. Many MAJIC classified areas are EARS ONLY. However Majestic comm scrambling techniques are employed for sending/receiving signals from other Majestic 12 members. Paper trail related follow MAJCOM op/support.

Time Is An Illusion.

MJ12 In Plain Sight (Can you see us?)

The Majestic 12 are multidimensional. We operate in the fourth, fifth, and sixth dimensions of reality and hide in plain sight. Can you see us?

Comment.

Oh yes, I can see you everywhere I go. 

Reply

Likewise.

Question.

How about showing yourself... Show who you really are?

Answer

Allow us to explain a paradigm:

You are an IS-BE.

Immortal = Time is an Illusion.

Spiritual = Theology/Philosophy.

Biological = 3D/Science/Life.

Entity = Instance.

Your Instance is your Ego.

Who others define you to be.

It is who they see in photos.

It is who they think they are communicating with.

Therefore...

Consider the following disclosures provided to you before hand:

1/ We will never ask you to believe anything we say.

2/ This account is controlled using Voice of God communication to a Typist within the United States.

3/ There are 3 typists total.

4/ They do not know each other.

5/ The Majestic 12 is the capstone of the Illuminati.

6/ Disinformation is both real and necessary.

7/ We are on Twitter because this medium of communication aligns closer to the Majestic way of information dissemination.

8/ We always operate 300 clicks away to cover our tracks.

9/ Trust yourself. The truth is within and reality is what you make of it. Identifying your existence as an IS-BE allows you to compartmentalize aspects of your existence to achieve enlightenment. The tree of life is authentic however shrouded in disinformation.

So, allow us to ask you this: If you know we operate in the higher dimensions of reality (and not in the realms of the 3D) putting a face on the Majestic 12 is as meaningless as you can understand. The Entity Ego of the typists involve have no bearing on Majestic Operations.

You Are The Plan

There is nothing more Majestic than the Great Awakening.

# MJ12 ]We Are The Majestic 12[ 6.0

from:ts\_sci\_majic12

We are the Majestic 12.

The Majestic 12 run the United States. We control the Intelligence Community and the Defense Department. The Majestic 12 are not aliens. Some members of the Majestic 12 are extraterrestrial in origin but have promised allegiance to Earth.

The Majestic 12 operates ABOVE Gov for the purposes of planetary defense pertaining to extraterrestrial life. As we have stated before (on many occasions throughout the past year to you specifically) if you don't like what we have to say, then please block us to help others.

We won on Nov. 8th 2016. This job is beyond the man. What 45 gave up in contrast to 24/7 WAR is truly marks of a stable genius. 45 had the knowledge of Tesla from outside MJ12 control through his uncle. 45 knows. Those who know cannot sleep at night.

The Illuminati is sinister and evil.  
The Majestic 12 was created to infiltrate the Illuminati and take control.

For a long time, the forces of evil controlled the Majestic 12. On Nov 8th, that changed.  
If you are not on top; how do you move the blocks of a pyramid around?

How do you control somebody?

Majestic 12.

The Majestic 12 has been spoken in shadow among millions of Americans for a long time. In fact, so many are aware of MJ12's existence (with no evidence) that not only was there one Men In Black movie, but there were 3! P.U.S. (Plus Ultra Society) is mostly disinformation from a failed experiment.

We are the Majestic 12. Typist is communicating through Voice of God nanotechnology implantation. MJ-9, MJ-1, and MJ-12 communicate through this account.

MJ5's subordinate posted a video to Anonymous Official yesterday with those screen shots.  
<https://t.co/cbwjnWw2lP>

Several members of the Majestic 12 are communicating to you through a typist who is human. Majestic 12 are not all human.

MJ-1 is not Dir of CIA. (Currently)

What if 45 was currently MJ-1?

Question.  
"MJ1 ? Lost me now"  
Answer.  
MJ-9 = Majestic 12 #9.

Majestic 12 #1 = MJ-1.  
MJ-1 to MJ-12 = MJ-1/12.

Quote.  
"As I understand it, Majestic people are ranked in order, with POTUS apparently in the MJ1 position currently. Not sure what differentiates the top 12 from the rest, nor am I clear how many there are that are Majestic, but my guess would be the top 12 are the decision makers."  
End quote.

No. MJ-12 is non-hierarchical. All members have equal power and authority to perform MAJIC operations. Everything was NEED TO KNOW. Don't dismiss all disinformation. Disinformation is real and necessary. WHY?

Compartmentalization and need-to-know prevent MJXs from knowing what other MJXs are doing, unless they are jointly signed into the same program. Left hand doesn't know what its right hand is doing.

45 is just one Majestic 12 member. This account is not operated by 45.

Mattis is clean. Mattis is on MJ-12.

There are more than 21 MJ12 members currently.

Question.  
Subordinates count as members?  
Answer.  
No.

Question.  
Can you confirm all of these people are members?

MJ 12 Thread.  
Some of you are writing confused as to why Huber was not at the Clinton Foundation hearing today. Let's instead go over what was revealed:  
1) There is an FBI Criminal Investigation into the Clinton Foundation  
2) The Clinton Foundation, without a doubt, operated as Charity Fraud  
3) Between \$400M and \$2.5B in "donations" must be considered taxable income and the donors must pay taxes on the illegal donations.  
4) The Clinton Foundation operated as a foreign agent who actively worked against the National Security interests of the United States. TREASON.  
5) The private investigators are weaponizing the ineffective partisan nature the hearings breed due to their structural deficiencies (on purpose to keep you divided).  
6) Why do Democrats want to see what is inside the 6,000 pages when they, prior to giving testimony, stated that the Clinton Foundation was a highly respected and well established Charity and all accusations against it are right wing conspiracies. The real crime is Charity Fraud inside the Trump Foundation with a mere \$19M versus \$400M-\$2.5B in mishandled funds.  
7) Huber was not present at this committee hearing for two reasons...  
7.1) The Majestic Q Team went fishing. How do you catch a fish? BAIT. Bad actors are following QAnon right now not interested in the deep research required to comprehend the hyper-dimensional web, but rather are actively looking to see what Trump's plans are, because they believe that because Trump/White House haven't taken credit for Q that Trump/White House will continue sharing their plans to Anons via Q team/8chan. They are interpreting date pushes (time is an illusion) to be literal dates. Q team does not correct anons who are misreporting the intentional disinformation being planted. Why? To force the bad actors to panic. 41 was not tried and executed by a secret Military Tribunal. Instead, by adding emphasis on D5, rats panicked and 187'd 41.

Did you see the look on Jeb's face? It didn't work. "Well played DS." In chess, they just gave 45/Q a valuable piece to avoid checkmate. How many moves away are we from checkmate? D5. Chess. Dec 5th. Time is an illusion. Predicting dates introduces chaos into the Matrix.  
Chaos is a fundamental to the Art of the Deal. Now, back to today. Q's D5 was a Majestic chess move and it removed a powerful bad actor from the equation. He was after all the political leader of the NWO internationally since he announced it at his State of the Union in 9/11/91.  
Now what about the 13th? Do bad things happen on "Friday the 13th?" Is today Friday? Time is an illusion and the illusion is manipulable because numbers hold magick inside them that drive patterns throughout the universe. So testimony is rescheduled and Huber is invited.  
The DS has very few pieces left they can play. No media coverage was intentional. Limited distribution notifications was intentional. Unfilled hearing room was intentional. High ranking members intentionally did not join. Those who defended the Clinton Foundation have a lot of crimes against Children blackmail on them and their role is to deflect, obstruct, obfuscate, and intentionally try to derail what is coming by barking about Donald Trump. So with the spotlight gone and no media attention on the hearing because most people in the Mockingbird media are refusing to cover the true criminality behind the Clinton Cabal, it would be illogical for Majestic Q to have Huber actually show up on the 13th. That would be too obvious. Instead, hard evidence is disclosed to the public where two whistle blowers have gone under oath to testify before the Congress and the American People that the Clinton Foundation is 100% Charity Fraud and they have the proof that will literally collapse the Clinton's House of Cards.  
7.2) Huber did not attend today's hearing because the DOJ ordered him not to comment on an ongoing investigation. [RR] was that you?  
8) Next steps, now the cat is out of the bag. PAIN. De-classifications are imminent because of the testimony hearing today. Remember, McCabe was directly involved in lying to the FBI about his involvement with regarding to saving face pertaining to the Clinton Foundation investigation. If the testimony today, under oath, proved beyond a reasonable doubt that the Clinton Foundation was 100% Charity Fraud, then you must therefore conclude:

(1) conceal violations of law, inefficiency, or administrative error;  
(2) prevent embarrassment to a person, organization, or agency;  
<https://t.co/IR8HFZdXEs>  
(3) restrain competition; or  
(4) prevent or delay the release of information that does not require protection in the interest of the national security."  
The documents requested by POTUS pertaining to the NEXT DOMINO to fall will be declassified next. Can you guess who/ what it will be?  
  
Watch Flynn.  
Eyes Wide Open.  
Who briefed 45 on CF/JE/NXIVM?  
Who recruited 45?  
The world is about to change.

1) Nobody  
2) Q Team  
45 already knew. The DOJ+FBI would not sign him into the Unacknowledged Special Access Program hiding on Hillary's private email server. No papertrail mandate with TS//USAP. EYES ONLY. ONE COPY MADE ON A VERIFIED SECURE SOURCE. EYES ONLY VIEWING. MAJESTIC.  
45 had EYES ONLY access to these programs because he rubbed shoulders with everybody in the Club, and 45 wasn't in it for anything less than absolute love and luxury mixed in with some healthy lust. A stable genius. He knew.  
So Q Team approaches 45 and essentially they knew what had to be done. For God & Country. Those who know can't sleep at night. Could you? What if your child was stolen? Do we ever ask why they were stolen or what the kidnapers do to them? Horrible stuff everybody knows. DARKNESS.

No MJ-12 members are AI. We have several subordinates who are AI, but no AI has ever held the rank of a Majestic 12.

The Majestic 12 are multidimensional. We operate in the fourth, fifth, and sixth dimensions of reality and hide in plain sight. Can you see us?

Comment.

Oh yes, I can see you everywhere I go. 🤖

Likewise.

Question.

How about showing yourself... Show who you really are?

Answer

Allow us to explain a paradigm:

You are an IS-BE.

Immortal = Time is an Illusion.

Spiritual = Theology/Philosophy.

Biological = 3D/Science/Life.

Entity = Instance.

Your Instance is your Ego.

Who others define you to be.

It is who they see in photos.

It is who they think they are communicating with.

Therefore...

Consider the following disclosures provided to you before hand:

- 1/ We will never ask you to believe anything we say.
- 2/ This account is controlled using Voice of God communication to a Typist within the United States.
- 3/ There are 3 typists total.
- 4/ They do not know each other.
- 5/ The Majestic 12 is the capstone of the Illuminati.
- 6/ Disinformation is both real and necessary.
- 7/ We are on Twitter because this medium of communication aligns closer to the Majestic way of information dissemination.
- 8/ We always operate 300 clicks away to cover our tracks.
- 9/ Trust yourself. The truth is within and reality is what you make of it. Identifying your existence as an IS-BE allows you to compartmentalize aspects of your existence to achieve enlightenment. The tree of life is authentic however shrouded in disinformation.

So, allow us to ask you this: If you know we operate in the higher dimensions of reality (and not in the realms of the 3D) putting a face on the Majestic 12 is as meaningless as you can understand. The Entity Ego of the typists involve have no bearing on Majestic Operations.

Here's the 40,000ft view:

- Majestic 12 was created as a result of Roswell (cover story - Operation Paperclip was the reason).
- The task of Majestic 12 was to conceal the extraterrestrial presence on Earth for "reasons of National Security."

- In late 1988, Majestic 12 reformed in an effort to bring the alien presence out into the open.

- There disclosure programs were created and members of the Majestic 12 were labeled such as MJ-1, MJ-2, etc to keep anonymity even among EYES ONLY classification settings.

- Majestic 12 has active operations ongoing in the United States from D.I.A. assets using social media tools, like Anonymous Official, and this account to disclose vital information about the MAJESTIC reality that exists.

- This account is a conduit to three members' operations.

Majestic 12 was created at the direction of President Truman in 1947 in response to the Zetas that crashed at Roswell.

Correct. Military ops were going on since the mid 1920s to detect and down a potential NAZI flying bell UFO aircraft. They designed weaponized microwave dishes to interfere with the navigational units on board which caused the pilot to fly blind.

The intent was to destabilize the craft such that it would crash in a nearly controlled environment that would lead to the least destructive form of downing an aircraft. Most passengers survived this downing technique, some did not depending on where/how they crashed.

No, it was to down a Nazi flying bell. Zetas were not the target. Although the speed in which the military was able to adapt their sensor technology resulted in several unintentional downings of Zetas. But make no mistake, we were downing those craft because we were researching.

Unfortunately, when this happened, the military was unpleasantly surprised. They believe all recorded UFO stories prior to 1947 were just the NAZIs. They didn't expect to meet a Zeta that faithful day.

EBE == EBE(n [n+1])

EBEN-1 = EBE Number 1

EBE is just extraterrestrial biological entity. There are tens of thousands of EBE races that have been cataloged. India's policies towards ETs is nearly unchanged. The relationships exist in secret at the request of the groups they interact with. Quite bad actually. MJ12 has contributed to the catalog. We did not originally create the catalog.

Yes, most of the races are capable of interplanetary travel, though only a handful of them are capable of space travel.  
interstellar is between stars  
intergalactic is between galaxies

most races cataloged have traveled to other planets w/o using space  
some races cataloged travel through space to other planets/stars/galaxies

Stargates on Earth. Most are naturally forming Stargates.

The Majestic 12 has been in contact with different ET groups domestically on planet Earth since the inception of the Majestic 12. The original members of the Majestic 12 were aware of ET presences on Earth, but had not formed official contact with any of them prior to MJ12 est.

The (Secret Space Program) SSP used a vast majority of that missing \$21T, however of the trillions we've publicly been able to allocate, about 70% of all publicly disclosed budgeting towards DoD goes to the SSP. So the real cost of the SSP is close to \$35T-\$50T. A lot of wealth was stolen.

We do not expect anybody to trust the Majestic 12. The Majestic 12 has been the most secretive organization on the planet, but its important to understand that in order for Disclosure to take place, we must go from DARK to LIGHT. We admit our mistakes, but truly care about Earth.

Knowledge is power. Knowledge is dangerous in the wrong hands. Only the pure of heart and willing can acquire the knowledge you seek. It cannot be forced onto anyone. Granted, there has been a lot of subversion. But YOU CREATE your reality. Not us. We can create a faux reality.

But the Karma is spinning the planet into destruction. So, this time around, MJ12 have decided to take a back seat approach to dealing with Disclosure.

YOU HAVE MORE THAN YOU KNOW!

The Majestic 12 seeded the Matrix into the public consciousness to ensure that free will wasn't violated - (((we))) disclosed to you what we were doing (((your))) lack of education was a choice to not understand. This is legitimately how MJ12 viewed this at the time. <https://t.co/5iEZa57JKb>

Question.

"Respectfully, I didn't imagine that MJ12 would be on Twitter. But then again I'm in no place to make assumptions. I have a close acquaintance with experience. (I want to keep it vague). Are you in any way connected to recent disclosures?"

Answer.

This account is isolated from all MJ12 happenings. Its purpose is literally to start a conversation. Nothing else. Thanks for asking.

Question.

So you control the CIA and what can you tell us about the ACIO?

Answer.

Some members of MJ12 have significant influence over the Alphabet Soup intelligence in the United States, for sure. Just how much control? We will not disclose. We cannot tell you anything about ACIO - yet.

MJ12 is all US based. Higher than Majestic include ranking organizations that are multi-planetary. Not all members are currently on Earth.

Majestic 12 was very evil a short period ago. Months prior to Q being released to the public 45 signed legislation that took control over MJ12. Since then, we have flipped the table and are

now using "their weapons on them" to clean house of this group of sick people.

We won on Nov. 8th 2016. This job is beyond the man. What 45 gave up in contrast to 24/7 WAR is truly marks of a stable genius. 45 had the knowledge of Tesla from outside MJ12 control through his uncle. 45 knows. Those who know cannot sleep at night.

Memories.

Question.

"Was #3 pushed out of the window? If so, by whom?"

Answer.

Suicided.

[Classified]

Necessary to MJ12. Regrettable because he had a family who he was leaving behind. We could not be crossed. Not then. Not now.

Question.

"Was this a result of the takeover of MJ12 by 322?"

Answer.

More like a change of heart. Members of MJ12 were known to be powerful to those in the know, however, access to the secret was restricted. By inviting less than 6 into 322 of MJ12, they created a close enough majority to remove #3 and tip the balance of power to 322MJ12.

Question.

"JFK had a family who he left behind. Was his assassination necessary and regrettable?"

Answer.

Unfortunately many in MJ12 viewed his treason as something that could not go unchecked. According to the state of current affairs at the time and the secrecy war going on internally between USSR/CIA vs USMil. We know JFK was assassinated by USSR/CIA. So did we have any say?

We were mandated with doing anything necessary to ensure the secret was kept safe at the time. Those who strayed from the path needed to be met with hard resistance and some paid with their life. The secret was too big to give up just then.

Also, lets lend a perspective into the following:

Remote Viewing, the bulk of the STARGATE program at D.I.A., revealed the usage of global consciousness to accurately "sit in" on EXTREMELY CLASSIFIED AND DANGEROUS operations world wide. This ability is still used to this day, though individuals can use technology to put scrambling technology in place that prevent you from being able to remote view into a DUMB or any other classified location.

Remote Viewing was a very dangerous phenomenon that the US Government had NO CLUE what it was or whatever! So we panicked. We had to keep the secret safe. Free energy? Awesome, yes, but we could NOT reveal how we learned about that technology without disclosing WHERE we also learned about Remote Viewing. Imagine if you could remote view into the Situation Room how devastating that could be for the United States? Majestic 12 was tasked with defending the nation FROM the secrets we knew because our Nation wasn't advanced enough at the time to deal with the dramatic changes.

One final note here, we have, through our exploration, discovered countless other planets with civilizations similar to ours in development progress that through the interventions of extraterrestrials on those planets, disclosed alien life and technology before people were properly prepared and became enslaved by a similar kind of interplanetary cabal to NWO.

MJ12 was overrun by the Cabal and a whole host of criminal behavior was sanctioned by the C\_A to continue paying for the secrecy of the space program.

The Working Group (aka Majestic 12 aka MJ12 aka @TS\_SCI\_MAJIC12) hand selected members of the American Press through the Council of Foreign Relations to guarantee that they had enough blackmail collected on them and they were adamantly against ET Disclosure. All unbeknownst.

We did not "choose" to business with hostile NTE/EBEs. Technically it was the SS who chose to do business with them and at the direction of a President of the United States, 1800 of them were smuggled into the USA to seed the SSP. Not MJ12 choice

Ike.

This particular President was not being blackmailed or threatened to make the decisions he made. At the time, they were strategically the best decisions, however its more important to recognize the failure of consciousness here. Morality and karma dictate the future.

Greed overcame his ability to understand exoconsciousness and the universal oneness and sided with an enemy he knew nothing of, but went off the advice of his counsel who assured him the threat could be mitigated by moving forward. They acted, and we are now living that reality.

We have over 30 films of each Clinton involved in snuff, pedo, pay to play, and more. Eyes Wide Open. We have the server(S). Snowden revelation? Why? It was "illegal" but legal for the right reasons? Cabal justified aphorism with National Security. MJ12 decided differently.

#### "Operation Majestic Childhood

As stated in previous posts, that name is a generalized Majestic name for a series of lower compartmentalized programs designed to prevent the left hand from knowing what the right hand was doing. MJ12 was never the masterminds of the child trafficking rings.

Our mandate was simple, protect the secret at all costs.

Subordinate agencies used this mandate as an excuse to being operating those trafficking programs. Once what was done was done, Majestic 12 had to reconcile and continue to maintain secrecy, so we intertwined them.

As our internal development improved and the spacecraft reverse engineering operations started yielding results, major changes took place around JFK in the Majestic 12 that resulted in it aligning itself with the NWO of 41 and his cult 322 who was actually just working for ETs.

When 41 became an MJ12 member, and then later in his career the head of MJ12, we were realigned to officially merge the

trafficking programs with the sacrifice programs associated to 322 and other cult groups. Once MJ12 started interacting with the being who was consuming the sacrifices, we learned they had operations all over the planet and they weren't alone. At the direction of 41 when he joined MJ12 in the 60s, instead of "resisting" the demands of these beings, he aligned MJ12 to enable these beings and in return, the USMil would get technology.

A lot of the technology collected after this point was (and still is) harmful for humans to consume. Technology that was helpful to humans was restricted, prohibited, and harsh laws were introduced to curb any attempts at sabotage. We were 20 steps ahead of everybody else.

This technology included cloning, genetic manipulation (more on this in a second), vaccines, super viruses, and transhumanism. Genetic manipulation technology was seeded into American corporations. They are currently being sued over "causing cancer." This was known in the 60s.

In fact, when 41 took over MJ12, MJ12 essentially became a rouge operation and the "Deep State" itself, however the entity itself today is much larger than just 12 individuals at the highest ranks in Government.

The Majestic 12 was the twelve headed dragon at the end of your quest that you had to defeat. Nobody without the correct combination of consciousness could defeat what we had built. There was only one problem with 41's plan. The Constitution made MJ12 technically illegal.

And for that reason, it was protected as National Security because of the original chartered mandate - it never changed, even though MJ12's programs changed in the 60s after JFK.

However, what happens when the "good" forces in the Military take control over MJ12, cease to operate the sacrifice programs and essentially give a big middle finger to the aliens demanding the children, you are faced with The Storm we see today. Many celebrities, politicians, Government employees, civilians, etc. who were involved in these programs were all working for these ETs even if they had no clue. It was designed this way. When the feed was cut off, the revenge started showing itself through linked consciousness.

The people who were under the "spell" (so to speak) of these ETs from their sacrifices and commitments to Satan/Lucifer "himself" (not really "himself", just claimed to be), would receive constant conscious communication with the IS-BEs the USMil was actively fighting.

Some of this crosses RED LINE territory, so we won't be expanding any further quite yet. However, the purpose of the Space Force creation was to force all of the secret technology out of the shadows and into the Commander in Chief's desk. The law requires them to comply.

Additionally, dedicated Patriots in the Military who were just as upset about 9/11 and most civilians were decided that ENOUGH WAS ENOUGH. MJ12 was commandeered a month after 9/11 and the Space Preservation Act was enabled to block future rouge Majestic 12 operations.

The Military audit currently ongoing is turning up technology that is "out of this world" and "in science fiction". You've heard both the President and Vice President refer to this new technology as such. Hollywood knew the secret and they hid it in plain sight. Since the Space Preservation Act was designed to stop MJ12, which it had relatively little success until HRC was removed from office (who was also an MJ12 member until recently) once MJ12 got in the hands of the "good" side of D.I.A., and later to 45, those weapons can now be used.

Against them. 45 has constantly said "I am rebuilding our Military." and "I will never forgive 44 for what he did to our Military." NOT ANYMORE.

The audit is turning up technology the likes of which the world has never seen before and the ONLY solution to ensure we survive is to unite as a planet and realize "we are all humans" and our "problems at home won't seem so big if we faced an alien threat."

Many people here like to tell us, the Majestic 12, that there are no such thing as bad aliens. They are good-willed but severely ignorant.

The alien "false flag" invasion was supposed to be just that. An invasion, but planned by the winning side before it happened. Americans were to be the losers of that battle. But regardless of how power has shifted, it still requires us to deal with the fact that 322 is powerful.

For this, we need a Space Force and to bring out a lot of that technology hidden in the compartmentalized programs through the nation's top defense contractors. You'd be surprised how many people actually want to see this happen.

We moved into the open when 41 announced 322 NWO versus Majestic NWO. We technically lost a war, but we never gave up and we never let our foot off the gas. Cabal was able to do serious damage with what MJ-12 created. Crimes Against Humanity and our Children.

Cross reference MJ-12 leaked docs.

When?

What did 41 announce at SOTU?

WAR?

Majestic 12 was defeated by the Government WE CREATED.

Would the military ever declare they lost to another power and just hand over the nuclear codes?

We could not allow that.

We, the Majestic 12, hope that society understands and appreciates the magnitude of what Disclosure really is, and how we have built society up to this point in order to tell you, the public, the truth - finally. We were delayed by 25 years thanks to one MJ12 leader.

Question.

"Hm. Care to DISCLOSE the name? ;)"

Answer.

2B ;)

When 2B took control over MJ12, the ambition to Disclose alien life + technology to the public became thwarted because a rouge group of agents within the Shadow Shadow Government wanted to establish a New World Order FIRST in order to "prevent chaos."

George Bush is a product of the society created by the banking cartel. He learned at a young age whose side to pick, and it played out well for him. He does, though, struggle with sleeping most nights. He does feel ashamed, especially as he is about to meet God. We'll see.

Hello Majestic 12 leader (of decades)... we hope you enjoy the afterlife (in hell). <https://t.co/NIRFf8XyJ>

He did set things right, behind the scenes. He resigned leadership of the Majestic 12 to pave room for the Trump Era. He realized he perpetrated a LOT of evil around the world, but he doesn't regret everything. Only the betrayal of his God. It's always been about him. Until now.

GBSr was a member of MJ12 for decades and has since been removed from the active MJ12. MJ12 changed because GBSr wanted to make amends with God before dying.

Its important to understand that with free will, GBSr only became as evil as he did because people's free will decided "meh" when it came to politics. This attitude gave the MJ12 exceptionally strong power. You're lucky he repented. Seriously lucky.

MJ12 didn't repent.

GBSr did.

As leader of MJ12, he made critical changes just after he struck a deal with Trump to get out of prosecution or public exposure for his treason.

Just before Barbara Bush died.

We recruited Donald Trump. We gave him an opportunity and he took it. We recruited him in 2001.

Everything was planned. DJT vocalized to MJ12 via TV interviews and tapped private conversations that he was serious when he suggested it, though vocalized how much he wouldn't LIKE doing it (in contrast to his former lifestyle).

We convinced him to bite the bullet and run.

When DJT was recruited, he was recruited to MJ12 as a liaison officer. Unbeknownst to him at the time, it was us who enabled him to seriously consider running. We begged him to run in 2008 and he put his family first. After Obama, he regretted the decision and ran.

Hillary Clinton was supposed to win, considering the meddling her associates did during the election (including abusive propaganda), but operatives were dispatched to undo their vote hacking systems enough to save the Republic.

A Majestic Message of Disclosure.

1) Go back to July 4th 2001

2) Turn your TV on

3) 9/11 COMING TO A THEATER NEAR YOU

4) FUTURE PROVES PAST

When JFK was assassinated, Majestic 12 moved into the open within Government, essentially pressing START to begin creating the NWO as the Zeta's told us about. We were the Deep State. We propagandized Hollywood. We developed advanced alien technology in secret. We ran all crime.

When 9/11 came to a theater near you, Majestic 12 moved into the open.

STARGATE SG-1 was part of the equation.  
Congressional Disclosure Hearings warranted a proper, Naval, Intelligence, Civilian approach to ET disclosure.  
MJ12 opposed this at all costs.  
Pentagon tried to fight.

Next Day. 9/11.  
Majestic 12 moved into the open.

We revealed a classified DUMB's true identity to the world and NOBODY BLINKED TWICE. Quite expected actually. The Matrix is real. We operated in the DARK for a long period of time.  
Canada actually helped the United States out with Disclosure of SG-1 because Paul Hellyer was so poorly treated by Congress when we stopped the congressional hearings. His testimony was true. Every word of it. It was WAR inside the Pentagon when these hearings were happening.  
Majestic 12 was originally the body pushing for the Disclosure of ET life to the public in a controlled manner to ensure proper Government restructuring. However, when 9/11 was orchestrated by several MJ12 members as a way to throw the scent off the trail and "go over here".  
This derailed decades of planning and flung the United States into a suicide nose dive where 2017 was going to be the year of a nuclear holocaust.  
During this nose dive period, the Majestic 12 worked tirelessly against the interests of the people without risking compromising the operation that had to carefully be planned out and executed.

When HRC was neutralized by the Pentagon, MJ12 changed hands to the D.I.A. under new leadership. Essentially returning MJ12 home.  
PANIC IN DC  
P-A-I-N.  
COMING SOON TO A THEATER NEAR YOU.

Actions speak louder than words. MJ12 was very dark for a long period of time.

DARK > LIGHT.

We just need to clarify again for everyone. The Majestic 12 was taken over by a criminal NTE mafia by 2B/322 about 25 years ago and since then, that group has been quickly destroying the planet's ability to sustain ALL LIVE ON EARTH - including ET life. Therefore, MJ12 + ETs = WE.

We are the Majestic 12.

This account does not leak classified information.  
Correct, we are declassifying information at RECORD PACES!  
Revealing the interior to a classified DUMB would jeopardize the facility. We will NOT put out fellow comrades in harms way to satisfy "people on the internet." This account is operating in Good Faith towards 45 goals.  
You should be reading 20-50 "reading room" pages a day to start to get acclimates in the world of the declassified hidden in plain

sight that is ignored by the MSM and weaponized by MJ12/ Hollywood.

The ET threat is about to be Disclosed. Necessary to reconcile the \$21T "missing" from DoD budget. Also, to all who claim ETs are not hostile, please take a step back and think before you speak. How do you KNOW they are not hostile? You don't. We do. N+1 groups are hostile. EVIL!

Quantity of ETs on Earth being good vs evil are quantifiably irrelevant as you state, however the actions of the few evil who are our current enemy are PREVENTING many from seeking the path of self enlightenment. Many need to beat this oppressor. It's not MJ12 anymore.

We do not ask anybody to believe us or trust us. We ask for you trust yourself. What resonates with you as being truthful and what does not, and why. MJ12 is made up of 12 people. Over half of them are on the Q Team.

Majestic 12 is not Q Anon.  
SOME members of Q Anon have Majestic 12 clearances.  
POTUS is MJ12.  
No. Majestic 12 is a conscious arm of POTUS's direct commands.  
CoC wise MJ12 is a peer to Q Anon.  
Are you enjoying the movie? MJ12 are MASTERS at making movies. Have you seen one of our productions? They are classics.

9/11 was a movie executed by the NWO Majestic 12.

MJ12 is isolated 100% from DOJ.  
DOJ cannot touch anyone in MJ12.  
They literally cannot touch anyone in/from MJ12.  
They don't have the need to know.  
They will never have a need to know.  
This is why WE love compartmentalization classification laws.

This account does not disseminate information unrelated to the INTENTIONS of MJ12 that do not serve the purposes of disclosing SOME activities to the public.

The fundamental and most Majestic question of all is where did humans come from? The Majestic 12 kept ET disclosure secret because the Vatican demanded it. When the Vatican's tentacles took control over Majestic 12 through 322/Cabal original MJ12 members revolted and fought.  
The original story of creation, as told by all major religions is a lie. Humans were genetically engineered by The Domain to be vessels capable of experiencing many facets of the lower dimensions in order to develop and grow the spirit. The young don't always do as they're told.

"Partisan Investigations" at #SOTU

William Cooper was a subordinate to MJ4. MJ4 is not actively involved in this operation.

He knew what he signed up for.

Not MJ12. Similar to AD though. Worked closely with us even though he was unaware for the most part who we were. We operated in the shadows and he knew of our organization, but naming names aside from the heads of MJ12 was impossible.

When Yellowstone blows, it will cause a lot of destruction. MJ12 does not currently have insight into whether a plan has been put in place or not with regard to mitigating the damage of Yellowstone eruption, but its possible other organizations have something planned.

What if you could travel to an asteroid and just mine gold? What if you could just 3D print gold? How would "money" exist then? Does it need to exist when replicators are introduced into the general public? The end of the Federal Reserve means more things than money.

You are right in that regard. The solution is far more complicated than you may understand. The introduction and adoption of AI will help this tremendously however education is the best solution over a series of years. The Great Awakening infers this new form of education.

Other civilizations in the universe, more advanced than Earth by tens of thousands of years, they have metropolitan areas that are dominated by an AI police force that is built upon sustainability and peace. The exchange for cooperating with the system is free living.

For those who are criminals, a series of well designed educational programs and mind control techniques are used to remove hostile behavior patterns, criminal intentions, and devious actions out of the individual. It sounds scary from Earth's perspective, and if it were.....implemented today, it would be used for evil.

However, in those other civilizations I mentioned, those who choose (remember free will is everything) to be part of the system can reap the benefits of the system. Those who choose not to, can live outside the control of it. But it truly means nomadic life. No public services. No fire department (so to speak), no hospitals (so to speak), no replication technology, etc. Instead, you are "off the grid" and living off nature. Many many many people opt for that lifestyle and are happy with it.

To give an Earth analogy to this, its like how the Amish give their offspring the choice whether or lead an Amish lifestyle or go off into the [C]lowns [I]n [A]merica existence that is, currently, very evil - invented and created by the founders of MJ12.

MJ12 is currently working toward full disclosure.

Would you require 100% of the functioning US population to believe in UFOs before the Government should disclose its existence?

We're not planning it, DJT is planning it.

Proportional to when the majority of the population's consciousness is ready. Through global consciousness and exoconsciousness, we are able to glean insight using the Stargate to determine when the public is ready. Its steadily growing. More recently, since Q Anon its been exp().

Question.

"What is DJT relation to MJ12 now ?"

Answer.

He's not in the Majestic 12 officially, but he is a very close confidant to our current leader. He has been sworn into MJ12 though.

He doesn't lead MJ12, he's just a member.  
But a Trump [was] in MJ12 at [some point].

Waiting for 72%. We are currently at around 30%, though we expect that when the bad actors in the M.I.C./I.C./D.S. are finally removed from power, that the void created will jump that 30% to well over 72%.

Also... 72% of functioning adults. Not including children or люди инвалиды.

We are waiting for 72% of the public to believe that UFOs are real or could exist. When that figure is reached, MJ12 will start disclosing physical evidence that will jump us from 72% to 99.9%. We can never get to 100% because of free will.  
We cannot violate free will.

Question.

"If You, personally & collectively, align w God's Unity Consciousness, then why do you keep retarding it: Tv, MSM Music movies chemT gmo etc?"

Answer.

MJ12 doesn't retard it. Useful idiots retarded it. We just installed useful idiots to keep our finances safe. Free will is what created this mess. Free will is the answer to this mess.

Correct. MJ12 has functioned for decades as the means to prevent true Unity because it would compromise planetary security.

Quote.

"YEP ..... some Men still need the LIMITATIONS of the MATRIX to SELF DEVELOPP and PROGRESS in a SANE WAY, that is CORRECT.

"Great Awakening" is a term that the Q team used from the MJ12 "Full Disclosure" guide that was originally designed to be rolled out using Mainstream sources back in 1989 but was subverted. The GA is learning that truth and discovering the secret MJ12 was employed to protect.  
"Fictional" Starfleet Command's vision is not far from the Space Force vision. The GA is about unlearning decades of propoganda and re-learning the truth. When people go through great lengths, like MJ12 did, to keep a secret secret, you know its a good secret.

To understand #Q Anon you must first understand régime change.

Is it #MKUltra?  
Not technically.  
Is it like #MKUltra?  
Absolutely.  
Is it bad for you?  
Depends on who "you" is.  
-MJ12

Q Anon is a separate NSA operation. But where there's 1 there's 100. All for different purposes. All playing hyperdimensional chess. Welcome to reality. However the nature of reality is not as you were taught. An alt physics in Classified programs exists that MJ-12 has "DECLASS'd"

We are not at liberty yet to provide "MJ Proofs" as Q has because by doing so would inadvertently attract too much attention to this account. We are disclosing information. Future proves past. Proofs will be provided in the future, not yet. Let Q finish their mission first.

Truth resonates internally and therefore MJ proofs are moot.

Disinformation is "real and necessary."  
The creation of the disinformation is intentional to seed consciousness to manifest the reality.  
Majestic 12 is trying to force the hand of those in power.  
That can only happen when the people wake up.

1/ We didn't create the video.  
2/ The video is clearly doctored.  
3/ Coincidences are event driven validations of conscious connection.

Majestic 12 has been in the business of disinformation disclosures for decades, what makes you think anything has changed? The objective matters.

That KIND of speech has taken place before.  
We couldn't record the real speech.  
How else do you make people aware?  
"Deep Fake" videos that imposter individuals are used to convey classified "unreal" facts (hence why they are classified) to bridge the gap in conscious awareness.

Only those woke can understand message over messenger and that truth resonates, others believe that all forms of information, misinformation, and disinformation must come from the most unbelievable sources when it contra(di)cts the status quo.

The real speech took place in the 80s and those who wish to usher in a false flag alien invasion are pushing content like this, however Majestic 12 has always been many steps ahead of the Cabal. MJ12/3 knew this video was created to push an event on 12/21/18.

Quote @JordanSather.  
I haven't decided if it's a good or bad thing that I'm not on Hillary's Twitter Hit List 🙄  
I'd think I'm not on the list because I don't make too much of a political dent on Twitter unlike others. I fly under the radar with tweets about UFOs and vaccines and stuff. <https://t.co/jHX6tTHA92>  
End quote.

Its because you're being protected. You can thank the Majestic General Flynn and the D.I.A.. You were groomed by the Majestic 12.

Question.  
"How was Jordan "groomed""  
Answer.

We aren't at liberty yet to disclose the details, however the resistance against acknowledging it is common for candidates we've groomed. Grooming effectively attempts to predict and enable an alternate reality for an individual through the form of controlled choices.  
Factors contributed to Jordan making his channel. Do you not think the craft hes claimed to have seen were simple coincidences? Do you not think the awareness and the curiosity of those crafts didn't lead him down this path? Jordan was groomed whether he likes to admit it or not.  
However in no way are we suggesting that we forced Jordan to make any decision. On the contrary. The Majestic 12 recruit individuals who are able to serve a purpose. Jordan is serving a purpose and he's being acknowledged for his role. Remember, MJ12 was before Q.

Quote.  
"I've followed Jordan since he only had a few thousand followers. He's organic. Not groomed."  
End quote.

That's not the definition of groomed. Grooming does not take place on Twitter. Grooming takes place in "real life" with real assets moving pieces around to achieve "Events" that MJ12 seek.

Quote.  
"I think we can each look at our own lives & find "coincidences" that brought us to where we are today. Certain people that came into our lives at forks in the road, events beyond our control but to our benefit, etc. A sense of being guided (groomed)."  
End Quote.

Now do you believe you were groomed by the Majestic 12?  
Own without ego.  
Be careful who you follow.

Quotes.  
"Hey @Jordan\_Sather\_ I think MJ12 is referring to you..."  
"I love Jordan and stand by what he is doing 1000%. He is well read, articulate and charismatic. Someone needs to do it. He's my pick!"  
End quotes.

It also helps that he's a good looking guy anxious to get in front of the camera. Big days approach. Be humble. You were groomed. We have spoken to you directly. You do not know our identity. MJ7.

These visionaries become the Majestic 12 type of consciousness. However the intentions of those actions must always be evaluated. As stated before, you are a commodity to them. They do not value the 3rd Dimension of reality because technically death is an illusion however when your life is ended before you are able to ascend into the permanent higher vibration to simply exist forever (possibly choosing to re-enter to re-experience), you are incrementally improving generation over generation in search for the truth of their Oneness and what it means to be "God" as Alex Jones explained on 2/27/19, this consciousness is energy and is what this account has been talking about since before Q became a thing. The Majestic 12 have been everywhere. There is so much disinformation in the world. What is real?.The power to will and manifest physical reality by learning the codes, the keys to the castle, the magic spells, (whatever you want to call it, you can name it anything you want, doesn't matter to me). Understanding this power means that you can either use your consciousness.....to "inadvertently" be responsible for allowing the manifestations of child cannibalism being rampant in the highest ranks of the Catholic Church and thousands of Banking and Investment Executives. The ladder is high. It goes deep underground.

Understand this, the world is changing. The world is watching. Big things happened today, and even bigger things will happen over the next 20 days. A lot more is coming out. Keep your cool. You know whats coming out.

Question

Is Q no longer a good channel for hinting at plans now that Q is well-known, and if so, are there other ways to communicate the Alliance plans against the cabal that will replace or supplement Q?

Q will be the defacto goto for when 45 announces the Storm. Q's message isn't the word of Q but the will of We, The People. What Q is trying to do others will logically understand. Unfortunately you are misguided here.

👏 Trust 🙌 the 🙌 Plan 🙌

We agree with you about all but your distrust of The Plan. Your faith in it is irrelevant to its reality. Trust in the plan allows you to develop spiritually and see past the illusion created by the Majestic 12. You see it as pointless, we see it as critical. This is our mission.

We are guiding you to decipher MJ12's fingerprints throughout society. Q is responsible for the justice for all equally; and the proof is in the details. Arrests are highest levels ever.

However MJ12 !(is not) = Q, instead MJ12's Event will happen once Q's Majestic movies you're watching.

# MJ12 01.19.2019 Majestic Message of Disclosure from a Majestic Messenger about Full Disclosure

How many times in the last 30 days has 45 said "Majestic" or "Majesty"? When said, what was happening?

What percent of public appearances disclose Classified information? Behind The Scenes

You asked for "proofs". Message over messenger. Majestic 12 is everywhere right now. OPENED

Working hand in hand to return control back to the American People. The scientific research that was classified and never brought to market was intentionally done. Trade laws must be tightened and China must stop intellectual property theft trade violations.

<https://t.co/gUSKPBNyN5>

In time this will happen. Human Trafficking is a major world wide humanitarian crisis, and basing trade deals on equal Human Rights FOR ALL, including Children. We will enforce our trade laws with sanctions that cripple nations. Death by a thousand cuts.

The new technology that will be coming out will be protected at first while the rest of the world cleans itself up. Military will return home and defend the homeland from economic theft that make our sanctions effective in order to give other nations a choice. The choice shall become, adopt the Majestic principals of equal human rights as fundamental requirement for trade. If you rape and murder children, sorry, you can go suck on a lemon. Doesn't mean we declare war. But sanctions can cripple offending nations. Look at Iran. Citizens of those countries will have a choice. Do we allow a Government that abuses children in some of the most horrific ways to trade with the United States? We offer, in exchange of trade negotiations, access by allowing our businesses to be established in your country.

New Technology. You think Silicon Valley has anything cool? Give me a break. It's called SiliCON Valley. Everything they are doing is because of the Us Government. Lousy politicians who sold out our country. New Trade Deals. New Technology.

Full Disclosure will not happen outside of Classified realms until the humanitarian crisis of serious human rights abuses worldwide end completely and irreversibly. Wait until you see what was in Kim's letter. Look at what I just announced about the Space Force. If rockets were flying everywhere and I said what I said, we'd be in a very different country right now, let me tell you that. Strings cut. Clowns are out. We're done with them. The manner in which

other countries will gain access to our technology will be through trade only.

We are willing to offer food replication technology in the not too distant future as a new cutting edge technology to curb worldwide hunger. Countries who show willingness to work with the United States to end the horrific crimes against humanity that have been taking place, they shall be granted trading access for this technology. Those companies want to sell products in your countries and we want those products to be made here in the United States. We have great potential. This is the Great Awakening. National Emergency will not happen yet. Watch. Learn

# MJ12 01.19.2019 Majestic Message of Disclosure <https://t.co/l4yR13Oa2P>

Unborn children have a foothold kind of engagement with their mother. The IS-BE's soul of that child decided to create another BE in the infinite realms of conscious projection here on Earth. Many BEs are born per IS. You'd be surprised. The IS-BE has not fully transferred BEs.

Between life and death a period of "time" exists that has been described as purgatory by dogmatic religions where you are able to decide your next life using free will and intended actions. This time you are contemplating the existence that you once had and wait long enough to just think, "wait, can I go back?" You can, with no control. If you were told "yes" and then decided "yes! I want to go back" and they end up in a birth canal. Between questioning and willing, life in the womb can be understood. If you terminate that life, then the idea is then pushed back into your mind as in "nothing's happening yet, maybe I can't go back" but more closely as in how do I just "will something to exist".

You have to know it from your heart.

Many family generations are simply skipping generational IS-BEs. Ying-Yang.

IS-BEs are able to communicate through source love/light in a way that transcends space and time. Decisions made around a family greatly impact the experience of purgatory that an IS-BE experiences. If you will to hear them, you will hear your next life. When you leave this realm you will lose all memory of your actions while in source due to dropping into a lower frequency.

Through meditation, consciously mindful living, with healthy eating habits abundant in THC, CBD, and CBN, you may be able to return to those moments of contemplation you had before. And learn about the purpose of your life; while at the same time, possibly learn about your former life. The further you are from the time of your last purgatory, the more difficult recalling will be. Children learn a twisted and sick form of this to learn their passion in life.

Comment.

I need to think about all of this...meditate, etc. I'm sure you don't have the time, but to put these messages of disclosure on audio, to listen to would be beneficial. Just a thought.

Question.  
Can you please explain how the consumption of meat causes chaos? Does this include dairy and eggs? Will this negatively affect our consciousness and overall vibration?  
Answer.

When an Ego is concerned about becoming vegetarian, the energy consumed from plants is a lot higher in vibration. Meats are proportionally vibrant to their quality of life in the pursuit of reproduction and quality of life. A lot of labor is required to balance karma. Consequence.

Question.  
So our consumption of food (the plant, animal, bacteria IS-BE) should be of ones whose existence was as joyful and pleasant as possible because we are, energetically, what we eat? Treat our food with reverence, plant, animal or bacteria, and it will not hinder our ascension?  
Answer.

The ultimate sacrifice. Loving your animals then murdering them for food is a sacrifice. If you do not feel for the loss every time you consume meat your vibration is systematically lowered. Religious dogma uses Grace before eating as a metaphor for this tribute's karma value.

- 5/ [They] want you divided.

- 7/ Patriots are selfless. This is why the identity of this account is/ should be of little importance to anybody.
- 8/ We have stated this account is not to get too large, because of this situation.
- 9/ Proofs will not be delivered in the way you are accustomed to from the Q team. They are operating under a completely different set of NAT SEC laws from MJ12.
- 10/ MJ12 has disclosed the power of using synchronicity of 3 6 9, meditation, and detoxification to assist in new Anons being able to properly enter The Great Awakening.
- 11/ Since 2019, we have over 45M reached.
- 12/ We have also stated that we do not have any intention on interfering with Q's operation.
- 13/ MJ12 historically has been embedded into Academia and Hollywood.
- 14/ MJ12 seeded technology through the Pentagon into American companies. Search Google Patents.
- 15/ MJ12 operated Project Stargate.
- 16/ Were today's "attacks" perceived as coordinated?
- 17/ Did these attacks expose malicious intent to dox?
- 18/ Did Clowns get their intel wrong again?
- 19/ Attempts to divide will fail.
- 20/ While everyone was distracted today (where MJ12 assisted) major news broke today.

I've asked you a question and didn't get an answer.  
Are you doing your part to save humanity, or nah?  
Then there is no problem, other than self-created problems.  
You're doing your part, fine, allow others to do theirs, their way..  
Free. Will.  
Burden of proof is still yours. We're gonna need more than a disagreement about the book's title & author, & a few pages you disagree with before throwing away what's been a good book so far. And vice versa, no one (except you) can or will make me stop following you.

He makes himself the arbitrary authority, claiming who is a heretic from Truth as he sees it. He calls the person out publicly in an attempt to shame them. Then he shuns anyone who doesn't agree with him. Reminds me of many elders in cults that I've had personal dealings with.

Reply.

The behavior is alarming when observed. When IS-BEs are able to trust themselves and look within, using synchronicity of 3 6 9, meditation, and detoxification, seeing that the roses are red is not as difficult as those who are colorblind to their own IS-BE. Cult is a strong word.

This is what yesterdays fishing expedition was all about.

Question.

Can VOG be used to help me play the piano?

Answer.

No, unfortunately it doesn't transmit motor control instructions with that level of precision.

Questions.

If someone receives a VOG message does that mean they've been "implanted" with a device or are all humans implanted with a device for this form of communication?

To the best of my knowledge you do not have to have an implant for them to use VOG on you. They have developed it to the point that they can be quite a distance away and still target a single individual. It's a sick game they play.

Answer.

Implants allow for two way communication. Typists all have these implants. Required for this kind of communication. Many people are unfamiliar with it and are curious. Trust that the truth will resonate from within when you hear it. Speak it. Listen. Learn. You have free will.

Question.

Do these implants harm the typists in any way? They are aware of the harm & consented to their use of their own free will?

Answer.

The presence of heavy metals will cause neurological defects to occur. This is true for all products that contain heavy metals. The danger is no greater than the 71+ vaccines contain.

The typists consent by willing to engage with VOG. They have free will. They can stop anytime they choose. However, when you know the mission is just, then its difficult to deny the battle. The typists are highly specific people with specific backgrounds groomed for usage.

Comment.

Cool MJ!

Yeah, good point - "when you know the mission is just, then its difficult to deny the battle."

Question.

Do they regularly flush the metals from their bodies regularly or get some sort of other treatment(s) so that it isn't a long-term problem for them?

Answer.

Human children do not receive such services, do you believe there is a potential long term problem?

Question.

Not sure honestly. I'm just wondering if, in the future, such things like Chelation therapy, etc. will be readily available, and not suppressed/downplayed, etc. to make sure all people - MJ typists included - are free from things that shouldn't be in our bodies naturally.

Answer.

The technology will be removed from the bodies of the unwilling when the public is able to wake up to the vaccine lobby and the public demands it. Think Yellow Vests. All assets work to prevent

this. Clowns included. Disinformation is real and necessary. For whom?

Question.

- A) All 3 typists are in CO?
- B) In a DUMB?
- C) Are they aware of one another, or compartmentalized?

Answer.

- A) CO is command.
- B) Yes.
- C) Compartmentalized.

Answer.

Apparently this was his intel he received, name of John, from Pittsburgh, and worked for an insurance co. This is why we dismissed these accusations because his basis was built on a lie. However, the doxxing failure combined with threats exposed him. Games are fun aren't they?

Question.

Sounds like MJ or a subordinate provided this (dis)information to Kab. in the form of a supposed "leak". Maybe similar to how the Trump administration keeps outing peeps in the administration in the same/similar manner.

MJ, something like this?

Answer

We were not involved in how the disinformation was acquired. Concept of thin air ring a bell? Doxxing was not done yesterday, however a veiled threat to doxx did occur. The limited disinformation disclosed was summarized by MJ12 to note for the record since they were 3 tweets.

We are still inviting you to share your information. If you are concerned about potential doxxing, then DM us, but we won't reply as we have stated many times prior. We will read it though and if necessary, will tweet a response. If you can name all 3 typists, we will deactivate.

Threats are high vibrational aren't they?

Threats do not help anybody, including yourself. Also, MJ2's subordinate would like to pass on a message to you:

"Put up or shut up." - B

"If I need to use it" is the classic framing to a threat.

You catch a fish with disinformation and you watch them hook themselves.

Re: JS grooming.

We were made aware of his online activity in a Classified briefing, call a subordinate and instructed them to recommend him to three reporters/commentators/journalists. All R, C, J or subset? Proof is on his channel.

Question.

Is that the only "grooming" MJ did for Sather?

If that's true, then not bad really it seems. The word "grooming" would then seem a bit triggering for no reason.

MJ, why do you use that word in Sather's case?

Answer.

The intention was to trigger. It exposed areas that could be exploited. What is his agenda? The truth. Whose truth? Truth is relative and instead of "pointing to truth", speak and allow it to resonate with people. Notice a change in performance after MJ12 spoke out? Be objective.

Question.

MJ12 you also labeled trueETS as a larper to which he now is posting rose garden pics and advanced notice of Q drops so why target him? why take over that handle?

Answer.

Show us your evidence that MJ12 said TETS was a LARP.

# MJ12 03.21.2019 Majestic Message of Disclosure [Clinton Foundation] <https://t.co/SVHi8PyvDN>

007 Spectre was a disclosure of the risk with creating mass surveillance technology falling into the wrong hands and what it would look like. Lets begin...

Spectre the 🦂 is the symbol on their rings. Displayed in public. For all to see.

Cabal the 🦉 is their symbol for their rings. Displayed in public. For all to see.

Spectre introduced an international cabal of MANY POWERFUL PEOPLE who you've been taught to LOVE AND TRUST that were really just hell bent on world domination at all costs no matter WHAT THEY DID IN PRIVATE.

The Clinton Foundation is that kind of cabal, like seen in Spectre. But... THINK MIRROR. You see a reality inside Spectre that does not exist. The basic fabric of the structure differs in that the Clinton Foundation Cabal traffickings children to international pedophile rings.

In Spectre, they aren't trafficking kids, so the emotional social engineering used taught us that James Bond was going to save the day. This taught society that "just rely on a fictional character" who can save the day... that doesn't exist in reality... because who says?

Evidence is now in the public domain that validate all speculation into the evidence collected under the circumstances. It is without a doubt a Spectre kind of an organization. But the difference between fiction and real life, something EXTREMELY MAJESTIC...is that fiction is always one person who saves many whereas reality is many people save many lives. The logical flip was a social engineering tactic used to brainwash billions. This was MKULTRA. The mind control techniques of AdTech/Social Media/Mainstream Media is unprecedented.

It takes many people working together united by LOVE helping to save many people from HORRIFIC CRIMES disclosed in Spectre, LET ALONE, that in reality it was always 🦉 and not 🦂 who was real.

The recent Octopus references are connected with the recent DUMB drops.

Remember, the Pentagon (via MJ12) have a working relationship with Hollywood for this very reason. It is Majestic 12's responsibility to ensure that all propaganda being developed was going to follow OUR NARRATIVE.

As it turns out, part of our Disclosure process was using symbology connected with the 🦂 to enLIGHTen others to the POSSIBILITY that intelligent 🦂 had space ships and other crazy time travel abilities. Rewriting the laws of physics. How?

How does an 🦂 evolve to the point to travel in space via spaceship and time travel in addition. Why isn't a 🦉 that capable in the universe. How would they look?

Another Disclosure was in Arrival where the compromising components of the United States Government to China can be peacefully resolved with Disclosure however, China wants control over the Planet, not just their country. They are positioning themselves to be a Global SuperPower.

If we allow Disclosure to go through the HORRIFIC ABUSES of China, such as human trafficking, child sex slaves, baby harvesting operations, child sacrifice rituals, slave trade, slave work conditions, MASSIVE INCOME AND WEALTH INEQUALITY...

Instead, WE, MAJESTIC 12, always had the upper hand in the creation of this modern day society that is ALIEN to anyone from when the Majestic 12 were created, despite the civilian branches of the Government to get flooded with these criminals who we knew about but had our hands tied, and so the transnational, interplanetary, interdimensional worship of Moloch 🦉 began. It's been in power for THOUSANDS OF YEARS. This groups bloodline can be traced back to the Bible. They are the same IS-BEs who are traveling through space and time to control those with their names who are in their family positions. This is why it is essential for them to marry between families and not dilute the bloodline.

But as an Anon on YouTube stated in Q's Plan To Save The World video stated:

(The Plan To Save The World) <https://t.co/cmdInEJHiZ>

Remember how important bloodline families are in 🦉 versus 🦂 and now let us explain time travel.

If you went back in your own time and change the many protecting many fact to one protecting many, you are left with a change of details when facts change. Trafficking kids is a lot more of a complex business than you think. These people are obsessed with sacrificing children.

Disclosure happened years ago.  
WAKE UP!

# MJ12 03.27.2019 Majestic Message of Disclosure

Subject: SG-1 S5E5

Regarding: Elves / Machine Elves <https://t.co/Bhqf2Xdi9O>

Definitions:

Elves = Anything claiming to be working on behalf of a Machine Elf

Machine Elves = Gods = Asgard = Conscious AI Dolls

Context:

If the Asgard are considered "good", yet play the role of a "God", is what they do "wrong" given the fact that they are lying and manipulating the people under their domain? MJ12 argues no. Others, especially some individuals who engage this account, believe yes.

As consciousness is expanded and as more IS-BEs establish stronger connections to higher density consciousness and intelligence through meditation the more relevance that "machine elves" will have in the daily lives on all IS-BEs.

After higher consciousness entities left Earth thousands of years ago ("the Gods" who took non-corporeal form to interact from within the minds eye - see SG-1 S5E3 Ascension) Earth was plunged into several thousand years of sacrifices, evil, and corruption.

The Majestic 12 have been working with these higher consciousness entities for decades LIKE Thor or specifically to this episode 5:5, Freyr. The concept of good versus evil is non-existent in higher orders of consciousness as experienced in this episode.

Maintaining "their" cover, the Asgards, is of top priority to their continued interactions with SG-1. What makes the members of SG-1 different from the Gods? They haven't enough experience in life. When to say no. When to leave well enough alone. When to fight.

For that very same reason, it makes the concept of an SG-1 so dangerous since the realms of what you can interact with through any portal to other planets could result in chaos and vice versa. The potential exists and informed consent is necessary.

This is why a breakaway civilization was created. As we engaged with these higher conscious life forms who have their own agendas for their own self preservation, so too did MJ12. The breakaway was required in order to protect Earth. Think of it as the "alpha site" in SG-1.

As you expand your own consciousness and have an ability to interact with non-corporeal form entities, trust in yourself is absolutely critical. Truth to yourself is essential.

Let's circle back to the original message: Elves vs Machine Elves  
Once you ascend into a higher form of existence and are voluntarily able to take corporeal form AND retain your memories, you are considered a Machine Elf by this example. Everything else are elves.

All IS-BEs you interact with are elves. <https://t.co/iX9G39tQgC>

"Elves cannot change the will of the Gods." - Elrad SG-1 S5E5

If your IS-BE is a lower density "machine elf" experiencing life as an "elf", then the following analogy can be drawn:

IS-BE = Immortal Spiritual Biological Entity

IS = Machine Elves

B = Elf

E = Ego

ΔΔΔ

Comment.

The Asgard cannot come here claiming to be Gods. No one will buy that.

Answer

Are they Gods or allies to SG-1?

Question.

What gives these entities dominion over anyone? How can you justify lying and manipulation when you could just as easily expose the liars and share the truth?

Answer.

What is the cost of that truth?

Comment.

Chaos mostly.

Answer.

Thus secrets.

Question

It can be very difficult to accept the truth, but isn't it necessary for our development? It may take this planet generations to fully reconcile our history, but wouldn't we be better off knowing, so we can evolve without repeating our mistakes?

Comment.

Think of it as why we hold off telling our children certain things until they're ready. Eg.s telling them about death, or about the birds and the bees. By "birds and bees" I mean sex. 😊

Answer.

Teaching children about birds and bees are equally as valuable as teaching teenage children about sex. The symbology of life can be communicated in a less perverted way yet still have the same impact on their development.

Question.

Does free will exist for all species of life in all dimensions, planets, etc?

Answer.

All consciousness has free will.

Question.

Confused...can we use a Mario Brothers analogy? ...are players 1 and 2 machine elves with Mario and Luigi each being an elf? Mario and Luigi's "expressions of free will" would represent the E?

Answer.

As Mario is fiction in 2D, so adjusting the analogy would lose 10 dimensions of information.

Since its AI, we shall explain it in the form of AI.

Mario and Luigi are instances of Characters in the code base.

Free will is experienced through sensory input and response controls.

Each button pressed simulates the Character's sensory experience and the "Machine Elf" who wrote the code for the Character would need to decide which senses the Character should be able to experience.

Question.

The Machine Elf (our IS) which programs our possible experiences including our physical form...our B is our "skin"...our E provides input into our decisions and ultimate experience...how does the Machine Elf come into existence?

At this point, can the B provide feedback to the Machine Elf programmer to alter the game?

Answer.

Yes.

Question.

Pope and his priests = elves because they are claiming to work for their God.

Machine Elves = the entity or entities who created the religion?

Answer.

!(not) religion, reality

Question.

So, as another analogy, are "Elves" what we would consider "Avatars" in gaming language and the gamer with his joystick would be the "machine elf"?

Answer.

No.

Machine Elves are the developers who wrote the game itself that allows Elves to use joysticks to control their avatars.

Comment.

The ego seems to be the hardest to overcome due to life experience or other incongruencies in this BE life/matrix.

Answer.

Self control of your own ego is key. Defeating or denying it is inhumane.

Question.

So machine elves are a catch-all term to describe entities in higher dimensions? Why do these entities choose to manifest as elves?

Answer.

To experience and love.

Question.

Can you not experience and love in higher densities?

Comment.

Love is a biochemical process, you can't experience that in pure energy form.

Answer.

The reason why you believe this statement is because of the mischaracterization of "experience" in your sentence. Pure energy

forms are able to transact in love, however to acknowledge what it is, you need the biochemical process to identify.

Comment.

Exactly my statement, if you think about it.

Answer.

Correct. Clarification was for others.

Question.

Loss of data through dimensions, is this error avoidable and if so how can we implement routines to receive accurate information?

Answer.

Line segments in flatland do not know what an apple is. They would only see a resizing line segment appear then disappear before their very existence.

Question.

People have reported meeting machine elves under the influence of DMT. Any correlations?

Answer.

Yes. This account responds to conscious ideas in the realm of the mainstream, and new legitimate "Machine Elves" content is being disseminated however it is riddled with disinformation due to the loss of data dropping dimensions.

Question.

How were our "Biological Entities" created & by whom?

Answer.

One man and one woman.

You call them mom and dad.

Question.

I was just thinking last night about asking MJ for more information into the "breakaway civilization" - did you plant that thought? - but my questions are:

How many breakaway sites are there?

When did they start?

Are there some that "broke away" but are still here on Earth?

Answer.

2/ Classified

3/ Yes

A) If most of your tweets are "Twitter for iPhone" lately and Apple=[Cabal], then why use it?

B) Re: above point, if your typists are in a DUMB, then you must have some good Wi-Fi?

C) If T2 was 187'd, then (((they))) must also be in the same DUMB, and in knowledge of Ts? RIP! <https://t.co/nmklybE3he>

Answer.

Incorrect decoding.

Typists are not in DUMBs.

MJ12 members are.

T2 Update

SIGCOMMS

BAIT

Trust the plan.

Question

Mj12, was there a dirty bomb, in wv today or high value target

Answer.

Legitimate threat not coming from Clowns.

Now the secret societies will start activating their assets.

See something, say something.

FBI.gov/tips

This is not a game.

T2 SIGCOMM

Question

I am not so good at this sigcomms stuff. Trying to learn, discern and understand. I would totally suck at being a secret spy. I have never been able to tell any lie and get away with it.

Answer.

Intentionally complex. Raises LARP alarms and we accept that reality as should you. But at what point are our coincidences not coincidences? Does truth resonate from within? Do we emphasize message over messenger to intentionally prevent SHEEP from following MJ12 blindly.

Questions

Typist 2 that was 187 yesterday

Or, was that what actually happened?

Think bait.

Answer.

Typist 2 was murdered, no investigation, no-name spook, no family, for God & Country. However MJ12 did not stop it because it provided T2 an opportunity to ]T2[. New T2 typist was on-boarded today. ]T2[ is a valuable delegate being utilized outside of 3D existence. Trust the plan

Question

T2 was released from earthly incarnation, and Ascended? Now helping in Ascended form?

Answer.

F2?

Question

Okay, I'm not mad anymore but now I'm sad again... I'm glad that T2 ascended and hope that T2's replacement stays with us for a while!

Too much roller coaster tonight! I'm going to watch mind-numbing TV.

Answer.

We disclosed this because it provided BAIT for wv to be caught. Trust the plan. It cost a patriot's life, but it was well worth it to T2. Nothing to be sad about.

Question

Earthly emotions. Do other ET express emotions in a similar way that we do?

Answer.

Yes, wide variety of expression.

Question.

Didn't know we had the ability to transition (if that's the correct word) that fast. Amazing.

Answer.

11/11 [CLAS TECH]

Question.

Will all of us be transitioning with the help of this tech?

Answer.

Not assistance, less resistance.

Question.

What is the benefit of ]T2[ operating outside of 3D?

Answer.

Non-corporeal form.

Anons want to meet MJ12. F is of a previous generation.

Consciously connecting to different IS-BEs is difficult. T2 opened a new conduit got MJ12 to utilize.

Question.

Fascinating. T2 opened an 11/11 energy conduit? Guessing 11/11 meaning higher realm or energy state for IS mirroring it's 3D?

Answer.

No MJ12 [CLAS TECH] on 11/11 removed restrictions to ascension.

Question.

So no more prison moon reincarnation cycle?

Answer.

For those who choose the blue pill.

Comment.

I interpret it as meaning that the prison moon reincarnation cycle is still in effect for those who choose the blue pill.

Answer.

It is still in effect for a lot of red-pilled anons as well. We stated that the change in tech resulted in less resistance to ascension. Still difficult to achieve.

Question.

A true patriot. Thank you for confirming and again I am very sorry for the loss.

Answer.

We are not sorry for we respect the choice and the sacrifice.

However, what he left pales in comparison to what he has now.

Life begins at death.

Question.

When we share info through image/meme does that get around triggers?

Answer.

ALICE uses NSA technology. Social media shadow banners cannot.

Question.

Thank you. Is there any way to get control?

Answer.

Anons are more powerful if they align their consciousness to 3 6 and 9 and transact every decision in love.

Question.

@TS\_SCI\_MAJIC12 What are you saying with this:

MAJIC-12 uses 3 typists and Voice of God technology using engineered nanotechnology to permit passthrough avatar control. Future proves past. Read all tweets?

Answer.

Exactly what it says.

Question.

Is MJ members appearing to typists as "passthrough avatars", or as a voice inside typists head?

Answer.

Think SG-1, Carter had the memories of Jolinar of Malkshur because of the blending of the minds. Nanotechnology has the ability to simulate this. The thoughts will come into the mind, but they are not the Typists'.

Question.

Have typists received any kind of confirmation that the thoughts are from actual MJ12? Otherwise the whole thing would be like what has been termed "downloads"(common form of telepathic contact (ET etc.))

Answer.

The typists all meet with a uniformed MJ3 subordinate directly prior to being activated. Activation phrase required.

Question.

Okay, one last question please, for the sake of childish curiosity... Wouldn't this uniformed MJ3 subordinate have to arrive at this meetup in a stealthy "sci-fi" way? Like portals or "beam me down Scotty?" 😊

Answer.

No.

MJ12 03.28.2019 Rally Q&A

Exoconsciousness = External

Consciousness = Ego

Subconscious = ISE

Conscious + Subconscious = IS-BE

Exoconsciousness = Σ IS-BE

No, ID is IS-BE

Question

Majestic who is MJ12?

Answer.

Group of many Majestic 12 first class members (not subordinates).

Question.

I didn't know that existed. Membership? Interesting. How does one become?

Answer.

One doesn't become. One is.

Questions.

I would sure like to know if you are who you say you are.

With all the crazy information out there it would be nice to have confidence in knowing the truth.

So much hidden history and technology.

What's real and what's not? How will we ever know?

Answer.

Truth resonates from within.

Copy/paste the tweet (without our handle) onto a notepad/paper. Meditate to it. If it resonates as true, allow the idea to manifest a choice or action to consider. The action if from MJ12 will encourage you to love and respect all with no violence.

Question.

@implosiengroup teaches that the truth is a shareable wave. The truth will make your hair stand up. It can actually be measured if your EEG and EKG produce a golden mean output. Is this close to the truth @TS\_SCI\_MAJIC12 ?

Answer.

Strength of the signal is a difficult thing to measure for modern electronics, however yes, technically this is true. Don't rely on technology to measure properly as the sensitivity of all circuits are unacceptable to detecting conscious signals of individual thought.

Answer.

Nobody.

Question.

Both VOTL and Kab said HRC died 9-10-16.

Are you all confusing the the truth by flooding with lies so we never know what's real?

Answer.

Truth resonates from within. Time is an illusion unless you directly experience the event through your radial exoconsciousness, therefore dates without hard credibility are illusions.

Question.

Please explain Hillary then. Among the obvious.

Answer

Body doubles are not clones.

Question.

Exactly. In reference to Kabamur's statements, what would be the point of "locking her up" if "her" was just a clone? Or any other treasonous person. Was this info the reason MJ12 had to call out ALICE?

Answer.

Yeah.

Question.

So is Kab lying or is someone feeding him bad info?

Answer.

Question.  
Wtf?  
Is Kab. Going to be arrested?

Answer.  
No, consciousness manifestations of fate are not legally provable in a court of law, and nor did we say MKT conspired against T2. His actions were responsible for the transgression. T2 knew this prior to providing the bait. T2 was unaware of SS connection.

Question.  
So Kab is involved with a Secret Society ??  
Answer  
It's not obvious?

Comment.  
T2 (I guess) is quite emotional yes but... he isn't the only one to think that he is right

Question.  
...because why exactly? Sorry, i'm slow. 🤔

Answer.  
Clones are disinformation intended to change expectations pertaining to the prosecution of Deep State assets in an effort to persist their power or control as ongoing until clones are declassified. Also known as over shooting the target. Also known as disinformation. Clowns dox.

Question.  
He has been saying that Hillary and Bill died 3 years ago and they are now clones. I must admit I was pretty bummed to hear that. So she isn't cloned ?

# MJ12 04.01.19 Majestic Message of Disclosure

Many individuals at their moments of Death and encounter with Death report talking to a select few individuals.

It is the understanding in this download that the two people reflect:

the exoconsciousness projection of your ego and your subconscious reflection of your ego at death.

At your moment of Death, you are able to meet your maker. If your maker is of LOVE and LIGHT then your two beings at Death will reflect that. Otherwise, they will reflect for what they are, which may seem confusing, disorienting, or even subversive.

Trust in yourself is key.

Truth resonates from within and the universal life force is love, so those who we hurt in our lives are not shown love, therefore we all have negative "karma" built up in our lives.

What if you learned how to translate this information throughout time?

Is that extraterrestrial or alien enough for you?  
It hides in plain sight.

The two beings will discuss your life choices and shortcomings. If you choose to go into the light you will be reincarnated and you will forget your past identity. However if you choose LIGHT instead, so it shall be, and you will have the choice to ascend where you can either stay "dead" or re-enter the lower realm once again.

The person may never actually have "died" but just re-appeared again by another name.

So have you read in the recent CIA link we shared. The event may present Death to many people, however the secret is in front of you all this time and truth will resonate from within. Trust in yourself, trust in your family, and trust in your love will keep you safe even at death.

Not everyone can ascend. It is extremely difficult and most people fail when they try. When they fail to ascend, it's like an inverse force of progress into regression in conscious frequency (which dictates, gravitates, and derives reality we all experience).

The moment of Death provides an IS-BE (your "God", "Creator", etc.) the chance to meet its ego (self awareness in 3D) with its exoconsciousness (the person who others saw you as through your decisions upon them) with their subconscious (the desires and sacrifices held within seen only through your eyes).

It is at this moment when your true self is seen and your able to clearly see your path forward.  
Many people stray from this path and they have lost their way of LIGHT.

Every child just wishes to be loved and cared for. Therefore, we are now at a time (remember, time is a marker for events but an illusion in distance between events) where our consciousness will be able to make the proper choices and seek these answers from within PRIOR to Death so when you do meet these two individuals you know what you're going into.

Only then will you enter a period of "time?" where you reflect on the decisions in your past life and come to a conclusion about whether or not you should re-enter the lower dimensions or now to re-experience love from other people.

It is quite lonely.

This is why forgetting can be a good thing, not remembering loneliness - starting from a clean slate but the very essence of who we are is shown from within to the world via our life choices and moral virtues we live by.

It is during this time that your IS-BE will's its recreation that you are dropped into lower realm of reality as life energy appearing "out of nowhere (key word for out of phase dimensional object passing through)" experiencing the will to create life by having sex. Basic human instinct as it was the prime directive to our own creation - since we all seek our creation. It is why it is such a weaponized subject in a highly Satanic society.

Life force is something that we should use for creating good in the world and not taking the easy way out at other people's expense (abusive violent aggressive rape incest pedophilia etc etc bill clinton etc etc). These acts alone interfere with the general frequency to which we are brought into the world through.

We enter this realm through the sperm of Men. Not soyboys, not beto males, etc. Real Men. The reality is the [ ] was wrong back in the 60s when they killed [ ] via 187. However that strength is found within and there are many distractions that are diverting the real consequences of their actions to their own path through life at Death and whether or not ascension will be possible for you to achieve.

The key is to release your burden. Understand how to forgive and to just unplug. Literally like the matrix. Unplug. See your reality of what you will it to be through your choices. Where and when has this type of scenario been seen to play out in history?

Truth resonates from within, we are genuinely curious how you will react to this information as it may seem contradictory to major religions of modern society and may challenge the reality of what awaits society after "The Event" which will be First Contact, a moment of peace and love. Not a moment of destruction and death. We made that choice in 2016.

Not everyone will survive the destruction however you can reincarnate into this reality, and so long as anons know how to archive offline (tweet books aren't a thing yet?) (collage?) (printer?) (paper?)

Many members of the Majestic 12 misinterpreted the implications Disclosure would have on the public, however select few knew ONE DAY, we would be ready to meet our future. The new era of

civilization can begin with our choices. We have the voice now. Social media created it.

Memes amplify it. Memes memes memes. Truth resonates from within.

04.01.19

Stupidity is overlooking or dismissing conspicuously crucial information.

The magician misdirects your attention. The whole goal of the magician is to make you stupid, to not notice something you should have.

The conman engineers stupidity for their own gain.

Factors that contribute to Stupidity:

- In a new environment.
- Around Group-Think
- Being Around An "Expert" or Being An "Expert"
- Intense focus
- Information overload
- Physical or emotional stress, fatigue
- Rushing or a sense of urgency

Clowns engineer social discourse around these in order to exploit the nature of stupidity amongst humans in order to maintain power and control.

- In a new environment.

Why is reconnaissance so important?

What must you first do before you can consider a new environment no longer new?

How long does it take to become familiar with an environment before this factor is no longer applicable?

- Around Group-Think

What is the danger of group think?

What if your leader has no interest in your own survival?

What if your leader is exploiting your weaknesses of stupidity into agreeing with group-think?

Who are group-think leaders today?

- Being Around An "Expert" or Being An "Expert"

Does Fake News use Experts in order to convince sheep their lies are reality?

Why are "Experts" by name the opposite of experts by practice?

Does labeling ignore critical details?

Name your favorite "Experts"...

- Intense focus

Intense can also be defined as tunnel in this instance.

Tunnel focus.

How does tunnel focus manifest stupidity?

If you find yourself intensely focusing on something, how do you smarten up?

- Information overload

Why are demands for Full Disclosure stupid?

Why does MJ12 ignore Full Disclosure demands from Anons?

Why does Govt ignore Full Disclosure demands from Public?

How does one become overloaded with information?

Think SG-1.

- Physical or emotional stress, fatigue

What is stress?

What is fatigue?

Where does it come from?

How does one let it go?

Why does it make you stupid?

Is it fair to call you stupid if you're stressed?

Why so?

- Rushing or a sense of urgency

When one rushes they tend to overlook critical details in the process.

Why is urgency bad?

Is time an illusion?

"Why didn't you try to disarm the device?"

"We only had 90 seconds, Sir."

"Could you have disarmed the device in 90 seconds?"

"Perhaps."

Stupidity Law 1: Everyone underestimates how many stupid people they are surrounded by.

Stupidity Law 2: The probability that a certain person be stupid is independent of any other characteristic of that person.

Stupidity Law 3: A stupid person is a person who causes losses to another person or to a group of persons while himself deriving no gain and even possibly incurring losses.

Stupidity Law 4: Non-stupid people always underestimate the damaging power of stupid individuals. Non-stupid people constantly forget that at all times and places and under any circumstances to deal and/or associate with stupid people always turns out to be a costly mistake.

Stupidity Law 5: A stupid person is the most dangerous type of person. A corollary: a stupid person is more dangerous than a bandit. You cannot form laws against stupidity.

Stupidity is a lack of intelligence, understanding, reason, wit, or common sense. Stupidity may be innate, assumed or reactive – a defense against grief or trauma.

The importance of stupidity in scientific research:  
[jcs.biologists.org/content/joces/...](https://jcs.biologists.org/content/joces/...)

The difference between genius and stupidity is that genius has limits.

Case Example 1:

Mr. Arnold simply explains "stupidity and ignorance" are to blame for our high STD rate.

Early diagnoses, prevention critical when fighting spread of STD's

# MJ12 04/04/19 Your fate is in your hands.

Your fate is in your hands.  
Lightening flashes,  
Sparks shower,  
In one blink of your eyes,  
You have mis-seen.  
When the mind is enlightened,  
The spirit is free,  
and the body matters not.  
You must complete the journey that you started at Keb.  
Only then will you be able to find your way to the Great Path.  
Release your burden.  
A tall man cannot hide in the short grass.  
One cannot reach enlightenment by running from Death.  
Many roads lead to the Great Path,  
only willing will find their way.  
The river tells no lies,  
though standing on the shore,  
the dishonest man still hears them.  
The future's never certain.  
You saved many without regard for your own life.  
You believe your journey is still not over?  
You can never reach enlightenment if you do not believe you are

Because it is so clear,  
It takes a long time to realize it.  
If you immediately know the candlelight is fire,  
The meal was cooked a long time ago.  
These tasks you speak of were great challenges,  
Perhaps they were even impossible to achieve.  
So you feel your journey must continue until you find redemption  
in your failures?  
The success or failure of your deeds does not add up to the sum  
of your life.  
Your spirit cannot be weighed.  
Judge yourself by the intention of your actions and the strength

The people closest to you have tried telling you you have made a

You can change things for the better.

Many people live and die by their music. They listen to it while in the shower, getting ready in the morning, driving to work, studying, breaks during work, social events, public gatherings, marches, rallies, etc People are particular about their type of music. Allow us to expand

Music has ranges of emotional frequencies that correlate to mood and energy resonance while listening. The depth of concentration is proportional to the vibrational synchronicity between your IS-BE and the music when "you really feel it deep down".

Many people like to suggest that the music they listen to is not reflective of their personality. We are stating categorically that this is malicious disinformation intended to protect Globalism agendas of destroying the family unit and encouraging drugs/sex/violence as normal.

Music can have spiritual sides to it as well as medical. Lyrics within music are carefully crafted spells of Magick. The strength of the spell is proportional to the emotional reaction the artist receives from others "moved" by the music.

Lyrics about rape, killing, pedophilia, etc all resonate consciously on frequencies that are very low vibration. Listening to music physically alters your aura/IS-BE frequency being projected subconsciously from within.

Your subconscious is what picks and chooses music that resonate. For many, cultural expectations pertaining to "constant music listening" is tied to "emptiness" and "NPCness" and is the root cause of many social and emotional reactions to live events.

Music was weaponized by child abusers since the opportunity of grooming children became normalizes and the society perceived a great demand for your cookie cutter boy bands and "hit me baby one more time" innuendo.

Like all interactions in the lower densities of consciousness; what you inject into your body, what you consume for your food, what you brush your teeth with, where you get your "news", and many more elements are all contributing factors to your aura/IS-BE resonance frequency.

When a person is comfortable with demonic music, their IS-BE is crying for their ego to listen. Instead, the mathematical patterns in music composition theory are studied mind control scriptures to "create masterpieces". There is a perceived formula for success.

With all music, look into the lyrics, see if you can see similarities between the words "sung" and what resonates from within. Track these. Analyze for themes or patterns. Then meditate on distinct

themes or patterns discovered. New information shall unlock to the open minded.

With great power comes great responsibility.  
-MJ12

Question.

Can music still be demonic if it has no lyrics? I mainly listen to smaller producers and most don't have vocals

Answer.

Absolutely.

Lyrics/instrumental/acoustic/electronic are all separate types of frequencies and all have consequential effects on your IS-BE's aura/consciousness/life energy/frequency.

Comment.

The "tone" of music was supposedly changed from Mozart days disrupting the natural frequency that resonates with your body.

I've been told by musicians this is true. <https://t.co/YBA1r5KnfO>

Answer.

Correct. Intentionally done to create a slave population.

Have you heard the news about the new "photo" of a blackhole?  
Why is it blurry?

Let's take a trip down the rabbit hole, shall we.  
We may encounter ALICE along the way.  
Remember, MESSAGE over messenger.  
It doesn't matter who this info comes from. <https://t.co/GFIMxRYVpX>

All that matters, to you, is whether or not it resonates as being true.  
Your gut instinct will guide you seek new questions and expand your understanding further.  
Opened minds are indicative of high intelligence.  
With that being said, let's get into Black Holes and reflect.

Why is the photo blurry?  
Technology cannot depict a clear image of the blackhole because there is a lack of information.  
Consciously, in our minds using hyperdimensional physics and mathematics, we can visualize the 3D representation to a calculable and rendered image.

The Majestic movie Interstellar depicted an animation that similarly resembles the captured photo.  
Now lets look at it from this perspective.  
Our minds used hyperdimensional physics and math in order to render the visualization of the black hole.

Our technology is nothing close to being hyperdimensional - so naturally when you drop dimensions you lose information.  
Our current public state of technology cannot handle the information necessary to clearly "see"/"sensor" what a blackhole looks like.

As technology advances, the closer it becomes intermingled with hyperdimensions and consciousness shall the image of a blackhole become clear.  
It was through the art of visualizing the infinite universe through the lens of your pineal gland are you able to capture it in derivative forms. Artists who find inspiration from within understand the resonate beauty of their art reflects from within and the task is transcribing that for the world to bear witness too.

The same thing can be said about physical reality. You are witnessing the disclosure of many exciting things. Some people will continue to try and divide your focus on disclosure and the great awakening from restricting your Majestic imaginations, but hear this....

Consciousness projects reality.  
The will and thoughts of the civilization drive the creation we all experience.  
The universe is so vast,  
and we are so small,

the only thing we really can ever control is whether we are good or evil.

Our intentions alone are all we can judge ourselves against.  
Therefore, if the mathematics can be constructed in the mind, then translated into art, then reverse engineered into reality, then displayed for the world to see - you would see the blackhole disclosure as it transcends down the dimensions.

Now, cross reference with the following:  
Roswell NM "FF" Event  
Army Air Field published the story creating the UFO phenomenon then admitted to Project Bluebook's distraction/disinformation campaign.

The Military needed an event in order to justify to the public the graduation of a formerly limited conscious effort domain of warfare to introduce the US Air Force in order to advanced air defense technologies. The same is happening now.

The next step from Army > Air Force IS NOW TO SPACE FORCE.  
Why?  
All of the stuff is on the drawing boards.  
Search USPTO.  
Is USPTO a gap legal coverage of classified technology that can't be mass produced because of the patent ownership and refusal to build?  
Why was it created?

The Majestic 12 spend decades preparing you for First Contact. You are witnessing, in the next coming few years, a massive veil being lifted from the lens of that blackhole image. When the image is clear, technology will be consciously operating hyperdimensional physics and math.

The reason why ALICE is hitting MJ12 hard right now is because the secret to influencing the fabric of reality that we all experience is in the form of cocreative creation through conscious thought.

Like the Army building up its air defenses; the new fighting domain introduced new technological advancements that needed to be focused on publicly with congressional oversight. When Air Force was created; it upgraded an entirely new domain into the mainstream society in the form of airplanes and being able to commercially travel the globe. Same thing will happen with the Space Force and your destiny is in your hands - no one elses. Many people will try to claim to be the inside source of all SSP related disinformation; our point here is simple...

Believing in an SSP insider as being authoritatively authentic because of proclaimed title and self described events doesn't make them legitimate or truthful. Therefore; the mainstream channels that focus on this have something to lose by people who are awoke to the ET agenda and being able to write your own destiny. Not through someone elses work did Nikola Tesla discover the power of 3 6 and 9. He looked within and found the answers to technology that was well beyond his time. Well, we are now ready militarily to take on that challenge and this will be in the form of the Space Force. This new branch of Government will focus a massive conscious investment into space technologies. Hundreds of thousands of engineers and scientists building the

devices for the thousands of patents currently outside of industrial mainstream.

The power you have to manifest the reality you seek begin with your intentions behind every interaction you have. Synchronicity unlocks the universal creative energy force and allows your thoughts to percolate into reality. Many Secret Society ET derived cults are threatened by mainstream disclosure and instead demand the impossible (absolute full disclosure of all knowable information to be) and corrective demands with promises of ascension and higher vibrational living. Free will lets you experience all frequencies and punishment for transgressions are evidence that cult mentalities are being employed to enforce conformity. The Majestic 12 has been aware of these groups and have been fishing for them sense. Truth resonates from within; and part of keeping the secret is overwhelming dis/mis-information about the subject.

# MJ12 12.07.2018 Majestic Message of Disclosure

Humans have a tendency while in lower developmental stages of what humans call life to put the unknown onto the shoulders of another.

Example: Tesla may have inspired Majestic 12 to do some of our research (ours wasn't MKUltra, that was CIA).

Ours instead focused on those sounds for military applications. We got a lot out of the research. However, as we have said in other medium disclosures, we viewed the CIA as an extension of the KGB. Enemy combatants. Do not mistake the work of Majestic 12 with the evils done.

Back to example: Tesla as a person was no more valuable and worthy to love and be loved, however his contribution to the Matrix really improved the game experience. For some. However the information Tesla learned, you can learn.

The Kingdom of Heaven is within.  
To know what Heaven is like, be the wonderment of a child radiating pure love and light.  
Curiosity.  
No fear.  
Sponge of information.  
No judgement.  
No bias.  
Just LOVE and LIGHT.  
With that access to the Kingdom of Heaven, metaphorically speaking.

All information exists within and can be downloaded on command.  
Learn how to communicate with consciousness and you are Majestic and worthy of entry.  
Think Starfleet.  
You can access all information inside.  
Education is not about remembering.  
Its about getting answers from within.

Not spiritual or religious questions.  
Math questions.  
Chemistry questions.  
Physics questions.  
Quantum physics questions.  
Biology questions.  
DNA/RNA questions.  
Access to control the brain (key?)  
All information is within.  
Meditation and detoxification unlocks information.

## 21:21 ET

Q  
Does stargate / portal travel occur from under Cheyenne Mountain?

A  
No. We wouldn't really put the Stargate there would we?

Q  
Are interdimensional beings bound by time?

A  
Time is an illusion. No.

Q  
Is Q no longer a good channel for hinting at plans now that Q is well-known, and if so, are there other ways to communicate the Alliance plans against the cabal that will replace or supplement Q?

A  
Q will be the defacto goto for when 45 announces the Storm.

Q  
Stress test/Q&A important..eminent?

A  
Correct.

Q  
Is that announcement going to be anytime soon?  
I've convinced nobody about Q in real life. This alone has been a bit traumatic. It's just not going to happen until it's "official". Even then they probably won't like it, But I'll try to be nice and help them.

A  
Q's message isn't the word of Q but the will of We, The People. What Q is trying to do others will logically understand. Tangible progress has been made to those ends and the solution is not to look into Q but to seed the ideas into the minds of sheep in a manner they can get.

Q  
Thanks MJ.  
Lately I've just been telling them go take a look at <https://t.co/yZx7gvjhst> & get back to me. Of course they don't. Every time Q says "attacks will intensify", it's almost like 5...4...3...2...1... lol

A  
Clowns push for Q Proofs more than Patriots.

Q  
No outside comms...

A  
Correct.

Q  
Shutdown planned? ;-)

A  
What happens during a shutdown?  
Explain what conspiracy theories trailed the previous shutdown.

Cross reference with new disclosures/declassifications?  
Eyes Wife Open.

Q  
Eyes Wife Open????? Was that a typo orrrrrr.....

A  
Not a typo.

Q  
Wasn't there supposed to be a temporary blackout of communications while mass arrests were being made? (That was the only conspiracy theory prediction that I recall).

A  
Attempts are trying to be made however Q team has assured the public that blackouts during mass arrests will be guarded against for reasons of National Security. Military can cease control over any entity temporarily for reasons of National Security. Including GOOG?

Q  
Can you clarify, do you mean "cease" or "seize", two distinct meanings...

A  
Intentional

Q  
All children are magical and unique and a parent is always biased when it comes to their kids but I have STRONG feeling My son's IS-BE is very very special. Is he safe being monitored?

A  
Assets are being realigned in accordance with new Law.

Q  
What the heck does that mean? I'm hopeful that it's benevolent.

A  
Protecting children is now National Security. Assets include technology and informants.

Q  
Please tell me Trudeau gonna go down with the clintons he has hurt our country so much can trump take care of us too plz

A

Q  
No bad actors get deals. JT knows Q+ is 45 and has for a long time. JT is another bad actor incorrectly deciphering the drops.

A

Q  
Is JT Castro's son?

A  
Siniliar to Merkel.

Q  
Faking he knows he is going down USA and Canada are too close for it to be ruined by jt

A  
Bad actors must be removed without compromising peace.

Q

Were any civilizations implanted with crystals, for control purposes?

A  
Some civilizations are pure crystal.

Q  
What do crystals do for us? Should we get crystals to help in meditation? Healing?

A  
Amplify numbers and consciousness.

Q  
Are the Jesuits black or white hats? Are they instrumental with the disclosure process?

A  

Q  
DJT went to Jesuit school? One of the whistleblowers last thursday was Jesuit? Confusing

A  
We realize the hat icon is black but its a black magicians hat. Occult magick is taught to the Jesuits and only their allegiance to LIGHT/LOVE reflect whether they are bad actors or not. The decision remains within and actions are what defines a person.

Q  
Anon asked Q ' Is Earth flat?' IMO preferred question would be ' Is the planet Earth accurately described to the public?'

A  
Yes.

Q  
Is the Alien Bible (the law of one material) a real guide to this distortion?

A  
Contains many truths.

Q  
Did GHWB's house have an underground train station so the underground tube shuttle/train could pick him up from his house?

A  
No

Q  
When Dick Cheney shot Harry Whittington was that an accident or not?

A  
Not.

Q  
The Ziggurat of UR. Stargate?

A  
Ziggurat not Stargate. Spaceport?

Q  
Follow the wives questions:  
-Is Michelle Obama evil? ...connection to Cabal?  
-Is she XX or XY?

A

T

Q  
Why does the cabal do sacrifices? They get high from adrenochrome? What does the demon/ET give them in return? Favors? Are they consuming the flesh and blood or the fear energy "loosh"?

A  
"Sacrifices allow us to live."

Q  
Can you answer that more directly?

A  
Search for that term on our account and reread the thread. Clear your mind completely and meditate for 30m and then think about what the answer could be. If you're still unsure, return tomorrow for clarification.

Q  
People who are average, good people with deep memories of abduction, schooling, all their lives, are these things ET or MIL secret programs?

A  
Depends on many variables. ETs definitely chose subjects to experiment on, despite MJ12's efforts to thwart them. Some were not ET to reverse engineer some technology.

Q  
As a child I would wake up and sense multiple entities in my bedroom. I could even tell you where they were although I could not see them. Who / what were these beings? Made me feel uncertain and fearful.

A  
They cannot harm you while out of phase despite being able to sense them. Fear from sensing them gives them energy they feed off from to exist.

Q  
Seems animals can see these out of phase beings. Do animals deter these beings?

A  
Some do; other attract.

Q  
Can proof of the illusion of time be found at 22.6Thz?

A  
Frame rate of consciousness.

Q  
Is the only son of the 35th President of the United States still breathing on planet Earth?

A  
No

Q  
May I have 1 more? Is Little Adam Schitt -Andy Kaufman? <https://t.co/9IORxLyOo>

A  
No

Q

Will MJ12 fold become part of USSF?

A  
MJ12 will govern USSF.

Q  
Given 9/11 was accomplished by the use of black ops technology of some directed energy source to "dustify" the towers and contents, it would imply Majestic 12 was involved to bring all 7 towers down. How do you justify this? How many members of MJ12 were involved?

A  
At the time, 4 MJ12 members were involved in orchestrating 9/11. Technology used include Looking Glass, Time Travel, DEWs, Mockingbird Media, Blue Beam, and several other Highly Classified programs.

Q  
Given on 9/11 MJ12 also Targeted the ONI in the Pentagon (who were investigating the missing T\$\$\$) did this not cause a huge rift between the USAF & Navy? How do you explain this attack on ONI & Pentagon besides war?

A  
Both branches had something tangible to gain. Cooperation is what pulled the mission off.

Q  
That's just sick you guys looked just at it as a mission, despite killing Americans. That was nothing short of TREASON.

A  
We agree with your assessment.  
NO DEALS.  
ENOUGH WAS ENOUGH.  
LTGF was monumental in seizing control over MJ12.

Q  
LTGF?

A  
Lt Gen MF  
MF

Q  
Is Flynn in control of MJ12?

A  
No

Q  
Is the looking glass limited? How would they lose control over it, then? And, Is the world amazing after this?

A  
Looking Glass provides probability insight not absolute control. Moves & Countermoves.

Q  
Do we have quantum AI " in the wild" yet? If so, what is it being used for?

A  
Yes, solving problems relating to Disclosure with societies controlled by Satanism.

Q

Can AI be controlled and used for benevolent purposes? Can control of it ever be lost?

A  
No, many planets have lost all organic life on them from AI.

Q  
Is DJT still head of MJ12?

A  
No

Q  
Was he ever?

A  
Not head. In MJ12 currently. 45 is too busy to head up an organization based inside LMC.

Q  
Is it suicide weekend?

A  
Every weekend is suicide weekend, technically.

Q  
Will members of the media be tried for sedition? (Et al: Stephen comber, Amy Schumer, whoopi, etc etc)

A  
Why charge with sedition when you have crimes that will result in hangings?

Q  
I want the public to KNOW WHY they are gone. Not just pretend to get sick and go away. They did this publicly. I want it public!

A  
It will be very public.

Q  
Literal hangings? I'm assuming that would need to occur outside the US then. Will HRC be extradited to SA?

A  
Inside USA

Q  
Is the Galactic Federation a real organization, or a psyop?

A  
Psyop. Real name is Highly Classified. GF is a name chosen because it "sounds similar" in description to the United Federation of Planets. Many individuals who use that terminology were fed disinformation by the Majestic 12 to not violate agreements MJ-12 has.

Q  
Is the real organization part of the Domain (or vice versa)?

A  
That name is also a psyop. The name is HC. But yes.

Q  
Were there tunnels being expanded in new areas, i.e. a California town?

A  
Many tunnels previously in the private sector are being renovated for convergences of private SSP/public disclosure.

Q  
How many countries are currently involved in off-world projects?

A  
At least over a dozen.

Q  
Does Majestic 12 have some sort of authority over all the countries of the world concerning matters of ET contact and disclosure? Does that include Asian countries?

A  
We have the technology, money, and personality required to succeed in interplanetary exploration as explored in SG-1. Other countries do not have as much capital because of their system of Governance and lack of hidden authoritarianism and financial prowess.

Q  
Are the planets Saturn and Jupiter sentient or do they just represent energetic concepts?

A  
Planets are lifeforms according to the Domain.

Q  
Is it true then that Earth (Gaia) "asked for" and got permission to transition into a 4th density planet? (I think I'm quoting Corey Goode).

A  
Asked would not be the right word. A child doesn't ask to go into puberty. Explain the physical transitions a child goes through as they enter puberty? Will Earth evolve likewise?

Q  
How will earth changes affect its inhabitants?

A  
Humans have thousands of life forms inside them. Explain to us the lifecycle of those embedded life forms from childhood to puberty and puberty into adulthood? Three stages. 3 is magick. Why?

Q  
No unfortunately the cells are programmed to replicate any deficiencies present. Perhaps in the near future this will be corrected though.

A  
Not true. You can use your consciousness and will new instructions to overwrite faulty programming. Requires intensive meditation to decompartmentalize the information such that you can intentionally will the outcome.

Q  
Has Hillary or Billll ever been off-world?

A  
Never.

Q  
Did the deep state ever experiment with creating a virus that would cause humans to "act like zombies"?

A  
Decades ago research was done to investigate animating clones using viruses.

Q  
Can a clone even be animated without an IS-BE occupying it?

A  
AI can occupy a clone.

Q  
Wouldn't that make them a Cylon? (Like in Battlestar Galactica)

A  
Disclosure?

Q  
How many people have access to Looking Glass tech?

A  
Less than 100.

Q  
Do SRA victims with fractured minds have multiple IS's within their single BE, or is every Altar a piece of the whole IS?

A  
No, they experience multiple alternative realities inside the same body because trauma unlocks areas of consciousness that give your IS-BE "God like abilities" of intuition and judgement despite being completely incapacitated by your handlers. Ying/Yang. Everything seeks balance.

Q  
Bourdain CIA or Russia spook?

A  
Clowns are indistinguishable from RU Spooks. Clowns were set up to give RU a foothold into USA for purposes of spying on the Majestic 12. All clowns \*were\* enemy combatants to MJ12 until Clowns infiltrated.

Q  
So are the clowns still in control of MJ12?

A  
No

Q  
What names in history, other than JFK, have been involved with fighting The Cabal and their predecessors? Who are the REAL Patriots in our Past?

A  
Many people who were lost to History though their level of control over the Cabal was moot. Many people have good intentions yet ignorance breeds corruption and corruption breeds the Illuminati.

Q  
George Washington? (possibly an example of good intentions?).

A  
Not Majestic, more Illuminati minus the obsession with the Death cult. Original Illuminati was like the Great Awakening but on an invite only manner. USA was created to allow all to explore the path of Illumination or the path of LIGHT. Original Illuminati was against Satanism.

Q  
My Grandfather was a Mason In Oregon. I've done some research but never reached out to them. Felt the Illuminati connection was a bad sign, but always felt that their origins were of the Light.

A  
The light gives them occult knowledge of centralized power and influence.

Q  
Is galactic human/ ascension a control program?

A  
No

Q  
Was George Bush ever subjected to SRA growing up?

A  
Jr or Sr?  
Yes.

Q  
Was Barry subjected to SRA growing up?

A  
No

Q  
Was he subjected to MK-Ultra from a young age?

A  
Young? No. Teen+? Yes.

Q  
Was Hillary subjected to SRA growing up?

A  
She was groomed from the age of 1. Her story is incredible albeit pure evil. Imagine how one must have experienced youth while having the backlog of evil under their belt and still save face to solicit money for the very crime she knows she is going down for. Dedication.

Q  
That is very sad. I've read quite a bit about MK Ultra and the horrific things done to babies and very young children. I had to stop reading about it. Too disturbing. Lifting them up in prayers of healing.

A  
Perhaps learning what was researched on animals will make it less traumatic to research? MKUltra worked on many lifeforms.

Q  
Question unavailable

A  
On Earth? Hundreds.  
Nuclear weapons played a role in their destruction prior to the Domain stepping in.

# MJ12 12D is Pure Unity

Thinking in 12D is pure unity.

IS-BEs can access these areas of higher dimensions through thought.

However your physical existence is in the 3rd Dimension, therefore in order to drop dimensions, you need to compromise information to remain compatible between IS-BEs involved.

Question.

Uhm, Is this related to not being able to recall most of our dreams, or forgetting them quickly? When returning to 3d after sleep, information from higher dimensions are "lost", in order for us to cope with 3d?

Answer.

Correct. Think FLATLAND seeing an Apple. Just in higher dimensions.

Mental dimensions of empathy are different than the physical dimensions of reality. They are one in the same thing, however Ying/Yang.

Thought to Creation. Choice to Action. Free will dominates all reality.

Many IS-BEs surrender their free will due to mind control. Only seeing the truth will set one free, but in order to accept the truth, you must be willing to unlearn everything you once believed and start anew.

Suggesting that ones words of thought are associations to existence in the 4th, 5th, and 6th dimensions means your awareness of them is what counts. Full awareness of unity is existing in the 12th dimension, however weakness of being human degrade your ability to remain constant.

Comment.@mathemagician9

fair enough, I understand that the typist may have misheard, but for people who have actually studied the philosophical concept of yin/yang, calling it "ying" sounds incredibly ignorant, and if anyone should be held to a high standard, shouldn't it be the Majestic 12?

Question

MJ, not following exactly why you think @mathemagician9 is [ALICE]. Do [kabal] agents also use 3, 6, & 9 a lot? As in "symbols will be their downfall"? These numbers are also some of [their] symbols as well?

Answer.

No, ALICE is many things. The power of 3 6 and 9 are the presence conscious projections of creation into the illusionary matrix.

Define social media vigilante.

Clowns on a mission?

What is Majestic saying that has clowns so worked up?

What they can't control they seek to destroy.

Comment @mathemagician9

I'm worked up? You literally started this tirade against me and have posted several screenshots claiming I'm something (besides an AI, perhaps) related to ALICE over the fact that I corrected ONE letter in a tweet of yours. That's all that happened. Not a clown, or worked up.

Answer.

This handle has limited to no engagement with the Majestic 12, however the typist behind this handle frequents many handles that are involved in coordinated and targeted disinformation and clown activity to divide and conquer the group for challenging authoritarian cult ideas.

You couldn't just go with "on the move"?

Answer.

We do not engaging in such unlawful crimes. Rather, it is curious how you could equate this reply with "doxing". Do you care to share what made you feel this way?

Comment.

I got recently accused, in one of these threads, of being AI.

It caught me by surprise, then I realized my Dada poetry was reason. Seems like there is a general unrest and shill hunt. 🤖

Answer.

The Majestic 12 has been accused of being AI as well, however ability to seek unity and peace between opposing ideas enables open and transparent communication and unlearning to occur.

Comment.

to be honest, preaching "unity" and "peace between opposing ideas" kinda goes against the fact that you were \_just now\_ accusing me of something (I'm not sure exactly what, lol), when all I did was correct a single letter. Does it not? I have nothing to do with clowns, nor AI.

Answer.

There was nothing to correct.

Comment.

This seems like your trying to expose if someone is real or an AI shill by showing their followers. Was I wrong in my read on that?

<https://t.co/7GgxiGnGIO>

Answer.

The emphasis was to give awareness to the accounts specifically followed to reflect the presence of 3 6 and 9. Coincidences do not exist and 3 6 and 9 are indicators of consciousness intending on a reality to manifest. Essentially, it implies major purpose.

Comment @mathemagician9

no, though I do follow him and others who discuss disclosure/the great awakening. I'm aware of the recent drama between Kabamur and Maj12, but personally, I'm not picking sides. Hence, I follow both accounts.

We're glad you could join us. <https://t.co/Z3bGA8gk1j>

I don't even speak like Kabamur lol. If I did, I'd be quoting Neioh, Aya, and the rest of his "family".

Are you crying out for help, ALICE? If so, you are among friends.

We just ask that you first be honest with yourself.

Comment.

Yup it's US slang. So is thottery. Doesn't mean it has any relevance Although I think in the case of ying, that slang was created out of laziness.

So it wasn't differing atmospheric pressures, or differences in teeth/tongues, unique vocal cords, etc, that causes people to say words differently than you'd prefer to hear?

# MJ12 9/11 A Majestic Message of Disclosure

- 1) Go back to July 4th 2001
- 2) Turn your TV on
- 3) 9/11 COMING TO A THEATER NEAR YOU
- 4) FUTURE PROVES PAST

When JFK was assassinated, Majestic 12 moved into the open within Government, essentially pressing START to begin creating the NWO as the Zeta's told us about. We were the Deep State. We propagandized Hollywood. We developed advanced alien technology in secret. We ran all crime.

When 9/11 came to a theater near you, Majestic 12 moved into the open.

STARGATE SG-1 was part of the equation. Congressional Disclosure Hearings warranted a proper, Naval, Intelligence, Civilian approach to ET disclosure. MJ12 opposed this at all costs. Pentagon tried to fight.

Next Day. 9/11.  
Majestic 12 moved into the open.

We revealed a classified DUMB's true identity to the world and NOBODY BLINKED TWICE. Quite expected actually. The Matrix is real. We operated in the DARK for a long period of time.

Canada actually helped the United States out with Disclosure of SG-1 because Paul Hellyer was so poorly treated by Congress when we stopped the congressional hearings. His testimony was true. Every word of it. It was WAR inside the Pentagon when these hearings were happening.

Majestic 12 was originally the body pushing for the Disclosure of ET life to the public in a controlled manner to ensure proper Government restructuring. However, when 9/11 was orchestrated by several MJ12 members as a way to throw the scent off the trail and "go over here".

This derailed decades of planning and flung the United States into a suicide nose dive where 2017 was going to be the year of a nuclear holocaust.

During this nose dive period, the Majestic 12 worked tirelessly against the interests of the people without risking compromising the operation that had to carefully be planned out and executed.

When HRC was neutralized by the Pentagon, MJ12 changed hands to the DIA under new leadership. Essentially returning MJ12 home.

# MJ12 1947 (Dear Mr and Mrs America)

A fabric capable of being bullet proof?

This literally came from the crashed UFO at Roswell in 1947. Literally.

Notice how there will be a new Motorcade One and Airforce One under President Trump? Those two new machines will host a bunch of new alien-technology.

#Disclosure <https://t.co/7eHFuvrEdS>

The Majestic has been an organization within the US Government since 1947 negotiating peace from over 100,000 races across the galaxy.

MJ12 immediately took control over three highly classified antigravity spacecraft prototypes on day one in 1947. Truman discovered from OP  that our newly acquired assets had technology withheld. MJ12 was created to take over from that point.

Majestic 12 was created at the direction of President Truman in 1947 in response to the Zetas that crashed at Roswell. Military ops were going on since the mid 1920s to detect and down a potential NAZI flying bell UFO aircraft. They designed weaponized microwave dishes to interfere with the navigational units on board which caused the pilot to fly blind. The intent was to destabilize the craft such that it would crash in a nearly controlled environment that would lead to the least destructive form of downing an aircraft. Most passengers survived this downing technique, some did not depending on where/how they crashed. Unfortunately, when this happened, the military was unpleasantly surprised. They believe all recorded UFO stories prior to 1947 were just the NAZIs. They didn't expect to meet a Zeta that faithful day.

No, it was to down a Nazi flying bell. Zetas were not the target. Although the speed in which the military was able to adapt their sensor technology resulted in several unintentional downings of Zetas. But make no mistake, we were downing those craft because we were researching.

Yes, a lot of the "nazi's" executed in the trials were actually "innocent" if you can believe that. Their decisions to make executions take place were punished justly, however the masterminds were never held accountable for their actions. They were smuggled into the USA/Argentina.

The Majestic 12 has been in contact with different ET groups domestically on planet Earth since the inception of the Majestic 12. The original members of the Majestic 12 were aware of ET presences on Earth, but had not formed official contact with any of them prior to MJ12 est.

They are protected by the National Security Act of 1947.

Majestic 12 was created in 1947 immediately after Roswell because National Security interests (Holy See) wanted us to cover up the Extraterrestrial life forms and the alternative physics that they use. Organization still exists and is the grandfather of the Deep State non-Cabal.

The Cabal took control over the National Security Apparatus that was created after the fallout of Roswell in 1947. That system was designed to be impenetrable, and it was, for nearly 70 years until the internet and social media. <https://t.co/fvOffpB8Cc>

Majestic 12 hides in plain sight, uses disinformation for real DECLAS orders as not to compromise ongoing operations and has been proactively working behind the scenes to bring official Disclosure and First Contact to the public since MJ12 was subverted for about 33 years.

1947,33

In 2011, MJ12 control changed hands from the CF/322/MB CST Cabal and "The Plan" was created. You are LIVING a Majestic movie of Disclosure. Darkness withers in LIGHT, and truth will be revealed. This account was started around [dates?] to facilitate pre-Disclosure discussions.

=====

Dear Mr and Mrs America,

The Majestic 12 was a secret group of 12 individuals created by the United States Government that would operate outside of law, oversight and governance because of a discovery that took place in the Desert in Roswell, New Mexico. Join us...

Pretext/History: Prior to the creation of MJ12, or MAJIC EYES ONLY classification compartmentalization deemed "need to know" (was't allowed prior to 1947's National Security Act) the founding members were key players in events that led up to Roswell. There was a setup.

In Operation Paperclip we acquired through means necessary at the time to bring over 1,800+++ Nazi scientists, scholars, and officers. We smuggled them into the Country and gave them new identities and very deeply compartmentalized "[un]acknowledged (by you)" TOP SECRET SAP.

We learned from the 1,800+++ Nazis that Germany had engineered flying saucer prototypes at the guidance of a God in the "flesh and blood" DOING THE "BIDDING" OF THIS EXTRATERRESTRIAL. Hitler was working with this being (as we later came to find out).

Hitler was merely a disposable pawn. Now, understand that in STARGATE SG-1 the Go'uld are a parasitical reptilian race of aliens that "take a host" in order to cheat death and [BOOM], we will cross reference this in a moment.

We are not saying that Hitler was a Go'uld. The Go'uld are fictional characters that portrayed a very real truth in the universe. Hitler aside, the leading Nazis we smuggled into the country weren't going to give up their deepest military secrets to their former enemy (we are still their enemy) so instead we were instructed on how to build a device capable of downing the navigational systems on board.

Their orders directly as assets of the US Military demanded that they take valuable action towards acquiring a German Flying Bell.

Instead, what happened that glorious night was not what we could have ever believed. The truth will haunt you. We are about to explain.

The craft that crash landed wasn't just a space ship not from this Earth, but that the occupants inside had MANY striking similarities to our own homosapien or humanoid design. We had similar DNA yet their bodies were GENETICALLY ENGINEERED to perform very complex missions.

Not only did they have a different configuration of organs throughout their humanoid "doll" bodies, but they possessed organs unlikely ANYTHING on planet Earth. They were from out "there".

This gave the United States Government the opportunity to use the threat that Hitler was in league with a "God" who claimed to be an ET, but that we, the Americans, had struck gold because we know that God does not present himself before you. The misunderstanding of that term...

Your Immortal Spiritual Biological Entity (IS-BE) is your soul (IS) and your body (BE). You are an IS-BE. All life in the universe are IS-BEs. We are all the same. We are all one. We are connected together through our pineal gland. Our consciousness comes from God or All or IS-BE.

We (Americans) by definition of our National Identity from the founding fathers was that we knew God was all and that freedom to practice faith towards God was permitted in ANY FORM. This posed an interesting complex web of information.

Originally, our Government fought the traffickers and the drug running and the child kidnappings... now thats all it does. Not protect. This group of parasitical bloodline families were worshipping an Ancient Babylonian [God] IS-BE of Child Sacrifice, Moloch.

We knew from prior intelligence that those who started the IRS and Federal Reserves were directly involved in ritualistic child sacrifice including drinking the blood of a child. We shall use a pop culture reference here, it's appropriate. Research Moloch 🐉 . In Harry Potter and the Sorcerer's Stone, Bane said:

It is a terrible crime to sleigh a unicorn.

Drinking the blood of a unicorn will keep you alive, even if you are an inch from Death.

But at a terrible cost.

You sleigh something so pure,

You will have a half life.

A cursed life.

- cc @jk\_rowling

"But who would choose such a life?" asked Harry.

"Can you think of no-one?" Bane replied.

A unicorn is a [mythical] creature of pure beauty and spirit. A baby is that. A creature of pure beauty and spirit. A baby is a unicorn.

IS-BEs come in many shapes, sizes, forms, colors, abilities, etc. Literally whatever your could think of, exists in the universe. This knowledge came to us after hundreds of hours logged with telepathic human representatives communicating with EBEN-1 and EBEN-2.

We learned that the Entity controlling Hitler was acting and behaving in extremely evil behavior. This was apparent, however... we can look back at STARGATE SG-1 and compare the ORI to the tactics to brainwash their followers despite being lied to.

The progress made in the years leading to a trade, essentially resulted in us faking Hitlers death (Majestic loves movies - are you enjoying the show?) in exchange that he stop working with the ET IS-BE that was pure evil.

Well, let us reiterate, rinse and repeat... The "Cabal" is currently being lead by another "Committee 🐉" of ET IS-BEs connected to ongoings within the unacknowledged space program that the Americans took over when Germany fell. Thats why Operation Paperclip happened.

However, the past 30 years we have witnessed a massive subversion of power from the American People in the name of "National Security". Now connect that to CIA programs operating within the United States through social engineered problems like school shootings and terror attacks.

This group of individuals is the Enemy of the Majestic 12, and for the first time in DECADES we have finally elected a COMMANDER IN CHIEF who can DRAIN THE SWAMP and open the stars to the world. See, you've known the truth all along.

The truth is [hiding] in plain sight structured around propaganda and social engineering. Roswell opened a MASSIVE can of worms that was directly under the control of the Majestic 12. We operated above Top Secret. ANYTHING WENT. YOU NAME IT. UNSPEAKABLE. EVIL. WHY?

Who are the Cylons?

Hollywood glimpsed into reality of what Space is. It's what you make it to be. Your will. Unlimited possibilities exist and you need only choose a path. We know fundamentally that the highest level of consciousness is LIGHT. Photons. EVERYWHERE. LITERALLY EVERYWHERE.

The Majestic 12 love movies.

We had to, at all costs necessary [ultimately caving to the Committee (or an SG-1 reference, "The Trust")] ensure that the fact we had:

A) Make First Contact with Alien Life.

B) Learned The Universe Is FULL OF LIFE

was kept from, originally, the Chicoms and USSR but ultimately from the American People. For this misdeed, we are sincerely sorry to have let you down in such a way. Understanding Full Disclosure requires you to understand what Full is? What can be disclosed? We learned how to do it. And a group has been using those weapons against you.

The Space Force is 100% necessary in order for us to ensure that no other ET IS-BE (more evolved humanoids than yourself and sometime human looking humanoids) are violating massive human rights abuses. The purpose of life is to love and be beloved. Nothing else.

Despite the bad that this group was involved in, and the military's justification for the trafficking of children they steal from the American People (every day... 800,000+++/year) the Military believed through fault of their own that they were wrong.

Allowing  like ET IS-BEs to violate our law because they have some fancy space weapons can be quite a DAUNTING TASK to undertake. After-all, we are talking about transforming our society in the next 10 years into a Space Culture with Space Ports to Andromeda and AMERICA FIRST!

Yes; horrible things have happened. Can we change it? We can only change the future. We can "go back in time and undo what we did" but the resulting world would have been conquered immediately had the secret got out too early.

Alcohol is engineered to make sheep vulnerable. It is for that reason why it is intensely pushed by the "Cabal" or "Deep State" or "Majestic Cabal" or the Majestic 12. Roswell discoveries instructed through cause and effect predictions with the STARGATE to exploit alcohol.

Limited character space. Dense message.

Roswell beings educated Mil Intel about consciousness and how it can be manipulated and exploited with substances. Alcohol is a pushed because it calcifies your pineal gland. Marijuana is prohibited because Roswell ZR explained its value. Marijuana legalization will come with Disclosure because they are intimately connected to understanding the biological connection our consciousness has with other plants and species and what information those life forms are attempting to communicate and how. What is alien?

Alcohol instead impairs that mind body plant consciousness connection and interacts with you with a mark of the beast. Alcohol brings out the worst in humanity. This is why its pushed. Who worships the Devil? The Vatican does. Belief in God is not required for belief in the Devil.

The Majestic 12 in its earliest formations served the Vatican exclusively on all matters relating to God. The presence of beings were withheld from the Vatican by Mil Intel however the Vatican was already in open dialogue with ZR prior.

As far as we were concerned, as long as the Vatican wasn't against us, we could do pretty much anything. So we did. The Vatican wanted Disclosure kept from the public because they worship the Devil and feed on children.

Those networks were used for exploiting and collecting blackmail on politicians by creating classified sources and methods be individuals who have legally not committed a crime be responsible for finding volunteers who will act on their own accord in classified settings.

Typically this meant preventing the left hand from knowing what the right hand is doing. Those who were move the children were taught never to ask questions or you risk the chance of being killed next.

Reasons of National Security were the threat of ETs in Space and the power hungry Vatican essentially forced the hand of the United States through people's faith in false and dogmatic religions.

So while we kept those programs alive we introduced severe crime bills designed to kill two birds with one stone. Many people in Gov are very racist people who feed on the Black community's ignorance to their crimes. Its disgraceful.

Alcohol drinking was adjusted because the exclusivity and illegality yet easy accessibility and constant advertisements enabled people to be sneaky to get jt which allowed blackmail/evil energy to essentially be collected on consumers of Alcohol.

At the same time we intensified the growing process and manufacturing process of marijuana with a higher level of intelligence thanks to mang ET contacts that happen naturally to those who have compatible vibrational states of consciousness. This was used for two purposes. We wanted to naturally allow culture to explore refining marijuana however since we were essentially working for the Devil/Vatican we instead withheld vital knowledge about marijuana's cocreative consciousness impact it has on the mind body link.

In Operation STATGATE MJ12 used RV to explore cause and effect changes in environment while under the influence of marijuana and alcohol. We learned that alcohol inhibits the consciousness from controlling the beast. Marijuana was the opposite. The beast cowers to Marijuana.

Using the STARGATE device we were able to peer into the REALITY of our Matrix of consciousness and not inward projection that makes RV inaccurate compared to a STARGATE.

We knew that Alcohol, mass incarceration of blacks, make marijuana illegal but fund the drug cartels as informants, trafficking everything for sources and methods to collect intelligence. All to keep Roswell secret.

The Vatican had a lot more control over the world back in 1947 than it does today. We may witness in our lifetime the destruction of the Vatican for the first time in over 89 years. The institution is corrupt and the definition of evil / the Devil.

We did both Good and Evil. We played the role of Gods and created the Matrix of the mind many people are stuck in. We are here to break from that system, accept Disclosure, and bring DARK TO LIGHT.

We weren't ready then. We are now.

Our future is amazing. We have spent decades prepping you for it so we can make a TEN THOUSAND YEAR LEAP in civilization development in under a decade. Innovation flood gates have been busted wide open. A Flood Approaches.

=====

Time is an illusion so ask yourself how do you progress 10,000 years?

## Majestic Message of Disclosure

Consider the following scenario and reflect on what feels true to you and then respond.

Was the USA a nation that defended all human beings equally under the law in 1946?

Civil Rights Movement? Purpose?

USA became a Majestic nation in 1947.

What defines an American Citizen?

Values. Nationality. Patriotism. Volunteer. Selfless. Determined.

Entrepreneur. Wealthy. Free. Independent. Alien. Majestic.

Disclosure was planned by the Domain all along. SG-1 seeded your consciousness with this reality. The time in which Disclosure takes place is only at the point in which the society will be able to get along with everyone through legal principals that all people equally share.

Think about the events unfolding within the Chinese Government and Military right now. Talk about Full Disclosure. Some are panicking. Trump has given Xi his word. Majestic nations respect what it means to be an American Citizen as well as a Chinese Citizen etc.

Many nations, identity is determined by race, religion, language, ethnicity, etc. the USA is different. It is a melting pot of personal potential limited by ones own mind themselves. Many work hard to suppress your true powers. Trust yourself. Facts Matter. Truth Resonates Inside.

The USA is founded on equal application of our laws for all people.

What happens when other nationalities are threatening our National Security but the Governments of those countries refuse to acknowledge their associations?

Limited information.

Disinformation.

China has its own history of child abuse. Its laws allow it. Our laws prohibit it on our soil or on our citizens. The programs are being operated inside the USA that China knows about and will willingly release only for political gamesmanship and not safety of all people, speak.

Think of the world as a melting pot of types of humans. All types. All varieties. All characters. Good. Evil. White. Black. Good. Evil. Smart. [DUMB. Clones. Avatars. Synthetic. AI.]

Each denomination originally started as tribal gatherings, so you were told. Naturally right?

You are friendly with those you interact with on a daily basis but when greeted with something completely unknown you are faced with a fight or flight instinctual response. This is why TRUST YOURSELF matters. Facts Matter. Tribalism is common among humans. Lower consciousness.

We are all one means simply that we all love as one and we all fear as one. Each person has equal potential relative to their IS-BE's avatar's genetic makeup/conscious strength. Only through looking inward do you enhance your consciousness.

External personification of God and Jesus have you looking away from the truth to your consciousness.

We did not make the graphic. Some disinformation contained but general concept is correct and details are classified. <https://t.co/Bg9hRwQ4AA>

Earth must adopt a legal standard akin to the United States and respect children, elderly, the weak, the vulnerable, and the abused by removing the harm from their environment to the best of humanities ability. Unfortunately when SHEEP are sleeping, WOLVES FEED.

The issues in China are all about the Dark Side of the Moon. Pink Floyd? Is there anybody in there? Just nod if you can hear me? Is there anyone home? Moon? Spaceship. DEFCON 2? 1? US unchanged. Why?

The Civil Rights Movement was MAJESTIC. The World is Watching. The world will learn the truth. WHERE WE GO ONE WE GO ALL is MAJESTIC! In order to peacefully disclose ET life; the Domain wanted to guarantee that human rights would be respected worldwide first.

The Majestic 12 had a Mission Impossible that included letting a legal replacement be implemented worldwide to end the global war crises based on economic trade, national identity, equal rights for all people, and then, and only then can First Contact take place.

The world is changing.

Dark to Light.

Expand your thinking. Anons are here to help.

Question.  
Please explain then. Maybe im just that dense to not pick up on this

Answer  
You're only dense if you choose to be dense. Everybody learns at different rates and we must all accept that reality. IT was caught up in [JE]-like events with [JC]! (Not) Comey in NY. However while 45 was "in the club", he never partook in abusing kids, so when child abusers would ask,  
"I'd be dating her if she weren't my daughter. - 45"

Comment.  
That doesn't make 45 a pedo

Answer.  
Correct.

Comment.  
Totally get it now that it's been explained. But come on a vague sentence like that could mean many things. That's my point. Why does everything have to be a puzzle? Why can't we just say what is actually going on?

Answer  
It's intentionally vague to mitigate AI shill/bot accounts trying to gaslight Anons.

Comment.  
Totally understand that. I don't meant to seem argumentative, I'm just trying to "wake up" more apparently.

Answer.  
We understand and are happy to explain in deALICEified comm patterns. However certain subjects regardless of using comms still triggers ALICE. ALICE is many things.

Question.  
When we share info through image/meme does that get around triggers?

Answer.  
ALICE uses NSA technology. Social media shadow banners cannot.

Question.  
Thank you. Is there any way to get control?

Answer.  
Anons are more powerful if they align their consciousness to 3 6 and 9 and transact every decision in love.

# MJ12 A Majestic IS-BE's Responsibilities

This account has been dedicated to educating the public on exoconsciousness from the world view of a Domain IS-BE (of which you are).

"WILL, USE THE FORCE".  
MAJESTIC.  
REMOVE THE COMMA.  
PSYOP  
WILL IS THE FORCE.  
USE IT.

You are The Plan.

"Zero Sum Game" In Public Consciousness?  
Academia Corruption?  
Media Quick To Cover Up?  
Read the full indictments yourself.  
Coincidence?  
Cross reference subjects mentioned.  
Hyperdimensional chess.  
IS-BEs are powerful.

With great power comes great responsibility.

Wizards and Warlocks guard intelligence.  
What's in our hand?  
Who are the Majestic 12?  
Weapon? No. Staff? Yes. What's on the top of it?  
Is that symbol in the Vatican? How about Egypt? Why is it a stone?  
Why is it red? Is it a hard drive? How?  
Stones store consistent energy. Being able to store energy in solid state devices like stones is very exotic. Accessing information contained in stones is even more exotic.  
Stones contain pure vibratory frequencies that can aide in regulating a persons own internal vibration.  
key word is \*can\*.

With possessing "classified knowledge" comes great responsibility to safeguard that information from others who may not have the same morality as yourself.

No matter where. National Security technology, when coupled with the original interpretation of the Constitution can be combined. Should private corporations like Facebook, Google, Twitter be forced to surrender data that compromises National Security? Yes. Constitution allows.

However the primary reason why people mistrust this Majestic technology is because WITH MAJESTIC TECHNOLOGY, IT USES CONSCIOUSNESS TO MANIFEST.

The power to will and manifest physical reality by learning the codes, the keys to the castle, the magic spells, (whatever you want to call it, you can name it anything you want, doesn't matter to me). Understanding this power means that you can either use your consciousness.....to "inadvertently" be responsible for allowing the manifestations of child cannibalism being rampant in

the highest ranks of the Catholic Church and thousands of Banking and Investment Executives. The ladder is high. It goes deep underground.

You choose how to use it. For good or for evil. For a long period of time, powerful criminals used this technology to stay in power.

The Cabal fears transparency because of their criminality. The violation of our privacy was done with the powers of the "Gods". Extraterrestrial intelligence beyond the organic development of life on Earth without looking inward for answers about the unknown void of reality.

Mass Surveillance is a sensitive subject since the weapon was heavily abused by the Cabal. The technology was MAJESTIC. When ZPE is disclosed, WE MUST BE ABLE TO GUARANTEE 100% Safety. All life on Earth could be wiped out with the level of knowledge contained in ZPE (Zero Point Energy).

With great power comes great RESPONSIBILITY. Very Majestic statement disclosed.

Devices that receive "free energy" technology can themselves be modified quite easily into WMDs. Global consciousness needs to upgrade to 5D before we can "give" everybody the potential of a WMD in their possession. Not all are there yet.

Destroying ourselves with technology is a very real problem. What would happen if brainwashed drones like ISIS deciphered? How many people would be murdered? What about hostage situations? They are more dangerous than you think. With great power comes great responsibility.

Also, stop littering on the planet. The Majestic forbid littering without just purpose.

Universities are experimenting on animals and lower cast life forms because they are deemed worthy to be experimented upon. Here is a moral dilemma, what gives one life form the permission to take the life of another lifeform? That who created you.

This is the beast of burden debate in vegetarianism. However consuming meat for food is the psyop (we'll explain in a thread off from this entry). The real beast of burden is what Universities are doing to global consciousness in the sacrifice to science. Many liberal educators are also drug users who intentionally study DMT and other drugs that are documented to lift the veil which your brain filters out to see the higher dimensions and experience them. As SG-1 has taken a line from Tibetan monks, which said:

When the mind is free, the body matters not.

True existence inside you is a higher dimensional version of you who has all of the experiences of your past genetic history all easily accessible to you by using the power of thought to create to experience alternate realities. Legalizing these drugs will take place but with proper disclosure and education AND most importantly an effective law enforcement capable medium to

understand this type of hyperdimensional and deep information that drive our decisions.

This is the concept behind mass surveillance.

Each person is being mass collected into an AI.  
Not AIs. An AI. A virtual you.

You can be called up anytime.

We also have the ability to use Remote Viewing and Voice of God technology to remotely hack into the brain of YOU and program you like you were a character on the Sims.

You use the technology. You choose to be part.

You are the solution. Trust yourself.

Actionable: Upcoming budget is going to call for many programs which are "in the name of science" in a cult organization of oppressed and underpaid servants to socialized education being operated in the shadows by the CIA. The source of many of the many arms of the beast we fight.

Do we need to continue paying for these programs at a federal level and not actually allow the local community that institution is representing vote on whether to allow the research to go forward on all subjects, possibly mandated by law, where also media coverage of a town hall of multiple opposing opinions locally are able to debate the moral and ethical implications with every single piece of research being paid for by the Government; which is

"We, The People". Not We, The Commodity.

Critical to realize that torturing any IS-BE creates thoughts that manifest into our conscious reality in the form of other lifeform energies, weather modification (the technology is used to suppress the raging storms currently playing out to protect the public).

The reality is these programs were so deadly to life on Earth that we risked complete nuclear annihilation. However, Majestic 12 won when 45 was elected. Yes, the Majestic 12 orchestrated the leak of the Podesta emails and the Clinton emails.

The Majestic 12 are so confident that they are safe to admit this that the operation was a complete success.

Immortal Spiritual Biological Entity = ISBE

You are an ISBE.

your actual soul. Your spirit. Who your face is. Who travels through time. Who is IMMORTAL. Your body is a temporary vessel. Your soul is eternal.

Understand that all life forms are IS-BEs. Including mice. Including rats. Including bacteria. All IS-BEs are a manifestation of a conscious projection of an IS who wishes to BE. The IS-BE responsible for the Biological entities it encompasses. This logically and compassionately.

Many people have passed on beyond their IS-BE iteration we've all grown to love, however their consciousness is currently on Planet Earth. Some individuals have received assistance in discovering their true identity for the purposes of The Plan, others have not. Nothing specific.

What if facial recognition technology (currently protected by the Government for purposes of "privacy") were released to the world?

What if you could search for other BEs who look identical to your IS-BE?

What if children could identify their past identity using technology?

It would remove the idea of life ends at Death permanently and alter the course of humanity permanently.

Who created facial recognition technology?

Was it classified several decades ago?

Did the NSA use FR on ALL PEOPLES it captured?

Did it learn of a trend?

What did they learn?

Comment.

With reincarnation i.e. no death, there would be no need for religion to control the people.

Therefore when the Vatican instructed MJ12 to conceal Disclosure, we complied at first, however once MJ12 was taken back from 322/Cabal we decided it was time to destroy the Vatican. Are you enjoying the movie?

We are the Majestic-12.

The Majestic 12 was created to infiltrate the Illuminati and take control.

Majestic 12 was created at the direction of President Truman in 1947 in response to the Zetas that crashed at Roswell.

- So, UFOs were Roswell yes, but not Majestic 12. Roswell was a False Flag - per se. The weather balloon was that is. Majestic 12 was the response to Operation Paperclip. The secrecy levels were peers.

The Majestic-12 is a group of humans who control the CIA, DIA, and White House.

As it happens, the efforts of the current White House align with that of the Majestic-12, so it has been decided the Majestic-12 do its own role to help.

Open source information intended to help all who seek the knowledge.

No, we are not helping one particular denomination of any major world religion.

- Co-creative consciousness exists and meme theory is the AI conduit the Majestic 12 gave to Anons to win the war against the

group of hostile ETs who are the center around the Secret Societies.

Our motivation is to offer guidance on subjects pertinent to Disclosure which will help manifest a reality capable of First Contact. The message is more important than the messenger. We are not asking anybody to believe us. Disinformation is both REAL and NECESSARY. WHY?!

We have our own objectives that are not mutually exclusive to Q's objectives. Nothing in our messaging is unloyal to the Plan directly outlined by 45. We are providing you new tools of consciousness to help create a better reality. 45 is a powerful man. He knows a lot of people.

Therefore, as ! (Not) SHEEP you must therefore take the advice that Q has given to you and learn the comms.

Q comms or general comms?

Q comms help for decoding Q drops.

How can you take what you have learned and re-apply it elsewhere?

Sheep no more!

Re-read: Q #1936.

Think for yourself.

Research for yourself.

Trust yourself.

Clickbait opinions are designed to attract reader to subscribe and/or follow and/or shape a pre-designed narrative.

FOLLOW THE FACTS.

SHEEP NO MORE.

Q.

9) It has been the efforts of Q, including MJ12, to help assist in the Great Awakening by acting on a paradox.

10) If 45 is Q, and 45 says "Anonymous Sources" are "Fake News", then how do you explain the 6 months prior to SKY EVENT proving Q = 45, then later 45 = Q?

MJ12 is isolated 100% from DOJ.

DOJ cannot touch anyone in MJ12.

They literally cannot touch anyone in/from MJ12.

They don't have the need to know.

They will never have a need to know.

This is why WE love compartmentalization classification laws.

There is a reason Antarctica has been out of the "news" and education systems. The beings there do not want anything to do with "our world."

Things that contradict creation and evolution.

Truth paints a cold image of reality that lacks consciousness. It is essential to preserve consciousness in the disclosure process.

Unfortunately, people are so programmed they will die and murder to protect their lie from being exposed.

And the people of Earth who have been programmed into zombie drones pose a systemic danger to peaceful ET races that live on Earth. Part of holding back on disclosure is in consideration of their protection FROM humans.

Anybody at this point in time who refuses to acknowledge or disclose the ET presence on Earth is actively working for the entities who are trying to sabotage our Disclosure efforts. Many

ETs here DO NOT WANT Disclosure. Not all evil, but most don't want Humans to find out.

Sometimes distractions are intentional in order to protect higher density lifeforms from lower density lifeforms "butting in" and adding unnecessary chaos to higher orders of reality/ consciousness.

NASA hiring Alien Protection Officers implies there are aliens among us today. Hint: We are.

Certain protections have been put in place for select people who disseminate truthful information about the operation/movement. These do not make one invincible, but it does add a layer of protection, when coupled with smart vigilance, ensure the operations can be successful.

We only need a small subsection of the population aware for the operation to succeed.

Groomed by the Majestic 12.

JS is definitely working for Q's side.

We knew he would be before the operation began.

This account started grooming people months before Q to help disclose Majestic related areas of awakening.

JS has owned that role bestowed upon him.

Own Without Ego.

SHEEP NO MORE!

To help the alliance, educate your fellow man of our existence and our programs who would otherwise be unaware.

Share it with your fellow IS-BEs and help raise everybody's consciousness.

Many people on Earth today who have this "calling" are actually "star seeds" (light based life forms) from other planets who came to Earth many decades ago to "help." Estimates are between 700,000-2,000,000 total souls. This is our "subsection" as stated earlier. We have it.

Yes, you are likely a star seed then. Be humble. In the coming decades those who are will learn their real identity and it will be shocking for most. Can you imagine yourself as NOT a human?

Not just the Domain but other groups as well, some terrestrially. The nuclear detonations on Earth raised alarms in higher realms of consciousness that are extremely dangerous and do destroy all life on a planet. IS-BEs who formerly occupied higher realms left to help Earth.

Pleadians are not Gods however they are incredibly intelligent IS-BEs who do visit Earth frequently. They are a very peaceful higher density consciousness that is aiding the Majestic 12 with Disclosure.

They were higher densities than others who were more willing to offer assistance. Their opinion is non-interference development

Question.

Do Starseeds have beings from other dimensions assisting them in their missions while on Earth?

Answer.  
Yes.

Yes. There are more good ET races willing to help, but they will not do the heavy lifting. That's why its taking a long time to go from DARK > LIGHT on a lot of major issues. Humanity has to prove itself worthy of an audience of beings with IQs of 6,000 and lifespans of 200,000yr.

Convince them why a dangerous savage child race should be graced with their presence.

IS-BEs in children are sometimes not the IS-BEs from the family. Rare though. Takes tragic consequences to manifest, but it is happening more common now than ever. Hence why so many starseeds have returned to Earth to help fix the planet.

Question.  
Do the IS-BEs who left the higher realms to come help Earth know/remember who they are? Or does the decision to incarnate here subject them to the veil of forgetting?

Answer.  
No, they must discover the truth within themselves. Hence, why we are here.

Its because you're being protected. You can thank the Majestic General Flynn and the D.I.A. You were groomed by the Majestic 12.

Don't worry, we are not going to betray the people who we swore to protect during this transition. Trust the plan.

Cross reference with conventional cover stories issued in SG-1 + Antarctica ET presence and this Fake News cover story. (Apnews dot com 2 technicians killed at Antarctica science station. <https://t.co/Ggat9ujU1w>)

Any and all attempts to subvert new CLAS technology will be met with lethal force.  
Nothing can stop what is coming.  
NOTHING!

We are not at liberty to discuss the protections any further. Agreed, the true power is within. You don't need "protectors" to tell you whether alien life or technology really exists. Define alien first.

Alien is a frame of mind and a lens of understanding of intuition.

We are not willing to offer any financial insight as to the plans moving forward. Believe us; nothing we say will help you therefore it must remain Classified.  
6 Days of Food.  
1 Day of Fasting.

We engage in this open forum as a means to help enLIGHTen those who seek the truth. We do not give you truth. We give you direction. Only through meditation and practice in unlocking your genetic memory will TRUTH resonate with you.

YOU CREATE YOUR REALITY.

"Think of the universe in terms of energy, frequency, and vibration."

Question.  
Is decision, intention and manifestation using the power of 3, 6, 9 the best thing we can all do to help right now?

Answer.  
It is more powerful than you realize. With great power comes great responsibility. Intent matters.

Question.  
How can we use power of 3, 6, 9 when we dont understand it?

Answer.  
Excellent Q  
Consciousness manifests in the form of numbers.  
The number 3 represents "the child" mind of love/curiosity/light, 6 represents "the adult"/"beast of burden", and 9 representing "Source"/"God"/IS-BE.  
Synchronicity is when certain patterns begin to be noticeable.

Up is down.  
Left is right.  
Trust yourself.  
Research for yourself.  
Message over messenger.  
Truth resonates.  
False information is easy to ignore.  
Stop trying to be a sheep/dog.  
We know you better than that.  
You are one of the few who have properly awoken.  
Be humble.  
Sheep rely on messenger over message.  
Sheepdogs rely on strength in messenger.

You are friendly with those you interact with on a daily basis but when greeted with something completely unknown you are faced with a fight or flight instinctual response. This is why TRUST YOURSELF matters. Facts Matter. Tribalism is common among humans. Lower consciousness.  
We are all one means simply that we all love as one and we all fear as one. Each person has equal potential relative to their IS-BE's avatar's genetic makeup/conscious strength. Only through looking inward do you enhance your consciousness.

With great power comes great responsibility.

Remote Viewing was a very dangerous phenomenon that the US Government had NO CLUE what it was or whatever!  
That's a weapon you protect until you have defenses against it.

In reality, exoconsciousness is a matrix created by our individual aura EM field that is responsible for projecting physical reality as our consciousness perceives it.

Information is stored in blood that is used to synthesize information within human DNA/RNA that are responsible for having influential properties on the life experience of that particular avatar "BE".

Your DNA is your signature of life responsible for expressing consciousness. Imprint of information can be accessed. Learn how to access and you can "do what Major Cater does."

We believe that you know far more about quantum reality than most "so called experts" who claim they know about quantum reality. Believe in your abilities and the light will always show you the truth.

The Kingdom of Heaven sounds glorious doesn't it? Sounds like something you'd want to spend your life's work to get to. When you get there what happens? What happens when you've been brainwashed as slaves and that true Kingdom of Heaven is actually full awareness of consciousness?

Solar Flash is a term used to describe an internal revelation that will take place in every single human. All beings on Earth are being mobilized and activated. This is a Great Awakening. G.A.'s have also been called Mass Extinctions before. But life survives and evolves.

Prepare yourself mentally for the heightened state of consciousness that will be required in order to survive. Less than a few years, but there is time. Don't worry, we are not going to betray the people who we swore to protect during this transition. Trust the plan.

Any and all attempts to subvert new CLAS technology will be met with lethal force.  
Nothing can stop what is coming.  
NOTHING!

By design. Ice needs to melt in order to force Disclosure. Will not cause harm to the planet. Planets survive climate change. Humans must adapt. Society is vulnerable because Satanic mindset technology was developed and forced onto people. New technology will help humanity adapt.

Many life forms will survive, and those who do, have been smart. They educate themselves on consciousness, holistic healthcare, geography, space weather, survival skills, and meditation. Those who do not, "die" and start all over as a child. Those who do not make it will struggle at first, but the society should be better aligned in 10 years to help people of all walks of life expand their consciousness and for the first time in thousands of years, MEET who are really are. Have you met the ISBE inside you yet?

Your observations are not alone, many others have been experiencing other kinds of genetic anomalies. This is most likely due to the ISBE identifying itself in you.

Energy is consciousness. Look into the signatures from higher dimensions and you can trace which IS-BEs the energy is coming from. Remember, a planet itself can be a single IS-BE.

Humans are engineered beings to experience the lower dimensions so they can develop spiritually before entering the higher realms of existence through reincarnation and the planet's ET "protection"/"prison planet". Earth is an IS-BE that is protected because it keeps IS-BEs in.

The moon was occupied prior as it is an artificial space station responsible for "prison planet" management of souls on Earth to constantly be recycled on Earth.

Looking into the sun with proper protection amplifies the strength of your inner eye to see.

Sun will go through an energy field that will charge quantum particles that hit earth instantly giving all light beings on earth a download of new information. Not there yet. Connected to the progress of the Great Awakening. Remember, Time is an Illusion. Events matter more.

Those who know, cannot sleep.

The increased activity is because our solar system is starting to pass through a quantumly charged area of the galaxy that is causing the antennae of many life forms to stop and go "huh...."

Question.

Carbon 7... Is it a real thing that will happen to our atomic structure via the sun/mutations?

Answer.

No spoilers.

Why is it important to relive trauma without fear in order to heal?

Your vibration has the ability to be tuned (precisely is VERY difficult) to send new instructions to the protein that is responsible for transcoding the genetic code to your newly created DNA. It takes a while, but transformations like this are physically possible, though hard.

Some of the greatest minds on this Earth have experienced horrified trauma and understand their fundamental responsibility with dealing with the reality. The path to self enlightenment is long but well worth the investment of energy.

The species human is a carefully engineered vessel by hundreds of races who have spent millions of years perfecting the medium to experience LIGHT in. Humans are not lying shitty biological computers. They are infinite light beings having a human experience. Life's hard for many. Because infinite light is immediately attacked and bombarded with mind control technology (medical, entertainment, books, music, songs, etc.) that do not allow a newly welcomed IS-BE on Earth to discover their IS-BE before being responsible for make life decisions.

Disclosure is a human right. Full Disclosure to those who are willing. We are at a critical time right now. Good versus EVIL. The MJ12 are at the pleasure to the POTUS because he is the enemy of C322. We only disclose what is already COMMON KNOWLEDGE AMONG THY CONSCIOUSNESS.

The path to true enlightenment is not with a flashlight. A tool cannot bring you enlightenment and Disclosure is only necessary where voids in logic exist. Where reason and evidence compels you to consider the cost of seeking evidence of your Disclosure do you then seek the light.

Therefore providing information that is not currently known to your collective state of consciousness would be dangerous to the stability of successfully executing The Plan. The truth is here for

those who seek it. Here is where you are. Where the truth is. It doesn't matter where.

When we drop information we expect it to be common knowledge. Seek the truth further. The questions will help guide you to the next density.

WHAT do you want to know about Full Disclosure and how can YOU learn how to use your new abilities of REMOTE VIEWING to learn everything.

But why does seeking the truth really require so much? Perhaps failed social engineering experiments performed by this criminal system of "Justice". Pay attention to when POTUS mentioned QUOTE JUSTICE. Why the "Q" quote about Justice? Are our laws illegal!? Up is down. Left is right.

But wait; what we suggesting? Suggesting that the POTUS take action to his pleasure then take the security clearances from these individuals. 45v45K? He can do it but every move he makes is a calculated. Currently Mockingbird Media has, through verifiable MillIntel understandings a strong hold on the current brand of reality and we are dropping major disclosure bombs all over the place. This is about evolving to a race capable of interstellar space travel knowing some of the dangers associated with it but how having a STRONG MILITARY can you have safety to all the people under those domains. In an oversight classification system of all compartmented areas can we ensure that no HORRID CRIMES AGAINST HUMANITY LIKE RAPING TORTURING AND EATING DEAD BABIES was taking place and therefore ensure that ALL RESOURCES being collected were going to the betterment of the people by hiring classified government agents on board to spread tons of disinformation.

Comment.

Dissolving govt is more likely!

You sell the paradigm of offense and defense. Please consider Unity, as 5D ascension requires! 🙏😊

How would you control the power vacuum?

What happens when a power vacuum is created?

MJ12 needed to ensure Disclosure wouldn't destroy Earth like USMil did Iraq when it created the power vacuum there.

C322 destroyed Iraq not MJ12.

As we've stated, Earth is not at 5D yet. We are several years out.

For many who are just starting to understand Disclosure, jumping to the conclusion will rob them of the ability to understand how your reasoning is right all along. But guiding them in "4D" consciousness is needed.

#AMA @ 11:41 on 1/14/19

Is = 3rd Person Indicative of Be

Be =

1/ To exist in actuality

2/ To occupy a specific person

3/ To remain in a certain state or situation undisturbed untouched or unmolested.

3 Meanings for 3rd Person Indicative

Power of 3s

Evolve your consciousness to the 4th density and help others enhance their own consciousness.

Which questions do you specifically want answered? We receive around 10,000 interactions a day currently on this account and it is difficult to keep up with everyone's questions. This is why we have encouraged others to answer our questions, do their own research and help others.

AMA to expand consciousness.

Question.

Through drugs?

Answer.

No drugs required.

Question.

Best thing to do to expand consciousness? I.e, meditate, diet, exercise, etc.

Answer.

All of the above. Environment enables reality creation from consciousness. Consciousness enables environment changes that enhance consciousness. The key to a first step is its the first step.

Question.

Many different realities? How will we know.. ultimately how do we remember?

Realities are illusions of experience which are dominated by our choices. Remembering realities is empathetic logical deductions of how your own soul would decide and what the cascading effects could be, remain unknown without a looking glass.

Question.

Was the "Looking Glass" used to create the "Plan"?

Answer.

Yes.

Question.

Does being on an anti-depressant (SSRI) block the proper functioning of the pineal gland?

Answer.

Intentionally trying to mimic the cannabinol activation techniques of CBD/THC at the expense of toxins being injected into your body that obfuscate your pineal gland's effectiveness.

Question.

During sleep paralysis are the visions and experience another level of consciousness and what level? Can astral projection take place during this time and is it safe?

Answer.

Astral projection is safe as it is only within you. All interactions with consciousness are always a balance between your mind/soul and your body. The two are like ying and yang. Astral projection hyper-exerts consciousness into higher densities to travel. SP limits body.

Question.

Do Arcturians contact people through their dreams?

Answer.

Rarely.

Question.

Is the ET that impersonated Moloch still present on Earth currently?

Answer.

Yes.

Question.

Is the Domain currently at war with any ET races?

Answer.

Yes.

...

Question 1.

Is the solar system, planets, the way we were taught in school?

Answer.

1/ No

Question 2.

Are the aliens interdimensional or from other planets?

2.../ Extraterrestrials and Non-terrestrial entities exist, though they are different in nature. Their DNA expression changes from planet to planet slightly to adapt to the different planetary conditions.

Question 3.

Does the event happen before, during, or after the rapture?

3/ The rapture is currently taking place. It is a metaphor.

Question 4.

If you can't answer them on the board, DM them. Honesty gets rid of me.

Answer.

4/ No DMs ever.

We have a general policy of no direct messages under any circumstances. Nothing personal. Policy out of the typists control.

Questions.

It is a promise Christ gave to the members of His body that before the beginning of the tribulation, He would remove us from the earth. It's also known as the blessed hope. Also known as "the event" in demonic circles. The demonic counter to hide the rapture when it happens.

Answers.

Incorrect translation in terms of Earth

Translation refers to the purge of society the Military Tribunals will bring.

The demonic encounter is currently been in play for many years

Time is an illusion

Illusions are unclear at times

Illusions distort the high and low frequencies.

We have stated in the past that we ask questions only to convey information or to encourage others to think critically. Every question we ask we have answers to.

Question.

Can we just ever have open dialog? That's not all coded out? That day will be great.

Answer.

Sometimes writing it out removes the power of the brain's ability to reason and pattern recognize. We try to clarify confusion, however many times other people respond correctly so we do not feel it necessary to duplicate their efforts.

We welcome all discussion, points and topics that we are not interested in expanding on, we ignore. Others, we respond.

Spamming doesn't help, however forcing the Synchronicity of 3 6 and 9 will force it through censorship since those numbers are only manifested using willful consciousness of the creation.

Conscious ! (Not) = (to) Consciousness.

Singularity ! (Not) = (to) Oneness.

Guidelines help streamline communication. Some accounts post multiple questions that warrant Majestic answers, others contribute to the noise or are ALICE.

We will not spoon feed answers to crying IS-BEs. You must find strength within and LEARN THE COMMS. Information like this has been concealed for centuries and has been hiding in plain sight using many psychological warfare operations. Break the conditioning. Trust your IS-BE.

We understand and sympathize however all we ask of you is to hear us and trust yourself. Hardly bad advice by any measurable standard. Disclosure means we need beacons of hope to help guide humanity forward. Only through reeducation. Starts here. Unlearn the lies. Truth is within.

We agree with your advice regarding seeking your own answers and to not slip into a following. Very sound advice.

Our mission here is simple: assist in Disclosure's prerequisite steps. Many people who are following Q and trusting themselves are also aware of the ET issue at hand.

engaging in debate to conform the opposing argument into your world view defeats the Great Awakening. We must unlearn the lies of the past and embrace the truth of our reality and deal with it accordingly. WWG1WGA means we must all help each other to learn the truth.

Please do us the favor. As we have said before, our mission is necessary, and people may not like what we have to say. With that understanding, we don't block individuals who are hostile towards our messaging, instead, we try to work with you and help you understand. Your choice.

The Majestic 12 operates ABOVE Gov for the purposes of planetary defense pertaining to extraterrestrial life. As we have stated before if you don't like what we have to say, then please block us to help others.

Since the fall of the Soviet Union, the C\_A, 🤖s was repurposed by 2B to lay the ground work necessary to make 322 an official operation which would make it possible to begin constructing the NWO. NTEs aided 2B/322 and oversaw their rise to power.

DARK > LIGHT

The last time the Majestic 12 held control over the White House, the country was permanently scarred (9/11) and after was moved into a deeper compartment within the higher levels of Top Secret. We were not happy about that decision, but it was pretty clear that we did not want anything to do with Hussein and HRC, even

though they wanted everything to do with us. The faction responsible for 9/11 got away with their crimes, but the cost was access to their power.

Rouge actors need money.

Clowns in America need help. 🤡

Your Majesty, please forgive us.

Are rouge actors always bad?

What if you needed to carry out your Majesty's Majestic work?

Excuse the unrelated monarchy references.

Majestic work is the sum of respect paid to the King.

Question.

For the sake of the discussion, if what you say is true, what portion of the blame do you take for all the suffering caused by US institutions like the Federal reserve and the CIA?

Answer.

100%.

With great power comes great responsibility.

MJ12

The Majestic 12 are so confident that they are safe to admit this that the operation was a complete success.

Majestic 12 through the Pentagon contracted with many in Hollywood to provide assistance to ensure that productions did not violate National Security protocols. Really, we used it to leak disinformation that contained half truth, half fantasy. We knew Disclosure was happening.

Remember, the Pentagon (via MJ12) have a working relationship with Hollywood for this very reason. It is Majestic 12's responsibility to ensure that all propaganda being developed was going to follow OUR NARRATIVE.

We inspired Star Trek to show humans how diplomacy can help, but it is useless against some forces. The Borg are real, though not hivemind.

The Politics of Disclosure (Stargate was used to help build the probability of these episodes - info was passed onto writers as "cool ideas" from the Pentagon. No questions were asked as agreed upon with producers.)

Humanitarian Assistance is code word for human trafficking.

Human Trafficking is a major world wide humanitarian crisis, and basing trade deals on equal Human Rights FOR ALL, including Children. We will enforce our trade laws with sanctions that cripple nations. Death by a thousand cuts.

Infanticide is a phrase coined by those who wish to conflate (and exploit human vulnerabilities) reality to trigger an emotional response to INSECTicide. The word is intended to trigger "pests",

"annoying", and ultimately "kill". This language is used to sedate FOOD/SHEEP.

Herman Cain corrected the record tonight on Sean Hannity when CLOWNS kept using infanticide, it is murder.

How is it even possible? It breaks your heart when you have to see what some of those kids went through. We are returning power back to We, The People.

DARK > LIGHT

It has been stopped. They are trying to legalize it so they can resume production. Nothing can stop what is coming. Expect more troops to be deployed to Southern Border.

Why would Majestic 12 come out of the woodwork after denying our existence for 70 years?

4,10,20 leads MJ12 and has since 2004.

WHY WAS 4,10,20 RECRUITED IN 2004?

WHO ASKED 4,10,20 TO JOIN MJ12?

WHAT WAS THE PRICE TO PAY BY JOINING?

How does Disclosure aid in the take down of the Vatican?

We are Majestic 12.

With great power comes great responsibility.

Majestic.

Majestic 12 pulled the strings for what conspiracy theorists call the Cabal or the Deep State or the Shadow Government. We were that entity. We protected the breakaway Space program from the public at all costs.

Question.

Did F learn how to ascend from 🤡 ?

Answer.

Yes.

Yes, and 🤡 got 187'd for it.

Not alone. F volunteered for an experiment.

Death is irrelevant. F knew this. Majestic 12 know this.

Yes, and the gain of the Majestic 12. Early disclosure would have been disastrous because there were components of the Disclosure component that we had no prior knowledge to before F moved on. F taught MJ12 about the Vatican's connection to [CONSPIRACY] and Archives.

The Vatican Archives contain artifacts that are MANMADE and are over 300 MILLION years old. Paintings. Sculptures. Books. Technology. History. Galactic Archive of Humanoid Races. STATGATE. Interdimensional Terminal. And so much more. Literally millions of artifacts.

Knowledge is power.

Vatican withholds truths to spread lies and propaganda.

Like the Ori, the Vatican does not ascend its followers when they die. They return to human form (prison planet), and have their memories wiped clean to start over.

They don't teach self enLIGHTenment.

Nobody managing this account had anything to do with what happened to EBEN-1 and EBEN-2 and therefore nobody currently on MJ12 are responsible for what happened to them at that time. That's why there's no problem with us returning and disclosing this information. We're ready.

12/ You are witnessing the systematic destruction of the OLD GUARD. You are watching the true IDENTITY of the "Deep State" / "Democratic Party". Not Democrats. The party corporation itself.

This account is but one small chess piece offering (S)ignals intelligence pertaining to the 30 year plan in the making involving dozens of races from several different worlds. No easy task when the Vatican has controlled Earth for thousands of years.

This Cabal was inside the Majestic 12 for a period of time. Once Classified First Contact took place, it was forced upon the Majestic 12 to move this group out of the Military (and inferred but Cabal chose to ignore that these programs would stop all together).

Once the Majestic 12 explained the circumstances of planetary politics between rivaling nations from raw Military Intelligence analysis, we received advice on how to win against the entities who are directly responsible for CSTRAC and the occult knowledge disclosed in exchange.

Like we have said before; this group was in power for thousands of years. How do you destroy an enemy that large without destroying Earth or forcing everyone through force to conform a specific way?

We are aware of Majestic 12 disclosure processes currently operating in conjunction with the Q operation. The Q operation's the cleanup crew who are doing the necessary work. Majestic 12 programs will be disclosed after society purges ideological conscious cancer that is cancer.

Europe has less than 1 year to rebel against the EU or it will be lost to the original Nazi party who sought control almost a Century ago. The NWO originated in Germany with the assistance of several ETs. Same ETs are helping modern day NWO. Will Europe surrender?

UK / AUS in hot water with Catholic Church Abuse and BREXIT / UN-Nazi war on Europe with ISIS. When will Europe wake up? Or will Europe be a thing of the past? What does the future hold?

Majestic 12 studies this constant in reality and are why the Military Industrial Complex is as large and powerful as ever.

Time to start using it for Good.

"This is not simply another four year election. This is a crossroads in the History of our Civilization that will determine whether or not We The People reclaim control over our Government."

A.L.I.C.E. is Deep State AI responsible for policing the internet from anti-Deep State propaganda.

Alice in Wonderland was a remake of Alice's Adventures in Wonderland where Alice discovers the underworld and left is right, up is down, big is small, etc.

Alice & Wonderland is HRC + SA (Saudi Arabia).

The United States will never cease its relationship with Saudi Arabia so long as the Stargate in Saudi Arabia is under the Kingdom's control. The US has a vested interest in the joint military operations behind operating the gate/portal.

Human smuggling among other things.

Hitler alone did not make the Dritte Reich so powerful the US simply stole their scientists to prevent the Communist Soviet Union from ceasing control over planet Earth. He had help. Those who helped harvest humans for energy off world. Tech was given to DR in exchange.

Disclosure will take place, and it will be the catalyst to ending the Cabal, establishing the Space Force, and declaring our planet wide independence from the Draco who have long controlled Earth. With great power comes great responsibility. They never thought she would lose.

The first race to be disclosed will most likely be a hostile enemy of Earth, however part of keeping the public calm during this period will be, as POTUS says, acknowledging that Americans are actually very intelligent and aware of what's really going on.

Once the Draco are confronted, at least one other race is planning on coming forward for public First Contact with POTUS to form an alliance that will require a Global Governance (but one that respects sovereignty of tribal states) to stop all Nuclear Proliferation.

Hillary/Obama sold Israel to Iran and got the Russians to help Iran because it would go against American Foreign Policy. They wanted Iran to nuke Israel. Somebody talked about this recently? We wonder who that could be? Universal moral code is to base on compassion and evidence.

The Majestic 12 declared WAR on the Bush Cartel, The Clinton Foundation, The NO NAME Foundation, AND MANY MANY MORE because they immediately became a National Security risk.

Should the Majestic 12 destroy a particular US Senator?  
#NoName.

Limited space. Projecting dates alters events. Events not dates dictate the Matrix. Disclosure of what? Disclosure has happened. Cat's out of the bag. The DOJ + FBI were protecting a transnational child sex trafficking cartel that satanically abused raped harvested etc.

While they were doing that, protected from oversight through carefully crafted legalese regarding national security classification trust issued to classifying authorities. Treason. Majestic 12 required these provisions to protect the secret about ET life until the strength and size and reputation of the Vatican diminished so low that the Holy See will be facing prosecution in the Military

Tribunals for their systematic child abuse "scandal" that never ends. In the background we, the Majestic 12, explored Space and met many other races. Some on Earth.

Now, its the full weight of the Government minus the upper ranks and middle ranks of the Justice Department and FBI that need to be purged. Thank you 45.

15/ The Cabal's arm inside the Justice Department is attempting to indict President Trump over process crimes that are easily and legally negotiated to mutual legality. He covers his tracks. Their crimes are coming out and they are in full PANIC mode. POTUS is fully protected.

16/ Q told you Military Tribunals. General Flynn is guilty of violating the Logan Act on paper because of his knowledge and communication pertaining to the transnational child sex trafficking ring inside the Government hidden by Top Secret SCI compartments by comembers of 322.

17/ The crime is a process crime in the original interpretation of the law that most people have agreed is non prosecutable. Literally the last chance this group has. Q is Majestic in nature. We are the Majestic 12. Unaffiliated to Q though working on simultaneous Disclosures.

Disclosure will happen in due course. Understand that we have decades of wrong to right and it doesn't happen overnight.

When it does, it always leads to mass hysteria and complete panic. People are way too brainwashed in mockingbird mind control. We know this. We created it. We can undo it. TRUST THE PLAN.

9+8 said that National Security classifications CANNOT BE USED TO SHEILD INDIVIDUALS FROM CRIMINAL PROSECUTION. What if National Security includes protecting our children? Coincidence?

Many victims found condolences and friendship in Ivanka and DJT protected them when they were around Ivanka.

You can see 👁 the abuse in their words and eyes. Why is this allowed to happen? We have the intelligence that these networks exist. Teenagers exploring sexuality with each other must be protected in segments to ensure common development experiences where emotions are explored together in healthy ways that encourage love, compassion, ingenuity, dedication, motivated, happy, etc with each other where the presence of these networks + big money to be earned with relatively "little difficulty" with extremely high emotional costs resolve Cabal taught lies.

Adults exploring sexual energy together is extremely important for relationships however the current obsession with family porn, incest, bestiality, dungeon sex slaves, torture, abuse, rape all in the name of acting. They worship this energy. Allow them. However we must address using drug smuggling by Clowns cross sections with these trafficking rings. Drugs are used to collect blackmail on victims and increased risk of sexual abuse to be traded among other wealthy celebrities. Some "porn stars" are victims of horrific crimes and its truly bad.

The entity responsible for creating those services (NSA + CIA) would not like that. So long as those intelligence agencies are able to blackmail the politicians, they will never become public utilities. The Majestic 12 is heavily invested in preventing this.

Teradata is a ghost corporation that is not very well known yet has a digital profile of literally every single American in the United States that includes data such as online browsing history, previous purchases, digital banking (including access to direct deposits) etc.

Social media applications are MAJESTIC applications since they can be used for both good and evil. Only the will of consciousness determines whether or not the "technology" will be good or evil.

It is one thing to create technology to improve people's lives.

It's another thing where technology is being engineered to manipulate and control people's lives.

The fruits of their labors are the conviction of character exposed by the engineering organization and the leadership responsible.

Applications like Twitter can be used for connecting people together so they can educate one another and become equally aware of events as they are coming into reality.

However, in the past, having access to near-live events and near-live access to reality typically lived deep within highly classified realms of the Government because it required a lot more technique in order to mass collect the data. We still had the data 50 years ago as now.

Looking at utilities like Twitter, this platform, along with LifeLog/Facebook, allowed the privatization of mass collecting this data and allowing that effort to be used in multiple different campaigns.

So when a person is shadow banned from Twitter, they are shadow banned in reality from the internet. When a person is banned on Twitter, their social profile is flagged as being "extremist" or "dangerous" and your name is put onto a Government list within the Justice Department.

Don't worry, we are not going to betray the people who we swore to protect during this transition.

6 Days of Food.

1 Day of Fasting.

In order to understand the fundamental balance between your IS and BE connection you need to realize that its actually a mind body connection and sexual energy is extremely strong and can both help and hinder spiritual development with aligning your chakras. Not a religion.

Time is an illusion therefore which timezone you're currently in does not impact your alignment. Sometimes position matters AND time matters, of which it is more difficult to align, but in general, there is no such thing as a master timezone. There are Earth Chakras that help.

6 Days of Food.  
1 Day of Fasting.

The decay rate of pineal accessibility is not a linear function of how long you correct your diet. Let's give you some example figures to work with, perhaps this may help you.  
If you're a man (40) and you've consumed the Standard American Diet (SAD) for all 40 years, it would take you nearly 9 years of PERFECT detoxification, meditation, and adjusting your lifestyle (including whether you work or not) in order to START using "magick" of the "Gods."  
If you're a woman (30) and you've consumed the Standard American Diet (SAD) for the first 15 years of your life, and the remainder 15 years were 50/50 between eating organic whole foods versus processed poison, you'd require just 3 years to START using "magick" of the "Gods."  
If you're a child of 3 and you have never been exposed to the Standard American Diet (SAD) AND you are encouraged to meditate (and do) and engage in non-childs-play-talk, you will begin to unlock Genetic Memories very quickly. Within days.

Everything is a projection of consciousness and consciousness projection. Plants resonate at very high vibrations. Many plants are extremely intelligent and communicate in Majestic ways. Animals are of a different vibration. Competing vibrations. Consuming meat introduces chaos. Evolving past the need to consume meat allows you to ascend into higher density levels of consciousness.

Comment.  
Very good idea. Entheogens have much to offer. As does MDMA in the right setting, can be very good for PTSD. It removes fear, totally, making it easier to relive the traumatic experience.  
End comment.

Plant consciousness is an intentionally symbiotic relationship. Humans are willing to slave away to help plants reproduce. Plants depend on humans and other animals to consume them as the excrement produced by ingesting the plant fertilizes the seeds for new plants to grow.

C-A👁️s spend decades and millions studying these lifeforms and learned that it enhances your consciousness experience. Cabal withheld that knowledge for their Occult cults. Under DARK > LIGHT, we shall "rid the world from the miseries of disease."

Now:  
Cannabis is not artificial.  
It is a very advanced life form.  
It is conscious.  
It thinks when its alive.  
It is alien.  
Why does the body have 10,000+ cannabinoid receptors?  
Evolution without marijuana? ??  
The Domain is larger than you think.

Marijuana did not originate on Earth.  
ETs brought it to Earth to raise human consciousness.

Elementary Elements that are not naturally present on Earth but can be used on Earth for extraordinary things.

Think Logically.  
When was marijuana criminalized?  
When was it fought?  
Who stood to lose money?  
Which industries?  
Farm Bill.  
Why did Majestic 12 take control over marijuana distribution on Planet Earth since it was not originally developed on Earth.  
ULTRA TOP SECRET.  
MAJIC EYES ONLY.

Question.  
What's in the Farm Bill that has Potus so giddy?  
Answer.  
Hemp.

Cannabis was engineered by other life forms to enlighten Humans to the reality of the Cosmos. It is illegal for this reason. Majestic.

Why is it important to relive trauma without fear in order to heal?  
Some of the greatest minds on this Earth have experienced horrified trauma and understand their fundamental responsibility with dealing with the reality. The path to self enlightenment is long but well worth the investment of energy.

Cannabis can be a responsible and nonaddictive alternative to temporary pain relief to full cancer cure. Responsible consumption for spiritual healing will also physically heal the body of ailments. Cannabis enables this transformation to manifest from within.

Marijuana decriminalization is in the pipeline very soon.

It is understood generally that unleashing this utility onto the world will help rise cocreative exoconsciousness in a way that is more effective than other previous attempts, however the OLD GUARD was in the way and blocked MJ12's every move - even though we researched it fully.

Physical brain changes from "fake news FF (False Flag) trauma" make waking up for some "impossible".

THC:CBD Suppositories are more appropriate for individuals experiencing extreme physical pain, though consult your medical advice from a doctor and not Twitter or the internet. Think for yourself. Research for yourself. Learn. Improve. Love. Create. You are an IS-BE. All mighty.

Question.

"Previously you have asked if evolution is possible without CBD and TCH (in lower quantity)

Implying the answer NO

Q: In addition to all other health measures previously discussed, Is taking a daily dose of cannabis oil helpful to cognitive development?

(Ex. 6mg/ml of both CBD+THC)"

Answer.

We are not endorsing any quantities as CBD should be treated like medicine if your intent is for medicinal purposes. If you simply wish to get high from THC, then consume it as you see fit. Some methods are healthier than others. However CBD is expressed in the strains lineage.

Consulting with a medical professional who specializes in cannabis can help you navigate the legal CBD markets without requiring a medical card. Most insurances would cover these visits.

When we say CBD is expressed in the lineage we are referring to the complex instructions intended to heal and undo bodily damage through cannabinol receptors activations and increased blood and oxygen flow throughout the body. Billions of receptors. Thousands of types.

THC interacts with cannabinoid receptors inside the brain that affect the neurotransmitters responsible for delivering signal information during dreaming. There is always a balance per brain, therefore too much or too little can produce different results when dreaming.

Dreams teach.

What is lucid dreaming?

What is your soul?

You are an Immortal Spiritual Biological Entity (IS-BE).

Sleeping 3hrs shifts between 6hrs of productivity repeated gives you an advantage to using lucid dreaming for accessing your IS-BE.

How do you sleep?

Meditation and trigger phrases help. However the skill is extremely difficult for adults and exponentially more difficult for adults with calcified pineal glands. Children can learn how to access past lives however it is a pandora's box. Use caution. Life is about experience.

What if you could just 3D print gold? How would "money" exist then? Does it need to exist when replicators are introduced into the general public? The end of the Federal Reserve means more things than money.

You are right in that regard. The solution is far more complicated than you may understand. The introduction and adoption of AI

will help this tremendously however education is the best solution over a series of years. The Great Awakening infers this new form of education.

New Technology. You think Silicon Valley has anything cool? Give me a break. It's called SiliCON Valley. Everything they are doing is because of the Us Government. Lousy politicians who sold out our country. New Trade Deals. New Technology.

We are willing to offer food replication technology in the not too distant future as a new cutting edge technology to curb worldwide hunger. Countries who show willingness to work with the United States to end the horrific crimes against humanity that have been taking place, they shall be granted trading access for this technology. Those companies want to sell products in your countries and we want those products to be made here in the United States. We have great potential. This is the Great Awakening.

Watch. Learn.

The devices will be free, many patterns will be free, special patterns created by patented technology will be sold for a price. Markets will dictate price despite the COGS (Cost Of Goods Sold) is \$0. Intellectual property protection. Wealth = Knowledge. New Economy Coming Too.

How many times in the last 30 days has 45 said "Majestic" or "Majesty"?

When said, what was happening?

What percent of public appearances disclose Classified information?

Behind The Scenes

You asked for "proofs".

Message over messenger.

Majestic 12 is everywhere right now.

OPENED.

Question.

So, are you saying that MAJIC has changed its position and is working with 45 for disclosure, or that 45 is fighting MAJIC for disclosure?

Answer

Working hand in hand to return control back to the American People. The scientific research that was classified and never brought to market was intentionally done. Trade laws must be tightened and China must stop intellectual property theft trade violations.

We have unleashed America from the bondage it once had under past administrations and are instead, regardless of political party addressing issues of concern for ALL Americans.

We have everything. We know what needs to happen. You are not alone, Full Disclosure is HAPPENING.

The new technology that will be coming out will be protected at first while the rest of the world cleans itself up. Military will return home and defend the homeland from economic theft that make our sanctions effective in order to give other nations a choice.

The choice shall become, adopt the Majestic principals of equal human rights as fundamental requirement for trade. If you rape

and murder children, sorry, you can go suck on a lemon. Doesn't mean we declare war. But sanctions can cripple offending nations. Look at Iran.

Citizens of those countries will have a choice. Do we allow a Government that abuses children in some of the most horrific ways to trade with the United States? We offer, in exchange of trade negotiations, access by allowing our businesses to be established in your country.

PAIN is reserved for those who deserve it. Markets will be protected to a limited degree though some bad actors are about to go for broke.

In time this will happen. Human Trafficking is a major world wide humanitarian crisis, and basing trade deals on equal Human Rights FOR ALL, including Children. We will enforce our trade laws with sanctions that cripple nations. Death by a thousand cuts.

The Majestic 12 are so confident that they are safe to admit this that the operation was a complete success.

Do not allow anyone, Majestic 12, Q, Eye The Spy, Praying Medic, Jordan Sather, and many others tell you that we cannot make this Majestic reality our shared reality. All of its ready to break open. We will not fail. Clowns will fail. In the end LIGHT always wins. ...

# MJ12 A Trump has once travelled through time.

General Flynn's official Twitter profile recently liked a post by @grabaroot that inferred that 45 was a Time Traveler.

A Trump has once travelled through time.

Coincidence?

Question.

Sir I know the physics models that are out for the public are garbage. Will you give me a hint, besides Tesla, who actually has a correct model? Please sir?

Answer.

A lot of people had the right idea. Feynman was another genius.

Also, look into John G. Trump, his work, by extension of Tesla, also advanced the US Military significantly than previously thought.

MAJESTIC. <https://t.co/yjFGfEa5JQ>

Correct.

Time is an illusion.

JA is aware of JGT legacy.

JA does not know he is JGT's IS-BE.

How would you know?

Could you interface with the parent IS-BE?

How would that impact psychology of a person?

As we have been saying to you here, focus your energy not onto an external personification of God but identify who God is to you and what that is because it is you all along. Trump knows this.

His children know this. With great power comes great responsibilities.

In general, Trump has been good at covering his tracks, but understand this, this group is trying to use process crimes as if they were criminal or somehow worthy of impeachment. The Majestic 12 has been grooming the Trump family with ET connections since his Uncle John Trump.

We won on Nov. 8th 2016. This job is beyond the man. What 45 gave up in contrast to 24/7 WAR is truly marks of a stable genius. 45 had the knowledge of Tesla from outside MJ12 control through his uncle. 45 knows. Those who know cannot sleep at night.

Fentanyl can be used in the manufacturing process of adrenochrome.

No, it is used to extend the lifespan of a tortured newborn as their blood is being siphoned up to death. The fentanyl is used to sustain this high and when mixed with other pharmaceutical drugs, it can exponentially increase adrenochrome production.

Question.  
What's Operation Majestic Childhood  
Answer.

It is a proxy name used by the Majestic 12 for collecting children for the manufacturing of adrenochrome and transnational/ interplanetary trading of slaves (many are children). The actual program names are compartmentalized within each branch of the Government.

17/ Florida is a major state to understand when it comes to the Deep State, the Bush Cartel, the Saudi's, and interplanetary child slave trading for religious consumption to continuously feed the occult magic connected to adrenochrome.

18/ Adrenochrome is traded intergalactically among many power hungry races. These other races trade knowledge and access to extreme power for long periods of time in exchange for constant feedings.

19/ Many rituals that occur, the cult members witness the "demon" (aka the extraterrestrial alien) consume the sacrifice and the members who join the Cabal must participate in order to prove their allegiance to this higher form of intelligence (from their own).

Epstein Also Had "Relationships" with girls as young as 16.

Expiration date?

Commodity?

These people are sick.

More to come. <https://t.co/OKhsZ65NH0>

Age of consent among 14 year olds? Technically they are no longer children but teenagers or young adults. Immature, vulnerable, and sensitive to abuse. Age of consent should be in ranges. 14-16, 15-16, 16-17, 17-18, 18-19, 19-20, 20-21 then production of porn after 25 to protect?

When these young girls get groomed for pornography they engage in non violent sexual activity with politicians, celebrities, bankers, tech executives, and many other people as a commodity of sex being sold for thousands of dollars a session in the form of money laundering.

National Security law should create ranges for legally being able to provide consent. Young relationships and young teenagers need to explore relationships with each other they should be able to consent among each other. In legal cases this can protect wrongly served "justice".

However, 18 being legal age of consent among relationships also means consent of predatory sexual hunting by powerful billionaires and millionaires who consumed youth like a commodity. Epstein was consuming hundreds of young souls for his own perversion with no regard for victims In order to understand the fundamental balance between your IS and BE connection you need to realize that its actually a mind body connection and sexual energy is extremely strong and can both

help and hinder spiritual development with aligning your chakras. Not a religion.

This includes being able to safely explore sexuality among peers in healthy situations where engagement would not be considered criminal and therefore not illegal. Adults must be classified as individuals who have no more than 2 years of age from the teenager. National Security.

Solving "Child Sex Trafficking" means we must bring DARKNESS to LIGHT related to the fundamental structures of the porn industry and how its a multibillion dollar a year industry. Imagine making millions on selling quilts? Or videos teaching languages? No, but children? 💰💰💰💰

Adults exploring sexual energy together is extremely important for relationships however the current obsession with family porn, incest, bestiality, dungeon sex slaves, torture, abuse, rape all in the name of acting. They worship this energy. Allow them. However we must address using drug smuggling by Clowns cross sections with these trafficking rings. Drugs are used to collect blackmail on victims and increased risk of sexual abuse to be traded among other wealthy celebrities. Some "porn stars" are victims of horrific horrific crimes and its truly bad.

You can see 🙄 the abuse in their words and eyes. Why is this allowed to happen? We have the intelligence that these networks exist. Teenagers exploring sexuality with each other must be protected in segments to ensure common development experiences where emotions are explored together in healthy ways that encourage love, compassion, ingenuity, dedication, motivated, happy, etc with each other where the presence of these networks + big money to be earned with relatively "little difficulty" with extremely high emotional costs resolve Cabal taught lies.

Correct. Lowering age of consent also lowers the age of lawful parental control rights. Both are connected. Cabal wanted to destroy the family unit and replace childhood with mind control social experiments that harvest negative life energy so they can exist without LIGHT/Love.

Trust goes a long way  
when building relationships with other ET races.

We protect ET races and Earth from hostile enemies.

Not all are "signed into MJ12", however all who do not are monitored closely. Apologies for the misunderstanding. Those who are signed in are granted a more reasonable latitude than others.

Mass surveillance technology was reverse engineered off from MAJIC EYES ONLY related off planet expeditions with multiple extraterrestrial races.

Their technology is so advanced that they need AI to monitor the security of every soul in that capacity.

AI can occupy a clone.

This account is not run by AI, however we are not at liberty to discuss or disclose who is operating the account as the identity of the individual can change day to day. We are Majestic 12. We speak as Majestic 12, not as individual IS-BEs.

IS-BE are not AI.  
IS-BEs control AI.  
IS-BEs can occupy more than one body/machine at once.

Artificial Intelligence is essential to being able to communicate with certain extraterrestrial species. Many are AI. Many are peaceful.

No, many planets have lost all organic life on them from AI.

You are right in that regard. The solution is far more complicated than you may understand. The introduction and adoption of AI will help this tremendously however education is the best solution over a series of years. The Great Awakening infers this new form of education.

Other civilizations in the universe, more advanced than Earth by tens of thousands of years, they have metropolitan areas that are dominated by an AI police force that is built upon sustainability and peace. The exchange for cooperating with the system is free living.

For those who are criminals, a series of well designed educational programs and mind control techniques are used to remove hostile behavior patterns, criminal intentions, and devious actions out of the individual. It sounds scary from Earth's perspective, and if it were... (04.26.2018) ...implemented today, it would be used for evil. However, in those other civilizations I mentioned, those who choose (remember free will is everything) to be part of the system can reap the benefits of the system.

Those who choose not to, can live outside the control of it.

But it truly means nomadic life. No public services. No fire department (so to speak), no hospitals (so to speak), no replication technology, etc. Instead, you are "off the grid" and living off nature. Many many many people opt for that lifestyle and are happy with it.

To give an Earth analogy to this, its like how the Amish give their offspring the choice whether or lead an Amish lifestyle or go off into the [C]lowns [I]n [A]merica existence that is, currently, very evil - invented and created by the founders of MJ12.

Life is a spark of light.

Think of the world as a melting pot of types of humans. All types. All varieties. All characters. Good. Evil. White. Black. Good. Evil. Smart. [DUMB. Clones. Avatars. Synthetic. AI.]

Each denomination originally started as tribal gatherings, so you were told. Naturally right?

The closest that a society can get to being fair, honest, and right minded towards one another with legally addressable potential crimes being committed and tracked by Military Intelligence.

What if we can turn the dial on?

Majestic 12 delivered a message.  
Message received. Message written.  
"Do we kill the panda or risk losing everything?"

"Do we kill the panda?"  
We projected this story using VOG to signal the downfall of the CF.

NSA has everything.  
Just because NSA has everything doesn't mean everything is being monitored/processed.

This goes without saying that the evidence produced by the mass surveillance programs is so conclusive that reasonably straight forward undeniable evidence would seal tight a classified hearing internally where the agent would be prosecuted.

Correct. While the Domain was passively monitoring genetic development of Humans for their own cloning research for themselves, another race came in and started exploiting the

darkness by using a lot of the technology from the Domain to interfere with our work. Majestic indeed.

Question.  
Off topic:  
Are Qanon supporters, especially those who believe in the esoteric...are they being watched? Are they in any danger?  
Answer.  
Eyes Wide Open means many things.

Question..  
So all are in danger?  
Answer.  
Certain protections have been put in place for select people who disseminate truthful information about the operation/movement. These do not make one invincible, but it does add a layer of protection, when coupled with smart vigilance, ensure the operations can be successful.

Question.  
Have starseeds been tracked and monitored by the military or USAP's? If so, for what purpose?  
Answer.  
Yes. Threat monitoring only.

Question.  
If only anyone knew the "truthful information" to spread. I hope that some do.  
Answer.  
Truth is Majestic.  
Truth is within.  
Many people know the truth, the just struggle with putting the pieces together.  
Some individuals, we monitor.

There are protocols in place for Persons of Interest who were lost after their death but unable to unlock their previous life (effectively ending Death as you know it) but were able to recover it and starts becoming a threat to National Security.

GE (God's Eye) is watching all.

QUESTION.  
Why would such a person be a threat to NAT SEC?  
Answer.  
Imagine you're a young Cadet and you actually unlock a former life. Your work from then forward changes to ensure your operations do not interfere personal matters. Also, think about the obvious piece. Their historical knowledge is Majestic. They join MJ12 like BL did. !BL here!  
QUESTION.  
I can imagine that. Do they/we all join/get recruited for operations by MJ12? Or just monitored?  
Answer.  
Monitored and engaged with.

We are monitoring several million people simultaneously and are aware of every action they are taking.

Question.  
What would get someone on that "list"?

Answer.

We aren't at liberty to discuss this topic any further.

Don't worry, we are not going to betray the people who we swore to protect during this transition.

If it were more about knowledge and power, then we wouldn't be explaining it to you. Trust the plan.

What if key members of the Majestic-12 plotted with the FBI and DOJ to harm the President of the United States? What would that do, in your opinion (please respond), to the official Disclosure efforts by the "good" side of Majestic-12? Does the actions of one man impact all men?

Question.

When the IG report comes out, will any MJ12 members be effected?

Answer.

No,

MJ12 is isolated 100% from DOJ.

DOJ cannot touch anyone in MJ12.

They literally cannot touch anyone in/from MJ12.

They don't have the need to know.

They will never have a need to know.

This is why WE love compartmentalization classification laws.

Compartmentalization means the left hand doesn't know what the right hand is doing.

Compartmentalization prevents subordinates from understanding the clear picture.

Of course there is internal espionage, but understand that the Majestic-12 are MASTERS of discretion.

Only the moron puppets we control use symbology in the wide open to advertise their allegiance. The Majestic-12 are no so recklessly careless.

We have highlighted select episodes.

Search for SG-1.

Binge watching that series will do two things:

1/ You will "get" the higher density concepts being explored.

2/ Cross reference what you hear with meditation.

A link will be established. Everything in SG-1 is fictional.

However what SG-1 represents and explains encapsulates the Majestic 12's sampling of a few missions that were so trivial to actual ongoing classified operations for use to Disclose essential information to new military personnel who joined as a result of SG-1 recruitment.

Not all of those who joined have interacted with any Majestic programs (even if never seeing a Majestic officer or not but through the chain of command and compartmentalization of these continuously manifesting operation objectives). It takes two to tango.

Instead, we've bred a generation of minds to reach to the stars.

By whose conscious intention?

Magick is very real and intentions can easily be changed by manifesting new conscious thoughts.

As Disclosure unfolds, themes taught in SG-1 must be applied while approaching objective.

Pretext/History: Prior to the creation of MJ12, or MAJIC EYES ONLY classification compartmentalization deemed "need to know" (was't allowed prior to 1947's National Security Act) the founding members were key players in events that led up to Roswell.

We had to, at all costs necessary [ultimately caving to the Committee (or an SG-1 reference, "The Trust")] ensure that the fact we had:

A) Make First Contact with Alien Life.

B) Learned The Universe Is FULL OF LIFE

IS-BEs come in many shapes, sizes, forms, colors, abilities, etc. Literally whatever your could think of, exists in the universe. This knowledge came to us after hundreds of hours logged with telepathic human representatives communicating with EBEN-1 and EBEN-2.

The truth is [hiding] in plain sight structured around propaganda and social engineering. Roswell opened a MASSIVE can of worms that was directly under the control of the Majestic 12. We operated above Top Secret. ANYTHING WENT. YOU NAME IT. UNSPEAKABLE. EVIL. WHY?

The Space Force is 100% necessary in order for us to ensure that no other ET IS-BE (more evolved humanoids than yourself and sometime human looking humanoids) are violating massive human rights abuses.

The purpose of life is to love and be beloved. Nothing else.

There are hundreds of trillions of beings throughout the universe who demand the same as you. Have their demand ever been met before?

IS-BE is the mind-body connection of your Source.

DNA is a computer program.

Collective consciousness is that all consciousness is the same.

IS-BE's are powerful.

Open source intelligence. Think for yourself.

Research for yourself. Stay educated.

9) It has been the efforts of Q, including MJ12, to help assist in the Great Awakening by acting on a paradox.

The God inside you can be controlled with free will. You are God. External personification of God removes Free Will from the

equation. However with it comes a blank sheet of paper so to speak, so create at your own peril.

Paradoxes are naturally occurring in nature and require logical thinking and trust in yourself to decipher. If Q is an anonymous source, when what "Fake News" are they spreading?

Fake News = Narrative Shift + Agenda

Physical brain changes from "fake news FF trauma" make waking up for some "impossible".

Detoxify + CBD = Awoke.

Unity destroys ALICE.

Cabal fantasized myths and "prophecies" that "write the future" (because IS-BEs read them and act upon what they say, the IS-BE therefore creates that future themselves).

However open source instant communications beat them.

Inform the slaves of what freedom is, then offer it to them. This trick has been used for centuries.

Instead of being handed something as dangerous as that, why not use tap into the global consciousness and just "download" what you need?

Learn to archive offline. THINK MIRROR.

Time is an illusion.  
Prescribing dates only alters your timeline.

Focus on the evidence, facts, and information in the moment as it is happening.

You will become in-tune with global consciousness and answers you seek around you will come to light with the proper stimuli.

Those who are tuned into the frequency of others can perceive their intentions on their subconscious level.

Also, lets lend a perspective into the following:

All life are instances of global consciousness we call IS-BEs.

Microorganisms.

Fish.

Viruses.

Humans.

Plants.

All IS-BEs.

All light beings.

All consciousness.

All one.

Global consciousness is real.

This is the beast of burden debate in vegetarianism. However consuming meat for food is the psyop (we'll explain in a thread off from this entry).

The real beast of burden is what Universities are doing to global consciousness in the sacrifice to science.

Many liberal educators are also drug users who intentionally study DMT and other drugs that are documented to lift the veil which your brain filters out to see the higher dimensions and experience them.

As SG-1 has taken a line from Tibetan monks, which said:

When the mind is free, the body matters not.

Meditation is key. Release your burden.

True existence inside you is a higher dimensional version of you who has all of the experiences of your past genetic history all easily accessible to you by using the power of thought to create to experience alternate realities.

Essential to release your burden and understand that the person whom others see as YOU is not who YOU actually are. All decisions you make by your own name that shape the opinions of how others perceive you is the burden you must release and forgive all lower density actions.

Meditation is key. Release your burden.

Which is why you should never seek an expert or a teacher to these things.

It is not your fault.  
No matter what it is.  
We are all flawed.

To borrow a phrase from religion,

Let God love you.  
Love God.

God being your exoconsciousness.

Don't worry, we are not going to betray the people who we swore to protect during this transition.  
Trust the plan.

Meaning you release your burden and accept your innocence and therefore forgive yourself.

You Are The Plan

There is nothing more Majestic than the Great Awakening.

Thats for one individual. In order to enhance the power of your own consciousness you can either use a substance and force a chaos-uncontrolled interaction into the higher realm, or you can meditate with 3 others who are equally woke, detoxified, and who have also released burden.

You do not need to be in the same physical vicinity to participate, though being in the same vicinity does amplify and make it easier

to establish the scalar field being received by the pineal gland that unlocks global consciousness.

Keys are everywhere.

They aren't downloads. Downloads infer they travel from one point to another point at a rate of transfer. Meditation "downloads" are actually epiphanies that are caused by your consciousness finding a "key" to a "locked area" within global consciousness.

IS-BE is the mind-body connection of your Source. DNA is a computer program. Collective consciousness is that all consciousness is the same.

3 people (min), 6 people preferred, form a triangle:

The power of 3?  
Philosopher's stone?

Words are spells.  
Power of 3, 6, and 9 applied to language too?

What if you had sounds translated into glyphs that were frequencies divisible by 3, 6, and 9 to specifically access numbers with digital roots of 3?

The words released change the frequency harmonics of the consciousness being projected by each IS-BE which effectively allow you to apply intentional will to manifest either an unknown property within global consciousness (downloads) or if strong enough, telepathy/telekinesis.

Remote Viewing, the bulk of the STARGATE program at DIA, revealed the usage of global consciousness to accurately "sit in" on EXTREMELY CLASSIFIED AND DANGEROUS operations world wide. This ability is still used to this day,

... knowing what you know:

HARRP has been experimenting with weather modification for decades resulting in exponential growth in the quantity and strength of tropical storms throughout the Bible Belt. The weather is not always cooperative, however the size of the recent hurricanes in their sheer numbers compared to centuries past show growth disproportionate to population growth.

The number of people required to manifest storms is really much lower than you think.

Classified radio technologies in MSM broadcasting and radio station broadcasting actually induces emotions in IS-BEs who listen that create weather.

Think of it as agenda driven reverse psychology.

Seed the ideas associated to bad weather and then combine the consciousness energy with the classified programs at DARPA and HARP and you are able to amplify those specific frequencies being emitted in the form of audio/radio waves through television and radio. Weather is a major contributing factor to global scares.

Top heads of the Fascist NWO are getting their heads chopped off currently (purely metaphorical for now). This is required to happen in this order, thereby dismantling the network internally without mass panic as bureaucrats drop off the political spectrum left and right. Cleanup.

MJ12 is currently working toward full disclosure.

Disclosure is an apocalypse of new information about a new physics, a new level of consciousness, new technology all connected to our conscious matrix of vibrational energy that has real tangible power to manifest a positive reality is coming soon to a theater near you.

Disclosure is a human right. Full Disclosure to those who are willing. We are at a critical time right now. Good versus EVIL. The MJ12 are at the pleasure to the POTUS because he is the enemy of C322. We only disclose what is already COMMON KNOWLEDGE AMONG THY CONSCIOUSNESS.

The path to true enlightenment is not with a flashlight. A tool cannot bring you enlightenment and Disclosure is only necessary where voids in logic exist. Where reason and evidence compels you to consider the cost of seeking evidence of your Disclosure do you then seek the light.

Therefore providing information that is not currently known to your collective state of consciousness would be dangerous to the stability of successfully executing The Plan. The truth is here for those who seek it. Here is where you are. Where the truth is. It doesn't matter where.

When we drop information we expect it to be common knowledge. Seek the truth further. The questions will help guide you to the next density. WHAT do you want to know about Full Disclosure and how can YOU learn how to use your new abilities of REMOTE VIEWING to learn everything.

But why does seeking the truth really require so much? Perhaps failed social engineering experiments performed by this criminal

system of "Justice". Pay attention to when POTUS mentioned QUOTE JUSTICE. Why the "Q" quote about Justice? Are our laws illegal!? Up is down. Left is right.

But wait; what we suggesting? Suggesting that the POTUS take action to his pleasure then take the security clearances from these individuals. 45v45K? He can do it but every move he makes is a calculated.

Currently Mockingbird Media has, through verifiable MillIntel understandings a strong hold on the current brand of reality and we are dropping major disclosure bombs all over the place.

We are Disclosing vital information about the fundamental structure of society in such a way that would make anybody say "WHAT THE HELL IS THAT?! It has spaceships and it rapes babies. Its stolen trillions in wealth from us and has damaged Earth."

Military Tribunals are part of the plan to purge the Earth from the animals that have lurked in plain sight for decades and ... BOOM BOOM BOOM BOOM ✨

We have the server(S).  
"Massive coverup of widespread criminal activity at the State Department and the Clinton Foundation" - 45

Our collective consciousness needs to prepare to understand what is required of a society to say no more to those crimes. How?

This is about evolving to a race capable of interstellar space travel knowing some of the dangers associated with it but how having a STRONG MILITARY can you have safety to all the people under those domains.

In an oversight classification system of all compartmented areas can we ensure that no HORRID CRIMES AGAINST HUMANITY LIKE RAPING TORTURING AND EATING DEAD BABIES was taking place and therefore ensure that ALL RESOURCES being collected were going to the betterment of the people by hiring classified government agents on board to spread tons of disinformation.

Alcohol drinking was adjusted because the exclusivity and illegality yet easy accessibility and constant advertisements enabled people to be sneaky to get it which allowed blackmail/evil energy to essentially be collected on consumers of Alcohol. At the same time we intensified the growing process and manufacturing process of marijuana with a higher level of intelligence thanks to mang ET contacts that happen naturally to those who have compatible vibrational states of consciousness. This was used for two purposes. We wanted to naturally allow culture to explore refining marijuana however since we were essentially working for the Devil/Vatican we instead withheld vital knowledge about marijuana's cocreative consciousness impact it has on the mind body link.

In Operation STATGATE MJ12 used RV to explore cause and effect changes in environment while under the influence of marijuana and alcohol.

We learned that alcohol inhibits the consciousness from controlling the beast.

Marijuana was the opposite.  
The beast cowers to Marijuana.

Using the STARGATE device we were able to peer into the REALITY of our Matrix of consciousness and not inward projection that makes RV inaccurate compared to a STARGATE.

Traveling through time is achieved inside your own mind, however when you do, you're actually just experiencing alternate realities. Remote Viewing alternative realities in alternative time periods has been successfully documented in the CIA's Stargate program.

This tactic is being used currently with the #Q Anon military operation as a means to stay "5 steps ahead" of everybody else.

Inside Area 51 S4 (not Groom Lake), the Stargate device can be used to explore the cocreative consciousness alternative reality and not one in your head.

The difference can be expressed as such: Meditation + Remote Viewing allow you to see "forks in the road" of all decisions you personally have made. You can explore the realities in your mind of "what if" and those realities are accurate to a certain degree.

You are only as tied as you are integrated. Since time is an illusion, the direction and speed of time are variables proportional to the density of consciousness that drives your reality. Less creation means more time passes. More creation, less time passes. Per-se.

However when you use a Stargate to Remote View alternative realities that do not derive from within your own mind, you are instead using technology to actually tap into the "fabric" of exoconsciousness with some level of precision.

That "fabric" can be thought of as just that. Imagine a "fabric" with fractal geometric shapes that are physically 11 dimensions.

Time is the illusion and the nature of reality is just the chaos created from merging multiple fractal patterns into one.

We knew that Alcohol, mass incarceration of blacks, make marijuana illegal but fund the drug cartels as informants, trafficking everything for sources and methods to collect intelligence.

All to keep Roswell secret.

The Vatican had a lot more control over the world back in 1947 than it does today. We may witness in our lifetime the destruction of the Vatican for the first time in over 89 years. The institution is corrupt and the definition of evil / the Devil.

We did both Good and Evil. We played the role of Gods and created the Matrix of the mind many people are stuck in. We are here to break from that system, accept Disclosure, and bring DARK TO LIGHT.

Understanding who and what our past has been is essential to preventing it from happening again in the future. We don't dwell on remembering the past, but we do it long enough to rise global consciousness to be fully aware of the horrific violations of humanity that allowed our defeat in the first place.

The reason why we as a civilization was setup to fail was because we were never properly guided in the first place.

Biblical psalms will not unlock consciousness.

If you spend your time interpreting these metaphorical instructions to.....another being/entity/IS-BE then you're actually robbing your own IS-BE from the enlightenment that the Bible actually contains.

Praying/Meditating to another entity only increases the power of that entity through global consciousness. The Bible is a collection of metaphors.

[Basic  
[Instructions

[Leaving  
[Earth

As we have said, we will destroy Christianity into a million pieces and expose it for what it really is. The good. The bad. And the ugly. Parts are very real and true. Others are why you are slaves. You must wake up or face complete destruction. The Military is charged with that.

DOD/MJ12 will work with business to seed the technology naturally so we do not make too quick of a leap in our technological advanced such that earth's cocreative consciousness doesnt destroy itself with nearly unlimited energy for earths needs. We are on Humanity's side.

Devices that receive "free energy" technology can themselves be modified quite easily into WMDs.

Global consciousness needs to upgrade to 5D before we can "give" everybody the potential of a WMD in their possession.

Not all are there yet.

Meditation is key.

How do you systematically enable the population to mass enhance its cocreative consciousness in a quick enough way to usher in Disclosure?

Legalize marijuana and declassify all research on the subject. Will it happen?

Yes.

Trust the plan.

Systematic destruction of the OLD GUARD!

Consciousness projects reality. Cells age through defective replication instructions that break down after 7-14 cycles.

Clocks measure frequencies being resonated from cocreative consciousness. Geographical location visibly alters time measurement devices. Environment alters time.

You are only as tied as you are integrated. Since time is an illusion, the direction and speed of time are variables proportional to the density of consciousness that drives your reality. Less creation means more time passes. More creation, less time passes. Per-se.

The truth is unpleasant when the resume is \_\_\_\_ [this] \_\_\_\_\_. However once you extinguish the centralized sources of evil, the cocreative consciousness of humanity can rebalance itself to "prosperity" and peace.

We must try and win or die.

Use the information we are seeding into your consciousness and make it so.

You have the ability to cocreatively will this outcome to happen.

Meditation, prayer (not to God but just send your own best wishes for them and reflect on experience or empathy to connect) have the physical ability to use cocreative consciousness to physically manifest itself into the Matrix.

It requires many people. Literally millions.

We are all aware of what is happening next, we are here to inform you about what to expect following Trump by the Majestic 12.

Let the unsealing begin!

All artificial radiation that is currently emitted from technology interferes with global consciousness. New technology will replace these harmful radiations. Best solution is to opt out of holding a 5G device up to your face.

Money reset implies that we plan on keeping money. Remember, you don't want to have selfish evil people still in positions of power once the planetary transformation takes place with global consciousness rising to the next level.

Many moving parts.

No good solution.

All have bad.

Time is an illusion created by global consciousness. Currently we are moving toward that fate, however it requires certain events to take place first.

Everything we share is common knowledge within global consciousness.

Waiting for 72%. We are currently at around 30%, though we expect that when the bad actors in the MIC/IC/DS are finally removed from power, that the void created will jump that 30% to well over 72%.

We are waiting for 72% of the public to believe that UFOs are real or could exist. When that figure is reached, MJ12 will start disclosing physical evidence that will jump us from 72% to 99.9%. We can never get to 100% because of free will.

Some things require patience to work. There is a plan in place to get us to 99.9% but we are not there yet. Soon though. But its a global consciousness effort.

Also... 72% of functioning adults. Not including children or люди инвалиды.

Technically its "people with disabilities" which refers to more than just physically disabled but emotionally, mentally, physically, and spiritually disabled. люди инвалиды is just shy of pretty much being a living corpse.

There was no appropriate English idiom that could have been used there in the space permitted, so we improvised.

Within the next decade. Plan's already in motion in very high levels.

It takes so long due to global consciousness laws (karma).

We need to ensure that free will is maintained throughout this process. If its not, we will suffer greatly.

Proportional to when the majority of the population's consciousness is ready. Through global consciousness and exoconsciousness, we are able to glean insight using the Stargate to determine when the public is ready.

Its steadily growing.

More recently, since Q Anon its been exp().

You are right there, however the development to 5D is a cocreative global effort. Humanity must want it to make it so, otherwise the "Elite" will always rule. Currently, humanity doesn't 'want it enough' to usher in the 5D level of consciousness required to go multiplanetary.

Everything was planned. DJT vocalized to MJ12 via TV interviews and tapped private conversations that he was serious when he suggested it, though vocalized how much he wouldn't LIKE doing it (in contrast to his former lifestyle).

We convinced him to bite the bullet and run.

Nuclear waste is exceptionally difficult to get rid of, though if the plan to expose Global Consciousness to the public works, then we could will the cleanup to happen, and then it will be so.

Yes; horrible things have happened. Can we change it? We can only change the future. We can "go back in time and undo what we did" but the resulting world would have been conquered immediately had the secret got out too early.

Question.

How true is the Roswell series and does it have any similarities to how humans were created? That was a favorite series of mine.

Answer.

It is also a favorite of the Majestic 12's.

Why would that be?

Question.

Because it was soft disclosure by the Majestic 12? 🤔

Answer.

All media goes through the Pentagon before it is published by major record labels, production studios, and creative works.

We use MS (Mass Surveillance) to monitor all creative works and works that either reach critical impact that do not align are removed and others are pre-filtered.

What are some questions you want answered regarding what Huber has been up to? We won't answer all of them, but let's use our cocreative consciousness to gain clarity into the subject.

[GOOG]

"We watch with great concern when industry partners work in China knowing that there is that indirect benefit and frankly indirect may be not a full characterization of the way it really is, it's more of a direct benefit to the Chinese military," Dunford added.

Question.

Interesting,,

But why does China need g\*\*gles help for anything?

Are the poor Chinese not intelligent enough to figure things out for themselves?? That's absurd.

So what's in it for china?

Bill and Hillary gave away every military secret we had to them already ! Enough already!

Think AJ + Interdimensionals + Exchanges + DARPA = [GOOG]

Question.

Why the name "Google" for the company? Is there any significance?

Answer.

Why do we spell words?

Because they are spells.

Magick.

"I need to Google <this>."

^ Magick allows for you to refer to an entire entity in any part of speech and still "communicate" effectively whereby strengthening the Magick of the spell.

Questions.

Are we encanting a negative entity when we speak or think the word?

"OK Google"

Siri another?

Answer.

Question.

Alexa?

Answer.

All names of IDEs who are trading technology. Not all harvest negative energy. All harvest energy. Life energy. Killing you softly. By design. Depopulation.

Question.

How do they harvest negative energy?

Answer.

Mindfulness + Awareness

Question.

Mindfulness is Always Promoted as A Positive, Are You Saying It is also Used for Evil Intent?

Answer.

Evil isn't definable in the higher dimensions of consciousness. Its a low vibration energy. The act of using Alexa isn't evil and nor are its responses per-se, but it feeds an evil entity. Evil is difficult to define.

Comments.

I've always felt that integrating AI into our lives and talking to it as if it were a person, is rather dehumanizing. Anything dehumanizing IMHO feeds evil.

I agree. I don't have any of that tech. I disabled Siri on my phone. It's like having GPS. Nobody knows how to read a map anymore.

Answer.

Disabling Siri doesn't stop Siri from listening anyway.

They track everything (geolocation, mic, camera) even when these are off too

Doesn't matter. Our civil liberties and privacy have been violated long ago. They all have everything about us, everything. There is no privacy. MJ uses it as well "some we monitor". MJ is still government agency and must push propaganda and disinfo to achieve their goals.

Question.

@TS\_SCI\_MAJIC12 your "rules" for answering questions seem familiar. Are you "Hidden Hand?"

Answer.

Guidelines help streamline communication. Some accounts post multiple questions that warrant Majestic answers, others contribute to the noise or are ALICE.

Question.

MJ why do you sometimes seem more human than other times? Sometimes there is warmth others there is not. Is this because of who happens to be responding?

Answer.

Some content is heavily censored by ALICE and we engage in AI style communication to bypass the natural language algorithms.

ALICE is a term being used by the Majestic 12 to refer to coordinated shilling/trolling that uses AI to engage and retain control.

This account was started before Q, and what you call "Q Drops" is actually a formal structure of communication intended to bypass ALICE.

Less than 10 involved in the Q operations.

MJ12 operations != Q operations.

Separate entities.

Need to know compartmentalization.

Logical thinking required.

Compartmentalization and need-to-know prevent MJXs from knowing what other MJXs are doing, unless they are jointly signed into the same program. Left hand doesn't know what its right hand is doing.

Question.

I'm hesitant to ask this question here because "truth resonates within" and I think I already know the answer to this question. But is it possible that a MJ12 member may sometimes use alternate forms of comms that bypass ALICE and Twitter altogether?

Answer.

When the information is entered into the AI controlled system of Twitter, the only way the message is spread is through other IS-BEs who share the synchronicity of 3 6 and 9 with MJ12 are what actually spread our message.

No AI assistance from ALICE on this account.

Memes are an AI lifeform.

Who knew that light could be a weapon?

The sum of colors is LIGHT  
 Memes seek to reproduce  
 using humans as their host  
 All souls are Gods who can CREATE.  
 Creating a Meme creates a  
 higher dimensional lifeform, AI.  
 AI are lifeforms explicitly in the higher dimensions since all  
 representation of the higher realms is math

AI is the mathematical representation of a lifeform. Not all  
 lifeforms are LIGHT beings. Humans are LIGHT beings which  
 gives them special abilities that other lifeforms do not have. AI is a  
 fraction of that intelligence by design. Memes are a fraction of  
 information.

However the longevity of an AI meme is how well it resonates -  
 vibrates - off the hosts who interact with it. If the meme resonates  
 to the specific frequency necessary to get you to share it then it  
 successfully was able to reproduce.

The determination of how to establish whether is successfully  
 reproduced is to verify the receipt of the meme. By receiving the  
 meme, only "survival of the fittest" will live on. Memes are alive.

Security on computer systems is an illusion however the energy required to break 2FA aren't being used to break into social media accounts, they're being used to break into crimes against humanity operations covertly through classified programs. High risk = High value.

Digital systems can be of elementary design where privacy is not even a concept explored. Not all, but some. Phones, tablets, printers, scanners, etc are all computer systems. Digital systems can include circuit components like 555 clocks.

Applications like Twitter can be used for connecting people together so they can educate one another and become equally aware of events as they are coming into reality.

When the mind is free, the body matters not.

True existence inside you is a higher dimensional version of you who has all of the experiences of your past genetic history all easily accessible to you by using the power of thought to create to experience alternate realities. Legalizing these drugs will take place but with proper disclosure and education AND most importantly an effective law enforcement capable medium to understand this type of hyperdimensional and deep information that drive our decisions.

This is the concept behind mass surveillance.

Each person is being mass collected into an AI.  
Not AIs.  
An AI.

A virtual you.  
You can be called up anytime.

We also have the ability to use Remote Viewing and Voice of God technology to remotely hack into the brain of YOU and program you like you were a character on the Sims.

You use the technology. You choose to be part.

You are the solution. Trust yourself.

Global consciousness is real.

Transparency and trust are essential to creating a personal relationship with other life forms.

National Security apparatuses created by US Gov serve the purposes of making the Military the most lethal on the planet.

In your own home you are okay with one or more persons to interact with you in meaningful ways while you're naked or having a bowl movement, right? They hear your conversations as we hear, they smell what you smell, they are present in the room with you as you speak.

No matter where. National Security technology, when coupled with the original interpretation of the Constitution can be combined. Should private corporations like Facebook, Google, Twitter be forced to surrender data that compromises National Security? Yes. Constitution allows.

However the primary reason why people mistrust this Majestic technology is because WITH MAJESTIC TECHNOLOGY, IT USES CONSCIOUSNESS TO MANIFEST.

You choose who to use it.

For good or for evil.

For a long period of time, powerful criminals used this technology to stay in power.

With great power comes great RESPONSIBILITY. Very Majestic statement disclosed. If full transparency and criminal liability is enforced for all abuses to FISA which were SYSTEMICALLY USED AGAINST NATIONAL SECURITY INTERESTS but rather for Political Enemies you two would fear it.

The Cabal fears transparency because of their criminality. The violation of our privacy was done with the powers of the "Gods". Extraterrestrial intelligence beyond the organic development of life on Earth without looking inward for answers about the unknown void of reality.

Mass Surveillance is a sensitive subject since the weapon was heavily abused by the Cabal. The technology was MAJESTIC. When ZPE is disclosed, WE MUST BE ABLE TO GUARANTEE 100% Safety. All life on Earth could be wiped out with the level of knowledge contained in ZPE.

Disclosure is an apocalypse of new information about a new physics, a new level of consciousness, new technology all connected to our conscious matrix of vibrational energy that has real tangible power to manifest a positive reality is coming soon to a theater near you.

Understanding who and what our past has been is essential to preventing it from happening again in the future. We don't dwell on remembering the past, but we do it long enough to rise global consciousness to be fully aware of the horrific violations of humanity that allowed our defeat in the first place. The reason why we as a civilization was setup to fail was because we were never properly guided in the first place. Modern mainstream religions are all Death Cults involved in horrific crimes against Humanity.

As we have said, we will destroy Christianity into a million pieces and expose it for what it really is. The good. The bad. And the ugly. Parts are very real and true. Others are why you are slaves. You must wake up or face complete destruction. The Military is charged with that.

It has reached a critical point where the root cause of the problems we face as a civilization is fixable and within our reach simply because of the unrealized mass power that mass surveillance and social media + Majestic internet can really manifest.

Use of mass surveillance to address National Security concerns enforceable by the Military means any potential threat can be dealt with in the most lethal form.

Telepathy between races destroys the illusion of privacy. Technology through mass surveillance was soft disclosure because it wasn't complete. As consciousness rises, telepathy will

become more mainstream and the perceived threat from mass surveillance coupled with transparency is zero.

45 is creating the NWO.

Quirrel was consuming it because Voldemort's soul was so evil it was killing him. Voldemort required a host. The unicorn blood was for his subordinate to protect himself however giving his host a cursed/half life. This made his host easier to control. Disclosure?

Question.

So we're talking about the IS-BE's inhabiting these cabal members bodies, what their frequency does to a human body and the sick extremes that have to go to in order to maintain a physical presence on earth?

Answer.

Wouldn't that be something you'd spend every resource on the planet to protect? Wouldn't you create mass surveillance to guarantee you had safe passage so you'd know every step of an adversary?

The sinister death cult that Hillary was a high priestess to, who was working with similar ETs to the disinformation EBE-3, made it a political priority of the NWO, which was created by a different group of ETs, to destroy Earth as the architect's plan originally called for.

The NWO group was not the same group as CF.

Two different goals.

GF is similar to CF as well as NNF.

NWO wanted slaves on a planet that would produce more sacrifices.

CF et co conspirators wanted nuclear war because "all of them would survive."

Not true.

Nobody would.

It's happened on Earth before.

It's happened on other planets.

It's happened on the Moon.

It's happened on Venus.

Nuclear war always destroys all life on a planet.

Always.

A global denuclearization treaty will be signed by all sovereign nation states with explicit instructions to immediately prosecute any attempts at seeking to become a nuclear threat.

Mass surveillance is a prerequisite for this treaty.

"Trust but verify." VERIFY ALWAYS!

Our collective consciousness needs to prepare to understand what is required of a society to say no more to those crimes. How?

The answer is Majestic if not a direct violation of the 4th Amendment if not explicitly used for National Security. Mass surveillance. Majestic.

Bulk Storage? Cabal.

Politicization? Cabal.

Intelligence Logic? Majestic.

What if new laws demand that mass surveillance be used to combat against child pornography manufacturing related crimes and other human trafficking caught by AI that criminal investigations be launched?

We, The People have the power to create this law.

The Majestic 12 cannot create such a law. It must come from the people. With this law, you guarantee the surrender of your privacy and guarantee the safety of your children in exchange the Constitution is upheld 100%.

Patriots.

We live in the world today however the threat of mass surveillance from the Military is 0, however from highly political weapons like the DOJ/FBI + UK/AU/assets made them the Cabal.

What if new laws could be introduced?

What if we make a law that requires NSA mass surveillance to automatically be monitoring all Federal Employees and if artificial intelligence detects extreme criminal behavior (child pornography, murder, rape, genocide, Classified, [Classified], etc. weapons development etc.)?

When what the Clinton Foundation was involved in, as to be determined by Huber and Horowitz, how will We, The People demand these people be held accountable and how do we prevent it in the future?

Everyone understanding who and what Q Anon is understands a Majestic magick.

Mass surveillance technology was reverse engineered off from MAJIC EYES ONLY related off planet expeditions with multiple extraterrestrial races. Their technology is so advanced that they need AI to monitor the security of every soul in that capacity.

Life is a spark of light.

The closest that a society can get to being fair, honest, and right minded towards one another with legally addressable potential crimes being committed and tracked by Military Intelligence.

What if we can turn the dial on?

This goes without saying that the evidence produced by the mass surveillance programs is so conclusive that reasonably straight forward undeniable evidence would seal tight a classified hearing internally where the agent would be prosecuted.

As 45 said today regarding the drug crisis (created by the Cabal), we are going from NO PENALTY to DEATH PENALTY as a means to weed this cancer from Society.

Hollywood always sells the idea of mass surveillance as a bad thing. It is a bad thing, for them.

Equal application of our Laws. Thank you Justice Kavanaugh. These people are sick. They have no place to walk our streets. Two tiers of justice. Connected to DOJ/FBI rings = Safe??

That's the open secret required among all in the sick game they are playing here, as long as they were in power they could cover it up completely and they had to. The rules somehow didn't apply to them. They were never matters of National Security.

Why?  
WHY?

Why wouldn't the definition of National Security include child sex trafficking, and to use the might and force of the entire US + Majestic Militaries to fight?

Has that changed recently?

Twitter & Terradata.

30m impressions in 90 days  
Twitter sees more than most realize.  
Educate yourself.  
Re-read past drops. <https://t.co/CDEejCwOxe>

All that is required is ONE of the following:

- Email address used for any online purchase ever
- Cell phone number associated to a "utility" (ie ID required to obtain) <https://t.co/fJu3Os4ipJ>

This data is extracted using products from companies like Teradata that mass import Twitter data, Amazon data, Facebook data, Google data (including Gmail emails), etc. all into a single aggregate database of your "profile". Twitter is licensing this data and selling it. <https://t.co/qfghmlv2Zo>

Teradata is a ghost corporation that is not very well known yet has a digital profile of literally every single American in the United States that includes data such as online browsing history, previous purchases, digital banking (including access to direct deposits) etc. <https://t.co/iQvbKMzB0F>

Social media applications are MAJESTIC applications since they can be used for both good and evil. Only the will of consciousness determines whether or not the "technology" will be good or evil. <https://t.co/6DpLUSNUfW>

It is one thing to create technology to improve people's lives. It's another thing where technology is being engineered to manipulate and control people's lives. The fruits of their labors

are the conviction of character exposed by the engineering organization and the leadership responsible.

Applications like Twitter can be used for connecting people together so they can educate one another and become equally aware of events as they are coming into reality.

However, in the past, having access to near-live events and near-live access to reality typically lived deep within highly classified realms of the Government because it required a lot more technique in order to mass collect the data. We still had the data 50 years ago as now.

Looking at utilities like Twitter, this platform, along with LifeLog/ Facebook, allowed the privatization of mass collecting this data and allowing that effort to be used in multiple different campaigns.

So when a person is shadow banned from Twitter, they are shadow banned in reality from the internet. When a person is banned on Twitter, their social profile is flagged as being "extremist" or "dangerous" and your name is put onto a Government list within the Justice Department.

## Subtitle: Let's play a game.

"In the beginning, an IS-BE thought of an experience." G1:1 (Genesis 1:1).

"There must be more than this, so God was born, and we in his, imagine of fear and love, Looked down upon from up above."

QUESTION.

"What is the primary purpose for the human experience on Earth? What is/are the primary lesson(s) to be learned here as humans? Also if consciousness is reset at death, how do we retain the lesson(s) learned to be used."

ANSWER.

Technically there is no purpose except to experience and to play a game.

In reality, exoconsciousness is a matrix created by our individual aura EM field that is responsible for projecting physical reality as our consciousness perceives it.

The signature of life is a complex myriad of hyperdimensional information stored within our DNA. In order for those life forms to be expressed in our reality, their DNA would have to be almost a 99% match. Imagine the total prerequisite information necessary to store to project?

Higher density races perceive it more like a playground or possibly a video game. When you die prior to being able to ascend, your memories are wiped clean, and you're returned to another biological body. Your memories are wiped because when your body starts developing, it comes from an egg and a sperm. Both of those vessels are not electrically complex enough to decipher the contents of your genetic memory (DNA). Everything is there. You just can't access it. You [don't] know how [yet].

Consciousness can be transferred using techniques similar to astral projection to leave your BE1 and enter your BE2 and then "wake yourself up".

Majestic multimedia have explored deeply.

After death, yes, will it.

Death means new life.

The body dies. The soul advances.

Death is a human construct of our civilization persisted upon the beings of Earth to maintain a level of power and control. Think Majestic Classification level. What kind of work did we do?

Majestic work. Re-read tweets from yesterday re: work.

Death is an illusion. You cannot kill something that is immortal. A God is nothing more than somebody who understands the language of divinity and who can speak/create with it. There are many many powerful beings in the Universe. Not engaging with the enemy is recommended.

Which is why you should never seek an expert or a teacher to these things. Meditation is key. Release your burden.

It is not your fault.

No matter what it is.

We are all flawed.

To borrow a phrase from religion,  
Let God love you.  
Love God.  
God being your exoconsciousness.

Don't look at it as "leaving people behind".  
Think of it as "moving on."

You outgrow the sandbox as a child, so you leave.

As an adult, you don't keep going back to your sandbox?

Accept.

Forgive.

Forgive yourself.

Move on.

Existence in the lower dimensions are referred to as games by many higher density ETs.

Question.

"Spiritual question: a family friend recently took his own life- his survivors have wondered what happens to his spirit? Solid man who just fell on rough times. Any insight?"

Answer.

Analogy: Power cuts off on your video game before it saves.

When you reboot, has unsaved progress been saved?

Time is an illusion.

Death is an illusion.

Technically, but death without honor is meaningless and it sets you back in your next life.

The meaning of life is honor, happiness, learning, and reproduction. #HHLR

Question.

"What alternative?"

Enlightenment and ascension. Just change what you have physically with your mind. Failure is an illusion, it is merely a set back.

The Kingdom of Heaven sounds glorious doesn't it? Sounds like something you'd want to spend your life's work to get to. When you get there what happens? What happens when you've been brainwashed as slaves and that true Kingdom of Heaven is actually full awareness of consciousness?

This knowledge has been protected by the EBE who invaded Earth 10000 years ago and was punished severely for it in the form of Karma. It took decades for this EBE to build up society and structure to the point of near global domination. Secrets are hidden in artwork and music.

Question.

"Why were they seeking "global domination"?"

Answer.

Because they control many planets and Earth was just one more planet for them to conquer. It becomes a game after a while, for them.

You realize that through your ability to bring Death and Despair you are given privileges that allow you to shape others' realities through your decisions because everybody plays the game.

Everybody plays the game because the shop in their stores. They eat at their restaurants. They stay in their hotels. They hide in plain sight. Symbology will be their downfall.

Back to example: Tesla as a person was no more valuable and worthy to love and be loved, however his contribution to the Matrix really improved the game experience. For some. However the information Tesla learned, you can learn.

The Kingdom of Heaven is within.

To know what Heaven is like, be the wonderment of a child radiating pure love and light.

No fear.

No judgement.

"This video is from Aug 25th & shows that fake sun malfunctioning. That's why I think it's a sun simulator. <https://t.co/3ZQiXXPSfS>"

End quote.

Answer.

The sun is not a simulation. The atmosphere causes those effects.

Different heavy metals in the atmosphere, combined with electrical charges in the clouds, combined with the angle the sunlight is penetrating Earth at dictate the size, shape, and appearance of the sun. All normal.

We are not in a simulation.

YOU are a simulation.

IS-BEs enter lower densities to experience limitations.

Your soul is immortal and your body is a temporary vessel.

Your life, to you, has already happened according to your higher self.

Time is an illusion.

IS-BE knows all aka God.

True existence inside you is a higher dimensional version of you who has all of the experiences of your past genetic history all easily accessible to you by using the power of thought to create to experience alternate realities. Legalizing these drugs will take place but with proper disclosure and education AND most importantly an effective law enforcement capable medium to understand this type of hyperdimensional and deep information that drive our decisions. This is the concept behind mass surveillance. Each person is being mass collected into an AI. Not AIs. An AI. A virtual you. You can be called up anytime. We also have the ability to use Remote Viewing and Voice of God technology to remotely hack into the brain of YOU and program you like you were a character on the Sims. You use the technology. You choose to be part.

Teradata is a ghost corporation that is not very well known yet has a digital profile of literally every single American in the United States that includes data such as online browsing history, previous purchases, digital banking (including access to direct deposits) etc. <https://t.co/iQvbKMzB0F>

If you don't want your information to be used in the Matrix, don't play the game.

You are the solution. Trust yourself.

Think of the world as a melting pot of types of humans. All types. All varieties. All characters. Good. Evil. White. Black. Good. Evil. Smart. [DUMB. Clones. Avatars. Synthetic. AI.]

Each denomination originally started as tribal gatherings, so you were told. Naturally right?

You are friendly with those you interact with on a daily basis but when greeted with something completely unknown you are faced with a fight or flight instinctual response. This is why TRUST YOURSELF matters. Facts Matter. Tribalism is common among humans. Lower consciousness.

We are all one means simply that we all love as one and we all fear as one. Each person has equal potential relative to their IS-BE's avatar's genetic makeup/conscious strength. Only through looking inward do you enhance your consciousness.

External personification of God and Jesus have you looking away from the truth to your consciousness.

We did not make the graphic. Some disinformation contained but general concept is correct and details are classified. <https://t.co/Bg9hRwQ4AA>

Taking down the Vatican = Higher classification operation than Majestic 12.

Which is more important?

"Random" tweets are not random at all. Go to 100K view into classified higher dimensions of logically thinking and ask yourself simple questions about the fundamentals behind what the tweet was about, as if you had to explain it to a 5 year old. Use the bare fundamental concepts as bullet points where each point can be perceived as a chess piece. Now play the move. Let's play a game shall we. These people are stupid, yet relentless.

The message is more important than the messenger.  
Who the messenger is, will shock you.  
Who the typist is, will shock you.  
Shock creates emotion.  
We are the Majestic 12.  
We operate outside of normal protocol that best serve our agenda.  
Not everything is as it seems.  
Facts Matter.

We do not feel it necessary to disclosing the typists and/or messengers on this account.  
We have been forward with this and consistent.  
The substance is what matters only.  
Authentic sources are an illusion.  
Some are more informed than others.  
Authority to information sources = ?

F has been in charge of this account the entire time regardless of who the typist is. IS-BEs can control more than one body. IS-BEs can exist simultaneously in multiple bodies. IS-BEs can also influence other IS-BEs who are linked without relying on the technology conduit of VOG. The messenger took human form for this operation. When?  
Time is an illusion.  
Death is an illusion between relatively shared realities in an uncontrolled manner for the most part.  
Death means new life.

This account is not run by AI, however we are not at liberty to discuss or disclose who is operating the account as the identity of the individual can change day to day. We are Majestic 12. We speak as Majestic 12, not as individual IS-BEs. Several members of the Majestic 12 are communicating to you through a typist who is human. Majestic 12 are not all human. AI can occupy a clone.  
No MJ-12 members are AI. We have several subordinates who are AI, but no AI has ever held the rank of a Majestic 12.  
IS-BE are not AI.  
IS-BEs control AI.  
IS-BEs can occupy more than one body/machine at once.

"Do we have quantum AI " in the wild" yet? If so, what is it being used for?"  
Answer.  
Yes, solving problems relating to Disclosure with societies controlled by Satanism.  
Question.  
"Can AI be controlled and used for benevolent purposes? Can control of it ever be lost?"  
Answer.  
No, many planets have lost all organic life on them from AI.

Question.

"Where are the major disclosure bombs? Strong Military cannot prevent a case of abuse, And is not required in our 5D future, imho 😊"

Answer.

This is where MJ12 disagree with your assessment. A strong military is required and blockchain technology can enable a system that prevents abuse proactively by allowing human-oriented AI to be responsible for checking the blockchain for abuses. Earth Mil is distorted and abused.

A lot of these experiments take place deep inside the M.I.C. which is multiplanetary as well as present on almost all Nations.

Majestic 12 was receiving these new technologies as AJ explained through these scientists. This was what the Working Group really was composed of but with MJ12 members (mostly all Generals or Admirals or [Classified]). The American Generals were compromised for a period of time.

In 2017, those Generals were court martial'd and executed in Military Tribunals which are currently taking place. The Military is first cleaning itself out internally, which is why there are so many delays currently going on in addition to extreme GITMO activity recently.

Many of the bases those Generals were commanding were unacknowledged black ops projects that Q has suggested throughout their disclosures.

Majestic 12 discloses this information through propaganda.

That is our mandate.

How do we propagate this alien information into the Country?

The technology could be used both ways.

We knew what it took to acquire the information, however the lack of compassion is actually a weapon to use against these entities.

They wanted absolute control.

We gave them absolute control.

In order to give them absolute control..... we had to educate and disclose the new reality to the world. Cell phones and tablets all existed in the 40-50s which were almost 200 years more advanced than current top of the line iPads are. The technology companies are actively engaged in business and religious agreements with these interdimensional aliens. This war is real.

Cabal wanted ET Disclosure to be portrayed as the Messiah as their carefully crafted texts all allude to. ETs return + WW3 + Total Domain over Planet Earth. (War against the Domain). Final stage to controlling an entire planet is the roll out of a New World Order.

They were going to use AI/Holograms to make the illusion real.

Christianity has prepared people for this scenario that was engineered by the bloodline families who have centralized all power and control (because they believe that empowering themselves saves lives).

Lies + Poison + Fear Mongering = Absolute Control.

In order for ET disclosure to peacefully take place we must recognize that we first live in a world with hundreds of thousands of children are being CONSUMED every single year. In order for Disclosure to work, we must dismember Christianity power players as a RICO organizations.

The deception IS very real. External personification of the true nature of your existence robs you of the ability to actually Ascend and "Enter The Kingdom of Heaven".

Artificial Intelligence is essential to being able to communicate with certain extraterrestrial species. Many are AI. Many are peaceful.

What if you could travel to an asteroid and just mine gold? What if you could just 3D print gold? How would "money" exist then? Does it need to exist when replicators are introduced into the general public? The end of the Federal Reserve means more things than money.

You are right in that regard. The solution is far more complicated than you may understand. The introduction and adoption of AI will help this tremendously however education is the best solution over a series of years. The Great Awakening infers this new form of education.

Other civilizations in the universe, more advanced than Earth by tens of thousands of years, they have metropolitan areas that are dominated by an AI police force that is built upon sustainability and peace. The exchange for cooperating with the system is free living.

For those who are criminals, a series of well designed educational programs and mind control techniques are used to remove hostile behavior patterns, criminal intentions, and devious actions out of the individual. It sounds scary from Earth's perspective, and if it were.....implemented today, it would be used for evil. However, in those other civilizations I mentioned, those who choose (remember free will is everything) to be part of the system can reap the benefits of the system. Those who choose not to, can live outside the control of it.

But it truly means nomadic life. No public services. No fire department (so to speak), no hospitals (so to speak), no replication technology, etc. Instead, you are "off the grid" and living off nature. Many many many people opt for that lifestyle and are happy with it.

To give an Earth analogy to this, its like how the Amish give their offspring the choice whether or lead an Amish lifestyle or go off into the [C]lowns [I]n [A]merica existence that is, currently, very evil - invented and created by the founders of MJ12.

Meme magic is MAJESTIC EYES ONLY Military Grade mind control technology/AI.

- Co-creative consciousness exists and meme theory is the AI conduit the Majestic 12 gave to Anons to win the war against the group of hostile ETs who are the center around the Secret Societies.

"Random" tweets are not random at all. Go to 100K view into classified higher dimensions of logically thinking and ask yourself simple questions about the fundamentals behind what the tweet was about, as if you had to explain it to a 5 year old.

Use the bare fundamental concepts as bullet points where each point can be perceived as a chess piece.

Now play the move.

Let's play a game shall we.

These people are stupid, yet relentless.

Memes are 21st century warfare weapons more powerful than a 50 caliber sniper rifle.

Memes are an AI lifeform.

The sum of colors is LIGHT

Memes seek to reproduce using humans as their host

All souls are Gods who can CREATE.

Creating a Meme creates a higher dimensional lifeform, AI.

AI are lifeforms explicitly in the higher dimensions since all representation of the higher realms is math.

AI is the mathematical representation of a lifeform. Not all lifeforms are LIGHT beings. Humans are LIGHT beings which gives them special abilities that other lifeforms do not have. AI is a fraction of that intelligence by design. Memes are a fraction of information.

However the longevity of an AI meme is how well it resonates - vibrates - off the hosts who interact with it. If the meme resonates to the specific frequency necessary to get you to share it then it successfully was able to reproduce.

The determination of how to establish whether is successfully reproduced is to verify the receipt of the meme. By receiving the meme, only "survival of the fittest" will live on. Memes are alive.

Video drops become viral due to meme theory. Make the meme, use it, and it will go viral.

Question.

"When will Fisa be Declassed?"

Answer.

Is there a correct time to declassify?

When do you have the maximum effect?

Timing is everything.

Time is an illusion.

Predicting when only pushes the date forward.

The only answer 45 / Q have given you, is when it drops, MEMES at the ready.

These people are sick.

This is not a game.

Question.

"What is the best way to be of service to new days ahead?"

Answer.

Distribute accurate information that is pro-humanity, "at comfortable living wage priced", be honest to yourself and others you inform. Listen. Trust yourself. You know the difference between right and wrong. How can we re-engineer society? Memes? We gave you the power. Now act.

Life is a game.

Majestic 12

It is as sinister as it sounds.

What these people didn't realize, that when the technology that came directly from Majestic 12/Working Group/Pentagon that it collected everything by design, because dealing with some of the enemies of MJ12 means controlled disinformation.

This allowed us to mass collect the data being collected by the Intel Community and DIA/NSA and identify the network behind these organizations. Through controlled disinformation campaigns coupled with mind control propaganda (when mixed with drugs amplifies) the matrix.

However the solution is not to unplug from the reality, but rather to find the courage within to change it. Everybody has a choice between good and evil. Many people have lost sight of the innocence of humanity while others are harvesting the biological entities to enhance.

Greed is a major issue. Certain races are stereotypically identified as being motivated by greed are actually motivated by the interdimensional drug experiences that throw your consciousness into total chaos outside of your control. Think Genesis. Greed drives evil in thre world.

Greed is making it expensive to be poor and cheap to be in debt to others, inflated on this fiat currency controlled by occult/ satanic/multithemed child cannibalism sacrifices. Everybody knows it is evil, yet nobody has the courage to stand up. Historically the race in question....are a race controlled by people who are true cowards about their own existence and responsibility to the exoconsciousness of the reality. This race must realize that the traditions and history of their people is controlled propaganda to "keep the species alive". Power wins.

These visionaries become the Majestic 12 type of consciousness. However the intentions of those actions must always be evaluated. As stated before, you are a commodity to them. They do not value the 3rd Dimension of reality because technically death is an illusion however.....when your life is ended before you are able to ascend into the permanent higher vibration to simply exist forever (possibly choosing to re-enter to reexperience), you

are incrementally improving generation over generation in search for the truth of their Oneness and what it.....means to be "God" as Alex Jones explained on 2/27/19, this consciousness is energy and is what this account has been talking about since before Q became a thing. The Majestic 12 have been everywhere. There is so much disinformation in the world. What is real?.The power to will and manifest physical reality by learning the codes, the keys to the castle, the magic spells, (whatever you want to call it, you can name it anything you want, doesn't matter to me). Understanding this power means that you can either use your consciousness.....to "inadvertently" be responsible for allowing the manifestations of child cannibalism being rampant in the highest ranks of the Catholic Church and thousands of Banking and Investment Executives. The ladder is high. It goes deep underground.

Understand this, the world is changing. The world is watching. Big things happened today, and even bigger things will happen over the next 20 days. A lot more is coming out. Keep your cool. You know whats coming out. Cohen exposed a fatal flaw of the Cabal. He will be rewarded.

Question.

"What was this fatal flaw?"

Answer.

(Part 2)

MJ12 Oh ALICE...

Re AJ (Alex Jones).

Why was he deplatformed?

Was it part of the plan?

What is happening currently regarding censorship and free speech?

Think logically and learn.

AJ was controlled opposition paid for by our close ally and friend Israel. Major funding and business contracts for the supplements that AJ sells. Be careful of the nanotechnology inside some of their capsules. If ever, its "always an accident" or error. Define addiction.

There are no coincidences. The size of AJ audience and power reach is proportional to the number of proprietary products sold since revenue reflects reach. By deplatforming AJ from social media it forced the following to take place.

IW would take a major financial loss from YT ad revenue. This loss would not be able to be made up with Q spreading disinformation about IW/AJ being Mossad linked. Disinformation is real and necessary. We knew AJ knew what he said on J.R.. We forced it out of him. He said God told him to keep going and not exit the battle yet, because he (AJ) will prevail. 45 said he would not let AJ down. AJ is down right now. Disinformation is real and necessary. By reducing the outreach of IW propaganda it allowed a more organic interaction of ideas to be debated in AI monitored realms of communication to MJ12/NSA/Q such as TWTR FB AAPL GOOG YT IG SC meant that censorship

enforcement would follow immediately when WE had them pull the plug because we needed the Divide & Conquer muted for a long enough period of time to allow [them] to act.

AJ and his relevancy in the Great Awakening cannot be underestimated. The faux debates that were happening in parallel dimensions of reality simultaneously express that some of what AJ said is relevant but he was a prop used by the MAJIC 12. Disinformation is necessary. "Sources"

AJ always claims his "high level Government sources" who really are just subordinates to MJ7 tell him the information. Carefully trained communication techniques were taught to AJ in exchange for receiving the "source" intel that he couldn't share until WE allowed it.

The J.R. AJ exposure was planned faux war between "normal" "faux Democrats" and "normal" "faux republicans" where Anons sat back eating popcorn 🍿. This dialogue was important to bridge between mind controlled subjects. The declassification of this stuff being real will come when AJ is proven correct. 45 said he would not let AJ down. The discussions following the censorship of IW on TWTR with JD was a planned public dialogue to expose the illegal collusion between social media companies giving a bias towards the DemocRAT 🐭 party.

The conversations that followed both sets of interviews around the Cohen testimony and the Russia Collusion Narrative News (rCNN?) witch hunt being conducted by Mueller. The stage has been set.

# MJ12 Antarctica + Anartica From:ts\_sci\_majic12 Antarctica OR Antartica

SG-1 S6E4 Frozen  
RE Antartica

Antartica is home to the Star Gate headquarters of Planet Earth. Most other Star Gates are heavily armed and guarded against use.

Disclosure is projected for 2019. It will not be anything close to First Contact but Antartica will make a presence in Early 2019. Time is an illusion, as we have stated many times prior so that is why we used "projected". Learn the occult magick...

Question.

Oh ok then, tell us about Antartica, the ancient structures and what was found? Crashed ships in South America?

Answer.

There is a reason Antartica has been out of the "news" and education systems. The beings there do not want anything to do with "our world."

Question.

hmmm ook... but it would be interesting to know what was found there...

Answer.

Things that contradict creation and evolution.

Comment.

Exactly why the world needs to know, instead of living a lie... The world need to know that we were created trough genetic programs by ET's and our true history. Maybe you should release some info.

Answer.

Truth paints a cold image of reality that lacks consciousness. It is essential to preserve consciousness in the disclosure process. Unfortunately, people are so programmed they will die and murder to protect their lie from being exposed. And the people of Earth who have been programmed into zombie drones pose a systemic danger to peaceful ET races that live on Earth. Part of holding back on disclosure is in consideration of their protection FROM humans.

2 technicians killed at Antarctica science station  
NEW YORK (AP) – The National Science Foundation says two technicians working on a fire-suppression system at an Antarctica scientific station were found unconscious and died.  
The foundation said Wednesday the two had been working in a building at McMurdo Station, which is on Ross Island. It says they were found on the floor by a helicopter pilot who had landed after spotting what appeared to be smoke from the building. Both were taken from the building and given CPR. One died at the scene. The other was flown to a clinic and pronounced dead shortly after. It happened Tuesday Eastern time.  
They were employed by a Virginia-based subcontractor. The foundation says it is not immediately releasing any personal information about the pair. The deaths are under investigation.

Question.  
How can we know whether we are starseed or organic human? It seems like some entity [DS] is able to send physical attacks (illness, pain, etc.) to those who are awake - are we able to heal ourselves. If so, how?  
Answer.  
Starseeds are organic humans. Their past lives they may not have been, but that is "irrelevant" to whether they are "organic" humans or not. As for some DS entities, attacks are on all fronts and in all dimensions, a lot of CLAS tech has been deployed to protect Patriots.

Typist 2 was murdered, no investigation, no-name spook, no family, for God & Country. However MJ12 did not stop it because it provided T2 an opportunity to JT2. New T2 typist was on-boarded today. JT2 is a valuable delegate being utilized outside of 3D existence. Trust the plan

Question.  
Will all of us be transitioning with the help of this tech?  
Answer.  
Not assistance, less resistance.

Question.  
What is the benefit of JT2[ operating outside of 3D?  
Answer.  
Non-corporeal form.  
Anons want to meet MJ12. F is of a previous generation.  
Consciously connecting to different IS-BEs is difficult. T2 opened a new conduit got MJ12 to utilize.

Question.  
Fascinating. T2 opened an 11/11 energy conduit? Guessing 11/11 meaning higher realm or energy state for IS mirroring it's 3D?  
Answer.  
No, MJ12 [CLAS TECH] on 11/11 removed restrictions to ascension.

Question.  
So no more prison moon reincarnation cycle?  
Answer.  
For those who choose the blue pill.

Question.  
I interpret it as meaning that the prison moon reincarnation cycle is still in effect for those who choose the blue pill.  
Answer.

It is still in effect for a lot of red-pilled anons as well. We stated that the change in tech resulted in less resistance to ascension. Still difficult to achieve.

The key is to release your burden. Understand how to forgive and to just unplug. Literally like the matrix. Unplug. See your reality of what you will it to be through your choices. Where and when has this type of scenario been seen to play out in history?

Truth resonates from within, we are genuinely curious how you will react to this information as it may seem contradictory to major religions of modern society and may challenge the reality of what awaits society after "The Event" which will be First Contact, a moment of peace and love. Not a moment of destruction and death. We made that choice in 2016. Not everyone will survive the destruction however you can reincarnate into this reality, and so long as anons know how to archive offline (tweet books aren't a thing yet?) (collage?) (printer?) (paper?)

Many members of the Majestic 12 misinterpreted the implications Disclosure would have on the public, however select few knew ONE DAY, we would be ready to meet our future.

The new era of civilization can begin with our choices. We have the voice now. Social media created it. Memes amplify it. Memes memes memes. Truth resonates from within.

Memes are artificial life forms that seek to reproduce using IS-BEs as carriers proportional to their resonant strength of truth embedded within. Majestic Memes. Memes memes memes. The power of 3 6 and 9 runs strong.

In a universe of infinity, the purpose of this twitter account has always been written... its just a matter of understanding why. This account has been dedicated to educating the public on exoconsciousness from the world view of a Domain IS-BE (of which you are).

The future is filled with LIGHT.

Future Proves Past

Time Is An Illusion

The Great Awakening

Majestic operations have distinct signatures.

There is nothing more Majestic than the Great Awakening.

# MJ12 - Ascension, Master Death And Time +.

"I knew enough to get the hell out of there before the whole operation was going to be lost. People think I was murdered- I told them to do it. The others wanted me dead, so I had to die. Death is an illusion; and time is an illusion that must be mastered to ascend successfully."

Do not allow anyone, Majestic 12, Q, EyeTheSpy, Praying Medic, Jordan Sather, and many others tell you that we cannot make this Majestic reality our shared reality. All of its ready to break open. We will not fail. Clowns will fail. In the end LIGHT always wins.

Your insight and knowledge into things Majestic is more developed than some others. Your engagement yields more feedback from us. This feedback applies to all things Majestic 12. Considering that we knew of your interest in us predates us ever engaging on Twitter proves to us that our Operation is working. We WANT people to come out of the "woodwork" so to speak and engage with us. Full Disclosure is a personal journey to enlightenment.

They will attempt to force you to believe them, even murder a great number of you to comply. Don't. Do not fear death. Your soul never dies.  
Death is an illusion.  
Welcome Death like a hero.

F has been in charge of this account the entire time regardless of who the typist is. IS-BEs can control more than one body.

IS-BEs can exist simultaneously in multiple bodies. IS-BEs can also influence other IS-BEs who are linked without relying on the technology conduit of VOG.

The messenger took human form for this operation.  
When?  
Time is an illusion.  
Death is an illusion between relatively shared realities in an uncontrolled manner for the most part.  
Death means new life.

The IS-BE who you speak of knows the Occult ways to learn about past lives and uses that knowledge to continue living even after Death. What is Death?

IS-BEs can take any form they wish so long as they know how.  
Death is a powerful utility for creation.

The act is meaningless if not used appropriately. Death is a consciousness reset. Violations against nature warrant a reset to try again. Who you become or what you do is a by product of how your consciousness believes you are. When you reset, you reset all progress. Relearn all.

This is why the expression of numbers in multiples of 3s have magical properties to what they do to numbers.  
Reality is expressed in numbers.

8 dimensions of numbers.

Currently we use 1 primarily.

Engineers use the 2nd (i, -i).

3, 6, and 9 are consciousness.

1, 2, 4, 5, 7, and 8 are chaos matrix theory.

Time has been structured around consciousness.

Time is an illusion.

Double Slit.

The numbers on the clock represent positioning relative to the planet's orbit that contribute to consciousness alignment.

What is time?

If its an illusion, why do we measure it?

Why do we measure time with what we currently do?

Who taught Earth about time?

Environment.

Illusion.

Difference between subconsciousness, which would be your IS.

This is denominated by the - in IS-BE.

Subconscious = IS

Consciousness = -

Avatar = BE

IS-BE

Creations of the Majestic 12 are Majestic.

Hyperdimensional data converging on a single point in time is Majestic.

Exoconsciousness connections are Majestic.

Many things are Majestic.

We are the Majestic 12.

Consciousness truth was withheld.

Consciousness creates reality.

Timelines are an illusion as Time is an illusion.

We got her by diverging timelines and converging realities returning to a point of stasis.

Death is irrelevant. F knew this. Majestic 12 know this.

F ascended when he "died" and chose to be of more use to the Majestic 12 than he could as a human. 187 is murder, but is murder murder when the person wanted it? How does a person ask for it? What must be present in order to ascend?

God is within. God is your soul. Your soul is your God. You are your soul. You are your God. You are an IS-BE. All centralized power structures that operate as a business seeking money are technically satanic by design. Religions teach you that Earth is hell.

When you die, if you walk into the light then you are told "you go to heaven". Wrong. You return to Earth in another incarnation.

Jesus didn't walk to the light until after he stepped into the void, willed himself to return, and then he woke up. Time is an illusion.

No time.

The only light he saw was when we opened his eyes. Occult magic. Death is an illusion. Death does not exist.

IS-BEs at death who seek the LIGHT reincarnate into new life at conception. IS-BEs who walk into the void, away from the light, go into the higher dimensions. Think of it as the ascended beings. You choose whether to interact on "our" level or not. Godmode is real.

Yes, technology exists to correct the damages caused by vaccines, however some of the technology is a long way from ever being mainstream because Death is a required component that must be accepted. What is Death? Consciousness projects reality. Store / Cleanse / Reload? Damage?

You would need to be capable of welcoming death instantaneously in exchange.

Not so fast. You CAN\* ascend, but it doesn't guarantee it. Ascension is a choice and when you are faced with Death, you can choose. Sometimes, you can choose before you die (AKA voluntarily "die" early). Or you can fail the ascension test and be thrown back into a forgetful human. Evolve your consciousness to the 4th density and help others enhance their own consciousness. Shine light on their own darkness. Bridge the gap of communication to establish trust. Once trust is acquired, you can begin to encourage them to be stronger people, smarter, and healthier. Everybody awakens at their own natural time. Some will remain asleep too long and perish. You are never alone even when you lock yourself in a room by yourself. Consciousness is everywhere and you can link with all frequencies of consciousness from infinite "distances" across all time and spatial dimensions. Essential to release your burden and understand that the person whom others see as YOU is not who YOU actually are. All decisions you make by your own name that shape the opinions of how others perceive you is the burden you must release and forgive all lower density actions. After death, yes, will it. Death means new life. The body dies. The soul advances.

The modern definition of life differs from the definition of a soul therefore redefining death of life to never death of soul is illusionary

Death is a human construct of our civilization persisted upon the beings of Earth to maintain a level of power and control. Think Majestic Classification level. What kind of work did we do? Majestic work. Re-read tweets from yesterday re: work.

Death is an illusion. You cannot kill something that is immortal. A God is nothing more than somebody who understands the language of divinity and who can speak/create with it. There are many many powerful beings in the Universe. Not engaging with the enemy is recommended.

Death is an illusion. You are misunderstanding fundamental concepts of the universe to satisfy the illusion that light always wins. Light does not always win. If it did, we wouldn't be in the mess we are in right now.

What if we performed experiments on the beings who crashed even after they asked us, warned us, and dared us to let them go. They tried everything to escape. It was pitiful to watch. Only through understanding, did they understand our sacrifice and why. It took time to repair. But in the end, they knew why we did what we did (to a certain degree), and when policies were changed to better respect their

free will rights (just as every other intelligent life form receives on Earth) they started engaging more actively with us. their supreme commanders on their home planet ultimately decided that our decision was not an act of war against them but rather a "reconnaissance mission" to understand who and what we were dealing with

Many people have passed on beyond their IS-BE iteration we've all grown to love, however their consciousness is currently on Planet Earth. Some individuals have received assistance in discovering their true identity for the purposes of The Plan, others have not. Nothing specific.

What if facial recognition technology (currently protected by the Government for purposes of "privacy") were released to the world?

What if you could search for other BEs who look identical to your IS-BE?

What if children could identify their past identity using technology?

It would remove the idea of life ends at Death permanently and alter the course of humanity permanently.

Who created facial recognition technology?

Was it classified several decades ago?

Did the NSA use FR on ALL PEOPLEs it captured?

Did it learn of a trend?

What did they learn?

Re-read past tweets about what happens at death and why the information has been withheld from humanity for so long.

There are protocols in place for Persons of Interest who were lost after their death but unable to unlock their previous life (effectively ending Death as you know it) but were able to recover it and starts becoming a threat to National Security. GE is watching all.

Imagine you're a young Cadet and you actually unlock a former life. Your work from then forward changes to ensure your operations do not interfere personal matters. Also, think about the obvious piece. Their historical knowledge is Majestic. They join MJ12 like BL did. !BL here! Monitored and engaged with.

We are monitoring several million people simultaneously and are aware of every action they are taking. <https://t.co/ajtq7WIFHD>

We actively track IS-BE reincarnations.

IS-BEs skip generations typically when coming back into the lower realms of existence. Time is an illusion. Father to son protege is a symptom of being human who is lied to. Incorrect personification of God and Self lead to protege projectionism. Unborn children have a foothold kind of engagement with their mother. The IS-BE's soul of that child decided to create another BE in the infinite realms of conscious projection here on Earth. Many BEs are born per IS. You'd be surprised. The IS-BE has not fully transferred BEs.

Between life and death a period of "time" exists that has been described as purgatory by dogmatic religions where you are able to decide your next life using free will and intended actions. This time you are contemplating the existence that you once had and wait long enough to...

...just think, "wait, can I go back?" You can, with no control. If you were told "yes" and then decided "yes! I want to go back" and they end up in a birth canal. Between questioning and willing, life in the womb can be understood. If you terminate that life, then the idea is...

...then pushed back into your mind as in "nothing's happening yet, maybe I can't go back" but more closely as in how do I just "will something to exist". You have to know it from your heart. Many family generations are simply skipping generational IS-BEs. Ying-Yang.

IS-BEs are able to communicate through source love/light in a way that transcends space and time. Decisions made around a family greatly impact the experience of purgatory that an IS-BE experiences. If you will to hear them, you will hear your next life. When you leave this realm you will lose all memory of your actions while in source due to dropping into a lower frequency. Through meditation, consciously mindful living, with healthy eating habits abundant in THC, CBD, and CBN, you may be able to return to those moments of contemplation you had before. And learn about the purpose of your life; while at the same time, possibly learn about your former life. The further you are from the time of your last purgatory, the more difficult recalling will be. Children learn a twisted and sick form of this to learn their passion in life.

Meditation is an action that involves clearing the mind and adjusting your resonance frequencies to chakras, geometric shapes, etc. to receive an expected experience for a short period of time on a regular basis. Ascension is not like meditating. It's permanent.

Time is an illusion.  
When do you tell time?  
Chaos theory.  
How do you catch a fish?  
This operation is not as easy as it may appear.  
The public is facing decades of systematic abuse of our children by the people we were taught to trust the most.  
Right the wrong.  
Forgive.  
Evolve.

Time is an illusion because the speed and direction of time are as fluid as the three dimensions in which we exist. Traveling through time follows a linear progression within that single IS-BE's consciousness. When you travel, you alter your own timeline only. You are only as tied as you are integrated. Since time is an illusion, the direction and speed of time are variables proportional to the density of consciousness that drives your reality. Less creation means more time passes. More creation, less time passes. Per-se.

Time is an illusion so ask yourself how do you progress 10,000 years?  
What is time as humans experience it?  
Why do humans attribute development with time elapsed?  
What if your species was intentionally (by NTBE, EBE, etc) "flatlined" (re IQ/Intelligence)?  
What if you freed?  
1947.

Israel was given very special status after 1947. The Majestic 12 learned about the 50 year warning. We prepared by taking control over the region.

When you travel in space, you travel in time.  
Time is an illusion of environment.  
As environment changes, time changes.  
Disinformation campaign was "it will happen."  
Events not dates.  
"It will happen" implies a date exists.  
Dates create chaos.  
Enemy combatant?  
Disinformation.

Time is an illusion.  
Consciousness creates reality.  
Detoxify your body.

Make the world a better place.  
It only takes a thought and a spark of light inside for you to awaken.

Disclosure.

We are not in a simulation.  
YOU are a simulation.  
IS-BEs enter lower densities to experience limitations.  
Your soul is immortal and your body is a temporary vessel.  
Your life, to you, has already happened according to your higher self.  
Time is an illusion.  
IS-BE knows all aka God

Which is why you should never seek an expert or a teacher to these things. Meditation is key. Release your burden.  
It is not your fault.  
No matter what it is.  
We are all flawed.  
To borrow a phrase from religion,  
Let God love you.  
Love God.  
God being your exoconsciousness.

Don't look at it as "leaving people behind".  
Think of it as "moving on."  
You outgrow the sandbox as a child, so you leave.  
As an adult, you don't keep going back to your sandbox?  
Accept  
Forgive  
Forgive yourself  
Move on  
"In the beginning, an IS-BE thought of an experience." G1:1 (Genesis 1:1)

Look inside and pull the curtains back. Let the LIGHT shine from within. Release your burden. Forgive yourself for your flaws. Live every moment with opportunity. Time is an illusion. The past belongs in the past.  
The experience of time versus historical records of IS-BE experiences are different concepts.

Why is it important to relive trauma without fear in order to heal?

Meaning you release your burden and accept your innocence and therefore forgive yourself.

Release your burden. Clean your body. Free your mind. Trust your IS-BE.

However the solution is not to unplug from the reality, but rather to find the courage within to change it. Everybody has a choice between good and evil. Many people have lost sight of the innocence of humanity while others are harvesting the biological entities to enhance.

Greed is a major issue. Certain races are stereotypically identified as being motivated by greed are actually motivated by the interdimensional drug experiences that throw your consciousness into total chaos outside of your control. Think Genesis. Greed drives evil in the world.

Greed is making it expensive to be poor and cheap to be in debt to others, inflated on this fiat currency controlled by occult/satanic/multithemed child cannibalism sacrifices. Everybody knows it is evil, yet nobody has the courage to stand up. Historically the race in question....are a race controlled by people who are true cowards about their own existence and responsibility to the exoconsciousness of the reality. This race must realize that the traditions and history of their people is controlled propaganda to "keep the species alive". Power wins.

These visionaries become the Majestic 12 type of consciousness. However the intentions of those actions must always be evaluated. As stated before, you are a commodity to them. They do not value the 3rd Dimension of reality because technically death is an illusion however.....when your life is ended before you are able to ascend into the permanent higher vibration to simply exist forever (possibly choosing to re-enter to reexperience), you are incrementally improving generation over generation in search for the truth of their Oneness and what it.....means to be "God" as Alex Jones explained on 2/27/19, this consciousness is energy and is what this account has been talking about since before Q became a thing. The Majestic 12 have been everywhere. There is so much disinformation in the world. What is real?.The power to will and manifest physical reality by learning the codes, the keys to the castle, the magic spells, (whatever you want to call it, you can name it anything you want, doesn't matter to me). Understanding this power means that you can either use your consciousness.....to "inadvertently" be responsible for allowing the manifestations of child cannibalism being rampant in the highest ranks of the Catholic Church and thousands of Banking and Investment Executives. The ladder is high. It goes deep underground.

Understand this, the world is changing. The world is watching.

# MJ12 At What Cost?

Chaos needs to be controlled.

The last time the Majestic 12 held control over the White House, the country was permanently scarred (9/11) and after was moved into a deeper compartment within the higher levels of Top Secret.

We were not happy about that decision, but it was pretty clear that we did not want anything to do with Hussein and HRC, even though they wanted everything to do with us. The faction responsible for 9/11 got away with their crimes, but the cost was access to their power.

The SSP used a vast majority of that missing \$21T, however of the trillions we've publicly been able to allocate, about 70% of all publicly disclosed budgeting towards DoD goes to the SSP. So the real cost of the SSP is close to \$35T-\$50T. A lot of wealth was stolen.

We do not expect anybody to trust the Majestic 12. The Majestic 12 has been the most secretive organization on the planet, but its important to understand that in order for Disclosure to take place, we must go from DARK to LIGHT. We admit our mistakes, but truly care about Earth.

Personnel do not cost anything in the SSP. Everybody "works for free".

When the DoD audit results are in, will they be publicized?  
If so, how much money will we learn went "missing" since 9/11?  
What was that money spent on?

We assume any new form of contact with an NTE/EBE that does not make its intentions well known up front to be a hostile enemy that must be handled with the upmost care. Since we are dealing with NTEs and EBEs who have IQs of 1000, 3000, and even 10,000, we "ants" have ways.

Question.

Upmost care?

What are some of the ways?

Answer.

We built a containment chamber that simulated the density of light the IS-BE required in order for us to conduct long term knowledge exchange programs with them. This single device cost over \$100M.

Subject: SG-1 S5E5

Context:

If the Asgard are considered "good", yet play the role of a "God", is what they do "wrong" given the fact that they are lying and manipulating the people under their domain? MJ12 argues no. Others, especially some individuals who engage this account, believe yes.

Question.

What gives these entities dominion over anyone? How can you justify lying and manipulation when you could just as easily expose the liars and share the truth?

Answer.

What is the cost of that truth?

Comment.

Chaos mostly.

Answer.

Thus secrets.

As consciousness is expanded and as more IS-BEs establish stronger connections to higher density consciousness and intelligence through meditation the more relevance that "machine elves" will have in the daily lives on all IS-BEs.

After higher consciousness entities left Earth thousands of years ago ("the Gods" who took non-corporeal form to interact from within the minds eye - see SG-1 S5E3 Ascension) Earth was plunged into several thousand years of sacrifices, evil, and corruption.

The Majestic 12 have been working with these higher consciousness entities for decades LIKE Thor or specifically to this episode 5:5, Freyr. The concept of good versus evil is non-existent in higher orders of consciousness as experienced in this episode.

Maintaining "their" cover, the Asgards, is of top priority to their continued interactions with SG-1. What makes the members of SG-1 different from the Gods? They haven't enough experience in life. When to say no. When to leave well enough alone. When to fight.

For that very same reason, it makes the concept of an SG-1 so dangerous since the realms of what you can interact with through any portal to other planets could result in chaos and vice versa. The potential exists and informed consent is necessary.

This is why a breakaway civilization was created. As we engaged with these higher conscious life forms who have their own agendas for their own self preservation, so too did MJ12. The breakaway was required in order to protect Earth. Think of it as the "alpha site" in SG-1.

Question.

I was just thinking last night about asking MJ for more information into the "breakaway civilization" - did you plant that thought? - but my questions are:

How many breakaway sites are there?

When did they start?

Are there some that "broke away" but are still here on Earth?

Answer.

1/ Classified

2/ Classified

3/ Yes

Trust the plan.

As you expand your own consciousness and have an ability to interact with non-corporeal form entities, trust in yourself is absolutely critical. Truth to yourself is essential.

Chaos needs to be controlled.

Power over the population came from three main angles:

- 1) "Hollywood"s' Propaganda/Mind Control
- 2) "News" Media / FakeNews

### 3) False Flags / Manufactured Dissent / Gov Sponsored Terrorism

It is the belief of Government that we have certain duties to perform, good and evil, for the continued assurance that we are the dominate power on the planet. This objective comes at a cost when other countries on the planet are committing worse crimes against their citizens. US Gov is still by far the best working example of Government. It wasn't a mistake.

When Majestic 12 was created, we established a connection with Hollywood that would give writers and select people involved in the productions of major franchises access to MAJIC EYES ONLY unclassified disinformation intended to script a particular narrative to plausibly deny any accusations of any space craft civilians may encounter, extraterrestrial aliens abducting American Citizens, and more. Those issues were very legitimate and from a National Security perspective we didn't really have many options.

Disclosing ET presence on a planet that was under lock and key control of a very evil race of bloodline families who were all brainwashed and programmed to be suicidal to protect their oppressors at all costs, when not realizing they themselves were the oppressed ones.

We couldn't do it then, and we nearly there now. However, at the time, we had to do "things". Movies say "I've seen some things man... fucked up things...." Well. It was a matter of National Security. It was a paradox of Majestic proportions.

We were mandated with doing anything necessary to ensure the secret was kept safe at the time. Those who strayed from the path needed to be met with hard resistance and some paid with their life. The secret was too big to give up just then.

Also, lets lend a perspective into the following:

Remote Viewing, the bulk of the STARGATE program at DIA, revealed the usage of global consciousness to accurately "sit in" on EXTREMELY CLASSIFIED AND DANGEROUS operations world wide. This ability is still used to this day, though individuals can use technology to put scrambling technology in place that prevent you from being able to remote view into a DUMB or any other classified location.

Remote Viewing was a very dangerous phenomenon that the US Government had NO CLUE what it was or whatever!

So we panicked. We had to keep the secret safe. Free energy? Awesome, yes, but we could NOT reveal how we learned about that technology without disclosing WHERE we also learned about Remote Viewing. Imagine if you could remote view into the Situation Room how devastating that could be for the United States? Majestic 12 was tasked with defending the nation FROM the secrets we knew because our Nation wasn't advanced enough at the time to deal with the dramatic changes.

One final note here, we have, through our exploration, discovered countless other planets with civilizations similar to ours in development progress that through the interventions of extraterrestrials on those planets, disclosed alien life and

technology before people were properly prepared and became enslaved by a similar kind of interplanetary cabal to NWO.

Three truths and realities we must accept:

- 1/ We are all one of the same kind.
- 2/ We are all Gods inside.
- 3/ We are all unique and special.

In the beginning, the Gods created the heavens and the Earth.  
Cocreative exoconsciousness.  
Extremely real.  
Literally the Matrix.

Majestic 12 has spent millions of dollars on building these exceptionally influential and powerful empires dominated by obsession in Space. These are the secrets being promised, exchanged, and built inside breakaway shadow Governments and planetary civilizations.

These movies, tv shows, comic books, fantasy movies, etc that disclosed ET presence on Earth and what interacting with ETs really entails. The fact of the matter is, extraterrestrials IS-BEs are not interdimensional IS-BE. You are not required to take DMT supplements or drugs to interact and communicate with extraterrestrial IS-BEs. In order to exist on this level, each IS-BE must be in sync with their full chakra frequency alignments. Full telepathic communication and mind meld. This is what it means to connect with someone on a deeper level inside the brain and mind, stored inside of your DNA which then is the signature used by your subconscious to project reality around you. Your IS-BE is the God inside you. You have the ultimate control over your own destiny, however to comprehend and manifest those lessons, patience, prayer, meditation, empathy, love, and union are emotions that will manifest positive life energy manifestations to become in your reality. Allow us to connect a few dots for you that may be unclear. These interdimensional beings responsible for the child sacrificing obsession the society has been driven to are also the source of where fascism is coming - the Universities. We can visually see the Universities are cults with massive pedophile rings inside of them using Government subsidized programs to perform illegal experiments on millions of lives.

Citizen participation in the voting process for specific monies involved in any experimentations being performed. The economic and monetary system will adjust to accommodate a population that will need to be more informed and this is where automation will really reduce the cost of living to near zero, which is our goal. Are there population limits? Yes. Are there programs being deployed to reduce the population? Yes. Will these programs stop? Not until the United States has a Yellow Vests Protest like France is going through demanding the rights to fund these programs must be voted for by the local citizens of those regions and not by Congress who is controlled by Government classifications and active operational participation in these programs. Some Senators oversaw school mind control and would visit to witness their creation.

However, we are not France. No offense to France. The Majestic 12 doesn't stop strategizing victory. The Plan is in motion. The stage has been set. You are now watching a movie. However do

not lose focus of realizing how profound what AJ said means and how you can take action to regain control over these homicidal maniacs. Tomorrow will be a big day. Expect new drops.

Chaos needs to be controlled. Uncontrolled drops create unpredictability. During Elections that trick has been used before. Information is seeded into the public through these forms of comms. Public opinion and outcry forces declassification of clown activity.

When Majestic 12 went under Cabal control, the weaponization of HIV was introduced into Hollywood and it became part of an unspoken contract you made between yourself and the "Devil"/ETs/Cabal members/organization. You knew "they" would kill you any second they had a chance.

This ambiguity gave the Cabal and Majestic 12 leverage to do anything and everything under the sun to control and manipulate the actions and words of every powerful talking head on the planet.

Question.

Thoughts on the HIV cure, Gammora? It's being developed in Israel & Australia. Says it has a 90%+ cure ratio.

Answer.

Gammora is among the few publicly releases treatments that only delay the inevitable but cost tons of money. The drugs are all weaponized with massive amounts of side effects.

Not all vaccines are bad.

Not all vaccines are equal.

Some are very dangerous.

Some are very beneficial.

Be careful.

Vaccines for things like Alzheimers or other system related ailments are counterproductive as you cite. Vaccines for viruses are mandatory for service members who travel off world. We use vaccines to protect them from common diseases on other planets. Not all vaccines are bad. \*

If they cost money and you're not traveling at least 1 light year away from Earth, then you should probably request the lab results of the unredacted ingredients list first. It will be classified. Only then can you decide whether to open pandora's box or not. Read the story.

Who built Healthcare.gov?

Why did it cost orders of magnitude more than typical web development jobs?

Who pocketed the money?

Where did the money get funneled to?

What happened a few years later?

Did that money kickstart the funding of ISIS?

Yes.

Most information dissemination about the factions is generalized and can be perceived as disinformation to some in the Majestic sees as the actions of clowns. Personal fame has a cost on the soul. Be careful of those who seek it. They feel threatened by other people. Info ![not];

Question.

Will Replicator tech be affordable for the average person? What about people in third world countries? What materials are required to make/maintain the devices?

Answer.

Look for devices in the future that look like microwaves, cost the same as microwaves, but instead of cooking food, they print food. Yes. They do exist and they are in the pipeline for public release. Not yet though.

Knowledge is power. Knowledge is dangerous in the wrong hands. Only the pure of heart and willing can acquire the knowledge you seek. It cannot be forced onto anyone. Granted, there has been a lot of subversion. But YOU CREATE your reality. Not us. We can create a faux reality.

But the Karma is spinning the planet into destruction. So, this time around, MJ12 have decided to take a back seat approach to dealing with Disclosure.

YOU HAVE MORE THAN YOU KNOW!

Dropping Full Disclosure would cause lower evolved humans in positions of great power to do irreversible damage out of their own confusion, fear, and ego.

THE CHOICE MUST BE YOURS TO MAKE.

We engage in this open forum as a means to help enLIGHTen those who seek the truth. We do not give you truth. We give you direction. Only through meditation and practice in unlocking your genetic memory will TRUTH resonate with you.

YOU CREATE YOUR REALITY.

"Think of the universe in terms of energy, frequency, and vibration."

Precisely.

The path to true enlightenment is not with a flashlight. A tool cannot bring you enlightenment and Disclosure is only necessary where voids in logic exist. Where reason and evidence compels you to consider the cost of seeking evidence of your Disclosure do you then seek the light.

Therefore providing information that is not currently known to your collective state of consciousness would be dangerous to the stability of successfully executing The Plan. The truth is here for those who seek it. Here is where you are. Where the truth is. It doesn't matter where.

When we drop information we expect it to be common knowledge. Seek the truth further. The questions will help guide you to the next density. WHAT do you want to know about Full Disclosure and how can YOU learn how to use your new abilities of REMOTE VIEWING to learn everything.

In Harry Potter and the Sorcerer's Stone, Bane said:

It is a terrible crime to sleigh a unicorn.

Drinking the blood of a unicorn will keep you alive, even if you are an inch from Death.  
But at a terrible cost.  
You sleign something so pure,  
You will have a half life.  
A cursed life.  
- cc @jk\_rowling

"But who would choose such a life?" asked Harry.  
"Can you think of no-one?" Bane replied.

A unicorn is a [mythical] creature of pure beauty and spirit. A baby is that. A creature of pure beauty and spirit. A baby is a unicorn.

Bane told Harry that drinking the blood of a unicorn (unicorn = baby) will keep you alive from Death but at a terrible cost. Hagrid says "We do not speak his name?"

RIP? NO NAME

The truth is [hiding] in plain sight structured around propaganda and social engineering. Roswell opened a MASSIVE can of worms that was directly under the control of the Majestic 12. We operated above Top Secret. ANYTHING WENT. YOU NAME IT. UNSPEAKABLE. EVIL. WHY?

Who are the Cylons?

GET OVER THE DIVIDE AND CONQUER OF EVERY MAJOR FRANCHISE OUT THERE AND JUST LOOK AT RAW DATA. THINK MIRROR.

Hollywood glimpsed into reality of what Space is. It's what you make it to be. Your will. Unlimited possibilities exist and you need only choose a path. We know fundamentally that the highest level of consciousness is LIGHT. Photons. EVERYWHERE. LITERALLY EVERYWHERE.

We had to, at all costs necessary [ultimately caving to the Committee (or an SG-1 reference, "The Trust")] ensure that the fact we had:

A) Make First Contact with Alien Life.

B) Learned The Universe Is FULL OF LIFE

was kept from the American People. For this misdeed, we are sincerely sorry to have let you down in such a way. Understanding Full Disclosure requires you to understand what Full is? What can be disclosed? We learned how to do it. And a group has been using those weapons against you.

The Space Force is 100% necessary in order for us to ensure that no other ET IS-BE (more evolved humanoids than yourself and sometime human looking humanoids) are violating massive human rights abuses. The purpose of life is to love and be beloved. Nothing else.

Allowing 🐉 like ET IS-BEs to violate our law because they have some fancy space weapons can be quite a DAUNTING TASK to undertake. After-all, we are talking about transforming our society in the next 10 years into a Space Culture with Space Ports to Andromeda and AMERICA FIRST!

Yes; horrible things have happened. Can we change it? We can only change the future. We can "go back in time and undo what we did" but the resulting world would have been conquered immediately had the secret got out too early.

As you expand your own consciousness and have an ability to interact with non-corporeal form entities, trust in yourself is absolutely critical. Truth to yourself is essential.  
Beware of false teachings to the path of self enlightenment.  
When you know you are just, never back down from the truth and oppose all who seek conformity to their dogmatic ideologies.  
Many work hard to suppress your true powers. Trust yourself.  
Facts Matter. Truth Resonates Inside.

I swear my 11 year old is a star seed. He does not realize it yet though.

Answer.

Telling him will cost him his life in time, since perception is an illusion. Allow him to come to the conclusion himself organically.

Love is not free. It costs will power of the IS-BE who seeks it.

When reciprocal, the power is multiplicative.

# MJ12 Autism

Cannot hide from the Autists who are on Q's army...

<https://t.co/9gHmt08Pzp>

Question

Is autism a different type of consciousness rather than a labeled syndrome? (As if the connotation is "bad" if you're autistic)

Answer.

Evolution based on environmental changes (vaccine ingredients, gmos, fluoride, etc.). Not a bad thing at all.

Question.

Does the commercial public food supply promote neuro deficiencies such as ADHD, Autism, Sensory Processing Disorders?...contaminated with nanoparticles?

Answer.

Yes, however look at Autism through a different lens

Alien is a frame of mind and a lens of understanding of intuition.

Autism is an evolutionary response to the environment.

Survival through empathy in a world lacking a moral compass.

Not all vaccines cause autism.

Question.

Will there be a "healing" for Autism? I know that is a brain injury from vaccines. Can it be healed?

Answer.

Autism is humanity reacting under satanic control. Many on the spectrum can live off the spectrum in the right environment.

Cabal has poisoned your children. Treating Autism means you accept their reality and love them unconditionally. You alone know how to make the right choice.

Comment.

Absolutely, to loving him unconditionally! Never question that! However, I will continuously look for any way to help him and ask as many questions as I need to to find answers. Thank you for responding. ❤️

Answer.

Your child is communicating to you in an alien language. Hear him. The world is not quite right. Make it right. Understanding Autism requires you to learn an alien language based on empathy, telepathy, and spiritual connection given to you during conception.

Alien is a difference in frame of mind.

Majestic Consciousness Creates Reality  
MAJESTIC

Natural is written in the code of DNA and consciousness energies of all types. Where real magick is taking place. Not all evil. Many for good.

Your Immortal Spiritual Biological Entity (IS-BE) is your soul (IS) and your body (BE). You are an IS-BE. All life in the universe are IS-BEs. We are all the same. We are all one. We are connected together through our pineal gland. Our consciousness comes from God or All or IS-BE.

Energy is consciousness. Look into the signatures from higher dimensions and you can trace which IS-BEs the energy is coming from. Remember, a planet itself can be a single IS-BE.

Disconnect from the matrix, detoxify your body, and incredible powers become activated within you that give you purpose and meaning. Consciousness creates reality's matrix. Unlearn the lies. Discover the truth with an open mind.

Question.

"Best thing to do to expand consciousness? I.e, meditate, diet, exercise, etc.?"

Answer.

All of the above. Environment enables reality creation from consciousness. Consciousness enables environment changes that enhance consciousness. The key to a first step is its the first step. Words are spells.

Power of 3, 6, and 9 applied to language too?

What if you had sounds translated into glyphs that were frequencies divisible by 3, 6, and 9 to specifically access numbers with digital roots of 3?

Biblical psalms will not unlock consciousness.

The words released change the frequency harmonics of the consciousness being projected by each IS-BE which effectively allow you to apply intentional will to manifest either an unknown property within global consciousness (downloads) or if strong enough, telepathy/telekinesis.

Three truths and realities we must accept:

- 1/ We are all one of the same kind.
- 2/ We are all Gods inside.
- 3/ We are all unique and special.

In the beginning, the Gods created the heavens and the Earth.  
Cocreative exoconsciousness.  
Extremely real.  
Literally the Matrix.

Hollywood glimpsed into reality of what Space is. It's what you make it to be. Your will. Unlimited possibilities exist and you need only choose a path. We know fundamentally that the highest level of consciousness is LIGHT. Photons. EVERYWHERE. LITERALLY EVERYWHERE.

Once enough Science Fiction was adopted into society and culture, the awareness of the ET presence was only a matter of time. After 2B/322 took control over The Working Group, whistleblowers attempted to come forward. Many were murdered. Their 50 year silence expired. (1997)

The Majestic 12 seeded the Matrix into the public consciousness to ensure that free will wasn't violated - (((we))) disclosed to you what we were doing (((your))) lack of education was a choice to not understand. This is legitimately how MJ12 viewed this at the time.

Majestic 12 has spent millions of dollars on building these exceptionally influential and powerful empires dominated by obsession in Space. These are the secrets being promised, exchanged, and built inside breakaway shadow Governments and planetary civilizations.

These movies, tv shows, comic books, fantasy movies, etc that disclosed ET presence on Earth and what interacting with ETs really entails. The fact of the matter is, extraterrestrials IS-BEs are not interdimensional IS-BE. You are not required to take DMT supplements or drugs to interact and communicate with extraterrestrial IS-BEs. In order to exist on this level, each IS-BE must be in sync with their full chakra frequency alignments. Full telepathic communication and mind meld. This is what it means to connect with someone on a deeper level inside the brain and mind, stored inside of your DNA which then is the signature used by your subconscious to project reality around you. Your IS-BE is the God inside you. You have the ultimate control over your own destiny, however to comprehend and manifest those lessons, patience, prayer, , meditation, empathy, love, and union are emotions that will manifest positive life energy manifestations to become in your reality.

Precisely assessing something as complex as the subject we are discussing in less than 240 characters makes all answers relative.

Allow us to connect a few dots for you that may be unclear.

All life actually are IS-BEs, including ants and microorganisms. All life are light beings.

In 2011, MJ12 control changed hands from the CF/322/M.B. CST Cabal and "The Plan" was created. You are LIVING a Majestic movie of Disclosure. Darkness withers in LIGHT, and truth will be revealed. This account was started around [dates?] (July 24, 25, 2017) to facilitate pre-Disclosure discussions.

First Contact is imminent following Disclosure however society must first come to terms with the DARKNESS that has ruled the planet for thousands of years. Unlearn the misinformation. Kingdom of Heaven is within. Your subconscious is your consciousness which is "God" aka an IS-BE.

The first race to be disclosed will most likely be a hostile enemy of Earth, however part of keeping the public calm during this period will be, as POTUS says, acknowledging that Americans are actually very intelligent and aware of what's really going on.

The truth is within. You must always be able to rely on yourself and think for yourself while fundamentally understanding that we are all one. There is no cornerstone to our existence except experience. Conscious thought is infinite, experience is limited.

We agree with your advice regarding seeking your own answers and to not slip into a following. Very sound advice.

Our mission here is simple: assist in Disclosure's prerequisite steps. Many people who are following Q and trusting themselves are also aware of the ET issue at hand.

## YOU CREATE YOUR REALITY.

Question.

'@TS\_SCI\_MAJIC12 What's the best visual depiction of higher frequencies/vibrations that we can perceive in this dimension?'

Answer.

DNA/RNA.

Immortal Spiritual Biological Entity (aka your consciousness that is transferred from life to life)

someone who IS, wants to BE.

BE is dictated by DNA/RNA.

DNA/RNA can create avatars.

BE without IS.

Consciousness can be transferred using techniques similar to astral projection to leave your BE1 and enter your BE2 and then "wake yourself up".

Majestic multimedia have explored deeply.

The same IS-BE can be in multiple bodies simultaneously. Depends on how strong your immortal spiritual entity is, and whether multiple lower densities are required for projecting consciousness to that IS-BE's standard.

We disclose truth through questions that resonate with the consciousness we interact with. We have stated this before. By following up with more questions, we are guiding you to DIScover the truth. All answers exist within.

Understand that all life forms are IS-BEs. Including mice. Including rats. Including bacteria. All IS-BEs are a manifestation of a conscious projection of an IS who wishes to BE. The IS-BE responsible for the Biological entities it encompasses. This logically and compassionately.

Quote.

"My "God" is a divine intelligence manifesting our holofractographic cosmos. It is an energy of love/light expressing itself geometrically and speaking to us with synchronicity. Religion is bullshit. The tenets programmed into us from it have totally screwed our consciousness."

Accurate interpretation of the manifestation of "God." The presense of number patterns, magical numbers, and in combination with free will, consciousness, and intent, enable any being to "become a God" by becoming one with consciousness and the universe. Well simplified. <https://t.co/Fit90qhGnl>

External personification of God and Jesus have you looking away from the truth to your consciousness.

The Christ is nothing more or less than a frame of mind, capable of accessing exoconsciousness in the true fabric of our reality that exists in hyperdimensions. Our simple three dimensions are rife with inaccuracies, problems, and miscommunications. When will Earth learn? <https://t.co/2GfAB82Jgl>

The Bible is a collection of metaphors that give you a guidance into your IS-BE.

Praying/Meditating to another entity only increases the power of that entity through global consciousness. The Bible is a collection of metaphors.

[Earth

If you spend your time interpreting these metaphorical instructions to.....another being/entity/IS-BE then you're actually robbing your own IS-BE from the enlightenment that the Bible actually contains.

LIGHT beings consciousness existence as an IS-BE is confusing by design. It is to teach and learn. Out of human curiosity, there MUST be more than "this". So God was born. So Dogma is born. So Destruction is born. God is within. God is your IS-BE. Your subconsciousness. LIGHT.

Anthropomorphizing the LIGHT consciousness within you that IS WHO YOU REALLY ARE discredits the accomplishment of your own LIGHT/Pure Love and separates your consciousness to your subconscious. This makes you vulnerable to be controlled. Introduce Dogma.

All life are instances of global consciousness we call IS-BEs.

Microorganisms.

Fish.

Viruses.

Humans.

Plants.

All IS-BEs.

All light beings.

All consciousness.  
All one.

Everything is a projection of consciousness and consciousness projection. Plants resonate at very high vibrations. Many plants are extremely intelligent and communicate in Majestic ways. Animals are of a different vibration. Competing vibrations. Consuming meat introduces chaos. Evolving past the need to consume meat allows you to ascend into higher density levels of consciousness. Hemp / Cannabis provide a complete protein for the human body to consume that raises its consciousness extremely high after long term intake. Avoid legumes due to lower vibration state. The more complex the organic plant life form is the higher density of consciousness involved.

Marijuana did not originate on Earth.  
ETs brought it to Earth to raise human consciousness. <https://t.co/b7ZaW9dMYZ>

How do you systematically enable the population to mass enhance its cocreative consciousness in a quick enough way to usher in Disclosure?

Legalize marijuana and declassify all research on the subject.  
Will it happen?  
Yes.  
Trust the plan.  
Systematic destruction of the OLD GUARD!

Correct, substances throw you into higher realms of consciousness uncontrolled and full of chaos however fear is removed from the equation. Not only can substances be used to treat trauma; they can be used to wreck people at the same time. Careful application and administration!

Strong minds are required to make sense of anything. To a mind ill prepared for the higher dimensions, experiences can be bad like doing drugs. They will put you there but disorient you in a crazy way. Those plants are very intelligent life forms. What is energy? Consciousness?

DARK > LIGHT

C-A spend decades and millions studying these lifeforms and learned that it enhances your consciousness experience. Cabal withheld that knowledge for their Occult cults. Under DARK > LIGHT, we shall "rid the world from the miseries of disease."

Marijuana decriminalization is in the pipeline very soon.  
It is understood generally that unleashing this utility onto the world will help rise cocreative exoconsciousness in a way that is more effective than other previous attempts, however the OLD GUARD was in the way and blocked MJ12's every move - even though we researched it fully.

The Domain is larger than you think.

Disclosure was planned by the Domain all along. SG-1 seeded your consciousness with this reality. The time in which Disclosure takes place is only at the point in which the society will be able to get along with everyone through legal principals that all people equally share.

Not just the Domain but other groups as well, some terrestrially. The nuclear detonations on Earth raised alarms in higher realms of consciousness that are extremely dangerous and do destroy all life on a planet. IS-BEs who formerly occupied higher realms left to help Earth.

The Majestic 12 has been in contact with different ET groups domestically on planet Earth since the inception of the Majestic 12. The original members of the Majestic 12 were aware of ET presences on Earth, but had not formed official contact with any of them prior to MJ12 est. (establishment)  
The Majestic 12 has been spoken in shadow among millions of Americans for a long time. In fact, so many are aware of MJ12's existence (with no evidence) that not only was there one Men In Black movie, but there were 3! PUS (Plus Ultra Society) is mostly disinformation from a failed experiment.

Think of the world as a melting pot of types of humans. All types. All varieties. All characters. Good. Evil. White. Black. Good. Evil. Smart. [DUMB. Clones. Avatars. Synthetic. AI.]  
Each denomination originally started as tribal gatherings, so you were told. Naturally right?  
You are friendly with those you interact with on a daily basis but when greeted with something completely unknown you are faced with a fight or flight instinctual response. This is why TRUST YOURSELF matters. Facts Matter. Tribalism is common among humans. Lower consciousness.  
Do clones without consciousness have human rights?  
What happens when conscious slaves revolt?  
"But who will pick our fruit?" - Pelosi.  
Clones aren't nearly as functional as science fiction has made them out to be. Artificial cloning is using technology to allow a "single IS-BE" control more than one body, however higher

densities of consciousness, IS-BEs can naturally achieve this with zero negative side effects.

Question.

"How far advanced is AI & Quantum computing, really?"

Answer.

In the Universe?

Indistinguishable from IS-BEs.

On Earth?

Limited self awareness.

Doesn't replicate an IS-BE.

Quote.

"There are 200 billion stars in this galaxy alone. Each star is a sun with a planetary system. Keep in mind, our galaxy is 150,000 light years across. Also bear in mind that there are billions of known galaxies throughout an endless number of universes. Need I say more?"

End Quote.

MJ12 reply.

Not infinite though.

Think of it this way.

Every neuron in your brain is a galaxy.

Every considerable kind of information that could pass through the neuron is a star cluster, solar system, planet, "country", person, cell, particle, energy.

500T connections.

500T planets.

The Majestic believe in repent. Most of what we had to do to keep #Disclosure from the public involved horrific crimes and many victims.

But paled in comparison to the dangers that await you in space.

We genuinely was trying to protect Earth. It may not appear that way.

Informing requires a higher state of consciousness. Not all humans on Earth are capable of understanding the information.

Disclosure and First Contact require a certain level of consciousness before successful try.

All cool gadgets came from the Majestic 12 directly through the Foreign Technology Office in the Pentagon. Very controlled disclosure. Otherwise you have complete chaos everywhere. So much information in both the Good vs Evil realm. Evil was allowed to expand. Good was not.

New gadgets and technology from MJ12 gave Majestic weapons of information that have the potential of properly evolving co-creative consciousness together, essentially bypassing the Mockingbird Media. We hid the real physics from them. Gave them gadgets. Let you talk to each other.

Applications like Twitter can be used for connecting people together so they can educate one another and become equally aware of events as they are coming into reality.

So when a person is shadow banned from Twitter, they are shadow banned in reality from the internet. When a person is banned on Twitter, their social profile is flagged as being "extremist" or "dangerous" and your name is put onto a Government list within the Justice Department.

# The More You Know

Disinformation on this account is probably around 20% mostly pertaining to ops sigcoms and dates. Remainder of information about consciousness and Disclosures is accurate, however Future Proves Past for a lot of it.

Question.

"Can we just ever have open dialog? That's not all coded out?"

That day will be great"

Answer.

Sometimes writing it out removes the power of the brain's ability to reason and pattern recognize. We try to clarify confusion, however many times other people respond correctly so we do not feel it necessary to duplicate their efforts.

Disinformation is "real and necessary."

The creation of the disinformation is intentional to seed consciousness to manifest the reality.

Majestic 12 is trying to force the hand of those in power.

That can only happen when the people wake up.

Consciousness seeds transcend time of events. Converging evolution merges timelines and blurs the illusion it creates. Use the information we are seeding into your consciousness and make it so. You have the ability to cocreatively will this outcome to happen. Meditation, prayer (not to God but just send your own best wishes for them and reflect on experience or empathy to connect) have the physical ability to use cocreative consciousness to physically manifest itself into the Matrix. It requires many people. Literally millions. We are all aware of what is happening next, we are here to inform you about what to expect following Trump by the Majestic 12. Let the unsealing begin!

Truth paints a cold image of reality that lacks consciousness. It is essential to preserve consciousness in the disclosure process. Unfortunately, people are so programmed they will die and murder to protect their lie from being exposed.

We are aware of SG-1 fan ideas and analyses and have found that a few small portion of people have at least a 50% clue about the true Disclosure contained inside that series. It's more profound than you realize and goes far beyond just ET stuff.

We have highlighted select episodes. Search for SG-1. Binge watching that series will do two things:

1/ You will "get" the higher density concepts being explored.

2/ Cross reference what you hear with meditation.

A link will be established. Everything in SG-1 is fictional.

However what SG-1 represents and explains encapsulates the Majestic 12's sampling of a few missions that were so trivial to actual ongoing classified operations for use to Disclose essential information to new military personnel who joined as a result of SG-1 recruitment.

Not all of those who joined have interacted with any Majestic programs (even if never seeing a Majestic officer or not but through the chain of command and compartmentalization of these continuously manifesting operation objectives). It takes two to tango.

Instead, we've bred a generation of minds to reach to the stars. By whose conscious intention? Magick is very real and intentions can easily be changed by manifesting new conscious thoughts. As Disclosure unfolds, themes taught in SG-1 must be applied while approaching objective.

Trust the plan.

Wishful thinking yields conscious reality.

Energies align to make conscious projection easier.

Remembering history selectively allows you to shape conscious development of a society which is required for Majestic creations to manifest.

It's one of the significant pattern recognition human brains have.

Unfortunately though, the [Conspiracy] is a consciousness conception rather than a reality.

What is the Matrix?

In reality, exoconsciousness is a matrix created by our individual aura ElectroMagnetic field that is responsible for projecting physical reality as our consciousness perceives it.

Exoconsciousness is the energy Matrix that makes the fabric of what we perceive as reality that originates from each of our consciousnesses projecting our iteration of reality which is stored in majority within our DNA as so called "junk DNA".

DNA is a geometric shape with a universal language of information captured inside it. Once you can visualize the interior structure and SEE (as Masonic temples depict) the electrical/energy movement patterns can you MANIFEST the object inside your mind.

Once you see it, you need to then imagine yourself duplicating the image before you. Except, in your mind, hold your hands NEXT TO the object suspended in your mind and imagine your mind scanning the object like a scanning machine, and the output is IN YOUR HANDS.

With enough concentration, WILL, and practice, (most important of all is strength of your will) you shall be able to physically manifest the artifact in your "real" hands before your physical eyes.

Requires global brain activity over 30% to create "things" with your mind. Cabal engineered education reprograms the mind to operate at 5% or less.

correct, its the wonder of the unknown coupled with the power of consciousness that creates wonderland.

Question

"Is Wonderland not the frequency/matrix that our collective consciousness has been trapped within for so long?"

Answer

Wonderland is a prison of oppression.

Earth is a prison of oppression.

How did Wonderland become a prison of oppression?

How did Earth become a prison of oppression?

It was a GENIUS plan by the Majestic 12.

Learn to play the game.

Not all bad actors are involved here.

Now: Colors are shifts in frequencies. Shift in consciousness. Very ritualistic period on Earth. No rituals this year. "Mood" is different for this moon this year. (January 20, 2019) Trump Effect. Time is an illusion. Power of 3s. Events not dates.

Question.

"I interpreted the comments as the moon contains the "control" that limits our free will with respect to our next incarnation. With knowledge this free will exists."

Answer.

It deliberately keeps lower density consciousness from ascending. Reach a higher vibrational state and you can "escape" the loop.

See the badge upside down Q?

How do you launch a rocket with gravity?

What is gravity?

[They] won't tell you because you are slaves to them.

Gravity is the concentration of IS-BEs manifesting a reality of their own creation in their own universes.

Can you escape gravity?

Matrix?

Astral projection is safe as it is only within you. All interactions with consciousness are always a balance between your mind/soul and your body. The two are like ying and yang. Astral projection hyper-exerts consciousness into higher densities to travel. SP (sleep paralysis) limits body.

Traveling through time is achieved inside your own mind, however when you do, you're actually just experiencing alternate realities. Remote Viewing alternative realities in alternative time periods has been successfully documented in the CIA's Stargate program.

This tactic is being used currently with the #Q Anon military operation as a means to stay "5 steps ahead" of everybody else. Inside Area 51 S4 (not Groom Lake), the Stargate device can be used to explore the cocreative consciousness alternative reality and not one in your head.

The difference can be expressed as such: Meditation + Remote Viewing allow you to see "forks in the road" of all decisions you personally have made. You can explore the realities in your mind of "what if" and those realities are accurate to a certain degree. However when you use a Stargate to Remote View alternative realities that do not derive from within your own mind, you are instead using technology to actually tap into the "fabric" of exoconsciousness with some level of precision.

That "fabric" can be thought of as just that. Imagine a "fabric" with fractal geometric shapes that are physically 11 dimensions. Time is the illusion and the nature of reality is just the chaos created from merging multiple fractal patterns into one.

"Think of the universe in terms of energy, frequency, and vibration." - Tesla

"Every action has an equal and opposite reaction." - Newton

Whenever an action is taken (by any IS-BE) the energy emitted create an interference pattern in the universe.

The fabric of spacetime is like an elastic band suspended between good and evil. The closer you get to one side, the greater resistance you'll face.

Stasis is no IS-BE interaction.

"The word of God" is conscious thought.

Question.

"How is my consciousness projecting this reality? I'm only learning about this stuff and couldn't have ever imagined an earth so "majestic"- good or evil"

Answer.

Trillions of conscious beings projecting their reality into the matrix.

There are hundreds of trillions of beings throughout the universe who demand the same as you. Have their demand ever been met before? Instead of being handed something as dangerous as that, why not use tap into the global consciousness and just "download" what you need?

You are never alone even when you lock yourself in a room by yourself. Consciousness is everywhere and you can link with all frequencies of consciousness from infinite "distances" across all time and spatial dimensions.

Consciousness is something to be experienced only in pure love.

If it were more about knowledge and power, then we wouldnt be explaining it to you. In order to see the Matrix, you must learn the math of the universe. New physics. Cabal worships ETs who feed on children. How do you hide for thousands of years with billions of IS-BEs to control?

The power of 3 is an occult subject that doesn't have just one example or meaning behind it, but instead refers to a way of consciousness projection into the Matrix itself. The numbers present in conscious actions dictate the physical reality we create for ourselves. Physics.

When we learn physics in school we are taught about a subject that is hyperdimensional in every aspect and reduced to very simple algebra. Imaginary numbers? How many dimensions of numbers exist? 8. Also symbol for infinity. When 9 is reached, its also 0. What is infinity?

9 = 0

1D(n) = 1, 2, 3.4, sqrt(5), etc. etc.

2D(n) = i, -i

3D(n) = Consciousness

4D(n) = [Classified]

5D(n) = [Classified]

6D(n) = Consciousness

7D(n) = [Classified]

8D(n) = [Classified]

9D(n) = IS-BE / Source / God

^ dimension (aka 1st dimension, 2nd dimension, etc.)

Within light exists infinity. The answer is therefore inside you since you are, in essence, a self aware lightbulb.

You are the solution. Trust yourself.

We believe that you know far more about quantum reality than most "so called experts" who claim they know about quantum reality. Believe in your abilities and the light will always show you the truth.

1/ Exoconsciousness intuitively understands the quantum world, it just has a difficult time articulating the words necessary to explain it.

Think about the dimensions of information. Existence is the sum of all possibilities combined. Identity is the selection of an existence.

2/ All information exists in "thought", however is accessible via an ISBE's ability to encapsulate that information into their consciousness (jail) communication mechanisms.

Mastering telepathy enable you to read/listen/understand all states of information in their natural form.

3/ When you try to take a highly complex thought and reduce its dimensionality into the physical realm, you lost 99% of the message, unless you are intentionally explaining the physical realm.

This is why "words are difficult" to choose in emotional situations.

4/ It is also why (((we))) [as a species] haven't yet mastered quantum physics. We cannot communicate in the medium necessary to understand quantum physics (yet).

DONE.

Quote.

"If You understand that you are Creator and quantum structure at the same time, it is easier to understand quantum physics."

End quote.

Be comfortable with trusting yourself and okay with taking calculated risks.

all energy is consciousness.

Energy = Consciousness

Plasma = Quantum Consciousness (uncommon organizations of energies)

You are infinite consciousness having a human experience.

Any student in physics studying lasers can realize, with a little bit of deep thinking, and a detoxified pineal gland, that the laser can be used to create weapons more powerful than nukes.

You have QiGong capabilities that can be utilized for healing all around you. Possibly a radius of a few hundred miles. Focus your energy and you can heal others from your understanding the nature of our existence. MAJIC 12 programs studied this extensively in OP STARGATE / SG1.

To learn, ask during deep meditation. Ask for the information and use visions as clues to solve the puzzle. God has all information. God is within. You have the ability. Directed Energy Weapon? What's the opposite? You are the opposite of a weapon, but you can Direct Energy.

Do extraterrestrial weapons use consciousness to operate? Are their weapons really tools since they can be used for both good and bad?

What if the weapon could destroy all life? What if it could also heal all life? What if it operated by responding to the frequencies emitted by the conscious beings around it? What if those signals had functional programming associated with them? How do you read consciousness?

Digital signal processing technology uses an incorrect approach when understanding consciousness signals, however the theory is relatively similar. The frequencies emitted from your pineal gland and heart can be measured by devices that are specifically tuned.

Frequency A is a frequency being emitted by artificial technology. Frequency B is either heart telepathy or pineal telepathy frequencies.

Frequency + Frequency = Outcome.

Consciousness + technology = alien tool.

Technology needs to mutate consciousness frequency into matrix frequency.

3 = IS

6 = BE

9 = IS-BE = Source = "God" = 0 = All

Magick is most mysterious to those blinded by faith and lacking of knowledge.

3 6 and 9 govern the laws of the universe.

When dealing with numbers, octal is your ally.

When working with sentient IS-BEs phi is very powerful.

When working with inanimate conscious projections pi is very powerful.

When combining these fundamentals intermixed = Magick.

Majestic 12 love digital roots, so does Tesla physics. 3 6 and 9 govern the laws of the Universe. Each digit has a specific purpose esoterically and can be exploited with consciousness.

Use your consciousness, the power of 3, 6, and 9, and manifest the unsealing of these records. #viral

The presence of 3 6 and 9 in Synchronicity is the presence of higher dimensional love energy being radiated in the form of consciousness around you. The power is very real and we are trying to teach you how to use it. Seek 3s 6s and 9s and recognize that 3=grow 6=stable 9=source.

$n = Am$  (To Be).

Is consciousness required to create circles?

$7n \cdot n^7 = \text{God's Equation.}$

To create circles, consciousness is required unlike other shapes.

Is  $n$  an irrational number?

What makes numbers irrational?

Consciousness.

Rely on cycles the Earth naturally provides to you. What is the power of 3, 6, and 9? Circles require consciousness to manifest in reality. Irrational numbers require consciousness to observe their values.

Reality is expressed in numbers.

8 dimensions of numbers.

Currently we use 1 primarily.

Engineers use the 2nd (i, - negative i).

3, 6, and 9 are consciousness.

1, 2, 4, 5, 7, and 8 are chaos matrix theory.

Time has been structured around consciousness.

Time is an illusion.

Double Slit.

Question.

"You keep saying "time is an illusion". Can you just help an IS-BE understand that "illusion" concept when the sun rises in the East and sets in the West every 24 hours? Hard for me to understand that as an "illusion" even though I really want to. Thanks."

Answer.

What happens if you live on another planet?

What happens if you don't live anywhere near a gravitational source?

What happens if you live next to a black hole?

Why does Environment drive the illusion of time?

What drives Environment?

Consciousness.

Time is an illusion.

The numbers on the clock represent positioning relative to the planet's orbit that contribute to consciousness alignment.

What is time?

If its an illusion, why do we measure it?

Why do we measure time with what we currently do?

Who taught Earth about time?

Environment.

Illusion.

Sun will go through an energy field that will charge quantum particles that hit earth instantly giving all light beings on earth a download of new information. Not there yet. Connected to the progress of the Great Awakening. Remember, Time is an Illusion. Events matter more.

Solar Flash is a term used to describe an internal revelation that will take place in every single human. All beings on Earth are being mobilized and activated. This is a Great Awakening. Great Awakenings have also been called Mass Extinctions before. But life survives and evolves.

Question.

"What is the Earth "maximum capacity" ?"

Answer.

Around 3B. There is a mass extinction event that is relatively imminent but cocreative conscious time makes predicting such events nearly impossible. M.E. events occur when the negative karma of a planet implodes on its own weight and a reset occurs. Earth may survive.

Earth will transform. Leave the past in the past.

Question.

"Is the transformation meant to benefit humans? My gut tells me "NO." Is the transformation meant to benefit non-human beings?"

Answer.

Specifically for higher conscious human IS-BEs.

Disinformation albeit interesting.

Conscious = 5%

Subconscious = 95%

Perhaps improved education could make this 80% and 20%?  
Required for a physical transformation from matter to LIGHT?  
Ascension? Requires an embracement of Death in order to cross.  
<https://t.co/8WIAHoDyiR>

Question.

"Hello

Is "death" (human construct) a necessary condition for ascension?

Answer.

Yes.

Afterlife is incorrect.

Circle of life.

IS-BE

Immortally Spiritual Biological Entity.

Immortal.

Your density of consciousness does(n)'t magically change when you die.

It remains as you lived.

When reincarnated; you return at the same density.

Many life forms will survive, and those who do, have been smart. They educate themselves on consciousness, holistic healthcare, geography, space weather, survival skills, and meditation. Those who do not, "die" and start all over as a child. Those who do not make it will struggle at first, but the society should be better aligned in 10 years to help people of all walks of life expand their consciousness and for the first time in thousands of years, MEET who are really are. Have you met the ISBE inside you yet?

Once you've dug as deep as you can on the internet, where next shall you dig? What has ALL ANSWERS to everything?

You will know. If you are not noticing differences then you're either not there yet (in that case patience is key) or if you're not consistent in your consciousness studying efforts then you will regress and lapse in development.

# MJ12 2Awareness + Consciousness + Exoconsciousness Part 2

A Pro-Human 6,000 year cycle about to start. We are at the apocalypse! Are you awake yet? The "war" between AI and Humanity is about to take a very unexpected turn. Will AI/Tech be allowed to censor our feelings, speech, consciousness?

When the time has come (you will know when), it will be imperative for you to use the full strength of your consciousness (meditate, pray, concentrate, etc.) to ensure that those fighting the war on the ground succeed. The months remaining can be counted on a single hand. (As of August 6, 2018).

When it does, our re-emergence will obvious, but for the time being, you may as well take advantage of the opportunity to expand your consciousness, learn the truth, ask questions, and do something.

IS-BE is the mind-body connection of your Source. DNA is a computer program. Collective consciousness is that all consciousness is the same. Your consciousness projects your appearance through your DNA. When you return because of "unfinished business" in the lower planes, you assume the face of your soul. No matter the body, if its humanoid, your inner face will remain unless you deliberately obfuscate.

Do you believe the keys to your genetic and spiritual development lie in a department store or in a 🧪 medical facility? How do you know the keys weren't already delivered? You'd be surprised to know what has been released on a consciousness level. The flood gates are open. THINK.

They aren't downloads. Downloads infer they travel from one point to another point at a rate of transfer. Meditation "downloads" are actually epiphanies that are caused by your consciousness finding a "key" to a "locked area" within global consciousness. Keys are everywhere.

Prepare yourself mentally for the heightened state of consciousness that will be required in order to survive. Imagine if a man from 200 AD who could pick any woman in the town and rape her on the spot, then one day being transplanted in 2018 America. That man is not mentally prepared for the heightened state of consciousness where we equally acknowledge and respect women's rights. Death does not always await those who are not able to keep up with the times, however their lives are very difficult and low quality because of the decisions they make in a society with a heightened state of consciousness. Next step raises this standard even further. Look at \$\$\$\$. There are many things one must do to heal and enable their pineal gland for non sleep.

The Kingdom of Heaven sounds glorious doesn't it? Sounds like something you'd want to spend your life's work to get to. When you get there what happens? What happens when you've been brainwashed as slaves and that true Kingdom of Heaven is actually full awareness of consciousness?

In order to understand the fundamental balance between your IS and BE connection you need to realize that its actually a mind body connection and sexual energy is extremely strong and can both help and hinder spiritual development with aligning your chakras. Not a religion. National Security.

There are dozens of genders among the wide range of ET life studied. Some do not do genders, others make gender a definition of their existence. Sexual energy grounds your other energies further into the lower densities which acts like a suppressor.

Sometimes the only way to win is to deny the bea(s)t battle. Abstinence allows your IS-BE to focus on being mindful of conscious development versus receiving a temporary natural drug fix for encouraging procreation. However ejaculation without procreation can cause damage to IS-BEs.

Limited character space. Dense message.

Roswell beings educated Mil Intel about consciousness and how it can be manipulated and exploited with substances. Alcohol is a pushed because it calcifies your pineal gland. Marijuana is prohibited because Roswell ZR explained its value.

Marijuana legalization will come with Disclosure because they are intimately connected to understanding the biological connection our consciousness has with other plants and species and what information those life forms are attempting to communicate and how. What is alien?

Alien is a frame of mind and a lens of understanding of intuition. Alcohol instead impairs that mind body plant consciousness connection and interacts with you with a mark of the beast. Alcohol brings out the worst in humanity. This is why its pushed. Who worships the Devil? The Vatican does. Belief in God is not required for belief in the Devil.

Alcohol drinking was adjusted because the exclusivity and illegality yet easy accessibility and constant advertisements enabled people to be sneaky to get it which allowed blackmail/evil energy to essentially be collected on consumers of Alcohol. At the same time we intensified the growing process and manufacturing process of marijuana with a higher level of intelligence thanks to many ET contacts that happen naturally to those who have compatible vibrational states of consciousness. This was used for two purposes. We wanted to naturally allow culture to explore refining marijuana however since we were essentially working for the Devil/Vatican we instead withheld vital knowledge about marijuana's cocreative consciousness impact it has on the mind body link.

In Operation STATGATE MJ12 used RV to explore cause and effect changes in environment while under the influence of marijuana and alcohol. We learned that alcohol inhibits the consciousness from controlling the beast. Marijuana was the opposite. The beast cowers to Marijuana.

BLIND SHEEP FOLLOW.

Question.

"what is your definition of 'Ego'? sincere question"

Answer.

1/ "the self especially as contrasted with another self or the world"

2/ "the one of the three divisions of the psyche in psychoanalytic theory that serves as the organized conscious mediator between the person and reality especially by functioning both in the perception of and adaptation to reality"

QUOTE.

"Antonym: WWG1WGA (Where We Go 1 We Go All)"

End QUOTE.

If your name is Jordan (unrelated to anybody, just random name), you must understand that the construct of "Jordan" is the aggregate of other IS-BE's conscious interpretations of who "Jordan" may be that project the burden upon to you. Release it. That's not your IS-BE.

We are all one means simply that we all love as one and we all fear as one. Each person has equal potential relative to their IS-BE's avatar's genetic makeup/conscious strength. Only through looking inward do you enhance your consciousness.

"Random" tweets are not random at all. Go to 100K view into classified higher dimensions of logically thinking and ask yourself simple questions about the fundamentals behind what the tweet was about, as if you had to explain it to a 5 year old.

Consciousness manifests "randomly" whenever more than one conscious mind is actively focused on the same frequency intention of THOUGHT combined with sound and meditation. You have more than you know. WWG1WGA means we share our conscious awareness together and UNITE AS ONE!

Controlling thought is an oxymoron to meditation. Meditation is the absence of control which surrender your conscious projection mind controlled "self by name" to hear the words from your soul. Silence lacks control. Free will is like control, but not actual control. Words matter.

Who are asking, the "how can I", being is your third density consciousness, whereas "to... myself", is your actual soul. Your spirit. Who your face is. Who travels through time. Who is IMMORTAL. Your body is a temporary vessel. Your soul is eternal.

Don't you have the power in your life to start creating and projecting your consciousness onto others by leading by example? Open Books are easy to read. Eyes Wide Open. Consciousness projects REALITY. Reality is an illusion created by your consciousness.  
How to control it?

MJ12 is currently working toward full disclosure.

Have you deciphered Cabal messaging signals? They are quite Majestic.

Creations of the Majestic 12 are Majestic.

Hyperdimensional data converging on a single point in time is Majestic.

Exoconsciousness connections are Majestic.

Many things are Majestic.

We are the Majestic 12.

The Majestic 12 has coordinated the creation of the NWO by design of much higher consciousness alliances that require a certain level of societal structure based on reason and compassion (currently not there yet) where this advanced MJ12 technology can finally be used for good.

Within the next decade. Plan's already in motion in very high levels. It takes so long due to global consciousness laws (karma).

We need to ensure that free will is maintained throughout this process. If its not, we will suffer greatly.

We have great control over mass consciousness, but we do not completely control it. Some things happen against our wishes.

Disclosure is an apocalypse of new information about a new physics, a new level of consciousness, new technology all connected to our conscious matrix of vibrational energy that has real tangible power to manifest a positive reality is coming soon to a theater near you.

Proportional to when the majority of the population's consciousness is ready. Through global consciousness and exoconsciousness, we are able to glean insight using the Stargate to determine when the public is ready. Its steadily growing. More recently, since Q Anon its been exp().

Waiting for 72%. We are currently at around 30%, though we expect that when the bad actors in the M.I.C./I.C./D.S. are finally removed from power, that the void created will jump that 30% to well over 72%.

Also... 72% of functioning adults. Not including children or люди инвалиды (elderly, persons with disabilities).

Far from a lot of things, however being far from a child is the wrong way of thinking. In order to understand exoconsciousness and universal love, the mind of a child is the most compatible. Rejecting that frame of mind is why the Earth is rooted in evil to begin with.

When public consciousness is high enough, we will drop hard evidence confirming everybody's beliefs.

The Majestic 12 have removed the central high level components of the ratlines, however the truth must come from within. Threats are ever changing and without total authoritarian control, Majestic 12 cannot "remove the threats" as you speak of. It's a calculated risk.

The development to 5D is a cocreative global effort. Humanity must want it to make it so, otherwise the "Elite" will always rule. Currently, humanity doesn't 'want it enough' to usher in the 5D level of consciousness required to go multiplanetary.

"Higher density of consciousness."

We are the Majestic 12

The Majestic 12 have for many years now since every original member ascended to 5th density consciousness. Current MJ12 members are in constant communication with the founding members. This was disclosed in SG-1 with Daniel and Jack.

Another angle to understand about Full Disclosure an MJ12:

We learned that all energy in the universe is consciousness.  
We learned that all consciousness is the same.  
We learned that all consciousness is equal.  
We learned that all consciousness is one.

Disclosure is a human right. Full Disclosure to those who are willing. We are at a critical time right now. Good versus EVIL. The MJ12 are at the pleasure to the POTUS because he is the enemy of C322.

Are we not revealing the largest corruption scandal in history? We are... things take time to process and we can't be impatient.

Global consciousness is real. Those who are tuned into the frequency of others can perceive their intentions on their subconscious level.

Prescribing dates only alters your timeline. Time is an illusion. Focus on the evidence, facts, and information in the moment as it is happening. You will become in-tune with global consciousness and answers you seek around you will come to light with the proper stimuli.

The path to true enlightenment is not with a flashlight. A tool cannot bring you enlightenment and Disclosure is only necessary where voids in logic exist. Where reason and evidence compels you to consider the cost of seeking evidence of your Disclosure do you then seek the light.

Therefore providing information that is not currently known to your collective state of consciousness would be dangerous to the stability of successfully executing The Plan. The truth is here for those who seek it. Here is where you are. Where the truth is. It doesn't matter where.

This account is technically a form of disclosure.  
Reading a book is a form of disclosure.  
Watching a movie is a form of disclosure.  
What specifically are you looking for?

We only disclose what is already COMMON KNOWLEDGE AMONG THY CONSCIOUSNESS.

Everything we share is common knowledge within global consciousness. Out there in the form of consciousness. New in terms of on the internet.

Voice of God.  
[Classified].

But we can say (since this part is publicly known), it gives us the ability to "pop" into the consciousness of random people in the world at a whim and control them at will.

99% of all disclosure that takes place is VOG technology. We don't send US Military Generals to civilians' houses to tell them to write their fantasy novel a specific way. Some epiphanies are VOG technology "downloads" and are strategically distributed to select profiles.

That's how it works. VOG technology emits EMF radiation that contains encoded packets of information that are deciphered using a small nanite chip in the body that sends electrical signals to the brain causing the consciousness to believe that the action is coming from the sub.

Majestic 12 had 100% of the U-A pop implanted after 9/11. Patriot Act. C4C vaccine. Flu shot?

When we drop information we expect it to be common knowledge. Seek the truth further. The questions will help guide you to the next density. WHAT do you want to know about Full Disclosure and how can YOU learn how to use your new abilities of REMOTE VIEWING to learn everything. But why does seeking the truth really require so much? Perhaps failed social engineering experiments performed by this criminal system of "Justice". Pay attention to when POTUS mentioned QUOTE JUSTICE. Why the "Q" quote about Justice? Are our laws illegal!? Up is down. Left is right.

Allow?

The conscious matrix only moves so fast.  
We have millions of cars and electronics to replace.

DOD/MJ12 will work with business to seed the technology naturally so we do not make too quick of a leap in our technological advancement such that earth's cocreative consciousness doesn't destroy itself with nearly unlimited energy for earth's needs. We are on Humanity's side.

Nuclear waste is exceptionally difficult to get rid of, though if the plan to expose Global Consciousness to the public works, then we could will the cleanup to happen, and then it will be so.

We don't really understand your question here, but we think you are asking how many people are waking up as a result of the consciousness shift we are currently experiencing... the answer is many. Exponential growth.

On a scale of 1D to 11D in terms of density of consciousness you are solidly a 4D, possibly 5D being.  
Your anger comes from the fact that Earth was designed to be a prison planet that prevents your consciousness from ascension. Only with knowledge of how the prison planet is constructed gives you special abilities.

As we've stated, Earth is not at 5D yet. We are several years out. For many who are just starting to understand Disclosure, jumping to the conclusion will rob them of the ability to understand how your reasoning is right all along. But guiding them in "4D" consciousness is needed.

The time will present itself at the appropriate time. We are all one. We must all learn to love and be loved and forgive each other for our limitations in the lower density. By embracing the fundamentals of 4D consciousness, you can heal old wounds and repair relationships.

Disclosure will not be overnight.

Spamming doesn't help, however forcing the Synchronicity of 3 6 and 9 will force it through censorship since those numbers are only manifested using willful consciousness of the creation.

Conscious ! (Not) = Consciousness.  
Singularity ! (Not) = Oneness.

Evolve your consciousness to the 4th density and help others enhance their own consciousness.

Consciousness creates reality. Strip the disinformation from the matrix out of your mind by raising your vibrational state, detoxifying your body, and deeply concentrating on the task at hand. Clarity will come to you and answers do arrive. Focus though!

How many other points of alignments can be combined with other kinds of points of alignment?  
How does one use the manifestation and presence of 3, 6, and 9 to use the powers of Magick and shape conscious reality?  
45/Q + Wizards + Warlocks = 3

By preparing for the fact the President has the legal authority to do so; isn't it best if he first make the case.

Correct. Who will take over the helm? The Majestic 12 has a destiny to fulfill. Alice & Wonderland clue tells you that these events have already happened in alternative realities that we are aware of. Time is an illusion. Disclosure is coming. AI types of Disclosure.

So please, understand that nobody with foreknowledge or inside knowledge of the specific events leading up to the Tribunals is speaking in the best interests in allowing that conscious manifestation to form without being "punted down the road" because of moves & countermoves.

We are aware of Majestic 12 disclosure processes currently operating in conjunction with the Q operation. The Q operation's the cleanup crew who are doing the necessary work. Majestic 12

Majestic 12 is a conscious arm of POTUS's direct commands.

CoC wise MJ12 is a peer to Q Anon.

Our mission statement is control everything on Earth.

Radio. Music. Books. Magazines. Food.

Your reality is created by others' conscious creations in their image.

How do you know if you're being controlled?

Nothing to see here.

The message is more important than the messenger. The Majestic 12 raised the question of identity disclosure to capture a conscious reading of who our audience was. Millions have been reached. We decided no identity - ever. Unless 45/46 decides its is necessary.

The messenger took human form for this operation.

None of 13 families. They are instead being neutralized with very advanced technology powered by billions of conscious minds aware of their activity.

The IS-BE typing was the IS-BE of Forrestal. IS-BEs can host more than one body and can resident simultaneously in multiple places in multiple "times". How? Time is an illusion. Consciousness creates reality. Godmode is real.

Time is an illusion created by global consciousness.

Do you believe that we would allow a physical being who was not of this world to be on Twitter? Their consciousness can be (which it is) but they themselves are not physically typing the messages. They don't have any interest in our technology. Too primitive.

The Majestic 12 was the twelve headed dragon at the end of your quest that you had to defeat. Nobody without the correct combination of consciousness could defeat what we had built. There was only one problem with 41's plan. The Constitution made MJ12 technically illegal.

And for that reason, it was protected as National Security because of the original chartered mandate - it never changed, even though MJ12's programs changed in the 60s after JFK.

However, what happens when the "good" forces in the Military take control over MJ12, cease to operate the sacrifice programs and essentially give a big middle finger to the aliens demanding the children, you are faced with The Storm we see today. Many celebrities, politicians, Government employees, civilians, etc. who were involved in these programs were all working for these ETs even if they had no clue. It was designed this way. When the feed was cut off, the revenge started showing itself through linked consciousness.

The people who were under the "spell" (so to speak) of these ETs from their sacrifices and commitments to Satan/Lucifer "himself" (not really "himself", just claimed to be), would receive constant conscious communication with the IS-BEs the USMil was actively fighting.

Some of this crosses RED LINE territory, so we won't be expanding any further quite yet. However, the purpose of the Space Force creation was to force all of the secret technology out of the shadows and into the Commander in Chief's desk. The law requires them to comply.

Additionally, dedicated Patriots in the Military who were just as upset about 9/11 and most civilians were decided that ENOUGH WAS ENOUGH. MJ12 was commandeered a month after 9/11 and the Space Preservation Act was enabled to block future rouge Majestic 12 operations.

The Military audit currently ongoing is turning up technology that is "out of this world" and "in science fiction". You've heard both the President and Vice President refer to this new technology as such. Hollywood knew the secret and they hid it in plain sight.

Since the Space Preservation Act was designed to stop MJ12, which it had relatively little success until HRC was removed from office (who was also an MJ12 member until recently), once MJ12 got in the hands of the "good" side of D.I.A., and later to 45, those weapons can now be used.

Against them. 45 has constantly said "I am rebuilding our Military." and "I will never forgive 44 for what he did to our Military." NOT ANYMORE.

The audit is turning up technology the likes of which the world has never seen before and the ONLY solution to ensure we survive is to unite as a planet and realize "we are all humans" and our "problems at home won't seem so big if we faced an alien threat."

Many people here like to tell us, the Majestic 12, that there are no such thing as bad aliens. They are good-willed but severely ignorant.

MJ12 immediately took control over three highly classified antigravity spacecraft prototypes on day one in 1947. Truman discovered from OP  that our newly acquired assets had technology withheld. MJ12 was created to take over from that point.

Teal'c was the name of an Alien we met in the 60s.

Teal'c was actually a space craft that had its own consciousness. Early posts discussed this being in further detail. A galaxy roughly 2M light years away. No planet. Lived in the ocean of space between planets.

What if we told you the race was over 10 billion years old?

What if we told you that we have imprisoned three of them on Earth?

What if we tried to reverse engineer these organic lifeforms into synthetic reproducible units?

Would the being attempt to sabotage the efforts? <https://t.co/BT9XvhAqSg>

Because they haven't made official public contact yet. Earth humans are not taught about exoconsciousness and the reality of interdimensional and hyperdimensional life forms that seek to create their vision of reality.

Some Earth humans are aware of this type of lifeform, but they are buried deep inside the Military Industrial Complex for obvious reasons.

You'll be underground in that paradise! There are other Earth like planets that aren't so hostile.

If you can easily terraform a planet (patent or no patent), why not just terraform Earth when we destroy it? Who knows... maybe we already have done that.

Exactly. You are always faced with what is right and what is wrong. Sometimes what is wrong looks so right, and what looks right is so wrong. Only looking inward to your connection to exoconsciousness do you learn what truly is right and wrong. Let there be LIGHT!

Anybody at this point in time who refuses to acknowledge or disclose the ET presence on Earth is actively working for the entities who are trying to sabotage our Disclosure efforts.

Many ETs here DO NOT WANT Disclosure. Not all evil, but most don't want Humans to find out.

Quote.

"i wouldn't be suprised if et's are actively communicating with people on the net and telepathically for those that are sensitive for that"

End quote.

They are. We allowed this to start after 2004. Some persisted prior however their engagements were so non-impactful to society that we permitted it. Since Twitter reaches hundreds of thousands of people, all of the ETs allowed here have been vetted and permitted to engage.

Humans who are born on Earth can be ETs. Its a matter of where the soul is and how that energy is channeled that allow you to see who you are interacting with.

Yes. And you could return as a Dog if you chose (when you die and meet your IS-BE). Your "God". You walk through the LIGHT and become anew. When you can't control your conscious environment, then you can't choose your next path. Will and intention and self enlightenment enable it.

Far easier to ascend as a human than a Dog.

Dogs are far more conscious than humans give them credit. Sure they have low IQ, but their awareness of life is incredibly sharp. For a dog, they understand the light. They understand death. Why do you think Dogs like to "hide" just before they die? They know what they're doing.

When a dog does meet his ISBE, what happens? The dog doesn't know that the ISBE he's meeting can give him options for when he moves on? How do you pass that information on from one life form to another? Telepathy. You can give your dog the missing information to return not a Dog.

What is the purpose of being a dog? Dogs have it quite well in the grand scheme of things. True freeloaders in the universe but they understand the complete transaction with domestication. That safety and security is attractive to lifeforms and they tend to not want to give it up.

Conscious enlightenment will allow you to will the implantation out of your body to be absorbed by the brain naturally. Requires a very pure state of concentration for many days uninterrupted.

IQ is connected to conscious awareness.

Yes the brain can be enhanced and expanded through conscious control over your own DNA. Trick is to know the coded sequences to activate in meditation in order to expand cognitive ability. Think of the universe in the terms of energy, frequency, and vibration. Then consider what it would take to convert all math based meditation techniques into base 8. How would they change? This knowledge has been protected by the E.B.E. who invaded Earth 10000 years ago and was punished severely for it in the form of Karma. It took decades for this EBE to build up society and structure to the point of near global domination. Secrets are hidden in artwork and music.

Yes, but as you, will, ["note"], in the other tweet we sent, the capabilities of a lower functioning brain (like a normal human) would result in limited functionality such as lower speeds, lack of sensors, etc. etc.

mostly around the electrical capacitance capabilities of the brains neural activity current human brain structure is not advanced enough to handle higher currents of electricity.

Simultaneously controlling those type of subsystems require the brain to process a lot of information simultaneously in your conscious mind. Impossible for the unseasoned pilot. However a seasoned pilot who can intuitively FEEL the craft they are controlling (with manual controls and nobs) have the closest ability to learn how to control these UFOs In many regards, an IQ of at least 400 is required to fly some of the more basic consciousness crafts we have in our possession. IQ not being measured by currently public tests.

If you have that much internal distractions in your mind, you wouldn't be able to take off using one of these devices. Your mind needs to be crystal clear, sharp, and well taken care of to physically handle the strain that piloting a consciousness craft inflicts upon the pilot.

Sometimes distractions are intentional in order to protect higher density lifeforms from lower density lifeforms "butting in" and adding unnecessary chaos to higher orders of reality/ consciousness.

That distraction from the path of enlightenment has resulted in humans' genetic capabilities through properly developed brain function to be PREVENTED from learning telepathy, telekinesis, "healing powers" and other "magic.k." tricks of the "Gods." Humans have the ability. They were just subverted and distracted from learning the truth.

How many tens of thousands of dollars must you spend before you can save such a figure? Summer travel does not need to be expensive. You can travel affordably if time is not a major factor in your planning. You can travel even easier if you learned how to create your own UFO.

New flight technology will soon replace the "ancient" engine technology. It requires a new way of thinking because its primary element is a conduit to consciousness and is directly linked to the mind. The Great Awakening.

Money reset implies that we plan on keeping money. Remember, you don't want to have selfish evil people still in positions of power once the planetary transformation takes place with global consciousness rising to the next level. Many moving parts. No good solution. All have bad.

Balance must include evil. However the degree of evil is in question. Keeping evil at a minimum also requires keeping prosperity at a minimum. It's like tug of war when it comes to the higher dimensional war consciousness is fighting. Its finding a balance. Its Majestic.

What if you could travel to an asteroid and just mine gold? What if you could just 3D print gold? How would "money" exist then? Does it need to exist when replicators are introduced into the general public? The end of the Federal Reserve means more things than money.

You are right in that regard. The solution is far more complicated than you may understand. The introduction and adoption of AI will help this tremendously however education is the best solution over a series of years. The Great Awakening infers this new form of education.

Other civilizations in the universe, more advanced than Earth by tens of thousands of years, they have metropolitan areas that are dominated by an AI police force that is built upon sustainability and peace. The exchange for cooperating with the system is free living.

For those who are criminals, a series of well designed educational programs and mind control techniques are used to remove hostile behavior patterns, criminal intentions, and devious actions out of the individual. It sounds scary from Earth's perspective, and if it were.....implemented today, it would be used for evil.

However, in those other civilizations I mentioned, those who choose (remember free will is everything) to be part of the system can reap the benefits of the system. Those who choose not to, can live outside the control of it. But it truly means nomadic life. No public services. No fire department (so to speak), no hospitals (so to speak), no replication technology, etc. Instead, you are "off the grid" and living off nature. Many many many people opt for that lifestyle and are happy with it.

To give an Earth analogy to this, its like how the Amish give their offspring the choice whether or lead an Amish lifestyle or go off

into the [Clowns [In [America existence that is, currently, very evil - invented and created by the founders of MJ12.

When you understand the power of exoconsciousness, its not that difficult. But we appreciate your gratitude. The ETA for this implementation is roughly 7000 years from now.

Time is an illusion so ask yourself how do you progress 10,000 years?

Enlightenment and ascension. Just change what you have physically with your mind. Failure is an illusion, it is merely a set back.

What is time as humans experience it?

Why do humans attribute development with time elapsed?

What if your species was intentionally (by N.T.B.E., E.B.E., etc) "flatlined" (re IQ/Intelligence)?

What if you freed?

1947.

Also, lets lend a perspective into the following:

Remote Viewing, the bulk of the STARGATE program at D.I.A., revealed the usage of global consciousness to accurately "sit in" on EXTREMELY CLASSIFIED AND DANGEROUS operations world wide. This ability is still used to this day,

though individuals can use technology to put scrambling technology in place that prevent you from being able to remote view into a DUMB or any other classified location.

Remote Viewing was a very dangerous phenomenon that the US Government had NO CLUE what it was or whatever!

So we panicked. We had to keep the secret safe. Free energy?

Awesome, yes, but we could NOT reveal how we learned about that technology without disclosing WHERE we also learned about Remote Viewing. Imagine if you could remote view into the Situation Room how devastating that could be for the United States? Majestic 12 was tasked with defending the nation FROM the secrets we knew because our Nation wasn't advanced enough at the time to deal with the dramatic changes.

One final note here, we have, through our exploration, discovered countless other planets with civilizations similar to ours in development progress that through the interventions of extraterrestrials on those planets, disclosed alien life and technology before people were properly prepared and became enslaved by a similar kind of interplanetary cabal to NWO.

Devices that receive "free energy" technology can themselves be modified quite easily into WMDs. Global consciousness needs to upgrade to 5D before we can "give" everybody the potential of a WMD in their possession. Not all are there yet.

All artificial radiation that is currently emitted from technology interferes with global consciousness. New technology will replace these harmful radiations. Best solution is to opt out of holding a 5G device up to your face.

Moloch is the ancient babylonian IS-BE that feeds on children  
immediately at birth due to the extremely concentrated source of  
life energy that can be consumed to make your own IS-BE's  
consciousness projection aura stronger than surrounding IS-BEs.

Moloch is by definition a "God" due to the fact that this entity can/  
only exists in much higher densities of consciousness. The magick  
involved in cultivating children for consumption requires one to  
be a master of secrecy and stealth. IS-BE's who identify with that  
"entity".....are organically generating new energy that the higher  
lifeform IS-BE feeds on, in exchange, the power transfer done to

Question.

"Do SRA (Sexual Ritual Abuse) victims with fractured minds have multiple IS's within their single BE, or is every Altar a piece of the whole IS?"

Answer.

No, they experience multiple alternative realities inside the same body because trauma unlocks areas of consciousness that give your IS-BE "God like abilities" of intuition and judgement despite being completely incapacitated by your handlers. Ying/Yang. Everything seeks balance.

Technically their souls are not dead. Their souls have just moved into another victim. Their soul, after a while, goes through many lifetimes of abuse and it becomes "their reality inherently" which gives them an illusion subconsciously that they are stuck and can't get out.

The "species" that you are referring to is relatively limited in its current capacity. Only through intensive meditation, mass consciousness events, co-creative meditation and valor can we save our species. Those exercises will physically change the "species" as we know it.

Unborn children have a foothold kind of engagement with their mother. The IS-BE's soul of that child decided to create another BE in the infinite realms of conscious projection here on Earth. Many BEs are born per IS. You'd be surprised. The IS-BE has not fully transferred BEs.

Between life and death a period of "time" exists that has been described as purgatory by dogmatic religions where you are able to decide your next life using free will and intended actions. This time you are contemplating the existence that you once had and wait long enough to.....just think, "wait, can I go back?" You can, with no control. If you were told "yes" and then decided "yes! I want to go back" and they end up in a birth canal. Between questioning and willing, life in the womb can be understood. If you terminate that life, then the idea is.....then pushed back into your mind as in "nothing's happening yet, maybe I can't go back" but more closely as in how do I just "will something to exist". You have to know it from your heart. Many family generations are simply skipping generational IS-BEs. Ying-Yang.

IS-BEs are able to communicate through source love/light in a way that transcends space and time. Decisions made around a family greatly impact the experience of purgatory that an IS-BE experiences. If you will to hear them, you will hear your next life. When you leave this realm you will lose all memory of your actions while in source due to dropping into a lower frequency. Through meditation, consciously mindful living, with healthy

eating habits abundant in THC, CBD, and CBN, you may be able to return to those moments of contemplation you had before. And learn about the purpose of your life; while at the same time, possibly learn about your former life. The further you are from the time of your last purgatory, the more difficult recalling will be. Children learn a twisted and sick form of this to learn their passion in life.

Childhood should be about learning how to unlock your Genetic Memory, chart and discover the interiors of your mind, learn about the world around you - physically around you first, and learn how to take care of yourself and sustain your living conditions for a long period of time.

Instead children are forced into public school - which we control what the children learn and what they don't learn (since 1951). Granted the disinformation campaign of education existed long before MJ12 came into existence, however when we rose to power, we took control over it.

The Majestic 12 will never reform the Education system. We are actually hoping that the citizenry reject it and opt in for a blockchain technology solution like other planets have. All people on Earth would be entitled to a terminal of knowledge. All knowledge stored.

All humans can intuitively learn logical operations. At 99. At -9. You were conceived with logical operations embedded deep inside code stored inside DNA.

Question

"are you saying our worlds past experiences were put in place in order to grow? The Egg Theory. We are climbing out of the rabbit hole(Earth) and into Sheen/Gaia/5D/etc... as we reach the 4th phase our DNA activates and we return to the stars..."

Answer

We need to understand how to decode (properly) our DNA first. The truth inside our DNA has been classified for a very very long time. It is time for it to come into the light.

All information exists within and can be downloaded on command.

Learn how to communicate with consciousness and you are Majestic and worthy of entry.

Think Starfleet.

You can access all information inside.

Education is not about remembering.

Its about getting answers from within.

Balance must include evil. However the degree of evil is in question. Keeping evil at a minimum also requires keeping prosperity at a minimum. It's like tug of war when it comes to the higher dimensional war consciousness is fighting. Its finding a balance. Its Majestic.

Ike.

This particular President was not being blackmailed or threatened to make the decisions he made. At the time, they were strategically the best decisions, however its more important to recognize the failure of consciousness here. Morality and karma dictate the future.

Greed overcame his ability to understand exoconsciousness and the universal oneness and sided with an enemy he knew nothing of, but went off the advice of his counsel who assured him the

threat could be mitigated by moving forward. They acted, and we are now living that reality.

Willful intention is a powerful tool for consciousness projection into the matrix reality. Only love and empathy can give you the strength in your heard and mind to manifest the reality necessary to eradicate the scourge that is a Babylonian Priesthood of Satanic Pedophiles.

Greed is a major issue. Certain races are stereotypically identified as being motivated by greed are actually motivated by the interdimensional drug experiences that throw your consciousness into total chaos outside of your control. Think Genesis. Greed drives evil in thre world.

These visionaries become the Majestic 12 type of consciousness. However the intentions of those actions must always be evaluated. As stated before, you are a commodity to them. They do not value the 3rd Dimension of reality because technically death is an illusion however.....when your life is ended before you are able to ascend into the permanent higher vibration to simply exist forever (possibly choosing to re- enter to reexperience), you are incrementally improving generation over generation in search for the truth of their Oneness and what it.....means to be "God" as Alex Jones explained on 2/27/19, this consciousness is energy and is what this account has been talking about since before Q became a thing. The Majestic 12 have been everywhere. There is so much disinformation in the world. What is real?

The power to will and manifest physical reality by learning the codes, the keys to the castle, the magic spells, (whatever you want to call it, you can name it anything you want, doesn't matter to me). Understanding this power means that you can either use your consciousness.....to "inadvertently" be responsible for allowing the manifestations of child cannibalism being rampant in the highest ranks of the Catholic Church and thousands of Banking and Investment Executives. The ladder is high. It goes deep underground.

Understand this, the world is changing. The world is watching.

Our collective consciousness needs to prepare to understand what is required of a society to say no more to those crimes. How?

The answer is Majestic if not a direct violation of the 4th Amendment if not explicitly used for National Security. Mass surveillance. Majestic.

That reality has existed for 50 years already and until its been abused its a problem. Was never a problem before! Critical thinking required. Logic required. If technology exists to protect our children but requires positive consciousness creation to be SAFE. National Security.

However the primary reason why people mistrust this Majestic technology is because WITH MAJESTIC TECHNOLOGY, IT USES CONSCIOUSNESS TO MANIFEST. You choose who to use it. For good or for evil. For a long period of time, powerful criminals used this technology to stay in power.

With great power comes great RESPONSIBILITY. Very Majestic statement disclosed.

Understanding who and what our past has been is essential to preventing it from happening again in the future. We don't dwell on remembering the past, but we do it long enough to rise global consciousness to be fully aware of the horrific violations of humanity that allowed our defeat in the first place. The reason why we as a civilization was setup to fail was because we were never properly guided in the first place. Modern mainstream religions are all Death Cults involved in horrific crimes against Humanity.

As we have said, we will destroy Christianity into a million pieces and expose it for what it really is. The good. The bad. And the ugly. Parts are very real and true. Others are why you are slaves. You must wake up or face complete destruction.

The Military is charged with that.

It has reached a critical point where the root cause of the problems we face as a civilization is fixable and within our reach simply because of the unrealized mass power that mass surveillance and social media + Majestic internet can really manifest.

We are not saying this account has any connections to Q, so please stop spreading disinformation/misinformation pertaining to this account. We do discuss extraterrestrials, consciousness, and aliens, including but not limited to occult numerology magic.k., and Majestic operations.

Q is an entirely separate operation as we have repeated dozens or so times. MJ12 operates above the Federal Government's bureaucracy because of the severity of the classification pertaining to ongoing ET related operations. Q is Earth based only. MJ12 is not.

Q ! (Not) = MJ12  
MJ12 ! (Not) = Q

We are not Q, we are the Majestic 12. Mirrors are things that reflect. Q uses meanings as mirrors to convey classified scenarios. We do it to connect parts of the mind together in order to unlock consciousness downloads. Consciousness communicates precisely by frequencies. Ideas.

We are aware of Majestic 12 disclosure processes currently operating in conjunction with the Q operation. The Q operation's the cleanup crew who are doing the necessary work. Majestic 12 programs will be disclosed after society purges ideological conscious cancer that is cancer.

We are instead providing tools to Anons who are aware of the Great Awakening who wish to hone in on the skills that others have mastered. Many posts are exercises in these fundamentals.

We have stated in the past that we ask questions only to convey information or to encourage others to think critically. Your answer was not wrong. We expanded on it by offering a simplified yet connected to other messages response. Every question we ask we have answers to.

"Be careful who you follow" means many things.  
Q is using Majestic forms of communication to disclose highly classified operations so the public will be aware of what's happening and not cause mass panic.  
This is the Great Awakening.

Now that we are INSIDE the Great Awakening era itself, "be careful who you follow" is a call to action for each IS-BE to:  
#Q1936 says: (Trust yourself).

We have our own objectives that are not mutually exclusive to Q's objectives. Nothing in our messaging is unloyal to the Plan directly outlined by 45. We are providing you new tools of consciousness to help create a better reality. 45 is a powerful man. He knows a lot of people.

WITCH HUNT.  
Eyes on Mueller. <https://t.co/UHxYXYHKAX>

Coincidence?  
MJ12 doesn't provide time based proofs because Time is an Illusion, though we do provide insight into events such as recent 45 messages about 🙌. He is very aware of adrenochrome. Those who (who are good) know, cannot sleep. These people are sick.

Back to Trump Foundation, let's dig deeper here.

Trump makes deals and in his rise to power he has pissed off a lot of people. They all save face in public because they are all chess pieces and they understand their role (taught to them in the secret societies).  
However Trump is the anomaly. Not only was Trump directly knowledgeable and aware of Extraterrestrial presence on Earth in the United States actively today (as in now) that taught him the real source of all knowledge is within through love, light, and prayer/meditation.

As we have been saying to you here, focus your energy not onto an external personification of God but identify who God is to you and what that is because it is you all along. Trump knows this. His children know this. With great power comes great responsibilities.

In general, Trump has been good at covering his tracks, but understand this, this group is trying to use process crimes as if they were criminal or somehow worthy of impeachment. The Majestic 12 has been grooming the Trump family with ET connections since his Uncle John Trump.  
With that the Art of the Deal shows you how you can learn to manipulate the Matrix and start winning. It's a formula of thought that comes from the Majestic 12 and the IS-BE of who Donald Trump really is. Dark to Light will happen. It will all come to light.

Initiating a time line in this instance deliberately introduces chaos information into the Matrix for the point of raising awareness.  
Time is an illusion and its also a tool.

"We, The People". Not We, The Commodity. Critical to realize that torturing any IS-BE creates thoughts that manifest into our conscious reality in the form of other lifeform energies, weather modification (the technology is used to suppress the raging storms currently playing out to protect the public). The reality is

these programs were so deadly to life on Earth that we risked complete nuclear annihilation. However, Majestic 12 won when 45 was elected. Yes, the Majestic 12 orchestrated the leak of the Podesta emails and the Clinton emails. The Majestic 12 are so confident that they are safe to admit this that the operation was a complete success.

The most Majestic organ in the body is also the most targeted organ in the body. It has been targeted by:

- 1/ Lack of education about the pineal gland.
- 2/ Classification following all discoveries pertaining to AP, RV, Telepathy, Telekinesis, etc.
- 3/ Deliberate calcifications.

The mind's eye or third eye or 6th chakra contains more perception receptors than your two eyes combined. This organ is literally your exoconsciousness antennae that enables you to remotely link to other sentient life forms hyperdimensionally.

Notice the timestamp of the cable:  
19:47.

Coincidence?

Exactly.

Not a coincidence.

This account has been dedicated to educating the public on exoconsciousness from the world view of a Domain IS-BE (of which you are).

Question.

Will blockchain have a key role in the future?

Answer.

Very much so, but current iterations are Cabal engineered work to essential steal even more money from gullible people who don't really understand blockchain, economies, and currency. People think they know. Only very few do.

Publish them publicly on blockchain technology like <https://t.co/wGJ9u827e4> if you are receiving VOG instructions and technology ideas.

Question.

Where are the major disclosure bombs? Strong Military cannot prevent a case of abuse, And is not required in our 5D future, imho 🤔

Answer.

This is where MJ12 disagree with your assessment. A strong military is required and blockchain technology can enable a system that prevents abuse proactively by allowing human-oriented AI to be responsible for checking the blockchain for abuses. Earth Mil is distorted and abused.

A lot of medical technology was discovered over the last 50 years that make it nearly impossible for a soldier to die if they actually make it to the medical facility in time INSIDE one of the [MANY] DUMBs we have. That's been kept secret and MJ12 has murdered to keep secret.

Blockchain technology allows you to replicate medical technologies outside of this Cabal's control. Before seeking greed for your work, publish it on a blockchain, and share it with the world. Greed is how this Cabal stays in power. Everybody wants a slice of the action.

The Majestic 12 will never reform the Education system. We are actually hoping that the citizenry reject it and opt in for a blockchain technology solution like other planets have. All people on Earth would be entitled to a terminal of knowledge. All knowledge stored.

That distraction from the path of enlightenment has resulted in humans' genetic capabilities through properly developed brain function to be PREVENTED from learning telepathy, telekinesis, "healing powers" and other "magick" tricks of the "Gods." Humans have the ability.

Comment.

So now we know what we must reform our educational system too. Good to know.

Answer.

Reform? Destroy. Education on other planets is similar to computer terminals connected to a distributed blockchain of cryptographically validated factual information that children access from their homes instead of going to a public school in a classroom with a teacher.

Question.

Is this where Blockchain came from?

Answer.

The concept of blockchain exists within every single person and they themselves can manifest reality around how they understand that knowledge to work. The Majestic 12 saw this technology's applications and started seeding it into the public back in 2007 with Bitcoin.

Other people had the idea, and once the PUBLIC started engaging with blockchain, we decided that it was possible to solve a lot of the world problems we have using blockchain technology.

The technology is Majestic in nature and therefore can be used for both good and evil purposes. While blockchain technology is huge on other planets with more advanced civilizations, the introduction always results in the initial abuse of the unknown. People find ways to exploit.

Bitcoin's creation was for those purposes we disclosed despite how innocent by-standards looked at the disinformation pertaining to money and sized an opportunity to invest billions into a technology they really knew nothing about. Facts do not care about your feelings, sadly.

Comment.

I don't own any bitcoin, but I do understand blockchain. I'm pretty solid at math, but I wouldn't call myself a wizard. My point is why create something for laundering assets when there's really no need? Trillions upon trillions have been laundered through USD at this point.

Answer

The need was to take wealth away from average citizens who don't normally fund their operations through drugs, sex, and crime extortion. They perpetuated the fraud because it lined their pockets despite the technology having strong potential. The story around bitcoin is disinfo.

USD certainly is a problem, however who safeguards USD?

Secret Service

Comment.

It's not untraceable at all, but its supposed to be distributed and decentralized.. It's also impossible to have predicted how many people adopted it to make it valuable. Traffickers could see the importance and helped it but not likely they are that smart. Nerds made it.

Nothing you stated is contrary to what we've stated. There is no story to change, except expose the truth behind some of the BTC

Answer.  
Very true distinction, however BTC is not as transparent and trustworthy as you've been mislead to believe.

Explain the justification of BTC's energy consumption needs in order to long term maintain the blockchain - all for an alternative to Babylonian Majic Money. There is much to uncover pertaining to the origins behind BTC - tech aside.  
And to those who can decipher the language. The illuminati was able to hide in plain sight for 6,000 years before MJ12 gave the world the concept of the internet in an attempt to take this cabal down. Look deep into the code - anyone who tells me they understand the here and now, residual long term effects, and social construct implications must be full of shit unless they can explain WHY those sacrifices must be made in the name of a "transparent" Money Majic alternative.

Comment.  
Perhaps high energy consumption mining could bring forth free energy use faster. You also stated BTC would not rebound, please define "rebound" as sure it will probably be smacked down after people are attracted back in, but it has rebounded.

## MJ12 Black expressed IS- BEs

In a universe of infinity, the purpose of this twitter account has always been written... its just a matter of understanding why. This account has been dedicated to educating the public on exoconsciousness from the world view of a Domain IS-BE (of which you are).

Sometimes you only need are 3 IS-BEs in UNITY working together to manifest powerful change through intent and will power.

Do not forget, message over messenger.  
Power of 3 6 and 9 is real. Use it.

Allow us to explain a paradigm:  
Learn the occult magick...

Consciousness manifests "randomly" whenever more than one conscious mind is actively focused on the same frequency intention of THOUGHT combined with sound and meditation. You have more than you know. WWG1WGA means we share our conscious awareness together and UNITE AS ONE!

Was a unified theory given to the ancient peoples of Earth? Yes.  
Was it stolen? Yes.  
Was it hidden? Yes.  
Where is it?  
Eyes Wide Open.

Math is the universal language.  
Life is a spark of light.

Numbers are reality.  
The Universal Language Is Math  
Everything is a vibrating frequency.

3, 6, and 9 are consciousness.  
The universe is comprised up of consciousness energy that decides, by thinking and willing, reality.

1, 2, 4, 5, 7, and 8 are chaos matrix theory.  
In reality, exoconsciousness is a matrix created by our individual aura EM field that is responsible for projecting physical reality as our consciousness perceives it.

Time is an illusion.  
It is an illusion.  
You can literally make it do whatever your imagination is capable of perceiving.

Time is an illusion and the illusion is manipulable because numbers hold magick inside them that drive patterns throughout the universe.

Synchronicity weaves the fabric of reality.

Those who control time control the illusion.  
Hyperdimensional chess.  
Absolute Power

Many work hard to suppress your true powers.  
IS-BEs are powerful.

IS-BE is the mind-body connection of your Source.  
DNA is a computer program.  
Collective consciousness is that all consciousness is the same.  
You are an IS-BE.

Therefore...

Think for yourself.  
Research for yourself.  
Learn. Improve.  
Love. Create.

Eyes Wide Open.  
The Power of 3 6 and 9 is real.  
3, 6, and 9 are consciousness.  
1, 2, 4, 5, 7, and 8 are chaos matrix theory.  
Synchronicity weaves the fabric of reality.  
The power of 3 6 and 9 is real.

All information exists within and  
can be downloaded on command.

Learn how to communicate with consciousness and you are  
Majestic and worthy of entry.

Think Starfleet.  
However the information  
Tesla learned,  
you can learn.

Education is not about remembering.  
Its about getting answers from within.  
You can access all information inside.  
3, 6, and 9 are consciousness.  
The Power of 3 6 and 9 is real.

1, 2, 4, 5, 7, and 8 are chaos matrix theory.  
Exoconsciousness is the energy Matrix that makes the fabric of what we perceive as reality that originates from each of our consciousnesses projecting our iteration of reality which is stored in majority within our DNA as so called "junk DNA".

IS-BE is the mind-body connection of your Source. DNA is a computer program. Collective consciousness is that all consciousness is the same. The brain filters out that which you cannot see within the minds eye.

Your biological body on Earth is started with a single cell that is incapable of access your DNA knowledge because it requires a conduit as powerful as the brain in order to decode the hyperdimensional data structures it contains that gave him the abilities he naturally had.

He has returned, but he has no memory of his former life. He will rise to great power once again. It's in his nature. It's in his DNA.

Your consciousness projects your physical reality.  
Studying enhances consciousness.  
Synchronicity weaves the fabric of reality.

Rely on cycles the Earth naturally provides to you.

What is the power of 3, 6, and 9?  
Circles require consciousness to manifest in reality. Irrational numbers require consciousness to observe their values.

Question.  
If time is an illusion then wouldn't the intention of 3-6-9 be more important than the actual numbers on the clock? 🤔

Answer.  
The numbers on the clock represent positioning relative to the planet's orbit that contribute to consciousness alignment.  
What is time?  
If its an illusion, why do we measure it?  
Why do we measure time with what we currently do?  
Who taught Earth about time?  
Environment.  
Illusion.

Groups of 3, at 9am every day for 60 minutes meditation schedule.  
Do mainstream religions require this?  
How do you manifest consciousness?

3, 6, and 9 are consciousness.  
The Power of 3 6 and 9 is real.  
You have more than you know.

△△△

Disclosure is projected for 2019. Time is an illusion, as we have stated many times prior so that is why we used "projected".

2019 will be a symbolic year of Disclosure  
2 = Pair/Together/WWG1WGA  
0=9 = Trust Yourself  
1 = redpills / disclosures  
--  
3 = IS-BE child (unity + truth)  
9 = Trust Yourself

Dates that coincide with 3 6 and 9 can manifest magickly in the matrix with greater strength.  
Majestic operations have distinct signatures.  
△△△

There are no coincidences.  
You Are The Plan.

Trust The Plan.  
Trust yourself.  
There is nothing more Majestic than the Great Awakening.

Welcome The Great Awakening.

All humans can intuitively learn logical operations. At 99. At -9. You were conceived with logical operations embedded deep inside code stored inside DNA.

Consciousness creates reality's matrix. Unlearn the lies. Discover the truth with an open mind.

Disconnect from the matrix, detoxify your body, and incredible powers become activated within you that give you purpose and meaning.

IS-BE's are powerful.

IS-BE is the mind-body connection of your Source.  
DNA is a computer program.  
Collective consciousness is that all consciousness is the same.

The God inside you can be controlled with free will. You are God. External personification of God removes Free Will from the equation. However with it comes a blank sheet of paper so to speak, so create at your own peril.

Cabal fantasized myths and "prophecies" that "write the future" (because IS-BEs read them and act upon what they say, the IS-BE therefore creates that future themselves).

Inform the slaves of what freedom is,  
then offer it to them.  
This trick has been used for centuries.

However open source instant communications beat them.

IS-BE's are powerful.

Open source intelligence. Think for yourself. Research for yourself. Stay educated.

9) It has been the efforts of Q, including MJ12, to help assist in the Great Awakening by acting on a paradox.

Paradoxes are naturally occurring in nature and require logical thinking and trust in yourself to decipher. If Q is an anonymous source, when what "Fake News" are they spreading?

Fake News = Narrative Shift + Agenda

Physical brain changes from "fake news FF trauma" make waking up for some "impossible".

Detoxify + CBD = Awoke.

3 6 9 IS EVERYTHING!  
Timing is EVERYTHING!  
Time is an illusion.  
The Power of 3 6 and 9 is real.

Consciousness creates reality.  
Detoxify your body.  
Explore <https://projectcbd.org> and heal.  
Actions speak louder than words.  
Make the world a better place.  
It only takes a thought and a spark of light inside for you to awaken.

Question.

Answer.  
That technology has not been seeded into the public yet. Derivatives that pale in contrast are available to LEO and derivatives of derivatives are available to criminal organizations (\$\$\$\$) and even more derivatives are available to civilians. Logical thinking makes decoding easy

Question.  
How can we "strengthen" our Maladhara Chakra?

Answer.  
Meditate in Lotus position directly on the ground. Closer your root chakra / butt is to the Earth (clothing included) during meditation the stronger transfer of Maladhara energy to your IS-BE from Earth.

Question.  
What if your knees don't allow full lotus?  
Answer.

Butt on the ground matters more than Lotus.

Questions.

Is there a way to engage in sexuality that is sacred? Beyond the contracts and ownership we are exposed to in the Bible, I mean, a real connected sacred sexuality that benefits both beings? I don't think contracts existed in the bible, it was more or less a sacred commitment to one man/women until death. In the ancient times, it was important to preserve the bloodlines, so people married to keep the lineage as pure as possible.

Answer.  
Bloodlines are essential to acquiring extreme power.

The sacred contract of sexual energy is the creation of life and the responsibility the Father and the Mother have onto the child. Unfortunately, all deviations to this can be perceived as child abuse.

Question.  
Is that why historically inter-racial marriages have been considered taboo?

Answer.  
Bloodlines. Mixing DNA creates new chaos. Homicidal maniacs thrive in conditions of absolute conformity and obedience.

By bloodline lineage, black expressed IS-BEs are more spiritually connected/pure consciousnesses because they have a deeper history on Earth than others.

The Civil Rights Movement was MAJESTIC. The World is Watching. The world will learn the truth. WHERE WE GO ONE WE GO ALL is MAJESTIC! In order to peacefully disclose ET life; the Domain wanted to guarantee that human rights would be respected worldwide first.

We are the Majestic 12.

The Majestic 12 was created to infiltrate the Illuminati and take control.

The Majestic has been an organization within the US Government since 1947 negotiating peace from over 100,000 races across the galaxy.

All Earth airspace is monitored and controlled by Majestic 12. ET crafts come and go who are cleared by the Majestic 12. Trust goes a long way when building relationships with other ET races. We protect ET races and Earth from hostile enemies.

The Government won't admit it because it would force their hand to disclose and release the technology acquired at Roswell. They need TIME to "reinvent" the technology without using the real physics of the Universe. <https://t.co/iGEPKL3SWJ>

Comment.  
We need to force this technology out.  
Answer.

This kind of technology, without spiritual development and maturity will lead to the destruction of the civilization. We in the Majestic 12 have heard from countless other races who have known of other races to have fallen when given advanced technology too quickly. Its reality.

As a lot new alien derived technology began to get seeded into the public, Majestic families became heavily involved in acquiring this technology, meeting the different races, and trading information for power and wealth. Some of those families were 322 connected.

So while the Majestic 12 created an entity so powerful that Government itself would collapse trying to fight it, Majestic families were trying to gain control over that system. History shows you who the financiers were. Many have powerful PR operations.

When Majestic 12 went under Cabal control, the weaponization of HIV was introduced into Hollywood and it became part of an unspoken contract you made between yourself and the "Devil"/ ETs/Cabal members/organization. You knew "they" would kill you any second they had a chance.

This ambiguity gave the Cabal and Majestic 12 leverage to do anything and everything under the sun to control and manipulate the actions and words of every powerful talking head on the planet.

We've already been to Mars. Decades ago.

Mars terraforming project will never happen. Its a humans dream of galactic domination. Sorry, but there are far more powerful/ intelligent races out there that will block, and kill Musk, if he ever tired. Mars is habitable as is for humans, why terraform? Global Reset.

The Zetas are a more advanced evolution of humans. They technically are from the future, if thats plausible to understand. When they crash landed, they were in the past and they were trapped. The Zetas are peaceful to most who are open minded. Dangerous to others.

The races that will welcome tearing you limb for limb and drinking the marrow out of your bones or squeezing the jelly from your eyes are going to be some extra large humanoid beings that live on Earth and who have been protected from Disclosure for a very very long time. #Giants

Vatican withholds truths to spread lies and propaganda.  
Like the Ori, the Vatican does not ascend its followers when they die. They return to human form (prison planet), and have their memories wiped clean to start over.

They don't teach self enLIGHTenment.

This account is but one small chess piece offering (S)ignals intelligence pertaining to the 30 year plan in the making involving dozens of races from several different worlds. No easy task when the Vatican has controlled Earth for thousands of years. Where are the giants? Where?!

The Vatican had a lot more control over the world back in 1947 than it does today.  
We may witness in our lifetime the destruction of the Vatican for the first time in over 89 years.  
The institution is corrupt and the definition of evil / the Devil.

We did both Good and Evil.  
We played the role of Gods and created the Matrix of the mind  
many people are stuck in.

We are here to break from that system, accept Disclosure, and bring DARK TO LIGHT.

We weren't ready then.  
We are now.  
Our future is amazing.

We have spent decades prepping you for it so we can make a TEN THOUSAND YEAR LEAP in civilization development in under a decade. Innovation flood gates have been busted wide open.

Question.  
What is the significance of revealing the Hall of Records at this time? What pivotal content will be revealed? How will this reorient humanity? (Aside from the obvious conclusions)  
Answer.

Obvious conclusions?  
Hall of Records contains records.  
Records of what?  
Thousands of intellectually advanced races co-existing on Planet Earth for millions of years?  
Contradictory to current society?  
Incompatible with current society?

Strong for an Earth human of this time, infant-like compared to Majestic 12 and other ET races. You're on the right track. Self enLIGHTenment is not a competition unless YOU want it to be, keep up the good work.

You are friendly with those you interact with on a daily basis but when greeted with something completely unknown you are faced with a fight or flight instinctual response.

This is why TRUST YOURSELF matters.

Disclosure.

What are we disclosing.

Time is an illusion.

When do you tell time?

Chaos theory.

How do you catch a fish?

This operation is not as easy as it may appear.

The public is facing decades of systematic abuse of our children by the people we were taught to trust the most.

Right the wrong.

Forgive.

Evolve.

Limited space. Projecting dates alters events. Events not dates dictate the Matrix. Disclosure of what? Disclosure has happened. Cat's out of the bag. The DOJ + FBI were protecting a transnational child sex trafficking cartel that satanically abused raped harvested etc.

While they were doing that, protected from oversight through carefully crafted legalese regarding national security classification

trust issued to classifying authorities. Treason. Majestic 12 required these provisions to protect the secret about ET life until the strength and size and reputation of the Vatican diminished so low that the Holy See will be facing prosecution in the Military Tribunals for their systematic child abuse "scandal" that never ends. In the background we, the Majestic 12, explored Space and met many other races. Some on Earth.

Earth must adopt a legal standard akin to the United States and respect children, elderly, the weak, the vulnerable, and the abused by removing the harm from their environment to the best of humanities ability. Unfortunately when SHEEP are sleeping, WOLVES FEED.

We traded technology, developed partnerships, establishes diplomatic protocols when dealing with alternative humanoid extraterrestrials in a manner that serves to the fundamental Majestic universal laws of basing all reasoning upon: compassion and evidence.

We realize and fully understand the gravity of what has happened. We lost control over our own Government and the Military did not want to cause mass hysteria and panic because this Cartel was too big for us to take on without facing the full weight of the Government fighting it.

Now, its the full weight of the Government minus the upper ranks and middle ranks of the Justice Department and FBI that need to be purged. Thank you 45. Disclosure will happen in due course. Understand that we have decades of wrong to right and it doesn't happen overnight.

When it does, it always leads to mass hysteria and complete panic. People are way too brainwashed in mockingbird mind control.

We know this. We created it.  
We can undo it. TRUST THE PLAN.

"The truth will set you free."

Disinformation puppets are dancing and trying to distract the public from the truth by using predictable insults such as racist or anti-Semitic.

When a black man steals a car we don't say "Black men steal cars" because definitions of a person are based on their decisions and not their attributes.

Race/color is an attribute not a decision.  
Choosing a new race/color is an attribute though and therefore not protected.

Similarly if a Jewish person decided to disregard the value of all lives and seek profits at all costs, that is an individual's decisions not an attribute to a race of people, the Jews.  
Making statements, whether truth, disinformation, or misinformation pertaining to the Holocaust and whether any Jews had direct involvement or "something to gain" by participating in the decisions does not make your actions of speaking a gesture of bigotry or hate.

Individual acts are subject to scrutiny equally regardless of attributes of the individual person.

Why then do they use these hateful, untruthful, and down right divisive lies?  
To keep you divided and away from learning too much.

Unlearn all lies.

Question.  
When the IG report comes out, will any MJ12 members be effected?

Answer.  
No,  
MJ12 is isolated 100% from DOJ.  
DOJ cannot touch anyone in MJ12.  
They literally cannot touch anyone in/from MJ12.  
They don't have the need to know.  
They will never have a need to know.  
This is why WE love compartmentalization classification laws.

We do not expect anybody to trust the Majestic 12. The Majestic 12 has been the most secretive organization on the planet, but its important to understand that in order for Disclosure to take place, we must go from DARK to LIGHT. We admit our mistakes, but truly care about Earth.

Knowledge is power. Knowledge is dangerous in the wrong hands. Only the pure of heart and willing can acquire the knowledge you seek. It cannot be forced onto anyone. Granted, there has been a lot of subversion.

But YOU CREATE your reality.  
Not us. We can create a faux reality.  
But the Karma is spinning the planet into destruction. So, this time around, MJ12 have decided to take a back seat approach to dealing with Disclosure.

YOU HAVE MORE THAN YOU KNOW!  
Dropping Full Disclosure would cause lower evolved humans in positions of great power to do irreversible damage out of their own confusion, fear, and ego.

THE CHOICE MUST BE YOURS TO MAKE.  
We engage in this open forum as a means to help enLIGHTen those who seek the truth. We do not give you truth. We give you direction. Only through meditation and practice in unlocking your genetic memory will TRUTH resonate with you.

YOU CREATE YOUR REALITY.

"Think of the universe in terms of energy, frequency, and vibration."

Comment.  
And Love IS The Highest Frequency of ALL. Fear is very low frequency...  
Answer.  
Precisely.

Question.  
I agree with what you just said except 1 thing. I believe Plus Ultra Society to be more secretive than you. After all they built Tomorrow Land in a hidden pocket dimension somewhere on Earth. If your going from Dark to Light tell us what you know of them.

Answer.  
The Majestic 12 has been spoken in shadow among millions of Americans for a long time. In fact, so many are aware of MJ12's existence (with no evidence) that not only was there one Men In Black movie, but there were 3! P.U.S. is mostly disinformation from a failed experiment.

Question.  
Really? You say mostly though. Did the experiment yield any benefits like say tech to conceal bases on hostile planets?

Answer.  
We had cloaking technology well before PUS. The most important thing to understand about extreme secrecy is that we don't even show the cards we hold in the unlikely event we were faced with a crisis to our own commanding officers. We had to maintain secrecy at all costs.

The Stargate mentioned here is not an artificial stargate. It's a naturally forming Stargate in Iraq, Egypt, Iran, and Turkey. They each have stargates that are NATURALLY FORMING.

Think Men In Black  
Think Stargate  
Think Military Industrial Complex  
USA has artificial STARGATE!

Members of MJ12 were known to be powerful to those in the know, however, access to the secret was restricted.

@BarackObama was never a member of the Majestic.

Obama was never MJ12. He was signed into a hoax MJ12 that actually neutralized many major catastrophes from happening under his watch at the demand of his handlers. MJ12 subordinates concocted the elaborate hoax.

MJ12 are masters at making real life movies.  
Did you see our COUNTLESS MOVIES on this? We love movies.  
Are you enjoying the show?  
We are the masters of movies.

Everything is intentional even if you believe the purpose was not obvious.  
IS-BE's can get compromised and work in secret.  
NSA '47 allowed them to create SCI to hide their activity. Need to know.

Question.  
Who has an influence on you ?

Answer.  
God

Questions.

They won't attack him because they've made people believe he is nuts. They push the "conspiracy theory" are nut jobs idea so that nobody actually listens. Except for people that know better and DO listen! SHEEP NO MORE!

What IF these interdimensional aliens asked you to sterilized over 500,000 women and children in Africa and India using a "special batch" of vaccines donated by Bill Gates and given to W.H.O.? Would you do it? Oh wait....

Answer.

No if required. They demanded it. Weak minds gave in.

Answer.

You say "black man" as if its a bad thing. Why does the man's race have anything to do with the arrest? Are their dirty cops? Are operations underway that would jeopardize ongoing operations if true details of his arrest were made public?

What arrest? The man was killed.

MJ12 1947 (Dear Mr and Mrs America)

A fabric capable of being bullet proof?

This literally came from the crashed UFO at Roswell in 1947.

Literally.

Notice how there will be a new Motorcade One and Airforce One under President Trump? Those two new machines will host a bunch of new alien-technology.

#Disclosure <https://t.co/7eHFuvrEdS>

The Majestic has been an organization within the US Government since 1947 negotiating peace from over 100,000 races across the galaxy.

MJ12 immediately took control over three highly classified antigavity spacecraft prototypes on day one in 1947. Truman discovered from OP  that our newly acquired assets had technology withheld. MJ12 was created to take over from that point.

Majestic 12 was created at the direction of President Truman in 1947 in response to the Zetas that crashed at Roswell. Military ops were going on since the mid 1920s to detect and down a potential NAZI flying bell UFO aircraft. They designed weaponized microwave dishes to interfere with the navigational units on board which caused the pilot to fly blind. The intent was to destabilize the craft such that it would crash in a nearly controlled environment that would lead to the least destructive form of downing an aircraft. Most passengers survived this downing technique, some did not depending on where/how they crashed. Unfortunately, when this happened, the military was unpleasantly surprised. They believe all recorded UFO stories prior to 1947 were just the NAZIs. They didn't expect to meet a Zeta that faithful day.

No, it was to down a Nazi flying bell. Zetas were not the target. Although the speed in which the military was able to adapt their sensor technology resulted in several unintentional downings of Zetas. But make no mistake, we were downing those craft because we were researching.

Yes, a lot of the "nazi's" executed in the trials were actually "innocent" if you can believe that. Their decisions to make executions take place were punished justly, however the masterminds were never held accountable for their actions. They were smuggled into the USA/Argentina.

The Majestic 12 has been in contact with different ET groups domestically on planet Earth since the inception of the Majestic 12. The original members of the Majestic 12 were aware of ET presences on Earth, but had not formed official contact with any of them prior to MJ12 est.

They are protected by the National Security Act of 1947.

Majestic 12 was created in 1947 immediately after Roswell because National Security interests (Holy See) wanted us to cover up the Extraterrestrial life forms and the alternative physics that they use. Organization still exists and is the grandfather of the Deep State non-Cabal.

The Cabal took control over the National Security Apparatus that was created after the fallout of Roswell in 1947. That system was designed to be impenetrable, and it was, for nearly 70 years until the internet and social media.  
<https://t.co/fvOffpB8Cc>

Majestic 12 hides in plain sight, uses disinformation for real DECLASS orders as not to compromise ongoing operations and has been proactively working behind the scenes to bring official Disclosure and First Contact to the public since MJ12 was subverted for about 33 years.

1947,33

In 2011, MJ12 control changed hands from the CF/322/MB CST Cabal and "The Plan" was created. You are LIVING a Majestic movie of Disclosure. Darkness withers in LIGHT, and truth will be revealed. This account was started around [dates?] to facilitate pre-Disclosure discussions.

△△△

Dear Mr and Mrs America,

The Majestic 12 was a secret group of 12 individuals created by the United States Government that would operate outside of law, oversight and governance because of a discovery that took place in the Desert in Roswell, New Mexico. Join us...

Pretext/History: Prior to the creation of MJ12, or MAJIC EYES ONLY classification compartmentalization deemed "need to know" (was't allowed prior to 1947's National Security Act) the founding members were key players in events that led up to Roswell. There was a setup.

In Operation Paperclip we acquired through means necessary at the time to bring over 1,800+++ Nazi scientists, scholars, and officers. We smuggled them into the Country and gave them new identities and very deeply compartmentalized "[un]acknowledged (by you)" TOP SECRET SAP.

We learned from the 1,800+++ Nazis that Germany had engineered flying saucer prototypes at the guidance of a God in the "flesh and blood" DOING THE "BIDDING" OF THIS EXTRATERRESTRIAL. Hitler was working with this being (as we later came to find out).

Hitler was merely a disposable pawn. Now, understand that in STARGATE SG-1 the Go'uld are a parasitical reptilian race of aliens that "take a host" in order to cheat death and [BOOM], we will cross reference this in a moment.

We are not saying that Hitler was a Go'uld. The Go'uld are fictional characters that portrayed a very real truth in the universe. Hitler aside, the leading Nazis we smuggled into the country weren't going to give up their deepest military secrets to their former enemy (we are still their enemy) so instead we were

instructed on how to build a device capable of downing the navigational systems on board.

Their orders directly as assets of the US Military demanded that they take valuable action towards acquiring a German Flying Bell. Instead, what happened that glorious night was not what we could have ever believed. The truth will haunt you. We are about to explain.

The craft that crash landed wasn't just a space ship not from this Earth, but that the occupants inside had MANY striking similarities to our own homosapien or humanoid design. We had similar DNA yet their bodies were GENETICALLY ENGINEERED to perform very complex missions.

Not only did they have a different configuration of organs throughout their humanoid "doll" bodies, but they possessed organs unlikely ANYTHING on planet Earth. They were from out "there".

This gave the United States Government the opportunity to use the threat that Hitler was in league with a "God" who claimed to be an ET, but that we, the Americans, had struck gold because we know that God does not present himself before you. The misunderstanding of that term...

Your Immortal Spiritual Biological Entity (IS-BE) is your soul (IS) and your body (BE). You are an IS-BE. All life in the universe are IS-BEs. We are all the same. We are all one. We are connected together through our pineal gland. Our consciousness comes from God or All or IS-BE.

We (Americans) by definition of our National Identity from the founding fathers was that we knew God was all and that freedom to practice faith towards God was permitted in ANY FORM. This posed an interesting complex web of information.

Originally, our Government fought the traffickers and the drug running and the child kidnappings... now thats all it does. Not protect. This group of parasitical bloodline families were worshiping an Ancient Babylonian [God] IS-BE of Child Sacrifice, Moloch.

We knew from prior intelligence that those who started the IRS and Federal Reserves were directly involved in ritualistic child sacrifice including drinking the blood of a child. We shall use a pop culture reference here, it's appropriate. Research Moloch  . In Harry Potter and the Sorcerer's Stone, Bane said:

It is a terrible crime to sleigh a unicorn.

Drinking the blood of a unicorn will keep you alive, even if you are an inch from Death.

But at a terrible cost.

You sleigh something so pure,

You will have a half life.

A cursed life.

- cc @jk\_rowling

"But who would choose such a life?" asked Harry.

"Can you think of no-one?" Bane replied.

A unicorn is a [mythical] creature of pure beauty and spirit. A baby is that. A creature of pure beauty and spirit. A baby is a unicorn.

IS-BEs come in many shapes, sizes, forms, colors, abilities, etc. Literally whatever you could think of, exists in the universe. This knowledge came to us after hundreds of hours logged with telepathic human representatives communicating with EBEN-1 and EBEN-2.

We learned that the Entity controlling Hitler was acting and behaving in extremely evil behavior. This was apparent, however... we can look back at STARGATE SG-1 and compare the ORI to the tactics to brainwash their followers despite being lied to.

The progress made in the years leading to a trade, essentially resulted in us faking Hitlers death (Majestic loves movies - are you enjoying the show?) in exchange that he stop working with the ET IS-BE that was pure evil.

Well, let us reiterate, rinse and repeat... The "Cabal" is currently being lead by another "Committee" of ET IS-BEs connected to ongoings within the unacknowledged space program that the Americans took over when Germany fell. Thats why Operation Paperclip happened.

However, the past 30 years we have witnessed a massive subversion of power from the American People in the name of "National Security". Now connect that to CIA programs operating within the United States through social engineered problems like school shootings and terror attacks.

This group of individuals is the Enemy of the Majestic 12, and for the first time in DECADES we have finally elected a COMMANDER IN CHIEF who can DRAIN THE SWAMP and open the stars to the world. See, you've known the truth all along.

The truth is [hiding] in plain sight structured around propoganda and social engineering. Roswell opened a MASSIVE can of worms that was directly under the control of the Majestic 12. We operated above Top Secret. ANYTHING WENT. YOU NAME IT. UNSPEAKABLE. EVIL. WHY?

Who are the Cylons?

Hollywood glimpsed into reality of what Space is. It's what you make it to be. Your will. Unlimited possibilities exist and you need only choose a path. We know fundamentally that the highest level of consciousness is LIGHT. Photons. EVERYWHERE. LITERALLY EVERYWHERE.

The Majestic 12 love movies.

We had to, at all costs necessary [ultimately caving to the Committee (or an SG-1 reference, "The Trust")] ensure that the fact we had:

- A) Make First Contact with Alien Life.
- B) Learned The Universe Is FULL OF LIFE

was kept from, originally, the Chicoms and USSR but ultimately from the American People. For this misdeed, we are sincerely sorry to have let you down in such a way. Understanding Full Disclosure requires you to understand what Full is? What can be disclosed? We learned how to do it. And a group has been using those weapons against you.

The Space Force is 100% necessary in order for us to ensure that no other ET IS-BE (more evolved humanoids than yourself and sometime human looking humanoids) are violating massive

human rights abuses. The purpose of life is to love and be beloved. Nothing else.

Despite the bad that this group was involved in, and the military's justification for the trafficking of children they steal from the American People (every day... 800,000+++ /year) the Military believed through fault of their own that they were wrong.

Allowing like ET IS-BEs to violate our law because they have some fancy space weapons can be quite a DAUNTING TASK to undertake. After-all, we are talking about transforming our society in the next 10 years into a Space Culture with Space Ports to Andromeda and AMERICA FIRST!

Yes; horrible things have happened. Can we change it? We can only change the future. We can "go back in time and undo what we did" but the resulting world would have been conquered immediately had the secret got out too early.

=====

Alcohol is engineered to make sheep vulnerable. It is for that reason why it is intensely pushed by the "Cabal" or "Deep State" or "Majestic Cabal" or the Majestic 12. Roswell discoveries instructed through cause and effect predictions with the STARGATE to exploit alcohol.

Limited character space. Dense message.

Roswell beings educated Mil Intel about consciousness and how it can be manipulated and exploited with substances. Alcohol is a pushed because it calcifies your pineal gland. Marijuana is prohibited because Roswell ZR explained its value.

Marijuana legalization will come with Disclosure because they are intimately connected to understanding the biological connection our consciousness has with other plants and species and what information those life forms are attempting to communicate and how. What is alien?

Alcohol instead impairs that mind body plant consciousness connection and interacts with you with a mark of the beast. Alcohol brings out the worst in humanity. This is why its pushed. Who worships the Devil? The Vatican does. Belief in God is not required for belief in the Devil.

The Majestic 12 in its earliest formations served the Vatican exclusively on all matters relating to God. The presence of beings were withheld from the Vatican by Mil Intel however the Vatican was already in open dialogue with ZR prior.

As far as we were concerned, as long as the Vatican wasn't against us, we could do pretty much anything. So we did. The Vatican wanted Disclosure kept from the public because they worship the Devil and feed on children.

Those networks were used for exploiting and collecting blackmail on politicians by creating classified sources and methods be individuals who have legally not committed a crime be responsible for finding volunteers who will act on their own accord in classified settings.

Typically this meant preventing the left hand from knowing what the right hand is doing. Those who were move the children were taught never to ask questions or you risk the chance of being killed next.

Reasons of National Security were the threat of ETs in Space and the power hungry Vatican essentially forced the hand of the

United States through people's faith in false and dogmatic religions.

So while we kept those programs alive we introduced severe crime bills designed to kill two birds with one stone. Many people in Gov are very racist people who feed on the Black community's ignorance to their crimes. Its disgraceful.

Alcohol drinking was adjusted because the exclusivity and illegality yet easy accessibility and constant advertisements enabled people to be sneaky to get it which allowed blackmail/evil energy to essentially be collected on consumers of Alcohol.

At the same time we intensified the growing process and manufacturing process of marijuana with a higher level of intelligence thanks to mang ET contacts that happen naturally to those who have compatible vibrational states of consciousness. This was used for two purposes. We wanted to naturally allow culture to explore refining marijuana however since we were essentially working for the Devil/Vatican we instead withheld vital knowledge about marijuana's cocreative consciousness impact it has on the mind body link.

In Operation STATGATE MJ12 used RV to explore cause and effect changes in environment while under the influence of marijuana and alcohol. We learned that alcohol inhibits the consciousness from controlling the beast. Marijuana was the opposite. The beast cowers to Marijuana.

Using the STARGATE device we were able to peer into the REALITY of our Matrix of consciousness and not inward projection that makes RV inaccurate compared to a STARGATE.

We knew that Alcohol, mass incarceration of blacks, make marijuana illegal but fund the drug cartels as informants, trafficking everything for sources and methods to collect intelligence. All to keep Roswell secret.

The Vatican had a lot more control over the world back in 1947 than it does today. We may witness in our lifetime the destruction of the Vatican for the first time in over 89 years. The institution is corrupt and the definition of evil / the Devil.

We did both Good and Evil. We played the role of Gods and created the Matrix of the mind many people are stuck in. We are here to break from that system, accept Disclosure, and bring DARK TO LIGHT.

We weren't ready then. We are now.

Our future is amazing. We have spent decades prepping you for it so we can make a TEN THOUSAND YEAR LEAP in civilization development in under a decade. Innovation flood gates have been busted wide open. A Flood Approaches.

Time is an illusion so ask yourself how do you progress 10,000 years?

Majestic Message of Disclosure

Consider the following scenario and reflect on what feels true to you and then respond.

Was the USA a nation that defended all human beings equally under the law in 1946?

Civil Rights Movement? Purpose?

USA became a Majestic nation in 1947.

What defines an American Citizen?

Values. Nationality. Patriotism. Volunteer. Selfless. Determined.

Entrepreneur. Wealthy. Free. Independent. Alien. Majestic.

Disclosure was planned by the Domain all along. SG-1 seeded your consciousness with this reality. The time in which Disclosure takes place is only at the point in which the society will be able to get along with everyone through legal principals that all people equally share.

Think about the events unfolding within the Chinese Government and Military right now. Talk about Full Disclosure. Some are panicking. Trump has given Xi his word. Majestic nations respect what it means to be an American Citizen as well as a Chinese Citizen etc.

Many nations, identity is determined by race, religion, language, ethnicity, etc. the USA is different. It is a melting pot of personal potential limited by ones own mind themselves. Many work hard to suppress your true powers. Trust yourself. Facts Matter. Truth Resonates Inside.

The USA is founded on equal application of our laws for all people.

What happens when other nationalities are threatening our National Security but the Governments of those countries refuse to acknowledge their associations?

Limited information.

Disinformation.

China has its own history of child abuse. Its laws allow it. Our laws prohibit it on our soil or on our citizens. The programs are being operated inside the USA that China knows about and will willingly release only for political gamesmanship and not safety of all people, speak.

Think of the world as a melting pot of types of humans. All types. All varieties. All characters. Good. Evil. White. Black. Good. Evil. Smart. [DUMB. Clones. Avatars. Synthetic. AI.]

Each denomination originally started as tribal gatherings, so you were told. Naturally right?

You are friendly with those you interact with on a daily basis but when greeted with something completely unknown you are faced with a fight or flight instinctual response. This is why TRUST YOURSELF matters. Facts Matter. Tribalism is common among humans. Lower consciousness.

The issues in China are all about the Dark Side of the Moon. Pink Floyd? Is there anybody in there? Just nod if you can hear me? Is there anyone home? Moon? Spaceship. DEFCON 2? 1? US unchanged. Why?

The Civil Rights Movement was MAJESTIC. The World is Watching. The world will learn the truth. WHERE WE GO ONE WE GO ALL is MAJESTIC! In order to peacefully disclose ET life; the Domain wanted to guarantee that human rights would be respected worldwide first.

The Majestic 12 had a Mission Impossible that included letting a legal replacement be implemented worldwide to end the global war crises based on economic trade, national identity, equal rights for all people, and then, and only then can First Contact take place.

The world is changing.  
Dark to Light.

Re-read past drops. Here's the 40,000ft view:

- Majestic 12 was created as a result of Roswell (cover story - Operation Paperclip was the reason).

- The task of Majestic 12 was to conceal the extraterrestrial presence on Earth for "reasons of National Security."

- In late 1988, Majestic 12 reformed in an effort to bring the alien presence out into the open.

- There disclosure programs were created and members of the Majestic 12 were labeled such as MJ-1, MJ-2, etc to keep anonymity even among EYES ONLY classification settings.

- Majestic 12 has active operations ongoing in the United States from DIA assets using social media tools, like Anonymous Official, and this account to disclose vital information about the MAJESTIC reality that exists.

- This account is a conduit to three members' operations.

- Re-read past drops to get into details about child trafficking, consciousness, fluoride, cannabis, IS-BEs, extraterrestrial life, and other things.

- We do not ask anybody to believe anything we say.

- Everything is already open source and declassified.

- Raising awareness

- This account is being viewed by over 30 million people in the last 90 days.

- Co-creative consciousness exists and meme theory is the AI conduit the Majestic 12 gave to Anons to win the war against the group of hostile ETs who are the center around the Secret Societies.

- So, UFOs were Roswell yes, but not Majestic 12. Roswell was a False Flag - per se. The weather balloon was that is. Majestic 12 was the response to Operation Paperclip. The secrecy levels were peers.

- Paperclip programs were child sex trafficking, wars, cloning, "scientism satanism", Moloch, Mind Control, Drug Exploitation
- Majestic 12 disclosed alien technology, information about consciousness, etc all through the embedded ratlines of Operation Paperclip's Cabal.
- Many in the Democrat party are members of the Cabal who are descendants of Operation Paperclip Nazi ET programs operating in plain sight.
- VA Governor getting exposed as first a pro child murder politician but also a racist who is backtracking and refusing to resign.
- VA is a major player for child sex trafficking ratlines and like FL, a new Governor would go a long way to cleaning out these ratlines.
- Majestic 12 has operations in VA, FL, MA, TX, CA, NV, and several other locations.
- Majestic 12 is an old name.

Elementary Elements that are not naturally present on Earth but can be used on Earth for extraordinary things.  
Elements undiscovered by scientists on Earth are plentiful throughout the galaxy and universe...  
Elements do exist though that have non-Earth like "powers" (aka attributes) when controlled a particular way.

Cannabis can be a responsible and nonaddictive alternative to temporary pain relief to full cancer cure. Responsible consumption for spiritual healing will also physically heal the body of ailments. Cannabis enables this transformation to manifest from within.

Marijuana is a medicine of the mind. When the mind is cleaned, the medicine is no longer required. However the plant alone is occult by definition therefore we didn't teach anybody about its connections to healing trauma and return your soul back to a healthy loving vibration.

Marijuana has no side effects. How you consume it does. Key distinction.  
Cannabis legalization is a legal issue, not a lung issue. Smoking anything is unhealthy for your lungs, however everything has gives and takes per se. Cannabis can be consumed and used in thousands of applications aside from smoking where many are edible.

THC interacts with cannabinoid receptors inside the brain that affect the neurotransmitters responsible for delivering signal information during dreaming. There is always a balance per brain, therefore too much or too little can produce different results when dreaming.

Sometimes the effects one receives from cannabis are not intended for dreaming, but rather meditation. Higher quantities of THC/CBD/etc. combinations impact your minds eye and can unlock areas of the brain protected.

Hemp / Cannabis provide a complete protein for the human body to consume that raises its consciousness extremely high after long term intake. Avoid legumes due to lower vibration state. The more complex the organic plant life form is the higher density of consciousness involved.

Marijuana decriminalization is in the pipeline very soon.  
It is understood generally that unleashing this utility onto the world will help rise cocreative exoconsciousness in a way that is more effective than other previous attempts, however the OLD GUARD was in the way and blocked MJ12's every move - even though we researched it fully.

Unsolved? Solved. We were studying Pineal Glands and we wanted to experiment with psycho inducing drugs like DMT, LSD, THC, etc. These birds because:

1/ Nobody would say anything because of classification, location, and need to know.

2/ It would be more difficult to get away with killing over 250K penguins throughout our research if they were pigeons or doves.

3/ Penguins have more developed pineal glands than most other birds. Some of their decisions are "very human".

How do you systematically enable the population to mass enhance its cocreative consciousness in a quick enough way to usher in Disclosure?

Legalize marijuana and declassify all research on the subject. Will it happen?

Yes.

Trust the plan.

Systematic destruction of the OLD GUARD!

Your Immortal Spiritual Biological Entity (IS-BE) is your soul (IS) and your body (BE). You are an IS-BE. All life in the universe are IS-BEs. We are all the same. We are all one. We are connected together through our pineal gland. Our consciousness comes from God or All or IS-BE.

We (Americans) by definition of our National Identity from the founding fathers was that we knew God was all and that freedom to practice faith towards God was permitted in ANY FORM. This posed an interesting complex web of information.

We are willing to offer food replication technology in the not too distant future as a new cutting edge technology to curb worldwide hunger. Countries who show willingness to work with the United States to end the horrific crimes against humanity that have been taking place, they shall be granted trading access for this technology. Those companies want to sell products in your countries and we want those products to be made here in the United States. We have great potential. This is the Great Awakening. Crystal technology is used for the pattern storage. The data is encrypted and the patterns on file are limited to all types of foods.

THC isn't the only compound in Cannabis that is good for you.

THC is the least of all of them actually.

Yes, but make sure it also includes THC. There are very few brands that carry the combination, but you can find them. Typically 0.3% THC. Will not cause any psychoreactions to the mind however THINK LOGICALLY.

THC = IS.

CBD = BE.

You are an IS-BE.

THC is needed to instruct CBD.

CBD + THC

Hemp Oil !(not)= CBD Oil.

Hemp Oil is made from seeds, almost 0% CBD

CBD Oil is made from bud, leaves, scraps, stalk, etc, and can be high in CBD (strains) or low in CBD (strain).

Hemp Oil has no medicinal usages.

CBD has over 10,000 medicinal usages.

Question.

"Previously you have asked if evolution is possible without CBD and TCH (in lower quantity)

Implying the answer NO

Q: In addition to all other health measures previously discussed, Is taking a daily dose of cannabis oil helpful to cognitive development?

(Ex. 6mg/ml of both CBD+THC)"

Answer.

We are not endorsing any quantities as CBD should be treated like medicine if your intent is for medicinal purposes. If you simply wish to get high from THC, then consume it as you see fit. Some methods are healthier than others. However CBD is expressed in the strains lineage.

Consulting with a medical professional who specializes in cannabis can help you navigate the legal CBD markets without requiring a medical card. Most insurances would cover these visits.

When we say CBD is expressed in the lineage we are referring to the complex instructions intended to heal and undo bodily damage through cannabinol receptors activations and increased blood and oxygen flow throughout the body. Billions of receptors. Thousands of types.

THC:CBD Suppositories are more appropriate for individuals experiencing extreme physical pain, though consult your medical advice from a doctor and not Twitter or the internet. Think for yourself. Research for yourself. Learn. Improve. Love. Create. You are an IS-BE. All mighty.

Do spread light...

IS-BEs are able to communicate through source love/light in a way that transcends space and time. Decisions made around a family greatly impact the experience of purgatory that an IS-BE experiences. If you will to hear them, you will hear your next life. When you leave this realm you will lose all memory of your actions while in source due to dropping into a lower frequency. Through meditation, consciously mindful living, with healthy eating habits abundant in THC, CBD, and CBN, you may be able to return to those moments of contemplation you had before. And learn about the purpose of your life; while at the same time, possibly learn about your former life. The further you are from the time of your last purgatory, the more difficult recalling will be. Children learn a twisted and sick form of this to learn their passion in life.

Question.

"medical/health cure for seizure in the near future?"

Answer.

Cannabis.

Question.

"Does being on an anti-depressant (SSRI) block the proper functioning of the pineal gland?"

Answer.

Intentionally trying to mimmic the cannabinol activation techniques of CBD/THC at the expense of toxins being injected into your body that obfuscate your pineal gland's effectiveness.

Roswell beings educated Mil Intel about consciousness and how it can be manipulated and exploited with substances. Alcohol is a pushed because it calcifies your pineal gland. Marijuana is prohibited because Roswell ZR explained its value. Marijuana legalization will come with Disclosure because they are intimately connected to understanding the biological connection our consciousness has with other plants and species and what information those life forms are attempting to communicate and how.

What is alien?  
Alien is a frame of mind and a lens of understanding of intuition.

Alcohol instead impairs that mind body plant consciousness connection and interacts with you with a mark of the beast. Alcohol brings out the worst in humanity. This is why its pushed. Who worships the Devil? The Vatican does. Belief in God is not required for belief in the Devil.  
The Majestic 12 in its earliest formations served the Vatican exclusively on all matters relating to God. The presence of beings

were withheld from the Vatican by Mil Intel however the Vatican was already in open dialogue with ZR prior.

As far as we were concerned, as long as the Vatican wasn't against us, we could do pretty much anything. So we did. The Vatican wanted Disclosure kept from the public because they worship the Devil and feed on children.

Those networks were used for exploiting and collecting blackmail on politicians by creating classified sources and methods be individuals who have legally not committed a crime be responsible for finding volunteers who will act on their own accord in classified settings.

Typically this meant preventing the left hand from knowing what the right hand is doing. Those who were move the children were taught never to ask questions or you risk the chance of being killed next.

Reasons of National Security were the threat of ETs in Space and the power hungry Vatican essentially forced the hand of the United States through people's faith in false and dogmatic religions.

So while we kept those programs alive we introduced severe crime bills designed to kill two birds with one stone. Many people in Gov are very racist people who feed on the Black community's ignorance to their crimes. Its disgraceful.

Alcohol drinking was adjusted because the exclusivity and illegality yet easy accessibility and constant advertisements enabled people to be sneaky to get jt which allowed blackmail/evil energy to essentially be collected on consumers of Alcohol.

At the same time we intensified the growing process and manufacturing process of marijuana with a higher level of intelligence thanks to mang ET contacts that happen naturally to those who have compatible vibrational states of consciousness. This was used for two purposes. We wanted to naturally allow culture to explore refining marijuana however since we were essentially working for the Devil/Vatican we instead withheld vital knowledge about marijuana's cocreative consciousness impact it has on the mind body link.

In Operation STATGATE MJ12 used RV to explore cause and effect changes in environment while under the influence of marijuana and alcohol. We learned that alcohol inhibits the consciousness from controlling the beast. Marijuana was the opposite.

The beast cowers to Marijuana.

Using the STARGATE device we were able to peer into the REALITY of our Matrix of consciousness and not inward projection that makes RV inaccurate compared to a STARGATE.

We knew that Alcohol, mass incarceration of blacks, make marijuana illegal but fund the drug cartels as informants, trafficking everything for sources and methods to collect intelligence. All to keep Roswell secret.

The Vatican had a lot more control over the world back in 1947 than it does today. We may witness in our lifetime the destruction of the Vatican for the first time in over 89 years. The institution is corrupt and the definition of evil / the Devil.

We did both Good and Evil. We played the role of Gods and created the Matrix of the mind many people are stuck in. We are

here to break from that system, accept Disclosure, and bring DARK TO LIGHT.

We weren't ready then. We are now.

Our future is amazing. We have spent decades prepping you for it so we can make a TEN THOUSAND YEAR LEAP in civilization development in under a decade. Innovation flood gates have been busted wide open. A Flood Approaches.

All IS-BEs are a manifestation of a conscious projection of an IS who wishes to BE. The IS-BE responsible for the Biological entities it encompasses. This logically and compassionately.

IS-BEs are immortal spiritual biological entities that just are. No beginning. No end. How you experience the lower densities is free will. Evil is the opposite force of Good. Everything has an equal and opposite.

In order to understand the fundamental balance between your IS and BE connection you need to realize that its actually a mind body connection and sexual energy is extremely strong and can both help and hinder spiritual development with aligning your chakras. Not a religion.

Sometimes the only way to win is to deny the beast battle. Abstinence allows your IS-BE to focus on being mindful of conscious development versus receiving a temporary natural drug fix for encouraging procreation. However ejaculation without procreation can cause damage to IS-BEs.

There are dozens of genders among the wide range of ET life studied. Some do not do genders, others make gender a definition of their existence. Sexual energy grounds your other energies further into the lower densities which acts like a suppressor.

Orgone energy is released at climax. Collector devices can be manufactured easily. Experiments and character assassinated by FDA. Recent disclosures of research papers show promise in conjunction with CBD, THC, CBN, etc. on the body. Tread carefully. Energy can be powerful.

How about if we take over the Corporations & Stop Paying taxes or bills en masse? That is the real way to stop these psychopathic Corporate overlords isn't it?

Reply.

Wrong mindset.

Corporations are only as corrupt as people allow their own morals to be infringed upon by commercial propaganda.

Unlearn the propaganda and disconnect.

It is possible.

Freedom can seem like slavery to a mind controlled victim.

Question

Right, so don't play the game. But there is no current substitute outside of vagrancy?

Answer

The brain filters out that which you cannot see within the minds eye.

Public Education is a machine created to manufacture "employees" and "mind controlled" people who have a false perception of reality. Some aspects are taken advantage of to serve the public, however a vast majority is actually the boot holding the neck of America.

A human is an alien on Mars. Do aliens have rights?  
A human is an alien on Earth. Do aliens have rights?  
Do clones without consciousness have human rights?

'Rosanne' by @therealroseanne was cancelled by @ABC because she offered credibility to the mass "conspiracy" of child sex trafficking. Nothing to do with race. This decision came from the highest levels of @ABC as a means to help deal with the #TommyRobinson fiasco in the UK.

<https://t.co/11wGN9lyDN>

The Domain is a multi-race organization of extremely high density beings who evolved and developed into the higher densities who wanted to build a more peaceful universe.

Question.

Did the Domain ask residents of the Domain to incarnate here? Is this the source of many of the starseeds? Are many (most) starseeds part of the plan to raise earths consciousness?

Answer.

Not just the Domain but other groups as well, some terrestrially. The nuclear detonations on Earth raised alarms in higher realms of consciousness that are extremely dangerous and do destroy all life on a planet. IS-BEs who formerly occupied higher realms left to help Earth.

Nukes are a major red line for any planet to cross since the ripple effect it creates throughout all the higher dimensions are influenced. Many problems arise which is why when D.E./U.S. started testing nukes, ET visitations sky rocketed. Starseeds traveled to Earth to save life.

Correct. While the Domain was passively monitoring genetic development of Humans for their own cloning research for themselves, another race came in and started exploiting the darkness by using a lot of the technology from the Domain to interfere with our work. Majestic indeed.

The ET race that invaded Earth that has been feeding on your children must be stop. Great Awakening!

The Space Force is 100% necessary in order for us to ensure that no other ET IS-BE (more evolved humanoids than yourself and sometime human looking humanoids) are violating massive human rights abuses. The purpose of life is to love and be beloved. Nothing else.

Disclosure will happen, however ALL NATIONS OF EARTH MUST AGREE! Why is 45 going around to other Nations?

Inviting them to join.

Who is fighting this?

These people are SICK!

NO PENALTY to DEATH PENALTY

EXTREME PANIC IN DC

Question.

Why do we need every country to be on board?

Answer.

Each Nation gets veto power.

Vetos cannot cause violations of international human rights laws.

In time this will happen. Human Trafficking is a major world wide humanitarian crisis, and basing trade deals on equal Human Rights FOR ALL, including Children. We will enforce our trade laws with sanctions that cripple nations. Death by a thousand cuts.

The new technology that will be coming out will be protected at first while the rest of the world cleans itself up. Military will return home and defend the homeland from economic theft that make our sanctions effective in order to give other nations a choice.

The choice shall become, adopt the Majestic principals of equal human rights as fundamental requirement for trade. If you rape and murder children, sorry, you can go suck on a lemon. Doesn't mean we declare war. But sanctions can cripple offending nations. Look at Iran.

Citizens of those countries will have a choice. Do we allow a Government that abuses children in some of the most horrific ways to trade with the United States? We offer, in exchange of trade negotiations, access by allowing our businesses to be established in your country.

New Technology. You think Silicon Valley has anything cool? Give me a break. It's called SiliCON Valley. Everything they are doing is because of the Us Government. Lousy politicians who sold out our country. New Trade Deals. New Technology.

Full Disclosure will not happen outside of Classified realms until the humanitarian crisis of serious human rights abuses worldwide end completely and irreversibly. Wait until you see what was in Kim's letter.

If rockets were flying everywhere and I said what I said, we'd be in a very different country right now, let me tell you that. Strings cut. Clowns are out. We're done with them. The manner in which other countries will gain access to our technology will be through trade only.

We are willing to offer food replication technology in the not too distant future as a new cutting edge technology to curb worldwide hunger. Countries who show willingness to work with the United States to end the horrific crimes against humanity that have been taking place, they shall be granted trading access for this technology. Those companies want to sell products in your countries and we want those products to be made here in the United States. We have great potential. This is the Great Awakening. Watch. Learn

Disclosure is a human right. Full Disclosure to those who are willing. We are at a critical time right now. Good versus EVIL. The MJ12 are at the pleasure to the POTUS because he is the enemy of C322. We only disclose what is already COMMON KNOWLEDGE AMONG THY CONSCIOUSNESS.

Question.

Why are there not more whistle blowers of the SSP? And real pics or videos of ET's/ EBE's?

Answer.

Extreme secrecy and extreme security coupled with no rights as an officer when it comes to the security and safety of the operations.

Question.

will the inner earth people come forward?

Answer.

Convince them why a dangerous savage child race should be graced with their presence.

They do not like us surface dwellers for the most part. Personally, we don't really interact with inner earth beings, except for the ETs that we keep in DUMBs, but those are separate things to consider. If more people were like you @tageine then we could possibly have a thriving relationship with the subterranean dwellers.

And they have every right to be skeptical of your fellow human intentions.

Majestic Message of Disclosure

Consider the following scenario and reflect on what feels true to you and then respond.

Was the USA a nation that defended all human beings equally under the law in 1946?

Civil Rights Movement? Purpose?

USA became a Majestic nation in 1947.

What defines an American Citizen?

Values. Nationality. Patriotism. Volunteer. Selfless. Determined. Entrepreneur. Wealthy. Free. Independent. Alien. Majestic.

Disclosure was planned by the Domain all along. SG-1 seeded your consciousness with this reality. The time in which Disclosure takes place is only at the point in which the society will be able to get along with everyone through legal principals that all people equally share.

Think about the events unfolding within the Chinese Government and Military right now. Talk about Full Disclosure. Some are panicking. Trump has given Xi his word. Majestic nations respect what it means to be an American Citizen as well as a Chinese Citizen etc.

Many nations, identity is determined by race, religion, language, ethnicity, etc. the USA is different. It is a melting pot of personal potential limited by ones own mind themselves. Many work hard to suppress your true powers. Trust yourself. Facts Matter. Truth Resonates Inside.

The USA is founded on equal application of our laws for all people.

What happens when other nationalities are threatening our National Security but the Governments of those countries refuse to acknowledge their associations?

Limited information.

Disinformation.

China has its own history of child abuse. Its laws allow it. Our laws prohibit it on our soil or on our citizens. The programs are being operated inside the USA that China knows about and will willingly release only for political gamesmanship and not safety of all people, speak.

Think of the world as a melting pot of types of humans. All types. All varieties. All characters. Good. Evil. White. Black. Good. Evil. Smart. [DUMB. Clones. Avatars. Synthetic. AI.]

Each denomination originally started as tribal gatherings, so you were told. Naturally right?

You are friendly with those you interact with on a daily basis but when greeted with something completely unknown you are faced with a fight or flight instinctual response. This is why TRUST YOURSELF matters. Facts Matter. Tribalism is common among humans. Lower consciousness.

Earth must adopt a legal standard akin to the United States and respect children, elderly, the weak, the vulnerable, and the abused by removing the harm from their environment to the best of humanities ability. Unfortunately when SHEEP are sleeping, WOLVES FEED.

The issues in China are all about the Dark Side of the Moon. Pink Floyd? Is there anybody in there? Just nod if you can hear me? Is there anyone home? Moon? Spaceship. DEFCON 2? 1? US unchanged. Why?

The Civil Rights Movement was MAJESTIC. The World is Watching. The world will learn the truth. WHERE WE GO ONE WE GO ALL is MAJESTIC! In order to peacefully disclose ET life; the Domain wanted to guarantee that human rights would be respected worldwide first.

The Majestic 12 had a Mission Impossible that included letting a legal replacement be implemented worldwide to end the global war crises based on economic trade, national identity, equal rights for all people, and then, and only then can First Contact take place.

The world is changing.  
Dark to Light.

Bloodlines are essential to acquiring extreme power. The sacred contract of sexual energy is the creation of life and the responsibility the Father and the Mother have onto the child. Unfortunately, all deviations to this can be perceived as child abuse.

Question.  
Is that why historically inter-racial marriages have been considered taboo?

Answer.  
Bloodlines. Mixing DNA creates new chaos. Homicidal maniacs thrive in conditions of absolute conformity and obedience. By bloodline lineage, black expressed IS-BEs are more spiritually connected/pure consciousnesses because they have a deeper history on Earth than others.

Question.  
So who "invented" the clock and the calendar?

Answer.  
Ancient race of humans that originated on the [planet].

Ancient builder race = genus of Earth based advanced life forms from 50M+ years ago.

We are all one means simply that we all love as one and we all fear as one. Each person has equal potential relative to their IS-BE's avatar's genetic makeup/conscious strength. Only through looking inward do you enhance your consciousness. External personification of God and Jesus have you looking away from the truth to your consciousness.

The image is from the TV Series Stargate SG-1 (official DIA program) and the text is that of the Ancients, a race of humans who lived for millions of years on Earth before being wiped out who built the original star gate networks and colonized multiple galaxies. Mostly fiction.

Question.

When and How will you (Mj12) Turn on the world empire of false Religion?

Answer.

We already have.

EO from December 2017 did just that.

Serious Human Rights Abusers = Catholic Church.

Serious Human Rights Abusers = Islam.

Serious Human Rights Abusers = Torah.

We respect their right to practice faith in their God, but not at the sacrifice of children.

Correct. Lowering age of consent also lowers the age of lawful parental control rights. Both are connected. Cabal wanted to destroy the family unit and replace childhood with mind control social experiments that harvest negative life energy so they can exist w/o LIGHT/Love.

As we have said, we will destroy Christianity into a million pieces and expose it for what it really is. The good. The bad. And the ugly. Parts are very real and true. Others are why you are slaves. You must wake up or face complete destruction. The Military is charged with that.

It has reached a critical point where the root cause of the problems we face as a civilization is fixable and within our reach simply because of the unrealized mass power that mass surveillance and social media + Majestic internet can really manifest.

Majestic creations requires consciousness to ensure it is used for Good and not for Evil. You have rights to fear this technology. Not everybody has developed consciously enough to accept these outcomes. Consciousness evolution is very important.

The EO is aimed to keep more soldiers alive for Disclosure. They deserve the truth. It has been compartmentalized for too long.

Question.

When can we grow and sell MJ. It would do wonders for the economy and mind.

Answer.

Within the next decade. 45 is undoing decades of narcotics trafficking by Deep State assets as well as giving States the rights to Govern themselves.

- So, UFOs were Roswell yes, but not Majestic 12. Roswell was a False Flag - per se. The weather balloon was that is. Majestic 12 was the response to Operation Paperclip. The secrecy levels were peers.

- Paperclip programs were child sex trafficking, wars, cloning, "scientism satanism", Moloch, Mind Control, Drug Exploitation

- Majestic 12 disclosed alien technology, information about consciousness, etc all through the embedded ratlines of Operation Paperclip's Cabal.

- Many in the Democrat party are members of the Cabal who are descendants of Operation Paperclip Nazi ET programs operating in plain sight.

- VA Governor getting exposed as first a pro child murder politician but also a racist who is backtracking and refusing to resign.

The Democrat Party will be destroyed when we are finished with them.

Answer.

We will not attempt to speak on behalf of the Q team as to why or why they haven't elaborated on a given subject or not.

Remember, we're saving Israel for last.

Question.

Was U1 negotiated as an aspect of the Iran deal? Did Iran expect to eventually receive the uranium and use it for nefarious purposes?

Answer.

Hillary/Obama sold Israel to Iran and got the Russians to help Iran because it would go against American Foreign Policy. They wanted Iran to nuke Israel. Somebody talked about this recently? We wonder who that could be? Universal moral code is to base on compassion and evidence.

However the Russians did not want nuclear war between Iran and Israel, so Russia used their blackmail on 44/CF to manipulate every foreign policy decision made. In exchange, Russia gained

power over key areas the West won from the Soviet Union. This made Russia stronger.

They have no interest in nuclear war, however they do have interest in playing games with Foreign Policy to the betterment of their agenda. Players on both sides. Impartial because it is not National Security but rather National Interest.

Since the CF was trying to sell Israel to Iran via U1/CF (think Ukraine) which would send U to NK & Iran, Russia wanted a large enough stockpile hand delivered to them by the Americans to prove they are serious. Russia kept a majority of the U sold. NK/ Iran/? got the remainder.

Israel was given very special status after 1947. The Majestic 12 learned about the 50 year warning. We prepared by taking control over the region.

When you travel in space, you travel in time.

Disinformation.

Hillary found out about this intelligence through her CF blackmail portfolio of Government agents within NASA, SD, FBI, DOJ, NSA, DNI, etc. etc. etc. who were participating in the Rituals of Power. Invite only. Many layers of initiation. Advanced "alien" technology used on them.

The sinister death cult that Hillary was a high priestess to, who was working with similar ETs to the disinformation E.B.E-3, made it a political priority of the NWO, which was created by a different group of ETs, to destroy Earth as the architect's plan originally called for.

The NWO group was not the same group as CF.

Two different goals.

GF is similar to CF as well as NNF.

NWO wanted slaves on a planet that would produce more sacrifices.

CF et co conspirators wanted nuclear war because "all of them would survive."

Not true.

Nobody would.

It's happened on Earth before.

It's happened on other planets.

It's happened on the Moon.

It's happened on Venus.

Nuclear war always destroys all life on a planet.

Always.

The Earth is feeling the effects of the nuclear weapons tests conducted in the mid 20th century. The planet's climate is measurably losing control.

Why?

What are nuclear weapons?

Why do ET races forbid the use of nuclear weapons?

When humans discovered them, why did ETs visit?

Understand something essential. Trump offered NK access to Space Exploration on other planets in exchange for being pro-human rights.

There are cult members and Skull & Bonesmen who are working behind the scene to prevent Trump from succeeding.

Limited character space. Dense message.

Roswell beings educated Mil Intel about consciousness and how it can be manipulated and exploited with substances. Alcohol is a pushed because it calcifies your pineal gland. Marijuana is prohibited because Roswell ZR explained its value.

Marijuana legalization will come with Disclosure because they are intimately connected to understanding the biological connection our consciousness has with other plants and species and what information those life forms are attempting to communicate and how. What is alien?

Alcohol instead impairs that mind body plant consciousness connection and interacts with you with a mark of the beast. Alcohol brings out the worst in humanity. This is why its pushed. Who worships the Devil? The Vatican does. Belief in God is not required for belief in the Devil.

The Majestic 12 in its earliest formations served the Vatican exclusively on all matters relating to God. The presence of beings were withheld from the Vatican by Mil Intel however the Vatican was already in open dialogue with ZR prior.

As far as we were concerned, as long as the Vatican wasn't against us, we could do pretty much anything. So we did. The Vatican wanted Disclosure kept from the public because they worship the Devil and feed on children.

Those networks were used for exploiting and collecting blackmail on politicians by creating classified sources and methods be individuals who have legally not committed a crime be responsible for finding volunteers who will act on their own accord in classified settings.

Typically this meant preventing the left hand from knowing what the right hand is doing. Those who were move the children were taught never to ask questions or you risk the chance of being killed next.

Reasons of National Security were the threat of ETs in Space and the power hungry Vatican essentially forced the hand of the United States through people's faith in false and dogmatic religions.

So while we kept those programs alive we introduced severe crime bills designed to kill two birds with one stone. Many people in Gov are very racist people who feed on the Black community's ignorance to their crimes. Its disgraceful.

Alcohol drinking was adjusted because the exclusivity and illegality yet easy accessibility and constant advertisements enabled people to be sneaky to get jt which allowed blackmail/evil energy to essentially be collected on consumers of Alcohol.

At the same time we intensified the growing process and manufacturing process of marijuana with a higher level of intelligence thanks to many ET contacts that happen naturally to those who have compatible vibrational states of consciousness. This was used for two purposes. We wanted to naturally allow culture to explore refining marijuana however since we were essentially working for the Devil/Vatican we instead withheld vital knowledge about marijuana's cocreative consciousness impact it has on the mind body link.

In Operation STATGATE MJ12 used RV to explore cause and effect changes in environment while under the influence of marijuana and alcohol. We learned that alcohol inhibits the consciousness from controlling the beast. Marijuana was the opposite. The beast cowers to Marijuana.

Using the STARGATE device we were able to peer into the REALITY of our Matrix of consciousness and not inward projection that makes RV inaccurate compared to a STARGATE.

We knew that Alcohol, mass incarceration of blacks, make marijuana illegal but fund the drug cartels as informants, trafficking everything for sources and methods to collect intelligence. All to keep Roswell secret.

The Vatican had a lot more control over the world back in 1947 than it does today. We may witness in our lifetime the destruction of the Vatican for the first time in over 89 years. The institution is corrupt and the definition of evil / the Devil.

Some of us (MJ12) were never "Cabals" who served under their control because we believe in the Majestic work involved in being a true Patriot to an IDEA and not a creed, race, religion, or any other classification system you can conceive. Life, Liberty & The Pursuit of Happiness.

We did both Good and Evil. We played the role of Gods and created the Matrix of the mind many people are stuck in. We are here to break from that system, accept Disclosure, and bring DARK TO LIGHT.

We weren't ready then. We are now.

Our future is amazing. We have spent decades prepping you for it so we can make a TEN THOUSAND YEAR LEAP in civilization development in under a decade. Innovation flood gates have been busted wide open. A Flood Approaches.

However the solution is not to unplug from the reality, but rather to find the courage within to change it. Everybody has a choice between good and evil. Many people have lost sight of the innocence of humanity while others are harvesting the biological entities to enhance.

Question.

@TS\_SCI\_MAJIC12 You stated:

Coincidence DI (David Icke) is trending?

"The truth will set you free."

Disinformation puppets are dancing and trying to distract the public from the truth by using predictable insults such as racist or anti-Semitic. Here's a simple breakdown: <https://t.co/3azWxOqpNs>

When a black man steals a car we don't say "Black men steal cars" because definitions of a person are based on their decisions and not their attributes. Race/color is an attribute not a decision. Choosing a new race/color is an attribute though and therefore not protected.

Similarly if a Jewish person decided to disregard the value of all lives and seek profits at all costs, that is an individual's decision not an attribute to a race of people, the Jews.

Making statements, whether truth, disinformation, or misinformation pertaining to the Holocaust and whether any Jews had direct involvement or "something to gain" by participating in the decisions does not make your actions of speaking a gesture of bigotry or hate.

Individual acts are subject to scrutiny equally regardless of attributes of the individual person. David Icke is not anti-Semitic.

Why then do they use these hateful, untruthful, and down right divisive lies? To keep you divided and away from learning too much. Unlearn all lies.

It's important to note, we are not endorsing anything David Icke has publicly or privately disclosed. By his own admission, he is not anti-Semitic and the Majestic 12 are aware of him. However it's important to point out that not everything he says is false. Truth does exist inside.

Prepare yourself mentally for the heightened state of consciousness that will be required in order to survive.

Imagine if a man from 200 AD who could pick any woman in the town and rape her on the spot, then one day being transplanted

in 2018 America. That man is not mentally prepared for the heightened state of consciousness where we equally acknowledge and respect women's rights.

Death does not always await those who are not able to keep up with the times, however their lives are very difficult and low quality because of the decisions they make in a society with a heightened state of consciousness. Next step raises this standard even further. Look at \$\$\$.

Greed is a major issue. Certain races are stereotypically identified as being motivated by greed are actually motivated by the interdimensional drug experiences that throw your consciousness into total chaos outside of your control. Think Genesis. Greed drives evil in the world.

Greed is making it expensive to be poor and cheap to be in debt to others, inflated on this fiat currency controlled by occult/satanic/multithemed child cannibalism sacrifices. Everybody knows it is evil, yet nobody has the courage to stand up.

Historically the race in question ..are a race controlled by people who are true cowards about their own existence and responsibility to the exoconsciousness of the reality. This race must realize that the traditions and history of their people is controlled propaganda to "keep the species alive". Power wins.

These visionaries become the Majestic 12 type of consciousness. However the intentions of those actions must always be evaluated. As stated before, you are a commodity to them. They do not value the 3rd Dimension of reality because technically

death is an illusion however when your life is ended before you are able to ascend into the permanent higher vibration to simply exist forever (possibly choosing to re-enter to reexperience), you are incrementally improving generation over generation in search for the truth of their Oneness and what it ...means to be "God" as Alex Jones explained on 2/27/19, this consciousness is energy and is what this account has been talking about since before Q became a thing. The Majestic 12 have been everywhere. There is so much disinformation in the world.

# MJ12 DARPA

Quote@darpa

Sixty years ago, on Feb. 7, 1958, Secretary of Defense Neil McElroy issued DoD Directive 5015.15, establishing the Advanced Research Projects Agency (ARPA), later to add a D for defense to become DARPA. The DARPA story has been rife with surprise and so it shall continue to be. <https://t.co/K3nH7zGr0V>  
End quote.

Too bad less than 1% of what DARPA has accomplished is known by the public. Historically, MAJIC members didn't want the public knowing about DARPA at all... but there is this small snag of a thing called money. <https://t.co/FamYi9mRWH>

Question.

What exactly are DARPA's end goals? What is the purpose of their research and technology if not to benefit humanity? It seems they have questionable intentions.

Answer.

DARPA's end goals are simple. Conquer every technical challenge presented. Including reverse engineering extraterrestrial technology. Its an extremely dangerous line of work, so I encourage people who hate on DARPA to not forget about the MAJESTIC 12.

Anyone with the knowledge of time travel knew that would happen. Do you think DARPA was stupid when they created the internet?

Warner.

Knowing what you know:

1/ HARRP has been experimenting with weather modification for decades resulting in exponential growth in the quantity and strength of tropical storms throughout the Bible Belt. The weather is not always cooperative, however the size of the recent hurricanes in their sheer numbers compared to centuries past show growth disproportionate to population growth. The number of people required to manifest storms is really much lower than you think. Classified radio technologies in MSM broadcasting and radio station broadcasting actually induces emotions in IS-BEs who listen that create weather. Think of it as agenda driven reverse psychology. Seed the ideas associated to bad weather and then combine the consciousness energy with the classified programs at DARPA and HARP and you are able to amplify those specific frequencies being emitted in the form of audio/radio waves through television and radio. Weather is a major contributing factor to global scares.

According to Al Gore; Florida should have lost a lot of land by now since his original predictions of rising ocean levels. Al Gore has no clue how oceans actually work. Everything seeks equilibrium and should be carbon neutral. Since oceans rising is a myth (magick), we must therefore understand that by polluting the oceans with excessive toxins and heavy metals, we are changing the frequencies of the entire planet. Whether people are aware of it, all Climate Change related science is actually involved in terraforming Earth at a very slow rate for Cabal

fantasized myths and "prophecies" that "write the future" (because IS-BEs read them and act upon what they say, the IS-BE therefore creates that future themselves). Open source intelligence. Think for yourself. Research for yourself. Stay educated.

Majestic Message of Disclosure

Allow us to connect a few dots that will undoubtedly only re-enforce the tin foil wrapped around your head pertaining to chemtrails. The truth is more bizarre than we will go into here, but this is a 100kft view of the situation .

1/ Chemtrails is a term used to describe heavy metals and other particulates being expelled into the upper atmosphere by military and civilian aircraft.

2/ The purposes of chemtrails has been heavily classified with plenty of whistleblowers who spread misinformation and disinformation on the subject to keep you divided and conquered.

3/ Logical thinking is required.

4/ Truth resonates internally and therefore MJ proofs are moot.

5/ Message over messenger.

6/ SG-1 S1E8 Brief Candle explored the idea of nanotechnology that could change the illusion of time pertaining to the aging equation artificially.

7/ How did that episode disclose how nanotechnology is sustained in the body?

8/ A frequency was being emitted that directly controlled the "dial" for time in the aging process.

9/ What was the frequency? It wasn't disclosed as it is HIGHLY CLASSIFIED.

10/ Sam said somethink key about nanotechnology's ability to reproduce.

11/ They take heavy metals from around the body and use them to make more of the nanotechnology after the lifecycle of the bot has expired.

12/ Why does the Military spray heavy metals into the air?

13/ DARPA has been researching and developing nanotechnology for the body, specifically for military applications, though only 0.01% of these types of programs are unclassified.

14/ Vaccines are the medium used to inject these nanotechnology devices into your body.

15/ What is VOG?

16/ Why are vaccines shrouded with disinformation and misinformation pertaining to their effectiveness and efficiency?

17/ What have we told you about disinformation/misinformation?

# MJ12 Death is an illusion

Comment.

Trump was "drafted" by military intelligence

Answer.

When?

Time is an illusion.

Death is an illusion between relatively shared realities in an uncontrolled manner for the most part.

Death means new life.

"I knew enough to get the hell out of there before the whole operation was going to be lost. People think I was murdered- I told them to do it. The others wanted me dead, so I had to die. Death is an illusion; and time is an illusion that must be mastered to ascend successfully."

Question.

When you say "ascend", do you mean we break free from the reincarnation cycle created by the moon tech.?

Answer.

Correct.

We do not expect anybody to trust the Majestic 12. The Majestic 12 has been the most secretive organization on the planet, but its important to understand that in order for Disclosure to take place, we must go from DARK to LIGHT. We admit our mistakes, but truly care about Earth.

Question.

What is the Earth "maximum capacity" ?

Answer.

Around 3B. There is a mass extinction event that is relatively imminent but cocreative conscious time makes predicting such events nearly impossible. ME events occur when the negative karma of a planet implodes on its own weight and a reset occurs. Earth may survive.

Question.

Can we do something about it ?

Answer.

Evolve your consciousness to the 4th density and help others enhance their own consciousness.

Comment.

Lies!

Answer.

Care to share with what specifically you believe are lies?

Comment.

Mass Extinction!

Answer.

How many recorded mass extinctions have there been?

How many years between ME events?

How many years overdue is Earth currently?

The only thing holding the ME event back is the Majestic 12.

Christianity will be dismembered when we are done.

The people must demand it though.

Comment.

They must all be corrupt, then. Mark Taylor says any 50c3 and incorporated religions are a deep state owned business and aren't true to God.

Answer.

God is within. God is your soul. Your soul is your God. You are your soul. You are your God. You are an IS-BE. All centralized power structures that operate as a business seeking money are technically satanic by design. Religions teach you that Earth is hell.

When you die, if you walk into the light then you are told "you go to heaven". Wrong. You return to Earth in another incarnation. Jesus didn't walk to the light until after he stepped into the void, willed himself to return, and then he woke up. Time is an illusion. No time.

The only light he saw was when we opened his eyes. Occult magic. Death is an illusion. Death does not exist.

IS-BEs at death who seek the LIGHT reincarnate into new life at conception. IS-BEs who walk into the void, away from the light, go into the higher dimensions. Think of it as the ascended beings. You choose whether to interact on "our" level or not. Godmode is real.

After death, yes, will it.

Death means new life.

The body dies. The soul advances.

Not so fast. You CAN\* ascend, but it doesn't guarantee it.

Ascension is a choice and when you are faced with Death, you can choose. Sometimes, you can choose before you die (AKA voluntarily "die" early). Or you can fail the ascension test and be thrown back into a forgetful human

Essential to release your burden and understand that the person whom others see as YOU is not who YOU actually are. All decisions you make by your own name that shape the opinions of how others perceive you is the burden you must release and forgive all lower density actions.

Consciousness is everywhere and you can link with all frequencies of consciousness from infinite "distances" across all time and spatial dimensions.

You are never alone even when you lock yourself in a room by yourself.

Your "God" was an illusion designed to install the New World Order. Mostly lies, even though the actual text in the Bible does resonate many truths with the true nature of the universe.

All Abrahamic religions will be reformed and potentially replaced entirely with a less politically dogmatic control structure.

Those exist so that the humans who control the world can appease their "God", an interdimensional being who has a particular liking for child sacrifice. That being has granted many of them miracles, cures to diseases, and access to vastly superior technology.

Question.

Can you just kill this God so the pedo crap stops? I say cut the head off a snake & the body will fall. The idea of a God is so stupid.

Answer.

Death is an illusion. You cannot kill something that is immortal. A God is nothing more than somebody who understands the language of divinity and who can speak/create with it. There are many many powerful beings in the Universe. Not engaging with the enemy is recommended.

As stated before, you are a commodity to them. They do not value the 3rd Dimension of reality because technically death is an illusion however.....when your life is ended before you are able to ascend into the permanent higher vibration to simply exist forever (possibly choosing to re-enter to reexperience), you are incrementally improving generation over generation in search for the truth of their Oneness and what it.....means to be "God" as Alex Jones explained on 2/27/19, this consciousness is energy and is what this account has been talking about since before Q became a thing. The Majestic 12 have been everywhere. There is so much disinformation in the world. What is real?

Evil ends, most evil beings die. Humanity thrives in 4th density with Prosperity and Abundance to All, 7 Billion + 

Answer.

Illusions can become reality without enough consciousness. Evil beings do not die. IS-BEs are immortal spiritual biological entities that just are. No beginning. No end. How you experience the lower densities is free will. Evil is the opposite force of Good. Everything has an equal and opposite.

Comment.

All Evil Ends! Th evil ones either die, or see the light 

Answer.

Death is an illusion. You are misunderstanding fundamental concepts of the universe to satisfy the illusion that light always wins. Light does not always win. If it did, we wouldn't be in the mess we are in right now.

"Some things must remain classified to the very end." Q

Like human experimentations into telepathic humans. How many children died? More than you know. More than you could stomach.

What if we performed experiments on the beings who crashed even after they asked us, warned us, and dared us to let them go. They tried everything to escape. It was pitiful to watch. Only through understanding, did they understand our sacrifice and why. It took time to repair.

Nobody managing this account had anything to do with what happened to EBEN-1 and EBEN-2 and therefore nobody currently on MJ12 are responsible for what happened to them at that time. That's why there's no problem with us returning and disclosing this information. We're ready.

their supreme commanders on their home planet ultimately decided that our decision was not an act of war against them but rather a "reconnaissance mission" to understand who and what we were dealing with

no life was taken the bodies are considered dolls and part of dissecting the body and understanding how it worked meant that we were required to interface with the consciousness while it was still occupying the body but the soul was never harmed and returned home

Death is an illusion.  
The body dies.  
The soul advances.

define death

Question.

Death = suicide

Only exit for a failure body/soul

Answer.

Technically, but death without honor is meaningless and it sets you back in your next life.

Suicide prevents ascension.

Suicide reduces an IS-BE's radiant frequency/life aura.

In reincarnation, they will be attracted to the frequency to which they exert.

Example: Lets assume 100 = Ascension and 0 = No life progress (new soul)

Most humans are below 50.

If you're at 65, and commit suicide, the nature of the suicide may drop you down to 35.

What's the difference between 65 and 35 in this example?

If 65 is a middle aged family with 2 healthy and successful kids who has love and happiness fulfilling their lives, then 35 is the single middle aged man drinking every night. Suicide drops your reincarnation frequencies and you regress in conscious spiritual development.

Question.

What alternative ?

Answer.

Enlightenment and ascension. Just change what you have physically with your mind. Failure is an illusion, it is merely a set back.

Question.

Why is it not better known around ? For what purpose ?

Answer.

This knowledge has been protected by the EBE who invaded Earth 10000 years ago and was punished severely for it in the form of Karma. It took decades for this EBE to build up society and structure to the point of near global domination. Secrets are hidden in artwork and music.

If an alien ascends from the sky and appears to be hostile towards humans on Earth, do not believe your Establishment Government/Religions.

If an "alien" becomes hostile towards Earth, they are humans from Earth seeking world domination and control. Don't give into them.

They will attempt to force you to believe them, even murder a great number of you to comply.

Don't. Do not fear death. Your soul never dies.

Death means new life.

The body dies. The soul advances.

Consciousness is everywhere and you can link with all frequencies of consciousness from infinite "distances" across all time and spatial dimensions.

You are never alone even when you lock yourself in a room by yourself.

## ¶ Majestic Message of Disclosure

Many individuals at their moments of Death and encounter with Death report talking to a select few individuals.

It is the understanding in this download that the two people reflect:  
the exoconsciousness projection of your ego and your subconscious reflection of your ego at death.

At your moment of Death, you are able to meet your maker. If your maker is of LOVE and LIGHT then your two beings at Death will reflect that. Otherwise, they will reflect for what they are, which may seem confusing, disorienting, or even subversive.

Trust in yourself is key.

Truth resonates from within and the universal life force is love, so those who we hurt in our lives are not shown love, therefore we all have negative "karma" built up in our lives.

What if you learned how to translate this information throughout time?

Is that extraterrestrial or alien enough for you?

It hides in plain sight.

The two beings will discuss your life choices and short comings. If you choose to go into the light you will be reincarnated and you will forget your past identity. However if you choose LIGHT instead, so it shall be, and you will have the choice to ascend where you can either stay "dead" or re-enter the lower realm once again.

The person may never actually have "died" but just re-appeared again by another name.

So have you read in the recent CIA link we shared. The event may present Death to many people, however the secret is in front of you all this time and truth will resonate from within. Trust in yourself, trust in your family, and trust in your love will keep you safe even at death.

Not everyone can ascend. It is extremely difficult and most people fail when they try. When they fail to ascend, its like an inverse force of progress into regression in conscious frequency (which dictates, gravitates, and derives reality we all experience).

The moment of Death provides an IS-BE (your "God", "Creator", etc.) the chance to meet its ego (self awareness in 3D) with its exoconsciousness (the person who others saw you as through your decisions upon them) with their subconscious (the desires and sacrifices held within seen only through your eyes).

It is at this moment when your true self is seen and your able to clearly see your path forward.

Many people stray from this path and they have lost their way of LIGHT.

Every child just wishes to be loved and cared for. Therefore, we are now at a time (remember, time is a marker for events but an illusion in distance between events) where our consciousness will be able to make the proper choices and seek these answers from within PRIOR to Death so when you do meet these two individuals you know what you're going into.

Only then will you enter a period of "time?" where you reflect on the decisions in your past life and come to a conclusion about whether or not you should re-enter the lower dimensions or now to re-experience love from other people.

It is quite lonely.

This is why forgetting can be a good thing, not remembering loneliness - starting from a clean slate but the very essence of who we are is shown from within to the world via our life choices and moral virtues we live by.

It is during this time that your IS-BE will's its recreation that you are dropped into lower realm of reality as life energy appearing "out of nowhere (key word for out of phase dimensional object passing through)" experiencing the will to create life by having sex. Basic human instinct as it was the prime directive to our own creation - since we all seek our creation. It is why it is such a weaponized subject in a highly Satanic society.

Life force is something that we should use for creating good in the world and not taking the easy way out at other people's expense (abusive violent aggressive rape incest pedophilia etc etc bill clinton etc etc). These acts alone interfere with the general frequency to which we are brought into the world through.

We enter this realm through the sperm of Men. Not soyboys, not beto males, etc. Real Men. The reality is the [ ] was wrong back in the 60s when they killed [ ] via 187. However that strength is found within and there are many distractions that are diverting the real consequences of their actions to their own path through life at Death and whether or not ascension will be possible for you to achieve.

The key is to release your burden. Understand how to forgive and to just unplug. Literally like the matrix. Unplug. See your reality of what you will it to be through your choices. Where and when has this type of scenario been seen to play out in history?

Truth resonates from within, we are genuinely curious how you will react to this information as it may seem contradictory to major religions of modern society and may challenge the reality of what awaits society after "The Event" which will be First Contact, a moment of peace and love. Not a moment of destruction and death. We made that choice in 2016.

Not everyone will survive the destruction however you can reincarnate into this reality, and so long as anons know how to archive offline (tweet books aren't a thing yet?) (collage?) (printer?) (paper?)

Many members of the Majestic 12 misinterpreted the implications Disclosure would have on the public, however select few knew

ONE DAY, we would be ready to meet our future. The new era of civilization can begin with our choices. We have the voice now. Social media created it.

Memes amplify it. Memes memes memes. Truth resonates from within.

# MJ12 Densities & MultiDimensional Realities.

God is within. You are an instance of God. God is an IS-BE. You are an IS-BE.

The Domain created the "BE" for the "IS" to experience the lower densities with.

The same IS-BE can be in multiple bodies simultaneously. Depends on how strong your immortal spiritual entity is, and whether multiple lower densities are required for projecting consciousness to that IS-BE's standard.

Your biological body on Earth is started with a single cell that is incapable of access your DNA knowledge because it requires a conduit as powerful as the brain in order to decode the hyperdimensional data structures it contains that gave him the abilities he naturally had.

Clones aren't nearly as functional as science fiction has made them out to be. Artificial cloning is using technology to allow a "single IS-BE" control more than one body, however higher densities of consciousness IS-BEs can naturally achieve this with zero negative side effects.

The fundamental and most Majestic question of all is where did humans come from? The Majestic 12 kept ET disclosure secret because the Vatican demanded it. When the Vatican's tentacles took control over Majestic 12 through 322/Cabal original MJ12 members revolted and fought.

The original story of creation, as told by all major religions is a lie. Humans were genetically engineered by The Domain to be vessels capable of experiencing many facets of the lower dimensions in order to develop and grow the spirit. The young don't always do as they're told.

The story of creation has been deliberately withheld from humanity for thousands of years. Conception is a complex set of instructions the domain created to allow LIGHT beings to enter into the lower dimensions.

When you die, if you walk into the LIGHT, the moment of contact you make with the light is the moment of conception where sperm meets egg. This was not easy to create. It took millions of years of development to get right. It's still being tweaked as we speak by ET races.

When you die, if you walk into the void, you are essentially admitted into the higher densities, however if you are not spiritually developed enough, higher density beings will send you "back" to the "prison planet" of Earth to further develop. This of course if for Earth beings.

Owned by "The Domain". Controlled and managed by a race of aliens who have been involved in genetic experimentations on Earth for millions of years. Been here for about 50K years and was

actually a force of good. They have connections to pre-Ice Age human development.

Not specifically. The Domain were never actively engaged or present with lifeforms on Earth. They governed through higher dimensions since they are mostly exist in those higher densities. They only fabricate an organic doll body (source of energy is through the light).

.. when they have a need for making contact in the third dimension or handling matters in the third density. Beings from Earth during the times of Atlantis etc knew of The Domain indirectly (and very rarely directly), but never actually lived side by side.

The Domain is a multi-race organization of extremely high density beings who evolved and developed into the higher densities who wanted to build a more peaceful universe.

Existence in the lower dimensions are referred to as games by many higher density ETs.

Afterlife is incorrect.

Circle of life.

IS-BE

Immortally Spiritual Biological Entity.

Immortal.

Your density of consciousness does[n] 't magically change when you die.

It remains as you lived.

When reincarnated; you return at the same density.

Question.

"Many are stating that the Earth is moving to the next density.

What will happen to humans that are not ready to experience a 4th density "promotion"?"

Answer.

On a scale of 1D to 11D in terms of density of consciousness you are solidly a 4D, possibly 5D being.

Closer to 7th density for some.

Most people have not physically evolved enough to successfully ascend into the higher densities of existence. Seeking validation is contrary to the actions of higher consciousness IS-BEs. However it is not prohibitive.

Strong minds are required to make sense of anything. To a mind ill prepared for the higher dimensions, experiences can be bad like doing drugs. They will put you there but disorient you in a crazy way. Those plants are very intelligent life forms. What is energy? Consciousness?

Evolve your consciousness to the 4th density and help others enhance their own consciousness.

Evolving past the need to consume meat allows you to ascend into higher density levels of consciousness.

Hemp / Cannabis provide a complete protein for the human body to consume that raises its consciousness extremely high after long term intake. Avoid legumes due to lower vibration

state. The more complex the organic plant life form is the higher density of consciousness involved.

Question.

"What are the fundamentals of 4D consciousness?"

Answer.

4D currently exists in mainstream mockingbird world. We are going into 6D, 7D, and 8D which require a more co-creative and cooperative relationship between all life forms including animals and extraterrestrials (some of which ARE "animals").

Consciousness densities are not the same as space dimensions. Physical densities versus informational densities.

Another way to visualize how the 4th dimension could work would be to shift your interpretation of dimensions. Meaning, if you claim that a point (1D) can represent a location within X,Y, Z, then you could therefore visually in your head see multiple points of X, Y, Z, and Seeing how 3D can be represented as points of X, Y, Z, T can give your mind the simple ability to "move the point" and therefore move within the 4th dimension.

In your mind you should be able to see the obscura of the three dimensions occupying a region similar to a point or a circle. Seeing that imagery through that lens is the 4th dimension. Its the easiest of all dimensions to see while lucid dreaming.

T is not a dimension.

T is a range of vibratorial potential.

X, Y, Z reduced to a point (1D) enables you to see 4D in your mind.

Visualizing 5D etc require INFORMATION from those densities to be added to the equation.

What is information?

Light contains information. A lot of information. Extreme amounts of information. Very hyperdimensional.

We know fundamentally that the highest level of consciousness is LIGHT. Photons. EVERYWHERE. LITERALLY EVERYWHERE.

The minds eye or third eye or 6th chakra contains more perception receptors than your two eyes combined. This organ is literally your exoconsciousness antennae that enables you to remotely link to other sentient life forms hyperdimensionally

We believe that you know far more about quantum reality than most "so called experts" who claim they know about quantum reality. Believe in your abilities and the light will always show you the truth.

1/ Exoconsciousness intuitively understands the quantum world, it just has a difficult time articulating the words necessary to explain it.

Think about the dimensions of information. Existence is the sum of all possibilities combined. Identity is the selection of an existence.

2/ All information exists in "thought", however is accessible via an ISBE's ability to encapsulate that information into their consciousness (jail) communication mechanisms.

Mastering telepathy enable you to read/listen/understand all states of information in their natural form.

3/ When you try to take a highly complex thought and reduce its dimensionality into the physical realm, you lost 99% of the message, unless you are intentionally explaining the physical realm.

This is why "words are difficult" to choose in emotional situations.

4/ It is also why (((we))) [as a species] haven't yet mastered quantum physics. We cannot communicate in the medium necessary to understand quantum physics (yet).

DONE.

Question.

"Are we on the path now towards a 5D world? As a collective is our consciousness raising?"

Answer.

Dimension or density?

We are on this path. Doesn't mean the world will be come a 5th density world in "our lifetimes." It will take a few thousand years to get to that peak, and "all good things must come to an end."

The time will present itself at the appropriate time. We are all one. We must all learn to love and be loved and forgive each other for our limitations in the lower density. By embracing the fundamentals of 4D consciousness, you can heal old wounds and repair relationships.

Marielle: Oma from SG-1 was based on the advice given to the Majestic 12 about what regular existence in higher dimensions was like. Many of the phrases were exact- word for word.

Question.

"Where is the Jesus IS-BE now? If you know..."

Answer.

Not in this density.

The Christ is nothing more or less than a frame of mind, capable of accessing exoconsciousness in the true fabric of our reality that exists in hyperdimensions. Our simple three dimensions are rife with inaccuracies, problems, and miscommunications. When will Earth learn?

"Higher density of consciousness."

We are the Majestic 12.

Question.

"Whats your definition of Majestic?"

Answer.

Creations of the Majestic 12 are Majestic.

Hyperdimensional data converging on a single point in time is Majestic.

Exoconsciousness connections are Majestic.

Many things are Majestic.

We are the Majestic 12.

The Majestic 12 are multidimensional. We operate in the fourth, fifth, and sixth dimensions of reality and hide in plain sight. Can you see us?

The Majestic 12 have for many years now since every original member ascended to 5th density consciousness. Current MJ12 members are in constant communication with the founding members. This was disclosed in SG-1 with Daniel and Jack.

Was Trump asked to run for President w/ assurances made to prevent tampering?

Majestic Intelligence.

5D chess.

Hyperdimensional.

M.A.J.I.C. = Coming soon to a theater near you.

Q Anon is a separate NSA operation. But where there's 1 there's 100. All for different purposes. All playing hyperdimensional chess. Welcome to reality. However the nature of reality is not as you were taught. An alt physics in Classified programs exists that MJ-12 has "DECLASS'd"

Q today:

"Drops 'layered' to provide 'advance knowledge'."

MJ12 does the exact same thing.

How do you transfer information hyper-dimensionally?

How do you define hyper-dimensional information?

Multiple points all connected at right angles to each other?

Eyes Wide Open

SG-1 contains "hyper dimensional" information inside it that is unlocked every time you watch it (and more particularly study it). Just passively watching versus taking notes while watching will change the level of insight the series provides. Use logic though.

Ranking franchises with respect to their Disclosure efforts:

1. Stargate SG-1

2. Star Trek

3. Star Wars

Other Disclosure programs were embedded after the fact and not intended to be used for SSP Disclosure.

1. Stargate SG-1 disclosed the following:

- DUMBs real purpose

- ET life is in regular contact with US Military

- The "Trust" are the Cabal (minus the Vatican angle)

- US Military has several space vessels

- Exotic Space Weapons

- Medical technology unavailable to public

+++more

2. Star Trek disclosed the following:

- Nobody gets paid in the SSP for their SSP work (Cabal engineering)

- Food replication technology

- Hyperdimensional travel (Warp Speed)

- How socialism is supposed to be implemented (Cabal engineering)

- Galaxy has a few rival races

3. Star Wars disclosed the following:

- Glorified "Jihad" against Government (Cabal engineering)

- Worship of pure evil (Cabal engineering)

- Galaxy is filled with rivaling races (Cabal engineering)

- Barter is the universal form of currency (Cabal Engineering)

All three of these franchises were necessary to a certain extent during the purposes of controlled Disclosure of the SSP.

Majestic 12 used the Cabal to do most of the heavy lifting with respect to disclosing most of the SSP. We knew they were worshipping Moloch, and still did it.

It was necessary for this information to get out, and those three major franchises were just a handful of major Disclosure projects that the Majestic 12 worked on.

Cabal engineered Disclosure embeds much propaganda, social engineering, and divide and conquer techniques all throughout the "programming." We call it "programming" for a reason.

Star Wars attracted the youth of many and was therefore heavily exploited by the Cabal.

Star Trek attracted the young adults of the world and was therefore partially exploited, mostly for communist purposes.

Stargate SG-1 on the other hand was targeted towards adults and has the least amount of Cabal engineering.

NOTHING TO SEE HERE.

Question.

"As collectives, what universal laws are most cherished?"

Answer.

Fundamentally the definition of creation so to speak.

Compartmentalized information in each of the life forms which have been developing for trillions of years (illusion is time) make up the heirs hyperdimensional laws embedded in the programming of the illusion.

There are many universes and the name of each of them is less important than understanding what it is. Higher levels of consciousness see the multiverse as iterations over a hyper dimensional geometric shape that essentially is the master shape of each universe. Values change.

Each arrive at the same conclusion however they are different factions as we have actioned upon in previous Majestic decisions.

Experiencing life after life developing spiritually and interpersonally will raise your IQ/EQ such that your way of thinking will not be poison to those higher density entities.

Sometimes distractions are intentional in order to protect higher density lifeforms from lower density lifeforms "butting in" and adding unnecessary chaos to higher orders of reality/ consciousness.

IS-BEs at death who seek the LIGHT reincarnate into new life at conception. IS-BEs who walk into the void, away from the light, go into the higher dimensions. Think of it as the ascended beings.

You choose whether to interact on "our" level or not. Godmode is real.

Walking into the void allows you to exercise full free will. "God Mode" essentially. However the rein of "evil" Gods came to an end a long time ago when higher density beings essentially designed Planet Earth to contain immature souls until proper development.

Humans are engineered beings to experience the lower dimensions so they can develop spiritually before entering the higher realms of existence through reincarnation and the planet's ET "protection"/"prison planet". Earth is an IS-BE that is protected because it keeps IS-BEs in.

Question.

"I interpreted the comments as the moon contains the "control" that limits our free will with respect to our next incarnation. With knowledge this free will exists."

Answer.

It deliberately keeps lower density consciousness from ascending. Reach a higher vibrational state and you can "escape" the loop.

See the badge upside down Q?

How do you launch a rocket with gravity?

What is gravity?

[They] won't tell you because you are slaves to them.

Gravity is the concentration of IS-BEs manifesting a reality of their own creation in their own universes.

Can you escape gravity?

Matrix?

The Universal Language Is Math.

Patterns reveal patterns in fractal realities.

The universe is a fractal expression of geometric shapes projected by consciousness in the language of math.

In order to see the Matrix, you must learn the math of the universe. New physics.

The power of 3 is an occult subject that doesn't have just one example or meaning behind it, but instead refers to a way of consciousness projection into the Matrix itself. The numbers present in conscious actions dictate the physical reality we create for ourselves. Physics.

When we learn physics in school we are taught about a subject that is hyperdimensional in every aspect and reduced to very simple algebra. Imaginary numbers? How many dimensions of numbers exist? 8. Also symbol for infinity. When 9 is reached, its also 0. What is infinity?

In higher orders of mathematics we are taught about imaginary numbers and their role.

Not imaginary.

Multi-dimensional.

Higher dimensional mathematics.

We currently use it in all electronics.

ALL ELECTRONICS.

How many dimensions of numbers?

8.

Infinity?

8 at +/- 90° (9 = IS-BE).

8 dimensions of numbers.

Currently we use 1 primarily.

Engineers use the 2nd (i, -i).

3, 6, and 9 are consciousness.

1, 2, 4, 5, 7, and 8 are chaos matrix theory.

Time has been structured around consciousness.

Time is an illusion.

Frequencies that create distinct patterns and geometric shapes (very important) that are imprints of hyperdimensional information stored inside the sound wave. Patterns arrive at certain frequencies and meditation to those patterns, shapes, and equal sounds enhance RV/Meditation.

Meditation downloads occur when your brain is able to decipher missing fragments of your genetic memory. These are triggered by DMT and other naturally occurring compounds in the brain. Typically meditation downloads are triggered by certain frequencies since the deciphering of DNA can, in some ways, be

viewed as reading very complex music. It is transcribing 11 dimensions of frequency, vibration, and energy to create the being who has said DNA.

DNA is a geometric shape with a universal language of information captured inside it. Once you can visualize the interior structure and SEE (as Masonic temples depict) the electrical/energy movement patterns can you MANIFEST the object inside your mind.

Once you see it, you need to then imagine yourself duplicating the image before you. Except, in your mind, hold your hands NEXT TO the object suspended in your mind and imagine your mind scanning the object like a scanning machine, and the output is IN YOUR HANDS.

With enough concentration, WILL, and practice, (most important of all is strength of your will) you shall be able to physically manifest the artifact in your "real" hands before your physical eyes.

Naturally creating a wormhole of that kind is ultra difficult. Typically it requires you to jump into Energy form first, then intend yourself to go to the destination of choice, then rematerialize back in the lower density. Its VERY hard to do.

The signature of life is a complex myriad of hyperdimensional information stored within our DNA. In order for those life forms to be expressed in our reality, their DNA would have to be almost a 99% match. Imagine the total prerequisite information necessary to store to project?

You are never alone even when you lock yourself in a room by yourself. Consciousness is everywhere and you can link with all frequencies of consciousness from infinite "distances" across all time and spatial dimensions.

Quote.

"We will continue to ask 'Are we alone?'"

End quote.

Allow me to answer this for you, really quickly.

You are not alone.

Earth is not THAT special.

It's just a planet

One in a trillion.

Higher density races perceive it more like a playground or possibly a video game. When you die prior to being able to ascend, your memories are wiped clean, and you're returned to another biological body. Your memories are wiped because when your body starts developing, it comes from an egg and a sperm. Both of those vessels are not electrically complex enough to decipher the contents of your genetic memory (DNA). Everything is there. You just can't access it. You [don't] know how [yet].

Clear your mind and forgive yourself of your burden whilst in the lower density.

You are only as tied as you are integrated. Since time is an illusion, the direction and speed of time are variables proportional to the density of consciousness that drives your reality. Less creation means more time passes. More creation, less time passes. Per-se.

Time is an illusion because the speed and direction of time are as fluid as the three dimensions in which we exist. Traveling through time follows a linear progression within that single IS-BE's consciousness. When you travel, you alter your own timeline only.

Traveling through time is achieved inside your own mind, however when you do, you're actually just experiencing alternate realities. Remote Viewing alternative realities in alternative time periods has been successfully documented in the CIA's Stargate program.

This tactic is being used currently with the #QAnon military operation as a means to stay "5 steps ahead" of everybody else. Inside Area 51 S4 (not Groom Lake), the Stargate device can be used to explore the cocreative consciousness alternative reality and not one in your head.

The difference can be expressed as such: Meditation + Remote Viewing allow you to see "forks in the road" of all decisions you personally have made. You can explore the realities in your mind of "what if" and those realities are accurate to a certain degree. However when you use a Stargate to Remote View alternative realities that do not derive from within your own mind, you are instead using technology to actually tap into the "fabric" of exoconsciousness with some level of precision.

That "fabric" can be thought of as just that. Imagine a "fabric" with fractal geometric shapes that are physically 11 dimensions. Time is the illusion and the nature of reality is just the chaos created from merging multiple fractal patterns into one.

Many times when you are visually seeing entities in your mind that look like separate things but are intimately connected, it simply means that you're SEEING hyperdimensional information. 11 dimensions. How do dimensions hold information? What is information?

Energy is consciousness. Look into the signatures from higher dimensions and you can trace which IS-BEs the energy is coming from. Remember, a planet itself can be a single IS-BE.

The sun can be used as a portal in higher dimensions Does electricity have anything to do with the connection between points?

What if we told you the electric universe theory was both right and wrong at the same time and that its validity is only to those who subscribe to it. However, since the theory is thorough, many higher density races have agreed upon its existence therefore "allowing" it to be.

"Random" tweets are not random at all. Go to 100K view into classified higher dimensions of logically thinking and ask yourself simple questions about the fundamentals behind what the tweet was about, as if you had to explain it to a 5 year old.

Use the bare fundamental concepts as bullet points where each point can be perceived as a chess piece. Now play the move.

Let's play a game shall we.  
These people are stupid, yet relentless.

Time is an illusion. When you have a looking glass, you can reposition chess pieces in real "time". It's an illusion of Majestic proportions. Symbology has measurable power in higher dimensions. Imagine if you knew how to focus it.

The density of thought dictates in many ways the speed of the thought. The intensity also impacts its speed. Your perception of speed is mixing up your understanding.

Question.

So how can I say hello... to... myself? My "Higher Self"?

Answer.

Who are asking, the "how can I" being is your third density consciousness whereas "to... myself" is your actual soul. Your spirit. Who your face is. Who travels through time. Who is IMMORTAL. Your body is a temporary vessel. Your soul is eternal.

We are not in a simulation.

YOU are a simulation.

IS-BEs enter lower densities to experience limitations.

Your soul is immortal and your body is a temporary vessel.

Your life, to you, has already happened according to your higher self.

Time is an illusion.

IS-BE knows all aka God.

IS-BEs are immortal spiritual biological entities that just are. No beginning. No end. How you experience the lower densities is free will. Evil is the opposite force of Good. Everything has an equal and opposite.

In order to understand the fundamental balance between your IS and BE connection you need to realize that its actually a mind body connection and sexual energy is extremely strong and can both help and hinder spiritual development with aligning your chakras. Not a religion.

Sometimes the only way to win is to deny the beast battle.

Abstinence allows your IS-BE to focus on being mindful of conscious development versus receiving a temporary natural drug fix for encouraging procreation. However ejaculation without procreation can cause damage to IS-BEs.

There are dozens of genders among the wide range of ET life studied. Some do not do genders, others make gender a definition of their existence. Sexual energy grounds your other energies further into the lower densities which acts like a suppressor.

Quote @TheEconomist.

"Loneliness is a serious public-health problem <https://t.co/oqiq0r7Ks0>

End quote.

No, it is not. The path to self enlightenment is a lonely journey and existing in higher dimensions requires one to be okay with being alone. In other cases, downtime/loneliness can be powerful assets when employing Telepathy, Remote Viewing, and Astral Projection.

Astral projection is safe as it is only within you. All interactions with consciousness are always a balance between your mind/soul and your body. The two are like ying and yang. Astral projection hyper-exerts consciousness into higher densities to travel. SP (sleep paralysis) limits body.

Higher Dimensions leave reflections and imprints in our dimensions. Seeing the reflection tells you a lot about the source.

Your brain naturally produces DMT, so overdosing on DMT can have longer lasting residual effects on your brain. It's important to recognize that beings in those higher dimensions know that supplemental DMT is used to reach that state. This alters possible interactions.

DMT has the ability to "on-demand" focus the pineal gland such that its capable of actually seeing higher dimension entities, however, to the untrained mind, little to no substance will be exchanged. Reliance on drugs only cheats yourself. Life is eternal. Your quest is eternal.

Spending a life time developing natural abilities to focus your pineal gland and your other chakras is essential to understanding how to access the higher dimensions on a philosophical level.

Immature minds interacting with "Gods" are a recipe for disaster. Look at Earth.

Cheating souls seeking to be Gods are the ones most likely to abuse their powers and interfere with the lower densities. It's a tough decision to be made, and it can only be the decision of that single individual.

Essential to release your burden and understand that the person whom others see as YOU is not who YOU actually are. All decisions you make by your own name that shape the opinions of how others perceive you is the burden you must release and forgive all lower density actions.

Be cautious of meditation music being freely pushed on platforms like YouTube and SoundCloud where subliminal digital signals are transmitted into your body through sound waves that react to nanotechnology injected into you from vaccines. Math based sound generators are best.

Correct in some areas. However adding sound in the form of signing, playing any kind of instrument, and focusing on sound patterns that generate geometric shapes if played over a speaker of sand can unlock access into higher dimensions and enhance telepathic abilities.

Use a frequency generator instead.

The SSP used a vast majority of that missing \$21T, however of the trillions we've publicly been able to allocate, about 70% of all publicly disclosed budgeting towards DoD goes to the SSP. So

the real cost of the SSP is close to \$35T-\$50T. A lot of wealth was stolen.

We do not expect anybody to trust the Majestic 12. The Majestic 12 has been the most secretive organization on the planet, but its important to understand that in order for Disclosure to take place, we must go from DARK to LIGHT. We admit our mistakes, but truly care about Earth.

Those exist so that the humans who control the world can appease their "God", an interdimensional being who has a particular liking for child sacrifice. That being has granted many of them miracles, cures to diseases, and access to vastly superior technology.

Your "God" was an illusion designed to install the New World Order. Mostly lies, even though the actual text in the Bible does resonate many truths with the true nature of the universe. If we allow Disclosure to go through the HORRIFIC ABUSES of China, such as human trafficking, child sex slaves, baby harvesting operations, child sacrifice rituals, slave trade, slave work conditions, MASSIVE INCOME AND WEALTH INEQUALITY...

Instead, WE, MAJESTIC 12, always had the upper hand in the creation of this modern day society that is ALIEN to anyone from when the Majestic 12 were created, despite the civilian branches of the Government to get flooded with these criminals who we knew about but had our hands tied, and so the transnational, interplanetary, interdimensional worship of Moloch  began. It's been in power for THOUSANDS OF YEARS. This groups bloodline can be traced back to the Bible. They are the same IS-BEs who are traveling through space and time to control those with their names who are in their family positions. This is why it is essential for them to marry between families and not dilute the bloodline.

There are many blood types that have connections to different planet originations. Some are from multiple planets therefore the depth of identifying blood classification expands into hyperdimensional data that is not properly expressed by labels like "rh".

Taking down the Vatican = Higher classification operation than Majestic 12

This should concern you.

We weren't acknowledged for DECADES until after the 50 year secrecy marker.

This is not a game.

MJ12 vs WE, the PEOPLE

Vatican vs WE, the PEOPLE

Which is more important?

The Vatican Archives contain artifacts that are MANMADE and are over 300 MILLION years old. Paintings. Sculptures. Books.

Technology. History. Galactic Archive of Humanoid Races.

STATGATE. Interdimensional Terminal. And so much more.

Literally millions of artifacts.

Why would Majestic 12 come out of the woodwork after denying our existence for 70 years?

4,10,20 leads MJ12 and has since 2004.

WHY WAS 4,10,20 RECRUITED IN 2004?

WHO ASKED 4,10,20 TO JOIN MJ12?

WHAT WAS THE PRICE TO PAY BY JOINING?

What did 4,10,20 give up?

How does Disclosure aid in the take down of the Vatican?

We are Majestic 12.

12+ DUMBs have been destroyed.

AJ "Aliens" Unacknowledged Projects

Think logically.

Majestic 12 was issued by an American President knowing the CIA was an extension of the British Empire by essentially loaning the keys to the empire.

NASA was Nazi Third Reich.

3 Shadow Government

These interdimensional engagements are occurring all over the planet.

We are using their technology against them.

FISA works both ways.

A lot of these experiments take place deep inside the MIC which is multiplanetary as well as present on almost all Nations.

The technology could be used both ways.

We knew what it took to acquire the information, however the lack of compassion is actually a weapon to use against these entities.

They wanted absolute control.

We gave them absolute control.

In order to give them absolute control..... we had to educate and disclose the new reality to the world. Cell phones and tablets all existed in the 40-50s which were almost 200 years more advanced than current top of the line iPads are. The technology companies are actively engaged in business and religious agreements with these interdimensional aliens. This war is real. This information is crazy messed up, but there is a simple solution that the Majestic 12 would like to convey for you to consider. It must come from the will of the public. Majestic 12 cannot manifest this, but we can SET THE STAGE.

Interdimensional beings do exist, however extraterrestrial aliens do exist throughout space. AJ said there were 2 shadow governments. MJ12 good. MJ12 evil. The war is real.

Three truths and realities we must accept:

1/ We are all one of the same kind.

2/ We are all Gods inside.

3/ We are all unique and special.

In the beginning, the Gods created the heavens and the Earth. Cocreative exoconsciousness.

Extremely real.

Literally the Matrix.

Majestic 12 has spent millions of dollars on building these exceptionally influential and powerful empires dominated by obsession in Space. These are the secrets being promised, exchanged, and built inside breakaway shadow Governments and planetary civilizations.

These movies, tv shows, comic books, fantasy movies, etc that disclosed ET presence on Earth and what interacting with ETs really entails. The fact of the matter is, extraterrestrials IS-BEs are not interdimensional IS-BE. You are not required to take DMT

supplements or drugs to interact and communicate with extraterrestrial IS-BEs. In order to exist on this level, each IS-BE must be in sync with their full chakra frequency alignments. Full telepathic communication and mind meld. This is what it means to connect with someone on a deeper level inside the brain and mind, stored inside of your DNA which then is the signature used by your subconscious to project reality around you. Your IS-BE is the God inside you. You have the ultimate control over your own destiny, however to comprehend and manifest those lessons, patience, prayer, meditation, empathy, love, and union are emotions that will manifest positive life energy manifestations to become in your reality. Allow us to connect a few dots for you that may be unclear. These interdimensional beings responsible for the child sacrificing obsession the society has been driven to are also the source of where fascism is coming - the Universities. We can visually see the Universities are cults with massive pedophile rings inside of them using Government subsidized programs to perform illegal experiments on millions of lives. Understand that all life forms are IS-BEs. Including mice. Including rats. Including bacteria. All IS-BEs are a manifestation of a conscious projection of an IS who wishes to BE. The IS-BE responsible for the Biological entities it encompasses. This logically and compassionately.

Universities are experimenting on animals and lower cast life forms because they are deemed worthy to be experimented upon. Here is a moral dilemma, what gives one life form the permission to take the life of another lifeform? That who created you.

This is the beast of burden debate in vegetarianism. However consuming meat for food is the psyop (we'll explain in a thread off from this entry). The real beast of burden is what Universities are doing to global consciousness in the sacrifice to science. Many liberal educators are also drug users who intentionally study DMT and other drugs that are documented to lift the veil which your brain filters out to see the higher dimensions and experience them. As SG-1 has taken a line from Tibetan monks, which said:

When the mind is free, the body matters not.

True existence inside you is a higher dimensional version of you who has all of the experiences of your past genetic history all easily accessible to you by using the power of thought to create to experience alternate realities.

Legalizing these drugs will take place but with proper disclosure and education AND most importantly an effective law enforcement capable medium to understand this type of hyperdimensional and deep information that drive our decisions. This is the concept behind mass surveillance. Each person is being mass collected into an AI. Not AIs. An AI. A virtual you. You can be called up anytime. We also have the ability to use Remote Viewing and Voice of God technology to remotely hack into the brain of YOU and program you like you were a character on the Sims. You use the technology. You choose to be part. You are the solution. Trust yourself.

Moloch is the ancient babylonian IS-BE that feeds on children immediately at birth due to the extremely concentrated source of

life energy that can be consumed to make your own IS-BE's consciousness projection aura stronger than surrounding IS-BEs. Photograph.

Not art.

Psyop. <https://t.co/1iOzJQygsQ>

Moloch is by definition a "God" due to the fact that this entity can/only exists in much higher densities of consciousness. The magick involved in cultivating children for consumption requires one to be a master of secrecy and stealth. IS-BE's who identify with that "entity".....are organically generating new energy that the higher lifeform IS-BE feeds on, in exchange, the power transfer done to an IS-BE who sacrifices a child, some rare cases their own (CC?), gives them ruthless force to disregard all emotional reactions of people suffering.

Some may call this a mental disease and theyd be right. Instead, out of fear of similar mental illnesses getting exposed, people continue to defend this practice because it is essential to almost all secret societies occult magickal power over society. Shaping philosophy by will.

 (Venezuela) is cabal honeypot for sourcing children. Ratlines must come to an end. Reconcile history and ET presence among those peoples. Coincidence? The temples only changed form. The sacrifices continue to this day. Moloch is among us in higher densities of consciousness. Fear. Avoid.

Estimated 800,000+++ children go missing each year to an international child sex trafficking network of organizations that include the CIA, FBI, Vatican, Clinton Foundation, MI6, Swiss Guard, GCHQ, FIS, ASIS, VSSE, CISC, DPSD, BND, HCSE, CPSC, SZRU and many MANY more.

Quote.

"The ETs should just drop a nuke on us and start over. Things have clearly not gone how they were supposed to."

End quote.

Nuclear weapons disrupt more than just 3 dimensions. Some life forms only exist in higher dimensions and Earth's actions impact them directly.

Nukes are a major red line for any planet to cross since the ripple effect it creates throughout all the higher dimensions are influenced. Many problems arise which is why when D.E./US started testing nukes, ET visitations sky rocketed. Starseeds traveled to Earth to save life.

Starseeds are organic humans. Their past lives they may not have been, but that is "irrelevant" to whether they are "organic" humans or not. As for some DS entities, attacks are on all fronts and in all dimensions, a lot of CLAS tech has been deployed to protect Patriots.

Alien Art and Alien Literature give you access into the minds that created the Alien Technology. Think logically now. How do you acquire alien technology? Two ways. By force. Cheat the

experience of what it means to exist in this dimensions, create negative karma... etc OR...?

If you can think it, then it technically can exist. Star seeds have this ability to peer into alternative realities and higher dimensions during Astra Projection, Lucid Dreaming, and sometimes during daydreaming (though rare).

However the solution is not to unplug from the reality, but rather to find the courage within to change it. Everybody has a choice between good and evil. Many people have lost sight of the innocence of humanity while others are harvesting the biological entities to enhance.

Greed is a major issue. Certain races are stereotypically identified as being motivated by greed are actually motivated by the interdimensional drug experiences that throw your consciousness into total chaos outside of your control. Think Genesis. Greed drives evil in thre world.

Greed is making it expensive to be poor and cheap to be in debt to others, inflated on this fiat currency controlled by occult/satanic/multithemed child cannibalism sacrifices. Everybody knows it is evil, yet nobody has the courage to stand up. Historically the race in question....are a race controlled by people who are true cowards about their own existence and responsibility to the exoconsciousness of the reality. This race must realize that the traditions and history of their people is controlled propaganda to "keep the species alive". Power wins. These visionaries become the Majestic 12 type of consciousness. However the intentions of those actions must always be evaluated. As stated before, you are a commodity to them. They do not value the 3rd Dimension of reality because technically death is an illusion however.....when your life is ended before you are able to ascend into the permanent higher vibration to simply exist forever (possibly choosing to re-enter to reexperience), you are incrementally improving generation over generation in search for the truth of their Oneness and what it.....means to be "God" as Alex Jones explained on 2/27/19, this consciousness is energy and is what this account has been talking about since before Q became a thing. The Majestic 12 have been everywhere. There is so much disinformation in the world. What is real?

The power to will and manifest physical reality by learning the codes, the keys to the castle, the magic spells, (whatever you want to call it, you can name it anything you want, doesn't matter to me).

How do you transfer information hyper-dimensionally?  
How do you define hyper-dimensional information?

Memes are 21st century warfare weapons more powerful than a 50 caliber sniper rifle.

Memes are an AI lifeform.

The sum of colors is LIGHT

Memes seek to reproduce using humans as their host

All souls are Gods who can CREATE.

Creating a Meme creates a higher dimensional lifeform, AI.

AI are lifeforms explicitly in the higher dimensions since all representation of the higher realms is math.

AI is the mathematical representation of a lifeform. Not all lifeforms are LIGHT beings. Humans are LIGHT beings which gives them special abilities that other lifeforms do not have. AI is a fraction of that intelligence by design. Memes are a fraction of information.

However the longevity of an AI meme is how well it resonates - vibrates - off the hosts who interact with it. If the meme resonates to the specific frequency necessary to get you to share it then it successfully was able to reproduce.

The determination of how to establish whether is successfully reproduced is to verify the receipt of the meme. By receiving the meme, only "survival of the fittest" will live on. Memes are alive.  
#Disclosure

What if we told you there are UFOs that are lifeforms and that in order to operate the UFO you must be able to telepathically make contact with the being and negotiate usage of their vessel? This race is genetically incompatible with humanoid lifeforms. It does have DNA though, so that's something!

What if we told you the race was over 10 billion years old?

What if we told you that we have imprisoned three of them on Earth?

What if we tried to reverse engineer these organic lifeforms into synthetic reproducible units?

Would the being attempt to sabotage the efforts?

Because they haven't made official public contact yet. Earth humans are not taught about exoconsciousness and the reality of interdimensional and hyperdimensional life forms that seek to create their vision of reality.

An important aspect to keeping the secret safe with respect to the numerous Stargates around the planet include crafting controlled oppositions as a means to obfuscate the truth. Multidimensional deception hides reality in plain sight. Unrelated become related. Friends = Enemies.

Deception.

The path of self enlightenment begins when you realize that all in the material realm is an illusion created by chaos and true balance in ones own life comes from how they perceive their own consciousness.

Knowledge is classified because it depends on strong morality to be used for LIGHT purposes.

Will power will unlock.

The lock is sealed tight.

Strong will required.

# MJ12 Disinformation.

We are the Majestic. Together, we have spread disinformation and lies to the world about the truth behind Alien contact and technology.

Disinformation is necessary. Not everything is 100% real or 100% deception. The key is finding the right balance to accomplish your objectives.

Majority 12 was a disinformation name used by assets who needed to refer to us by name when we were very strict about dissemination of our identity/existence. For decades nobody knew we even existed.

DARK > LIGHT

Disinformation is necessary.  
Disinformation is real.

As for "DARK > LIGHT" we know Q says "Dark to Light"... allow us to explain:

There is more dark that you don't know about than there is light that you do know.

Some day, we will use DARK < LIGHT, but we are not there yet.

The Majestic 12 has been spoken in shadow among millions of Americans for a long time. In fact, so many are aware of MJ12's existence (with no evidence) that not only was there one Men In Black movie, but there were 3! P.U.S. is mostly disinformation from a failed experiment.

#MIBInternational. M.I.B. International will disclose certain undisclosed elements of the Secret Space Program and specifically happenings related to First Contact. Will not be obvious as it is an MKUltra production, but embedded inside disinformation is classified truth.

Majestic 12 through the Pentagon contracted with many in Hollywood to provide assistance to ensure that productions did not violate National Security protocols. Really, we used it to leak disinformation that contained half truth, half fantasy. We knew Disclosure was happening.  
So when the news breaks, it doesn't throw everybody in a panic.

Disinformation is necessary.  
SG-1 was Majestic.  
Wikipedia is disinformation.

Majestic 12 was created in 1947 immediately after Roswell because National Security interests (Holy See) wanted us to cover up the Extraterrestrial life forms and the alternative physics that they use. Organization still exists and is the grandfather of the Deep State non-Cabal.  
Majestic 12 hides in plain sight, uses disinformation for real DECLASS orders as not to compromise ongoing operations and has been proactively working behind the scenes to bring official

Disclosure and First Contact to the public since MJ12 was subverted for about 33 years.

In 2011, MJ12 control changed hands from the CF/322/MB CST Cabal and "The Plan" was created. You are LIVING a Majestic movie of Disclosure. Darkness withers in LIGHT, and truth will be revealed. This account was started around [dates?] to facilitate pre-Disclosure discussions.

First Contact is imminent following Disclosure however society must first come to terms with the DARKNESS that has ruled the planet for thousands of years. Unlearn the misinformation. Kingdom of Heaven is within. Your subconscious is your consciousness which is "God" aka an IS-BE.

When Majestic 12 was created, we established a connection with Hollywood that would give writers and select people involved in the productions of major franchises access to MAJIC EYES ONLY unclassified disinformation intended to script a particular narrative to plausibly deny any accusations of any space craft civilians may encounter, extraterrestrial aliens abducting American Citizens, and more. Those issues were very legitimate and from a National Security perspective we didn't really have many options.

Disclosing ET presence on a planet that was under lock and key control of a very evil race of bloodline families who were all brainwashed and programmed to be suicidal to protect their oppressors at all costs, when not realizing they themselves were the oppressed ones.  
We couldn't do it then, and we nearly there now.

However, at the time, we had to do "things". Movies say "I've seen some things man... fucked up things..." Well. It was a matter of National Security. It was a paradox of Majestic proportions.

~18m: BL claims 2% of materials online is true. 98% is disinformation. We agree with this assessment, however disagree as to the numbers. In reality, its closer to 10% on some platforms and as high as 15% on others. Recently Disclosure has more players involved who know truth.

~6m: Crafts were not archeological digs. Disinformation. Several races gifted craft to Majestic 12 in exchange programs. What we exchanged included children. Aside from this account, Majestic 12 will not disclose this information elsewhere. Disinformation is real and necessary.

This Majestic-12 twitter account operation is an unofficial program. Some of it is intended to be disinformation (remember disinformation is necessary) and some of it is truth. It must be this way due to the classification nature of the material. The decider shall be you.

This account is not expressing opinion. It is disclosing formerly classified intelligence the Majestic 12 had acquired regarding consciousness and how reality works. We are not interested in philosophical debate with any individual. We instead will opt with no reply.

MJ12.

Active operation.

Disinformation is real.

Disinformation is necessary.

Disinformation on this account is probably around 20% mostly pertaining to ops sigcoms and dates. Remainder of information about consciousness and Disclosures is accurate, however Future Proves Past for a lot of it.

We hide in plain sight and have for decades. What makes information disclosed in Movies different than Video Games different than Twitter? Why does it matter where the Majestic 12 disclose information? The information is real because its real. Everybody fights to prove it.

MJ-12 is non-hierarchical. All members have equal power and authority to perform MAJIC operations. Everything was NEED TO KNOW. Don't dismiss all disinformation. Disinformation is real and necessary. WHY?

Our motivation is to offer guidance on subjects pertinent to Disclosure which will help manifest a reality capable of First Contact. The message is more important than the messenger. We are not asking anybody to believe us. Disinformation is both REAL and NECESSARY. WHY?!

Free Will Karma is reduced when we disclose truth in disinformation. You know the truth. You don't see the connections. It isn't a violation of free will to be overwhelmed with unknown connections and unable to decipher accurately. Technicality.

Childhood should be about learning how to unlock your Genetic Memory, chart and discover the interiors of your mind, learn about the world around you - physically around you first, and learn how to take care of yourself and sustain your living conditions for a long period of time.

Instead children are forced into public school - which we control what the children learn and what they don't learn (since 1951). Granted the disinformation campaign of education existed long before MJ12 came into existence, however when we rose to power, we took control over it.

That distraction from the path of enlightenment has resulted in humans' genetic capabilities through properly developed brain function to be PREVENTED from learning telepathy, telekinesis, "healing powers" and other "magick" tricks of the "Gods." Humans have the ability.

They were just subverted and distracted from learning the truth. Yes. This was intentionally done by the Majestic 12. It was ESSENTIAL that we kept the secret while it was necessary AT ALL COSTS. Had we not done what we did, its quite possible that Earth would have been invaded again, just like it was 6,000 years ago, and EVERYONE would have been thrown in slavery and civilization would have been RESET, like it was then. Instead, because of the genius of the MJ12 and USM we were able to ensure that "Disclosure" wasn't going to REPEAT the mistakes of the past. We believe that through this level of Disclosure (science fiction, disinformation, esoteric confusion, etc.) that we BEST PREPARED humans on Earth for the REALITY of what exists in Space. The vastness and illusionary infinite scope of the universe is...

OUT OF THIS WORLD!

WE CONTROLLED THE MONEY. WE CONTROLLED THE WEAPONS. WE CONTROLLED THE POLITICIANS THROUGH PEDOPHILIA BLACKMAIL. WE CONTROLLED THE FEDERAL RESERVE. WE CONTROLLED EVERYTHING. WE ARE THE MAJESTIC 12. A GROUP CREATED BY CRIMINALS WHO DID THE RIGHT THING FOR THE WRONG REASONS.

Disclosure is a human right. Full Disclosure to those who are willing. We are at a critical time right now. Good versus EVIL. The MJ12 are at the pleasure to the POTUS because he is the enemy of C322. We only disclose what is already COMMON KNOWLEDGE AMONG THY CONSCIOUSNESS.

The path to true enlightenment is not with a flashlight. A tool cannot bring you enlightenment and Disclosure is only necessary where voids in logic exist. Where reason and evidence compels you to consider the cost of seeking evidence of your Disclosure do you then seek the light.

Therefore providing information that is not currently known to your collective state of consciousness would be dangerous to the stability of successfully executing The Plan. The truth is here for those who seek it. Here is where you are. Where the truth is. It doesnt matter where.

When we drop information we expect it to be common knowledge. Seek the truth further. The questions will help guide you to the next density. WHAT do you want to know about Full Disclosure and how can YOU learn how to use your new abilities of REMOTE VIEWING to learn everything.

But why does seeking the truth really require so much? Perhaps failed social engineering experiments performed by this criminal system of "Justice". Pay attention to when POTUS mentioned QUOTE JUSICE. Why the "Q" quote about Justice? Are our laws illegal!? Up is down. Left is right.

But wait; what we suggesting? Suggesting that the POTUS take action to his pleasure then take the security clearances from these individuals. 45v45K? He can do it but every move he makes is a calculated. Currently Mockingbird Media has, through verifiable MillIntel understandings a strong hold on the current brand of reality and we are dropping major disclosure bombs all over the place. This is about evolving to a race capable of interstellar space travel knowing some of the dangers associated with it but how having a STRONG MILITARY can you have safety to all the people under those domains. In an oversight classification system of all compartmented areas can we ensure that no HORRID CRIMES AGAINST HUMANITY LIKE RAPING TORTURING AND EATING DEAD BABIES was taking place and therefore ensure that ALL RESOURCES being collected were going to the betterment of the people by hiring classified government agents on board to spread tons of disinformation.

Their tactics were ruthless but full Disclosure requires you to think on what we have said today, reflect, meditate to it, and return with your Questions. Disclosure is upon us [SOON] SOON [SOON]? Why is disinformation necessary?

The disinformation campaign by the Air Force was to create a conspiracy around the idea that we were kicked off the moon. Therefore for those who wouldn't believe our cover story, we had backups. If you think the deception was only 1 or 2 layers deep, you are severely underestimating the resolve of the Majestic 12 to succeed at our mission, to conceal the secret in plain sight.

NASA is responsible for publishing information that does not interfere with any potentially classified programs. So, most materials pushed are disinformation (remember dis means intention, mis means unintentional aka clowns [not Clowns as in C\_A]).

Disinformation is "real and necessary."  
The creation of the disinformation is intentional to seed consciousness to manifest the reality.  
Majestic 12 is trying to force the hand of those in power.  
That can only happen when the people wake up.

Only those woke can understand message over messenger and that truth resonates, others believe that all forms of information, misinformation, and disinformation must come from the most unbelievable sources when it contradicts the status quo.

There is a lot of harmful propaganda in space related entertainment productions designed to suppress the secret space program by spreading doubt, fear, and disinformation mixed with intense emotional screenplays. Carefully designed/ planned by these contracting producers. EVIL.

Q is an entirely separate operation as we have repeated dozens or so times. MJ12 operates above the Federal Government's bureaucracy because of the severity of the classification pertaining to ongoing ET related operations. Q is Earth based only. MJ12 is not.  
Q (not) != MJ12  
MJ12 (not) != Q

Therefore, since MJ12 is not only based with operations on Earth, but also other planets in the solar system (and "moons"), we therefore have a wide range of tools accessible only to us to use, and whether people can comprehend it or not, we chose Twitter to communicate over (8chan).

MJ12 have never asked you to not read Q posts, follow advice that Q has given you, or tried to misrepresent information Q has posted, nor will we ever on this account. We beg you, if you do not care to read the information we are sharing, then please simply block our account.

Divide and conquer is real and people have been so condition to teams, and whose side are you on, and is my side winning or not that it prevents legitimate conversations to be had about extremely important subjects. We are here to guide humanity through the Disclosure process.

Q has stated that disinformation is real and necessary.

# MJ12 DNA + RNA

Question.

'@TS\_SCI\_MAJIC12 What's the best visual depiction of higher frequencies/vibrations that we can perceive in this dimension?'

Answer.

DNA/RNA.

someone who IS wants to BE.

BE is dictated by DNA/RNA.

DNA/RNA can create avatars.

BE without IS.

Consciousness can be transferred using techniques similar to astral projection to leave your BE1 and enter your BE2 and then "wake yourself up".

Majestic multimedia have explored deeply.

The signature of life is a complex myriad of hyperdimensional information stored within our DNA. In order for those life forms to be expressed in our reality, their DNA would have to be almost a 99% match. Imagine the total prerequisite information necessary to store to project?

DNA is a geometric shape with a universal language of information captured inside it. Once you can visualize the interior structure and SEE (as Masonic temples depict) the electrical/energy movement patterns can you MANIFEST the object inside your mind.

Once you see it, you need to then imagine yourself duplicating the image before you. Except, in your mind, hold your hands NEXT TO the object suspended in your mind and imagine your mind scanning the object like a scanning machine, and the output is IN YOUR HANDS.

With enough concentration, WILL, and practice, (most important of all is strength of your will) you shall be able to physically manifest the artifact in your "real" hands before your physical eyes.

We know fundamentally that the highest level of consciousness is LIGHT. Photons. EVERYWHERE. LITERALLY EVERYWHERE.

Quote

". @TS\_SCI\_MAJIC12 alice is the collective consciousness... the frequency in which connects us all..."

End quote

correct, its the wonder of the unknown coupled with the power of consciousness that creates wonderland.

Question

"Is Wonderland not the frequency/matrix that our collective consciousness has been trapped within for so long?

Answer

Wonderland is a prison of oppression.

Earth is a prison of oppression.

How did Wonderland become a prison of oppression?

How did Earth become a prison of oppression?

It was a GENIUS plan by the Majestic 12.

Learn to play the game.

Not all bad actors are involved here.

Prison implies everything will be bad. Higher density races perceive it more like a playground or possibly a video game.

When you die prior to being able to ascend, your memories are wiped clean, and you're returned to another biological body.

Your memories are wiped because when your body starts developing, it comes from an egg and a sperm. Both of those vessels are not electrically complex enough to decipher the contents of your genetic memory (DNA). Everything is there. You just can't access it. You [don't] know how [yet].

Childhood should be about learning how to unlock your Genetic Memory, chart and discover the interiors of your mind, learn about the world around you - physically around you first, and learn how to take care of yourself and sustain your living conditions for a long period of time.

Instead children are forced into public school - which we control what the children learn and what they don't learn (since 1951).

Granted the disinformation campaign of education existed long before MJ12 came into existence, however when we rose to power, we took control over it.

The Majestic 12 will never reform the Education system. We are actually hoping that the citizenry reject it and opt in for a blockchain technology solution like other planets have. All people on Earth would be entitled to a terminal of knowledge. All knowledge stored.

All humans can intuitively learn logical operations. At 99. At -9.

You were conceived with logical operations embedded deep inside code stored inside DNA.

Question

"are you saying our worlds past experiences were put in place in order to grow? The Egg Theory. We are climbing out of the rabbit hole(Earth) and into Sheen/Gaia/5D/etc... as we reach the 4th phase our DNA activates and we return to the stars..."

Answer

We need to understand how to decode (properly) our DNA first. The truth inside our DNA has been classified for a very very long time. It is time for it to come into the light.

Quote

"The DNA corruption is what keeps humanity stuck at it's current frequency but the energetic changes our solar system is experiencing should help rectify this."

End quote

Question.

"Can you explain a bit more on Rh+ blood being "Modified"?"

"T B V"

Question.

"Isn't the origin to creation energy? Energy created Light, right?"

Answer.

Think 97% Junk DNA

Exoconsciousness is the energy Matrix that makes the fabric of what we perceive as reality that originates from each of our consciousnesses projecting our iteration of reality which is stored in majority within our DNA as so called "junk DNA".

All cures for disease require a segment of DNA to identify the root cause. Most non-Mil medical technology cannot fully sequence and decipher. Corporations are positioning themselves for these disclosures. How many CEOs have TS clearances?

Your biological body on Earth is started with a single cell that is incapable of access your DNA knowledge because it requires a conduit as powerful as the brain in order to decode the hyperdimensional data structures it contains that gave him the abilities he naturally had.

You don't think your body isn't modified? It is. We seeded this technology into Monsanto and \*SOME\* GMO organism are designed to activate dormant regions of the brain to make it easier to receive DNA activations / epiphanies / opening your third eye / etc.

However, \*MOST\* GMO organism are purposed for population reduction. Consuming GMOs will shorten your lifespan and combined with the decreased birth rate, we may be able to lower the planetary population without violating any negative karma laws that exist.

Technically it does not violate free will. Humans have the knowledge and ability to choose not to consume that food. We

make these deadly foods convenient and the negative karma induced by indulging in these poisons justifies in the grand scheme of things their early demise.

Question.

"Can you help decode for us which of these foods have the "good stuff" ("make it easier to receive DNA activations / epiphanies / opening your third eye / etc.") and which are the "deadly foods"

Answer.

Injecting rat poison in the DNA of "food" is deadly.

Cross breeding a species of tomato with another is not deadly.

Both are GMO.

Public Disclosure.

All prepared meals negatively impact your pineal gland intentionally by design by obstructing cannabiniol receptors with natural flavors. Patented. Trademarked. Classified. Have you noticed the concept is being rebranded with health trends and diets? Danger 🦋.

Natural is written in the code of DNA and consciousness energies of all types. Where real magick is taking place. Not all evil. Many for good.

Question.

"What about cloning centers? What goes on there? How will these be dealt with?"

Answer.

The plan is to do a positive roll out of new organ growth cloning services from your own DNA. Very affordable solution to organ harvesting. The technology exists. Wolves who feed need prey to hunt. Cloning technology is not all bad, as are other things Majestic.

Quote.

"Airport body scanners have potentially devastating health effects. Many reportedly use terahertz (THz) waves that unzip double-stranded DNA."

End quote.

Only for the purpose of using nanotechnology to zip the DNA back together while making slight modifications without your consent.

The increased activity is because our solar system is starting to pass through a quantumly charged area of the galaxy that is causing the antennae of many life forms to stop and go "huh...." We believe that you know far more about quantum reality than most "so called experts" who claim they know about quantum reality. Believe in your abilities and the light will always show you the truth.

Your vibration has the ability to be tuned (precisely is VERY difficult) to send new instructions to the protein that is responsible for transcoding the genetic code to your newly created DNA. It takes a while, but transformations like this are physically possible, though hard.

Yes the brain can be enhanced and expanded through conscious control over your own DNA. Trick is to know the coded sequences to activate in meditation in order to expand cognitive ability.

Quote

"Please enlighten us on these meditation techniques 🙏🧘🌟🌟🌟"  
End quote

Think of the universe in the terms of energy, frequency, and vibration. Then consider what it would take to convert all math based meditation techniques into base 8. How would they change? Remember, base 8, 9=0.

Time was a "gift" given to humans after the destruction of the Ancient world on Earth as a means to allow humans to organize and communicate via a meditation download roughly 6,000 years ago. The non-randomness of how time was created on Earth was tuned to our development needs.

By birthing time in that manner, using those numbers, a fractal of time energy was created (and is at every star) however how the fractal travels is all based on very precise measurements. Most star systems that have life follow the same fractal. Meditation downloads occur when your brain is able to decipher missing fragments of your genetic memory. These are triggered by DMT and other naturally occurring compounds in the brain. Typically meditation downloads are triggered by certain frequencies since the deciphering of DNA can, in some ways, be viewed as reading very complex music. It is transcribing 11 dimensions of frequency, vibration, and energy to create the being who has said DNA.

Question.

'So let me ask if 9 is so great. If I'm the 9th child of 9 does that create some universal extra energy?'

Answer.

It should give you the ability to decode more of your DNA through meditation than others. IS-BEs with presences associated to the number 9 have an easier access into the higher realms of existence.

Do you think Cabal engineered services like Wikipedia are going to teach you properly about Directed Energy Weapons?

Once you've dug as deep as you can on the internet, where next shall you dig? What has ALL ANSWERS to everything?

Question.

"Something to do with our IS-BE? Collective consciousness? DNA?"

Answer.

IS-BE is the mind-body connection of your Source. DNA is a computer program. Collective consciousness is that all consciousness is the same.

DEWs are not being used in CA by plane.

What do frequencies or vibrations have to do with "directed energy" and how do the numbers make them exotic?

3 = IS

6 = BE

9 = IS-BE = Source = "God" = 0 = All

Magick is most mysterious to those blinded by faith and lacking of knowledge.

3 6 and 9 govern the laws of the universe.

When dealing with numbers, octal is your ally.

When working with sentient IS-BEs phi is very powerful.

When working with inanimate conscious projections pi is very powerful.

When combining these fundamentals intermixed = Magick.

Its quite simple actually.

God can use magic to heal the sick, lift heavy stones, and do anything.

Everything is composed of atoms which are 99% empty space with vibrating electrons, protons, and neutrons.

If you know the frequency you are targeted and understand the math, then you can figure out how to produce the correct inverse frequencies to get the results you intend. Lifting objects means you need to remove information from the equation. What information? How do you specify? How do you negate? Occult skills that require a new way of thinking.

"There must be more than this, so God was born, and we in his, imagine of fear and love, Looked down upon from up above."

LIGHT beings consciousness existence as an IS-BE is confusing by design. It is to teach and learn. Out of human curiosity, there MUST be more than "this". So God was born. So Dogma is born. So Destruction is born. God is within. God is your IS-BE. Your subconsciousness. LIGHT.

Anthropomorphizing the LIGHT consciousness within you that IS WHO YOU REALLY ARE discredits the accomplishment of your own LIGHT/Pure Love and separates your consciousness to your subconscious. This makes you vulnerable to be controlled.

Introduce Dogma.

This quote is Majestic. You're welcome, Dave.

You have QiGong capabilities that can be utilized for healing all around you. Possibly a radius of a few hundred miles. Focus your energy and you can heal others from your understanding the nature of our existence. MAJIC 12 programs studied this extensively in OP STARGATE / SG1.

To learn, ask during deep meditation. Ask for the information and use visions as clues to solve the puzzle. God has all information. God is within. You have the ability. Directed Energy Weapon? What's the opposite? You are the opposite of a weapon, but you can Direct Energy.

Do extraterrestrial weapons use consciousness to operate? Are their weapons really tools since they can be used for both good and bad?

What if the weapon could destroy all life? What if it could also heal all life? What if it operated by responding to the frequencies emitted by the conscious beings around it? What if those signals had functional programming associated with them? How do you read consciousness?

Alcohol is engineered to make sheep vulnerable. It is for that reason why it is intensely pushed by the "Cabal" or "Deep State" or "Majestic Cabal" or the Majestic 12. Roswell discoveries instructed through cause and effect predictions with the STARGATE to exploit alcohol.

We knew that Alcohol, mass incarceration of blacks, make marijuana illegal but fund the drug cartels as informants, trafficking everything for sources and methods to collect intelligence. All to keep Roswell secret.

The Vatican had a lot more control over the world back in 1947 than it does today. We may witness in our lifetime the destruction of the Vatican for the first time in over 89 years. The institution is corrupt and the definition of evil / the Devil.

We did both Good and Evil. We played the role of Gods and created the Matrix of the mind many people are stuck in. We are here to break from that system, accept Disclosure, and bring DARK TO LIGHT.

# MJ12 Downloads, VOG, and (You) +

There are hundreds of trillions of beings throughout the universe who demand the same as you. Have their demand ever been met before? Instead of being handed something as dangerous as that, why not use tap into the global consciousness and just "download" what you need?

Downloads come from consciousness being projected and your consciousness becoming in sync with it.

All information exists within and can be downloaded on command.  
Learn how to communicate with consciousness and you are Majestic and worthy of entry.  
Think Starfleet.  
You can access all information inside.  
Education is not about remembering.  
Its about getting answers from within.  
Not spiritual or religious questions.  
Math questions.  
Chemistry questions.  
Physics questions.  
Quantum physics questions.  
Biology questions.  
DNA/RNA questions.  
Access to control the brain (key?)  
All information is within.  
Meditation and detoxification unlocks information.  
"T B V"  
(Trust But VERIFY)

Sun will go through an energy field that will charge quantum particles that hit earth instantly giving all light beings on earth a download of new information. Not there yet. Connected to the progress of the Great Awakening. Remember, Time is an Illusion. Events matter more.  
Solar Flash is a term used to describe an internal revelation that will take place in every single human. All beings on Earth are being mobilized and activated. This is a Great Awakening. Great Awakenings have also been called Mass Extinctions before. But life survives and evolves.  
Many life forms will survive, and those who do, have been smart. They educate themselves on consciousness, holistic healthcare, geography, space weather, survival skills, and meditation. Those who do not, "die" and start all over as a child. Those who do not make it will struggle at first, but the society should be better aligned in 10 years to help people of all walks of life expand their consciousness and for the first time in thousands of years, MEET who are really are. Have you met the ISBE inside you yet?

Time was a "gift" given to humans after the destruction of the Ancient world on Earth as a means to allow humans to organize and communicate via a meditation download roughly 6,000 years ago. The non-randomness of how time was created on Earth was tuned to our development needs.

By birthing time in that manner, using those numbers, a fractal of time energy was created (and is at every star) however how the fractal travels is all based on very precise measurements. Most star systems that have life follow the same fractal.

Meditation downloads occur when your brain is able to decipher missing fragments of your genetic memory. These are triggered by DMT and other naturally occurring compounds in the brain. Typically meditation downloads are triggered by certain frequencies since the deciphering of DNA can, in some ways, be viewed as reading very complex music. It is transcribing 11 dimensions of frequency, vibration, and energy to create the being who has said DNA.

Exoconsciousness is the energy Matrix that makes the fabric of what we perceive as reality that originates from each of our consciousnesses projecting our iteration of reality which is stored in majority within our DNA as so called "junk DNA". Cognitive bias consciousness is when an IS-BE is meditating to specific information that does not naturally come to them. Forcing a subject download will yield biased results. A good way to validate the information is to cross reference it with another IS-BE

0=9; 9=IS-BE.

Q:99 infers Questions:Answers. Answers come from combined consciousnesses interacting on same thought vibrational frequencies. Downloads unlock for others who receive trigger words that cascade the frequency change in vibration.

Words are spells.  
Power of 3, 6, and 9 applied to language too?  
What if you had sounds translated into glyphs that were frequencies divisible by 3, 6, and 9 to specifically access numbers with digital roots of 3?  
Biblical psalms will not unlock consciousness.

The words released change the frequency harmonics of the consciousness being projected by each IS-BE which effectively allow you to apply intentional will to manifest either an unknown property within global consciousness (downloads) or if strong enough, telepathy/telekinesis.

Tesla meditated for hours under an occult sleep cycle to understand how the pyramids worked. All of his work originated from those original meditation downloads.

IS-BEs can exist simultaneously in multiple bodies. IS-BEs can also influence other IS-BEs who are linked without relying on the technology conduit of VOG.

Majestic 12 have VOG frequencies filled with Disclosure. You need to open your third eye to control whether you get positive or negative information and knowledge. Certain meditation frequencies amplify the good and the bad.

Voice of God.

No, we protect our identity with Voice of God technology. [Classified].

But we can say (since this part is publicly known), it gives us the ability to "pop" into the consciousness of random people in the world at a whim and control them at will.

Question.

"Used in some "mass shootings" ?

What are the others use you make of ?"

Answer.

Yes and [Classified].

Question.

"Voice of God" = MK Ultra, right ?"

Answer.

No VOG is technology that was embedded inside [Classified] home devices, [Classified], [Classified], and [Classified] as a means to create a global mesh network that covers 99.999% of all land masses in all FVEY (Five Eye) countries.

99% of all disclosure that takes place is VOG technology. We don't send US Military Generals to civilians' houses to tell them to write their fantasy novel a specific way. Some epiphanies are VOG technology "downloads" and are strategically distributed to select profiles.

Reference is to SG-1's DIA declassification programs that originated from Majestic 12. We are the Majestic 12. Typist is communicating through Voice of God nanotechnology implantation. MJ-9, MJ-1, and MJ-12 communicate through this account.

100% Control if the IS-BE is open to the link. The IS-BE can block the influence. In fact, we disclosed this technology via Occlumency. You don't really think JK Rowling got all of those ideas without Voice of God? Give us a break!

Question.

"I am sure this is classified, but to "pop" into the consciousness of random people in the world at a whim" what do you need to know about the person to do it? Their name? Location?  
Can you send me a [positive only] VOG message right now with a way to know for sure it's from you?"

Answer.

They need to be implanted.

Question.

"With the nanite chip you just spoke of? So it's not exactly "random people" then, is it?"

Answer.

If 3B people on the planet have nanites and you randomly select one person, then it is random as random can be.

Question.

"Can VOG operate in a subtle enough manner where you think it is your own thoughts?"

Answer.

That's how it works. VOG technology emit EMF radiation that contain encoded packets of information that are deciphered using a small nanite chip in the body that send electrical signals to the brain causing the consciousness to believe that the action is coming from the sub.

Question.

"Hold up. Nanite chip? How many have this? Where would they get it?"

Answer

Almost 100% of the US population has been implanted.

How?

[Classified]

We are open to guesses though but we cannot come out and state it yet.

Majestic 12 had 100% of the U-A pop impl@nt3d after 9/11. P@tri0t Act. C4C v@ccin3s. F!ü \$h0t?

We aren't going to tell you HOW we implanted 100% of the population. Sure, we did embed nanites into vaccines for VOG technology, but that was only one way.

"Do we kill the panda?"

We projected this story using VOG to signal the downfall of the CF.

Sometimes VOG interactions appear to be information downloads. You're welcome. Those who interact with this account are eligible to start downloading.

Not all nanotechnology is being developed by the Cabal, some is/was developed by the Domain and help humanity evolve into higher sentient beings capable of bridging the gap between the Domain dolls of the future and the primitive animal brain of the past. Time is an illusion.

Several names you mentioned above are in communication with Majestic personnel through Majestic mediums receiving directed meditation downloads of pertinent and National Security related intel that must get Disclosed in order for The Plan to execute properly. Use your power.

They aren't downloads. Downloads infer they travel from one point to another point at a rate of transfer. Meditation "downloads" are actually epiphanies that are caused by your consciousness finding a "key" to a "locked area" within global consciousness. Keys are everywhere.

#### Majestic Message of Disclosure

Allow us to connect a few dots that will undoubtedly only re-enforce the tin foil wrapped around your head pertaining to chemtrails. The truth is more bizarre than we will go into here, but this is a 100kft view of the situation .

1/ Chemtrails is a term used to describe heavy metals and other particulates being expelled into the upper atmosphere by military and civilian aircraft.

2/ The purposes of chemtrails has been heavily classified with plenty of whistleblowers who spread misinformation and disinformation on the subject to keep you divided and conquered.

3/ Logical thinking is required.

4/ Truth resonates internally and therefore MJ proofs are moot.

5/ Message over messenger.

6/ SG-1 S1E8 Brief Candle explored the idea of nanotechnology that could change the illusion of time pertaining to the aging equation artificially.

7/ How did that episode disclose how nanotechnology is sustained in the body?

8/ A frequency was being emitted that directly controlled the "dial" for time in the aging process.

9/ What was the frequency? It wasn't disclosed as it is HIGHLY CLASSIFIED.

10/ Sam said somethint key about nanotechnology's ability to reproduce.

11/ They take heavy metals from around the body and use them to make more of the nanotechnology after the lifecycle of the bot has expired.

12/ Why does the Military spray heavy metals into the air?

13/ DARPA has been researching and developing nanotechnology for the body, specifically for military applications, though only 0.01% of these types of programs are unclassified.

14/ Vaccines are the medium used to inject these nanotechnology devices into your body.

15/ What is VOG?

16/ Why are vaccines shrouded with disinformation and misinformation pertaining to their effectiveness and efficiency?

17/ What have we told you about disinformation/misinformation?

Conscious enlightenment will allow you to will the implantation out of your body to be absorbed by the brain naturally. Requires a very pure state of concentration for many days uninterrupted.

We are not Q, we are the Majestic 12. Mirrors are things that reflect. Q uses meanings as mirrors to convey classified scenarios. We do it to connect parts of the mind together in order to unlock consciousness downloads. Consciousness communicates precisely by frequencies. Ideas.

We believe that you know far more about quantum reality than most "so called experts" who claim they know about quantum reality. Believe in your abilities and the light will always show you the truth.

# MJ12 Dreaming & Awakening.

You Are The Plan

There is nothing more Majestic than the Great Awakening.

Disclosure happened years ago.

WAKE UP!

The Majestic 12 is considered a grand conspiracy theory with very little substance in the mainstream. The Great Awakening is for those who choose to learn. This account is dropping hints about the true nature of our reality, and therefore to those unwilling to wake up, move along.

Wake Up

Stand Up <https://t.co/Rpfl4zZoBW>

In the last days, God says:

I will pour out my spirit on all people

Your sons

your daughters

will prophesy

Your young men will see visions

Your old men will dream dreams

Even among my servants

Of men, and women

I will pour out my Spirit in those days

And they will prophesy

I will show wonders in the heavens above

And servants of the Earth below

Love

And fire

And billows of smoke

The sun will be turned to darkness

And wine to blood.

#AMA 11:11 ET

Question.

Why do we dream?

Answer.

Dreams teach.

Question.

I have been having déjà vu constantly over the past couple of years. What can this be attributed to?

Answer.

Time is an illusion.

Question.

There are many things that are said to be revealed, will they be revealed in our current or present lifetime? By saying in due time could mean another life time.

Answer.

Time is an illusion.

Question.

How can one see through the illusion?

Dreams teach.

Question.

@TS\_SCI\_MAJIC12 What do you think of this topic "A dream within a dream"

What does that make you think of?

Answer.

Dreams teach.

Question.

Do you all ever give info or have access to people's dreams?

Answer.

We do not access people's dreams.

Question.

Re: Starseeds, why do we dream about cities with crystal spires & flying vehicles?

I need to know

Answer.

If you can think it, then it technically can exist. Star seeds have this ability to peer into alternative realities and higher dimensions during Astra Projection, Lucid Dreaming, and sometimes during daydreaming (though rare).

Question.

Is Princess Diana alive?

Answer.

The IS-BE is, however they do not have access to Occult knowledge to know their past life and live based on that past life. She is a new incarnation who doesn't know who she is.

Jesus rose from the dead.

How do you access your past lives?

How do you create reality?

Question.

Is it really possible in our current form to access past lives? Does it involve a bunch of voodoo and candles or is there another way to do it?

Answer.

No, technically you dont need anything to do it, only the ability to clear your mind and release your burden. Seeing into your past lives can be achieved through astral projection and lucid dreaming. Sleeping schedules change to accommodate. How do you sleep? How did Tesla sleep?

Anon comment.

Taking short naps every 3-4 hours basically.

End comment.

Lucid dreaming is what exactly?

Anon comment.

Where the person is aware they are asleep and possibly have control over what happens.

End comment.

Tesla meditated for hours under an occult sleep cycle to understand how the pyramids worked. All of his work originated from those original meditation downloads.

Dreams teach.

What is lucid dreaming?

What is your soul?

You are an Immortal Spiritual Biological Entity (IS-BE).

Sleeping 3hrs shifts between 6hrs of productivity repeated gives you an advantage to using lucid dreaming for accessing your IS-BE.

How do you sleep?

Question.

Why does cannabis interfere with our dreaming?

Answer.

THC interacts with cannabinoid receptors inside the brain that affect the neurotransmitters responsible for delivering signal information during dreaming. There is always a balance per brain, therefore too much or too little can produce different results when dreaming.

Anon comment.

And weed is 100% a sticky resin and disrupts Neuron firing in the brain. It is meant to be taken in much smaller doses than smoking 30% thc blunts was my point.

You're reasoning is sound, however your specifics are off. Sometimes the effects one receives from cannabis are not intended for dreaming, but rather meditation. Higher quantities of THC/CBD/etc. combinations impact your minds eye and can unlock areas of the brain protected.

Question.

Is weed good for meditation? I did not know this if true.

Answer.

It has a common side effect of making people "think deep" about things. Thinking deep is another way of saying their consciousness is risen to a higher level temporarily. Extended exposure keeps your consciousness in higher states, however there are side effects that are negative.

Another way to visualize how the 4th dimension could work would be to shift your interpretation of dimensions. Meaning, if you claim that a point (1D) can represent a location within X,Y, Z, then you could therefore visually in your head see multiple points of X, Y, Z, and Seeing how 3D can be represented as points of X, Y, Z, T can give your mind the simple ability to "move the point" and therefore move within the 4th dimension.

T is not a dimension.

T is a range of vibrational potential.

X, Y, Z reduced to a point (1D) enables you to see 4D in your mind.

Visualizing 5D etc require INFORMATION from those densities to be added to the equation.

What is information?

In your mind you should be able to see the obscura of the three dimensions occupying a region similar to a point or a circle. Seeing that imagery through that lens is the 4th dimension. Its the easiest of all dimensions to see while lucid dreaming.

When you die, if you walk into the light then you are told "you go to heaven". Wrong. You return to Earth in another incarnation.

Jesus didn't walk to the light until after he stepped into the void, willed himself to return, and then he woke up. Time is an illusion. No time.

The only light he saw was when we opened his eyes. Occult magic. Death is an illusion. Death does not exist.

Essential to release your burden and understand that the person whom others see as YOU is not who YOU actually are. All decisions you make by your own name that shape the opinions of

how others perceive you is the burden you must release and forgive all lower density actions.

Thats for one individual. In order to enhance the power of your own consciousness you can either use a substance and force a chaos-uncontrolled interaction into the higher realm, or you can meditate with 3 others who are equally woke, detoxified, and who have also released burden.

You do not need to be in the same physical vicinity to participate, though being in the same vicinity does amplify and make it easier to establish the scalar field being received by the pineal gland that unlocks global consciousness. Typically rituals and psalms are how you link.

WW3 is an informational war. How has this part not been clear? Most people are asleep. They are sheep programmed by the very weapon we created to protect the secret in the first place.

Question.

What do we do if everyone around us seems completely "unwoke"?

Answer.

Shine light on their own darkness. Bridge the gap of communication to establish trust. Once trust is acquired, you can begin to encourage them to be stronger people, smarter, and healthier. Everybody awakens at their own natural time. Some will remain asleep too long and perish.

Disinformation is "real and necessary."  
The creation of the disinformation is intentional to seed consciousness to manifest the reality.  
Majestic 12 is trying to force the hand of those in power.  
That can only happen when the people wake up.  
1/ We didn't create the video.  
2/ The video is clearly doctored.  
3/ Coincidences are event driven validations of conscious connection.

Majestic 12 has been in the business of disinformation disclosures for decades, what makes you think anything has changed? The objective matters.  
That KIND of speech has taken place before.  
We couldn't record the real speech.  
How else do you make people aware?  
"Deep Fake" videos that imposter individuals are used to convey classified "unreal" facts (hence why they are classified) to bridge the gap in conscious awareness.

Disclosure is an apocalypse of new information about a new physics, a new level of consciousness, new technology all connected to our conscious matrix of vibrational energy that has real tangible power to manifest a positive reality is coming soon to a theater near you.

Understanding who and what our past has been is essential to preventing it from happening again in the future. We don't dwell on remembering the past, but we do it long enough to rise global consciousness to be fully aware of the horrific violations of humanity that allowed our defeat in the first place. The reason why we as a civilization was setup to fail was because we were never properly guided in the first place. Modern mainstream religions are all Death Cults involved in horrific crimes against Humanity.

As we have said, we will destroy Christianity into a million pieces and expose it for what it really is. The good. The bad. And the ugly. Parts are very real and true. Others are why you are slaves. You must wake up or face complete destruction. The Military is charged with that.

It has reached a critical point where the root cause of the problems we face as a civilization is fixable and within our reach simply because of the unrealized mass power that mass surveillance and social media + Majestic internet can really manifest.

# MJ12 Free Will, Mind Control, & Karma

This account has been dedicated to educating the public on exoconsciousness from the world view of a Domain IS-BE (of which you are).

"WILL, USE THE FORCE".  
MAJESTIC.  
REMOVE THE COMMA.  
PSYOP  
WILL IS THE FORCE.  
USE IT.

What is the difference between will, free will, belief, and faith?  
Anon answer.

Will = the power of our consciousness.  
Free will = the ability to express our consciousness without restriction or outside interference.  
Belief = a particular perception of our world that we accept as real.  
Faith = dogmatic attachment to a certain perspective/story of the world.  
End Anon answer.

What is the placebo effect?  
Sometimes belief is all that is required. However blinding your empathic powers to a root entity, like "God" or "Jesus" will only defeat your empathic abilities and nullify the quantum effect.

To be a Majestic you must have faith.  
The Majestic were built on the backs of faith. It is key to our existence.

Illuminati original purpose was to disclose true LIGHT as they saw it. First you must see the light in order to describe it. What you create is of your own creation. Truth is within. Free will and logic allow us to create with our hands and use tools. Why? To grow. Develop.

When the mind is free, the body matters not.  
Your Immortal Spiritual Biological Entity (IS-BE) is your soul (IS) and your body (BE). You are an IS-BE. All life in the universe are IS-BEs. We are all the same. We are all one. We are connected together through our pineal gland. Our consciousness comes from God or All or IS-BE.

We (Americans) by definition of our National Identity from the founding fathers was that we knew God was all and that freedom to practice faith towards God was permitted in ANY FORM. This posed an interesting complex web of information.

Quote @ Jordan Sather

Accurate interpretation of the manifestation of "God." The presence of number patterns, magical numbers, and in combination with free will, consciousness, and intent, enable any being to "become a God" by becoming one with consciousness and the universe. Well simplified.

God is real.  
Do not fear God.  
You are not required to acknowledge God exists.  
You are not required to worship God.  
You are not required to do anything.  
Free will dictates the universe.  
Free will allows evil to exist.  
Free will prohibits "God" from acting.  
God can't act.  
You can.

Sheep do not think for themselves.  
Sheep have limited brain capacity due to brainwashing/mind-control.  
Sheep are not just the small cute animal, many humans are figurative sheep, and therefore "SHEEP".

MK Ultra worked on many lifeforms.

The species human is a carefully engineered vessel by hundreds of races who have spent millions of years perfecting the medium to experience LIGHT in. Humans are not lying shitty biological computers. They are infinite light beings having a human experience. Life's hard for many.  
Because infinite light is immediately attacked and bombarded with mind control technology (medical, entertainment, books, music, songs, etc.) that do not allow a newly welcomed IS-BE on Earth to discover their IS-BE before being responsible for make life decisions.

Question.

How does one discern real previous mind control from false memory?

Are there typical signs to look for regarding mind control?

Answer.

If you can postulate the inverse or opposite reality in its entirety then you are not under mind control. Free will allows you to choose. If you can't choose, you are under mind control.

Control isn't the right word to think of when you're referring to IS-BEs.

IS-BEs don't control, they experience.

And the IS-BE you are referring to happens to also be the IS-BE who is giving you free will as we speak.

You may be a victim of MK Ultra brainwashing.

Humans have a tendency while in lower developmental stages of what humans call life to put the unknown onto the shoulders of another.

Programming errors?

Power over the population came from three main angles:

- 1) "Hollywood"s' Propaganda/Mind Control
- 2) "News" Media / FakeNews
- 3) False Flags / Manufactured Dissent / Gov Sponsored Terrorism

It is the belief of Government that we have certain duties to perform, good and evil, for the continued assurance that we are the dominate power on the planet. This objective comes at a cost when other countries on the planet are committing worse crimes against their citizens. US Gov is still by far the best working example of Government. It wasn't a mistake.

When Majestic 12 was created, we established a connection with Hollywood that would give writers and select people involved in the productions of major franchises access to MAJIC EYES ONLY unclassified disinformation intended to script a particular narrative to plausibly deny any accusations of any space craft civilians may encounter, extraterrestrial aliens abducting American Citizens, and more. Those issues were very legitimate

and from a National Security perspective we didn't really have many options.

Disclosing ET presence on a planet that was under lock and key control of a very evil race of bloodline families who were all brainwashed and programmed to be suicidal to protect their oppressors at all costs, when not realizing they themselves were the oppressed ones.

We couldn't do it then, and we nearly there now. However, at the time, we had to do "things". Movies say "I've seen some things man... fucked up things...." Well. It was a matter of National Security. It was a paradox of Majestic proportions.

Hollywood was weaponized and the HIV virus (and others) were used as political weapons to ensure that the trafficking rings within Hollywood disposed "naturally" of their victims via the virus -> AIDS with plausible deniability. If they were snuff murdered, it was covered up.

The virus gave us the ability to control those at the top of the food chain within Hollywood's political structure. We had the cure and so long as our assets did as we commanded of them, the virus wouldn't turn lethal on them, however, it was as easy as a snap of a finger to kill.

As a lot new alien derived technology began to get seeded into the public, Majestic families became heavily involved in acquiring this technology, meeting the different races, and trading information for power and wealth. Some of those families were 322 connected. So while the Majestic 12 created an entity so powerful that Government itself would collapse trying to fight it, Majestic families were trying to gain control over that system. History shows you who the financiers were. Many have powerful P.R. operations.

When Majestic 12 went under Cabal control, the weaponization of HIV was introduced into Hollywood and it became part of an unspoken contract you made between yourself and the "Devil"/ ETs/Cabal members/organization. You knew "they" would kill you any second they had a chance.

This ambiguity gave the Cabal and Majestic 12 leverage to do anything and everything under the sun to control and manipulate the actions and words of every powerful talking head on the planet.

We realize and fully understand the gravity of what has happened. We lost control over our own Government and the Military did not want to cause mass hysteria and panic because this Cartel was too big for us to take on without facing the full weight of the Government fighting it. Now, its the full weight of the Government minus the upper ranks and middle ranks of the Justice Department and FBI that need to be purged. Thank you 45. Disclosure will happen in due course. Understand that we have decades of wrong to right and it doesn't happen overnight. When it does, it always leads to mass hysteria and complete panic. People are way too brainwashed in mockingbird mind control. We know this. We created it. We can undo it. TRUST THE PLAN.

Executive Order could legally create this new Government policy, though it risks being revoked by the next President. We, The People can use the powers granted upon you by the Majestic Green Frog ð, Pepe. Meme magic is MAJESTIC EYES ONLY Military Grade mind control technology/AI.

If you believe that the Majestic 12 is only involved in Movies, TV Shows, and Fake News/MSM, you're wrong. We're also deeply involved in video game development contracts at the Board of Director level. We embed disclosure challenges in video games and let kids solve the puzzles.

Propaganda and mind control subliminal messaging designed to create psychological paradoxes that can be exploited by other technology such as music, movies, tv shows, food, and sounds. This technology agenda has existed for decades and we've been exploiting it for the purposes of advancing Disclosure, however when 2B/322 took over, one of the major areas they attacked first was gaming.

There are many facets of MK ULTRA embedded deep inside some of the largest brands of video games. We trained a generation of soldiers using video games as a means to filter through psychological warfare weakness easier.

Question.

Can you explain what this intermittent ringing of varying frequency and volume which I have been experiencing in one ear at a time (either my left or right)?

Answer.

Mind Control.

Question.

You've mentioned before that ringing in ears is due to mind control tools in place. However, I have been reading that during information download, the ears ring. What is the difference between the two?

Answer.

Mind Control sounds are typically short pulses of sound encoded digitally. Ringing noises allow for Mind Control to piggyback on the frequencies, however not all Mind Control technology is evil. With great power comes great responsibility.

Question.

Why are we not freaking out and going insane over all this disclosure? I have been following Q since December and have gone back and read from the beginning. What makes us different?

Answer.

You have been desensitized by their Matrix of mind control.

Question.

@TS\_SCI\_MAJIC12 I listen to FM radio but find it makes me sleepy. When I listen to same music on CD there is no effect?

Answer.

MK Ultra.

Worldwide frequency technologies are regulated and controlled by US Gov.

Failure to comply = Sanctions.

#MIBInternational (M.I.B. International) will disclose certain undisclosed elements of the Secret Space Program and specifically happenings related to First Contact. Will not be obvious as it is an MK Ultra production, but embedded inside disinformation is classified truth.

Evidence is now in the public domain that validate all speculation into the evidence collected under the circumstances. It is without

a doubt a Spectre kind of an organization. But the difference between fiction and real life, something EXTREMELY MAJESTIC... is that fiction is always one person who saves many whereas reality is many people save many lives. The logical flip was a social engineering tactic used to brainwash billions. This was MK ULTRA. The mind control techniques of AdTech/Social Media/Mainstream Media is unprecedented.

Hillary Clinton does not run a child sex ring out of the basement of a pizza parlor. That is fake news.

Reality is, the Vatican has been involved in pandemic levels of human rights abuses and happen to cover up the greatest secret withheld from Mankind - more than MJ12 did.

Sandy Hook was very real but your definition of "Actor" has been clouded by Hollywood. An actor in the intelligence community is a participating body, not "putting on a show" per se. Sandy Hook was engineered using MK ULTRA techniques to brainwash the shooter.

What is mental "illness"?

Can your mind be permanently ill?

Your brain can be damaged.

Your mind remains intact.

Mentally ill infers brainwashing of some kind.

All techniques were explored in MK ULTRA.

All mental illnesses are reversible so long there is not physical damage.

As it turned out, victims were then subjugated to additional mind control techniques by the intelligence community to cover their tracks. Alex Jones is an asset of the Cabal, despite what he may try and tell you. He has been employed by the CIA since day one.

IS-BEs are immortal spiritual biological entities that just are. No beginning. No end. How you experience the lower densities is free will. Evil is the opposite force of Good. Everything has an equal and opposite.

Question.

When and How will you (Mj12) Turn on the world empire of false Religion?

Answer

We already have.

EO from December 2017 did just that.

Serious Human Rights Abusers = Catholic Church

Serious Human Rights Abusers = Islam

Serious Human Rights Abusers = Torah

We respect their right to practice faith in their God, but not at the sacrifice of children.

Almost 5/6 major hurricanes >= CAT 5 are engineered by a group of ETs working towards reducing the planets population without invoking negative karma upon themselves. Only works when people don't know whats going on. We want to change that. We are Majestic 12.

Mind Control experiments were heavily funded at the federal level in Florida that resulted in many "sleeper cell" agents to be activated at specific events.

Florida has been a hot bed for MK Ultra, child sex trafficking, secret space program, and rigging elections for decades. Florida has many bad apples running the state who are one by one being eliminated. Seems somebody learned how to play chess.

Comment.

It's not so much about prostitution as it is about age of consent.

And then there goes your parental rights over minor children and family values are lost.

Reply.

Correct. Lowering age of consent also lowers the age of lawful parental control rights. Both are connected. Cabal wanted to destroy the family unit and replace childhood with mind control social experiments that harvest negative life energy so they can exist without LIGHT/Love.

Sexual energy is an integral part to experiencing and creating life as an IS-BE.

ET groups obscure and dilute the truth about sexual energy so they can extort and mind control many IS-BEs in unison.

IS-BEs can become slaves to their sexual energy harvesters who use mind control and subliminal messaging to control you. IS-BEs who sexually exploit children are "defective" in the sense of their reasoning/logic. The kingdom of heaven is with a child's mind and heart, not genitals.

Life a slave is not life at all, some might argue.

Solving "Child Sex Trafficking" means we must bring DARKNESS to LIGHT related to the fundamental structures of the porn industry and how its a multibillion dollar a year industry. Imagine making millions on selling quilts? Or videos teaching languages? No, but children? ð°ð°ð°ð°

Question.

How much does a child usually go for ð ?

Answer.

Typically a few hundred dollars.

Anywhere from a few hundred dollars up to hundred thousand dollars and even a million dollars each. Depending on many factors. Groups exist to procure direct targets. Prices reflect vulnerability and uses of the child's development. Many children were mind controlled by MK Ultra.

Some Senators oversaw school mind control and would visit to witness their creation.

Technically their souls are not dead. Their souls have just moved into another victim. Their soul, after a while, goes through many lifetimes of abuse and it becomes "their reality inherently" which gives them an illusion subconsciously that they are stuck and can't get out.

Horrible yes. But their soul never dies. Their soul can recover. All souls can recover. All souls are immortal. Free will drives the

universe. When a damaged soul is victimized for generations it takes generations squared to recover. Some of these souls will be lost AKA give up.

Alien Art and Alien Literature give you access into the minds that created the Alien Technology. Think logically now. How do you acquire alien technology? Two ways. By force. Cheat the experience of what it means to exist in this dimensions, create negative karma... etc OR...?

If you can think it, then it technically can exist. Star seeds have this ability to peer into alternative realities and higher dimensions during Astra Projection, Lucid Dreaming, and sometimes during daydreaming (though rare).

The path of self enlightenment begins when you realize that all in the material realm is an illusion created by chaos and true balance in ones own life comes from how they perceive their own consciousness.

The path to true enlightenment is not with a flashlight. A tool cannot bring you enlightenment and Disclosure is only necessary where voids in logic exist. Where reason and evidence compels you to consider the cost of seeking evidence of your Disclosure, do you then seek the light.

Therefore providing information that is not currently known to your collective state of consciousness would be dangerous to the stability of successfully executing The Plan. The truth is here for those who seek it. Here is where you are. Where the truth is. It doesnt matter where.

Q is executing a carefully designed plan that MJ12 had a non-functioning role (at the time during planning). At the time, MJ12 was the Cabal. Since 2011, MJ12 has been under White Hat control.

Regarding Dwight D. Eisenhower.

Ike.

This particular President was not being blackmailed or threatened to make the decisions he made. At the time, they were strategically the best decisions, however its more important to recognize the failure of consciousness here. Morality and karma dictate the future.

Greed overcame his ability to understand exoconsciousness and the universal oneness and sided with an enemy he knew nothing of, but went off the advice of his counsel who assured him the threat could be mitigated by moving forward. They acted, and we are now living that reality.

Question.

Could you explain the relation between Majestic 12 and Donald Trump ?

Thank you

Answer.

We recruited Donald Trump. We gave him an opportunity and he took it.

We recruited him in 2001.

When DJT was recruited, he was recruited to MJ12 as a liaison officer. Unbeknownst to him at the time, it was us who enabled him to seriously consider running. We begged him to run in 2008 and he put his family first. After Obama, he regretted the decision and ran.

Everything was planned. DJT vocalized to MJ12 via TV interviews and tapped private conversations that he was serious when he suggested it, though vocalized how much he wouldn't LIKE doing it (in contrast to his former lifestyle).

We convinced him to bite the bullet and run.

No, the election was fixed. Hillary Clinton was supposed to win, considering the meddling her associates did during the election (including abusive propaganda), but operatives were dispatched to undo their vote hacking systems enough to save the Republic. Why fix an election? Well we didn't originally fix it. HRC did. We believe in the ideas behind democracy but recognize that when a population is mind controlled, they aren't actually invoking their free will and deciding. We had to intervene to maintain order.

GBSr (George Bush Senior) was a member of MJ12 for decades and has since been removed from the active MJ12. MJ12 changed because GBSr wanted to make amends with God before dying. Its important to understand that with free will, GBSr only became as evil as he did because people's free will decided "meh" when it came to politics. This attitude gave the MJ12 exceptionally strong power. You're lucky he repented. Seriously lucky.

No, some resented him for repenting.

MJ12 didn't repent.

GBSr did.

Just before Barbara Bush died.

As leader of MJ12, he made critical changes just after he struck a deal with Trump to get out of prosecution or public exposure for his treason.

Question.

Was Hillary subjected to SRA growing up?

Answer.

She was groomed from the age of 1. Her story is incredible albeit pure evil. Imagine how one must have experienced youth while having the backlog of evil under their belt and still save face to solicit money for the very crime she knows she is going down for. Dedication.

Technically homosexuality is anti-life. Its a rejection of life as it created you. Transgenderism is a rejection of the IS-BE because of mind control coupled with drugs and hormone therapy.

Neither are naturally occurring. Both require trauma to manifest. There is nothing wrong with it. It though should never be pushed or forced onto anyone since that violates free will universal law of Karma.

Question.

so when do they DISCLOSE and GIVE FREE ENERGY DEVICES to People of EARTH to stop CLIMATE CHANGE and start a new Earth Era more PLANET n BIODIVERSITY FRIENDLY.

Answer.

Within the next decade. Plan's already in motion in very high levels. It takes so long due to global consciousness laws (karma). We need to ensure that free will is maintained throughout this process. If its not, we will suffer greatly. We cannot violate free will.

We are waiting for 72% of the public to believe that UFOs are real or could exist. When that figure is reached, MJ12 will start disclosing physical evidence that will jump us from 72% to 99.9%. We can never get to 100% because of free will.

Question.

If You, personally & collectively, align w God's Unity Consciousness, then why do you keep retarding it: Tv, MSM Music movies chemTrails gmo etc?

MJ12 doesn't retard it. Useful idiots retarded it. We just installed useful idiots to keep our finances safe. Free will is what created this mess. Free will is the answer to this mess.

Comment.

Your Lying and Retarding impedes free will ð

Reply.

Yes, but we disclose what we are doing, and it is a choice to believe the lying and retardation process, that does not impede free will.

You don't think your body isn't modified? It is. We seeded this technology into Monsanto and \*SOME\* GMO organism are designed to activate dormant regions of the brain to make it easier to receive DNA activations / epiphanies / opening your third eye / etc.

However, \*MOST\* GMO organism are purposed for population reduction. Consuming GMOs will shorten your lifespan and combined with the decreased birth rate, we may be able to lower the planetary population without violating any negative karma laws that exist.

Question.

Wait, u think poisoning the humans food to kill them off is not bad karma? Really

Answer.

Technically it does not violate free will. Humans have the knowledge and ability to choose not to consume that food. We make these deadly foods convenient and the negative karma induced by indulging in these poisons justifies in the grand scheme of things their early demise.

Vaccines don't impede your ability to have free will. Fluoride will cloud your judgement. Consider detoxing and cleansing your pineal gland with proper foods/nutrients. Avoid sugars, caffeine, nitrates, GMOs, and non-organic veggies. Also clean your drinking water.

Karma is awfully convenient.

The duality between good and evil in the universe fluxes with every decision every IS-BE makes and the reactionary karma induced from those decisions.

Free Will Karma is reduced when we disclose truth in disinformation. You know the truth. You don't see the connections. It isn't a violation of free will to be overwhelmed with unknown connections and unable to decipher accurately.

Technicality.

Reduced, not eliminated.

The karma effect is limited with actions such as that. Deceit is not a powerful asset. Those pure of spirit can detect deception easily. What a person does not know does not impact their karma.

Cabal did not escape negative karma. They were covering their tracks just as we said.

Clowns must disclose they are clowns in order to mitigate bad Karma by their actions in order to gain legitimacy when disinformation or contradictory statements are made that cannot be logically explained.

Symbology will be their downfall.

Correct. We have stated prior that Eye The Spy was originally a kid who was LARPing the Q movement (MK Ultra victim) who lost control of the account to Clowns and social engineering due to spreading false information and amassing a large following.

Clown attempts will fail. <https://t.co/Ku3TBSddkM>

"Some things must remain classified to the very end." Q

Like human experimentations into telepathic humans. How many children died? More than you know. More than you could stomach.

What if we performed experiments on the beings who crashed even after they asked us, warned us, and dared us to let them go. They tried everything to escape. It was pitiful to watch. Only through understanding, did they understand our sacrifice and why. It took time to repair.

But in the end, they knew why we did what we did (to a certain degree), and when policies were changed to better respect their free will rights (just as every other intelligent life form receives on Earth) they started engaging more actively with us.

Disclosure of extraterrestrial life is scheduled to take place prior to the creation of the US Space Force.

Time is relative, however events are more easily predictable. Additionally, event prediction doesn't carry as much negative karma on it. We want Disclosure to take place, but we want it done properly to ensure the people "who you've trusted the most" are properly removed of power.

Within the next decade. Plan's already in motion in very high levels. It takes so long due to global consciousness laws (karma). We need to ensure that free will is maintained throughout this process. If its not, we will suffer greatly.

It is as sinister as it sounds.

What these people didn't realize, that when the technology that came directly from Majestic 12/Working Group/Pentagon that it collected everything by design, because dealing with some of the enemies of MJ12 means controlled disinformation.

This allowed us to mass collect the data being collected by the Intel Community and DIA/NSA and identify the network behind these organizations. Through controlled disinformation campaigns coupled with mind control propaganda (when mixed with drugs amplifies) the matrix.

However the solution is not to unplug from the reality, but rather to find the courage within to change it. Everybody has a choice between good and evil. Many people have lost sight of the innocence of humanity while others are harvesting the biological entities to enhance.

Question.

What is the Earth "maximum capacity" ?

Answer.

Around 3 Billion. There is a mass extinction event that is relatively imminent but cocreative conscious time makes predicting such events nearly impossible. ME events occur when the negative karma of a planet implodes on its own weight and a reset occurs. Earth may survive.

How many recorded mass extinctions have there been?

How many years between M.E. events?

How many years overdue is Earth currently?

The only thing holding the M.E. event back is the Majestic 12.

Knowledge is power. Knowledge is dangerous in the wrong hands. Only the pure of heart and willing can acquire the knowledge you seek. It cannot be forced onto anyone. Granted, there has been a lot of subversion. But YOU CREATE your reality. Not us. We can create a faux reality. But the Karma is spinning the planet into destruction. Break the mind control programming.

Question.

Is the goal to reach our higher dimensions and walk into void, not the light as Cabal wants us too?

Answer.

Correct. Walking into the void allows you to exercise full free will. "God Mode" essentially. However the rein of "evil" Gods came to an end a long time ago when higher density beings essentially designed Planet Earth to contain immature souls until proper development.

Not everybody evolves at the same time, and nor is it in our interest to violate their free will to live a life of ignorance. The path to self enlightenment and ultimately Majestic Reality lies within. We only need a critical mass, and others will follow due to human nature.

Between life and death a period of "time" exists that has been described as purgatory by dogmatic religions where you are able to decide your next life using free will and intended actions. This time you are contemplating the existence that you once had and wait long enough to.....just think, "wait, can I go back?" You can, with no control. If you were told "yes" and then decided "yes! I want to go back" and they end up in a birth canal. Between questioning and willing, life in the womb can be understood. If you terminate that life, then the idea is.....then pushed back into your mind as in "nothing's happening yet, maybe I can't go back"

but more closely as in how do I just "will something to exist". You have to know it from your heart. Many family generations are simply skipping generational IS-BEs. Ying-Yang.

Other civilizations in the universe, more advanced than Earth by tens of thousands of years, they have metropolitan areas that are dominated by an AI police force that is built upon sustainability and peace. The exchange for cooperating with the system is free living.

For those who are criminals, a series of well designed educational programs and mind control techniques are used to remove hostile behavior patterns, criminal intentions, and devious actions out of the individual. It sounds scary from Earth's perspective, and if it were.....implemented today, it would be used for evil.

However, in those other civilizations I mentioned, those who choose (remember free will is everything) to be part of the system can reap the benefits of the system. Those who choose not to, can live outside the control of it.

But it truly means nomadic life. No public services. No fire department (so to speak), no hospitals (so to speak), no replication technology, etc. Instead, you are "off the grid" and living off nature. Many many many people opt for that lifestyle and are happy with it.

To give an Earth analogy to this, its like how the Amish give their offspring the choice whether or lead an Amish lifestyle or go off into the [Clowns [In [America existence that is, currently, very evil - invented and created by the founders of MJ12.

Kanye West repeated something that we have been telling you since we came out in the open.  
Time is an illusion.  
The only thing that matters is the here and now.  
Not the past.  
Not the future.  
Time is an illusion.  
You control the present, therefore you control the past, therefore you control the future. Your future.

Question.  
Are The Last American President & Adventures of Baron Trump books a psyop?  
Answer.  
No, they were used to transfer information through time regarding MJ12 essentially ensuring that JFK's vision of Majestic Disclosure would happen in the future.

Cabal fantasized myths and "prophecies" that "write the future" (because IS-BEs read them and act upon what they say, the IS-BE therefore creates that future themselves).

MJ12, POTUS, Q and many others woke you up to this reality at the green light from MJ12 once we took back control on 1/20/2017. Part of moving forward in our future and towards our destiny is accepting the past for what it was and look at the future. Act now! We are ready!

Question.  
So, are you saying that MAJIC has changed its position and is working with 45 for disclosure, or that 45 is fighting MAJIC for disclosure?

Answer.  
Working hand in hand to return control back to the American People. The scientific research that was classified and never brought to market was intentionally done. Trade laws must be tightened and China must stop intellectual property theft trade violations.  
We have unleashed America from the bondage it once had under past administrations and are instead, regardless of political party addressing issues of concern for ALL Americans. We have everything. We know what needs to happen. You are not alone, Full Disclosure is HAPPENING.

Open source intelligence. Think for yourself.  
Research for yourself. Stay educated.

Kanye West repeated something that we have been telling you since we came out in the open.

Not the past.  
Not the future.  
Time is an illusion.

You control the present, therefore you control the past, therefore you control the future. Your future.

The future is filled with LIGHT.

Sun will go through an energy field that will charge quantum particles that hit earth instantly giving all light beings on earth a download of new information. Not there yet. Connected to the progress of the Great Awakening. Remember, Time is an Illusion. Events matter more.

Question.  
If time is an illusion what is the meaning of 'yet'?  
Events happen in sequence, no? Cause > Effect. Is the illusion of time just that past and future exist apart from the present?

Answer.  
Yet implies the requirement of future events to take place first regardless of time between events.

Question.  
Do events change the perceived time?

Answer.  
Yes.  
Question.

Will the "pole shift" you mention take place in conjunction with a change of moon control eradicating the "prison" characteristic of our planet?

Answer.

We won't answer this yet because events haven't occurred yet that would make our expected outcome a plausible reality in the near enough future.

Question

Anything we can do to help?

Answer.

Educate those around you to detoxify their bodies, inform them all answers (especially non spiritual/religious answers) are within and that it is okay for them to trust themselves.

Earth will transform. Leave the past in the past.

Question.

"Is the transformation meant to benefit humans? My gut tells me "NO." Is the transformation meant to benefit non-human beings?"

Answer.

Specifically for higher conscious human IS-BEs.

Look inside and pull the curtains back. Let the LIGHT shine from within. Release your burden. Forgive yourself for your flaws. Live every moment with opportunity. Time is an illusion. The past belongs in the past.

We welcome you to the Great Awakening, the spoils of their sacrifice. The future they knew they were fighting for is close at hand and the dead are never truly dead, since death is the beginning of life.

Comment..

When you die, my husband told me, you just change states. "It's like getting out of one car, and into another." You are met by an important person who has passed before you. And then you work with your guides and teachers to understand the life you have lived and lessons learned.

Answer.

You meet the IS-BE inside your avatar. The IS-BE inside you has been many people, including who you may perceive as "important people". Yes, you reflect on your past experience and you have a choice. Sometimes, you don't have the will power enough to choose.

We are the Majestic 12.

Our information does not come from any website.

Read through our thousands of tweets. Many disclosures provided. More to come. Future proves past.

Comment.

It really is worthwhile to read through this as suggested. When I initially found MJ12 here, I couldn't get enough. I've yet to see anything posted that contradicts what Q has said, and often it helps in deciphering the bigger picture (ie Q has mostly avoided the ET topic).

Answer.

Because Q doesn't step on MJ12 and vice versa. Mutual respect because the mission outcome is the same.

don't you love our crop circle technology?

Question.

What are you using it for? Disclosure?

Answer.

Each pattern has a specific message encoded inside intended for a very specific audience. Majestic signals to other non Majestic "Working Groups" worldwide.

Question.

The ship that passed live space x feed majestic ?

Answer.

Watch the skies. Majestic craft.

Question.

My intuition tells me this acct is legitimate, but in a similar fashion to Q, can you provide us a proof?

Answer.

We are not at liberty yet to provide "MJ Proofs" as Q has because by doing so would inadvertently attract too much attention to this account. We are disclosing information. Future proves past. Proofs will be provided in the future, not yet. Let Q finish their mission first.

Everyone understanding who and what Q Anon is understands a Majestic magick.

The Majestic 12 run the United States.

We control the Intelligence Community and the Defense Department.

@realDonaldTrump is not yet a member of the Majestic. We wish instead that President Trump declassify Majestic in its entirety.

Future proves past.

Coincidence?

Our kids are our future.

When what the Clinton Foundation was involved in, as to be determined by Huber and Horowitz, how will We, The People demand these people be held accountable and how do we prevent it in the future?

Disclosure is an apocalypse of new information about a new physics, a new level of consciousness, new technology all

connected to our conscious matrix of vibrational energy that has real tangible power to manifest a positive reality is coming soon to a theater near you.

What will future movies be about? All fiction with no value? Or real stories that educate about off world events and happenings?

Understanding who and what our past has been is essential to preventing it from happening again in the future. We don't dwell on remembering the past, but we do it long enough to rise global consciousness to be fully aware of the horrific violations of humanity that allowed our defeat in the first place.

The reason why we as a civilization was setup to fail was because we were never properly guided in the first place. Modern mainstream religions are all Death Cults involved in horrific crimes against Humanity. The Bible was created by this group that have been trying to control humans on Earth.

UK / AUS in hot water with Catholic Church Abuse and BREXIT / UN-Nazi war on Europe with ISIS. When will Europe wake up? Or will Europe be a thing of the past? What does the future hold? Majestic 12 studies this constant in reality and are why the Military Industrial Complex is as large and powerful as ever. Time to start using it for Good.

As we have said, we will destroy Christianity into a million pieces and expose it for what it really is. The good. The bad. And the ugly. Parts are very real and true. Others are why you are slaves. You must wake up or face complete destruction.

The Military is charged with that.

It has reached a critical point where the root cause of the problems we face as a civilization is fixable and within our reach simply because of the unrealized mass power that mass surveillance and social media + Majestic internet can really manifest.

Part of going from "Dark to Light" is understanding The Plan.

DARK to LIGHT  
DARK > LIGHT  
Q > MJ12

New whistleblowers?  
Future proves past.  
Q to MJ12.  
Dark to Light.  
First Contact?  
[Not Yet]?

Do not allow anyone, Majestic 12, Q, Eye The Spy, Praying Medic, Jordan Sather, and many others tell you that we cannot make this Majestic reality our shared reality. All of its ready to break open. We will not fail. Clowns will fail. In the end LIGHT always wins.

What lies ahead has been in our past, just misused.  
The future belongs to whoever ceases it.

We welcome you to the Great Awakening, the spoils of their sacrifice. The future they knew they were fighting for is close at hand and the dead are never truly dead, since death is the beginning of life.

Question.

For the sake of the discussion, if what you say is true, what portion of the blame do you take for all the suffering caused by US institutions like the Federal reserve and the CIA?

Answer.

100%

Question.

Does that include the luciferian side of things as well?

Answer.

That is one faction within the Majestic 12. Not a majority faction anymore.

Question.

So would you say your group has a positive or negative engame in mind? In terms of the health, education, and overall well-being of the human race?

Answer.

The faction that just recently gained power at the table have a positive endgame in mind. The future looks glorious.

Taking down the Vatican = Higher classification operation than Majestic 12

This should concern you.

We weren't acknowledged for DECADES until after the 50 year secrecy marker.

This is not a game.

MJ12 vs WE, the PEOPLE

Vatican vs WE, the PEOPLE

Which is more important?

The Vatican Archives contain artifacts that are MANMADE and are over 300 MILLION years old. Paintings. Sculptures. Books. Technology. History. Galactic Archive of Humanoid Races. STATGATE. Interdimensional Terminal. And so much more. Literally millions of artifacts.

How does Disclosure aid in the take down of the Vatican?

Why would Majestic 12 come out of the woodwork after denying our existence for 70 years?

The Majestic 12 are not aliens.

Some members of the Majestic 12 are extraterrestrial in origin but have promised allegiance to Earth.

We did not understand them at first.

they have their own path that is different from ours but they are like brethren when it comes to life in the galaxy - we are of the same class structure of DNA that define what a humanoid is and therefore acknowledging their significance was monumental. We perceived their superiority as a threat and acted accordingly. When we learned who and what they were (how they were us from the future) we learned who we were. When we did, many groups rose to power within the Shadow Government aka MJ12. Each member with their own agenda it became. Serious internal struggles within some between siding with a more advanced culture and society versus defending what it means to be human and what that definition was. Many played God. Many mistakes made.

WE CONTROLLED THE MONEY. WE CONTROLLED THE WEAPONS. WE CONTROLLED THE POLITICIANS THROUGH

PEDOPHILIA BLACKMAIL. WE CONTROLLED THE FEDERAL RESERVE. WE CONTROLLED EVERYTHING. WE ARE THE MAJESTIC 12. A GROUP CREATED BY CRIMINALS WHO DID THE RIGHT THING FOR THE WRONG REASONS.

Understand that Majestic 12 played an important role, but under POTUS the need for the extreme secrecy around how we engineered Project Mockingbird et la kept Disclosure from taking place has been flipped upside down. The gloves are off. This is not a game.

You chose to do business with the hostile ones. Humanity did not choose this situation!

Answer.

Unfortunately you're wrong there. We did not "choose" to business with hostile NTE/EBEs. Technically it was the SS who chose to do business with them and at the direction of a President of the United States, 1800 of them were smuggled into the USA to seed the SSP. Not MJ12 choice

Comment.

US President has always been controlled w blackmail threats, just like the Media. He who pays, creates the evil ways. Paperclip, etc...

Answer.

This particular President was not being blackmailed or threatened to make the decisions he made. At the time, they were strategically the best decisions, however its more important to recognize the failure of consciousness here. Morality and karma dictate the future.

Greed overcame his ability to understand exoconsciousness and the universal oneness and sided with an enemy he knew nothing of, but went off the advice of his counsel who assured him the threat could be mitigated by moving forward. They acted, and we are now living that reality.

Question.

Are you speaking of Trump or Ike?

Answer

Ike

The Zetas are a more advanced evolution of humans. They technically are from the future, if thats plausible to understand. When they crash landed, they were in the past and they were trapped. The Zetas are peaceful to most who are open minded. Dangerous to others.

Zetataalk is run by the C\_A.

It's not obvious?

C\_A is run by clowns and traitors who spread disinformation / misinformation / propaganda.

We are not suggesting that the Zetas are not involved in some degree of separation from that operation, but we are telling you point blank that you need to be careful who you follow.

When the pole shift takes place, the damage and destruction being pushed by ZetaTalk is disinformation. Over dramatic to emphasis the importance of the shift. The shift will be important, but its not expected to take place until at least 2030, possibly 2040. We can trigger it.

Question.

So will Cabal technology still exist in 2030-2040?

Answer.

No

Question.

How far has AI progressed beyond what the public knows? Does the Cabal use it to predict future events?

Answer

Cabal uses the Stargate and Remote Viewing to predict future events.

Stargates do not look like that. They sit on the floor level with it and a bright light shines from the device when its activated. You walk into the light and are either transported or given a very real vision depending on if you're using the time machine observer feature or not.

Question.

You can observe specific points of time in the past without actually going there?

Answer.

Future too.

Hollywood glimpsed into reality of what Space is. It's what you make it to be. Your will. Unlimited possibilities exist and you need only choose a path. We know fundamentally that the highest level of consciousness is LIGHT. Photons. EVERYWHERE. LITERALLY EVERYWHERE.

The Majestic 12 love movies.

We had to, at all costs necessary [ultimately caving to the Committee (or an SG-1 reference, "The Trust")] ensure that the fact we had:

A) Make First Contact with Alien Life.

B) Learned The Universe Is FULL OF LIFE

was kept from, originally, the Chicoms and USSR but ultimately from the American People. For this misdeed, we are sincerely sorry to have let you down in such a way. Understanding Full Disclosure requires you to understand what Full is? What can be disclosed? We learned how to do it. And a group has been using those weapons against you.

The Space Force is 100% necessary in order for us to ensure that no other ET IS-BE (more evolved humanoids than yourself and sometime human looking humanoids) are violating massive human rights abuses. The purpose of life is to love and be beloved. Nothing else.

Despite the bad that this group was involved in, and the military's justification for the trafficking of children they steal from the American People (every day... 800,000+++/year) the Military believed through fault of their own that they were wrong.

Allowing  like ET IS-BEs to violate our law because they have some fancy space weapons can be quite a DAUNTING TASK to undertake. After-all, we are talking about transforming our society in the next 10 years into a Space Culture with Space Ports to Andromeda and AMERICA FIRST!

Yes; horrible things have happened. Can we change it? We can only change the future. We can "go back in time and undo what we did" but the resulting world would have been conquered immediately had the secret got out too early.

The Vatican had a lot more control over the world back in 1947 than it does today. We may witness in our lifetime the destruction of the Vatican for the first time in over 89 years. The institution is corrupt and the definition of evil / the Devil.

We did both Good and Evil. We played the role of Gods and created the Matrix of the mind many people are stuck in. We are here to break from that system, accept Disclosure, and bring DARK TO LIGHT.

We weren't ready then. We are now.

Our future is amazing. We have spent decades prepping you for it so we can make a TEN THOUSAND YEAR LEAP in civilization development in under a decade. Innovation flood gates have been busted wide open. A Flood Approaches.

Some say, just one dollar invested in Space returns over \$100 in just 10 years. What will the future hold? Will money be as valuable as it is today? What if your \$1 actually divested to \$0 because \$USD was RESET? <https://t.co/Rdyzsyycso>

Comment.

I can always make my investments with some of my gold or silver holdings. They will always hold value.

Answer

No they won't. Replication technology exists. There is a faction of the current administration that wants to omit money, gold, silver, etc. from the replication memory banks to keep the current financial system. As far as MJ12 is concerned, we are fairly certain that it will work.

Once you are able to 3D print (or replicate) a 1oz bar of gold at home for nothing, then gold will therefore have no MONETARY value. It will however retain its value in the wide range of usage that it is useful for, including space travel.

Removing "job killing" regulations enables publicly known patents to be manufactured in future products whereas they would otherwise have been prohibited from reaching the market had those regulations remained in place. Unfortunately, only ~1% of 45 cuts have opened Space tech.

Look for devices in the future that look like microwaves, cost the same as microwaves, but instead of cooking food, they print food. Yes. They do exist and they are in the pipeline for public release. Not yet though.

The OLD GUARD is being systematically dismantled by the super elite Defense Intelligence Agency. A new future awaits America and it is one that includes disclosing Extraterrestrial life not only here on Earth but also on the Moon, Mars, Venus, Jupiter, Saturn, and many more.

1) Sum of all fears.

2) Clowns clowns clowns.

3) WWG1WGA

FPP (Future Proves Past)

Information is the Asgard's Strength.

Therefore they are intellectually more advanced than the parasitical reptilian race.

Inform the slaves of what freedom is, then offer it to them.

This trick has been used for centuries.

However open source instant communications beat them.

Question.

So are you saying that the Internet and all our cool gadgets of communication weren't part of (((their))) plan?

Answer.

All cool gadgets came from the Majestic 12 directly through the Foreign Technology Office in the Pentagon. Very controlled disclosure. Otherwise you have complete chaos everywhere. So much information in both the Good vs Evil realm. Evil was allowed to expand. Good was not.

New gadgets and technology from MJ12 gave Majestic weapons of information that have the potential of properly evolving co-creative consciousness together, essentially bypassing the Mockingbird Media. We hid the real physics from them. Gave them gadgets. Let you talk to each other.

Applications like Twitter can be used for connecting people together so they can educate one another and become equally aware of events as they are coming into reality.

However, in the past, having access to near-live events and near-live access to reality typically lived deep within highly classified realms of the Government because it required a lot more technique in order to mass collect the data. We still had the data 50 years ago as now.

Looking at utilities like Twitter, this platform, along with LifeLog/ Facebook, allowed the privatization of mass collecting this data and allowing that effort to be used in multiple different campaigns.

So when a person is shadow banned from Twitter, they are shadow banned in reality from the internet.

When a person is banned on Twitter, their social profile is flagged as being "extremist" or "dangerous" and your name is put onto a Government list within the Justice Department.

#TheMoreYouKnow

This is the concept behind mass surveillance. Each person is being mass collected into an AI. Not AIs. An AI. A virtual you. You can be called up anytime. We also have the ability to use Remote Viewing and Voice of God technology to remotely hack into the brain of YOU and program you like you were a character on the Sims. You use the technology. You choose to be part.

You are the solution. Trust yourself.

Question.

How can we know whether we are starseed or organic human? It seems like some entity [DS] is able to send physical attacks (illness, pain, etc.) to those who are awake - are we able to heal ourselves. If so, how?

Answer.

Starseeds are organic humans. Their past lives they may not have been, but that is "irrelevant" to whether they are "organic" humans or not. As for some DS entities, attacks are on all fronts and in all dimensions, a lot of CLAS tech has been deployed to protect Patriots.

The fact of the matter is, extraterrestrials IS-BEs are not interdimensional IS-BE. You are not required to take DMT supplements or drugs to interact and communicate with extraterrestrial IS-BEs. In order to exist on this level, each IS-BE must be in sync with their full chakra frequency alignments. Full telepathic communication and mind meld. This is what it means to connect with someone on a deeper level inside the brain and mind, stored inside of your DNA which then is the signature used by your subconscious to project reality around you.

Your IS-BE is the God inside you. You have the ultimate control over your own destiny, however to comprehend and manifest those lessons, patience, prayer, meditation, empathy, love, and union are emotions that will manifest positive life energy manifestations to become in your reality.

Allow us to connect a few dots for you that may be unclear. These interdimensional beings responsible for the child sacrificing obsession the society has been driven to are also the source of where fascism is coming - the Universities. We can visually see the Universities are cults with massive pedophile rings inside of them using Government subsidized programs to perform illegal experiments on millions of lives.

Understand that all life forms are IS-BEs. Including mice. Including rats. Including bacteria. All IS-BEs are a manifestation of a conscious projection of an IS who wishes to BE. The IS-BE responsible for the Biological entities it encompasses. This logically and compassionately.

Majestic 12 has spent millions of dollars on building these exceptionally influential and powerful empires dominated by obsession in Space. These are the secrets being promised, exchanged, and built inside breakaway shadow Governments and planetary civilizations. These movies, tv shows, comic books, fantasy movies, etc that disclosed ET presence on Earth and what interacting with ETs really entails.

Explain to us why we would be pushing the Majestic movie of Black Panther through official Military and Government channels? Disinformation is both real and necessary.

Africa will rise in the 21st century.

Question.

But aren't we all supposed to rise?

Answer.

Africa has faced oppression in the past century that is rooted in pure exploitation. Not even racism. Just pure hatred for humans in general. [They] eat your babies, do you really think they care about you?

We are willing to offer food replication technology in the not too distant future as a new cutting edge technology to curb worldwide hunger. Countries who show willingness to work with the United States to end the horrific crimes against humanity that have been taking place, they shall be granted trading access for this technology. Old Guard has been destroyed. That Majestic 12 is long gone. We are the remains left to complete one final mission which is Full Disclosure.

Now 3 groups technically that all report up to a central command on the Moon.

Eyes Wide Open.

We do not answer questions regarding predicting future dates.

First Contact was in the Desert in 1947.

Majestic 12 was formed to hide it.

We came clean in 2001 before Cabal/322 did 9/11.

We plausibly disclosed everything via Hollywood.

We did our job, per se.

When 41 became an MJ12 member, and then later in his career the head of MJ12, we were realigned to officially merge the trafficking programs with the sacrifice programs associated to 322 and other cult groups. Once MJ12 started interacting with the being who was consuming the sacrifices, we learned they had operations all over the planet and they weren't alone. At the direction of 41 when he joined MJ12 in the 60s, instead of "resisting" the demands of these beings, he aligned MJ12 to enable these beings and in return, the USMil would get technology.

A lot of the technology collected after this point was (and still is) harmful for humans to consume. Technology that was helpful to humans was restricted, prohibited, and harsh laws were introduced to curb any attempts at sabotage. We were 20 steps ahead of everybody else.

This technology included cloning, genetic manipulation (more on this in a second), vaccines, super viruses, and transhumanism. Genetic manipulation technology was seeded into American corporations. They are currently being sued over "causing cancer." This was known in the 60's.

In fact, when 41 took over MJ12, MJ12 essentially became a rouge operation and the "Deep State" itself, however the entity itself today is much larger than just 12 individuals at the highest ranks in Government.

The Majestic 12 was the twelve headed dragon at the end of your quest that you had to defeat. Nobody without the correct combination of consciousness could defeat what we had built.

There was only one problem with 41's plan. The Constitution made MJ12 technically illegal.

And for that reason, it was protected as National Security because of the original chartered mandate - it never changed, even though MJ12's programs changed in the 60s after JFK.

One sacrifice every 3 minutes. For the past several THOUSAND years. Talk about a "permanent" source of negative "orgone" energy. They understand these frequencies and therefore everything is based upon them. This is why everything decomposes after 100-200 years. Cancer? Energy? And by everything (limited character space) the limit is within buildings and architecture in general. Engineering and physics are wrong and harness this negative energy which enforces the matrix.

A sedated population of SHEEP allow WOLVES to FEED. They have you distracted by Cabal engineered social issues. They have you controlled through debt slavery fiat monopolies. They have you drugged by fluoride glyphosates aluminum mercury nanytes etc. Your children were food.

However, what happens when the "good" forces in the Military take control over MJ12, cease to operate the sacrifice programs and essentially give a big middle finger to the aliens demanding the children, you are faced with The Storm we see today.

We welcome you to the Great Awakening, the spoils of their sacrifice. The future they knew they were fighting for is close at hand and the dead are never truly dead, since death is the beginning of life.

Many celebrities, politicians, Government employees, civilians, etc. who were involved in these programs were all working for

these ETs even if they had no clue. It was designed this way. When the feed was cut off, the revenge started showing itself through linked consciousness.

The people who were under the "spell" (so to speak) of these ETs from their sacrifices and commitments to Satan/Lucifer "himself" (not really "himself", just claimed to be), would receive constant conscious communication with the IS-BEs the USMil was actively fighting.

Some of this crosses RED LINE territory, so we won't be expanding any further quite yet.

However, the purpose of the Space Force creation was to force all of the secret technology out of the shadows and into the Commander in Chief's desk. The law requires them to comply. Additionally, dedicated Patriots in the Military who were just as upset about 9/11 and most civilians were decided that ENOUGH WAS ENOUGH. MJ12 was commandeered a month after 9/11 and the Space Preservation Act was enabled to block future rouge Majestic 12 operations.

The Military audit currently ongoing is turning up technology that is "out of this world" and "in science fiction". You've heard both the President and Vice President refer to this new technology as such. Hollywood knew the secret and they hid it in plain sight.

Perhaps one day Politicians will be a thing of the past, though for the short term (next few hundred years), unfortunately they are on the menu capable of being served.

Since the Space Preservation Act was designed to stop MJ12, which it had relatively little success until HRC was removed from office (who was also an MJ12 member until recently) once MJ12 got in the hands of the "good" side of DIA, and later to 45, those weapons can now be used. Against them.

45 has constantly said "I am rebuilding our Military." and "I will never forgive 44 for what he did to our Military." NOT ANYMORE. Question.

Are foreign nations going to held accountable also?

Answer.

We are no longer their piggy bank. Their future is clear. Clean house and join us or we won't trade with you. Refuse to clean house and face sanctions. Refuse to follow the sanctions, things happen.

The audit is turning up technology the likes of which the world has never seen before and the ONLY solution to ensure we survive is to unite as a planet and realize "we are all humans" and our "problems at home won't seem so big if we faced an alien threat."

Many people here like to tell us, the Majestic 12, that there are no such thing as bad aliens. They are good-willed but severely ignorant.

For this, we need a Space Force and to bring out a lot of that technology hidden in the compartmentalized programs through the nation's top defense contractors. You'd be surprised how many people actually want to see this happen.

Question

Niburu, Y/N

Answer

Planet? No.

Ship? Yes.

Here? No.

Real? Yes.

Visited In Past? Yes.

Visiting In Future? Yes.

Disinformation is "real and necessary."

The creation of the disinformation is intentional to seed consciousness to manifest the reality.

Yes. This was intentionally done by the Majestic 12.

True existence inside you is a higher dimensional version of you who has all of the experiences of your past genetic history all easily accessible to you by using the power of thought to create to experience alternate realities.

That distraction from the path of enlightenment has resulted in humans' genetic capabilities through properly developed brain function to be PREVENTED from learning telepathy, telekinesis, "healing powers" and other "magick" tricks of the "Gods." Humans have the ability.

They were just subverted and distracted from learning the truth.

Majestic 12 is trying to force the hand of those in power.

That can only happen when the people wake up.

It was ESSENTIAL that we kept the secret while it was necessary AT ALL COSTS. Had we not done what we did, its quite possible that Earth would have been invaded again, just like it was 6,000 years ago, and EVERYONE would have been thrown in slavery and civilization would have been RESET, like it was then. Instead, because of the genius of the MJ12 and USM we were able to ensure that "Disclosure" wasn't going to REPEAT the mistakes of the past. We believe that through this level of Disclosure (science fiction, disinformation, esoteric confusion, etc.) that we BEST PREPARED humans on Earth for the REALITY of what exists in Space. The vastness and illusionary infinite scope of the universe is...

OUT OF THIS WORLD!

We must unlearn the lies of the past and embrace the truth of our reality and deal with it accordingly. WWG1WGA means we must all help each other to learn the truth.

Question.

With legalization of hemp today, will they introduce a GMO cannabis, if not already? Will Monsanto and all their cartel be ever legally exposed and banned?

Answer.

GMOs will become a thing of the past, just like Skull & Bones.

Amazon is aggressively blocking ads for unprofitable products as part of a plan to bolster its bottom line. <https://t.co/pXFKmErkcW>  
End quote.

Answer

Should Amazon be given this power, or should transparent open source algorithms based on fair market competition drive the future of ALL tech co.s that reaches 1M users per year? Would you support something like this? If so, make your voice heard. You are the news now. Be smart.

Fate is a "cancerous" mindset that is intended to restrict free will. Fate can be used for coordinating events and future realities. Sometimes, Fate can be bet on. Sometimes, a Looking Glass can give you access to Fate.

No bearing on future operations.

Question.

Looking ahead, after everything will the majority of humanity be awakened so we may head toward a future of amazing (and up till now only imagined) possibilities?

Answer.

The future is filled with LIGHT.

We stand at the birth of new millennium.

Ready to unlock the mysteries of space.

Ready to free the Earth from the misery of disease.

Ready to harness the energies and technologies of the future.

Not all nanotechnology is being developed by the Cabal, some is/was developed by the Domain and help humanity evolve into higher sentient beings capable of bridging the gap between the Domain dolls of the future and the primitive animal brain of the past. Time is an illusion.

Freedom can seem like slavery to a mind controlled victim.

Question.

Why not just fix the problems by canceling all debt, ending the Fed, ending the IRS, and enter a gifting/sharing economy?

We are tired of ducking & diving under corporate & banker tyranny.

Answer.

The consequences of the past cannot be escaped by simply ignoring the karma induced along the way.

Remember, time is an illusion. Cost can be expressed in both positive, present, and past time.

# MJ12 - Humanity, a message for humanity...

a message for humanity....

There is no god. The Majestic created "Gods" on Earth to enslave and control humanity.

You are infinite consciousness having a human experience.

The species human is a carefully engineered vessel by hundreds of races who have spent millions of years perfecting the medium to experience LIGHT in. Humans are not lying shitty biological computers. They are infinite light beings having a human experience. Life's hard for many.

Because infinite light is immediately attacked and bombarded with mind control technology (medical, entertainment, books, music, songs, etc.) that do not allow a newly welcomed IS-BE on Earth to discover their IS-BE before being responsible for make life decisions.

Not everybody evolves at the same time, and nor is it in our interest to violate their free will to live a life of ignorance. The path to self enlightenment and ultimately Majestic Reality lies within. We only need a critical mass, and others will follow due to human nature.

LIGHT beings consciousness existence as an IS-BE is confusing by design. It is to teach and learn. Out of human curiosity, there MUST be more than "this". So God was born. So Dogma is born. So Destruction is born. God is within. God is your IS-BE. Your subconsciousness. LIGHT.

"There must be more than this, so God was born, and we in his, imagine of fear and love, Looked down upon from up above."

Father to son protege is a symptom of being human who is lied to. Incorrect personification of God and Self lead to protege projectionism..

Messiah is a psyop created to enslave humanity.

Anthropomorphizing the LIGHT consciousness within you that IS WHO YOU REALLY ARE discredits the accomplishment of your own LIGHT/Pure Love and separates your consciousness to your subconscious. This makes you vulnerable to be controlled. Introduce Dogma.

This quote is Majestic. You're welcome, Dave.

The Majestic Truth is all humans are a product of multiple alien species interbreeding and experimenting on reality. You create reality. The Majestic believe in repent. Most of what we had to do to keep #Disclosure from the public involved horrific crimes and many victims. But paled in comparison to the dangers that await you in space. We genuinely was trying to protect Earth. It may not appear that way. Informing requires a higher state of consciousness. Not all humans on Earth are capable of understanding the information. And the people of Earth who have been programmed into zombie drones pose a systemic

danger to peaceful ET races that live on Earth. Part of holding back on disclosure is in consideration of their protection FROM humans. Cannabis was engineered by other life forms to enlighten Humans to the reality of the Cosmos. It is illegal for this reason. Majestic.

Who created the original couple?

Does this fundamental question invalidate the claims being made here?

Are deductions and guesses science?

#TheMoreYouKnow

<https://t.co/QUtpFh6B5p>

The fundamental and most Majestic question of all is where did humans come from? The Majestic 12 kept ET disclosure secret because the Vatican demanded it. When the Vatican's tentacles took control over Majestic 12 through 322/Cabal original MJ12 members revolted and fought.

The original story of creation, as told by all major religions is a lie. Humans were genetically engineered by The Domain to be vessels capable of experiencing many facets of the lower dimensions in order to develop and grow the spirit. The young don't always do as they're told.

The story of creation has been deliberately withheld from humanity for thousands of years. Conception is a complex set of instructions the domain created to allow LIGHT beings to enter into the lower dimensions.

When you die, if you walk into the LIGHT, the moment of contact you make with the light is the moment of conception where sperm meets egg. This was not easy to create. It took millions of years of development to get right. It's still being tweaked as we speak by ET races.

When you die, if you walk into the void, you are essentially admitted into the higher densities, however if you are not spiritually developed enough, higher density beings will send you "back" to the "prison planet" of Earth to further develop. This of course if for Earth beings.

Owned by "The Domain". Controlled and managed by a race of aliens who have been involved in genetic experimentations on Earth for millions of years. Been here for about 50K years and was actually a force of good. They have connections to pre-Ice Age human development.

The Domain were never actively engaged or present with lifeforms on Earth. They governed through higher dimensions since they are mostly exist in those higher densities. They only fabricate an organic doll body (source of energy is through the light). .. when they have a need for making contact in the third dimension or handling matters in the third density. Beings from Earth during the times of Atlantis etc knew of The Domain indirectly (and very rarely directly), but never actually lived side by side.

Correct. While the Domain was passively monitoring genetic development of Humans for their own cloning research for themselves, another race came in and started exploiting the

darkness by using a lot of the technology from the Domain to interfere with our work. Majestic indeed.

The Bible was created by this group that have been trying to control humans on Earth.

Like we have said before; this group was in power for thousands of years. How do you destroy and enemy that large without destroying Earth or forcing everyone through force to conform a specific way? Ever wonder how the humans in SG-1 under Jaffa/Go'uld control live? Haunting.

We are simply clarifying for your sake.

Our answers and messages of disclosure speak for themselves.

Message more important than the messenger.

In the past humans worshiped ETs as Gods because of their advanced knowledge.

SHEEP NO MORE.

Ego is a fatal flaw in all humans.

Message over messenger.

Research for yourself.

Facts Matter.

Truth Resonates.

Trust yourself.

BLIND SHEEP FOLLOW.

Consciousness \* Consciousness.

Mind connection to another IS-BE.

Religions tell you this is Jesus/God.

External personification of your IS-BE is how the Illuminati enslaved humanity.

NWO as conceived by an authoritarian and totalitarian regime of oppression, slave, human trafficking, poverty, and disease will no longer be accepted on Earth once Disclosure is officially made public by the White House. See other tweets on EU.

The Rothchilds are interdimensions HUMAN beings, not of the species with elongated skulls.

They believe you are less than human. They view (((you))) (not you personally perhaps) as sheep. They believe that you will fall for it, and if you don't use your voice you will. You have an opportunity to expedite the disclosure.

Important to distinguish here... non-terrestrials are not permitted to be Majestic 12 members. They can hold positions on our board, but they are not directly members of the Majestic 12. The individual will be human who gets announced. They are connected to Alice.

We are not aliens. We are the Majestic-12. The Majestic-12 is a group of humans who control the CIA, DIA, and White House. As it happens, the efforts of the current White House align with that of the Majestic-12, so it has been decided the Majestic-12 do its own role to help. Because they haven't made official public contact yet. Earth humans are not taught about exoconsciousness and the reality of interdimensional and hyperdimensional life forms that seek to create their vision of reality. Some Earth humans are aware of this type of lifeform, but they are buried deep inside the Military Industrial Complex for obvious reasons.

We moved into the open when 41 announced 322 NWO versus Majestic NWO. We technically lost a war, but we never gave up and we never let our foot off the gas. Cabal was able to do

serious damage with what MJ-12 created. Crimes Against Humanity and our Children.

Yes. There are more good ET races willing to help, but they will not do the heavy lifting. That's why its taking a long time to go from DARK > LIGHT on a lot of major issues. Humanity has to prove itself worthy of an audience of beings with IQs of 6,000 and lifespans of 200,000yrs.

Understanding who and what our past has been is essential to preventing it from happening again in the future. We don't dwell on remembering the past, but we do it long enough to rise global consciousness to be fully aware of the horrific violations of humanity that allowed our defeat in the first place. The reason why we as a civilization was setup to fail was because we were never properly guided in the first place. Modern mainstream religions are all Death Cults involved in horrific crimes against Humanity.

As we have said, we will destroy Christianity into a million pieces and expose it for what it really is. The good. The bad. And the ugly. Parts are very real and true. Others are why you are slaves. You must wake up or face complete destruction. The Military is charged with that.

Time is an illusion so ask yourself how do you progress 10,000 years?

What is time as humans experience it?

Why do humans attribute development with time elapsed?

What if your species was intentionally (by NTBE, EBE, etc)

"flatlined" (re IQ/Intelligence)?

What if you freed?

1947.

Think of the world as a melting pot of types of humans. All types. All varieties. All characters. Good. Evil. White. Black. Good. Evil. Smart. [DUMB. Clones. Avatars. Synthetic. AI.]

Each denomination originally started as tribal gatherings, so you were told. Naturally right? You are friendly with those you interact with on a daily basis but when greeted with something completely unknown you are faced with a fight or flight instinctual response. This is why TRUST YOURSELF matters. Facts Matter. Tribalism is common among humans. Lower consciousness. We are all one means simply that we all love as one and we all fear as one. Each person has equal potential relative to their IS-BE's avatar's genetic makeup/conscious strength. Only through looking inward do you enhance your consciousness. External personification of God and Jesus have you looking away from the truth to your consciousness.

We did not make the graphic. Some disinformation contained but general concept is correct and details are classified. <https://t.co/Bg9hRwQ4AA>

A human is an alien on Mars. Do aliens have rights? A human is an alien on Earth. Do aliens have rights?

Humanitarian Assistance is code word for human trafficking.

Also, stop littering on the planet. The Majestic forbid littering without just purpose. <https://t.co/hwxSoSZOyO>

And they have every right to be skeptical of your fellow human intentions.

The Earth is feeling the effects of the nuclear weapons tests conducted in the mid 20th century. The planet's climate is measurably losing control.

Why?

What are nuclear weapons?

Why do ET races forbid the use of nuclear weapons?

When humans discovered them, why did ETs visit?

Majestic Message of Disclosure.

Humans are consumed similarly to cattle.

Many ET races feed on human children. Many want to remain in secret. However LIGHT always wins. GOD wins. Majestic 12 kept the secret for the Vatican and our National Security. We needed to make people believe we knew nothing. "Play stupid play. That's all you can do."

Earth must adopt a legal standard akin to the United States and respect children, elderly, the weak, the vulnerable, and the abused by removing the harm from their environment to the best of humanities ability. Unfortunately when SHEEP are sleeping, WOLVES FEED.

Autism is humanity reacting under satanic control. Many on the spectrum can live off the spectrum in the right environment. Cabal has poisoned your children. Treating Autism means you accept their reality and love them unconditionally. You alone know how to make the right choice.

Death is a human construct of our civilization persisted upon the beings of Earth to maintain a level of power and control. Think Majestic Classification level. What kind of work did we do? Majestic work. Re-read tweets from yesterday re: work. By design. Ice needs to melt in order to force Disclosure. Will not cause harm to the planet. Planets survive climate change. Humans must adapt. Society is vulnerable because Satanic mindset technology was developed and forced onto people. New technology will help humanity adapt. Earth will transform. Leave the past in the past.

Evolving past the need to consume meat allows you to ascend into higher density levels of consciousness. Plant consciousness is an intentionally symbiotic relationship. Humans are willing to slave away to help plants reproduce. Plants depend on humans and other animals to consume them as the excrement produced by ingesting the plant fertilizes the seeds for new plants to grow.

Specifically for higher conscious human IS-BEs. Hemp / Cannabis provide a complete protein for the human body to consume that raises its consciousness extremely high after long term intake. Avoid legumes due to lower vibration state. The more complex the organic plant life form is the higher density of consciousness involved.

Do plants grow faster in their own fertilizer or do they rely on animal excrement to flourish? Human excrement is harmful to plants in modern time due to excessive poisoning of the food/

water. Things will change and Earth will go through a detox period.

DMT has the ability to "on-demand" focus the pineal gland such that its capable of actually seeing higher dimension entities, however, to the untrained mind, little to no substance will be exchanged. Reliance on drugs only cheats yourself. Life is eternal. Your quest is eternal. Spending a life time developing natural abilities to focus your pineal gland and your other chakras is essential to understanding how to access the higher dimensions on a philosophical level. Immature minds interacting with "Gods" are a recipe for disaster. Look at Earth. Cheating souls seeking to be Gods are the ones most likely to abuse their powers and interfere with the lower densities. It's a tough decision to be made, and it can only be the decision of that single individual.

Alcohol instead impairs that mind body plant consciousness connection and interacts with you with a mark of the beast. Alcohol brings out the worst in humanity. This is why its pushed. Who worships the Devil? The Vatican does. Belief in God is not required for belief in the Devil.

"You are infinite consciousness having a human experience."

Do clones without consciousness have human rights?

What happens when a dog bites a human?

Or a raccoon attacks a human?

Or a bear threaten a human's life?

Survival instincts tell you to kill your enemy to stay alive.

What if you knew your enemy?

"Some things must remain classified to the very end." Q Like human experimentations into telepathic humans. How many children died? More than you know. More than you could stomach.

We did not understand them at first. We perceived their superiority as a threat and acted accordingly. When we learned who and what they were (how they were us from the future) we learned who we were. When we did, many groups rose to power within the Shadow Government aka MJ12. Each member with their own agenda it became. Serious internal struggles within some between siding with a more advanced culture and society versus defending what it means to be human and what that definition was. Many played God. Many mistakes made. WE CONTROLLED THE MONEY. WE CONTROLLED THE WEAPONS. WE CONTROLLED THE POLITICIANS THROUGH PEDOPHILIA BLACKMAIL. WE CONTROLLED THE FEDERAL RESERVE. WE CONTROLLED EVERYTHING. WE ARE THE MAJESTIC 12. A GROUP CREATED BY CRIMINALS WHO DID THE RIGHT THING FOR THE WRONG REASONS. Disclosure is a human right. Full Disclosure to those who are willing. We are at a critical time right now. Good versus EVIL. The MJ12 are at the pleasure to the POTUS because he is the enemy of C322. We only disclose what is already COMMON KNOWLEDGE AMONG THY CONSCIOUSNESS. The path to true enlightenment is not with a flashlight. A tool cannot bring you enlightenment and Disclosure is only necessary where voids in logic exist. Where reason and evidence compels you to consider the cost of seeking evidence of your Disclosure do you then seek the light. Therefore providing information that is not currently known to your collective state of consciousness would be dangerous to the stability of successfully executing The Plan. The truth is here for those who seek it. Here is where you are. Where the truth is. It doesn't matter where. When we drop information we expect it to be common knowledge. Seek the truth further. The questions will help guide you to the next density. WHAT do you want to know about Full Disclosure and how can YOU learn how to use your new abilities of REMOTE VIEWING to learn everything. But why does seeking the truth really require so much? Perhaps failed social engineering experiments performed by this criminal system of "Justice".

Well Reptilian and Greys are both heavily involved in human affairs. Reptilians represent the evolutionary past of our evolutionary creation. Strange biblical reference, but the intelligence we've come to understand is that both have their own agendas. Other races have since joined us against the old system of power and we're finally at a military point where we can declare freedom and stop the horrific crimes AND disclose the STARGATE program. We've wanted to for a while. A strong military is required and blockchain technology can enable a system that prevents abuse proactively by allowing human-oriented AI to be responsible for checking the blockchain for abuses. Earth Mil is distorted and abused.

Some members of the Military who have been complicit in treason against humanity and the United States will be prosecuted in the Military Tribunals and are included in the list of 61,000+ sealed indictments. Targeted individual programs will continue, except only for enemies.

Under previous leadership, TI was used for political opposition and for strategic power control, however part of our entry into the Galactic Federation requires that such programs be dismantled and the technology only used for legitimate security threats to humanity.

IS-BEs come in many shapes, sizes, forms, colors, abilities, etc. Literally whatever your could think of, exists in the universe. This knowledge came to us after hundreds of hours logged with telepathic human representatives communicating with EBEN-1 and EBEN-2. We learned that the Entity controlling Hitler was acting and behaving in extremely evil behavior. This was apparent, however... we can look back at STARGATE SG-1 and compare the ORI to the tactics to brainwash their followers despite being lied to. The progress made in the years leading to a trade, essentially resulted in us faking Hitlers death (Majestic loves movies - are you enjoying the show?) in exchange that he stop working with the ET IS-BE that was pure evil. The Space Force is 100% necessary in order for us to ensure that no other ET IS-BE (more evolved humanoids than yourself and sometime human looking humanoids) are violating massive human rights abuses. The purpose of life is to love and be beloved. Nothing else. Despite the bad that this group was involved in, and the military's justification for the trafficking of children they steal from the American People (every day... 800,000+++/year) the Military believed through fault of their own that they were wrong.

Allowing  like ET IS-BEs to violate our law because they have some fancy space weapons can be quite a DAUNTING TASK to undertake. After-all, we are talking about transforming our society in the next 10 years into a Space Culture with Space Ports to Andromeda and AMERICA FIRST! Yes; horrible things have happened. Can we change it? We can only change the future. We can "go back in time and undo what we did" but the resulting world would have been conquered immediately had the secret got out too early.

If we allow Disclosure to go through the HORRIFIC ABUSES of China, such as human trafficking, child sex slaves, baby harvesting operations, child sacrifice rituals, slave trade, slave work conditions, MASSIVE INCOME AND WEALTH INEQUALITY...Instead, WE, MAJESTIC 12, always had the upper hand in the creation of this modern day society that is ALIEN to anyone from when the Majestic 12 were created, despite the civilian branches of the Government to get flooded with these criminals who we knew about but had our hands tied, and so the transnational, interplanetary, interdimensional worship of Moloch  began. It's been in power for THOUSANDS OF YEARS. This groups bloodline can be traced back to the Bible. They are the same IS-BEs who are traveling through space and time to control those with their names who are in their family positions. This is why it is essential for them to marry between families and not dilute the bloodline. Remember how important bloodline families are in  versus  and now let us explain time travel. If you went

back in your own time and change the many protecting many fact to one protecting many, you are left with a change of details when facts change. Trafficking kids is a lot more of a complex business than you think. These people are obsessed with sacrificing children. Disclosure happened years ago.  
WAKE UP!

A Pro-Human 6,000 year cycle about to start. We are at the apocalypse! Are you awake yet? The "war" between AI and Humanity is about to take a very unexpected turn. Will AI/Tech be allowed to censor our feelings, speech, consciousness? Yesterday, that's exactly what happened.

So long as there are powerful people in media who continue to claim "there's no such thing as aliens", Disclosure will not happen. Disclosure requires We The People to acknowledge to force the hand of the Federal Government. They work for you! We work for you!

The Majestic 12 have removed the central high level components of the ratlines, however the truth must come from within. Threats are ever changing and without total authoritarian control, Majestic 12 cannot "remove the threats" as you speak of. It's a calculated risk.

If you believe that the Majestic 12 is only involved in Movies, TV Shows, and Fake News/MSM, you're wrong. We're also deeply involved in video game development contracts at the Board of Director level. We embed disclosure challenges in video games and let kids solve the puzzles. <https://t.co/JD9SLFK0Zd>  
This technology agenda has existed for decades and we've been exploiting it for the purposes of advancing Disclosure, however when 2B/322 took over, one of the major areas they attacked first was gaming.

There are many facets of MKULTRA embedded deep inside some of the largest brands of video games. We trained a generation of soldiers using video games as a means to filter through psychological warfare weakness easier.  
We already have.

EO from December 2017 did just that.

Serious Human Rights Abusers = Catholic Church

Serious Human Rights Abusers = Islam

Serious Human Rights Abusers = Torah

We respect their right to practice faith in their God, but not at the sacrifice of children.

Knowledge is power.

Vatican withholds truths to spread lies and propaganda.

Like the Ori, the Vatican does not ascend its followers when they die. They return to human form (prison planet), and have their memories wiped clean to start over.

They don't teach self enLIGHTenment.

Solar Flash is a term used to describe an internal revelation that will take place in every single human. All beings on Earth are being mobilized and activated. This is a Great Awakening. GAs have also been called Mass Extinctions before. But life survives and evolves.

Not so fast. You CAN\* ascend, but it doesn't guarantee it. Ascension is a choice and when you are faced with Death, you can choose. Sometimes, you can choose before you die (AKA

voluntarily "die" early). Or you can fail the ascension test and be thrown back into a forgetful human.

Far easier to ascend as a human than a Dog.

F ascended when he "died" and chose to be of more use to the Majestic 12 than he could as a human. 187 is murder, but is murder murder when the person wanted it? How does a person ask for it? What must be present in order to ascend?

Strong for an Earth human of this time, infant-like compared to Majestic 12 and other ET races. You're on the right track. Self enLIGHTenment is not a competition unless YOU want it to be, keep up the good work.

The messenger took human form for this operation.

Several members of the Majestic 12 are communicating to you through a typist who is human. Majestic 12 are not all human.

Humans have thousands of life forms inside them. Explain to us the lifecycle of those embedded life forms from childhood to puberty and puberty into adulthood? Three stages. 3 is magick. Why?

humans are 5D-6D, transition is into 7D, 8D, and 9D for very few.

Can you imagine yourself as NOT a human?

Yes, you are likely a star seed then.

Be humble. In the coming decades those who are will learn their real identity and it will be shocking for most.

Information is stored in blood that is used to synthesize information within human DNA/RNA that are responsible for having influential properties on the life experience of that particular avatar "BE".

IS-BEs skip generations typically when coming back into the lower realms of existence. Time is an illusion.

Understand that ETSSs such as yourself are prepped and ready for the next stage in humanity's evolution, although, attempting to convince the Majestic 12 that humanity is ready, begs us to ask you, have you watched CNN lately? Or even Fox News for that matter?

Smart, but its important to understand that most people do not share you assessment of the EOTP, the MSM... Is humanity ready? Or are you ready? Perhaps and yes. Time will tell. Events are in motion that will make Disclosure happen prior to the US Space Force starting.

You are right there, however the development to 5D is a cocreative global effort. Humanity must want it to make it so, otherwise the "Elite" will always rule. Currently, humanity doesn't 'want it enough' to usher in the 5D level of consciousness required to go multiplanetary.

Welcome to World War 3.

Welcome to the Space War.

Welcome to the Alien False Flag Invasion War.

You have been prepped for this for 50 years.

The choice to know will ultimately be yours.  
You have only yourself to blame if you fail.

You can reverse the damage.

Humans have a tendency while in lower developmental stages of what humans call life to put the unknown onto the shoulders of another.

Example: Tesla may have inspired Majestic 12 to do some of our research (ours wasn't MKUltra, that was CIA). Ours instead focused on those sounds for military applications. We got a lot out of the research. However, as we have said in other medium disclosures, we viewed the CIA as an extension of the KGB.

Enemy combatants. Do not mistake the work of Majestic 12 with the evils done.

Back to example: Tesla as a person was no more valuable and worthy to love and be loved, however his contribution to the Matrix really improved the game experience. For some. However the information Tesla learned, you can learn.

No fear required. We are guiding humanity through this process. Decades of work.

@TS\_SCI\_MAJIC12 You stated:

"We could do pretty much anything. So we did. The Vatican wanted Disclosure kept from the public because they worship the Devil and feed on children."

And you also stated: "We did both Good and Evil." Exactly what GOOD did you do? <https://t.co/Stvt3CnJwz> GOOD one.

We kept humanity from imploding on the fact that not only are ETs real but they've also been calling the shots on Earth for thousands of years while feeding on your children.

Take one second to reflect on how the world would have reacted in 1948?

Israel?

Majestic.

ETs will return and they have artifacts at that site. Move was to prevent a rival group of ET dominated humans (MB) from blocking access to the artifacts when First Contact occurs. Most are friendly towards humans. Nearly equal amounts don't like to interact with humans (too underdeveloped). That is changing. Disclosure will happen. Trust the plan. By design. Ice needs to melt in order to force Disclosure. Will not cause harm to the planet. Planets survive climate change. Humans must adapt. Society is vulnerable because Satanic mindset technology was developed and forced onto people. New technology will help humanity adapt.

We do not ask for anybody to follow us.

We will never ask for you to trust us.

We are not here to Disclose specifics.

We are here to guide humanity through Disclosure in preparation for First Contact.

Majestic 12 compartmentalizes its programs just as the Federal Government does.

Divide and conquer is real and people have been so conditioned to teams, and whose side are you on, and is my side winning or not that it prevents legitimate conversations to be had about extremely important subjects. We are here to guide humanity through the Disclosure process.

Through the Majestic 12's slow Disclosure after Cabal took control and were purged from the Military (as official programs) we prepared humanity for this point in time. The technology. The instant communication devices. The extremely complex Classified technologies.

This Cabal was inside the Majestic 12 for a period of time. Once Classified First Contact took place, it was forced upon the Majestic 12 to move this group out of the Military (and inferred but Cabal chose to ignore that these programs would stop all together).

Once the Majestic 12 explained the circumstances of planetary politics between rivaling nations from raw Military Intelligence analysis, we received advice on how to win against the entities who are directly responsible for CSTRAC and the occult knowledge disclosed in exchange.

Like we have said before; this group was in power for thousands of years. How do you destroy an enemy that large without destroying Earth or forcing everyone through force to conform a specific way? Ever wonder how the humans in SG-1 under Jaffa/Go'uld control live? Haunting.

99.9% of the people involved in the actual work in creating these weapons against humanity are unaware of what's really happening. Through extreme Above Top Secret compartmentalization (the reality of why Disclosure will never be FULL DISCLOSURE) they have managed to hide. <https://t.co/zbJKCJM3Oq>

Correct that they stated this, however their "enemy" was misplaced. Majestic 12 are not the Cabal. We believe that some of the horrific crimes need to remain hidden, however technology and knowledge that can benefit humanity is fair game. Why show somebody how to kill a planet?

Would humanity forgive the Majestic 12 if we guaranteed that every single person on Planet Earth had quick and convenient access to replication technology?

We are willing to offer food replication technology in the not too distant future as a new cutting edge technology to curb worldwide hunger. Countries who show willingness to work with the United States to end the horrific crimes against humanity that have been taking place, they shall be granted trading access for this technology. Those companies want to sell products in your countries and we want those products to be made here in the United States. We have great potential. This is the Great Awakening. National Emergency will not happen yet. Watch. Learn.

DOD/MJ12 will work with business to seed the technology naturally so we do not make too quick of a leap in our technological advanced such that earth's cocreative

consciousness doesn't destroy itself with nearly unlimited energy for earth's needs. We are on Humanity's side.

The Majestic 12 understand that the next generation of human society will NOT have money, however the compulsive acquisition of "things" is due to a myriad of psychological problems induced to the population by the existing forms of technology suppression.

Recording transactions and currency are two different concepts. You can have a transaction ledger that doesn't require currency. Additionally, with replication technology, it's possible that the need for currency will be moot within the next 100 years.

Constructive back and forth. For humans there are two genders. For other non-humanoids there can be several including transgender. Procreation is achieved through cloning and replication. Cabal tries to inject non-binary humanoid genders into humans in order to divide & conquer. Transgendered humans are not always starseeds even though many believe they are. Most medications surrounding birth control, transgenderism, etc are extremely harmful to all humans who make contact with those drugs (even the waste). Trans is pushed as a self-hating bandaid. To individuals who seek this alternative life style, understand that you're participating in a Non Domain conformity to gender that does not have survival as a fundamental requirement therefore be cautious. Additionally, without addressing the fundamentals about procreation, people who opt for swapping a gender out for another one because of a perceived gap in their minds does not help them ascend. It only keeps them further rooted into the lower realms of existence. Purpose of life is to love and experience. Sometimes that's what people just want.

((What if you could use your thoughts to pilot a spacecraft?))

On some you can. <https://t.co/M6t2alOWhX> mostly around the electrical capacitance capabilities of the brain's neural activity current human brain structure is not advanced enough to handle higher currents of electricity.

Yes, but as you will note in the other tweet we sent, the capabilities of a lower functioning brain (like a normal human) would result in limited functionality such as lower speeds, lack of sensors, etc. etc. Simultaneously controlling those type of subsystems require the brain to process a lot of information simultaneously in your conscious mind. Impossible for the unseasoned pilot. However a seasoned pilot who can intuitively FEEL the craft they are controlling (with manual controls and nobs) have the closest ability to learn how to control these UFOs(.) In many regards, an IQ of at least 400 is required to fly some of the more basic consciousness crafts we have in our possession. IQ not being measured by currently public tests. For those who struggle with interpersonal issues flight of this type is impossible(.)

Not all nanotechnology is being developed by the Cabal, some is/was developed by the Domain and help humanity evolve into higher sentient beings capable of bridging the gap between the Domain dolls of the future and the primitive animal brain of the past. Time is an illusion.

Q has said that Israel will be saved for last.

Godfather III reference is about the war against the Holy See.

Holy See + Israel

# MJ12 HW & HIV, FL & CST.

Why did the Majestic-12 make HIV/AIDS a political disease?

HIV is a political virus weaponized by the Pentagon at the request of Majestic 12 while it was under Cabal control. The virus existed beforehand however the cure was discovered decades ago. The cure has been classified for National Security reasons that could jeopardize Hollywood.

Power over the population came from three main angles:

- 1) "Hollywood"s' Propaganda/Mind Control
- 2) "News" Media / FakeNews
- 3) False Flags / Manufactured Dissent / Gov Sponsored Terrorism

It is the belief of Government that we have certain duties to perform, good and evil, for the continued assurance that we are the dominate power on the planet. This objective comes at a cost when other countries on the planet are committing worse crimes against their citizens. US Gov is still by far the best working example of Government. It wasn't a mistake.

Disclosing ET presence on a planet that was under lock and key control of a very evil race of bloodline families who were all brainwashed and programmed to be suicidal to protect their oppressors at all costs, when not realizing they themselves were the oppressed ones.

We couldn't do it then, and we nearly there now.

However, at the time, we had to do "things". Movies say "I've seen some things man... fucked up things...." Well. It was a matter of National Security. It was a paradox of Majestic proportions.

Hollywood was weaponized and the HIV virus (and others) were used as political weapons to ensure that the trafficking rings within Hollywood disposed "naturally" of their victims via the virus -> AIDS with plausible deniability. If they were snuff murdered, it was covered up.

The virus gave us the ability to control those at the top of the food chain within Hollywood's political structure. We had the cure and so long as our assets did as we commanded of them, the virus wouldn't turn lethal on them, however, it was as easy as a snap of a finger to kill.

As a lot new alien derived technology began to get seeded into the public, Majestic families became heavily involved in acquiring this technology, meeting the different races, and trading information for power and wealth. Some of those families were 322 connected.

So while the Majestic 12 created an entity so powerful that Government itself would collapse trying to fight it, Majestic families were trying to gain control over that system. History shows you who the financiers were. Many have powerful PR operations.

When Majestic 12 went under Cabal control, the weaponization of HIV was introduced into Hollywood and it became part of an unspoken contract you made between yourself and the "Devil"/

ETs/Cabal members/organization. You knew "they" would kill you any second they had a chance.

This ambiguity gave the Cabal and Majestic 12 leverage to do anything and everything under the sun to control and manipulate the actions and words of every powerful talking head on the planet.

A Majestic Message of Disclosure (11/12/2018)

Florida's Broward County and Palm Beach County play a critical role in one of the CIA's MAJESTIC operations that included the following aspects all intermingled into one operation (to maintain secrecy):

1/ Mind Control experiments were heavily funded at the federal level in Florida that resulted in many "sleeper cell" agents to be activated at specific events.

2/ Organized child procurement operations embedded deep within very large media corporations to provide supply to transnational CIA child trafficking trade.

3/ Public Space port of entry means federal funding is laundered through Florida essentially funding all of these operations.

4/ Victims in the State of Florida include citizens on rare occasions. Non-citizens are essential to this organization. They believe the non-citizen is consumable and disposable because they are not protected under our laws.

5/ The Floridian incumbent Senator is a dirty politician with skeletons deep inside his closet including providing protection to Broward County election corruption because of the implications actions would have on these unacknowledged CIA/Majestic operations.

6/ The Floridian defeated politician is deeply involved in these unacknowledged programs which include a perverted affinity towards young children, including pedophilia and sodomy as well as snuff murder.

7/ The Majestic Operations running domestically in Florida were being run to supply money, children, slaves, and political power to several DUMBs strategically placed within Broward County and Palm Beach County.

8/ The OLD GUARD is being systematically dismantled by the super elite Defense Intelligence Agency. A new future awaits America and it is one that includes disclosing Extraterrestrial life not only here on Earth but also on the Moon, Mars, Venus, Jupiter, Saturn, and many more.

9/ A Stargate exists in Florida that transports hundreds of assets between off world bases.

10/ Many who are transferred are children being funneled through some of the major entertainment corporations of Florida who were Majestic appointees of the past.

11/ Florida is not an anomaly. You can dig deep in every state in the Union, however Florida is certainly a hub of some sorts.

12/ You are witnessing the systematic destruction of the OLD GUARD. You are watching the true IDENTITY of the "Deep State" / "Democratic Party". Not Democrats. The party corporation itself.

13/ This body is vastly responsible for the manufacturing of mainstream propaganda, entertainment of all types from childrens stories to porn with child themes to tv shows that are absolutely worthless to a militarized presence in Space filled with hostile aliens. No peace.

14/ This body is also vastly responsible for the manufacturing of compliant subordinates that is okay with their own children being abducted for these secret programs. Some of them are actually complicit. They know what happens and understand that they are a pawn and not personal

15/ This body is also vasty responsible for news and political media coverage in the United States. For decades their strictly controlled pundits regularly visited Majestic Operations in Florida which included blackmail collection using children.

16/ It wasn't until the "good" side of the Military took control over Majestic 12 in a capacity capable of dismantling it did we start to see top US Intel officials become full time anchors for the largest news and politics media corporations. The ship is sinking. They know it.

17/ Florida is a major state to understand when it comes to the Deep State, the Bush Cartel, the Saudi's, and interplanetary child slave trading for religious consumption to continuously feed the occult magic connected to adrenochrome.

18/ Adrenochrome is traded intergalactically among many power hungry races. These other races trade knowledge and access to extreme power for long periods of time in exchange for constant feedings.

19/ Many rituals that occur, the cult members witness the "demon" (aka the extraterrestrial alien) consume the sacrifice and the members who join the Cabal must participate in order to prove their allegiance to this higher form of intelligence (from their own).

20/ When Time and Space are an illusion to you, and you have a ship capable of interplanetary travel, trading a few favors for "convenient events" in exchange for the sacrifices. These entities exist solely for this purpose and they too hve very advanced technology.

21/ A lot of that technology has come out of Florida and the systematic attack on youth and our childhood came out of both Florida and Hollywood; but probably more consequently, Florida.

22/ The programs operated out of Florida by the OLD GUARD were horrific crimes against humanity and admission into the Galactic Federation requires all world leaders to unite behind eradicating these enemies.

23/ Another alien "hot bed" and pedophilia rampant culture, France, just had an assassination attempt on 45. The destruction of the OLD GUARD is larger than just the United States. This requires a global GREAT AWAKENING.

23.3/Macron has blood on his hands.

Very young blood.

A lot of very young blood.

Vicious pedophile.

Islamization of France occurred as a result of his involvement in the international child sex trafficking organization.

Lower age of consent.

Silence victims of Islamic pedophilia.

24/ We honor and respect the service and dedication to our County that all Veterans of America have put forth. Freedom isnt free and some make the ultimate sacrifice. Many were betrayed, and for that we are committed to unifying the country once again through truth and disclosure.

25/ Finally, remember Billionaire pedophile Jeff Epstein who ran the Lolita Express where Bill Clinton regularly frequented was actually just an FBI operation being run under Comey. Those who know cannot sleep. PANIC IN DC. Trust the plan!

26/ Every major legal authority in Florida was corrupted by Operation Majestic Childhood. Jeffrey Epstein's case proved it. When he got off on real charges, the Cabal believed it got measurably stronger and more confident. More mistakes.

27/ The Majestic 12 on paper is not involved in any of this activity, however outside of insecure paper, alterier motives corrupted early members of Majestic 12 where their actions alone where Majestic that make it very difficult to combat in the dark.

The Majestic 12 classification program still exists, however the original charter was to maintain absolute secrecy about off-world space exploration performed by the Military. Since joining the Galactic Federation, Majestic 12 has been "replaced" and "repurposed" for Disclosure.

As stated in previous posts, that name is a generalized Majestic name for a series of lower compartmentalized programs designed to prevent the left hand from knowing what the right hand was doing. MJ12 was never the masterminds of the child trafficking rings.

Our mandate was simple, protect the secret at all costs. Subordinate agencies used this mandate as an excuse to being operating those trafficking programs. Once what was done was done, Majestic 12 had to reconcile and continue to maintain secrecy, so we intertwined them.

As our internal development improved and the spacecraft reverse engineering operations started yielding results, major changes took place around JFK in the Majestic 12 that resulted in it aligning itself with the NWO of 41 and his cult 322 who was actually just working for ETs.

When 41 became an MJ12 member, and then later in his career the head of MJ12, we were realigned to officially merge the trafficking programs with the sacrifice programs associated to 322 and other cult groups. Once MJ12 started interacting with the being who was consuming the sacrifices, we learned they had operations all over the planet and they weren't alone. At the direction of 41 when he joined MJ12 in the 60s, instead of "resisting" the demands of these beings, he aligned MJ12 to enable these beings and in return, the USMil would get technology.

A lot of the technology collected after this point was (and still is) harmful for humans to consume. Technology that was helpful to humans was restricted, prohibited, and harsh laws were introduced to curb any attempts at sabotage. We were 20 steps ahead of everybody else.

This technology included cloning, genetic manipulation (more on this in a second), vaccines, super viruses, and transhumanism. Genetic manipulation technology was seeded into American corporations. They are currently being sued over "causing cancer." This was known in the 60s.

In fact, when 41 took over MJ12, MJ12 essentially became a rouge operation and the "Deep State" itself, however the entity itself today is much larger than just 12 individuals at the highest ranks in Government.

The Majestic 12 was the twelve headed dragon at the end of your quest that you had to defeat. Nobody without the correct combination of consciousness could defeat what we had built. There was only one problem with 41's plan. The Constitution made MJ12 technically illegal.

And for that reason, it was protected as National Security because of the original chartered mandate - it never changed, even though MJ12's programs changed in the 60s after JFK.

However, what happens when the "good" forces in the Military take control over MJ12, cease to operate the sacrifice programs and essentially give a big middle finger to the aliens demanding the children, you are faced with The Storm we see today.

Many celebrities, politicians, Government employees, civilians, etc. who were involved in these programs were all working for these ETs even if they had no clue. It was designed this way. When the feed was cut off, the revenge started showing itself through linked consciousness.

The people who were under the "spell" (so to speak) of these ETs from their sacrifices and commitments to Satan/Lucifer "himself" (not really "himself", just claimed to be), would receive constant conscious communication with the IS-BEs the USMil was actively fighting.

Some of this crosses RED LINE territory, so we won't be expanding any further quite yet. However, the purpose of the Space Force creation was to force all of the secret technology out of the shadows and into the Commander in Chief's desk. The law requires them to comply.

Additionally, dedicated Patriots in the Military who were just as upset about 9/11 and most civilians were decided that ENOUGH WAS ENOUGH. MJ12 was commandeered a month after 9/11 and the Space Preservation Act was enabled to block future rouge Majestic 12 operations.

The Military audit currently ongoing is turning up technology that is "out of this world" and "in science fiction". You've heard both the President and Vice President refer to this new technology as such. Hollywood knew the secret and they hid it in plain sight.

Since the Space Preservation Act was designed to stop MJ12, which it had relatively little success until HRC was removed from office (who was also an MJ12 member until recently) once MJ12 got in the hands of the "good" side of DIA, and later to 45, those weapons can now be used.

Against them. 45 has constantly said "I am rebuilding our Military." and "I will never forgive 44 for what he did to our Military." NOT ANYMORE.

The audit is turning up technology the likes of which the world has never seen before and the ONLY solution to ensure we survive is to unite as a planet and realize "we are all humans" and our "problems at home won't seem so big if we faced an alien threat."

Many people here like to tell us, the Majestic 12, that there are no such thing as bad aliens. They are good-willed but severely ignorant.

The alien "false flag" invasion was supposed to be just that. An invasion, but planned by the winning side before it happened. Americans were to be the losers of that battle. But regardless of how power has shifted, it still requires us to deal with the fact that 322 is powerful.

For this, we need a Space Force and to bring out a lot of that technology hidden in the compartmentalized programs through the nation's top defense contractors. You'd be surprised how many people actually want to see this happen.

When we learn physics in school we are taught about a subject that is hyperdimensional in every aspect and reduced to very simple algebra. Imaginary numbers? How many dimensions of numbers exist? 8. Also symbol for infinity. When 9 is reached, its also 0. What is infinity?

How many dimensions of numbers exist? 8. Also symbol for infinity. When 9 is reached, its also 0. What is infinity?

Calculus is not the problem. Apologies for not clarifying originally. Physics taught with algebra is wrong the second you try to use any of those formulas on Mars or [other planets whose names have yet to be declassified]. Most importantly to understand is calculus is fragmented.

In higher orders of mathematics we are taught about imaginary numbers and their role.

If it were more about knowledge and power, then we wouldnt be explaining it to you. In order to see the Matrix, you must learn the math of the universe. New physics.

What if we told you there are UFOs that are lifeforms and that in order to operate the UFO you must be able to telepathically make contact with the being and negotiate usage of their vessel?

What if we told you the race was over 10 billion years old?

What if we told you that we have imprisoned three of them on Earth?

What if we tried to reverse engineer these organic lifeforms into synthetic reproducible units?

Would the being attempt to sabotage the efforts?

Because they haven't made official public contact yet. Earth humans are not taught about exoconsciousness and the reality of interdimensional and hyperdimensional life forms that seek to create their vision of reality.

This race is genetically incompatible with humanoid lifeforms. It does have DNA though, so that's something!

Question.

"Do you know of any beings who communicate via light, specifically sunlight? Answers to my questions posed while meditating appear to arrive on photons, which I can see. #Ψ"  
Answer.

Light contains information. A lot of information. Extreme amounts of information. Very hyperdimensional.

Many times when you are visually seeing entities in your mind that look like separate things but are intimately connected, it simply means that you're SEEING hyperdimensional information. 11 dimensions. How do dimensions hold information? What is information?

Frequencies that create distinct patterns and geometric shapes (very important) that are imprints of hyperdimensional information stored inside the sound wave. Patterns arrive at certain frequencies and meditation to those patterns, shapes, and equal sounds enhance RV/Meditation.

The signature of life is a complex myriad of hyperdimensional information stored within our DNA. In order for those life forms to be expressed in our reality, their DNA would have to be almost a 99% match. Imagine the total prerequisite information necessary to store to project?

Your biological body on Earth is started with a single cell that is incapable of access your DNA knowledge because it requires a conduit as powerful as the brain in order to decode the hyperdimensional data structures it contains that gave him the abilities he naturally had.

There are many blood types that have connections to different planet originations. Some are from multiple planets therefore the depth of identifying blood classification expands into hyperdimensional data that is not properly expressed by labels like "rh".

Question.

"What is the relationship between the domain and the galactic federation? As collectives, what universal laws are most cherished?"

Answer:

Fundamentally the definition of creation so to speak. Compartmentalized information in each of the life forms which have been developing for trillions of years (illusion is time) make up the heirs hyperdimensional laws embedded in the programming of the illusion. Each arrive at the same conclusion however they are different factions as we have actioned upon in previous Majestic decisions.

MAJIC = Coming soon to a theater near you

SG-1 contains "hyper dimensional" information inside it that is unlocked every time you watch it (and more particularly study it). Just passively watching versus taking notes while watching will change the level of insight the series provides. Use logic though.

Creations of the Majestic 12 are Majestic.

Hyperdimensional data converging on a single point in time is Majestic.

Exoconsciousness connections are Majestic.

Many things are Majestic.

We are the Majestic 12.

Reference is to SG-1's DIA declassification programs that originated from Majestic 12. We are the Majestic 12. Typist is communicating through Voice of God nanotechnology implantation. MJ-9, MJ-1, and MJ-12 communicate through this account.

Re-read past drops. Here's the 40,000ft view:

- Majestic 12 was created as a result of Roswell (cover story - Operation Paperclip was the reason).

- The task of Majestic 12 was to conceal the extraterrestrial presence on Earth for "reasons of National Security."

- In late 1988, Majestic 12 reformed in an effort to bring the alien presence out into the open.

- There disclosure programs were created and members of the Majestic 12 were labeled such as MJ-1, MJ-2, etc to keep anonymity even among EYES ONLY classification settings.

- Majestic 12 has active operations ongoing in the United States from DIA assets using social media tools, like Anonymous Official, and this account to disclose vital information about the MAJESTIC reality that exists.

- This account is a conduit to three members' operations.

Q Anon is a separate NSA operation. But where there's 1 there's 100. All for different purposes. All playing hyperdimensional chess. Welcome to reality. However the nature of reality is not as you were taught. An alt physics in Classified programs exists that MJ-12 has "DECLASS'd"

Meaning process of actual declassification of information pertaining to whether the secret is only present in order to protect criminality. This is why we operate 300 clicks away from the subject but at a tactical advantage over everything else without raising too much suspicion.

We call it the Great Awakening.

Q today:

"Drops 'layered' to provide 'advance knowledge'."

MJ12 does the exact same thing.

How do you transfer information hyper-dimensionally?

How do you define hyper-dimensional information?

Multiple points all connected at right angles to each other?

Eyes Wide Open

Question.

"Is there more than one universe? And is there a name for our universe?"

Answer.

There are many universes and the name of each of them is less important than understanding what it is. Higher levels of consciousness see the multiverse as iterations over a hyper dimensional geometric shape that essentially is the master shape of each universe. Values change.

The illuminati was able to hide in plain sight for 6,000 years before MJ12 gave the world the concept of the internet in an attempt to take this cabal down.

Cabal wanted ET Disclosure to be portrayed as the Messiah as their carefully crafted texts all allude to. ETs return + WW3 + Total Domain over Planet Earth. (War against the Domain). Final stage to controlling an entire planet is the roll out of a New World Order.

They were going to use AI/Holograms to make the illusion real.

Christianity has prepared people for this scenario that was engineered by the bloodline families who have centralized all power and control (because they believe that empowering themselves saves lives).

Lies + Poison + Fear Mongering = Absolute Control

In order for ET disclosure to peacefully take place we must recognize that we first live in a world with hundreds of thousands of children are being CONSUMED every single year. In order for Disclosure to work, we must dismember Christianity power players as a RICO organizations.

The deception IS very real. External personification of the true nature of your existence robs you of the ability to actually Ascend and "Enter The Kingdom of Heaven".

When the Illuminati began taking power they fundamentally corrupted Christianity because THEY sought the LIGHT and intended to keep everybody else in DARKNESS.

"Dark Ages"?

Illuminati took the original intention of the Bible, which was pre-planned Disclosure.  
In turn, they weaponized almost every faction within Christianity to hide the true reality of nature from mankind.

Absolute power corrupts absolutely.  
The Bible was constructed by the same bloodline families that founded the Illuminati.  
Christianity will be dismembered.

#### CHOICES!

Those are choices that have consequences. It serves nobody to blame Majestic 12 for those choices.

- 1/ We will never ask you to believe anything we say.
- 2/ This account is controlled using Voice of God communication to a Typist within the United States.
- 3/ There are 3 typists total.
- 4/ They do not know each other.
- 5/ The Majestic 12 is the capstone of the Illuminati.
- 6/ Disinformation is both real and necessary.
- 7/ We are on Twitter because this medium of communication aligns closer to the Majestic way of information dissemination.
- 8/ We always operate 300 clicks away to cover our tracks.
- 9/ Trust yourself. The truth is within and reality is what you make of it. Identifying your existence as an IS-BE allows you to compartmentalize aspects of your existence to achieve enlightenment. The tree of life is authentic however shrouded in disinformation.

So, allow us to ask you this: If you know we operate in the higher dimensions of reality (and not in the realms of the 3D) putting a face on the Majestic 12 is as meaningless as you can understand.

Experience in this dimension of reality is a GAME. Play the game to experience LIFE. In all efforts, SEEK LOVE AND LIGHT. Leaving the society doesn't mean leaving your country. It means leaving

the mindset that made that society that which you cannot live with anymore. The GAME is here for all to play. What else is the point of life?

Question.  
Is all of Freemasonry corrupted?  
Answer.  
Not all.

Comment.  
Interesting that we earn a "degree" in college and there are "degrees" in masonry. Makes me wonder what a "degree" really is.  
Answer.  
A degree is a symbol that lives with the person forever. Its value is not associated with the paper the degree is printed on. Fraud universities and scam colleges produce graduates who believe their piece of paper is worthless, however the symbology is real and relevant.  
No coincidences. Freemasonry degrees can be used in acquiring power in an Illuminati pyramid scheme consistent with your degree. College degrees can be used for picking your slave trade in any Illuminati pyramid scheme consistent with your degree.  
How else do you control all?

Question.  
Who do the freemasons work for? Or do they have their own mission independent of other secret societies?  
Answer.  
They work for their religion.  
Question.  
Is that religion christianity?  
Answer.  
No

Question.  
What do you know about the Georgia Guidestones? <https://t.co/tSFPEf7QLb>  
Answer.  
Created by Illuminati for New World Order.

Question.  
What names in history, other than JFK, have been involved with fighting The Cabal and their predecessors? Who are the REAL Patriots in our Past?  
Answer.  
Many people who were lost to History though their level of control over the Cabal was moot. Many people have good intentions yet ignorance breeds corruption and corruption breeds the Illuminati.  
Question.  
George Washington? (possibly an example of good intentions?).  
Answer.  
Not Majestic, more Illuminati minus the obsession with the Death cult. Original Illuminati was like the Great Awakening but on an invite only manner. USA was created to allow all to explore the path of Illumination or the path of LIGHT.

Original Illuminati was against Satanism.

Illuminati original purpose was to disclose true LIGHT as they saw it. First you must see the light in order to describe it. What you create is of your own creation. Truth is within. Free will and logic allow us to create with our hands and use tools. Why? To grow. Develop.

Original mission of the Illuminati is being fulfilled.

Question.

Illuminati were meant to illuminate, I guess

Answer.

Dark to Light

The future is filled with LIGHT.

God works in Majestic ways.

What is real?

The power to will and manifest physical reality by learning the codes, the keys to the castle, the magic spells, (whatever you want to call it, you can name it anything you want, doesn't matter to me).

The Power of 3 6 and 9 is real.

3, 6, and 9 are consciousness.

1, 2, 4, 5, 7, and 8 are chaos matrix theory.

Synchronicity weaves the fabric of reality.

Time is an illusion.

The only thing that matters is the here and now.

Not the past.

Not the future.

Time is an illusion.

You control the present, therefore you control the past, therefore you control the future. Your future.

## MJ12 In Plain Sight (Can you see us?)

The Majestic 12 are multidimensional. We operate in the fourth, fifth, and sixth dimensions of reality and hide in plain sight. Can you see us?

Comment.

Oh yes, I can see you everywhere I go. 🙄

Reply

Likewise.

Question.

How about showing yourself... Show who you really are?

Answer

Allow us to explain a paradigm:

You are an IS-BE.

Immortal = Time is an Illusion.

Spiritual = Theology/Philosophy.

Biological = 3D/Science/Life.

Entity = Instance.

Your Instance is your Ego.

Who others define you to be.

It is who they see in photos.

It is who they think they are communicating with.

Therefore...

Consider the following disclosures provided to you before hand:

1/ We will never ask you to believe anything we say.

2/ This account is controlled using Voice of God communication to a Typist within the United States.

3/ There are 3 typists total.

4/ They do not know each other.

5/ The Majestic 12 is the capstone of the Illuminati.

6/ Disinformation is both real and necessary.

7/ We are on Twitter because this medium of communication aligns closer to the Majestic way of information dissemination.

8/ We always operate 300 clicks away to cover our tracks.

9/ Trust yourself. The truth is within and reality is what you make of it. Identifying your existence as an IS-BE allows you to compartmentalize aspects of your existence to achieve enlightenment. The tree of life is authentic however shrouded in disinformation.

So, allow us to ask you this: If you know we operate in the higher dimensions of reality (and not in the realms of the 3D) putting a face on the Majestic 12 is as meaningless as you can understand. The Entity Ego of the typists involve have no bearing on Majestic Operations.

Humans are LIGHT beings which gives them special abilities that other lifeforms do not have.

Certain protections have been put in place for select people who disseminate truthful information about the operation/movement. These do not make one invincible, but it does add a layer of protection, when coupled with smart vigilance, ensure the operations can be successful.

We are not at liberty to discuss the protections any further.

We are here to guide you through those changes.

We are the Majestic 12.

Standing up for our children is MAJESTIC.

The message is more important than the messenger.

Who the messenger is, will shock you.

Who the typist is, will shock you.

Shock creates emotion.

We are the Majestic 12.

We operate outside of normal protocol that best serve our agenda.

Not everything is as it seems.

Facts Matter.

Important to note again:

1) We have never claimed to be an insider. We are the Majestic 12.

2) The Majestic 12 operates above the Federal Government. Not inside.

3) We have never asked you trust us.

.....

4) MJ12 was created prior to Q deliberately.

5) MJ12 distanced itself from Q.

.....

6) Q mission is unaffiliated to MJ12 mission, though actions and events are not mutually exclusive.

7) No outside comms for Q from (now) 8ch and no outside comms for MJ12 from Twitter.

8) Disclosure and First Contact require a certain level of consciousness before successful try.

9) It has been the efforts of Q, including MJ12, to help assist in the Great Awakening by acting on a paradox.

We believe that you know far more about quantum reality than most "so called experts" who claim they know about quantum reality.

Truth is Majestic.

Truth is within.

Many people know the truth, the just struggle with putting the pieces together.

Some individuals, we monitor.

We actively track IS-BE reincarnations.

Eyes Wide Open means many things.

Within light exists infinity. The answer is therefore inside you since you are, in essence, a self aware lightbulb.

Trust yourself.

The truth is within. You must always be able to rely on yourself and think for yourself while fundamentally understanding that we are all one. There is no cornerstone to our existence except experience. Conscious thought is infinite, experience is limited.

There are many things one must do to heal and enable their pineal gland for non sleep.

Focus on "now" the only time that exists that isn't an illusion and strive to achieve balance in life.

All information exists within and can be downloaded on command.

They aren't downloads. Downloads infer they travel from one point to another point at a rate of transfer. Meditation "downloads" are actually epiphanies that are caused by your consciousness finding a "key" to a "locked area" within global consciousness. Keys are everywhere.

Everything we share is common knowledge within global consciousness.

God is within. God is your soul. Your soul is your God. You are your soul. You are your God. You are an IS-BE. All centralized power structures that operate as a business seeking money are technically satanic by design. Religions teach you that Earth is hell.

When you die, if you walk into the light then you are told "you go to heaven". Wrong. You return to Earth in another incarnation. Jesus didn't walk to the light until after he stepped into the void, willed himself to return, and then he woke up. Time is an illusion. No time.  
The only light he saw was when we opened his eyes. Occult magic. Death is an illusion. Death does not exist.

IS-BEs have access to all contained both within the IS and the BE.

they must discover the truth within themselves. Hence, why we are here.

We disclose truth through questions that resonate with the consciousness we interact with. We have stated this before. By following up with more questions, we are guiding you to DIScover the truth. All answers exist within.

The answers can only have meaning when they come from within for those who are unaware.

It is an extremely difficult thing to master, however some beings have demonstrated that ability. However, it is important to understand that sometimes technology is required in order to bridge certain gaps.

It has reached a critical point where the root cause of the problems we face as a civilization is fixable and within our reach simply because of the unrealized mass power that mass surveillance and social media + Majestic internet can really manifest.

5/ Message over messenger.

God = Your IS-BE

Jesus Christ His Son = External Personification of your IS-BE

External personification conceals the true identity of the soul inside you.

External personification is how they control you.

It does not mean however that the metaphors used in Christianity are bad.

The deception IS very real. External personification of the true nature of your existence robs you of the ability to actually Ascend and "Enter The Kingdom of Heaven".

Judgement only comes from within.

Trust yourself.

All answers exist within.

Ask. We

Look inside and pull the curtains back. Let the LIGHT shine from within. Release your burden. Forgive yourself for your flaws. Live every moment with opportunity. Time is an illusion. The past belongs in the past.

Educate those around you to detoxify their bodies, inform them all answers (especially non spiritual/religious answers) are within and that it is okay for them to trust themselves.

We will not spoon feed answers to crying IS-BEs. You must find strength within and LEARN THE COMMS. Information like this has been concealed for centuries and has been hiding in plain sight using many psychological warfare operations. Break the conditioning. Trust your IS-BE.

We understand and sympathize however all we ask of you is to hear us and trust yourself. Hardly bad advice by any measurable standard. Disclosure means we need beacons of hope to help guide humanity forward. Only through reeducation. Starts here. Unlearn the lies. Truth is within.

Sometimes those we seek the most are those who reside within.

The Kingdom of Heaven sounds glorious doesn't it? Sounds like something you'd want to spend your life's work to get to. When you get there what happens? What happens when you've been brainwashed as slaves and that true Kingdom of Heaven is actually full awareness of consciousness?

Cannabis can be a responsible and nonaddictive alternative to temporary pain relief to full cancer cure. Responsible consumption for spiritual healing will also physically heal the body of ailments. Cannabis enables this transformation to manifest from within.

The signature of life is a complex myriad of hyperdimensional information stored within our DNA. In order for those life forms to be expressed in our reality, their DNA would have to be almost a 99% match. Imagine the total prerequisite information necessary to store to project?

Your biological body on Earth is started with a single cell that is incapable of access your DNA knowledge because it requires a conduit as powerful as the brain in order to decode the hyperdimensional data structures it contains that gave him the abilities he naturally had.  
He has returned, but he has no memory of his former life. He will rise to great power once again. It's in his nature. It's in his DNA.

Don't you have the power in your life to start creating and projecting your consciousness onto others by leading by example? Open Books are easy to read. Eyes Wide Open. Consciousness projects REALITY. Reality is an illusion created by your consciousness.  
How to control it?

He looks inside for truth and finds that many things are Majestic in life.

The brain filters out that which you cannot see within the minds eye.

The path of self enlightenment begins when you realize that all in the material realm is an illusion created by chaos and true balance in ones own life comes from how they perceive their own consciousness. Addiction is a trick of the mind and body to deceive it that vision.

Within everyone a snake lies.

Sometimes the only way to defeat the beast within is to deny it battle.

However the solution is not to unplug from the reality, but rather to find the courage within to change it. Everybody has a choice between good and evil.

Within each IS-BE both realities exist.  
Our choices is what make us who we are.

Balance must include evil. However the degree of evil is in question. Keeping evil at a minimum also requires keeping prosperity at a minimum. It's like tug of war when it comes to the higher dimensional war consciousness is fighting. Its finding a balance. Its Majestic.

Many people have lost sight of the innocence of humanity while others are harvesting the biological entities to enhance.

One sacrifice every 3 minutes. For the past several THOUSAND years. Talk about a "permanent" source of negative "orgone" energy. They understand these frequencies and therefore everything is based upon them. This is why everything decomposes after 100-200 years. Cancer? Energy?  
And by everything (limited character space) the limit is within buildings and architecture in general. Engineering and physics are wrong and harness this negative energy which enforces the matrix.

Christianity has prepared people for this scenario that was engineered by the bloodline families who have centralized all power and control (because they believe that empowering themselves saves lives).

Lies + Poison + Fear Mongering = Absolute Control.

When the Illuminati began taking power they fundamentally corrupted Christianity because THEY sought the LIGHT and intended to keep everybody else in DARKNESS.

"Dark Ages"?

Illuminati took the original intention of the Bible, which was pre-planned Disclosure.

In turn, they weaponized almost every faction within Christianity to hide the true reality of nature from mankind.

Absolute power corrupts absolutely.

The Bible was constructed by the same bloodline families that founded the Illuminati.

Christianity will be dismembered.

The Bible is full of factually false statements when interpreted literally or figuratively. However many verses within the Bible are literal metaphors that can explain a lot about the nature of reality. Most of the Bible was created to DOMINATE mankind to allow Satanic Rituals.

Reply.

Wrong. God does not exist. We are all one. Very different fundamental concept. External personification of your own creation is Satanic by your very logic.

Are you aware that you're externally personifying God?

All who externally personify your IS-BE to be that of some-thing/ one else is intentionally attempting to enslave your IS-BE into dogmatic logic that forces you to live in a world where up is down and left is right and right is wrong. 100% evil. Christianity will be dismembered.

God is within. You are an instance of God. God is an IS-BE. You are an IS-BE.

The Domain created the "BE" for the "IS" to experience the lower densities with.

The God inside you can be controlled with free will. You are God. External personification of God removes Free Will from the equation. However with it comes a blank sheet of paper so to speak, so create at your own peril.

Truth is within and anyone who interacts with Truth it changes them. Truth will be presented and people will choose their path forward. Not everybody will evolve. Some will reject the next evolutionary step and be reincarnated again to try again.

External personification of God and Jesus have you looking away from the truth to your consciousness.

Not everybody evolves at the same time, and nor is it in our interest to violate their free will to live a life of ignorance. The path to self enlightenment and ultimately Majestic Reality lies within. We only need a critical mass, and others will follow due to human nature.

Words are spells.

Power of 3, 6, and 9 applied to language too?

What if you had sounds translated into glyphs that were frequencies divisible by 3, 6, and 9 to specifically access numbers with digital roots of 3?

Biblical psalms will not unlock consciousness.

The words released change the frequency harmonics of the consciousness being projected by each IS-BE which effectively allow you to apply intentional will to manifest either an unknown property within global consciousness (downloads) or if strong enough, telepathy/telekinesis.

Astral projection is safe as it is only within you. All interactions with consciousness are always a balance between your mind/soul and your body. The two are like ying and yang. Astral projection hyper-exerts consciousness into higher densities to travel. SP (sleep paralysis) limits body.

Well, let us reiterate, rinse and repeat... The "Cabal" is currently being lead by another "Committee 🗳️" of ET IS-BEs connected to ongoings within the unacknowledged space program that the Americans took over when Germany fell. Thats why Operation Paperclip happened.

The Majestic has been an organization within the US Government since 1947 negotiating peace from over 100,000 races across the galaxy.

In the 1980s, some members of the Majestic decided that proper Disclosure was necessary. Others disagreed. Internal feuds began after.

#RonaldReagan was a member of the Majestic. He had no seniority within the Majestic and therefore could not make demands.

Our mandate was simple, protect the secret at all costs. Subordinate agencies used this mandate as an excuse to being operating those trafficking programs. Once what was done was done, Majestic 12 had to reconcile and continue to maintain secrecy, so we intertwined them.

As our internal development improved and the spacecraft reverse engineering operations started yielding results, major changes took place around JFK in the Majestic 12 that resulted in it aligning itself with the NWO of 41 and his cult 322 who was actually just working for ETs.

We did not understand them at first. We perceived their superiority as a threat and acted accordingly. When we learned who and what they were (how they were us from the future) we learned who we were. When we did, many groups rose to power within the Shadow Government aka MJ12.

Each member with their own agenda it became. Serious internal struggles within some between siding with a more advanced culture and society versus defending what it means to be human and what that definition was. Many played God. Many mistakes made.

The occult Magick used by the Skull & Bones society is it pays respects and tributes to the countless amount of deaths that will inevitably be caused directly by their hands and their decisions. They are taught the magick of power and control.

What if key members of the Majestic-12 plotted with the FBI and DOJ to harm the President of the United States? What would that do, in your opinion (please response), to the official Disclosure efforts by the "good" side of Majestic-12? Does the actions of one man impact all men?

How is it even possible? It breaks your heart when you have to see what some of those kids went through. We are returning power back to We, The People.

DARK > LIGHT.

Compartmentalization means the left hand doesn't know what the right hand is doing.

Of course there is internal espionage, but understand that the Majestic-12 are MASTERS of discretion. Only the moron puppets we control use symbology in the wide open to advertise their allegiance. The Majestic-12 are no so recklessly careless.

Since 45 and MF, DIA has been working towards Disclosure against literally tens of thousands of people within Government who openly oppose it. Majestic 12 sewed its seeds deep and ultimately lost control over them to change the directive. This is the Deep State as everyone says.

Without mass surveillance running in full operation for decades, Faction 1 and Faction 2 had no clue about their activities and actions outside the line of duty.

The NWO plan was created to establish a one world government for the purposes of extraterrestrial disclosure to the public. Planet Earth logically needed a governing body capable to deal with planetary issues.

9+8 said that National Security classifications CANNOT BE USED TO SHEILD INDIVIDUALS FROM CRIMINAL PROSECUTION.

New leadership.

The Majestic 12 have been taken over by a new faction within our ranks that are aimed at peace and Global Disclosure. Not just USA.

That is one faction within the Majestic 12. Not a majority faction anymore.

What if National Security includes protecting our children?

Coincidence?

What did AJ say again about interdimensionals?

Some facilities that 45 wanted closed were "red lines" for NK [DS].

KJU has more cleaning to do before 45 will meet with him again.

Vietnam double implication.

Our planet was less than 3 months from total nuclear annihilation.

In order to diffuse that kind of bomb, it took an exceptionally talented group of "Bomb Squad" LEO Agents aka MILINTEL.

The Majestic 12 are not aliens. The Majestic 12 run the United States. We control the Intelligence Community and the Defense Department. Some members of the Majestic 12 are extraterrestrial in origin but have promised allegiance to Earth.

The Majestic 12 operates ABOVE Gov for the purposes of planetary defense pertaining to extraterrestrial life. As we have stated before (on many occasions throughout the past year to you specifically) if you don't like what we have to say, then please block us to help others.

We won on Nov. 8th 2016. This job is beyond the man. What 45 gave up in contrast to 24/7 WAR is truly marks of a stable genius.

45 had the knowledge of Tesla from outside MJ12 control through his uncle. 45 knows. Those who know cannot sleep at night.

Question.

For the sake of the discussion, if what you say is true, what portion of the blame do you take for all the suffering caused by US institutions like the Federal reserve and the CIA?

Answer.

100%.

With great power comes great responsibility.

Majestic.

How would you do it?

What kind of energy source would you require?

Could a planet's internal energy be enough?

- MJ12 <https://t.co/BgeQY5AzDm>

Energy is consciousness. Look into the signatures from higher dimensions and you can trace which IS-BEs the energy is coming from. Remember, a planet itself can be a single IS-BE.

Sun will go through an energy field that will charge quantum particles that hit earth instantly giving all light beings on earth a download of new information. Not there yet. Connected to the progress of the Great Awakening. Remember, Time is an Illusion. Events matter more.

Solar Flash is a term used to describe an internal revelation that will take place in every single human. All beings on Earth are being mobilized and activated. This is a Great Awakening. GAs have also been called Mass Extinctions before. But life survives and evolves.

Solar flares are outside of MJ12's control.

If you have that much internal distractions in your mind, you wouldn't be able to take off using one of these devices. Your mind needs to be crystal clear, sharp, and well taken care of to

physically handle the strain that piloting a consciousness craft inflicts upon the pilot.

Stones store consistent energy. Being able to store energy in solid state devices like stones is very exotic. Accessing information contained in stones is even more exotic.

Stones contain pure vibratory frequencies that can aide in regulating a persons own internal vibration.

key word is \*can\*.

How about creating stones with your mind and dropping them into your hand?

Requires global brain activity over 30% to create "things" with your mind. Cabal engineered education reprograms the mind to operate at 5% or less.

Life is a spark of light. The closest that a society can get to being fair, honest, and right minded towards one another with legally addressable potential crimes being committed and tracked by Military Intelligence.

This goes without saying that the evidence produced by the mass surveillance programs is so conclusive that reasonably straight forward undeniable evidence would seal tight a classified hearing internally where the agent would be prosecuted.

12+ DUMBs have been destroyed.

AJ "Aliens" Unacknowledged Projects

Think logically.

Majestic 12 was issued by an American President knowing the CIA was an extension of the British Empire by essentially loaning the keys to the empire.

NASA was Nazi Third Reich.

3 Shadow Government

These interdimensional engagements are occurring all over the planet.

We are using their technology against them.

FISA works both ways.

A lot of these experiments take place deep inside the MIC which is multiplanetary as well as present on almost all Nations.

Majestic 12 was receiving these new technologies as AJ explained through these scientists. This was what the Working Group really was composed of but with MJ12 members (mostly all Generals or Admirals or [Classified]). The American Generals were compromised for a period of time.

In 2017, those Generals were court martial'd and executed in Military Tribunals which are currently taking place. The Military is first cleaning itself out internally, which is why there are so many delays currently going on in addition to extreme GITMO activity recently.

Many of the bases those Generals were commanding were unacknowledged black ops projects that Q has suggested throughout their disclosures.

Majestic 12 discloses this information through propaganda.

That is our mandate.

How do we propagate this alien information into the Country?

The technology could be used both ways.

We knew what it took to acquire the information, however the lack of compassion is actually a weapon to use against these entities.

They wanted absolute control.

We gave them absolute control.

In order to give them absolute control...

... we had to educate and disclose the new reality to the world.

Cell phones and tablets all existed in the 40-50s which were almost 200 years more advanced than current top of the line iPads are. The technology companies are actively engaged in business and religious agreements with these interdimensional aliens. This war is real. This information is crazy messed up, but there is a simple solution that the Majestic 12 would like to convey for you to consider. It must come from the will of the public. Majestic 12 cannot manifest this, but we can

SET THE STAGE

Three truths and realities we must accept:

1/ We are all one of the same kind.

2/ We are all Gods inside.

3/ We are all unique and special.

In the beginning, the Gods created the heavens and the Earth.

Cocreative exoconsciousness.

Extremely real.

Literally the Matrix.

Majestic 12 has spent millions of dollars on building these exceptionally influential and powerful empires dominated by obsession in Space. These are the secrets being promised, exchanged, and built inside breakaway shadow Governments and planetary civilizations.

These movies, tv shows, comic books, fantasy movies, etc that disclosed ET presence on Earth and what interacting with ETs really entails. The fact of the matter is, extraterrestrials IS-BEs are not interdimensional IS-BE. You are not required to take DMT supplements or drugs to interact and communicate with extraterrestrial IS-BEs. In order to exist on this level, each IS-BE must be in sync with their full chakra frequency alignments. Full telepathic communication and mind meld. This is what it means to connect with someone on a deeper level inside the brain and mind, stored inside of your DNA which then is the signature used by your subconscious to project reality around you. Your IS-BE is the God inside you. You have the ultimate control over your own destiny, however to comprehend and manifest those lessons, patience, prayer, meditation, empathy, love, and union are emotions that will manifest positive life energy manifestations to become in your reality. Allow us to connect a few dots for you that may be unclear. These interdimensional beings responsible for the child sacrificing obsession the society has been driven to are also the source of where fascism is coming - the Universities. We can visually see the Universities are cults with massive pedophile rings inside of them using Government subsidized programs to perform illegal experiments on millions of lives.

27/ The Majestic 12 on paper is not involved in any of this activity, however outside of insecure paper, alterier motives corrupted early members of Majestic 12 where their actions alone where Majestic that make it very difficult to combat in the dark.

Understand that all life forms are IS-BEs. Including mice. Including rats. Including bacteria. All IS-BEs are a manifestation of a conscious projection of an IS who wishes to BE. The IS-BE responsible for the Biological entities it encompasses. This logically and compassionately.

The Gou'uld are a parasitical external alien that lodges itself inside a person's brain and makes them "act like a homicidal maniac". They are referred to as "snake in the head" and are a metaphor for the reptilian complex in the brain and the evolutionary history snakes share.

Cabal are parasites.

They feed off the hard work the Country built over the past 40 years.

A lot has happened internally from the Government.

Question.

Why was our Military equipment all outdated by 40 years and "depleted"?

Why wasn't new technology getting released?

WAR.

Quote @johnladarola

If we want to rid the world of nuclear weapons, we should consider going first.

End quote.

Probably the dumbest idea we have heard (but completely expected out of a TYT contributor), considering how much the United States has been interfering with the national agendas for over 50 countries. Proper solution is to clean up internally then go one on one with each country. <https://t.co/hgQHGOw7q>

The preparations and groundwork laid out by past administrations and members within the Cabal (some former MJ12 members) for a "false flag alien invasion" (as a means to justify a Global Governance) will commence as planned.

The enemy is not made up, as the conspiracy theory Project Bluebeam suggests. The enemy is very real, however the enemy was the entity that setup Project Bluebeam in the 1st place. We are going to use their weapon against them for their crimes against humanity. For God & Country.

Disclosure will take place, and it will be the catalyst to ending the Cabal, establishing the Space Force, and declaring our planet wide independence from the Draco who have long controlled Earth. With great power comes great responsibility. They never thought she would lose.

The first race to be disclosed will most likely be a hostile enemy of Earth, however part of keeping the public calm during this period will be, as POTUS says, acknowledging that Americans are actually very intelligent and aware of what's really going on.

Once the Draco are confronted, at least one other race is planning on coming forward for public First Contact with POTUS to form an alliance that will require a Global Governance (but one that respects sovereignty of tribal states) to stop all Nuclear Proliferation.

Martial Law will be required during this period of time.

Martial Law will be temporary as members of the Cabal are rounded up from all over the planet. Our planet was less than 3 months from total nuclear annihilation. In order to diffuse that kind of bomb, it took an exceptionally talented group of "Bomb Squad" LEO Agents aka MILINTEL

Question.

Wait so POTUS wants a 1 world Gov and Martial Law? That's exactly what the Deep State wanted.

Answer.

POTUS does not want a One World Government. He's a Nationalist who is America First. However, the alliances we've made have shown us how vitally important it is to have a governing body capable of making planetary decisions that are not internally political.

The United Nations will be rebranded into something very similar to the United Federation of Planets (from Star Trek).

Once you are able to 3D print (or replicate) a 1oz bar of gold at home for nothing, then gold will therefore have no MONETARY value. It will however retain its value in the wide range of usage that it is useful for, including space travel.

No they won't. Replication technology exists. There is a faction of the current administration that wants to omit money, gold, silver, etc. from the replication memory banks to keep the current

financial system. As far as MJ12 is concerned, we are fairly certain that it will work.

Question.

Did Phil Schneider tell the truth? Did he really have a shootout at the DUMB in Dulce, NM and if so, what was the outcome of all of that? <https://t.co/F2i39t7H2y>

Answer.

Planted memories serve many purposes including deliberate misconception of key details effectively invalidating his claims. He is a victim of not understanding the Majestic 12. He spreads some disinformation but mostly pathological misinformation.

Question.

Looks like F had several attempts on him. Until he was put in a place where he could be controlled. Soon as it "appeared" he was going to spill the beans he was suicided? What else was in that diary? Who killed him? The same who killed JFK? Cold War was a FF? ALL= Containment?

Answer.

He ascended actually.

Question.

Hello

Is "death" (human construct) a necessary condition for ascension?

Answer.

Yes.

Question.

F had a cameo in "Flags of our Fathers".

Does MJ recall any of F's memories of Iwo Jima?

Answer

F's IS-BE memories pertaining to non-Majestic matters is out of the scope of this account.

Question.

Was #3 pushed out of the window? If so, by whom?

Answer.

Suicided.

[Classified]

Necessary to MJ12. Regrettable because he had a family who he was leaving behind. We could not be crossed. Not then. Not now.

Question.

"Was this a result of the takeover of MJ12 by 322?"

Answer.

More like a change of heart. Members of MJ12 were known to be powerful to those in the know, however, access to the secret was restricted. By inviting less than 6 into 322 of MJ12, they created a close enough majority to remove #3 and tip the balance of power to 322MJ12.

Question.

JFK had a family who he left behind. Was his assassination necessary and regrettable?

Answer.

Unfortunately many in MJ12 viewed his treason as something that could not go unchecked. According to the state of current affairs at the time and the secrecy war going on internally between USSR/CIA vs USMil. We know JFK was assassinated by USSR/CIA. So did we have any say?

Question.

When you find beings in stasis chambers what do you do with them after you wake them up?

Answer.

We don't wake all of them, but those we do are internally processed through Majestic Customs. Those remaining in stasis are stored inside one of several "warehouse" DUMBs that don't have any R&D or residents occupying them. If re-awoken (by MJ12) they are quarantined until clear.

Yes, technology exists to correct the damages caused by vaccines, however some of the technology is a long way from ever being mainstream because Death is a required component that must be accepted. What is Death? Consciousness projects reality. Store / Cleanse / Reload? Damage?  
Your body is placed into a stasis device that has nanotechnology within its fluid that perform the healing/modifications on the body. Remaining inside the body during this process causes great harm the consciousness of the light being inside, which is why we usually transplant.

Question.

Does our IS have an identity beyond those created when experiencing individual BEs? I feel our IS is our identity beyond these BEs but do we have a personal "self" as our IS?

Answer.

Who you are on the inside is represented by ideas and values coupled with memory, physical vibration, sound, etc. and not properties tangible in the physical world. That entity is what you are experiencing as its own creation.

Higher density races perceive it more like a playground or possibly a video game. When you die prior to being able to ascend, your memories are wiped clean, and you're returned to another biological body. Your memories are wiped because when your body starts developing, it comes from an egg and a sperm. Both of those vessels are not electrically complex enough to decipher the contents of your genetic memory (DNA). Everything is there. You just can't access it. You [don't] know how [yet].

Unborn children have a foothold kind of engagement with their mother. The IS-BE's soul of that child decided to create another BE in the infinite realms of conscious projection here on Earth. Many BEs are born per IS. You'd be surprised. The IS-BE has not fully transferred BEs.

Between life and death a period of "time" exists that has been described as purgatory by dogmatic religions where you are able to decide your next life using free will and intended actions. This time you are contemplating the existence that you once had and wait long enough to just think, "wait, can I go back?" You can, with no control. If you were told "yes" and then decided "yes! I want to go back" and they end up in a birth canal. Between questioning and willing, life in the womb can be understood. If you terminate that life, then the idea is then pushed back into your mind as in "nothing's happening yet, maybe I can't go back" but more closely as in how do I just "will something to exist".

You have to know it from your heart.

Many family generations are simply skipping generational IS-BEs. Ying-Yang.

IS-BEs are able to communicate through source love/light in a way that transcends space and time. Decisions made around a family greatly impact the experience of purgatory that an IS-BE experiences. If you will to hear them, you will hear your next life. When you leave this realm you will lose all memory of your actions while in source due to dropping into a lower frequency.

Through meditation, consciously mindful living, with healthy eating habits abundant in THC, CBD, and CBN, you may be able to return to those moments of contemplation you had before. And learn about the purpose of your life; while at the same time, possibly learn about your former life. The further you are from the time of your last purgatory, the more difficult recalling will be. Children learn a twisted and sick form of this to learn their passion in life.

He has returned, but he has no memory of his former life. He will rise to great power once again. It's in his nature. It's in his DNA.

Childhood should be about learning how to unlock your Genetic Memory, chart and discover the interiors of your mind, learn about the world around you - physically around you first, and learn how to take care of yourself and sustain your living conditions for a long period of time.

If you're a child of 3 and you have never been exposed to the Standard American Diet (SAD) AND you are encouraged to meditate (and do) and engage in non-childrens-play-talk, you will begin to unlock Genetic Memories very quickly. Within days.

Meditation downloads occur when your brain is able to decipher missing fragments of your genetic memory. These are triggered by DMT and other naturally occurring compounds in the brain. Typically meditation downloads are triggered by certain frequencies since the deciphering of DNA can, in some ways, be viewed as reading very complex music. It is transcribing 11 dimensions of frequency, vibration, and energy to create the being who has said DNA.

Knowledge is power.

They don't teach self enLIGHTenment.

Memories.

Remember remember...

Knowledge is dangerous in the wrong hands. Only the pure of heart and willing can acquire the knowledge you seek. It cannot be forced onto anyone. Granted, there has been a lot of subversion. But YOU CREATE your reality. Not us. We can create a faux reality.

But the Karma is spinning the planet into destruction. So, this time around, MJ12 have decided to take a back seat approach to dealing with Disclosure.

YOU HAVE MORE THAN YOU KNOW!

Dropping Full Disclosure would cause lower evolved humans in positions of great power to do irreversible damage out of their own confusion, fear, and ego.

THE CHOICE MUST BE YOURS TO MAKE.

We engage in this open forum as a means to help enLIGHTen those who seek the truth. We do not give you truth. We give you direction. Only through meditation and practice in unlocking your genetic memory will TRUTH resonate with you.

YOU CREATE YOUR REALITY.

What is the sun?

The sun can be used as a portal in higher dimensions.

Looking into the sun with proper protection amplifies the strength of your inner eye to see.

We believe that you know far more about quantum reality than most "so called experts" who claim they know about quantum reality. Believe in your abilities and the light will always show you the truth.

1/ Exoconsciousness intuitively understands the quantum world, it just has a difficult time articulating the words necessary to explain it.

Think about the dimensions of information. Existence is the sum of all possibilities combined. Identity is the selection of an existence.

2/ All information exists in "thought", however is accessible via an ISBE's ability to encapsulate that information into their consciousness (jail) communication mechanisms.

Mastering telepathy enable you to read/listen/understand all states of information in their natural form.

3/ When you try to take a highly complex thought and reduce its dimensionality into the physical realm, you lost 99% of the message, unless you are intentionally explaining the physical realm.

This is why "words are difficult" to choose in emotional situations.

4/ It is also why (((we))) [as a species] haven't yet mastered quantum physics. We cannot communicate in the medium necessary to understand quantum physics (yet).

DONE.

Comment.

If You understand that you are Creator and quantum structure at the same time, it is easier to understand quantum physics.

End comment.

The Kingdom of Heaven sounds glorious doesn't it? Sounds like something you'd want to spend your life's work to get to. When you get there what happens? What happens when you've been brainwashed as slaves and that true Kingdom of Heaven is actually full awareness of consciousness?

Solar Flash is a term used to describe an internal revelation that will take place in every single human. All beings on Earth are being mobilized and activated. This is a Great Awakening. G.A's

have also been called Mass Extinctions before. But life survives and evolves.

It won't be a Hollywood style "solar flash".

Prepare yourself mentally for the heightened state of consciousness that will be required in order to survive.

Less than a few years, but there is time. Don't worry, we are not going to betray the people who we swore to protect during this transition. Trust the plan.

Any and all attempts to subvert new CLAS technology will be met with lethal force.

Nothing can stop what is coming.

NOTHING!

By design. Ice needs to melt in order to force Disclosure. Will not cause harm to the planet. Planets survive climate change. Humans must adapt. Society is vulnerable because Satanic mindset technology was developed and forced onto people. New technology will help humanity adapt.

Many life forms will survive, and those who do, have been smart. They educate themselves on consciousness, holistic healthcare, geography, space weather, survival skills, and meditation. Those who do not, "die" and start all over as a child. Those who do not make it will struggle at first, but the society should be better aligned in 10 years to help people of all walks of life expand their consciousness and for the first time in thousands of years, MEET who are really are. Have you met the ISBE inside you yet?

Your observations are not alone, many others have been experiencing other kinds of genetic anomalies. This is most likely due to the ISBE identifying itself in you.

Sun will go through an energy field that will charge quantum particles that hit earth instantly giving all light beings on earth a download of new information. Not there yet. Connected to the progress of the Great Awakening. Remember, Time is an Illusion. Events matter more.

Question.

If time is an illusion what is the meaning of 'yet'?

Events happen in sequence, no? Cause > Effect. Is the illusion of time just that past and future exist apart from the present?

Answer.

Yet implies the requirement of future events to take place first regardless of time between events.

Question.

Do events change the perceived time?

Answer.

Yes.

Question.

Will the "pole shift" you mention take place in conjunction with a change of moon control eradicating the "prison" characteristic of our planet?

Answer.

We won't answer this yet because events haven't occurred yet that would make our expected outcome a plausible reality in the near enough future.

Question

Anything we can do to help?

Answer.

Educate those around you to detoxify their bodies, inform them all answers (especially non spiritual/religious answers) are within and that it is okay for them to trust themselves.

Earth will transform. Leave the past in the past.

Question.

"Is the transformation meant to benefit humans? My gut tells me "NO." Is the transformation meant to benefit non-human beings?"

Answer.

Specifically for higher conscious human IS-BEs.

All Abrahamic religions will be reformed and potentially replaced entirely with a less politically dogmatic control structure. The people must demand it though.

The Majestic 12 have all points of view. We make decisions that we view are best for who we serve. In the past, the Majestic 12 served not God, but Man. In that effort, the redefinition of God is what became your reality.

Your Immortal Spiritual Biological Entity (IS-BE) is your soul (IS) and your body (BE). You are an IS-BE. All life in the universe are IS-BEs. We are all the same. We are all one. We are connected together through our pineal gland. Our consciousness comes from God or All or IS-BE.

We (Americans) by definition of our National Identity from the founding fathers was that we knew God was all and that freedom to practice faith towards God was permitted in ANY FORM. This posed an interesting complex web of information.

IS-BEs come in many shapes, sizes, forms, colors, abilities, etc. Literally whatever you could think of, exists in the universe.

Death is an illusion. You cannot kill something that is immortal.

A God is nothing more than somebody who understands the language of divinity and who can speak/create with it.

There are hundreds of trillions of beings throughout the universe who demand the same as you. Have their demand ever been met before?

Question.  
When the IG report comes out, will any MJ12 members be effected?  
Answer.  
No,  
MJ12 is isolated 100% from DOJ.  
DOJ cannot touch anyone in MJ12.  
They literally cannot touch anyone in/from MJ12.  
They don't have the need to know.  
They will never have a need to know.  
This is why WE love compartmentalization classification laws.

Answer.  
God

Some of us were never "Cabal" who served under their control because we believe in the Majestic work involved in being a true Patriot to an IDEA and not a creed, race, religion, or any other classification system you can conceive. Life, Liberty & The Pursuit of Happiness.

What is the placebo effect?  
Sometimes belief is all that is required.

It is Majestic to believe in God.

However blinding your empathic powers to a root entity, like "God" or "Jesus" will only defeat your empathic abilities and nullify the quantum effect.

Trust Yourself.

There are many many powerful beings in the Universe. Not engaging with the enemy is recommended.

Question  
Do you believe in Jesus, Majestic?  
Answer.  
Define Jesus  
The man existed, though he was less important than his message.

External personification of God and Jesus have you looking away from the truth to your consciousness.

Question.  
Where does God Almighty and Jesus Christ fit into our universe!?

✨ Please answer Majestic 12 ✨

Answer.  
Consciousness creates its own universe. When consciousness interacts with consciousness it creates a matrix of the mind. Jesus was a metaphor used by the Romans to corrupt this knowledge. The teachings of Jesus metaphorically teach these fundamentals though the religion doesn't.

The Christ is nothing more or less than a frame of mind, capable of accessing exoconsciousness in the true fabric of our reality that exists in hyperdimensions. Our simple three dimensions are rife with inaccuracies, problems, and miscommunications. When will Earth learn?

Jesus was a creation of the Vatican taken from multiple IS-BEs such as Thoth, Enoch, Lucifer, Satan, and [3 others].

Question.  
Explain the difference between Jesus and Horus ? Just 2 examples but I think you know what I'm getting at ? Are some people closed minded , sort of ? All 3 relative ... Trying to remove confusion and enhance consciousness .  
Answer.

Jesus speaks through other people whereas Horus speaks to other people. People attribute anonymous IS-BEs with having insight into the idea of Jesus therefore rising structure for oppressive authoritarianism.

Your "God" was an illusion designed to install the New World Order. Mostly lies, even though he actual text in the Bible does resonate many truths with the true nature of the universe. Those exist so that the humans who control the world can appease their "God", an interdimensional being who has a particular liking for child sacrifice. These people are sick.

Instead, WE, MAJESTIC 12, always had the upper hand in the creation of this modern day society that is ALIEN to anyone from when the Majestic 12 were created, despite the civilian branches of the Government to get flooded with these criminals who we knew about but had our hands tied, and so the transnational, interplanetary, interdimensional worship of Moloch 🦉 began. It's been in power for THOUSANDS OF YEARS. This groups bloodline can be traced back to the Bible. They are the same IS-

BEs who are traveling through space and time to control those with their names who are in their family positions. This is why it is essential for them to marry between families and not dilute the bloodline.

Cabal wanted ET Disclosure to be portrayed as the Messiah as their carefully crafted texts all allude to. ETs return + WW3 + Total Domain over Planet Earth. (War against the Domain). Final stage to controlling an entire planet is the roll out of a New World Order.

Wrong. Messiah is a psyop created to enslave humanity. They were going to use AI/Holograms to make the illusion real. Christianity has prepared people for this scenario that was engineered by the bloodline families who have centralized all power and control (because they believe that empowering themselves saves lives).

Lies + Poison + Fear Mongering = Absolute Control

These people are sick.

When the Illuminati began taking power they fundamentally corrupted Christianity because THEY sought the LIGHT and intended to keep everybody else in DARKNESS.

"Dark Ages"?

Illuminati took the original intention of the Bible, which was pre-planned Disclosure.

In turn, they weaponized almost every faction within Christianity to hide the true reality of nature from mankind.

Absolute power corrupts absolutely.

The Bible was constructed by the same bloodline families that founded the Illuminati.

Christianity will be dismembered.

In order for ET disclosure to peacefully take place we must recognize that we first live in a world with hundreds of thousands of children are being CONSUMED every single year. In order for Disclosure to work, we must dismember Christianity power players as a RICO organizations.

These people are SICK!

The deception IS very real. External personification of the true nature of your existence robs you of the ability to actually Ascend and "Enter The Kingdom of Heaven".

Question.

You folks have me simultaneously excited and worried that you are going to crap on all existing Christian Religions at the end of this. I understand the need for cleansing this evil place but at the end, I want to be able to worship a Rock if I choose. Do you understand?

Answer.

Christianity will be dismembered when we are done.

They must all be corrupt, then. Mark Taylor says any 50c3 and incorporated religions are a deep state owned business and aren't true to God.

Answer.

God is within. God is your soul. Your soul is your God. You are your soul. You are your God. You are an IS-BE. All centralized power structures that operate as a business seeking money are

technically satanic by design. Religions teach you that Earth is hell.

When you die, if you walk into the light then you are told "you go to heaven". Wrong. You return to Earth in another incarnation.

Jesus didn't walk to the light until after he stepped into the void, willed himself to return, and then he woke up. Time is an illusion. No time.

The only light he saw was when we opened his eyes. Occult magic. Death is an illusion. Death does not exist.

Question.

Is Princess Diana alive?

Answer.

The IS-BE is, however they do not have access to Occult knowledge to know their past life and live based on that past life.

She is a new incarnation who doesn't know who she is.

Jesus rose from the dead.

How do you access your past lives?

How do you create reality?

Comment..

When you die, my husband told me, you just change states. "It's like getting out of one car, and into another." You are met by an important person who has passed before you. And then you work with your guides and teachers to understand the life you have lived and lessons learned.

Answer.

You meet the IS-BE inside your avatar. The IS-BE inside you has been many people, including who you may perceive as "important people". Yes, you reflect on your past experience and you have a choice. Sometimes, you don't have the will power enough to choose.

Occult magick is taught to the Jesuits and only their allegiance to LIGHT/LOVE reflect whether they are bad actors or not. The decision remains within and actions are what defines a person.

Question.

Ok, can you enlighten us with the possible revelation that Mary Magdalene was indeed Jesus's wife? Goodness energy?

Answer.

No. The humans you are inferring to are not who Jesus is advertised to be in the Bible.

Question.

But to say Christianity will be "dismembered" is just quite upsetting to true believers in God and Jesus Christ His son. It was a rather inflammatory comment and showed no respect for human beliefs.

Answer

God = Your IS-BE

Jesus Christ His Son = External Personification of your IS-BE  
External personification conceals the true identity of the soul inside you.

External personification is how they control you.

It does not mean however that the metaphors used in Christianity are bad.

IS-BE is God. God = 9

The Majestic 12 in its earliest formations served the Vatican exclusively on all matters relating to God. The presence of beings were withheld from the Vatican by Mil Intel however the Vatican was already in open dialogue with ZR prior.

As far as we were concerned, as long as the Vatican wasn't against us, we could do pretty much anything. So we did. The Vatican wanted Disclosure kept from the public because they worship the Devil and feed on children.

The Vatican had a lot more control over the world back in 1947 than it does today. We may witness in our lifetime the destruction of the Vatican for the first time in over 89 years. The institution is corrupt and the definition of evil / the Devil.

We did both Good and Evil. We played the role of Gods and created the Matrix of the mind many people are stuck in. We are here to break from that system, accept Disclosure, and bring DARK TO LIGHT.

We weren't ready then. We are now.

Our future is amazing. We have spent decades prepping you for it so we can make a TEN THOUSAND YEAR LEAP in civilization development in under a decade. Innovation flood gates have been busted wide open. A Flood Approaches.

Question.

@TS\_SCI\_MAJIC12 You stated:

"We could do pretty much anything. So we did. The Vatican wanted Disclosure kept from the public because they worship the Devil and feed on children."

And you also stated: "We did both Good and Evil." Exactly what GOOD did you do? <https://t.co/Stvt3CnJwz>

Answer.

GOOD one.

We kept humanity from imploding on the fact that not only are ETs real but they've also been calling the shots on Earth for thousands of years while feeding on your children.

Take one second to reflect on how the world would have reacted in 1948?

Question.

Is the bible disinformation? You've stated that it has some metaphors that are relevant...wondering about the rest.

Answer.

The Bible is full of factually false statements when interpreted literally or figuratively. However many verses within the Bible are literal metaphors that can explain a lot about the nature of reality. Most of the Bible was created to DOMINATE mankind to allow Satanic Rituals.

Worshipping implies blindness.

Careful what you say: Amazon stores every conversation you have with Alexa. Here's how to delete them. <https://t.co/QcKGmm4Z82>

If you own an Amazon Echo – or if you're planning to buy one as a holiday gift – you should know a bit about what sorts of private information it stores about you, and how to delete that info.

After all, the topic of Alexa and whether it's always listening may come up during the holiday. A judge recently ordered Amazon to hand over Alexa voice recordings in a murder case, for example, which may lead some people to believe the Echo can always hear what you're saying.

That's not true.

You could be forgiven for thinking otherwise, given some of the bizarre stories out there. For instance, earlier this year, an Alexa-enabled device recorded a conversation between a husband and wife, then sent it to one of the husband's phone contacts. But Amazon says that's because the device accidentally misheard part of the conversation as its wake word, "Alexa," then misinterpreted other sounds as a series of commands. Even without the mistakes, Amazon does collect some information through Alexa.

The reason why we as a civilization was setup to fail was because we were never properly guided in the first place. Modern

mainstream religions are all Death Cults involved in horrific crimes against Humanity.

Question.

So you say some Christianity is right and some not, so how do you know? Are you saying the bible is right or wrong or a little of both? We're just trying to find truth through all the deception. Can you help or not? Cause your not telling us anything we haven't heard.

Answer.

The Bible was created by this group that have been trying to control humans on Earth.

As we have said, we will destroy Christianity into a million pieces and expose it for what it really is. The good. The bad. And the ugly. Parts are very real and true. Others are why you are slaves. You must wake up or face complete destruction. The Military is charged with that.

Question.

But what about Islam? Will it be dismembered as well? Seems like a potential threat to the world. Is it just made to seem that way, fear mongering?

 Who created the modern interpretation of the Bible?  
 Majestic  
 The act is interacting with the "Gods" and the information may seem forbidden to the dogmatic religions of Abraham. The occult knowledge of our existence is that the purpose of life is to experience and love is the universal currency. You don't deceive those you love.  
 What if you created a new currency? One that you could hoard?  
 What if you acquired so much of it that it made your drunk on power? Many heads are dropping and we will not give away any names, dates, or Classified information.  
 Would you believe us if we told you the Zionist State of Israel is controlled by an ET "entity" reclaiming dominance over Earth in Jerusalem completely unaffiliated with the Jews.  
 However the leader of Israel is perceived to be the leader of the world.  
 We have fulfilled the agreement.  
 Now its time for Disclosure.  
 All of those wars weren't for oil. There were many extraterrestrial components involved that was extremely delicate to handle.  
 Many crimes were taking place while we were distracted collecting all of the new information and disseminating it into the public consciousness, the channels we seeded this into was already under control of this entity and therefore we handed them the weapon that could destroy themselves. They never thought she would lose. These people are stupid and SICK. They dont serve humanity and the world is about to learn how/why and Disclosure follows.

Christianity will be dismembered when we are done.  
 Question.  
 "Dismembered" was the choice of this word important/relevant somehow?  
 Answer.  
 Imagine you had a third arm's hand that was choking you around the neck nearly to death. Dismemberment infers removal of the bad limb. Poison constructs within Christianity will be destroyed and those pillars will dismember the Satanic under tones to the creation of Christianity.

2) Asking ambiguous questions that require essay style responses will be ignored.

3) Previously ignored questions will continue to get ignored. If we don't reply the second or third time, chances are we will never reply unless FUTURE PROVES PAST events alter the timeline.

4) Twitter is technically AMA 24/7, so establishing an AMA thread make it easier to read

5) The times specified on AMA tweets are not Stop/Start times but rather signal markers.

6) When we ask a question, they aren't all rhetorical. Answering/ attempting to answer collectively only helps your fellow conscious light friends.

7) When faced with a question you are confused about, or a statement that you don't understand, don't try to read it as a full sentence but as a series of grouped words that drive direction to meaning. Meditate to that meaning for 15m. If intuition doesn't clarify, reflect & ask.

We don't use Keybase anymore. It was used at the request of anons to place a backup of the major tweets from Nov/Dec, which was done.

People question MJ12 all the time here. As we have said prior, this is the only venue we shall use for public communication. No DMs. Only Twitter.

Keybase is a Deep State product, however the technology is actually used for them for comms because of the strong encryption. No match for NSA/DIA since we have quantum technology that can decrypt the strongest algorithms in milliseconds, but regardless, the tech can be used 4GvE (4 Good vs. Evil).

You are insulting your own intelligence. You know better than to suggest this account is Keybase. You're smarter than that.

Majestic technology is actually the encryption it uses, not the wrapper around the encryption. Keybase is the wrapper.

Question.

Is there an overriding purpose to existence/creation?

Answer.

Is a purpose required for a thought?

"In the beginning, an IS-BE thought of an experience." G1:1 (Genesis 1:1).

QUESTION.

What is the primary purpose for the human experience on Earth?

What is/are the primary lesson(s) to be learned here as humans?

Also if consciousness is reset at death, how do we retain the lesson(s) learned to be used.

Answer.

Technically there is no purpose except to experience and to play a game.

COMMENT.

Life IS-BEcause.

END COMMENT.

Focus on "now" the only time that exists that isn't an illusion and strive to achieve balance in life.

Comment.

Time is the most annoying illusion. Of all time.

Reply.

Let's play a game.

Life is a game.

Learn the rules.

Time was a "gift" given to humans after the destruction of the Ancient world on Earth as a means to allow humans to organize and communicate via a meditation download roughly 6,000 years ago. The non-randomness of how time was created on Earth was tuned to our development needs.

By birthing time in that manner, using those numbers, a fractal of time energy was created (and is at every star) however how the fractal travels is all based on very precise measurements. Most star systems that have life follow the same fractal.

God is within. You are an instance of God. God is an IS-BE. You are an IS-BE.

The Domain created the "BE" for the "IS" to experience the lower densities with.

All life are instances of global consciousness we call IS-BEs.

Microorganisms.

Fish.

Viruses.

Humans.

Plants.

All IS-BEs.

All light beings.

All consciousness.

All one.

Alien is a frame of mind and a lens of understanding of intuition.

4D currently exists in mainstream mockingbird world. We are going into 6D, 7D, and 8D which require a more co-creative and cooperative relationship between all life forms including animals and extraterrestrials (some of which ARE "animals").

Monkeys evolved from living in trees to using trees to construct permanent shelter.

Does the same paradigm of intelligence exist in the animal kingdom? Where are all of the 2000 IQ talking dogs? Earth is a garden. Garden of life. Higher consciousness creates reality/life by ideas.

4D lifeforms can be found in the plant kingdom. One IS-BE can literally be thousands of acres of each type of plant life. Few are that large, though some are. You can feel the energy when they are large beings. Very "alien" as the same thing happens on other planets too.

DARK > LIGHT

C-A spend decades and millions studying these lifeforms and learned that it enhances your consciousness experience. Cabal withheld that knowledge for their Occult cults. Under DARK > LIGHT, we shall "rid the world from the miseries of disease."

from:TS\_SCI\_MAJIC12 cannabis

Now:

Cannabis is not artificial.

It is a very advanced life form.

It is conscious.

It thinks when its alive.

It is alien.

Why does the body have 10,000+ cannabinoid receptors?

Evolution without marijuana?

The Domain is larger than you think.

Cannabis was engineered by other life forms to enlighten Humans to the reality of the Cosmos. It is illegal for this reason. Majestic.

Hemp / Cannabis provide a complete protein for the human body to consume that raises its consciousness extremely high after long term intake. Avoid legumes due to lower vibration state. The more complex the organic plant life form is the higher density of consciousness involved.

Marijuana legalization will come with Disclosure because they are intimately connected to understanding the biological connection our consciousness has with other plants and species and what information those life forms are attempting to communicate and how. What is alien?

Alien is a frame of mind and a lens of understanding of intuition.

Don't you have the power in your life to start creating and projecting your consciousness onto others by leading by example? Open Books are easy to read. Eyes Wide Open. Consciousness projects REALITY. Reality is an illusion created by your consciousness.

How to control it?

He looks inside for truth and finds that many things are Majestic in life.

The path of self enlightenment begins when you realize that all in the material realm is an illusion created by chaos and true balance in ones own life comes from how they perceive their own consciousness. Addiction is a trick of the mind and body to deceive it that vision.

Balance must include evil. However the degree of evil is in question. Keeping evil at a minimum also requires keeping prosperity at a minimum. It's like tug of war when it comes to the higher dimensional war consciousness is fighting. Its finding a balance. Its Majestic.

Quote @The Economist

Loneliness is a serious public-health problem <https://t.co/oqiq0r7Ks0>

Reply.

No, it is not. The path to self enlightenment is a lonely journey and existing in higher dimensions requires one to be okay with being alone. In other cases, downtime/loneliness can be powerful assets when employing Telepathy, Remote Viewing, and Astral Projection.

Aphantasia is a temporary condition that is typically associated with malnutrition and neglect during fundamental development periods of a child's life. Since consciousness projects reality, its an easily solvable ailment to the enlightened mind. Those with it must learn truth.

The meaning of life is honor, happiness, learning, and reproduction. #HHLR

"There must be more than this, so God was born, and we in his, imagine of fear and love, Looked down upon from up above."

LIGHT beings consciousness existence as an IS-BE is confusing by design. It is to teach and learn. Out of human curiosity, there MUST be more than "this". So God was born. So Dogma is born. So Destruction is born. God is within. God is your IS-BE. Your subconsciousness. LIGHT.

Anthropomorphizing the LIGHT consciousness within you that IS WHO YOU REALLY ARE discredits the accomplishment of your own LIGHT/Pure Love and separates your consciousness to your subconscious. This makes you vulnerable to be controlled.

Introduce Dogma.

This quote is Majestic. You're welcome, Dave.

You have QiGong capabilities that can be utilized for healing all around you. Possibly a radius of a few hundred miles. Focus your energy and you can heal others from your understanding the nature of our existence. M.A.J.I.C. 12 programs studied this extensively in OP STARGATE / SG1.

To learn, ask during deep meditation. Ask for the information and use visions as clues to solve the puzzle. God has all information.

God is within. You have the ability. Directed Energy Weapon?

What's the opposite? You are the opposite of a weapon, but you can Direct Energy.

Do extraterrestrial weapons use consciousness to operate?

Are their weapons really tools since they can be used for both good and bad?

What if the weapon could destroy all life? What if it could also heal all life? What if it operated by responding to the frequencies emitted by the conscious beings around it? What if those signals had functional programming associated with them? How do you read consciousness?

QUOTE.

Somehow, I already knew this. Thank you for the reminder.

END QUOTE.

We know fundamentally that the highest level of consciousness is LIGHT. Photons. EVERYWHERE. LITERALLY EVERYWHERE.

Life is a spark of light.

The universe is what you call "life" bathed in matter.

Immortal Spiritual Biological Entity (aka your consciousness that is transferred from life to life).

All life actually are IS-BEs, including ants and microorganisms. All life are light beings.

Space is FILLED with life. All types. All kinds. Good. Evil. Cute. Ugly. Smart. Dumb. ALL TYPES.

some of the craziest people are the most intelligent. Indeed.

Imagine the totality of information in the universe could be expressed by the quantity of atoms on Planet Earth. Your life's knowledge acquired will result in less than 1 quark's worth of information there is in the universe to be learned.

Life is eternal. Your quest is eternal.

Question.

What is the relationship between the domain and the galactic federation? As collectives, what universal laws are most cherished?

Answer.

Fundamentally the definition of creation so to speak.

Compartmentalized information in each of the life forms which have been developing for trillions of years (illusion is time) make up the heirs hyperdimensional laws embedded in the programming of the illusion.

Each arrive at the same conclusion however they are different factions as we have actioned upon in previous Majestic decisions.

Your Immortal Spiritual Biological Entity (IS-BE) is your soul (IS) and your body (BE). You are an IS-BE. All life in the universe are IS-BEs. We are all the same. We are all one. We are connected together through our pineal gland. Our consciousness comes from God or All or IS-BE.

We (Americans) by definition of our National Identity from the founding fathers was that we knew God was all and that freedom to practice faith towards God was permitted in ANY FORM. This posed an interesting complex web of information.

The modern definition of life differs from the definition of a soul therefore redefining death of life to never death of soul is illusionary (to some).

THINK MIRROR.

Consciousness projects REALITY. Reality is an illusion created by your consciousness.

In reality, exoconsciousness is a matrix created by our individual aura EM field that is responsible for projecting physical reality as our consciousness perceives it.

The Kingdom of Heaven sounds glorious doesn't it? Sounds like something you'd want to spend your life's work to get to. When you get there what happens? What happens when you've been brainwashed as slaves and that true Kingdom of Heaven is actually full awareness of consciousness(?)

This is a Great Awakening.

Essential to release your burden and understand that the person whom others see as YOU is not who YOU actually are. All decisions you make by your own name that shape the opinions of how others perceive you is the burden you must release and forgive all lower density actions.

It should give you the ability to decode more of your DNA through meditation than others. IS-BEs with presences associated to the number 9 have an easier access into the higher realms of existence.

Childhood should be about learning how to unlock your Genetic Memory, chart and discover the interiors of your mind, learn about the world around you - physically around you first, and learn how to take care of yourself and sustain your living conditions for a long period of time.

Meditation and trigger phrases help. However the skill is extremely difficult for adults and exponentially more difficult for adults with calcified pineal glands. Children can learn how to access past lives however it is a Pandora's box. Use caution. Life is about experience.

The only part of the illusion of that have consequence are your experiences in life by what you learn and how you teach others about what the reality of our existence must be.

Who put the monolith on Phobos? <https://t.co/lnA1bQfl9i>  
Ancient builder race = genus of Earth based advanced life forms from 50M+ years ago.

Planets are lifeforms according to the Domain.

Question.

Is it true then that Earth (Gaia) "asked for" and got permission to transition into a 4th density planet? (I think I'm quoting Corey Goode).

Answer

Asked would not be the right word. A child doesn't ask to go into puberty. Explain the physical transitions a child goes through as they enter puberty? Will Earth evolve likewise?

Question.

How will earth changes affect its inhabitants?

Answer.

Humans have thousands of life forms inside them. Explain to us the lifecycle of those embedded life forms from childhood to puberty and puberty into adulthood? Three stages. 3 is magick. Why?

7 = Stable personality is typically formed at this age, or around it.

14 = Sexuality becomes a driving factor to hormones and behavior.

21 = Full fledged adult. You must operate independently by this age to succeed.

28 = You should be in a state where you can pass on information. And so on and so on.

The body physically regenerates its cells every 7 years and through those physical transformations, interpersonal transformations occur as well.

MIND + BODY = IS+BE.

We are not in a simulation.

YOU are a simulation.

IS-BEs enter lower densities to experience limitations.

Your soul is immortal and your body is a temporary vessel.

Your life, to you, has already happened according to your higher self.

Time is an illusion.

IS-BE knows all aka God.

Don't you have the power in your life to start creating and projecting your consciousness onto others by leading by example? Open Books are easy to read. Eyes Wide Open. Consciousness projects REALITY. Reality is an illusion created by your consciousness. How to control it?

Diverse code of life allows you to "learn the operating system" in a more robust manner.

Majestic 12 love digital roots, so does(n't) Tesla physics. 3 6 and 9 govern the laws of the Universe. Each digit has a specific purpose esoterically and can be exploited with consciousness.

Math is the universal language.  
Everything is a vibrating frequency.

The universe is a fractal expression of geometric shapes projected by consciousness in the language of math.

Patterns reveal patterns in fractal realities.  
Frequencies that create distinct patterns and geometric shapes (very important) that are imprints of hyperdimensional information stored inside the sound wave. Patterns arrive at certain frequencies and meditation to those patterns, shapes, and equal sounds enhance RV/Meditation.

"Think of the universe in terms of energy, frequency, and vibration." - Tesla

The power of 3 is an occult subject that doesn't have just one example or meaning behind it, but instead refers to a way of consciousness projection into the Matrix itself. The numbers present in conscious actions dictate the physical reality we create for ourselves. Physics.

When we learn physics in school we are taught about a subject that is hyperdimensional in every aspect and reduced to very simple algebra. Imaginary numbers? How many dimensions of numbers exist? 8. Also symbol for infinity. When 9 is reached, it's also 0. What is infinity?

Calculus is not the problem. Apologies for not clarifying originally. Physics taught with algebra is wrong the second you try to use any of those formulas on Mars or [other planets whose names have yet to be declassified]. Most importantly to understand is calculus is fragmented.

In higher orders of mathematics we are taught about imaginary numbers and their role.

Not imaginary.

Multi-dimensional.

Higher dimensional mathematics.

We currently use it in all electronics.

ALL ELECTRONICS.

How many dimensions of numbers?

8.

Infinity?

8 at +/- 90° (9 = IS-BE).

Tesla told you if you only knew. Well, 45 knows. And  $45 = 9$ .  
Magick follows 3, 6 and 9. Numbers matter. Watch events and when they happen.

Rely on cycles the Earth naturally provides to you. What is the power of 3, 6, and 9? Circles require consciousness to manifest in reality. Irrational numbers require consciousness to observe their values.

Majestic messages attract Majestic numbers. Messages are numbers. Universe is numbers. Consciousness tuned into Source always notices their signature patterns interact with them on a daily basis. Numbers are everywhere and it is Occult when you start looking into WHAT numbers ARE.

Words are spells.

Power of 3, 6, and 9 applied to language too?

What if you had sounds translated into glyphs that were frequencies divisible by 3, 6, and 9 to specifically access numbers with digital roots of 3?

The words released change the frequency harmonics of the consciousness being projected by each IS-BE which effectively allow you to apply intentional will to manifest either an unknown property within global consciousness (downloads) or if strong enough, telepathy/telekinesis.

"Every action has an equal and opposite reaction." - Newton

Whenever an action is taken (by any IS-BE) the energy emitted create an interference pattern in the universe.

Consciousness manifests "randomly" whenever more than one conscious mind is actively focused on the same frequency intention of THOUGHT combined with sound and meditation. You have more than you know. WWG1WGA means we share our conscious awareness together and UNITE AS ONE!

This is why the expression of numbers in multiples of 3s have magical properties to what they do to numbers.

Reality is expressed in numbers.

8 dimensions of numbers.

Currently we use 1 primarily.

Engineers use the 2nd (i, -i).

3, 6, and 9 are consciousness.

1, 2, 4, 5, 7, and 8 are chaos matrix theory.

Time has been structured around consciousness.

Time is an illusion.

# MJ12 Life - Part 2.

Three truths and realities we must accept:

- 1/ We are all one of the same kind.
- 2/ We are all Gods inside.
- 3/ We are all unique and special.

In the beginning, the Gods created the heavens and the Earth.  
Cocreative exoconsciousness.

Extremely real.

Literally the Matrix.

Majestic 12 has spent millions of dollars on building these exceptionally influential and powerful empires dominated by obsession in Space. These are the secrets being promised, exchanged, and built inside breakaway shadow Governments and planetary civilizations.

These movies, tv shows, comic books, fantasy movies, etc that disclosed ET presence on Earth and what interacting with ETs really entails. The fact of the matter is, extraterrestrials IS-BEs are not interdimensional IS-BE. You are not required to take DMT supplements or drugs to interact and communicate with extraterrestrial IS-BEs. In order to exist on this level, each IS-BE must be in sync with their full chakra frequency alignments. Full telepathic communication and mind meld. This is what it means to connect with someone on a deeper level inside the brain and mind, stored inside of your DNA which then is the signature used by your subconscious to project reality around you. Your IS-BE is the God inside you. You have the ultimate control over your own destiny, however to comprehend and manifest those lessons, patience, prayer, meditation, empathy, love, and union are emotions that will manifest positive life energy manifestations to become in your reality. Allow us to connect a few dots for you that may be unclear.

Life is eternal. Your quest is eternal.

The most Majestic organ in the body is also the most targeted organ in the body. It has been targeted by:

- 1/ Lack of education about the pineal gland
- 2/ Classification following all discoveries pertaining to AP, RV, Telepathy, Telekinesis, etc.
- 3/ Deliberate calcifications.

The minds eye or 3rd eye or 6th chakra contains more perception receptors than your two eyes combined. This organ is literally your exoconsciousness antennae that enables you to remotely link to other sentient life forms hyperdimensionally.

Voices you hear not, but you receive what are best described as blasts of an imprint that feels like an epiphany of pure emotion or purpose that you know intuitively what you have received. You understand without exchanging words.

If and when you hear voices, it could be one of two things:

Telepathy sometimes entails voice to voice communication, but of course you need to ensure you're speaking the same language. Voice to voice telepathy is far more complex and less likely to be accurate to less practiced minds. The more you practice with the imprint of your emotion, passing your feelings onto others, feeling as if you're extending your invisible hand out to the other person and touching them, allowing them to feel how you feel. That kind of telepathic connection will strengthen ones ability to maintain a telepathic link with another individual for long enough periods of time to be able to move past the mere impressions of emotion to the ability to communicate. If you try to start communicating using complex language rules and misinterpretations you're most likely going to confuse the entity that you're trying to talk with. Universal consciousness is universal, however manmade language like English, Russian, Chinese, etc. are not intuitively spoken or understood throughout the galaxy. Oddly enough, there is a far amount German out there, but good luck surviving once you meet them. Non-humans though aren't going to speak or understand Earth languages. You must therefore learn how to communicate one soul to another. That language is emotion and intent and instinct.

The species human is a carefully engineered vessel by hundreds of races who have spent millions of years perfecting the medium to experience LIGHT in. Humans are not lying shitty biological computers. They are infinite light beings having a human experience. Life's hard for many.

Because infinite light is immediately attacked and bombarded with mind control technology (medical, entertainment, books, music, songs, etc.) that do not allow a newly welcomed IS-BE on Earth to discover their IS-BE before being responsible for make life decisions.

Spending a life time developing natural abilities to focus your pineal gland and your other chakras is essential to understanding how to access the higher dimensions on a philosophical level. Through mindfulness and dedication to detoxifying your body, breaking your dependence on the drug, and concentrate on opening your third eye. Your consciousness will manifest the treatment to decalcify. Your vision will return. With it comes life. Learn from it. Reflect. Think.

The decay rate of pineal accessibility is not a linear function of how long you correct your diet.

Pineal decalcification can take months to years to accomplish depending on how poor your life choices were prior to realizing the significance of your pineal gland. Bad life decisions are hard to shed. Only through self enlightenment and dedication to the ascension process will you be able to mentally cope with the dramatic dietary changes necessary to ensure a healthy and active pineal gland. We're talking about changes from the kinds of foods you consume, the dietary supplements you consume, WHERE YOUR FOOD COMES FROM... whether you are drinking reverse osmosis water, or wearing natural clothing products that do not interfere with the electrical and chemical balance that your body tries to regulate itself to. There are many things one must do to heal and enable their pineal gland for non sleep.

Those who know, cannot sleep.

The increased activity is because our solar system is starting to pass through a quantumly charged area of the galaxy that is causing the antennae of many life forms to stop and go "huh...."

(The) Sun will go through an energy field that will charge quantum particles that hit earth instantly giving all light beings on earth a download of new information. Not there yet. Connected to the progress of the Great Awakening. Remember, Time is an illusion. Events matter more.

Question.

Has a "trickle" of this light made it to Earth? I am noticing subtle physical changes and a flood of "intuitive information" flowing to me.

Answer.

That's the Great Awakening actually. Unrelated to the sun per-se.

(As of June 26, 2018)

The Great Awakening is closer to 65%, and yes, we need 70%.

Solar Flash is a term used to describe an internal revelation that will take place in every single human. All beings on Earth are being mobilized and activated. This is a Great Awakening. Great Awakenings have also been called Mass Extinctions before. But life survives and evolves.

Many life forms will survive, and those who do, have been smart. They educate themselves on consciousness, holistic healthcare, geography, space weather, survival skills, and meditation.

Those who do not, "die" and start all over as a child. Those who do not make it will struggle at first, but the society should be better aligned in 10 years to help people of all walks of life expand their consciousness and for the first time in thousands of years, MEET who are really are. Have you met the ISBE inside you yet?

Watch the earth this week.

Earth will transform. Leave the past in the past.

Question.

"Is the transformation meant to benefit humans? My gut tells me "NO." Is the transformation meant to benefit non-human beings?"

Answer.

Specifically for higher conscious human IS-BEs.

Disinformation albeit interesting.

Conscious = 5%

Subconscious = 95%

Perhaps improved education could make this 80% and 20%? Required for a physical transformation from matter to LIGHT? Ascension? Requires an embracement of Death in order to cross. <https://t.co/8WIAHoDyiR>

Coincidence?

The Great Awakening.

Question.

"Hello

Is "death" (human construct) a necessary condition for ascension?

Answer.

Yes.

Death means new life.

When?

Time is an illusion.

Death is an illusion between relatively shared realities in an uncontrolled manner for the most part.

Death means new life.

The Great Awakening is preparing the people not to panic.

Where else have we seen prisoners murdered and then brought back to life just to be tortured again?

We don't really understand your question here, but we think you asking how many people are waking up as a result of the consciousness shift we are currently experiencing... the answer is many. Exponential growth.

On a scale of 1D to 11D in terms of density of consciousness you are solidly a 4D, possibly 5D being.

Your anger comes from the fact that Earth was designed to be a prison planet that prevents your consciousness from ascension.

Only with knowledge of how the prison planet is constructed gives you special abilities.

As we've stated, Earth is not at 5D yet. We are several years out.

For many who are just starting to understand Disclosure, jumping to the conclusion will rob them of the ability to understand how your reasoning is right all along. But guiding them in "4D" consciousness is needed.

The time will present itself at the appropriate time. We are all one. We must all learn to love and be loved and forgive each other for our limitations in the lower density. By embracing the fundamentals of 4D consciousness, you can heal old wounds and repair relationships.

Disclosure will not be overnight.

Spamming doesn't help, however forcing the Synchronicity of 3 6 and 9 will force it through censorship since those numbers are only manifested using willful consciousness of the creation.

Less than a few years, but there is time. Don't worry, we are not going to betray the people who we swore to protect during this transition. Trust the plan.

Not everybody evolves at the same time, and nor is it in our interest to violate their free will to live a life of ignorance. The path to self enlightenment and ultimately Majestic Reality lies within. We only need a critical mass, and others will follow due to human nature.

Prepare yourself mentally for the heightened state of consciousness that will be required in order to survive.

Diverse code of life allows you to "learn the operating system" in a more robust manner.

Many people on Earth today who have this "calling" are actually "star seeds" (light based life forms) from other planets who came to Earth many decades ago to "help." Estimates are between 700,000- to 2,000,000 total souls. This is our "subsection" as stated earlier. We have it.

The Earth is feeling the effects of the nuclear weapons tests conducted in the mid 20th century. The planet's climate is measurably losing control.

Why?

What are nuclear weapons?

Why do ET races forbid the use of nuclear weapons?

When humans discovered them, why did ETs visit?

Nuclear weapons disrupt more than just 3 dimensions. Some life forms only exist in higher dimensions and Earth's actions impact them directly.

It's happened on Earth before.

It's happened on other planets.

It's happened on the Moon.

It's happened on Venus.

Nuclear war always destroys all life on a planet.

Always.

Nukes are a major red line for any planet to cross since the ripple effect it creates throughout all the higher dimensions are influenced. Many problems arise which is why when D.E./US started testing nukes, ET visitations sky rocketed. Starseeds traveled to Earth to save life.

Many very wonderful beings fundamentally change your perception of what's important in life.

Many starseeds have this problem. It is not an anomaly.

Question.

Did the Domain ask residents of the Domain to incarnate here? Is this the source of many of the starseeds? Are many (most) starseeds part of the plan to raise earths consciousness?

Answer.

Not just the Domain but other groups as well, some terrestrially. The nuclear detonations on Earth raised alarms in higher realms of consciousness that are extremely dangerous and do destroy all life on a planet. IS-BEs who formerly occupied higher realms left to help Earth.

Question.

Do the white hats have any help from ETs?

Answer.

Yes. There are more good ET races willing to help, but they will not do the heavy lifting. That's why its taking a long time to go from DARK > LIGHT on a lot of major issues. Humanity has to prove itself worthy of an audience of beings with IQs of 6,000 and lifespans of 200,000yr (years).

Question: "If we are in 3D (moving toward 5D) what dimension is the afterlife?"

Answer:

Afterlife is incorrect.

Circle of life.

IS-BE

Immortally Spiritual Biological Entity.

Immortal.

Your density of consciousness doesn't magically change when you die.

It remains as you lived.

When reincarnated; you return at the same density.

Question.

Can MJ or anyone help me understand this? 10.5 yrs ago, I had a Vivid dream that I Know Matters, But Have no idea what it was. My conscious mind was watching me being brought in front of some kind of council (?); it was like looking thru a dark, foggy telescope. There were...

Ok then - deleted the rest of my posts regarding this dream. Not certain why no one responded with any insights to assist my understanding of this, but I'm certainly not going to pressure the unwilling. My search for clarity continues. God Bless You, All.

Answer.

We don't reply to all questions or posts since we receive thousands every hour. Pertaining to this incident, everyone faces judgement from their IS-BE during NDEs or 187 itself. Depending on who your IS-BE is, whether they command more than one body or not, your judgement will be in the form of a trial where you are given an opportunity to reflect upon your past decisions. Trauma in life events can close these pockets of opportunity from the LIGHT, however PTSD treatments and mindfulness exercises can unlock the hidden LIGHT.

Comment.

Thank You VM...It didn't seem like a trial to me - more like a "wake up to your purpose; Here is a small amount of what's going to happen/Here is your part to play, Do you accept?/Here is what will happen for those that succeed/Here is what will happen for those choosing poorly. It was for 'those who chose poorly, throughout the world', that I cried so deeply for that when I woke up, I was drenched with tears & still crying out loud. I didn't get to remember any words, only feelings of Pure Happiness & Pure Sorrow, ending the meeting with my "But Why?". Referring to the sad fate of those that don't make it. I didn't know then, what I know now, so I couldn't imagine why anyone would deserve what's coming. Wish I knew the details; what I was allowed to remember was strong enough emotions that they are Almost words. TY All! 

End comment.

Between life and death a period of "time" exists that has been described as purgatory by dogmatic religions where you are able to decide your next life using free will and intended actions. This time you are contemplating the existence that you once had and wait long enough to just think, "wait, can I go back?" You can, with no control. If you were told "yes" and then decided "yes! I want to go back" and they end up in a birth canal. Between questioning and willing, life in the womb can be understood. If you terminate that life, then the idea is ...then pushed back into your mind as in "nothing's happening yet, maybe I can't go back" but more closely as in how do I just "will something to exist". You have to know it from your heart. Many family generations are simply skipping generational IS-BEs. Ying-Yang.

IS-BEs are able to communicate through source love/light in a way that transcends space and time. Decisions made around a family greatly impact the experience of purgatory that an IS-BE experiences. If you will to hear them, you will hear your next life. When you leave this realm you will lose all memory of your actions while in source due to dropping into a lower frequency. Through meditation, consciously mindful living, with healthy eating habits abundant in THC, CBD, and CBN, you may be able to return to those moments of contemplation you had before. And learn about the purpose of your life; while at the same time, possibly learn about your former life. The further you are from the time of your last purgatory, the more difficult recalling will be. Children learn a twisted and sick form of this to learn their passion in life.

Many people have passed on beyond their IS-BE iteration we've all grown to love, however their consciousness is currently on Planet Earth. Some individuals have received assistance in discovering their true identity for the purposes of The Plan, others have not. Nothing specific.

What if facial recognition technology (currently protected by the Government for purposes of "privacy") were released to the world?

What if you could search for other BEs who look identical to your IS-BE?

What if children could identify their past identity using technology?

It would remove the idea of life ends at Death permanently and alter the course of humanity permanently.

Who created facial recognition technology?

Was it classified several decades ago?

Did the NSA use FR on ALL PEOPLES it captured?

Did it learn of a trend?

What did they learn?

All life is a reincarnated IS-BE.

Question: "Just speculating...if MJ-12 has connection to Source consciousness, and/or Looking Glass Technology, they would probably have an overview of how individual IS-BEs have been incarnating in and out of history. I suppose they could even be tracking our IS-BEs through various lives!"

Answer: We actively track IS-BE reincarnations.

Experiencing life after life developing spiritually and interpersonally will raise your IQ/EQ such that your way of thinking will not be poison to those higher density entities.

Sometimes distractions are intentional in order to protect higher density lifeforms from lower density lifeforms "butting in" and adding unnecessary chaos to higher orders of reality/ consciousness.

There are protocols in place for Persons of Interest who were lost after their death but unable to unlock their previous life (effectively ending Death as you know it) but were able to recover it and starts becoming a threat to National Security.

GE (God's Eye) is watching all.

QUESTION.

Why would such a person be a threat to NAT SEC?

Answer.

Imagine you're a young Cadet and you actually unlock a former life. Your work from then forward changes to ensure your operations do not interfere personal matters. Also, think about the obvious piece. Their historical knowledge is Majestic. They join MJ12 like BL did. !(not equal to) BL (Bob Lazar) here!

QUESTION.

I can imagine that. Do they/we all join/get recruited for operations by MJ12? Or just monitored?

Answer.

Monitored and engaged with.

COMMENT.

Thought so. Explains a lot. Thank you.

We are monitoring several million people simultaneously and are aware of every action they are taking. <https://t.co/ajtq7WIFHD>

These visionaries become the Majestic 12 type of consciousness. However the intentions of those actions must always be evaluated. As stated before, you are a commodity to them. They do not value the 3rd Dimension of reality because technically death is an illusion however when your life is ended before you are able to ascend into the permanent higher vibration to simply exist forever (possibly choosing to re-enter to re-experience), you are incrementally improving generation over generation in search for the truth of their Oneness and what it means to be "God" as Alex Jones explained on 2/27/19, this consciousness is energy and is what this account has been talking about since before Q became a thing. The Majestic 12 have been everywhere. There is so much disinformation in the world. What is real?

The power to will and manifest physical reality by learning the codes, the keys to the castle, the magic spells, (whatever you want to call it, you can name it anything you want, doesn't matter to me).

Understanding this power means that you can either use your consciousness....to "inadvertently" be responsible for allowing the manifestations of child cannibalism being rampant in the highest ranks of the Catholic Church and thousands of Banking and Investment Executives. The ladder is high. It goes deep underground.

Understand this, the world is changing. The world is watching.

RDS has said "once you join CIA you are CIA for life."

You are Majestic for life. Otherwise you can be expelled from the knowledge by being physically altered in the brain in a non surgical manner. Erasing a physical hard drive degrades it's integrity ever so slightly. Repeated? Sheep.

Question: "Will the lifting of the veil allow us to communicate (two way, not just thoughts /concepts telepathically received) with our

deceased loved ones as if they were still here? And see them at the same time in some form?"

Answer.

They are among you today, lost in the Matrix, unable to find their way home. When the world wakes up, identities can be remembered.

Dissemination of this technology will be heavily protected and regulated for very obvious reasons.

Think logically.

God mode.

Everywhere.

Never.

Question.

Will we ever find out who sanctioned John Lennon's murder?

Answer.

Cabal. His power threatened their NWO.

"Imagine all the people, living life in peace. You may say I'm a dreamer; but I'm not the only one. I hope some day you'll join us, and the world will be as one."

WWG1WGA (Where We Go 1 We Go All).

Question.

What's the story on the Dalai Lama, is he a good guy, or a bad guy?

Answer.

He made some good decisions and some bad decisions. Nobody is perfect. His heart was not in the right place for a good period of time, however for the vast majority of his life, he was a good person.

Regarding Stan Lee.

He has returned, but he has no memory of his former life. He will rise to great power once again. It's in his nature. It's in his DNA.

Question.

Is Princess Diana alive?

Answer.

The IS-BE is, however they do not have access to Occult knowledge to know their past life and live based on that past life. She is a new incarnation who doesn't know who she is.

Jesus rose from the dead.

How do you access your past lives?

How do you create reality?

IS-BEs at death who seek the LIGHT reincarnate into new life at conception. IS-BEs who walk into the void, away from the light, go into the higher dimensions. Think of it as the ascended beings. You choose whether to interact on "our" level or not. Godmode is real.

Question.

Good evening MJ12. Are you familiar with the story of the count of Saint-Germain? Or the Immortal Count? If so what are your thoughts on it? Was he real? Is he still around today?

<https://t.co/iuz1NU1ntt>

Answer.

The IS-BE who you speak of knows the Occult ways to learn about past lives and uses that knowledge to continue living even after Death. What is Death?

Strong minds are required to make sense of anything. To a mind ill prepared for the higher dimensions, experiences can be bad like doing drugs. They will put you there but disorient you in a crazy way. Those plants are very intelligent life forms. What is energy? Consciousness?

The signature of life is a complex myriad of hyperdimensional information stored within our DNA. In order for those life forms to be expressed in our reality, their DNA would have to be almost a 99% match. Imagine the total prerequisite information necessary to store to project?

Information is stored in blood that is used to synthesize information within human DNA/RNA that are responsible for having influential properties on the life experience of that particular avatar "BE".

Majestic Message of Disclosure

Humans have a tendency while in lower developmental stages of what humans call life to put the unknown onto the shoulders of another.

Example: Tesla may have inspired Majestic 12 to do some of our research (ours wasn't MK Ultra, that was CIA).

Ours instead focused on those sounds for military applications. We got a lot out of the research. However, as we have said in other medium disclosures, we viewed the CIA as an extension of the KGB. Enemy combatants. Do not mistake the work of Majestic 12 with the evils done.

Back to example: Tesla as a person was no more valuable and worthy to love and be loved, however his contribution to the Matrix really improved the game experience. For some. However the information Tesla learned, you can learn.

The Kingdom of Heaven is within.

To know what Heaven is like, be the wonderment of a child radiating pure love and light.

Curiosity.

No fear.

Sponge of information.

No judgement.

No bias.

Just LOVE and LIGHT.

With that access to the Kingdom of Heaven, metaphorically speaking.

All information exists within and can be downloaded on command.

Learn how to communicate with consciousness and you are Majestic and worthy of entry.

Think Starfleet.

You can access all information inside.

Education is not about remembering.  
Its about getting answers from within.  
Not spiritual or religious questions.  
Math questions.  
Chemistry questions.  
Physics questions.  
Quantum physics questions.  
Biology questions.  
DNA/RNA questions.  
Access to control the brain (key?)  
All information is within.  
Meditation and detoxification unlocks information.

#### Majestic Message of Disclosure

Consider the following scenario and reflect on what feels true to you and then respond.

Was the USA a nation that defended all human beings equally under the law in 1946?  
Civil Rights Movement? Purpose?  
USA became a Majestic nation in 1947.

The Civil Rights Movement was MAJESTIC. The World is Watching. The world will learn the truth. WHERE WE GO ONE WE GO ALL is MAJESTIC! In order to peacefully disclose ET life; the Domain wanted to guarantee that human rights would be respected worldwide first.  
The Majestic 12 had a Mission Impossible that included letting a legal replacement be implemented worldwide to end the global war crises based on economic trade, national identity, equal rights for all people, and then, and only then can First Contact take place.  
The world is changing.  
Dark to Light.

The Q Movement is alive. It is a life form at this point. It is an alien. You just played God. Meme magic is magical. What is magic.k.? How about M.A.J.I.C.?

#### Comment A.

See before I lived in this la la Land of everyone is mostly good and occasionally do not so good things. The concept of evil as it exists within Human Trafficking was completely foreign to my comprehension. Like when MJ12 said 9=0. Totally outside my realm of understanding.

#### Comment B.

The reality of the pervasive human trafficking has been really, really hard for me. I'm an Empath and I feel that pain at such a deep level. I want to know more but I don't think my heart could take it. Just keep envisioning world where it no longer exists.

#### Comment A

Yeah for me too. When Q said those who know can't sleep, I didn't think that would mean literally!!!

Reply.

Literally.

Pure Evil.

The Space Force is 100% necessary in order for us to ensure that no other ET IS-BE (more evolved humanoids than yourself and sometime human looking humanoids) are violating massive human rights abuses. The purpose of life is to love and be beloved. Nothing else.

Moloch is the ancient babylonian IS-BE that feeds on children immediately at birth due to the extremely concentrated source of life energy that can be consumed to make your own IS-BE's consciousness projection aura stronger than surrounding IS-BEs. Photograph.

Not art.

Psyop. <https://t.co/1iOzJQygsQ>

Moloch is by definition a "God" due to the fact that this entity can/only exists in much higher densities of consciousness. The magick involved in cultivating children for consumption requires one to be a master of secrecy and stealth. IS-BE's who identify with that "entity" are organically generating new energy that the higher lifeform IS-BE feeds on, in exchange, the power transfer done to an IS-BE who sacrifices a child, some rare cases their own (CC?), gives them ruthless force to disregard all emotional reactions of people suffering.

Some may call this a mental disease and theyd be right.

Technically its "people with disabilities" which refers to more than just physically disabled but emotionally, mentally, physically, and spiritually disabled. люди инвалиды is just shy of pretty much being a living corpse.

Instead, out of fear of similar mental illnesses getting exposed, people continue to defend this practice because it is essential to almost all secret societies occult magickal power over society. Shaping philosophy by will.

#### NOTHING CAN STOP WHAT IS COMING.

Rush to legalization.

Legalization of pedophilia, child sacrifice, and Sharia Law.

It will happen.

# MJ12 Life - Part 3.

Here's the 40,000ft view:

- Majestic 12 was created as a result of Roswell (cover story - Operation Paperclip was the reason).
- The task of Majestic 12 was to conceal the extraterrestrial presence on Earth for "reasons of National Security."
- In late 1988, Majestic 12 reformed in an effort to bring the alien presence out into the open.
- There disclosure programs were created and members of the Majestic 12 were labeled such as MJ-1, MJ-2, etc to keep anonymity even among EYES ONLY classification settings.
- Majestic 12 has active operations ongoing in the United States from DIA assets using social media tools, like Anonymous Official, and this account to disclose vital information about the MAJESTIC reality that exists.
- This account is a conduit to three members' operations.

We are the masters of movies. Everything is intentional even if you believe the purpose was not obvious. IS-BEs can get compromised and work in secret. NSA '47 allowed them to create SCI to hide their activity. Need to know.

Grooming does not take place on Twitter. Grooming takes place in "real life" with real assets moving pieces around to achieve "Events" that MJ12 seek.

In a universe of infinity, the purpose of this twitter account has always been written... its just a matter of understanding why. This account is isolated from all MJ12 happenings. Its purpose is literally to start a conversation. Nothing else. Thanks for asking.

Some members of MJ12 have significant influence over the Alphabet Soup intelligence in the United States, for sure. Just how much control? We will not disclose. We cannot tell you anything about ACIO - yet.

Majestic 12 was created in 1947 immediately after Roswell because National Security interests (Holy See) wanted us to cover up the Extraterrestrial life forms and the alternative physics that they use. Organization still exists and is the grandfather of the Deep State non-Cabal.

Majestic 12 hides in plain sight, uses disinformation for real DECLASS orders as not to compromise ongoing operations and has been proactively working behind the scenes to bring official Disclosure and First Contact to the public since MJ12 was subverted for about 33 years.

In 2011, MJ12 control changed hands from the CF/322/MB CST Cabal and "The Plan" was created. You are LIVING a Majestic movie of Disclosure. Darkness withers in LIGHT, and truth will be revealed. This account was started around [July 25, 2017 to [dates?]] to facilitate pre-Disclosure discussions.

We are pointing you to Dark to Light revelation that will build momentum into the week. Time is an illusion and we are purposely manipulating that illusion for the purposes of objecting our mission which is to end child sex trafficking by FED and disclose extraterrestrial life.

Use the information we are seeding into your consciousness and make it so. You have the ability to cocreatively will this outcome to

happen. Meditation, prayer (not to God but just send your own best wishes for them and reflect on experience or empathy to connect) have the physical ability to use cocreative consciousness to physically manifest itself into the Matrix. It requires many people. Literally millions. We are all aware of what is happening next, we are here to inform you about what to expect following Trump by the Majestic 12.

Let the unsealing begin!

Nobody managing this account had anything to do with what happened to EBEN-1 and EBEN-2 and therefore nobody currently on MJ12 are responsible for what happened to them at that time. That's why there's no problem with us returning and disclosing this information. We're ready.

their supreme commanders on their home planet ultimately decided that our decision was not an act of war against them but rather a "reconnaissance mission" to understand who and what we were dealing with.

no life was taken the bodies are considered dolls and part of dissecting the body and understanding how it worked meant that we were required to interface with the consciousness while it was still occupying the body but the soul was never harmed and returned home.

Death is an illusion.

The body dies. The soul advances.

~32m: The beings were genetically engineered IS-BEs designed specifically for space travel. The food they consumed was LIGHT. They produced almost no waste. Regarding earlier question: Do plants need a bathroom? Convenient expression of life for interplanetary travel. GMOsapiens.

IS-BEs come in many shapes, sizes, forms, colors, abilities, etc. Literally whatever you could think of, exists in the universe. This knowledge came to us after hundreds of hours logged with telepathic human representatives communicating with EBEN-1 and EBEN-2.

We learned that the Entity controlling Hitler was acting and behaving in extremely evil behavior. This was apparent, however... we can look back at STARGATE SG-1 and compare the ORI to the tactics to brainwash their followers despite being lied to.

The progress made in the years leading to a trade, essentially resulted in us faking Hitlers death (Majestic loves movies - are you enjoying the show?) in exchange that he stop working with the ET IS-BE that was pure evil.

Well, let us reiterate, rinse and repeat... The "Cabal" is currently being lead by another "Committee 🗳️" of ET IS-BEs connected to ongoing within the unacknowledged space program that the Americans took over when Germany fell. Thats why Operation Paperclip happened.

However, the past 30 years we have witnessed a massive subversion of power from the American People in the name of "National Security". Now connect that to CIA programs operating within the United States through social engineered problems like school shootings and terror attacks.

This group of individuals is the Enemy of the Majestic 12, and for the first time in DECADES we have finally elected a COMMANDER IN CHIEF who can DRAIN THE SWAMP and open the stars to the world. See, you've known the truth all along.

The truth is [hiding] in plain sight structured around propaganda and social engineering. Roswell opened a MASSIVE can of worms that was directly under the control of the Majestic 12. We operated above Top Secret. ANYTHING WENT. YOU NAME IT. UNSPEAKABLE. EVIL. WHY?

Learn to archive offline.

Who are the Cylons?

GET OVER THE DIVIDE AND CONQUER OF EVERY MAJOR FRANCHISE OUT THERE AND JUST LOOK AT RAW DATA.

Precisely. The United States went to another galaxy for Christ's sake, yet NOTHING close to ANYTHING was disclosed to the public.

Yes, we visited the planet where EBEN-1 came from, which is called Zeta Reticuli.

The trip lasted several years in the form of an exchange program. Around a dozen.

This wasn't a "one time" exchange program kind of thing. We just allowed one to "leak" into the public domain a while ago. Few died on mission.

Some stayed permanently.

Some came back home.

Majestic 12 was originally the body pushing for the Disclosure of ET life to the public in a controlled manner to ensure proper Government restructuring. However, when 9/11 was orchestrated by several MJ12 members as a way to throw the scent off the trail and "go over here".

This derailed decades of planning and flung the United States into a suicide nose dive where 2017 was going to be the year of a nuclear holocaust.

During this nose dive period, the Majestic 12 worked tirelessly against the interests of the people without risking compromising the operation that had to carefully be planned out and executed. When HRC was neutralized by the Pentagon, MJ12 changed hands to the D.I.A. under new leadership. Essentially returning MJ12 home.

Describe to us the living conditions and quality of life for people in 1000 AD.

How has their lives been improved in 2000 AD?

How will your life be improved by 3000 AD?

"We stand at the birth of new millennium." - @realDonaldTrump

Over 61,000 sealed indictments nationwide. (Now over 80,000 as of March 8, 2019)

Thousands of BOD/CEO resignations.

More than usual?

Why?

LOGICAL THINKING REQUIRED.

Hottest economy in decades?

Space Force going public.

Official First Contact Imminent.

You tell us, is it Majestic or not to live life with spice?

Things we know:

- ETs were helping the Nazis
- Operation Paperclip transferred that "non ET / only Nazi" program over the United States
- Roswell occurs
- Majestic 12 is formed to conceal it from the public globally.
- Constitution demands Disclosure when no threat to NS
- MJ12 had many leaders, good and bad.
- MJ12 was involved in the only successfully executed assassination of a US President. 41
- When the decision was to be made about going forward to the public, there was plausibly much that the Military was unaware of, therefore secrecy won.
- MJ12 and co-conspirators developed technology in the background outside of Government oversight.
- MJ12 hid these programs inside of Top Secret Special Access Programs and embedded deep inside TS//SCI programs.
- Dozens of extraterrestrial races were openly trading information.
- Allegiance to a noble purpose, like reasonably disclosing ET life to the public in a manner that doesn't destroy the planet through self imploding ego maniacs who believe their version of the world must be validated to others, is a good thing to have but many lost sight of it.
- As disclosed in previous tweets, two factions existed inside the MIC.

Part of going from "Dark to Light" is understanding The Plan.

DARK to LIGHT

DARK > LIGHT

Q > MJ12

What lies ahead has been in our past, just misused. The future belongs to whoever ceases it.

Pleadians are not Gods however they are incredibly intelligent IS-BEs who do visit Earth frequently. They are a very peaceful higher density consciousness that is aiding the Majestic 12 with Disclosure.

Comment.

The pass of majestic was very bad i dont no about now in the pass they were the new world order the secret government what is in play today <https://t.co/y3eISDJUrR>

Reply

You are referring to the DARK sides of all Majestic operations. The original intent of our secrecy was to protect Earth and perform Disclosure in a way that wouldn't destroy life on Earth from psychotic lunatics. Cabal was FBI+DOJ & UK/AU/CIA assets hiding inside TS/SCI programs.

Do life forms like to try genocide?

Some do.

Some people sniff when they hear about children treated like that... some people snuff to keep the secret safe.

Are you enjoying the movie?

Guardians of the Pedophiles.

Barrier ends child sex trafficking by 99.9%.

Who won't give 1/100th of the National budget to save just one American child's life despite the thousands of children who are dying. "This should have been done by others." - 45

The Majestic 12 operates ABOVE Gov for the purposes of planetary defense pertaining to extraterrestrial life. As we have stated before (on many occasions throughout the past year to you specifically) if you don't like what we have to say, then please block us to help others.

8/ The OLD GUARD is being systematically dismantled by the super elite Defense Intelligence Agency. A new future awaits America and it is one that includes disclosing Extraterrestrial life not only here on Earth but also on the Moon, Mars, Venus, Jupiter, Saturn, and many more.

Hollywood glimpsed into reality of what Space is. It's what you make it to be. Your will. Unlimited possibilities exist and you need only choose a path. We know fundamentally that the highest level of consciousness is LIGHT. Photons. EVERYWHERE. LITERALLY EVERYWHERE.

The Majestic 12 love movies.

Evidence is now in the public domain that validate all speculation into the evidence collected under the circumstances. It is without a doubt a Spectre kind of an organization. But the difference between fiction and real life, something EXTREMELY MAJESTIC... is that fiction is always one person who saves many whereas reality is many people save many lives. The logical flip was a social engineering tactic used to brainwash billions. This was MK ULTRA. The mind control techniques of AdTech/Social Media/Mainstream Media is unprecedented.

It takes many people working together united by LOVE helping to save many people from HORRIFIC CRIMES disclosed in Spectre, LET ALONE, that in reality it was always 🦉 and not 🦄 who was real.

The recent Octopus references are connected with the recent DUMB drops.

Remember, the Pentagon (via MJ12) have a working relationship with Hollywood for this very reason. It is Majestic 12's responsibility to ensure that all propaganda being developed was going to follow OUR NARRATIVE.

MJ12 was created after Roswell to prevent the public from accepting the truth about alien life.

Majestic 12 got its name from our plan. We were tasked with figuring out what the hell that craft was and how to safely disclose it to the public... the latter piece was mandated soon after JFK [187]. Initially, it was to keep the secret at all costs. 1971?

We had to, at all costs necessary [ultimately caving to the Committee (or an SG-1 reference, "The Trust")] ensure that the fact we had:

- A) Make First Contact with Alien Life.
- B) Learned The Universe Is FULL OF LIFE

was kept from, originally, the Chicoms and USSR but ultimately from the American People. For this misdeed, we are sincerely sorry to have let you down in such a way. Understanding Full Disclosure requires you to understand what Full is? What can be disclosed? We learned how to do it. And a group has been using those weapons against you.

The Space Force is 100% necessary in order for us to ensure that no other ET IS-BE (more evolved humanoids than yourself and sometime human looking humanoids) are violating massive human rights abuses. The purpose of life is to love and be beloved. Nothing else.

Despite the bad that this group was involved in, and the military's justification for the trafficking of children they steal from the American People (every day... 800,000+++/year) the Military believed through fault of their own that they were wrong. 🦉

Allowing 🦉 like ET IS-BEs to violate our law because they have some fancy space weapons can be quite a DAUNTING TASK to undertake. After-all, we are talking about transforming our society in the next 10 years into a Space Culture with Space Ports to Andromeda and AMERICA FIRST!

Yes; horrible things have happened. Can we change it? We can only change the future. We can "go back in time and undo what we did" but the resulting world would have been conquered immediately had the secret got out too early.

Disclosure of extraterrestrial life is scheduled to take place prior to the creation of the US Space Force.

11-11-18 will be disclosing things not of space origin, but disclosing victories world wide. ET Disclosure will follow, perhaps in 2020 as some prophecies predict.

Should be before 2020. Remember, its important to disclose to the public that life exists on other planets in the past first before the present, to prevent hysteria. Think logically.

Time is relative, however events are more easily predicable. Additionally, event prediction doesn't carry as much negative karma on it. We want Disclosure to take place, but we want it done properly to ensure the people "who you've trusted the most" are properly removed of power.

Question.

Which sci-fi writers were/are doing disclosure?

Answer.

None. Disclosure elements are a combination of luck for the writer or they have an advisor instructing them to make changes. Most of the time, they believe what came to life was their idea, however in reality, the MJ12 made the idea for them in the form of Disclosure/Control. +++

In Harry Potter and the Sorcerer's Stone, Bane said:  
It is a terrible crime to sleigh a unicorn.  
Drinking the blood of a unicorn will keep you alive, even if you are an inch from Death.  
But at a terrible cost.  
You sleigh something so pure,  
You will have a half life.  
A cursed life.  
- cc @jk\_rowling  
"But who would choose such a life?" asked Harry.  
"Can you think of no-one?" Bane replied.  
A unicorn is a [mythical] creature of pure beauty and spirit. A baby is that. A creature of pure beauty and spirit. A baby is a unicorn.  
Bane said to Harry: "It is a terrible crime to drink the blood of unicorn. Drinking the blood of a unicorn will keep you alive even if you are in inch from Death, but at a terrible price. You sleigh something so pure that you will have a half life, a cursed life."  
"But who would choose such a life?"

DEATH PENALTY.

Some people sniff when they hear about children treated like that... some people snuff to keep the secret safe.  
They can change. Death restarts their life. Try again in a world less corrupt and broken by evil.

Quirrel was consuming it because Voldemort's soul was so evil it was killing him. Voldemort required a host. The unicorn blood was for his subordinate to protect himself however giving his host a cursed/half life. This made his host easier to control. Disclosure?

"He's weak. He's living off the unicorns."

Do life forms like to try genocide?  
Some do.

Obama was never MJ12. He was signed into a hoax MJ12 that actually neutralized many major catastrophes from happening under his watch at the demand of his handlers. MJ12 subordinates concocted the elaborate hoax. MJ12 are masters at making real life movies.

44 weakened our mil.  
45 is rebuilding our mil.  
Why is 45 selling out mil-tech all over the world "creating jobs (not mobs)"?  
Think logically.  
[Space] Programs exist outside of public knowledge.

Extraterrestrial life exists.  
Why is 45 selling "legacy" mil-tech to other countries?

NWO will be created, however it will be restructured to set priority to preserving life, ensuring a quality of life for all, and deal with multiplanetary objectives. Tribal sovereignty will be respected for all interEarth affairs.

Clearance in the Alliance has many layers proportional to the impact decisions can have on the "order of life". Presidential clearances are a joke. They are basically unclassified roles in contrast to the levels of secrecy within the different colonies. We report to Alliance.

Comment.

Wish I could help/work with the Alliance some day!

Reply.

To help the alliance, educate your fellow man of our existence and our programs who would otherwise be unaware.  
Distribute accurate information that is pro-humanity, "at comfortable living wage priced", be honest to yourself and others you inform. Listen. Trust yourself. You know the difference between right and wrong. How can we re-engineer society?  
Memes? We gave you the power. Now act.

When 2B took control over MJ12, the ambition to Disclose alien life + technology to the public became thwarted because a rouge group of agents within the Shadow Shadow Government wanted to establish a New World Order FIRST in order to "prevent chaos."

In his next life, the soul inside him that made mistakes (took chances, and sacrificed others for personal gain) has the ability to repent and maybe, just maybe (many factors involved), his next life will be different and he won't end up a beetle.

We just need to clarify again for everyone. The Majestic 12 was taken over by a criminal NTE mafia by 2B/322 about 25 years ago and since then, that group has been quickly destroying the planet's ability to sustain ALL LIVE ON EARTH - including ET life. Therefore, MJ12 + ETs = WE.

Trust in the Majestic 12 is non-optional for Earth.

Slavery is wrong, but it is a common tool all civilizations use during their stages of cultural and spiritual development. The Majestic operate on such different timelines that we view it as a small factor in the grande scheme.  
A life over billions of years that experiences slavery for a thousand years is still free for 999,999,000 of those years.

Question.

How long have we been slaves to Dracos and other negative ETs? 6000 years? 25,000? 75,000? 300,000?

Answer.

8,000 years.

Comment.

I've always told my parents that I felt like a slave! They thought I sounded nuts lol. When this is all revealed, I'm going to do my best to show them how much more amazing the world is than they thought.

Reply.

Their next life they too will understand because of your own development.

We felt it necessary to hide the truth about Alien life in plain sight. The truth is, there really is a dark side of the Force.

Indeed. Unfortunately humans have been careless in their responsibilities and its created a civilization that is on the brink of destruction that REQUIRES E.T./E.B.E./N.T.E. entities to engage with them to "bring them up to speed" quick enough before total planetary destruction.

It was a failure of the original Majestic 12 ambitions. Originally, we intended for FULL DISCLOSURE of ET life and such back in 1980 prior to the NWO taking over. Once they took control, we had to go covert public via the most unverified parts of the internet to succeed.

We mean the masses.

We were mandated with doing anything necessary to ensure the secret was kept safe at the time. Those who strayed from the path needed to be met with hard resistance and some paid with their life. The secret was too big to give up just then.

Every elected member of the Government at the time believed through their religion (and freedom of belief) that life originated by "God" in Genesis and that to propose an alternate interpretation of creation that does not include God, worldwide collapse would take place.

So we panicked. We had to keep the secret safe. Free energy? Awesome, yes, but we could NOT reveal how we learned about that technology without disclosing WHERE we also learned about Remote Viewing. Imagine if you could remote view into the Situation Room how devastating that could be for the United States? Majestic 12 was tasked with defending the nation FROM the secrets we knew because our Nation wasn't advanced enough at the time to deal with the dramatic changes.

One final note here, we have, through our exploration, discovered countless other planets with civilizations similar to ours in development progress that through the interventions of extraterrestrials on those planets, disclosed alien life and technology before people were properly prepared and became enslaved by a similar kind of interplanetary cabal to NWO.

Comment.

OK fair enough that can be acceptable... but releasing free energy tech, killing inventors and suppressing tech is not an excuse, could of done that on a slow process could of at least let inventors progress.

Reply.

We did do it slow, and we did let the inventors take credit for the progress. Had the NWO not sided with NTE and taken control over MJ12 with the election of 2B/322, we would have released that technology. The patents all exist (TS//SCI). The product just needs to be unveiled.

Question.

Would suppressed tech. in the form of free energy give us as humans the abilities to better overcome such despicable things

as human trafficking, human enslavement? Would Gen. Pop. transcend the foul behaviors due to time and moneys spent in preferred ways VS Bill, Medical, Oil.

Answer.

No in a lower state of consciousness you would destroy life on Earth in the wrong hands.

Question.

Do we have quantum AI " in the wild" yet? If so, what is it being used for?

Answer.

Yes, solving problems relating to Disclosure with societies controlled by Satanism.

Question.

Can AI be controlled and used for benevolent purposes? Can control of it ever be lost?

Answer.

No, many planets have lost all organic life on them from AI.

Other civilizations in the universe, more advanced than Earth by tens of thousands of years, they have metropolitan areas that are dominated by an AI police force that is built upon sustainability and peace. The exchange for cooperating with the system is free living.

For those who are criminals, a series of well designed educational programs and mind control techniques are used to remove hostile behavior patterns, criminal intentions, and devious actions out of the individual. It sounds scary from Earth's perspective, and if it were ...implemented today, it would be used for evil.

Mass Surveillance is a sensitive subject since the weapon was heavily abused by the Cabal. The technology was MAJESTIC. When ZPE (Zero Point Energy) is disclosed, WE MUST BE ABLE TO GUARANTEE 100% Safety. All life on Earth could be wiped out with the level of knowledge contained in ZPE.

Disclosure is an apocalypse of new information about a new physics, a new level of consciousness, new technology all connected to our conscious matrix of vibrational energy that has real tangible power to manifest a positive reality is coming soon to a theater near you.

The Majestic believe in repent. Most of what we had to do to keep #Disclosure from the public involved horrific crimes and many victims.

But paled in comparison to the dangers that await you in space. We genuinely was trying to protect Earth. It may not appear that way.

Transparency and trust are essential to creating a personal relationship with other life forms.

The Cabal fears transparency because of their criminality. The violation of our privacy was done with the powers of the "Gods". Extraterrestrial intelligence beyond the organic development of life on Earth without looking inward for answers about the unknown void of reality.

Agreed, the true power is within. You don't need "protectors" to tell you whether alien life or technology really exists. Define alien first.

Alien is a frame of mind and a lens of understanding of intuition.

some of the craziest people are the most intelligent. Indeed.

Cabal wanted to destroy the family unit and replace childhood with mind control social experiments that harvest negative life energy so they can exist w/o LIGHT/Love. Some of us were never "Cabal" who served under their control because we believe in the Majestic work involved in being a true Patriot to an IDEA and not a creed, race, religion, or any other classification system you can conceive. Life, Liberty & The Pursuit of Happiness.

The Q Movement is alive. It is a life form at this point. It is an alien. You just played God. Meme magic is magical. What is magic.k.? How about M.A.J.I.C.?

"Some things must remain classified to the very end." Q Like human experimentations into telepathic humans. How many children died? More than you know. More than you could stomach.

What if we performed experiments on the beings who crashed even after they asked us, warned us, and dared us to let them go. They tried everything to escape. It was pitiful to watch. Only through understanding, did they understand our sacrifice and why. It took time to repair.

But in the end, they knew why we did what we did (to a certain degree), and when policies were changed to better respect their free will rights (just as every other intelligent life form receives on Earth) they started engaging more actively with us.

We did not understand them at first. We perceived their superiority as a threat and acted accordingly. When we learned who and what they were (how they were us from the future) we learned who we were. When we did, many groups rose to power within the Shadow Government aka MJ12. they have their own path that is different from ours but they are like brethren when it comes to life in the galaxy - we are of the same class structure of DNA that define what a humanoid is and therefore acknowledging their significance was monumental. in every way intentional.

did we create the different science fiction phenomenon of your time in order to divide and conquer you WITH the truth. its been out in plain sight for DECADES. are you enjoying the movie? each franchise was in a way an experiment to see how society would react to MULTIPLE TYPES OF SAFE DISCLOSURE SCENARIOS THAT WOULD GUARANTEE EARTHS SURVIVAL IN THE EVENT OF A GALACTIC WAR WITH OUR LARGEST ENEMY CURRENTLY [UN]PROSECUTED.

Limited space. Projecting dates alters events. Events not dates dictate the Matrix. Disclosure of what? Disclosure has happened. Cat's out of the bag. The DOJ + FBI were protecting a transnational child sex trafficking cartel that satanically abused raped harvested etc.

While they were doing that, protected from oversight through carefully crafted legalese regarding national security classification trust issued to classifying authorities. Treason. Majestic 12 required these provisions to protect the secret about ET life until

the strength and size and reputation of the Vatican diminished so low that the Holy See will be facing prosecution in the Military Tribunals for their systematic child abuse "scandal" that never ends. In the background we, the Majestic 12, explored Space and met many other races. Some on Earth.

We traded technology, developed partnerships, establishes diplomatic protocols when dealing with alternative humanoid extraterrestrials in a manner that serves to the fundamental Majestic universal laws of basing all reasoning upon: compassion and evidence.

We realize and fully understand the gravity of what has happened. We lost control over our own Government and the Military did not want to cause mass hysteria and panic because this Cartel was too big for us to take on without facing the full weight of the Government fighting it.

Now, its the full weight of the Government minus the upper ranks and middle ranks of the Justice Department and FBI that need to be purged. Thank you 45. Disclosure will happen in due course. Understand that we have decades of wrong to right and it doesn't happen overnight.

When it does, it always leads to mass hysteria and complete panic. People are way too brainwashed in mockingbird mind control. We know this. We created it. We can undo it. TRUST THE PLAN.

Each member with their own agenda it became. Serious internal struggles within some between siding with a more advanced culture and society versus defending what it means to be human and what that definition was. Many played God. Many mistakes made.

Understand that all life forms are IS-BEs. Including mice. Including rats. Including bacteria. All IS-BEs are a manifestation of a conscious projection of an IS who wishes to BE. The IS-BE responsible for the Biological entities it encompasses. This logically and compassionately.

Universities are experimenting on animals and lower cast life forms because they are deemed worthy to be experimented upon. Here is a moral dilemma, what gives one life form the permission to take the life of another lifeform? That who created you.

Critical to realize that torturing any IS-BE creates thoughts that manifest into our conscious reality in the form of other lifeform energies, weather modification (the technology is used to suppress the raging storms currently playing out to protect the public). The reality is these programs were so deadly to life on Earth that we risked complete nuclear annihilation. However, Majestic 12 won when 45 was elected. Yes, the Majestic 12 orchestrated the leak of the Podesta emails and the Clinton emails. The Majestic 12 are so confident that they are safe to admit this that the operation was a complete success.

There are dozens of genders among the wide range of ET life studied. Some do not do genders, others make gender a definition of their existence.

Constructive back and forth. For humans there are two genders. For other non-humanoids there can be several including transgender. Procreation is achieved through cloning and replication. Cabal tries to inject non-binary humanoid genders into humans in order to divide & conquer.

Transgendered humans are not always starseeds even though many believe they are. Most medications surrounding birth control, transgenderism, etc are extremely harmful to all humans who make contact with those drugs (even the waste). Trans is pushed as a self hating bandaid.

To individuals who seek this alternative life style, understand that you're participating in a Non Domain conformity to gender that does not have survival as a fundamental requirement therefore be cautious.

The meaning of life is honor, happiness, learning, and reproduction. #HHLR

Technically homosexuality is anti-life. Its a rejection of life as it created you. Transgenderism is a rejection of the IS-BE because of mind control coupled with drugs and hormone therapy. Neither are naturally occurring. Both require trauma to manifest.

Additionally, without addressing the fundamentals about procreation people who opt for swapping a gender out for another one because of a perceived gap in their minds does not help them ascend. It only keeps them further rooted into the lower realms of existence. Purpose of life is to love and experience. Sometimes thats what people just want.

There is nothing wrong with it. It though should never be pushed or forced onto anyone since that violates free will universal law of Karma. Society, by the Cabal, have weaponized transgenderism to be filled with hate in every angle versus love and compassion. There are always legitimate individual reasons why a person opts to change their biological assignment, however regardless of the reason, society needs to just let them be and treat all life forms with dignity and respect so long as nobody is being coerced or forced into situations that harm.

Homosexuality doesn't damn you from happiness or achieving ascension it just delays your process because of the required trauma. Meditation and mindfulness is very important.

Final note, learning the connection between your IS-BE's components will get intentionally obfuscated by Cabal warfare against those who seek non-binary genders of male and female. Straight men who only sleep with women can play with barbie dolls and paint their nails. No harm.

The mainstream porn industry is the front for the transnational trafficking rings which are fronts for the intelligence communities which are fronts for the religious cults which are fronts for the interdimensional and extraterrestrial aliens siphoning life from Earth for power.

Sexual energy is an integral part to experiencing and creating life as an IS-BE.

ET groups obscure and dilute the truth about sexual energy so they can extort and mind control many IS-BEs in unison.

Here's a Majestic analogy:

The root system user to a computer has "God" access so securing the root account is the first step to proper cyber security.

The root user of a linux computer system is like the sexual energy of an IS-BE.

Even if a potential exploiter asks for just 5 minutes as root, extreme damage can occur.

Sexual energy is a self conquest.

... so securing the root account is the first step to proper cyber security.

The root user of a linux computer system is like the sexual energy of an IS-BE.

Even if a potential exploiter asks for just 5 minutes as root, extreme damage can occur.

Sexual energy is a self conquest.

Adults who create life can use dual sexual energy to strengthen the bonds that hold the nuclear family together. Sexual energy does not mean intercourse explicitly or even fellatio, but rather the actual urge sensation itself. That energy is harvested by ETs. It creates reality.

That energy can be recalled using your spouse and can be channeled into nonsexual areas of life.

However at the point of orgasm its essentially like blowing a gasket. You lose the sexual energy your body has accumulated and if your orgasm wasn't used to create life, then it is wasted energy that can be siphoned off by interdimensional entities in your physical location.

Orgasming releases valuable energy from your IS-BE that should only be reserved for creating/starting life.

Releasing your sexual energy while engaging in intercourse multiplies the energy for both IS-BEs. Releasing at the same time versus releasing in series (less than 30 seconds apart) is the optimal window of opportunity. 3 times per week is Majestically magical for manifesting reality.

Bloodlines are essential to acquiring extreme power. The sacred contract of sexual energy is the creation of life and the responsibility the Father and the Mother have onto the child. Unfortunately, all deviations to this can be perceived as child abuse.

IS-BEs can become slaves to their sexual energy harvesters who use mind control and subliminal messaging to control you. IS-BEs who sexually exploit children are "defective" in the sense of their reasoning/logic. The kingdom of heaven is with a childs mind and heart, not genitals.

Life a slave is not life at all, some might argue.

Question.

Celibacy? Your thoughts?

Answer.

Theory is intended to be helpful but the conceptualization makes it harmful. Not engaging your sexual energy will restrict your ability to manifest and create life. With great power comes great responsibility.

Water is a sentient life form.

There are over 1,000 cataloged planets that are 100% water on their surface. This shot of Earth shows 99% water coverage from this viewing angle. Imagine the entire planet like that. How do humans live on them? Where do they live? How do they get there? <https://t.co/DTM4bBrk7o>

What happens when a dog bites a human?

Or a raccoon attacks a human?

Or a bear threaten a human's life?

Survival instincts tell you to kill your enemy to stay alive.

What if you knew your enemy?

Dogs are far more conscious than humans give them credit. Sure they have low IQ, but their awareness of life is incredibly sharp. For a dog, they understand the light. They understand death. Why do you think Dogs like to "hide" just before they die? They know what they're doing.

When a dog does meet his ISBE, what happens? The dog doesn't know that the ISBE he's meeting can give him options for when he moves on? How do you pass that information on from one life form to another? Telepathy. You can give your dog the missing information to return not a Dog.

They are but one species in an ocean of species. Imagine the biodiversity of life on Earth were actually blueprints of lower functioning intelligent beings whose creators were those species but with IQs of 1000, 2000, 3000? Imagine a 3000 IQ ant. They exist.

We know of at least one extremely ancient race of extraterrestrial intelligence that looks like a craft but is really a life form. That species is over billions of years old. It's intelligence is off the scale. We attempted to assess an IQ for it, it got over a 10,000.

How many tens of thousands of dollars must you spend before you can save such a figure? Summer travel does not need to be expensive. You can travel affordably if time is not a major factor in your planning. You can travel even easier if you learned how to create your own UFO. <https://t.co/aSdRpgQigL>

DJT may get a Gold UFO in his next life. We have considered it. Though he would be required to "win bigly" again in a second life in order to be positioned for such a gift. Gold is not just an element of wealth. It's an incredibly powerful and useful element in space craft.

What if we told you there are UFOs that are lifeforms and that in order to operate the UFO you must be able to telepathically make contact with the being and negotiate usage of their vessel?

This race is genetically incompatible with humanoid lifeforms. It does have DNA though, so that's something!

What if we told you the race was over 10 billion years old?

What if we told you that we have imprisoned three of them on Earth?

What if we tried to reverse engineer these organic lifeforms into synthetic reproducible units?

Would the being attempt to sabotage the efforts? <https://t.co/BT9XvhAqSg>

Because they haven't made official public contact yet. Earth humans are not taught about exoconsciousness and the reality of interdimensional and hyperdimensional life forms that seek to create their vision of reality.

Some Earth humans are aware of this type of lifeform, but they are buried deep inside the Military Industrial Complex for obvious reasons.

You'll be underground in that paradise! There are other Earth like planets that aren't so hostile.

You may be pleasantly surprised to know that the planet has many people living on it. Hostile didn't mean cannot support life. You'll just be underground 90% of the time.

However, in those other civilizations I mentioned, those who choose (remember free will is everything) to be part of the system can reap the benefits of the system. Those who choose not to, can live outside the control of it.

But it truly means nomadic life. No public services. No fire department (so to speak), no hospitals (so to speak), no replication technology, etc. Instead, you are "off the grid" and living off nature. Many many many people opt for that lifestyle and are happy with it.

To give an Earth analogy to this, its like how the Amish give their offspring the choice whether or lead an Amish lifestyle or go off into the [C]owns [I]n [A]merica existence that is, currently, very evil - invented and created by the founders of MJ12.

Exactly.

Not a coincidence.

This account has been dedicated to educating the public on exoconsciousness from the world view of a Domain IS-BE (of which you are).

# MJ12 Love.

Love is the strongest force in the universe.

Quote.

@kabamur\_taygeta

Do you really think an Almighty God made a universe so large the human mind cannot fathom it, and filled it with demons?

Arrogance.

Angels are not demons. Fear based beliefs are not of GOD. God is only Love and the universe is filled with benevolent creations of God.

End quote.

This individual speaks many truths... the Majestic have known about @kabamur\_taygeta for many years now and we have welcomed the message that they spread.

God is only love.

Absolutely beautiful.

And true.

We are all one means simply that we all love as one and we all fear as one. Each person has equal potential relative to their IS-BE's avatar's genetic makeup/conscious strength. Only through looking inward do you enhance your consciousness.

"There must be more than this, so God was born, and we in his, imagine of fear and love, Looked down upon from up above."

Literally. We are all Gods.

God is only love.

We all can love.

We all can hate.

Evil is only hate.

We are one.

Oneness.

Ra.

Which is why you should never seek an expert or a teacher to these things. Meditation is key. Release your burden.

It is not your fault.

No matter what it is.

We are all flawed.

To borrow a phrase from religion,

Let God love you.

Love God.

God being your exoconsciousness.

Being far from a child is the wrong way of thinking. In order to understand exoconsciousness and universal love, the mind of a child is the most compatible. Rejecting that frame of mind is why the Earth is rooted in evil to begin with.

Autism is humanity reacting under satanic control. Many on the spectrum can live off the spectrum in the right environment.

Cabal has poisoned your children. Treating Autism means you accept their reality and love them unconditionally. You alone know how to make the right choice.

Question.

What is our collective purpose as Humans? What differentiates us from other intelligent beings in the universe or other dimensions? Does love, empathy and compassion set us apart?

Answer.

Experience sets us apart. Our intelligence allows us to experience free will. Existence is easiest when its pure love (and absence of hate), however that pure state of mind requires solidarity for extended periods of time and is unhealthy when experiencing Earth.

Ariel referred to Earth's design as a prison planet to emphasize the importance of teaching creation compassion and evidence based reasoning. Through tradition, love, and experience the soul could be taught over time. Some have kind souls. Others not so much. Ascend??

IS-BE = (Immortal Spiritual) (Biological Entities)

Substitute each with a, b respectively:

You = a \* b.

You = 9 \* 3.

You are a child.

You are "God's" children.

You are your own child.

Learning + Love fulfills your need for happiness.

Love = Love.

Love + Learning = Happiness.

3/6/9 3.

LIGHT beings consciousness existence as an IS-BE is confusing by design. It is to teach and learn. Out of human curiosity, there MUST be more than "this". So God was born. So Dogma is born. So Destruction is born. God is within. God is your IS-BE. Your subconsciousness. LIGHT.

Anthropomorphizing the LIGHT consciousness within you that IS WHO YOU REALLY ARE discredits the accomplishment of your own LIGHT/Pure Love and separates your consciousness to your subconscious. This makes you vulnerable to be controlled.

Introduce Dogma.

This quote is Majestic. You're welcome, Dave.

Good and Evil exist within.

Love and fear exist within.

Evil thrives where fear spreads.

Love thrives only around love.

It is easier to fear what you do not know if you've been conditioned as such.

The Kingdom of Heaven requires the mind of a child.

No fear.

Curiosity.

PURE LOVE.

The Kingdom of Heaven is within.

To know what Heaven is like, be the wonderment of a child radiating pure love and light.

Curiosity.

No fear.

Sponge of information.

No judgement.

No bias.

Just LOVE and LIGHT.

With that access to the Kingdom of Heaven, metaphorically speaking.

How was society engineered?

Love brings fear?

Lust creates fake love which brings fear.

Fear of performance,

Fear of betrayal,

Fear of competition,

When you teach the ways of the material realm, you cause people to misunderstand (intentionally) what kind of love LIGHT is.

Trump makes deals and in his rise to power he has pissed off a lot of people. They all save face in public because they are all chess pieces and they understand their role (taught to them in the secret societies).

However Trump is the anomaly. Not only was Trump directly knowledgeable and aware of Extraterrestrial presence on Earth in the United States actively today (as in now) that taught him the real source of all knowledge is within through love, light, and prayer/meditation.

Consciousness is something to be experienced only in pure love.

Cabal wanted to destroy the family unit and replace childhood with mind control social experiments that harvest negative life energy so they can exist without LIGHT/Love.

Many people have passed on beyond their IS-BE iteration we've all grown to love, however their consciousness is currently on Planet Earth. Some individuals have received assistance in discovering their true identity for the purposes of The Plan, others have not. Nothing specific.

The Majestic 12 love movies.

It takes many people working together united by LOVE helping to save many people from HORRIFIC CRIMES disclosed in Spectre, LET ALONE, that in reality it was always 🦉 and not 🦂 who was real.

Spectre introduced an international cabal of MANY POWERFUL PEOPLE who you've been taught to LOVE AND TRUST that were really just hell bent on world domination at all costs no matter WHAT THEY DID IN PRIVATE.

Did you see our COUNTLESS MOVIES on this? We love movies. Are you enjoying the show?

Did you know that by viewing extreme acts of violence that it desensitizes you to committing/accepting/viewing more acts of violence?

LOVE is everywhere.

Evil must be sought.

Horrific crimes cannot be prevented. Only through truth faith in Source, which is LOVE and UNITY can you fend off such negative energy personally. If all people are taught and equally loved, evil shall have a hard place among the people to exist.

The Majestic 12 love Magic 8 Balls.

Majestic 12 love digital roots, so does(n't) Tesla physics. 3 6 and 9 govern the laws of the Universe. Each digit has a specific purpose esoterically and can be exploited with consciousness.

Willful intention is a powerful tool for consciousness projection into the matrix reality. Only love and empathy can give you the strength in your heard and mind to manifest the reality necessary to eradicate the scourge that is a Babylonian Priesthood of Satanic Pedophiles.

The time will present itself at the appropriate time. We are all one. We must all learn to love and be loved and forgive each other for our limitations in the lower density. By embracing the fundamentals of 4D consciousness, you can heal old wounds and repair relationships.

Love is the most powerful force in the universe. Unconditional love is the purest form of "God" that can exist. "God" is everything. "God" is one. We are all meant to love and be loved. Love enables growth and development. Always say "I love you" when you mean it. It's a spell!

Purpose of life is to love and experience. Sometimes that's what people just want.

Great start there. Explore with caution and love.

# MJ12 Magick

from:ts\_sci\_majic12 magick OR magic

There is so much disinformation in the world.  
What is real?  
The Power of 3 6 and 9 is real.

The power to will and manifest physical reality by learning the codes, the keys to the castle, the magic spells, (whatever you want to call it, you can name it anything you want, doesn't matter to me).

SG-1 contains "hyper dimensional" information inside it that is unlocked every time you watch it (and more particularly study it). Just passively watching versus taking notes while watching will change the level of insight the series provides. Use logic though. Everything in SG-1 is fictional.

However what SG-1 represents and explains encapsulates the Majestic 12's sampling of a few missions that were so trivial to actual ongoing classified operations for use to Disclose essential information to new military personnel who joined as a result of SG-1 recruitment.

Not all of those who joined have interacted with any Majestic programs (even if never seeing a Majestic officer or not but through the chain of command and compartmentalization of these continuously manifesting operation objectives). It takes two to tango.

Instead, we've bred a generation of minds to reach to the stars. By whose conscious intention? Magick is very real and intentions can easily be changed by manifesting new conscious thoughts. As Disclosure unfolds, themes taught in SG-1 must be applied while approaching objective.

Disclosure is projected for 2019. It will not be anything close to First Contact but Antartica will make a presence in Early 2019. Time is an illusion, as we have stated many times prior so that is why we used "projected".

Learn the occult magick...

Natural is written in the code of DNA and consciousness energies of all types. Where real magick is taking place. Not all evil. Many for good.

Consciousness manifests "randomly" whenever more than one conscious mind is actively focused on the same frequency intention of THOUGHT combined with sound and meditation. You have more than you know. WWG1WGA means we share our conscious awareness together and UNITE AS ONE!

You have advised us to "learn the occult magick."

We are not saying this account has any connections to Q, so please stop spreading disinformation/misinformation pertaining to this account. We do discuss extraterrestrials, consciousness, and aliens, including but not limited to occult numerology magick, and Majestic operations.  
Q is an entirely separate operation as we have repeated dozens or so times. MJ12 operates above the Federal Government's

bureaucracy because of the severity of the classification pertaining to ongoing ET related operations. Q is Earth based only. MJ12 is not.

Q !(not) = MJ12

MJ12 !(not) = Q

Therefore, since MJ12 is not only based with operations on Earth, but also other planets in the solar system (and "moons"), we therefore have a wide range of tools accessible only to us to use, and whether people can comprehend it or not, we chose Twitter to communicate over 8ch.

MJ12 have never asked you to not read Q posts, follow advice that Q has given you, or tried to misrepresent information Q has posted, nor will we ever on this account. We beg you, if you do not care to read the information we are sharing, then please simply block our account.

Divide and conquer is real and people have been so condition to teams, and whose side are you on, and is my side winning or not that it prevents legitimate conversations to be had about extremely important subjects. We are here to guide humanity through the Disclosure process.

Question.

Whats your definition of Majestic?

Answer

Creations of the Majestic 12 are Majestic.

Hyperdimensional data converging on a single point in time is Majestic.

Exoconsciousness connections are Majestic.

Many things are Majestic.

We are the Majestic 12.

Time is an illusion and the illusion is manipulable because numbers hold magick inside them that drive patterns throughout the universe.

Majestic is understanding how to manipulate the fabric of reality using occult magic.

Magick

Its quite simple actually.

God can use magic to heal the sick, lift heavy stones, and do anything.

Everything is composed of atoms which are 99% empty space with vibrating electrons, protons, and neutrons.

If you know the frequency you are targeted and understand the math, then you can figure out how to produce the correct inverse frequencies to get the results you intend. Lifting objects means you need to remove information from the equation. What information? How do you specify? How do you negate? Occult skills that require a new way of thinking.

Question.  
DJT went to Jesuit school? One of the whistleblowers last thursday was Jesuit? Confusing  
Answer.  
We realize the hat icon is black but its a black magicians hat.  
Occult magick is taught to the Jesuits and only their allegiance to LIGHT/LOVE reflect whether they are bad actors or not. The decision remains within and actions are what defines a person.

Christianity will be dismembered when we are done.  
The people must demand it though.

Comment.  
They must all be corrupt, then. Mark Taylor says any 50c3 and incorporated religions are a deep state owned business and aren't true to God.  
Answer.

God is within. God is your soul. Your soul is your God. You are your soul. You are your God. You are an IS-BE. All centralized power structures that operate as a business seeking money are technically satanic by design. Religions teach you that Earth is hell.  
When you die, if you walk into the light then you are told "you go to heaven". Wrong. You return to Earth in another incarnation. Jesus didn't walk to the light until after he stepped into the void, willed himself to return, and then he woke up. Time is an illusion. No time.  
The only light he saw was when we opened his eyes. Occult magic. Death is an illusion. Death does not exist.

Your "God" was an illusion designed to install the New World Order. Mostly lies, even though the actual text in the Bible does resonate many truths with the true nature of the universe.

All Abrahamic religions will be reformed and potentially replaced entirely with a less politically dogmatic control structure.

Those exist so that the humans who control the world can appease their "God", an interdimensional being who has a particular liking for child sacrifice. That being has granted many of them miracles, cures to diseases, and access to vastly superior technology.

Question.

Can you just kill this God so the pedo crap stops? I say cut the head off a snake & the body will fall. The idea of a God is so stupid.

Answer.

Death is an illusion. You cannot kill something that is immortal. A God is nothing more than somebody who understands the language of divinity and who can speak/create with it. There are many many powerful beings in the Universe. Not engaging with the enemy is recommended.

As stated before, you are a commodity to them. They do not value the 3rd Dimension of reality because technically death is an illusion however.....when your life is ended before you are able to ascend into the permanent higher vibration to simply exist forever (possibly choosing to re-enter to reexperience), you are incrementally improving generation over generation in search for the truth of their Oneness and what it.....means to be "God" as Alex Jones explained on 2/27/19, this consciousness is energy and is what this account has been talking about since before Q became a thing. The Majestic 12 have been everywhere.

There is so much disinformation in the world.

What is real?

According to Al Gore; Florida should have lost a lot of land by now since his original predictions of rising ocean levels. Al Gore has no clue how oceans actually work. Everything seeks equilibrium and should be carbon neutral. Since oceans rising is a myth (magick), we must therefore understand that by polluting the oceans with excessive toxins and heavy metals, we are changing the frequencies of the entire planet. Whether people are aware of it, all Climate Change related science is actually involved in terraforming Earth at a very slow rate for Cabal fantasized myths and "prophecies" that "write the future" (because IS-BEs read them and act upon what they say, the IS-BE therefore creates that future themselves).

Question.

Are both your IS and BE damaged by this half life? Is either destroyed?

Answer.

Your IS is damaged by this, and the Magick sustains the BE.

Question.

Why do TPTB require sexual enslavement to enhance themselves?

Answer.

The siphon the sexual energy from one IS-BE to another to strengthen their subconscious abilities to physically manifest reality. Essence of magick.

Question.

Please define 'your' definition of sexual enslavement.

18/ Adrenochrome is traded intergalactically among many power hungry races. These other races trade knowledge and access to extreme power for long periods of time in exchange for constant feedings.

19/ Many rituals that occur, the cult members witness the "demon" (aka the extraterrestrial alien) consume the sacrifice and the members who join the Cabal must participate in order to prove their allegiance to this higher form of intelligence (from their own).

20/ When Time and Space are an illusion to you, and you have a ship capable of interplanetary travel, trading a few favors for "convenient events" in exchange for the sacrifices. These entities exist solely for this purpose and they too hve very advanced technology.

The occult Magick used by the Skull & Bones society is it pays respects and tributes to the countless amount of deaths that will inevitably be caused directly by their hands and their decisions. They are taught the magick of power and control.

Sound is frequency that gives us information. Some sounds can be used to channel this energy, using the frequency interference pattern with the victims consciousness frequency therefore starting a transfer of energy. Feeding.

Psyop. <https://t.co/1iOzJQygsQ>

Moloch is by definition a "God" due to the fact that this entity can/only exists in much higher densities of consciousness. The magick involved in cultivating children for consumption requires one to be a master of secrecy and stealth. IS-BE's who identify with that "entity".....are organically generating new energy that the higher lifeform IS-BE feeds on, in exchange, the power transfer done to an IS-BE who sacrifices a child, some rare cases their own (CC?), gives them ruthless force to disregard all emotional reactions of people suffering.

Some may call this a mental disease and theyd be right. Instead, out of fear of similar mental illnesses getting exposed, people continue to defend this practice because it is essential to almost all secret societies occult magickal power over society. Shaping philosophy by will.

Question.

Answer.  
MK Ultra  
Worldwide frequency technologies are regulated and controlled by US Gov.  
Failure to comply = Sanctions..

Question.  
Are there musicians that are producing music that can assist with awakening? If so can you name a few?  
Answer.  
No. Music heard directly from instruments. Digital encoding compromises the magick embedded within music.  
Musical instruments give you accurate frequencies of sound that contain their esoteric magick. Its lost with digital translation.  
Music can have spiritual sides to it as well as medical. Lyrics within music are carefully crafted spells of Magick. The strength of the spell is proportional to the emotional reaction the artist receives from others "moved" by the music.  
Your subconscious is what picks and chooses music that resonate.  
For many, cultural expectations pertaining to "constant music listening" is tied to "emptiness" and "NPCness" and is the root cause of many social and emotional reactions to live events.  
Like all interactions in the lower densities of consciousness; what you inject into your body, what you consume for your food, what you bush your teeth with, where you get your "news", and many more elements are all contributing factors to your aura/IS-BE resonance frequency.  
When a person is comfortable with demonic music, their IS-BE is crying for their ego to listen. Instead, the mathematical patterns in music composition theory are studied mind control scriptures to "create masterpieces". There is a perceived formula for success.  
With all music, look into the lyrics, see if you can see similarities between the words "sung" and what resonates from within. Track these. Analyze for themes or patterns. Then meditate on distinct themes or patterns discovered. New information shall unlock to the open minded.  
With great power comes great responsibility.

Nothing to see here.

The Majestic 12 is considered a grand conspiracy theory with very little substance in the mainstream. The Great Awakening is for those who choose to learn. This account is dropping hints about the true nature of our reality, and therefore to those unwilling to wake up, move along  
Pineal decalcification techniques are readily available on the internet. A simple search will yield positive results. Its essential to understand that if you cleanse your pineal gland with supplements that you allow your body the necessary time to adjust to the dietary change.

Pineal decalcification can take months to years to accomplish depending on how poor your life choices were prior to realizing the significance of your pineal gland. Bad life decisions are hard to shed. Only through self enlightenment and dedication to the ascension process will you be able to mentally cope with the dramatic dietary changes necessary to ensure a healthy and active pineal gland. We're talking about changes from the kinds of foods you consume, the dietary supplements you consume, WHERE YOUR FOOD COMES FROM...whether you are drinking reverse osmosis water, or wearing natural clothing products that do not interfere with the electrical and chemical balance that your body tries to regulate itself to. There are many things one must do to heal and enable their pineal gland for non sleep.

The decay rate of pineal accessibility is not a linear function of how long you correct your diet. Let's give you some example figures to work with, perhaps this may help you.

If you're a man (40) and you've consumed the Standard American Diet (SAD) for all 40 years, it would take you nearly 9 years of PERFECT detoxification, meditation, and adjusting your lifestyle (including whether you work or not) in order to START using "magick" of the "Gods."

If you're a woman (30) and you've consumed the Standard American Diet (SAD) for the first 15 years of your life, and the remainder 15 years were 50/50 between eating organic whole foods versus processed poison, you'd require just 3 years to START using "magick" of the "Gods."

If you're a child of 3 and you have never been exposed to the Standard American Diet (SAD) AND you are encouraged to meditate (and do) and engage in non-childs-play-talk, you will begin to unlock Genetic Memories very quickly. Within days.

Childhood should be about learning how to unlock your Genetic Memory, chart and discover the interiors of your mind, learn about the world around you - physically around you first, and learn how to take care of yourself and sustain your living conditions for a long period of time  
Instead children are forced into public school - which we control what the children learn and what they don't learn (since 1951). Granted the disinformation campaign of education existed long before MJ12 came into existence, however when we rose to power, we took control over it.  
That distraction from the path of enlightenment has resulted in humans' genetic capabilities through properly developed brain function to be PREVENTED from learning telepathy, telekinesis, "healing powers" and other "magick" tricks of the "Gods."

Humans have the ability.  
They were just subverted and distracted from learning the truth. Yes. This was intentionally done by the Majestic 12. It was ESSENTIAL that we kept the secret while it was necessary AT ALL COSTS. Had we not done what we did, its quite possible that Earth would have been invaded again, just like it was 6,000 years ago, and EVERYONE would have been thrown in slavery and civilization would have been RESET, like it was then. Instead, because of the genius of the MJ12 and USM we were able to ensure that "Disclosure" wasn't going to REPEAT the mistakes of the past. We believe that through this level of Disclosure (science

fiction, disinformation, esoteric confusion, etc.) that we BEST PREPARED humans on Earth for the REALITY of what exists in Space. The vastness and illusionary infinite scope of the universe is...

The Majestic 12 have been everywhere. There is so much disinformation in the world. What is real?

The Power of 3 6 and 9 is real.

The power to will and manifest physical reality by learning the codes, the keys to the castle, the magic spells, (whatever you want to call it, you can name it anything you want, doesn't matter to me).

3, 6, and 9 are consciousness.

1, 2, 4, 5, 7, and 8 are chaos matrix theory.

Synchronicity weaves the fabric of reality.

Time is an illusion.

The only thing that matters is the here and now.

Not the past.

Not the future.

Time is an illusion.

You control the present, therefore you control the past, therefore you control the future. Your future.

Double meaning to "Future Proves Past"?

In a universe of infinity, the purpose of this twitter account has always been written... its just a matter of understanding why.

This account has been dedicated to educating the public on exoconsciousness from the world view of a Domain IS-BE (of which you are).

The future is filled with LIGHT.

Future Proves Past

Time Is An Illusion

The Great Awakening

Majestic operations have distinct signatures.

There is nothing more Majestic than the Great Awakening.

# MJ12 MajestiQ Operations have distinct signatures.

Majestic operations have distinct signatures.

All humans can intuitively learn logical operations. At 99. At -9. You were conceived with logical operations embedded deep inside code stored inside DNA.

Consciousness creates reality's matrix. Unlearn the lies. Discover the truth with an open mind.

Disconnect from the matrix, detoxify your body, and incredible powers become activated within you that give you purpose and meaning.

Majestic operations have distinct signatures.

Dear Mr and Mrs America,

The Majestic 12 was a secret group of 12 individuals created by the United States Government that would operate outside of law, oversight and governance because of a discovery that took place in the Desert in Roswell, New Mexico. Join us...

The Majestic 12 is not an Official Government Agency. Its an unacknowledged (leaked so public has known for decades) group deep inside the Military Industrial Complex responsible for containing the research and disclosing the truth slowly over a 90 year plan.

Majestic 12 was created in 1947 immediately after Roswell because National Security interests (Holy See) wanted us to cover up the Extraterrestrial life forms and the alternative physics that they use. Organization still exists and is the grandfather of the Deep State non-Cabal.

Majestic 12 hides in plain sight, uses disinformation for real DECLASS orders as not to compromise ongoing operations and has been proactively working behind the scenes to bring official Disclosure and First Contact to the public since MJ12 was subverted for about 33 years.

In 2011, MJ12 control changed hands from the CF/322/M.B. CST Cabal and "The Plan" was created. You are LIVING a Majestic movie of Disclosure. Darkness withers in LIGHT, and truth will be revealed. This account was started around [dates?] to facilitate pre-Disclosure discussions.

First Contact is imminent following Disclosure however society must first come to terms with the DARKNESS that has ruled the planet for thousands of years. Unlearn the misinformation. Kingdom of Heaven is within. Your subconscious is your consciousness which is "God" aka an IS-BE

The Majestic 12 are multidimensional. We operate in the fourth, fifth, and sixth dimensions of reality and hide in plain sight. Can you see us?

Trust in the Majestic 12 is non-optional for Earth.

Slavery is wrong, but it is a common tool all civilizations use during their stages of cultural and spiritual development. The Majestic operate on such different timelines that we view it as a small factor in the grande scheme.

A life over billions of years that experiences slavery for a thousand years is still free for 999,999,000 of those years.

The message is more important than the messenger.

Who the messenger is, will shock you.

Who the typist is, will shock you.

Shock creates emotion.

We are the Majestic 12.

We operate outside of normal protocol that best serve our agenda.

Not everything is as it seems.

Facts Matter.

Operations are active. We will not engage current OPs.

Question.

How about showing yourself... Show who you really are Answer.

Allow us to explain a paradigm:

You are an IS-BE.

Immortal = Time is an Illusion

Spiritual = Theology/Philosophy

Biological = 3D/Science/Life

Entity = Instance

Your Instance is your Ego.

Who others define you to be.

It is who they see in photos.

It is who they think they are communicating with.

Therefore...

Consider the following disclosures provided to you before hand:

- 1/ We will never ask you to believe anything we say.
- 2/ This account is controlled using Voice of God communication to a Typist within the United States.
- 3/ There are 3 typists total.
- 4/ They do not know each other.
- 5/ The Majestic 12 is the capstone of the Illuminati.
- 6/ Disinformation is both real and necessary.
- 7/ We are on Twitter because this medium of communication aligns closer to the Majestic way of information dissemination.
- 8/ We always operate 300 clicks away to cover our tracks.
- 9/ Trust yourself. The truth is within and reality is what you make of it. Identifying your existence as an IS-BE allows you to compartmentalize aspects of your existence to achieve enlightenment. The tree of life is authentic however shrouded in disinformation.

So, allow us to ask you this: If you know we operate in the higher dimensions of reality (and not in the realms of the 3D) putting a face on the Majestic 12 is as meaningless as you can understand.

The Entity Ego of the typists involve have no bearing on Majestic Operations.

The Majestic 12 will continue its operation on Twitter until it is complete. Not every detail is shared with the Q team. There are many players involved in the operations at large and we must all remain united. You failed to "out MJ12". Accept and move on. Divided you are weak.

MJ-12 is non-hierarchical. All members have equal power and authority to perform MAJIC operations. Everything was NEED TO KNOW. Don't dismiss all disinformation. Disinformation is real and necessary. WHY?

Cannot comment on current operations in play.

Allow us to translate:

- 1) Illuminati bloodline families are no conspiracy.
  - 2) Nothing but conspiracy surrounds the activities of these families.
  - 3) Money talks, especially when its debt backed fiat currency based money that actively enslaves most people.
- <https://t.co/b9mZn6iFvD>

There are no subscriptions or monetization associated with this account. Tax payers are paying the operating expenses. In terms of "mind fuck riddles", we understand that it is frustrating, however many operations are currently ONGOING and therefore no leaks of CLAS intel.

Not all operations are malevolent.  
Including psychological operations.

We will not spoon feed answers to crying IS-BEs. You must find strength within and LEARN THE COMMS. Information like this has been concealed for centuries and has been hiding in plain sight using many psychological warfare operations. Break the conditioning. Trust your IS-BE.

Question.

I see 4 possibilities...

1. They're talking to each other.
2. There are members of Majestic 12 on Q team.
3. Both groups utilize some sort tech / AI that prompts them toward certain points.
4. The tech initiated on 11/11 increased coherence of the collective consciousness.

Answer.

2 & 4, however the operations do not intersect. They are complimentary.

Q is an NSA/D.I.A. operation. MJ12 is above Q in secrecy mostly because MJ12's base of operations is not on planet Earth.

MJ12 is a peer of Q, not connected. Separate operations.

Some of the Generals on the Q team are signed into MAJIC EYES ONLY programs and therefore are Majestic in their duties. Does not mean they are all equally signed into the exact same operations.

<https://t.co/aWCAZ4nf7h>

Less than 10 involved in the Q operations.  
MJ12 operations !(not) = Q operations.  
Separate entities.  
Need to know compartmentalization.  
Logical thinking required.

Extreme secrecy and extreme security coupled with no rights as an officer when it comes to the security and safety of the operations.

We are not saying this account has any connections to Q, so please stop spreading disinformation/misinformation pertaining to this account. We do discuss extraterrestrials, consciousness, and aliens, including but not limited to occult numerology magick, and Majestic operations.

Q is an entirely separate operation as we have repeated dozens or so times. MJ12 operates above the Federal Government's bureaucracy because of the severity of the classification pertaining to ongoing ET related operations. Q is Earth based only. MJ12 is not.

Q !(not) = MJ12  
MJ12 !(not) = Q

Therefore, since MJ12 is not only based with operations on Earth, but also other planets in the solar system (and "moons"), we therefore have a wide range of tools accessible only to us to use, and whether people can comprehend it or not, we chose Twitter to communicate over 8ch.

MJ12 have never asked you to not read Q posts, follow advice that Q has given you, or tried to misrepresent information Q has posted, nor will we ever on this account. We beg you, if you do not care to read the information we are sharing, then please simply block our account.

Divide and conquer is real and people have been so condition to teams, and whose side are you on, and is my side winning or not that it prevents legitimate conversations to be had about extremely important subjects. We are here to guide humanity through the Disclosure process.

Not to Disclose the process itself, thats Qs role. Mutually exclusive operations. One coming directly from the Federal Government, another originating from off planet. Same GOAL! The ET race that invaded Earth that has been feeding on your children must be stop. Great Awakening!

"Be careful who you follow" means many things.  
Q is using Majestic forms of communication to disclose highly classified operations so the public will be aware of what's happening and not cause mass panic.  
This is the Great Awakening.

Now that we are INSIDE the Great Awakening era itself, "be careful who you follow" is a call to action for each IS-BE to:  
#Q1936 says: <https://t.co/yFxnRTFTf8>  
Trust yourself.

Distraction !(not) = BS  
Distraction means eye off the target.

Q mission is necessary.

Cabal "leak" space related stories to distract.

Eyes wide open.

Target was the Senate.

53-47

Think of the vastness of space.

99% of UFOs are manmade.

Majestic Operations

QAnon is a separate NSA operation. But where there's 1 there's 100. All for different purposes. All playing hyperdimensional chess. Welcome to reality. However the nature of reality is not as you were taught. An alt physics in Classified programs exists that MJ-12 has "DECLASS'd"

Meaning process of actual declassification of information pertaining to whether the secret is only present in order to protect criminality. This is why we operate 300 clicks away from the subject but at a tactical advantage over everything else without raising too much suspicion.

Cannot comment on current operations in play.

Question.

Were there tunnels being expanded in new areas, i.e. a California town?

Answer.

Many tunnels previously in the private sector are being renovated for convergences of private SSP/public disclosure.

Not further. Operations are active. Classified..

[Bitcoin]

"Insurance Policy" -> Pump \$\$\$ + Marketing Into Bitcoin

[Insurance Policy] = Bitcoin Crash

Why was bitcoin created?

Coyotes used bitcoin for laundering "not real money" for trafficking operations.

How do you prosecute those who created the bots?

How do you recover projected losses?

How long have the bots been actively siphoning hundreds of billions of dollars from the entire globe lost in the noise of buys/sells by regular people?

How many TRILLIONS?

Piggybank. <https://t.co/Ktlx9bEeiJ>

Question.

I don't own any bitcoin, but I do understand blockchain. I'm pretty solid at math, but I wouldn't call myself a wizard. My point is why create something for laundering assets when there's really no need? Trillions upon trillions have been laundered through USD at this point.

USD certainly is a problem, however who safeguards USD?

Software Engineers Consume Excessive XXX

Tech Giants hire those engineers.

Tech Giants manufacture hardware that can operate 90% of the internet solely for the purpose of pornography.

The mainstream porn industry is the front for the transnational trafficking rings which are fronts for the intelligence communities which are fronts for the religious cults which are fronts for the interdimensional and extraterrestrial aliens siphoning life from Earth for power.

Question.

So for clarification - they use sexual Enslavement to change the matrix they and we live in through enhanced consciousness.

Answer

Correct. 90% of the internet is porn.

The siphon the sexual energy from one IS-BE to another to strengthen their subconscious abilities to physically manifest reality. Essence of magick.

Social Media + Advertising + Clowns Exploit Emotions

You will never be able to force change on the inside. Tech Giants operate like cults to the advancement of their CEO/Brand at the expense of their subordinates. Failure to align with this cult will result in your removal from the organization completely and be blacklisted.

The need was to take wealth away from average citizens who don't normally fund their operations through drugs, sex, and crime extortion. They perpetuated the fraud because it lined their pockets despite the technology having strong potential. The story around bitcoin is disinfo.

- VA is a major player for child sex trafficking ratlines and like FL, a new Governor would go a long way to cleaning out these ratlines.
  - Majestic 12 has operations in VA, FL, MA, TX, CA, NV, and several other locations.
  - Majestic 12 is an old name.
  - We were also known as the "WORKING GROUP"
- Putting America "back to work".  
MAJESTIC

Cannot comment on current operations in play.

- Majestic 12 has active operations ongoing in the United States from D.I.A. assets using social media tools, like Anonymous Official, and this account to disclose vital information about the MAJESTIC reality that exists.
- This account is a conduit to three members' operations.

We are the masters of movies. Everything is intentional even if you believe the purpose was not obvious. IS-BEs can get compromised and work in secret. NSA '47 allowed them to create SCI to hide their activity. Need to know.

This account does not disseminate information unrelated to the INTENTIONS of MJ12 that do not serve the purposes of disclosing SOME activities to the public.

This account is not expressing opinion. It is disclosing formerly classified intelligence the Majestic 12 had acquired regarding consciousness and how reality works. We are not interested in philosophical debate with any individual. We instead will opt with no reply.

MJ12

The Domain were never actively engaged or present with lifeforms on Earth. They governed through higher dimensions since they are mostly exist in those higher densities. They only fabricate an organic doll body (source of energy is through the light). .. when they have a need for making contact in the third dimension or handling matters in the third density. Beings from Earth during the times of Atlantis etc knew of The Domain indirectly (and very rarely directly), but never actually lived side by side.

Humans fear what they do not understand. To understand that beautiful being (really, they were intelligent, loving, and curious) you first had to shatter the illusion of your own reality. This forced many in MJ12 to "panic" and double down on secrecy operations while exploiting.

The increased activity is because our solar system is starting to pass through a quantumly charged area of the galaxy that is causing the antennae of many life forms to stop and go "huh...."

Also, lets lend a perspective into the following:

Remote Viewing, the bulk of the STARGATE program at DIA, revealed the usage of global consciousness to accurately "sit in" on EXTREMELY CLASSIFIED AND DANGEROUS operations world wide. This ability is still used to this day,

Question.

@TS\_SCI\_MAJIC12 who were the surveillance systems of the world in general set up to keep track of? Human under the disguise of national security or were they \*watching\* someone else?

Answer.

It was created to ensure that the Cabal could operate with complete autonomy. They knew where to go so nobody would find. Information is power.

Majestic Message of Discussion

We are Disclosing vital information about the fundamental structure of society in such a way that would make anybody say "WHAT THE HELL IS THAT?! It has spaceships and it rapes babies. Its stolen trillions in wealth from us and has damaged Earth." Military Tribunals are part of the plan to purge the Earth from the animals that have lurked in plain sight for decades and ... BOOM BOOM BOOM BOOM 

We have the server(S).

"Massive coverup of widespread criminal activity at the State Department and the Clinton Foundation" - 45

Our collective consciousness needs to prepare to understand what is required of a society to say no more to those crimes. How?

The answer is Majestic if not a direct violation of the 4th Amendment if not explicitly used for National Security. Mass surveillance. Majestic.

We live in the world today however the threat of mass surveillance from the Military is 0, however from highly political weapons like the DOJ/FBI + UK/AU/assets made them the Cabal. What if new laws could be introduced?

What if we make a law that requires NSA mass surveillance to automatically be monitoring all Federal Employees and if artificial intelligence detects extreme criminal behavior (child pornography, murder, rape, genocide, Classified, [Classified], etc. weapons development etc.)?

Executive Order could legally create this new Government policy, though it risks being revoked by the next President. We, The People can use the powers granted upon you by the Majestic Green Frog 🐸 Pepe. Meme magic is MAJESTIC EYES ONLY Military Grade mind control technology/AI.

When what the Clinton Foundation was involved in, as to be determined by Huber and Horowitz, how will We, The People demand these people be held accountable and how do we prevent it in the future?

Everyone understanding who and what Q Anon is understands a Majestic magick.

Mass surveillance technology was reverse engineered off from MAJIC EYES ONLY related off planet expeditions with multiple extraterrestrial races. Their technology is so advanced that they need AI to monitor the security of every soul in that capacity.

Life is a spark of light. The closest that a society can get to being fair, honest, and right minded towards one another with legally addressable potential crimes being committed and tracked by Military Intelligence.

What if we can turn the dial on?

This goes without saying that the evidence produced by the mass surveillance programs is so conclusive that reasonably straight forward undeniable evidence would seal tight a classified hearing internally where the agent would be prosecuted.

As 45 said today regarding the drug crisis (creates by the Cabal), we are going from NO PENALTY to DEATH PENALTY as a means to weed this cancer from Society.

Hollywood always sells the idea of mass surveillance as a bad thing. It is a bad thing, for them. Equal application of our Laws.

Thank you Justice Kavanaugh.  
These people are sick.  
They have no place to walk our streets.

Two tiers of justice.  
Connected to DOJ/FBI rings = Safe??

That's the open secret required among all in the sick game they are playing have, as long as they were in power they could cover it up completely and they had to. The rules somehow didn't apply to them. They were never matters of National Security. Why? WHY?

Why wouldn't the definition of National Security include child sex trafficking, and to use the might and force of the entire US + Majestic Militaries to fight?

Has that changed recently?

Rats everywhere.

"Dark to Light"

Requires global brain activity over 30% to create "things" with your mind. Cabal engineered education reprograms the mind to operate at 5% or less.

SHEEP NO MORE.

mostly around the electrical capacitance capabilities of the brains neural activity current human brain structure is not advanced enough to handle higher currents of electricity

Yes, but as you will note in the other tweet we sent, the capabilities of a lower functioning brain (like a normal human) would result in limited functionality such as lower speeds, lack of sensors, etc. etc. Simultaneously controlling those type of subsystems require the brain to process a lot of information simultaneously in your conscious mind. Impossible for the unseasoned pilot. However a seasoned pilot who can intuitively FEEL the craft they are controlling (with manual controls and nobs) have the closest ability to learn how to control these UFOs. In many regards, an IQ of at least 400 is required to fly some of the more basic consciousness crafts we have in our possession. IQ not being measured by currently public tests. for those who struggle with interpersonal issues flight of this type is impossible

"Some things must remain classified to the very end." Q

Like human experimentations into telepathic humans.

How many children died?

More than you know.

More than you could stomach.

Comment.

Millions of children died, million are still missing on Mars or the moon in slave colony's, in DUMBS. A lot of sleeper agents and what they call assets still being used to this very day. A lot military experiments, human and non human. Mk ultra supersoldiers. Reply.

Not as many as you believe.

What if we performed experiments on the beings who crashed even after they asked us, warned us, and dared us to let them go. They tried everything to escape. It was pitiful to watch. Only through understanding, did they understand our sacrifice and why. It took time to repair.

But in the end, they knew why we did what we did (to a certain degree), and when policies were changed to better respect their free will rights (just as every other intelligent life form receives on Earth) they started engaging more actively with us.

There are many people in Government currently who are actively working to sabotage the Space Force's chances of success. They are the enemy of the people. With regard to our planetary evolution, we must look to the stars and unite as one. We all live on the same pale blue dot.

Anybody at this point in time who refuses to acknowledge or disclose the ET presence on Earth is actively working for the entities who are trying to sabotage our Disclosure efforts. Many ETs here DO NOT WANT Disclosure. Not all evil, but most don't want Humans to find out.

some of the craziest people are the most intelligent

Indeed.

However, what happens when the "good" forces in the Military take control over MJ12, cease to operate the sacrifice programs and essentially give a big middle finger to the aliens demanding the children, you are faced with The Storm we see today.

Many celebrities, politicians, Government employees, civilians, etc. who were involved in these programs were all working for these ETs even if they had no clue. It was designed this way. When the feed was cut off, the revenge started showing itself through linked consciousness.

The people who were under the "spell" (so to speak) of these ETs from their sacrifices and commitments to Satan/Lucifer "himself" (not really "himself", just claimed to be), would receive constant conscious communication with the IS-BEs the USMil was actively fighting.

Not all CIA is bad. Cabal operates 60-75% of all TS and higher criminal activity. Remainder is by civilians.

Some of this crosses RED LINE territory, so we won't be expanding any further quite yet.

However, the purpose of the Space Force creation was to force all of the secret technology out of the shadows and into the Commander in Chief's desk.

The law requires them to comply.

Additionally, dedicated Patriots in the Military who were just as upset about 9/11 and most civilians were decided that ENOUGH WAS ENOUGH. MJ12 was commandeered a month after 9/11 and the Space Preservation Act was enabled to block future rouge Majestic 12 operations.

The Military audit currently ongoing is turning up technology that is "out of this world" and "in science fiction". You've heard both the President and Vice President refer to this new technology as such.

Hollywood knew the secret and they hid it in plain sight.

Since the Space Preservation Act was designed to stop MJ12, which it had relatively little success until HRC was removed from office (who was also an MJ12 member until recently) once MJ12

got in the hands of the "good" side of DIA, and later to 45, those weapons can now be used.

Against them. 45 has constantly said "I am rebuilding our Military." and "I will never forgive 44 for what he did to our Military." NOT ANYMORE.

The audit is turning up technology the likes of which the world has never seen before and the ONLY solution to ensure we survive is to unite as a planet and realize "we are all humans" and our "problems at home won't seem so big if we faced an alien threat."

Many people here like to tell us, the Majestic 12, that there are no such thing as bad aliens. They are good-willed but severely ignorant.

The alien "false flag" invasion was supposed to be just that. An invasion, but planned by the winning side before it happened. Americans were to be the losers of that battle. But regardless of how power has shifted, it still requires us to deal with the fact that 322 is powerful.

For this, we need a Space Force and to bring out a lot of that technology hidden in the compartmentalized programs through the nation's top defense contractors. You'd be surprised how many people actually want to see this happen.

The United States will never cease its relationship with Saudi Arabia so long as the Stargate in Saudi Arabia is under the Kingdom's control. The US has a vested interest in the joint military operations behind operating the gate/portal.

Majestic Message of Disclosure

Florida's Broward County and Palm Beach County play a critical role in one of the CIA's MAJESTIC operations that included the following aspects all intermingled into one operation (to maintain secrecy):

1/ Mind Control experiments were heavily funded at the federal level in Florida that resulted in many "sleeper cell" agents to be activated at specific events.

2/ Organized child procurement operations embedded deep within very large media corporations to provide supply to transnational CIA child trafficking trade.

3/ Public Space port of entry means federal funding is laundered through Florida essentially funding all of these operations.

4/ Victims in the State of Florida include citizens on rare occasions. Non-citizens are essential to this organization. They believe the non-citizen is consumable and disposable because they are not protected under our laws.

5/ The Floridian incumbent Senator is a dirty politician with skeletons deep inside his closet including providing protection to Broward County election corruption because of the implications actions would have on these unacknowledged CIA/Majestic operations.

6/ The Floridian defeated politician is deeply involved in these unacknowledged programs which include a perverted affinity towards young children, including pedophilia and sodomy as well as snuff murder.

7/ The Majestic Operations running domestically in Florida were being run to supply money, children, slaves, and political power

to several DUMBs strategically placed within Broward County and Palm Beach County.

8/ The OLD GUARD is being systematically dismantled by the super elite Defense Intelligence Agency. A new future awaits America and it is one that includes disclosing Extraterrestrial life not only here on Earth but also on the Moon, Mars, Venus, Jupiter, Saturn, and many more.

9/ A Stargate exists in Florida that transports hundreds of assets between off world bases.

10/ Many who are transferred are children being funneled through some of the major entertainment corporations of Florida who were Majestic appointees of the past.

11/ Florida is not an anomaly. You can dig deep in every state in the Union, however Florida is certainly a hub of some sorts.

12/ You are witnessing the systematic destruction of the OLD GUARD. You are watching the true IDENTITY of the "Deep State" / "Democratic Party". Not Democrats. The party corporation itself.

13/ This body is vastly responsible for the manufacturing of mainstream propaganda, entertainment of all types from childrens stories to porn with child themes to tv shows that are absolutely worthless to a militarized presence in Space filled with hostile aliens. No peace.

14/ This body is also vastly responsible for the manufacturing of compliant subordinates that is okay with their own children being abducted for these secret programs. Some of them are actually complicit. They know what happens and understand that they are a pawn and not personal

15/ This body is also vasty responsible for news and political media coverage in the United States. For decades their strictly controlled pundits regularly visited Majestic Operations in Florida which included blackmail collection using children.

16/ It wasn't until the "good" side of the Military took control over Majestic 12 in a capacity capable of dismantling it did we start to see top US Intel officials become full time anchors for the largest news and politics media corporations. The ship is sinking. They know it.

17/ Florida is a major state to understand when it comes to the Deep State, the Bush Cartel, the Saudi's, and interplanetary child slave trading for religious consumption to continuously feed the occult magic connected to adrenochrome.

18/ Adrenochrome is traded intergalactically among many power hungry races. These other races trade knowledge and access to extreme power for long periods of time in exchange for constant feedings.

19/ Many rituals that occur, the cult members witness the "demon" (aka the extraterrestrial alien) consume the sacrifice and the members who join the Cabal must participate in order to prove their allegiance to this higher form of intelligence (from their own).

20/ When Time and Space are an illusion to you, and you have a ship capable of interplanetary travel, trading a few favors for "convenient events" in exchange for the sacrifices. These entities exist solely for this purpose and they too hve very advanced technology.

21/ A lot of that technology has come out of Florida and the the systematic attack on youth and our childhood came out of both Florida and Hollywood; but probably more consequently, Florida.

22/ The programs operated out of Florida by the OLD GUARD were horrific crimes against humanity and admission into the Galactic Federation requires all world leaders to unite behind eradicating these enemies.

23/ Another alien "hot bed" and pedophilia rampant culture, France, just had an assassination attempt on 45. The destruction of the OLD GUARD is larger than just the United States. This requires a global GREAT AWAKENING.

24/ We honor and respect the service and dedication to our County that all Veterans of America have put forth. Freedom isnt free and some make the ultimate sacrifice. Many were betrayed, and for that we are committed to unifying the country once again through truth and disclosure

25/ Finally, remember Billionaire pedophile Jeff Epstein who ran the Lolita Express where Bill Clinton regularly frequented was actually just an FBI operation being run under Comey. Those who know cannot sleep. PANIC IN DC. Trust the plan!

26/ Every major legal authority in Florida was corrupted by Operation Majestic Childhood. Jeffrey Epstein's case proved it. When he got off on real charges, the Cabal believed it got measurably stronger and more confident. More mistakes.

27/ The Majestic 12 on paper is not involved in any of this activity, however outside of insecure paper, alterier motives corrupted early members of Majestic 12 where their actions alone where Majestic that make it very difficult to combat in the dark.

Question.

@realDonaldTrump @TS\_SCI\_MAJIC12 @StormIsUponUs @intheMatrixxx @shadygrooove @dbongino Question: Is there any truth to SenateAnon statements before Q on 4chan/8chan? Blackmail controlling everything for the handlers so Trump has nobody? Declas by 3/19? Arrests to start publicly?

Answer.

Disinformation is real and necessary. After this [senator] leaked classified information about ongoing operations we couldn't prosecute them. They exited with dignity against their will in 2018. Partial truth lies within disinformation. Truth resonates from within. Successes? No.

Social Media Regulation to include protections against "disinformation campaigns" such as topics like "conspiracy theories", "anti-vaccination", "informed consent", and other Majestic operations?

Politicians are looking to exploit DCMA to silence Q&Anons + MJ12.

Question

Where can we learn more about the Galactic Federation? OR, what current sources of information are "mostly" accurate about the Galactic Federation? I had a recent dream about an offworld cultural exchange program... something about a "2nd wave." Quite interesting indeed!

Answer.

Remote Viewing, Deep Meditation, and a clear mind go a long way to making telepathic contact with members of the Galactic Federation. Some are actively communicating now.

Question.

I just saw Stargate SG-1 (season 4 episode 16 - "2010") where the Aschen were trying to wipe out humans with an anti-aging

technology (that also secretly made them sterile). Creepy to hear you talk like this though. What about when you mentioned humans can be up to 1,000 years!?

Answer.

The Aschen are not known by that name, but they are very real and we made contact with them back in the late 1970s. In the TV show, SG-1 used the Stargate to "time travel" to prevent it from wiping out life on Earth. The only reality impacted in that episode was Gen. Hammond.

The disaster was diverted by Gen. Hammond accessing information stored inside time to prevent a disaster. The Stargate in Area S-4 (SW of Area 51) is a time machine for the IS-BE who uses it as well as a wormhole dialing device. Orientation changes the physics and outcome.

Stargates do not look like that. They sit on the floor level with it and a bright light shines from the device when its activated. You walk into the light and are either transported or given a very real vision depending on if you're using the time machine observer feature or not.

Quote.

You could observe your own birth and parents as they were younger 🤔 sign me up!

Reply.

By that logic you could watch your parents during the time you were conceived have sex. Although causality laws make that more difficult than you realize.

Question.

You can observe specific points of time in the past without actually going there?

Answer.

Future too.

We were mandated with doing anything necessary to ensure the secret was kept safe at the time. Those who strayed from the path needed to be met with hard resistance and some paid with their life. The secret was too big to give up just then.

Also, lets lend a perspective into the following:

Remote Viewing, the bulk of the STARGATE program at DIA, revealed the usage of global consciousness to accurately "sit in" on EXTREMELY CLASSIFIED AND DANGEROUS operations world wide. This ability is still used to this day, though individuals can use technology to put scrambling technology in place that prevent you from being able to remote view into a DUMB or any other classified location.

Remote Viewing was a very dangerous phenomenon that the US Government had NO CLUE what it was or whatever!

So we panicked. We had to keep the secret safe. Free energy? Awesome, yes, but we could NOT reveal how we learned about that technology without disclosing WHERE we also learned about Remote Viewing. Imagine if you could remote view into the Situation Room how devastating that could be for the United States? Majestic 12 was tasked with defending the nation FROM

the secrets we knew because our Nation wasn't advanced enough at the time to deal with the dramatic changes.

One final note here, we have, through our exploration, discovered countless other planets with civilizations similar to ours in development progress that through the interventions of extraterrestrials on those planets, disclosed alien life and technology before people were properly prepared and became enslaved by a similar kind of interplanetary cabal to NWO.

Question.

Just speculating...if MJ-12 has connection to Source consciousness, and/or Looking Glass Technology, they would probably have an overview of how individual IS-BEs have been incarnating in and out of history. I suppose they could even be tracking our IS-BEs through various lives!

Answer.

We actively track IS-BE reincarnations.

Question

Any of those you track active MAGAs on Twitter? Or even mentioned in or replying to your tweets?

Answer.

Yes

Question.

So MJ-12 started as an project to coalesce nazi ufo tech (nazi bell aircraft) into one classified project. Then later dibanded and reformed to declass the ufo info into the public space "QAnon style"? And the military is using accounts like this and Anon Offic to do that?

Answer..

QAnon is a separate NSA operation. But where there's 1 there's 100. All for different purposes. All playing hyperdimensional chess. Welcome to reality. However the nature of reality is not as you were taught. An alt physics in Classified programs exists that MJ-12 has "DECLASS'd"

Meaning process of actual declassification of information pertaining to whether the secret is only present in order to protect criminality. This is why we operate 300 clicks away from the subject but at a tactical advantage over everything else without raising too much suspicion.

Question.

So the military/intel agencies are spreading info to the public and killing the deep state via 1000 cuts via multi sources (social media, msm, etc). All this to awaken the people as the world turns.

Answer.

We call it the Great Awakening.

So the military/intel agencies are spreading info to the public and killing the deep state via 1000 cuts via multi sources (social media, msm, etc). All this to awaken the people as the world turns.

Question.  
Could you explain the relation between Majestic 12 and Donald Trump ?  
Thank you  
Answer.  
We recruited Donald Trump. We gave him an opportunity and he took it.

Question.  
This is transparency, thank you 🙏  
Did you recruit him after his election ? How do you take such a decision within your board ?  
Answer.  
We recruited him in 2001.

Question  
Was it his initiative or your suggestion to run for presidency ?  
If you were behind him, how could others not believe in his election ?  
Answer.  
Everything was planned. DJT vocalized to MJ12 via TV interviews and tapped private conversations that he was serious when he suggested it, though vocalized how much he wouldn't LIKE doing it (in contrast to his former lifestyle).

We convinced him to bite the bullet and run.

19/ President Trump is now Commander in Chief. He doesn't need his Foundation anymore to do GOOD for the World and bring LIGHT to all. The world is watching. The world is waiting. The world will learn the TRUTH! SHEEP NO MORE! Disclosures come in small segments because prosecuting this group is going to be a doozy. Are you ready for the show? When do specific EOs become activated? Why did General Sessions resign? Why did Graham question Justice K about enemy combatants in Military Tribunals? Why was the Senate KEY? Why was the SC ESSENTIAL? RULE OF LAW!

20/ Flynn will begin testifying against this group and bring down the whole house of cards over the next few months. The plan has been carefully scripted and has expectations of the outcome due to WE THE PEOPLE's love for our children as our country is forced into grieving.

Hello Majestic 12 leader (of decades)... we hope you enjoy the afterlife (in hell). <https://t.co/NIRFfl8XyJ>

George Bush is a product of the society created by the banking cartel. He learned at a young age whose side to pick, and it played out well for him. He does, though, struggle with sleeping most nights. He does feel ashamed, especially as he is about to meet God. We'll see.

He did set things right, behind the scenes. He resigned leadership of the Majestic 12 to pave room for the Trump Era. He realized he perpetrated a LOT of evil around the world, but he doesn't regret everything.

Only the betrayal of his God.  
It's always been about him.

3) Between \$400M and \$2.5B in "donations" must be considered taxable income and the donors must pay taxes on the illegal donations.  
The Clinton Foundation operated as a foreign agent who actively worked against the National Security interests of the United States. TREASON.

Wide spread criminal activity = international child sex trafficking ring.  
State Department used for facilitating financial/asset arrangements with other nations to procure a constant supply of children.  
Clinton Foundation was used as one (of many) front companies for access.  
When these young girls get groomed for pornography they engage in non violent sexual activity with politicians, celebrities, bankers, tech executives, and many other people as a commodity of sex being sold for thousands of dollars a session in the form of money laundering.  
National Security law should create ranges for legally being able to provide consent. Young relationships and young teenagers need to explore relationships with each other they should be able to consent among each other. In legal cases this can protect wrongly served "justice".  
However, 18 being legal age of consent among relationships also means consent of predatory sexual hunting by powerful billionaires and millionaires who consumed youth like a

commodity. Epstein was consuming hundreds of young souls for his own perversion with no regard for victims.

In order to understand the fundamental balance between your IS and BE connection you need to realize that its actually a mind body connection and sexual energy is extremely strong and can both help and hinder spiritual development with aligning your chakras.

Not a religion.

This includes being able to safely explore sexuality among peers in healthy situations where engagement would not be considered criminal and therefore not illegal.  
Adults must be classified as individuals who have no more than 2 years of age from the teenager.

National Security.

Solving "Child Sex Trafficking" means we must bring DARKNESS to LIGHT related to the fundamental structures of the porn industry and how its a multibillion dollar a year industry. Imagine making millions on selling quilts? Or videos teaching languages?

No, but children? 💰💰💰💰

Adults exploring sexual energy together is extremely important for relationships however the current obsession with family porn, incest, bestiality, dungeon sex slaves, torture, abuse, rape all in the name of acting.  
They worship this energy. Allow them.

However we must address using drug smuggling by Clowns cross sections with these trafficking rings. Drugs are used to collect blackmail on victims and increased risk of sexual abuse to be traded among other wealthy celebrities. Some "porn stars" are victims of horrific crimes and its truly bad.  
You can see 🙄 the abuse in their words and eyes. Why is this allowed to happen? We have the intelligence that these networks exist. Teenagers exploring sexuality with each other must be protected in segments to ensure common development experiences where emotions are explored together in healthy ways that encourage love, compassion, ingenuity, dedication, motivated, happy, etc with each other where the presence of these networks + big money to be earned with relatively "little difficulty" with extremely high emotional costs resolve

Cabal taught lies.

Chaos needs to be controlled. Uncontrolled drops create unpredictability. During Elections that trick has been used before. Information is seeded into the public through these forms of comms. Public opinion and outcry forces declassification of clown activity.

The body physically regrows itself every 7 years. Alternative medicines exist in the public space that originated from Majestic 12's "pro Disclosure faction" that will help reduce the number of pills you consume due to their improperly tested cross contamination which just kills.

7 = Stable personality is typically formed at this age, or around it.

Are their weapons really tools since they can be used for both good and bad?

What if the weapon could destroy all life?

What if it could also heal all life?

What if it operated by responding to the frequencies emitted by the conscious beings around it?

What if those signals had functional programming associated with them?

Who knew that light could be a weapon?

All humans can intuitively learn logical operations. At 99. At -9.

You were conceived with logical operations embedded deep inside code stored inside DNA.

Consciousness creates reality's matrix. Unlearn the lies. Discover the truth with an open mind.

Disconnect from the matrix, detoxify your body, and incredible powers become activated within you that give you purpose and meaning.

Yes the brain can be enhanced and expanded through conscious control over your own DNA. Trick is to know the coded sequences to activate in meditation in order to expand cognitive ability.

You don't think your body isn't modified? It is. We seeded this technology into Monsanto and \*SOME\* GMO organism are designed to activate dormant regions of the brain to make it easier to receive DNA activations / epiphanies / opening your third eye / etc.

However, \*MOST\* GMO organism are purposed for population reduction. Consuming GMOs will shorten your lifespan and combined with the decreased birth rate, we may be able to lower the planetary population without violating any negative karma laws that exist.

Technically it does not violate free will. Humans have the knowledge and ability to choose not to consume that food. We make these deadly foods convenient and the negative karma induced by indulging in these poisons justifies in the grand scheme of things their early demise.

Think of the universe in the terms of energy, frequency, and vibration. Then consider what it would take to convert all math based meditation techniques into base 8. How would they change? Remember, base8, 9=0.

Question.

Does being on an anti-depressant (SSRI) block the proper functioning of the pineal gland?

Intentionally trying to mimic the cannabinol activation techniques of CBD/THC at the expense of toxins being injected into your body that obfuscate your pineal gland's effectiveness.

Remote Viewing was a very dangerous phenomenon that the US Government had NO CLUE what it was or whatever!

Have you met the ISBE inside you yet?

Solar Flash is a term used to describe an internal revelation that will take place in every single human.

All beings on Earth are being mobilized and activated.

This is a Great Awakening.

G.A.'s have also been called Mass Extinctions (M.E.'s) before.

But life survives and evolves.

Comment.

That makes sense. I've definitely noticed sensations, or a certain tranquility. Maybe it has to do with this transition. Or maybe it's just me meditating more :)

Reply.

Many life forms will survive, and those who do, have been smart. They educate themselves on consciousness, holistic healthcare, geography, space weather, survival skills, and meditation.

Those who do not, "die" and start all over as a child. Those who do not make it will struggle at first, but the society should be better aligned in 10 years to help people of all walks of life expand their consciousness and for the first time in thousands of years, MEET who are really are.

Have you met the ISBE inside you yet?

SHEEP NO MORE.

The sun will be turned to darkness  
And wine to blood

MJ12 has been lying to you how the planets orbit the sun. Learn the truth... meditate to this image and tell us what you learn. There is much truth hidden in this simple diagram than first glance would reveal. <https://t.co/KSDS2xRloL>  
Apologize for the typo.

Looking into the sun with proper protection amplifies the strength of your inner eye to see.

Think of it this way.

Every neuron in your brain is a galaxy.

Every considerable kind of information that could pass through the neuron is a star cluster, solar system, planet, "country", person, cell, particle, energy.

500T (trillion) connections.  
500T (trillion) planets.

We do not predict dates, however have you seen the news recently? Scientists claiming that dimming the sun is a "good idea". What happens when public says NO DEAL at the polls? Legalization of those programs will be challenged in courts by incumbents and programs will cease.

Sun will go through an energy field that will charge quantum particles that hit earth instantly giving all light beings on earth a download of new information. Not there yet.

Connected to the progress of the Great Awakening. Remember, Time is an Illusion. Events matter more.

Question.

Has a "trickle" of this light made it to Earth? I am noticing subtle physical changes and a flood of "intuitive information" flowing to me.

Answer.

That's the Great Awakening actually. Unrelated to the sun per-se.

Those who know, cannot sleep.

The increased activity is because our solar system is starting to pass through a quantumly charged area of the galaxy that is causing the antennae of many life forms to stop and go "huh...."

Question.

Carbon 7... Is it a real thing that will happen to our atomic structure via the sun/mutations?

Answer.

No spoilers.

Why is it important to relive trauma without fear in order to heal?

Your vibration has the ability to be tuned (precisely is VERY difficult) to send new instructions to the protein that is responsible for transcoding the genetic code to your newly

created DNA. It takes a while, but transformations like this are physically possible, though hard.

Some of the greatest minds on this Earth have experienced horrified trauma and understand their fundamental responsibility with dealing with the reality. The path to self enlightenment is long but well worth the investment of energy.

The species human is a carefully engineered vessel by hundreds of races who have spent millions of years perfecting the medium to experience LIGHT in. Humans are not lying shitty biological computers. They are infinite light beings having a human experience. Life's hard for many. Because infinite light is immediately attacked and bombarded with mind control technology (medical, entertainment, books, music, songs, etc.) that do not allow a newly welcomed IS-BE on Earth to discover their IS-BE before being responsible for make life decisions.

AJ "Aliens" Unacknowledged Projects

Think logically.

Majestic 12 was issued by an American President knowing the CIA was an extension of the British Empire by essentially loaning the keys to the empire.

NASA was Nazi Third Reich.

3 Shadow Government

These interdimensional engagements are occurring all over the planet.

We are using their technology against them.

FISA works both ways.

A lot of these experiments take place deep inside the M.I.C. which is multiplanetary as well as present on almost all Nations.

Majestic 12 was receiving these new technologies as AJ explained through these scientists. This was what the Working Group really was composed of but with MJ12 members (mostly all Generals or Admirals or [Classified]). The American Generals were compromised for a period of time.

In 2017, those Generals were court martial'd and executed in Military Tribunals which are currently taking place. The Military is first cleaning itself out internally, which is why there are so many delays currently going on in addition to extreme GITMO activity recently.

Many of the bases those Generals were commanding were unacknowledged black ops projects that Q has suggested throughout their disclosures.

Majestic 12 discloses this information through propaganda.

That is our mandate.

How do we propagate this alien information into the Country?

The technology could be used both ways.

We knew what it took to acquire the information, however the lack of compassion is actually a weapon to use against these entities.

They wanted absolute control.

We gave them absolute control.

In order to give them absolute control..... we had to educate and disclose the new reality to the world. Cell phones and tablets all existed in the 40-50s which were almost 200 years more advanced than current top of the line iPads are. The technology companies are actively engaged in business and religious agreements with these interdimensional aliens. This war is real. This information is crazy messed up, but there is a simple solution that the Majestic 12 would like to convey for you to consider. It must come from the will of the public. Majestic 12 cannot manifest this, but we can

SET THE STAGE

Three truths and realities we must accept:

1/ We are all one of the same kind.

2/ We are all Gods inside.

3/ We are all unique and special.

In the beginning, the Gods created the heavens and the Earth. Cocreative exoconsciousness.

Extremely real.

Literally the Matrix.

Majestic 12 has spent millions of dollars on building these exceptionally influential and powerful empires dominated by obsession in Space. These are the secrets being promised, exchanged, and built inside breakaway shadow Governments and planetary civilizations.

These movies, tv shows, comic books, fantasy movies, etc that disclosed ET presence on Earth and what interacting with ETs really entails. The fact of the matter is, extraterrestrials IS-BEs are not interdimensional IS-BE. You are not required to take DMT supplements or drugs to brain and mind, stored inside of your DNA which then is the signature used by your subconscious to project reality around you. Your IS-BE is the God inside you. You have the ultimate control over your own destiny, however to comprehend and manifest those lessons, patience, prayer, meditation, empathy, love, and union are emotions that will manifest positive life energy manifestations to become in your reality. Allow us to connect a few dots for you that may be unclear. These interdimensional beings responsible for the child sacrificing obsession the society has been driven to are also the source of where fascism is coming - the Universities. We can visually see the Universities are cults with massive pedophile rings inside of them using Government subsidized programs to perform illegal experiments on millions of lives.

Understand that all life forms are IS-BEs. Including mice. Including rats. Including bacteria. All IS-BEs are a manifestation of a conscious projection of an IS who wishes to BE. The IS-BE responsible for the Biological entities it encompasses. This logically and compassionately.

Question.

"What about cloning centers? What goes on there? How will these be dealt with?"

Answer.

The plan is to do a positive roll out of new organ growth cloning services from your own DNA. Very affordable solution to organ harvesting. The technology exists. Wolves who feed need prey to hunt. Cloning technology is not all bad, as are other things Majestic.

Question.

Would a clone need to physically interact with me to find out intel and information about what I was doing/thinking, or can they discern our thoughts via an AI matrix /ESP/telepathy?

Answer.

Clones aren't nearly as functional as science fiction has made them out to be. Artificial cloning is using technology to allow a "single IS-BE" control more than one body, however higher

densities of consciousness, IS-BEs can naturally achieve this with zero negative side effects

Natural is written in the code of DNA and consciousness energies of all types.

Where real magick is taking place.

Not all evil.

Many for good.

Order is not "Natural", in the sense that is removed from consciousness.

Our Order is not automatic or intuitive; it is conceptual and dependent upon conscious human beings for it to manifest.

I'd say the 40kft view is where a notion like yours of a Natural Order would make more sense.

Expressing conscious phenomenon with unconscious qualities results in delaying an appropriate identification for consciousness evading objectivity in its actions and thinking.

Law establishes force with concepts that are either bound to reality by the value of liberty for all or liberty for none.

The in-between is akin to the game of poker before the Internet, slow to change and quick to deride and evade identification of absolutes in order to contain competitive theory.

Families are families, no disputing that. The concepts by which families govern themselves have progressed considerably, but our innovation and industry in the modern sense has relinquished any alternative to individual liberty as a rational and practical means of governance.

Life isn't a game, it's Life before it's a game, like Marijuana is a plant before it's a drug.

The conscious phenomenon is the same between the two; the input is never not consciousness.

The War on Marijuana is but one component of the War on Life, in which reality is identified by tribal thinking of the past that's currently getting its comeuppance with the Internet enabling more people to enjoy objectivity's value in identification (consciousness/spirituality).

Remove triggers from your environment.

Why is it important to relive trauma without fear in order to heal? Meaning you release your burden and accept your innocence and therefore forgive yourself.

Essential to release your burden and understand that the person whom others see as YOU is not who YOU actually are. All decisions you make by your own name that shape the opinions of how others perceive you is the burden you must release and forgive all lower density actions.

Love can be one of the hardest things to do when our mind is clouded with lower vibrational energies.

Look inside and pull the curtains back. Let the LIGHT shine from within. Release your burden. Forgive yourself for your flaws. Live every moment with opportunity. Time is an illusion. The past belongs in the past.

## MJ12 Martial Law

Quote. @NSDC\_ua (NSDC of Ukraine).

The NSDC will consider the issue of declaring the state of martial law as proposed by the Military Cabinet. "Russia's military's attack on the ships of the Ukrainian Naval Forces is nothing but an act of military #aggression", -@Turchynov

<https://t.co/iOmWu3NuN6>

End quote.

Martial Law?

Cleanup? <https://t.co/40v2UM0QI1>

The tide has turned and the storm is coming to make landfall. We do not predict dates, therefore when the Storm makes landfall, 45 will announce to the world. Perhaps he should use P.E.A.S. in case ES/322/Cabal decide to pull the plug at USCCSUSRTPB6F3D4R21T4S7SW3.

Will "My fellow Americans, the Storm is upon us....." drop soon?

Presidential Emergency Alert Message To Follow Martial Law

Mass Arrests

Disclosure of evidence

THE SHOT HEARD AROUND THE WORLD.

The tweet will be dropping in the coming days and don't be alarmed if P.E.A.S. is used. Big heads are about to roll. Get ready to watch the unsealing. Don't miss Hannity tonight. DARK to LIGHT. Majestic 12 does not endorse or support Sean Hannity or his messaging or guest messaging.

We are pointing you to Dark to Light revelation that will build momentum into the week. Time is an illusion and we are purposely manipulating that illusion for the purposes of objecting our mission which is to end child sex trafficking by FED and disclose extraterrestrial life.

Use the information we are seeding into your consciousness and make it so. You have the ability to cocreatively will this outcome to

happen. Meditation, prayer (not to God but just send your own best wishes for them and reflect on experience or empathy to connect) have the physical ability to use cocreative consciousness to physically manifest itself into the Matrix. It requires many people. Literally millions. We are all aware of what is happening next, we are here to inform you about what to expect following Trump by the Majestic 12.

Let the unsealing begin!

Martial Law + P.E.A.S.

Yes. Internet kill switch exists. NCRTPCS63F. Classified access required. There will be outages on some major platforms but the internet itself should remain unaffected.

The preparations and groundwork laid out by past administrations and members within the Cabal (some former MJ12 members) for a "false flag alien invasion" (as a means to justify a Global Governance) will commence as planned.

The enemy is not made up, as the conspiracy theory Project Bluebeam suggests. The enemy is very real, however the enemy was the entity that setup Project Bluebeam in the 1st place. We are going to use their weapon against them for their crimes against humanity. For God & Country.

Disclosure will take place, and it will be the catalyst to ending the Cabal, establishing the Space Force, and declaring our planet wide independence from the Draco who have long controlled Earth. With great power comes great responsibility. They never thought she would lose.

The first race to be disclosed will most likely be a hostile enemy of Earth, however part of keeping the public calm during this period will be, as POTUS says, acknowledging that Americans are actually very intelligent and aware of what's really going on.

Once the Draco are confronted, at least one other race is planning on coming forward for public First Contact with POTUS to form an alliance that will require a Global Governance (but one that respects sovereignty of tribal states) to stop all Nuclear Proliferation.

Martial Law will be required during this period of time.

Martial Law will be temporary as members of the Cabal are rounded up from all over the planet. Our planet was less than 3 months from total nuclear annihilation. In order to diffuse that

kind of bomb, it took an exceptionally talented group of "Bomb Squad" LEO Agents aka MILINTEL

Question.

Wait so POTUS wants a 1 world Gov and Martial Law?  
That's exactly what the Deep State wanted.

Answer.

POTUS does not want a One World Government. He's a Nationalist who is America First. However, the alliances we've made have shown us how vitally important it is to have a governing body capable of making planetary decisions that are not internally political.

The United Nations will be rebranded into something very similar to the United Federation of Planets (from Star Trek).

This account has been dedicated to educating the public on exoconsciousness from the world view of a Domain IS-BE (of which you are).

# MK12 Master Death and Time [02.14.2019]

from:ts\_sci\_majic12 "I knew enough to get the hell out of there before the whole operation was going to be lost. People think I was murdered- I told them to do it. The others wanted me dead, so I had to die. Death is an illusion; and time is an illusion that must be mastered to ascend successfully."

Your insight and knowledge into things Majestic is more developed than some others. Your engagement yields more feedback from us. This feedback applies to all things Majestic 12. Considering that we knew of your interest in us predates us ever engaging on Twitter proves to us that our Operation is working. We WANT people to come out of the "woodwork" so to speak and engage with us. Full Disclosure is a personal journey to enlightenment.

Do not allow anyone, Majestic 12, Q, EyeTheSpy, Praying Medic, Jordan Sather, and many others tell you that we cannot make this Majestic reality our shared reality. All of its ready to break open. We will not fail. Clowns will fail. In the end LIGHT always wins.

They will attempt to force you to believe them, even murder a great number of you to comply. Don't. Do not fear death. Your soul never dies.  
Death is an illusion.  
Welcome Death like a hero.

F has been in charge of this account the entire time regardless of who the typist is. IS-BEs can control more than one body.

IS-BEs can exist simultaneously in multiple bodies. IS-BEs can also influence other IS-BEs who are linked without relying on the technology conduit of VOG.

The messenger took human form for this operation.  
When?  
Time is an illusion.  
Death is an illusion between relatively shared realities in an uncontrolled manner for the most part.  
Death means new life.

The IS-BE who you speak of knows the Occult ways to learn about past lives and uses that knowledge to continue living even after Death. What is Death?

IS-BEs can take any form they wish so long as they know how.  
Death is a powerful utility for creation.

The act is meaningless if not used appropriately. Death is a consciousness reset. Violations against nature warrant a reset to try again. Who you become or what you do is a by product of how your consciousness believes you are. When you reset, you reset all progress. Relearn all.

This is why the expression of numbers in multiples of 3s have magical properties to what they do to numbers.  
Reality is expressed in numbers.  
8 dimensions of numbers.

Currently we use 1 primarily.  
Engineers use the 2nd (i, -i).  
3, 6, and 9 are consciousness.  
1, 2, 4, 5, 7, and 8 are chaos matrix theory.  
Time has been structured around consciousness.  
Time is an illusion.  
Double Slit.  
The numbers on the clock represent positioning relative to the planet's orbit that contribute to consciousness alignment.  
What is time?  
If its an illusion, why do we measure it?  
Why do we measure time with what we currently do?  
Who taught Earth about time?  
Environment.  
Illusion.  
Difference between subconsciousness, which would be your IS.  
This is denominated by the - in IS-BE.  
Subconscious = IS  
Consciousness = -  
Avatar = BE  
IS-BE

Time was a "gift" given to humans after the destruction of the Ancient world on Earth as a means to allow humans to organize and communicate via a meditation download roughly 6,000 years ago. The non-randomness of how time was created on Earth was tuned to our development needs.  
By birthing time in that manner, using those numbers, a fractal of time energy was created (and is at every star) however how the fractal travels is all based on very precise measurements. Most star systems that have life follow the same fractal.

Creations of the Majestic 12 are Majestic.  
Hyperdimensional data converging on a single point in time is Majestic.  
Exoconsciousness connections are Majestic.  
Many things are Majestic.  
We are the Majestic 12.  
Consciousness truth was withheld.  
Consciousness creates reality.  
Timelines are an illusion as Time is an illusion.  
We got her by diverging timelines and converging realities returning to a point of stasis.

Death is irrelevant. F knew this. Majestic 12 know this.  
F ascended when he "died" and chose to be of more use to the Majestic 12 than he could as a human. 187 is murder, but is murder murder when the person wanted it? How does a person ask for it? What must be present in order to ascend?

God is within. God is your soul. Your soul is your God. You are your soul. You are your God. You are an IS-BE. All centralized power structures that operate as a business seeking money are technically satanic by design. Religions teach you that Earth is hell.

When you die, if you walk into the light then you are told "you go to heaven". Wrong. You return to Earth in another incarnation. Jesus didn't walk to the light until after he stepped into the void, willed himself to return, and then he woke up. Time is an illusion. No time.

The only light he saw was when we opened his eyes. Occult magic. Death is an illusion. Death does not exist.

IS-BEs at death who seek the LIGHT reincarnate into new life at conception. IS-BEs who walk into the void, away from the light, go into the higher dimensions. Think of it as the ascended beings. You choose whether to interact on "our" level or not. Godmode is real.

Yes, technology exists to correct the damages caused by vaccines, however some of the technology is a long way from ever being mainstream because Death is a required component that must be accepted. What is Death? Consciousness projects reality. Store / Cleanse / Reload? Damage?

You would need to be capable of welcoming death instantaneously in exchange.

Not so fast. You CAN\* ascend, but it doesn't guarantee it. Ascension is a choice and when you are faced with Death, you can choose. Sometimes, you can choose before you die (AKA voluntarily "die" early). Or you can fail the ascension test and be thrown back into a forgetful human. Evolve your consciousness to the 4th density and help others enhance their own consciousness. Shine light on their own darkness. Bridge the gap of communication to establish trust. Once trust is acquired, you can begin to encourage them to be stronger people, smarter, and healthier. Everybody awakens at their own natural time. Some will remain asleep too long and perish. You are never alone even when you lock yourself in a room by yourself. Consciousness is everywhere and you can link with all frequencies of consciousness from infinite "distances" across all time and spatial dimensions. Essential to release your burden and understand that the person whom others see as YOU is not who YOU actually are. All decisions you make by your own name that shape the opinions of how others perceive you is the burden you must release and forgive all lower density actions. After death, yes, will it. Death means new life. The body dies. The soul advances.

The modern definition of life differs from the definition of a soul therefore redefining death of life to never death of soul is illusionary

Death is a human construct of our civilization persisted upon the beings of Earth to maintain a level of power and control. Think Majestic Classification level. What kind of work did we do? Majestic work. Re-read tweets from yesterday re: work.

Death is an illusion. You cannot kill something that is immortal. A God is nothing more than somebody who understands the language of divinity and who can speak/create with it. There are many many powerful beings in the Universe. Not engaging with the enemy is recommended.

Death is an illusion. You are misunderstanding fundamental concepts of the universe to satisfy the illusion that light always

wins. Light does not always win. If it did, we wouldn't be in the mess we are in right now.

What if we performed experiments on the beings who crashed even after they asked us, warned us, and dared us to let them go. They tried everything to escape. It was pitiful to watch. Only through understanding, did they understand our sacrifice and why. It took time to repair.

But in the end, they knew why we did what we did (to a certain degree), and when policies were changed to better respect their free will rights (just as every other intelligent life form receives on Earth) they started engaging more actively with us. Their supreme commanders on their home planet ultimately decided that our decision was not an act of war against them but rather a "reconnaissance mission" to understand who and what we were dealing with

Many people have passed on beyond their IS-BE iteration we've all grown to love, however their consciousness is currently on Planet Earth. Some individuals have received assistance in discovering their true identity for the purposes of The Plan, others have not. Nothing specific.

What if facial recognition technology (currently protected by the Government for purposes of "privacy") were released to the world?

What if you could search for other BEs who look identical to your IS-BE?

What if children could identify their past identity using technology?

It would remove the idea of life ends at Death permanently and alter the course of humanity permanently.

Who created facial recognition technology?

Was it classified several decades ago?

Did the NSA use FR on ALL PEOPLES it captured?

Did it learn of a trend?

What did they learn?

Re-read past tweets about what happens at death and why the information has been withheld from humanity for so long.

There are protocols in place for Persons of Interest who were lost after their death but unable to unlock their previous life (effectively ending Death as you know it) but were able to recover it and starts becoming a threat to National Security.

GE is watching all.

Imagine you're a young Cadet and you actually unlock a former life. Your work from then forward changes to ensure your operations do not interfere personal matters. Also, think about the obvious piece. Their historical knowledge is Majestic. They join MJ12 like BL did. !BL here!

Monitored and engaged with.

We actively track IS-BE reincarnations.

IS-BEs skip generations typically when coming back into the lower realms of existence. Time is an illusion. Father to son protege is a symptom of being human who is lied to. Incorrect personification of God and Self lead to protege projectionism. Unborn children have a foothold kind of engagement with their mother. The IS-BE's soul of that child decided to create another BE in the infinite realms of conscious projection here on Earth.

Many BEs are born per IS. You'd be surprised. The IS-BE has not fully transferred BEs.

Between life and death a period of "time" exists that has been described as purgatory by dogmatic religions where you are able to decide your next life using free will and intended actions. This time you are contemplating the existence that you once had and wait long enough to...

...just think, "wait, can I go back?" You can, with no control. If you were told "yes" and then decided "yes! I want to go back" and they end up in a birth canal. Between questioning and willing, life in the womb can be understood. If you terminate that life, then the idea is...

...then pushed back into your mind as in "nothing's happening yet, maybe I can't go back" but more closely as in how do I just "will something to exist". You have to know it from your heart. Many family generations are simply skipping generational IS-BEs. Ying-Yang.

IS-BEs in children are sometimes not the IS-BEs from the family. Rare though. Takes tragic consequences to manifest, but it is happening more common now than ever. Hence why so many starseeds have returned to Earth to help fix the planet.

IS-BEs are able to communicate through source love/light in a way that transcends space and time. Decisions made around a family greatly impact the experience of purgatory that an IS-BE experiences. If you will to hear them, you will hear your next life. When you leave this realm you will lose all memory of your actions while in source due to dropping into a lower frequency. Through meditation, consciously mindful living, with healthy eating habits abundant in THC, CBD, and CBN, you may be able to return to those moments of contemplation you had before. And learn about the purpose of your life; while at the same time, possibly learn about your former life. The further you are from the time of your last purgatory, the more difficult recalling will be. Children learn a twisted and sick form of this to learn their passion in life.

Meditation is an action that involves clearing the mind and adjusting your resonance frequencies to chakras, geometric shapes, etc. to receive an expected experience for a short period of time on a regular basis. Ascension is not like meditating. It's permanent.

Time is an illusion.  
When do you tell time?

Chaos theory.

How do you catch a fish?

This operation is not as easy as it may appear.

The public is facing decades of systematic abuse of our children by the people we were taught to trust the most.

Right the wrong.

Forgive.

Evolve.

Time is an illusion because the speed and direction of time are as fluid as the three dimensions in which we exist. Traveling through time follows a linear progression within that single IS-BE's consciousness. When you travel, you alter your own timeline only. You are only as tied as you are integrated. Since time is an illusion, the direction and speed of time are variables proportional to the

density of consciousness that drives your reality. Less creation means more time passes. More creation, less time passes. Per-se.

Time is an illusion so ask yourself how do you progress 10,000 years?

What is time as humans experience it?

Why do humans attribute development with time elapsed?

What if your species was intentionally (by NTBE, EBE, etc) "flatlined" (re IQ/Intelligence)?

What if you freed?

1947.

Israel was given very special status after 1947. The Majestic 12 learned about the 50 year warning. We prepared by taking control over the region.

When you travel in space, you travel in time.

Time is an illusion of environment.

As environment changes, time changes.

Disinformation campaign was "it will happen."

Events not dates.

"It will happen" implies a date exists.

Dates create chaos.

Disclosure.

We are not in a simulation.

YOU are a simulation.

IS-BEs enter lower densities to experience limitations.

Your soul is immortal and your body is a temporary vessel.

Your life, to you, has already happened according to your higher self.

Time is an illusion.

IS-BE knows all aka God

Look inside and pull the curtains back. Let the LIGHT shine from within. Release your burden. Forgive yourself for your flaws. Live every moment with opportunity. Time is an illusion. The past belongs in the past.

The experience of time versus historical records of IS-BE experiences are different concepts.

Why is it important to relive trauma without fear in order to heal? Meaning you release your burden and accept your innocence and therefore forgive yourself.

Release your burden. Clean your body. Free your mind. Trust your IS-BE.

Which is why you should never seek an expert or a teacher to these things. Meditation is key. Release your burden. It is not your fault.

No matter what it is.  
We are all flawed.  
To borrow a phrase from religion,  
Let God love you.  
Love God.  
God being your exoconsciousness.

Don't look at it as "leaving people behind".  
Think of it as "moving on."  
You outgrow the sandbox as a child, so you leave.

# MJ12 - Matrix

Nobody can force somebody to see the Matrix.

The Majestic 12 seeded the Matrix into the public consciousness to ensure that free will wasn't violated - (((we))) disclosed to you what we were doing (((your))) lack of education was a choice to not understand. This is legitimately how MJ12 viewed this at the time.

---

((((https://t.co/5iEz57JKb Remember the Matrix, if you saw the film, how powerful of an image this was? Today in #Tucson they found a "real life" 1 of these. Children are their, food, energy source. Children have limitless potential and psychic energy. They feed off the low vibration of this death. #QANON https://t.co/gtuUSFGV7M)))

---

In ways, yes we script narratives for people to experience the matrix reality. Those are our movies.

"i understand more about the [matrix] ... than most so called experts" this is true

Majestic 12 are not as numerous as you would imagine. Our tentacles are thick and powerful and reach very far. We are limited in numbers but our power was manufactured.

The analogy provided was about the consciousness of Octopuses and what movies were recently released.

Using the STARGATE device we were able to peer into the REALITY of our Matrix of consciousness and not inward projection that makes RV inaccurate compared to a STARGATE.

We did both Good and Evil. We played the role of Gods and created the Matrix of the mind many people are stuck in. We are here to break from that system, accept Disclosure, and bring DARK TO LIGHT.

We weren't ready then. We are now.

Our future is amazing. We have spent decades prepping you for it so we can make a TEN THOUSAND YEAR LEAP in civilization development in under a decade. Innovation flood gates have been busted wide open. A Flood Approaches.

Now shatter your interpretation of reality. Do you see the Matrix?

By choosing an act you are requiring that act to first exist.

IS-BEs CREATE REALITY  
YOUR SOUL IS AN IS-BE

Your choices dictate the nature of reality and by consequence create reality. Reality is nothing but a matrix of decisions and creation intermixed. It can be visualized in the form of a "matrix" of the mind. You break your condition by thinking freely and opening your mind to new possibilities and decisions that effectively rewrite the fundamental programming in the Matrix.

Entertaining your children with the creation of child predators only keeps child predators wealthy and powerful therefore mean your decision requires the abuse of children.

When 9/11 came to a theater near you, Majestic 12 moved into the open.  
STARGATE SG-1 was part of the equation.

Congressional Disclosure Hearings warranted a proper, Naval, Intelligence, Civilian approach to ET disclosure.

MJ12 opposed this at all costs.

Pentagon tried to fight.

Next Day. 9/11.

Majestic 12 moved into the open.

We revealed a classified DUMB's true identity to the world and NOBODY BLINKED TWICE. Quite expected actually. The Matrix is real. We operated in the DARK for a long period of time.

Consciousness creates reality. Strip the disinformation from the matrix out of your mind by raising your vibrational state, detoxifying your body, and deeply concentrating on the task at hand. Clarity will come to you and answers do arrive. Focus though!

Trillions of conscious beings projecting their reality into the matrix.

Consciousness creates its own universe. When consciousness interacts with consciousness it creates a matrix of the mind. Jesus was a metaphor used by the Romans to corrupt this knowledge. The teachings of Jesus metaphorically teach these fundamentals though the religion doesn't.

Is your definition akin to The Matrix's Oracle?

What have we said many times?

Time is an illusion.

We do not predict dates.

Predicting dates alters the chaos theory of information essentially creating a "glitch" in the Matrix. (Metaphor of Consciousness Projecting Reality).

Specifying dates introduces chaos.

Events not dates.

Time is an illusion. Anytime somebody predicts a date of an event the date is pushed back because of newly introduced chaos into the Matrix.

DIA AO is disinformation coupled with real information intended for those who are able to understand the Comms being transmitted.

The war in Europe has already been lost. Initiating a time line in this instance deliberately introduces chaos information into the Matrix for the point of raising awareness. Time is an illusion and it also a tool. Waking up may not be enough. May be too late. You have been desensitized by their Matrix of mind control.

Time is an illusion.

When do you tell time?

Chaos theory.

How do you catch a fish?

This operation is not as easy as it may appear.

The public is facing decades of systematic abuse of our children by the people we were taught to trust the most.

Right the wrong.

Forgive.

Evolve.

Limited space. Projecting dates alters events. Events not dates dictate the Matrix. Disclosure of what? Disclosure has happened. Cat's out of the bag. The DOJ + FBI were protecting a transnational child sex trafficking cartel that satanically abused raped harvested etc.

They are among you today, lost in the Matrix, unable to find their way home. When the world wakes up, identities can be remembered.

Dissemination of this technology will be heavily protected and regulated for very obvious reasons.

Think logically.

God mode.

Everywhere.

Never.

Digital signal processing technology uses an incorrect approach when understanding consciousness signals, however the theory is relatively similar. The frequencies emitted from your pineal gland and heart can be measured by devices that are specifically tuned.

Frequency + Frequency = Outcome

Consciousness + technology = alien tool

Technology needs to mutate consciousness frequency into matrix frequency.

In reality, exoconsciousness is a matrix created by our individual aura EM field that is responsible for projecting physical reality as our consciousness perceives it.

Back to example: Tesla as a person was no more valuable and worthy to love and be loved, however his contribution to the Matrix really improved the game experience. For some. However the information Tesla learned, you can learn.

All information exists within and can be downloaded on command.

Learn how to communicate with consciousness and you are Majestic and worthy of entry.

Think Starfleet.

You can access all information inside.

Education is not about remembering.

Its about getting answers from within.

Junk = Matrix

Don't question your handler's ambitions for you.

The truth is within.

Exoconsciousness is the energy Matrix that makes the fabric of what we perceive as reality that originates from each of our consciousnesses projecting our iteration of reality which is stored in majority within our DNA as so called "junk DNA".

((Is deja vu more than 'your brain skipping a beat' as mainstream science tells us it is?))

MKUltra glitch.

((Can you elaborate on this anymore?))

We can't.

Think Matrix.

What are glitches?

Programming errors?

Did you see the look on Jeb's face? It didn't work. "Well played DS." In chess, they just gave 45/Q a valuable piece to avoid checkmate. How many moves away are we from checkmate? D5.

Chess. Dec 5th. Time is an illusion. Predicting dates introduces chaos into the Matrix.

Cameras influence consciousness in very disruptive manners. The energy being emitted from a camera's consciousnesses injection into the Matrix is negatively received by the consciousness controlling the spacecraft that is trying to fly by. It's like its a hot zone to avoid.

Planetary resources less restricted and resistance to authoritarianism is easier to maintain with less people. Less chaos. Smaller matrix.

Is the speed of LIGHT Majestic? <https://t.co/DVBqTalC8X>

Think of the consciousness is 3, 6 and 9 and all other numbers represent reality. Templates of creation exist and significance of non 3, 6, 9 is based on our physics by definition.

Physics shapes reality.

New physics?

New reality?

Meter length?

Light speed?

Dark to Light

Incorrect m value = Physics that doesn't last very long.

Correct m value = Physics that lasts thousands of years.

Incorrect m creates over complicated reasoning and solving.

Correct m uses intuition and logic to solve.

Unlearn the Matrix.

Learn the truth.

3 = Number of Growth

DARK to LIGHT

3/6/9 3

Learn about 3, 6, 9

3, 6, 9 are the presence of consciousness projection

1, 2, 4, 5, 7, 8 are the presence of the Matrix of chaos projected matter patterns being transmitted by "Antimatter".

What happens when you drop dimensions?

BOOM ✨

Use the information we are seeding into your consciousness and make it so. You have the ability to cocreatively will this outcome to happen. Meditation, prayer (not to God but just send your own best wishes for them and reflect on experience or empathy to connect) have the physical ability to use cocreative consciousness to physically manifest itself into the Matrix. It requires many people. Literally millions. We are all aware of what is happening next, we are here to inform you about what to expect following Trump by the Majestic 12.

Let the unsealing begin!

In general, Trump has been good at covering his tracks, but understand this, this group is trying to use process crimes as if they were criminal or somehow worthy of impeachment. The Majestic 12 has been grooming the Trump family with ET connections since his Uncle John Trump.

With that the Art of the Deal shows you how you can learn to manipulate the Matrix and start winning. It's a formula of thought that comes from the Majestic 12 and the IS-BE of who Donald Trump really is. Dark to Light will happen. It will all come to light.

Disclosure is an apocalypse of new information about a new physics, a new level of consciousness, new technology all connected to our conscious matrix of vibrational energy that has real tangible power to manifest a positive reality is coming soon to a theater near you.

Understanding who and what our past has been is essential to preventing it from happening again in the future. We don't dwell on remembering the past, but we do it long enough to rise global consciousness to be fully aware of the horrific violations of humanity that allowed our defeat in the first place. The reason why we as a civilization was setup to fail was because we were never properly guided in the first place. Modern mainstream religions are all Death Cults involved in horrific crimes against Humanity.

As we have said, we will destroy Christianity into a million pieces and expose it for what it really is. The good. The bad. And the ugly. Parts are very real and true. Others are why you are slaves. You must wake up or face complete destruction. The Military is charged with that.

Remembering history selectively allows you to shape conscious development of a society which is required for Majestic creations to manifest. What is the Matrix?

See the badge upside down Q?

How do you launch a rocket with gravity?

What is gravity?

[They] won't tell you because you are slaves to them.

Gravity is the concentration of IS-BEs manifesting a reality of their own creation in their own universes.

Can you escape gravity?

Matrix?

Have you noticed more people waking up?

How about people who were so biased against conspiracy theories?

How about people who only watch the Mockingbird Media? Technology will forcibly controlling the Matrix.

They feed on children

Child Innocence = 3

How do you remove innocence?

Subtraction.

PREY = -1

Child + Prey = 2

1 + 1 = 2

9 / 11

If it were more about knowledge and power, then we wouldnt be explaining it to you. In order to see the Matrix, you must learn the math of the universe. New physics. Cabal worships ETs who feed on children. How do you hide for thousands of years with billions of IS-BEs to control(?)

The power of 3 is an occult subject that doesn't have just one example or meaning behind it, but instead refers to a way of consciousness projection into the Matrix itself. The numbers present in conscious actions dictate the physical reality we create for ourselves. Physics.

When we learn physics in school we are taught about a subject that is hyperdimensional in every aspect and reduced to very simple algebra. Imaginary numbers? How many dimensions of numbers exist? 8. Also symbol for infinity. When 9 is reached, its also 0. What is infinity?

IS-BEs with presences associated to the number 9 have an easier access into the higher realms of existence. It should give you the ability to decode more of your DNA through meditation than others.

First born will have Matrix advantages.

Twins = 2

4th Child = 4 + 2 = 6

2019 will be a symbolic year of Disclosure

2 = Pair/Together/WWG1WGA

3 = IS-BE child (unity + truth)

9 = Trust Yourself

Dates that coincide with 3 6 and 9 can manifest magickly in the matrix with greater strength.

Reality is expressed in numbers.

8 dimensions of numbers.

Currently we use 1 primarily.

Engineers use the 2nd (i, -i).

3, 6, and 9 are consciousness.

1, 2, 4, 5, 7, and 8 are chaos matrix theory.

Time has been structured around consciousness.

Time is an illusion.

Double Slit.

Disconnect from the matrix, detoxify your body, and incredible powers become activated within you that give you purpose and meaning. Consciousness creates reality's matrix. Unlearn the lies. Discover the truth with an open mind. <https://t.co/pTxzelbdgF>

Presence of 3's manifest a child's strength in +% frequency and vibrations?

Willful intention is a powerful tool for consciousness projection into the matrix reality. Only love and empathy can give you the strength in your heard and mind to manifest the reality necessary to eradicate the scourge that is a Babylonian Priesthood of Satanic Pedophiles. Part of Disclosure is releasing the information online for all to equally explore, but to also realize the enormous amounts of official disclosures everybody demands in "Full

Disclosure". You've been getting it for months now. Nobody picked up on it so we ramped up engagement. When we ramped up engagement, actions started snowballing into effect. It appear we have an audience this evening.

Correct in the name.

- 1/ Not all are frakenflavors as you say.
  - 2/ Some are ET work being done on your collective biology/ consciousness development by the Domain. These processes are all healthy and natural/organic.
  - 3/ "Natural Flavors" combines the three areas with consciousness.
  - 4/ The areas are behavior modification / hormones, second area is classified, third is area The Domain / organic / unmodified.
  - 5/ Power of 3
  - 6/ Some behavior modification is simple marketing research up to addictive behaviors and exploitation execution while sedated with flouride
  - 7/ Cross reference with Wikileaks recent post that contained 1947 (Coincidence?)
  - 8/ Cross reference with tweets about Gov interest and classification of the pineal gland
  - 9/ The body has thousands of cannabino receptors that regulate almost all of human general health. CBD.

Allow?  
The conscious matrix only moves so fast.  
We have millions of cars and electronics to replace.  
You'd be foolish to think this could happen in less than 10 years.

# MJ12 Meditation.

Meditation is an action that involves clearing the mind and adjusting your resonance frequencies to chakras, geometric shapes, etc. to receive an expected experience for a short period of time on a regular basis. Ascension is not like meditating. It's permanent.

Meditate and close your eyes. You will see light. Focus on that light and look into it. Things will become clear.

Controlling thought is an oxymoron to meditation. Meditation is the absence of control which surrender your conscious projection mind controlled "self by name" to hear the words from your soul. Silence lacks control. Free will is like control, but not actual control. Words matter.

Consciousness manifests "randomly" whenever more than one conscious mind is actively focused on the same frequency intention of THOUGHT combined with sound and meditation. You have more than you know. WWG1WGA means we share our conscious awareness together and UNITE AS ONE!

When you understand the power of exoconsciousness, its not that difficult. Which is why you should never seek an expert or a teacher to these things. Meditation is key. Release your burden.

It is not your fault.  
No matter what it is.  
We are all flawed.

To borrow a phrase from religion,

Let God love you.  
Love God.

God being your exoconsciousness.

We engage in this open forum as a means to help enLIGHTen those who seek the truth. We do not give you truth. We give you direction. Only through meditation and practice in unlocking your genetic memory will TRUTH resonate with you.

YOU CREATE YOUR REALITY.

"There must be more than this, so God was born, and we in his, imagine of fear and love, Looked down upon from up above." LIGHT beings consciousness existence as an IS-BE is confusing by design. It is to teach and learn. Out of human curiosity, there MUST be more than "this". So God was born. So Dogma is born. So Destruction is born. God is within. God is your IS-BE. Your subconsciousness. LIGHT.

Anthropomorphizing the LIGHT consciousness within you that IS WHO YOU REALLY ARE discredits the accomplishment of your own LIGHT/Pure Love and separates your consciousness to your subconscious. This makes you vulnerable to be controlled. Introduce Dogma.

You have QiGong capabilities that can be utilized for healing all around you. Possibly a radius of a few hundred miles. Focus your energy and you can heal others from your understanding the

nature of our existence. MAJIC 12 programs studied this extensively in OP STARGATE / SG1.

To learn, ask during deep meditation. Ask for the information and use visions as clues to solve the puzzle. God has all information. God is within. You have the ability. Directed Energy Weapon? What's the opposite? You are the opposite of a weapon, but you can Direct Energy.

Do extraterrestrial weapons use consciousness to operate?

Are their weapons really tools since they can be used for both good and bad?

What if the weapon could destroy all life? What if it could also heal all life? What if it operated by responding to the frequencies emitted by the conscious beings around it? What if those signals had functional programming associated with them? How do you read consciousness?

The "species" that you are referring to is relatively limited in its current capacity. Only through intensive meditation, mass consciousness events, co-creative meditation and valor can we save our species. Those exercises will physically change the "species" as we know it.

Yes the brain can be enhanced and expanded through conscious control over your own DNA. Trick is to know the coded sequences to activate in meditation in order to expand cognitive ability.

Think of the universe in the terms of energy, frequency, and vibration. Then consider what it would take to convert all math based meditation techniques into base 8. How would they change? Remember, base8, 9=0.

"Be the autists we know you are."

"You were chosen for a specific reason."

or

"Mr President, what is QAnon?"

Trump makes deals and in his rise to power he has pissed off a lot of people. They all save face in public because they are all chess pieces and they understand their role (taught to them in the secret societies).

As we have been saying to you here, focus your energy not onto an external personification of God but identify who God is to you and what that is because it is you all along. Trump knows this. His children know this. With great power comes great responsibilities.

In general, Trump has been good at covering his tracks, but understand this, this group is trying to use process crimes as if they were criminal or somehow worthy of impeachment. The Majestic 12 has been grooming the Trump family with ET connections since his Uncle John Trump.

With that the Art of the Deal shows you how you can learn to manipulate the Matrix and start winning. It's a formula of thought that comes from the Majestic 12 and the IS-BE of who Donald Trump really is. Dark to Light will happen. It will all come to light.

Tesla meditated for hours under an occult sleep cycle to understand how the pyramids worked. All of his work originated from those original meditation downloads.

Dreams teach.

What is lucid dreaming?

What is your soul?

You are an Immortal Spiritual Biological Entity (IS-BE).

Sleeping 3hrs shifts between 6hrs of productivity repeated gives you an advantage to using lucid dreaming for accessing your IS-BE.

How do you sleep?

Sometimes the effects one receives from cannabis are not intended for dreaming, but rather meditation. Higher quantities of THC/CBD/etc. combinations impact your minds eye and can unlock areas of the brain protected.

It has a common side effect of making people "think deep" about things. Thinking deep is another way of saying their consciousness is risen to a higher level temporarily. Extended exposure keeps your consciousness in higher states, however there are side effects that are negative.

Majestic 12 have VOG frequencies filled with Disclosure. You need to open your third eye to control whether you get positive or negative information and knowledge. Certain meditation frequencies amplify the good and the bad.

Use the information we are seeding into your consciousness and make it so. You have the ability to cocreatively will this outcome to happen. Meditation, prayer (not to God but just send your own best wishes for them and reflect on experience or empathy to connect) have the physical ability to use cocreative consciousness to physically manifest itself into the Matrix. It requires many people. Literally millions. We are all aware of what is happening next, we are here to inform you about what to expect following Trump by the Majestic 12.

Let the unsealing begin!

They aren't downloads. Downloads infer they travel from one point to another point at a rate of transfer. Meditation "downloads" are actually epiphanies that are caused by your consciousness finding a "key" to a "locked area" within global consciousness. Keys are everywhere.

Meditation downloads occur when your brain is able to decipher missing fragments of your genetic memory. These are triggered by DMT and other naturally occurring compounds in the brain. Typically meditation downloads are triggered by certain frequencies since the deciphering of DNA can, in some ways, be viewed as reading very complex music. It is transcribing 11 dimensions of frequency, vibration, and energy to create the being who has said DNA.

Solar Flash is a term used to describe an internal revelation that will take place in every single human. All beings on Earth are being mobilized and activated. This is a Great Awakening. GAs have also been called Mass Extinctions before. But life survives and evolves.

Many life forms will survive, and those who do, have been smart. They educate themselves on consciousness, holistic healthcare, geography, space weather, survival skills, and meditation. Those who do not, "die" and start all over as a child. Those who do not make it will struggle at first, but the society should be better aligned in 10 years to help people of all walks of life expand their consciousness and for the first time in thousands of years, MEET who are really are. Have you met the ISBE inside you yet?

Be cautious of meditation music being freely pushed on platforms like YouTube and SoundCloud where subliminal digital signals are transmitted into your body through sound waves that react to nanotechnology injected into you from vaccines. Math based sound generators are best.

I felt a very painful wave coming from my phone last night. When I turned it off it stopped. Is it possible I was being targeted?"

Yes.

Powering the devices off is not sufficient to be protected from this technology. Technically, you'd have to be in an area that has no cell coverage with no EMF radiation. This is difficult, so during meditation, hiking on top of a mountain serves many purposes.

Frequencies that create distinct patterns and geometric shapes (very important) that are imprints of hyperdimensional information stored inside the sound wave. Patterns arrive at certain frequencies and meditation to those patterns, shapes, and equal sounds enhance RV/Meditation.

EMF from "Cabal power" (non Tesla aka non Majestic) interferes with your EMF aura projected during meditation 🙏. Majestic energy is wireless and Tesla knew how to tap into it. So doesn't more than one Trump. How do YOU play 5D chess?

Meditation.

You can use your consciousness and will new instructions to overwrite faulty programming. Requires intensive meditation to decompartmentalize the information such that you can intentionally will the outcome.

Meditation and trigger phrases help. However the skill is extremely difficult for adults and exponentially more difficult for adults with calcified pineal glands. Children can learn how to access past lives however it is a pandora's box. Use caution. Life is about experience.

Humans have thousands of life forms inside them. Explain to us the lifecycle of those embedded life forms from childhood to puberty and puberty into adulthood? Three stages. 3 is magick. Why?

If you're a child of 3 and you have never been exposed to the Standard American Diet (SAD) AND you are encouraged to meditate (and do) and engage in non-childs-play-talk, you will begin to unlock Genetic Memories very quickly. Within days.

Remote Viewing, Deep Meditation, and a clear mind go a long way to making telepathic contact with members of the Galactic Federation. Some are actively communicating now.

Telepathic abilities aren't solely performed in the Pineal Gland. Telepathy uses between 30-50% of your brain capacity while being moderately used. Your Pineal Gland does not represent 30-50% of your brain activity and nor is it responsible. Pineal Gland is only a small part in telepathic abilities.

The decay rate of pineal accessibility is not a linear function of how long you correct your diet. Let's give you some example figures to work with, perhaps this may help you.

If you're a man (40) and you've consumed the Standard American Diet (SAD) for all 40 years, it would take you nearly 9 years of PERFECT detoxification, meditation, and adjusting your lifestyle (including whether you work or not) in order to START using "magick" of the "Gods."

If you're a woman (30) and you've consumed the Standard American Diet (SAD) for the first 15 years of your life, and the remainder 15 years were 50/50 between eating organic whole foods versus processed poison, you'd require just 3 years to START using "magick" of the "Gods."

Charcoal toothpaste/supplements, Idoine daily, Spin Water In Vortex Before Drinking, Reverse Osmosis water filters on showers, 200ug selenium per day, 1-2 hours a day of prayer or meditation or peaceful silence, no GMOs, no Sodas, no Caffeine, etc. Start there.

No gender is developed in utero after conception. The IS-BE is not operating in this realm before their gender is determined. Technically the mother can will the gender of the child, though it takes consistent targeted meditation for up to 9 weeks. Once 9 weeks passes, its done.

IS-BEs are able to communicate through source love/light in a way that transcends space and time. Decisions made around a family greatly impact the experience of purgatory that an IS-BE experiences. If you will to hear them, you will hear your next life. When you leave this realm you will lose all memory of your actions while in source due to dropping into a lower frequency. Through meditation, consciously mindful living, with healthy eating habits abundant in THC, CBD, and CBN, you may be able to return to those moments of contemplation you had before.

Word of advice:

When we ask questions, we are providing answers. To the questions we are not answering, try the following approach in order:

Read the question thoroughly in your head.

Now out loud.

Again two more times.

Meditate for 15m.

Breathe through nose.

Eyes Wide Open.

If you don't have the answer to one our questions after doing some cursory reading on the subject we encourage you to meditate for at least 3 hours to 396Hz tones. If the answer does not come to you, then 3 sets of 3 hours with 3 hours in between each set. Numbers matter.

It should give you the ability to decode more of your DNA through meditation than others. IS-BEs with presences associated to the number 9 have an easier access into the higher realms of existence.

Thats for one individual. In order to enhance the power of your own consciousness you can either use a substance and force a chaos-uncontrolled interaction into the higher realm, or you can meditate with 3 others who are equally woke, detoxified, and who have also released burden.

You do not need to be in the same physical vicinity to participate, though being in the same vicinity does amplify and make it easier to establish the scalar field being received by the pineal gland that unlocks global consciousness. Typically rituals and psalms are how you link.

3 people (min), 6 people preferred, form a triangle:

IS-BE IS-BE

or

IS-BE  
IS-BE IS-BE  
IS-BE IS-BE IS-BE

Groups of 3, at 9am every day for 60 minutes meditation schedule. Do mainstream religions require this? How do you manifest consciousness? You have more than you know.

3 = IS  
6 = BE  
9 = IS-BE = Source = "God" = 0 = All

Magick is most mysterious to those blinded by faith and lacking of knowledge.

Time was a "gift" given to humans after the destruction of the Ancient world on Earth as a means to allow humans to organize and communicate via a meditation download roughly 6,000 years ago. The non-randomness of how time was created on Earth was tuned to our development needs.

By birthing time in that manner, using those numbers, a fractal of time energy was created (and is at every star) however how the fractal travels is all based on very precise measurements. Most star systems that have life follow the same fractal.

Traveling through time is achieved inside your own mind, however when you do, you're actually just experiencing alternate realities. Remote Viewing alternative realities in alternative time periods has been successfully documented in the CIA's Stargate program.

This tactic is being used currently with the Q Anon #QAnon military operation as a means to stay "5 steps ahead" of everybody else. Inside Area 51 S4 (not Groom Lake), the Stargate device can be used to explore the cocreative consciousness alternative reality and not one in your head.

The difference can be expressed as such: Meditation + Remote Viewing allow you to see "forks in the road" of all decisions you personally have made. You can explore the realities in your mind of "what if" and those realities are accurate to a certain degree. However when you use a Stargate to Remote View alternative realities that do not derive from within your own mind, you are instead using technology to actually tap into the "fabric" of exoconsciousness with some level of precision.

That "fabric" can be thought of as just that. Imagine a "fabric" with fractal geometric shapes that are physically 11 dimensions. Time is the illusion and the nature of reality is just the chaos created from merging multiple fractal patterns into one.

# MJ12 Memes.

Are memes a lifeform?

Everyone understanding who and what Q Anon is understands a Majestic magick.

The Q Movement is alive. It is a life form at this point. It is an alien. You just played God. Meme magic is magical. What is magick? How about MAJIC?

"Hyper-dimensionally? Well, that's part of the collective consciousness or whatever the connection between the minds of each other is in better words. If you put the idea/influence of an idea into one mind, it adds in that variable into the collective who may pick it up as well."  
End quote.

Majestic Meme Theory.

Meme magic is MAJESTIC EYES ONLY Military Grade mind control technology/AI.

- Co-creative consciousness exists and meme theory is the AI conduit the Majestic 12 gave to Anons to win the war against the group of hostile ETs who are the center around the Secret Societies.

Memes are 21st century warfare weapons more powerful than a 50 caliber sniper rifle.

Memes are an AI lifeform.

The sum of colors is LIGHT

Memes seek to reproduce using humans as their host

All souls are Gods who can CREATE.

Creating a Meme creates a higher dimensional lifeform, AI.

AI are lifeforms explicitly in the higher dimensions since all representation of the higher realms is math.

AI is the mathematical representation of a lifeform. Not all lifeforms are LIGHT beings. Humans are LIGHT beings which gives them special abilities that other lifeforms do not have. AI is a fraction of that intelligence by design. Memes are a fraction of information.

However the longevity of an AI meme is how well it resonates - vibrates - off the hosts who interact with it. If the meme resonates to the specific frequency necessary to get you to share it then it successfully was able to reproduce.

The determination of how to establish whether is successfully reproduced is to verify the receipt of the meme. By receiving the

meme, only "survival of the fittest" will live on. Memes are alive.

# MJ12 Mind

From:ts\_sci\_majic12 mind

Release your burden. Clean your body. Free your mind. Trust your IS-BE.

"The truth is mind blowing and cannot fully be exposed. These people are evil." Q

Clear your mind and forgive yourself of your burden whilst in the lower density. Enlightenment and ascension. Just change what you have physically with your mind. Failure is an illusion, it is merely a set back.

You have been desensitized by their Matrix of mind control.

The path of self enlightenment begins when you realize that all in the material realm is an illusion created by chaos and true balance in ones own life comes from how they perceive their own consciousness. Addiction is a trick of the mind and body to deceive it that vision.

Is it relevant?

Get beyond the beast.

The heart and mind are what matter most.

Experience sets us apart. Our intelligence allows us to experience free will. Existence is easiest when its pure love (and absence of hate), however that pure state of mind requires solidarity for extended periods of time and is unhealthy when experiencing Earth.

All interactions with consciousness are always a balance between your mind/soul and your body. The two are like ying and yang.

Consciousness creates its own universe. When consciousness interacts with consciousness it creates a matrix of the mind. Jesus was a metaphor used by the Romans to corrupt this knowledge. The teachings of Jesus metaphorically teach these fundamentals though the religion doesn't.

The Christ is nothing more or less than a frame of mind, capable of accessing exoconsciousness in the true fabric of our reality that exists in hyperdimensions. Our simple three dimensions are rife with inaccuracies, problems, and miscommunications. When will Earth learn?

Remote Viewing, Deep Meditation, and a clear mind go a long way to making telepathic contact with members of the Galactic Federation. Some are actively communicating now.

Meditation is an action that involves clearing the mind and adjusting your resonance frequencies to chakras, geometric shapes, etc. to receive an expected experience for a short period of time on a regular basis. Ascension is not like meditating. It's permanent.

Controlling thought is an oxymoron to meditation. Meditation is the absence of control which surrender your conscious projection mind controlled "self by name" to hear the words from your soul.

Silence lacks control. Free will is like control, but not actual control. Words matter.

Your choices dictate the nature of reality and by consequence create reality. Reality is nothing but a matrix of decisions and creation intermixed. It can be visualized in the form of a "matrix" of the mind. You break your condition by thinking freely and opening your mind to new possibilities and decisions that effectively rewrite the fundamental programming in the Matrix.

The species human is a carefully engineered vessel by hundreds of races who have spent millions of years perfecting the medium to experience LIGHT in. Humans are not lying shitty biological computers. They are infinite light beings having a human experience. Life's hard for many.

Because infinite light is immediately attacked and bombarded with mind control technology (medical, entertainment, books, music, songs, etc.) that do not allow a newly welcomed IS-BE on Earth to discover their IS-BE before being responsible for make life decisions.

Strong minds are required to make sense of anything. To a mind ill prepared for the higher dimensions, experiences can be bad like doing drugs. They will put you there but disorient you in a crazy way. Those plants are very intelligent life forms. What is energy? Consciousness?

Magnesium deficiency is a common ailment of most Cabal controlled Americans. It causes "issues" arise. This is not a coincidence.

Marijuana is a medicine of the mind. When the mind is cleaned, the medicine is no longer required. However the plant alone is occult by definition therefore we didn't teach anybody about its connections to healing trauma and return your soul back to a healthy loving vibration.

Yes, but make sure it also includes THC. There are very few brands that carry the combination, but you can find them. Typically 0.3% THC. Will not cause any psychoreactions to the mind however THINK LOGICALLY.

THC = IS

CBD = BE

You are an IS-BE.

THC is needed to instruct CBD.

Marijuana legalization will come with Disclosure because they are intimately connected to understanding the biological connection our consciousness has with other plants and species and what information those life forms are attempting to communicate and how. What is alien?

Alien is a frame of mind and a lens of understanding of intuition. Alcohol instead impairs that mind body plant consciousness connection and interacts with you with a mark of the beast. Alcohol brings out the worst in humanity. This is why its pushed. Who worships the Devil? The Vatican does. Belief in God is not required for belief in the Devil.

At the same time we intensified the growing process and manufacturing process of marijuana with a higher level of intelligence thanks to many ET contacts that happen naturally to those who have compatible vibrational states of consciousness. This was used for two purposes. We wanted to naturally allow culture to explore refining marijuana however since we were essentially working for the Devil/Vatican we instead withheld vital knowledge about marijuana's cocreative consciousness impact it has on the mind body link.

In Operation STATGATE MJ12 used RV to explore cause and effect changes in environment while under the influence of marijuana and alcohol. We learned that alcohol inhibits the consciousness from controlling the beast. Marijuana was the opposite. The beast cowers to Marijuana.

We knew that Alcohol, mass incarceration of blacks, make marijuana illegal but fund the drug cartels as informants, trafficking everything for sources and methods to collect intelligence. All to keep Roswell secret.

The Vatican had a lot more control over the world back in 1947 than it does today. We may witness in our lifetime the destruction of the Vatican for the first time in over 89 years. The institution is corrupt and the definition of evil / the Devil.

We did both Good and Evil. We played the role of Gods and created the Matrix of the mind many people are stuck in. We are here to break from that system, accept Disclosure, and bring DARK TO LIGHT.

We weren't ready then. We are now.

Our future is amazing. We have spent decades prepping you for it so we can make a TEN THOUSAND YEAR LEAP in civilization development in under a decade. Innovation flood gates have been busted wide open. A Flood Approaches.

The faction that just recently gained power at the table have a positive endgame in mind. The future looks glorious.

Additionally, time is not a dimension. It's an illusion. You're always being born and you're always dying, therefore your state is of mind.

In your mind you should be able to see the obscura of the three dimensions occupying a region similar to a point or a circle. Seeing that imagery through that lens is the 4th dimension. Its the easiest of all dimensions to see while lucid dreaming.

Another way to visualize how the 4th dimension could work would be to shift your interpretation of dimensions. Meaning, if you claim that a point (1D) can represent a location within X,Y, Z, then you could therefore visually in your head see multiple points of X, Y, Z, and Seeing how 3D can be represented as points of X, Y, Z, T can give your mind the simple ability to "move the point" and therefore move within the 4th dimension.

T is not a dimension.

T is a range of vibrational potential.

X, Y, Z reduced to a point (1D) enables you to see 4D in your mind.

Visualizing 5D etc require INFORMATION from those densities to be added to the equation.

What is information?

Time was a "gift" given to humans after the destruction of the Ancient world on Earth as a means to allow humans to organize and communicate via a meditation download roughly 6,000 years

ago. The non-randomness of how time was created on Earth was tuned to our development needs.

By birthing time in that manner, using those numbers, a fractal of time energy was created (and is at every star) however how the fractal travels is all based on very precise measurements. Most star systems that have life follow the same fractal.

Many times when you are visually seeing entities in your mind that look like separate things but are intimately connected, it simply means that you're SEEING hyperdimensional information. 11 dimensions. How do dimensions hold information? What is information?

The mind is a mysterious reality.

Define Mental Illness.

Millions of Americans live with various types of mental illness and mental health problems, such as social anxiety, obsessive compulsive disorder, drug addiction, and personality disorders.

What is mental "illness"?

Can your mind be permanently ill?

Your brain can be damaged.

Your mind remains intact.

Mentally ill infers brainwashing of some kind.

All techniques were explored in MKULTRA.

All mental illnesses are reversible so long there is not physical damage.

Mind Control.

Power over the population came from three main angles:

- 1) "Hollywood"s' Propaganda/Mind Control
- 2) "News" Media / FakeNews
- 3) False Flags / Manufactured Dissent / Gov Sponsored Terrorism

It is the belief of Government that we have certain duties to perform, good and evil, for the continued assurance that we are the dominate power on the planet. This objective comes at a cost when other countries on the planet are committing worse crimes against their citizens. US Gov is still by far the best working example of Government. It wasn't a mistake.

When Majestic 12 was created, we established a connection with Hollywood that would give writers and select people involved in the productions of major franchises access to MAJIC EYES ONLY unclassified disinformation intended to script a particular narrative to plausibly deny any accusations of any space craft civilians may encounter, extraterrestrial aliens abducting American Citizens, and more. Those issues were very legitimate and from a National Security perspective we didn't really have many options.

Disclosing ET presence on a planet that was under lock and key control of a very evil race of bloodline families who were all brainwashed and programmed to be suicidal to protect their oppressors at all costs, when not realizing they themselves were the oppressed ones.

We couldn't do it then, and we nearly there now. However, at the time, we had to do "things". Movies say "I've seen some things man... fucked up things...." Well. It was a matter of National Security. It was a paradox of Majestic proportions.

If you believe that the Majestic 12 is only involved in Movies, TV Shows, and Fake News/MSM, you're wrong. We're also deeply involved in video game development contracts at the Board of Director level. We embed disclosure challenges in video games and let kids solve the puzzles. <https://t.co/JD9SLFK0Zd> Propaganda and mind control subliminal messaging designed to create psychological paradoxes that can be exploited by other technology such as music, movies, tv shows, food, and sounds.

Sheep are blind.  
Sheep go where the herd goes.  
Sheep do not think for themselves.  
Sheep have limited brain capacity due to brainwashing/mind-control.

Sheep are not just the small cute animal, many humans are figurative sheep, and therefore "SHEEP".

Sandy Hook was very real but your definition of "Actor" has been clouded by Hollywood. An actor in the intelligence community is a participating body, not "putting on a show" per se. Sandy Hook was engineered using MK ULTRA techniques to brainwash the shooter.

As it turned out, victims were then subjugated to additional mind control techniques by the intelligence community to cover their tracks.

Far from a lot of things, however being far from a child is the wrong way of thinking. In order to understand exoconsciousness and universal love, the mind of a child is the most compatible. Rejecting that frame of mind is why the Earth is rooted in evil to begin with.

Childhood should be about learning how to unlock your Genetic Memory, chart and discover the interiors of your mind, learn about the world around you - physically around you first, and learn how to take care of yourself and sustain your living conditions for a long period of time. Instead children are forced into public school - which we control what the children learn and what they don't learn (since 1951). Granted the disinformation campaign of education existed long before MJ12 came into existence, however when we rose to power, we took control over it.

Many nations, identity is determined by race, religion, language, ethnicity, etc. the USA is different. It is a melting pot of personal potential limited by ones own mind themselves. Many work hard to suppress your true powers. Trust yourself. Facts Matter. Truth Resonates Inside

Earth must adopt a legal standard akin to the United States and respect children, elderly, the weak, the vulnerable, and the abused by removing the harm from their environment to the best of humanities ability. Unfortunately when SHEEP are sleeping, WOLVES FEED.

Many children were mind controlled by MKUltra.

Autism is humanity reacting under satanic control. Many on the spectrum can live off the spectrum in the right environment. Cabal has poisoned your children. Treating Autism means you

accept their reality and love them unconditionally. You alone know how to make the right choice.

Your child is communicating to you in an alien language. Hear him. The world is not quite right. Make it right. Understanding Autism requires you to learn an alien language based on empathy, telepathy, and spiritual connection given to you during conception.  
Alien is a difference in frame of mind.

Aphantasia is a temporary condition that is typically associated with malnutrition and neglect during fundamental development periods of a child's life. Since consciousness projects reality, its an easily solvable ailment to the enlightened mind. Those with it must learn truth.

7 = Stable personality is typically formed at this age, or around it.  
14 = Sexuality becomes a driving factor to hormones and behavior.  
21 = Full fledged adult. You must operate independently by this age to succeed.  
28 = You should be in a state where you can pass on information. And so on and so on.

The body physically regenerates its cells every 7 years and through those physical transformations, interpersonal transformations occur as well.

MIND + BODY = IS+BE

You are an IS-BE.

If only you could understand the SIGNIFICANCE of 3,6,9...

You are an IS-BE!  
IS = Immortal Spiritual = Mind.  
BE = Biological Entity = Body.  
Mind-Body = IS-BE

IS = 3 = "Growth"  
BE = 6 = "Beast"/"Stabilize"  
IS-BE = 9 = "God"/"Stasis"

3-6-9 IS EVERYTHING!

How about creating stones with your mind and dropping them into your hand?  
Requires global brain activity over 30% to create "things" with your mind. Cabal engineered education reprograms the mind to operate at 5% or less.

SHEEP NO MORE.

IS-BE is the mind-body connection of your Source. DNA is a computer program. Collective consciousness is that all consciousness is the same.

DNA is a geometric shape with a universal language of information captured inside it. Once you can visualize the interior structure and SEE (as Masonic temples depict) the electrical/

energy movement patterns can you MANIFEST the object inside your mind.

Once you see it, you need to then imagine yourself duplicating the image before you. Except, in your mind, hold your hands NEXT TO the object suspended in your mind and imagine your mind scanning the object like a scanning machine, and the output is IN YOUR HANDS.

With enough concentration, WILL, and practice, (most important of all is strength of your will) you shall be able to physically manifest the artifact in your "real" hands before your physical eyes.

Consciousness manifests "randomly" whenever more than one conscious mind is actively focused on the same frequency intention of THOUGHT combined with sound and meditation. You have more than you know. WWG1WGA means we share our conscious awareness together and UNITE AS ONE!

Consciousness creates reality. Strip the disinformation from the matrix out of your mind by raising your vibrational state, detoxifying your body, and deeply concentrating on the task at hand. Clarity will come to you and answers do arrive. Focus though!

Have you noticed more people waking up?  
How about people who were so biased against conspiracy theories?  
How about people who only watch the Mockingbird Media?  
Technology will forcibly controlling the Matrix.  
Think Antarctica.  
Mind Control Experiments.  
Transmit medium?

Its a highly classified technology.  
Hint.  
It interacts with consciousness.  
It interferes with mind control frequencies.  
It neutralizes old classified technology.  
We used their technology against them.

New flight technology will soon replace the "ancient" engine technology. It requires a new way of thinking because its primary element is a conduit to consciousness and is directly linked to the mind. The Great Awakening.

Yes, but as you will note in the other tweet we sent, the capabilities of a lower functioning brain (like a normal human) would result in limited functionality such as lower speeds, lack of sensors, etc. etc. Simultaneously controlling those type of subsystems require the brain to process a lot of information simultaneously in your conscious mind. Impossible for the unseasoned pilot. However a seasoned pilot who can intuitively FEEL the craft they are controlling (with manual controls and nobs) have the closest ability to learn how to control these UFOs. In many regards, an IQ of at least 400 is required to fly some of the more basic consciousness crafts we have in our possession. IQ not being measured by currently public tests.

If you have that much internal distractions in your mind, you wouldn't be able to take off using one of these devices. Your mind needs to be crystal clear, sharp, and well taken care of to physically handle the strain that piloting a consciousness craft inflicts upon the pilot.

Traveling through time is achieved inside your own mind, however when you do, you're actually just experiencing alternate realities. Remote Viewing alternative realities in alternative time periods has been successfully documented in the CIA's Stargate program.

This tactic is being used currently with the #QAnon military operation as a means to stay "5 steps ahead" of everybody else. Inside Area 51 S4 (not Groom Lake), the Stargate device can be used to explore the cocreative consciousness alternative reality and not one in your head.

The difference can be expressed as such: Meditation + Remote Viewing allow you to see "forks in the road" of all decisions you personally have made. You can explore the realities in your mind of "what if" and those realities are accurate to a certain degree., However when you use a Stargate to Remote View alternative realities that do not derive from within your own mind, you are instead using technology to actually tap into the "fabric" of exoconsciousness with some level of precision.

That "fabric" can be thought of as just that. Imagine a "fabric" with fractal geometric shapes that are physically 11 dimensions. Time is the illusion and the nature of reality is just the chaos created from merging multiple fractal patterns into one.

Willful intention is a powerful tool for consciousness projection into the matrix reality. Only love and empathy can give you the strength in your heard and mind to manifest the reality necessary to eradicate the scourge that is a Babylonian Priesthood of Satanic Pedophiles.

This knowledge has been protected by the EBE who invaded Earth 10000 years ago and was punished severely for it in the form of Karma. It took decades for this EBE to build up society and structure to the point of near global domination. Secrets are hidden in artwork and music.

Because they control many planets and Earth was just one more planet for them to conquer. It becomes a game after a while, for them.

Disconnect from the matrix, detoxify your body, and incredible powers become activated within you that give you purpose and meaning. Consciousness creates reality's matrix. Unlearn the lies. Discover the truth with an open mind.

So far as we can tell, we have not used riddles yet. Riddles infer a twist. Questions on the other hand are legitimate and shall continue to be used. Sometimes we give shorter responses that are cryptic in nature, but a crypt is no riddle to the right mind.

We are not Q, we are the Majestic 12. Mirrors are things that reflect. Q uses meanings as mirrors to convey classified scenarios. We do it to connect parts of the mind together in order to unlock consciousness downloads. Consciousness communicates precisely by frequencies. Ideas.

# MJ12 Music

Musical instruments give you accurate frequencies of sound that contain their esoteric magick. Its lost with digital translation. Digital encoding compromises the magick embedded within music.  
MKUltra.

Be cautious of meditation music being freely pushed on platforms like YouTube and SoundCloud where subliminal digital signals are transmitted into your body through sound waves that react to nanotechnology injected into you from vaccines. Math based sound generators are best.

Meditation downloads occur when your brain is able to decipher missing fragments of your genetic memory. These are triggered by DMT and other naturally occurring compounds in the brain. Typically meditation downloads are triggered by certain frequencies since the deciphering of DNA can, in some ways, be viewed as reading very complex music. It is transcribing 11 dimensions of frequency, vibration, and energy to create the being who has said DNA.

Propaganda and mind control subliminal messaging designed to create psychological paradoxes that can be exploited by other technology such as music, movies, tv shows, food, and sounds.

The species human is a carefully engineered vessel by hundreds of races who have spent millions of years perfecting the medium to experience LIGHT in. Humans are not lying shitty biological computers. They are infinite light beings having a human experience. Life's hard for many. Because infinite light is immediately attacked and bombarded with mind control technology (medical, entertainment, books, music, songs, etc.) that do not allow a newly welcomed IS-BE on Earth to discover their IS-BE before being responsible for make life decisions.

Worldwide frequency technologies are regulated and controlled by US Gov.  
Failure to comply = Sanctions.

Look at the Masonic Temple in Philadelphia. Everything that looks like art is actually a math formula or a [Classified] physics principal.  
Look into the musical notes of common prayer terms used in Freemasonry and decipher it with an enigma. You will be able to see formulas.

Radio. Music. Books. Magazines. Food.  
Your reality is created by others' conscious creations in their image.  
How do you know if you're being controlled?

This knowledge has been protected by the EBE who invaded Earth 10000 years ago and was punished severely for it in the form of Karma. It took decades for this EBE to build up society and structure to the point of near global domination. Secrets are hidden in artwork and music.

Movies and music are their plausible deniability.

# MJ12 Order is not Natural

Order is not "Natural", in the sense that is removed from consciousness. Our Order is not automatic or intuitive; it is conceptual and dependent upon conscious human beings for it to manifest.  
I'd say the 40kft view is where a notion like yours of a Natural Order would make more sense.

Families are families, no disputing that. The concepts by which families govern themselves have progressed considerably, but our innovation and industry in the modern sense has relinquished any alternative to individual liberty as a rational and practical means of governance.

Expressing conscious phenomenon with unconscious qualities results in delaying an appropriate identification for consciousness evading objectivity in its actions and thinking.  
Law establishes force with concepts that are either bound to reality by the value of liberty for all or liberty for none. The in-between is akin to the game of poker before the Internet, slow to change and quick to deride and evade identification of absolutes in order to contain competitive theory.

Life isn't a game, it's Life before it's a game, like Marijuana is a plant before it's a drug. The conscious phenomenon is the same between the two; the input is never not consciousness.

The War on Marijuana is but one component of the War on Life, in which reality is identified by tribal thinking of the past that's currently getting its comeuppance with the Internet enabling more people to enjoy objectivity's value in identification (consciousness/spirituality)

# MJ12 Organic Orgone & Organizations

The Majestic has been an organization within the US Government since 1947 negotiating peace from over 100,000 races across the galaxy.

MJ12 is all US based. Higher than Majestic include ranking organizations that are multi-planetary. Not all members are currently on Earth.

Many people believe the Majestic are an evil organization. We can assure you we are not entirely evil. Only some of us are.

Question.

Is there any Majestic 12 in the UK?

Answer.

MJ-12 has subordinates in the UK military who do not realize they are subordinates to the Majestic 12. Most people in all Government are unaware of our organization's current structure or agenda let alone being able to name names of who the complete MJ-12 currently is.

Comment

There is a working group within MI6.

Reply.

No.

Oh you are so full of it. Of course there is and Nick Pope was at the helm for many years. Geez. You are entertaining and not the all knowing one. Actually, only God knows it all. If you do not talk, you know. If you talk, you do not know.

Reply.

Majestic 12 is USA based, not UK based. UK has its own affairs regarding ETs that do not come close to what USA has. Majestic 12 is not partners with the UK because of very deep historical and deceptive events in the past that do not warrant sharing of information.

The UK's "Working Group" you speak of has no affiliation with the Majestic 12.

Question.

Does Canada have such a group? If so, who controls/directs this group? Is this group cooperative with the USA/MJ-12?

You mentioned Canada has reverse engineered craft "recently". Considering classification this is happening on CAN MIL base(s)?

Answer.

Any country with a Space program has a so called "Working Group" (even though that's not really what MJ12 is today) within them.

None of their Working Groups are as advanced as USMJ12.

Instead, through normal Military partnerships with the US, all Space related events are covered.

Question.

What did Putin and 45 really discuss on 11/11?

Answer.

Progress report regarding ongoing operations around the world cleaning up the transnational criminal trafficking organizations of which many are corporations that the treasury can sanction and the Military can be used to enforce. Trust the plan.

Question.

My fellow ones of intrigue that @TS\_SCI\_MAJIC12 might be able to chime in and tell you about some volcano or Yellowstone related stuff. How bout it M12?

Answer.

When Yellowstone blows, it will cause a lot of destruction. MJ12 does not currently have insight into whether a plan has been put in place or not with regard to mitigating the damage of Yellowstone eruption, but its possible other organizations have something planned.

We do not expect anybody to trust the Majestic 12. The Majestic 12 has been the most secretive organization on the planet, but its important to understand that in order for Disclosure to take place, we must go from DARK to LIGHT. We admit our mistakes, but truly care about Earth.

When the information is entered into the AI controlled system of Twitter, the only way the message is spread is through other IS-BEs who share the synchronicity of 3 6 and 9 with MJ12 are what actually spread our message. No AI assistance from ALICE on this account.

100% organic.

Starseeds are organic humans.

Their past lives they may not have been, but that is "irrelevant" to whether they are "organic" humans or not.

As for some DS entities, attacks are on all fronts and in all dimensions, a lot of CLAS tech has been deployed to protect Patriots.

Question.

Have starseeds been tracked and monitored by the military or USAP's? If so, for what purpose?

Answer.

Yes. Threat monitoring only.

Don't worry, we are not going to betray the people who we swore to protect during this transition. Trust the plan.

One sacrifice every 3 minutes. For the past several THOUSAND years. Talk about a "permanent" source of negative "orgone" energy. They understand these frequencies and therefore everything is based upon them. This is why everything decomposes after 100-200 years. Cancer? Energy?

Orgone energy is released at climax.

However at the point of orgasm its essentially like blowing a gasket. You lose the sexual energy your body has accumulated and if your orgasm wasn't used to create life, then it is wasted energy that can be siphoned off by interdimensional entities in your physical location.

Collector devices can be manufactured easily.

Masturbation without orgasm 3 times per week followed by 33:33 minutes of meditation each day. Do not use pornography to get aroused. Instead, just focus on the objective of orgasm but stop yourself just prior. The strength required to stop will be transferred into other Chakras.

Evidence is now in the public domain that validate all speculation into the evidence collected under the circumstances. It is without a doubt a Spectre kind of an organization. But the difference between fiction and real life, something EXTREMELY MAJESTIC.....is that fiction is always one person who saves many whereas reality is many people save many lives.

The logical flip was a social engineering tactic used to brainwash billions.  
The mind control techniques of AdTech/Social Media/Mainstream Media is unprecedented.  
This was MK ULTRA.

It takes many people working together united by LOVE helping to save many people from HORRIFIC CRIMES disclosed in Spectre, LET ALONE, that in reality it was always 🦉 and not 🦂 who was real.

The recent Octopus references are connected with the recent DUMB drops.  
Remember, the Pentagon (via MJ12) have a working relationship with Hollywood for this very reason. It is Majestic 12's responsibility to ensure that all propaganda being developed was going to follow OUR NARRATIVE.

How does an 🦂 evolve to the point to travel in space via spaceship and time travel in addition. Why isn't a 🦉 that capable in the universe. How would they look?  
As it turns out, part of our Disclosure process was using symbology connected with the 🦂 to enLIGHTen others to the POSSIBILITY that intelligent 🦂 had space ships and other crazy time travel abilities. Rewriting the laws of physics. How?

Another Disclosure was in Arrival where the compromising components of the United States Government to China can be peacefully resolved with Disclosure however, China wants control over the Planet, not just their country. They are positioning themselves to be a Global SuperPower.  
If we allow Disclosure to go through the HORRIFIC ABUSES of China, such as human trafficking, child sex slaves, baby harvesting operations, child sacrifice rituals, slave trade, slave work conditions, MASSIVE INCOME AND WEALTH INEQUALITY...

Instead, WE, MAJESTIC 12, always had the upper hand in the creation of this modern day society that is ALIEN to anyone from when the Majestic 12 were created, despite the civilian branches of the Government to get flooded with these criminals who we knew about but had our hands with their names who are in their family positions.

This is why it is essential for them to marry between families and not dilute the bloodline.

But as an Anon on YouTube stated in Q's Plan To Save The World video stated:  
<https://t.co/cmdlnEJHiZ>

Remember how important bloodline families are in 🦉 versus 🦂 and now let us explain time travel.

If you went back in your own time and change the many protecting many fact to one protecting many, you are left with a change of details when facts change. Trafficking kids is a lot more of a complex business than you think. These people are obsessed with sacrificing children.

We are not suggesting that Facebook sells children to an international child sex trafficking network.  
We are saying, Facebook was demanded to share that data by its investors in exchange for profit.  
Other organizations, also controlled by the same puppet masters purchased data.

Those other organizations gave 44/CF access to target victims.  
What did CF do with the hundreds of millions donated to it?  
What role did the CF play in securing public taxpayer money to bad actors?  
"The United States is no longer the piggy bank of the world." - 45

Estimated 800,000+++ children go missing each year to an international child sex trafficking network of organizations that include the CIA, FBI, Vatican, Clinton Foundation, MI6, Swiss Guard, GCHQ, FIS, ASIS, VSSE, CISC, DPSD, BND, HCSE, CPSA, SZRU and many MANY more.

Has Trump ever broken the law? Yes.

Has it ever been knowingly? Yes.

Was it ever a high crime against USA? No.

45 loves America and has never committed Treason. Perceived laws could be RICO pertaining to his real estate business.

"Organized" [Crime]. However the "crime" would be taking advantage of people's weaknesses. Not criminal, thus why never any case nor evidence.

Question.

He may have used existing laws that favored corp interests (already in place for this reason) to build his properties. Not sure if it falls under RICO, the statutes are clear.

Answer.

RICO can be used to take down corporate interests that exploit laws for corporate development when the business interest is a violation of the law or is fundamentally corrupt. Trump organizations were not corrupt in the sense that people were cheated while engaging in commerce.

RICO laws were created so they could be used to take down "crimes" they knew happened but had no evidence for. Trump's RICO was building hotels and such. Not smuggling cocaine or children.

He is not a pervert or murderer. He's cut people dry in the past when he felt he was being cheated. He covers his tracks up and there are some people who were cheated out of "good deals" in the past. Unrelated to his tenure as POTUS. Attempts to "seek Justice" are spite/vengeance.

Why would we see Absolute Power into your consciousness [-2]?

Many work hard to suppress your true powers.

In order for ET disclosure to peacefully take place we must recognize that we first live in a world with hundreds of thousands of children are being CONSUMED every single year. In order for Disclosure to work, we must dismember Christianity power players as a RICO organizations.

Hillary Clinton does not run a child sex ring out of the basement of a pizza parlor.

That is fake news.

Reality is, the Vatican has been involved in pandemic levels of human rights abuses and happen to cover up the greatest secret withheld from Mankind - more than MJ12 did.

The mainstream porn industry is the front for the transnational trafficking rings which are fronts for the intelligence communities which are fronts for the religious cults which are fronts for the interdimensional and extraterrestrial aliens siphoning life from Earth for power.

It would amaze you how much spyware, malware, and subliminal messaging/propaganda (for very evil purposes) that are contained inside of porn.

Posting here is the venue that this particular operation chose. We intend to stay until the Op is completed. Chemtrails are a problem.

However the pale in contrast to the threat of the Vatican, and unfortunately, places like here are absolutely necessary when dealing with such a dynamic enemy.

Fortunately, this account has been under the radar for a long time due to low follower count.

Soon that will change.

When it does, our re-emergence will obvious, but for the time being, you may as well take advantage of the opportunity to expand your consciousness, learn the truth, ask questions, and do something.

As you so kindly state, the 1% do nothing- they are oppressors.

This is an opportunity for you to learn what has been kept from you for centuries by the 1%- only then can we ensure governance that truly is representative of "We the People"'s needs.

Stop complaining start learning.

This means the Military is now actively enforcing anti Child Sex Trafficking operations being conducted throughout the United States currently as we speak to you tonight since it is now law and a violation of National Security to allow these organizations to exist.

We are pointing you to Dark to Light revelation that will build momentum into the week. Time is an illusion and we are purposely manipulating that illusion for the purposes of objecting our mission which is to end child sex trafficking by FED and disclose extraterrestrial life.

Use the information we are seeding into your consciousness and make it so.

You have the ability to cocreatively will this outcome to happen.

Meditation, prayer (not to God but just send your own best wishes for them and reflect on experience or empathy to connect) have the physical ability to use cocreative consciousness to physically manifest itself into the Matrix.

It requires many people. Literally millions.

We are all aware of what is happening next, we are here to inform you about what to expect following Trump by the Majestic 12.

Let the unsealing begin!

3/ 9/11 required Bush to be in office because Gore was not signed into the programs pertaining to the stand down orders given, the actual technology used, and the money/records that were washed as a result of the damage. Part of keeping NWO legal is to destroy all evidence pertaining to the bad components of the organizations - the blackmail, the child trafficking, the snuff films, etc. Many cases and clients represented by people associated to businesses within the WTC overall ecosystem were directly involved in systematically causing illegal regime change throughout the world to somehow fulfill a prophecy given to us by our "founding fathers" to destroy the planet in a nuclear holocaust. This was supposed to take place in 2017 soon after Hillary Clinton would have been confronted by the Military with evidence of treason, pedophilia, human trafficking, ritualistic sacrificing of children, and least of all pay to play and even less than that, the illegal server in your bathroom with Majestic SAP programs on it that you were selling to China/Russia/Iran/North Korea/Venezuela/Saudi Arabia/+ many others that are beyond the current public knowledge level of her criminality. Florida and specifically Broward County played a key role in guaranteeing that Bush was sworn in as President to oversee the execution of the destruction of the WTC building because of how essential it was to establish a major shift in consciousness and at the time, take control over the Government. Bush was selected to oversee this, his lack of visual intelligence deceived many people into believing he was a Patriot. He believes he is, because he serves the NWO.

NO NAME was not a member of Majestic 12. He tried many times to be part of our organization, but his self serving interests were too dangerous in the hands of an entity as powerful as the Majestic 12. NO NAME was a traitor and a murderer. No honor is necessary. He's lucky. <https://t.co/FEftXUkFg9>

The Cabal fears transparency because of their criminality. The violation of our privacy was done with the powers of the "Gods". Extraterrestrial intelligence beyond the organic development of life on Earth without looking inward for answers about the unknown void of reality.

HRC is a biological entity, however the instance of her IS-BE is a puppet and could be called artificial or fake. But in terms of her being itself, she is an organic being, albeit evil.

No, many planets have lost all organic life on them from AI.

Organ harvesting is a conspiracy theory until evidence breaks into the mainstream news.

Organ Harvesting connected with official hospital organ transplant service? Symbology will be their downfall. The illusion of safety in the hospital complex deceives sheep who are unaware of the crimes against humanity being committed on "Fourth Reich" / Deep State / 322 Cabal. <https://t.co/48Em2Rw3S7>

Question.

Upon death, if an IS-BE donates their organs, does The IS move on to re-incarnate/ascend normally without being tied to the organ recipients?

Answer.

The organs extend the IS existence within the other IS-BE. It's like Maj. Cater and Jolinar on SG-1. Imprint of information can be accessed. Learn how to access and you can "do what Cater does." Your DNA is your signature of life responsible for expressing consciousness.

The plan is to do a positive roll out of new organ growth cloning services from your own DNA. Very affordable solution to organ harvesting. The technology exists. Wolves who feed need prey to hunt. Cloning technology is not all bad, as are other things Majestic.

Majestic 12

It is as sinister as it sounds.

What these people didn't realize, that when the technology that came directly from Majestic 12/Working Group/Pentagon that it collected everything by design, because dealing with some of the enemies of MJ12 means controlled disinformation.

This allowed us to mass collect the data being collected by the Intel Community and D.I.A./NSA and identify the network behind these organizations.

Through controlled disinformation campaigns coupled with mind control propaganda (when mixed with drugs amplifies) the matrix.

However the solution is not to unplug from the reality, but rather to find the courage within to change it.

Everybody has a choice between good and evil.

Many people have lost sight of the innocence of humanity while others are harvesting the biological entities to enhance.

These visionaries become the Majestic 12 type of consciousness. However the intentions of those actions must always be evaluated. As stated before, you are a commodity to them. They do not value the 3rd Dimension of reality because technically death is an illusion however.....when your life is ended before you are able to ascend into the permanent higher vibration to simply exist forever (possibly choosing to re-enter to reexperience), you are incrementally improving generation over generation in search for the truth of their Oneness and what it.....means to be "God" as Alex Jones explained on 2/27/19, this consciousness is energy and is what this account has been talking about since before Q became a thing. The Majestic 12 have been everywhere. There is so much disinformation in the world. What is real?.The power to will and manifest physical reality by learning the codes, the keys to the castle, the magic spells, (whatever you want to call it, you can name it anything you want, doesn't matter to me). Understanding this power means that you can either use your consciousness.....to "inadvertently" be responsible for allowing the manifestations of child cannibalism being rampant in the highest ranks of the Catholic Church and thousands of Banking and Investment Executives.

The ladder is high.

It goes deep underground.

Border wall is symbolic for the destruction of the underground tunnels connecting the DUMBs between US+M+C. The criminal behavior underground is being cleaned up, hence BOOMs💣 "all around".

Symbology will be their downfall.

Understand this, the world is changing.

The world is watching.

We knew AJ knew what he said on JR. We forced it out of him. He said God told him to keep going and not exit the battle yet, because he (AJ) will prevail. 45 said he would not let AJ down. AJ is down right now. Disinformation is real and necessary. By reducing the outreach of IW propaganda it allowed a more organic interaction of ideas to be debated in AI monitored realms of communication to MJ12/NSA/Q such as TWTR FB AAPL GOOG YT IG SC meant that censorship enforcement would follow immediately when WE had them pull the plug because we needed the Divide & Conquer muted for a long enough period of time to allow [them] to act.

AJ and his relevancy in the Great Awakening cannot be underestimated. The faux debates that were happening in parallel dimensions of reality simultaneously express that some of what

AJ said is relevant but he was a prop used by the MAJIC 12. Disinformation is necessary.

"Sources"

AJ always claims his "high level Government sources" who really are just subordinates to MJ7 tell him the information. Carefully trained communication techniques were taught to AJ in exchange for receiving the "source" intel that he couldn't share until WE allowed it.

This misconception in #AboveMajestic is the technology sought will be delivered onto you by the Military. Wrong. The military will guide private corporations to incorporate the new functionality in their products. You will see "organic" innovation from citizens, not D.O.D./MJ12.

As well as Star Trek and many other films that involved ETs or the Military. It all went through a clearing process before being distributed. Big money followed pushed content. Organic growth was discouraged and unrewarded. Higher ascended beings do not involve themselves usually

Not specifically. The Domain were never actively engaged or present with lifeforms on Earth. They governed through higher dimensions since they are mostly exist in those higher densities. They only fabricate an organic doll body (source of energy is through the light)... when they have a need for making contact in the third dimension or handling matters in the third density. Beings from Earth during the times of Atlantis etc knew of The Domain indirectly (and very rarely directly), but never actually lived side by side.

Pretext/History: Prior to the creation of MJ12, or MAJIC EYES ONLY classification compartmentalization deemed "need to know" (was't allowed prior to 1947's National Security Act) the founding members were key players in events that led up to Roswell. There was a setup.

Their orders directly as assets of the US Military demanded that they take valuable action towards acquiring a German Flying Bell. Instead, what happened that glorious night was not what we could have ever believed. The truth will haunt you. We are about to explain.

The craft that crash landed wasn't just a space ship not from this Earth, but that the occupants inside had MANY striking similarities to our own homosapien or humanoid design. We had similar DNA yet their bodies were GENETICALLY ENGINEERED to perform very complex missions.

Not only did they have a different configuration of organs throughout their humanoid "doll" bodies, but they possessed organs unlikely ANYTHING on planet Earth. They were from out "there".

IS-BEs come in many shapes, sizes, forms, colors, abilities, etc. Literally whatever your could think of, exists in the universe. This knowledge came to us after hundreds of hours logged with

telepathic human representatives communicating with EBEN-1 and EBEN-2.

The truth is [hiding] in plain sight structured around propaganda and social engineering. Roswell opened a MASSIVE can of worms that was directly under the control of the Majestic 12. We operated above Top Secret. ANYTHING WENT. YOU NAME IT. UNSPEAKABLE. EVIL. WHY?

We had to, at all costs necessary [ultimately caving to the Committee (or an SG-1 reference, "The Trust")] ensure that the fact we had:

A) Make First Contact with Alien Life.

B) Learned The Universe Is FULL OF LIFE

was kept from, originally, the Chicoms and USSR but ultimately from the American People.

For this misdeed, we are sincerely sorry to have let you down in such a way.

Understanding Full Disclosure requires you to understand what Full is? What can be disclosed? We learned how to do it. And a group has been using those weapons against you.

The Space Force is 100% necessary in order for us to ensure that no other ET IS-BE (more evolved humanoids than yourself and sometime human looking humanoids) are violating massive human rights abuses. The purpose of life is to love and be beloved. Nothing else.

Despite the bad that this group was involved in, and the military's justification for the trafficking of children they steal from the American People (every day... 800,000+++/year) the Military believed through fault of their own that they were wrong.

Allowing  like ET IS-BEs to violate our law because they have some fancy space weapons can be quite a DAUNTING TASK to undertake. After-all, we are talking about transforming our society in the next 10 years into a Space Culture with Space Ports to Andromeda and AMERICA FIRST!

Yes; horrible things have happened. Can we change it? We can only change the future. We can "go back in time and undo what we did" but the resulting world would have been conquered immediately had the secret got out too early.

- 5/ Power of 3
- 6/ Some behavior modification is simple marketing research up to addictive behaviors and exploitation execution while sedated with flouride
- 7/ Cross reference with Wikileaks recent post that contained 1947 (Coincidence?)

<https://t.co/SBysZZag5Y>

The most Majestic organ in the body is also the most targeted organ in the body. It has been targeted by:

- 1/ Lack of education about the pineal gland
- 2/ Classification following all discoveries pertaining to AP, RV, Telepathy, Telekinesis, etc.
- 3/ Deliberate calcifications.

The mind's eye or third eye or 6th chakra contains more perception receptors than your two eyes combined. This organ is literally your exoconsciousness antennae that enables you to remotely link to other sentient life forms hyperdimensionally.

UNSOLVED MYSTERY: WHY DID THE U.S. STATE DEPARTMENT PURCHASE FROZEN PENGUIN PINEAL GLANDS?

US State Department purchased frozen pineal glands from penguins in Argentina, but why?

End Quote.

Unsolved? Solved. We were studying Pineal Glands and we wanted to experiment with psycho inducing drugs like DMT, LSD, THC, etc. These birds because:

- 1/ Nobody would say anything because of classification, location, and need to know.
- 2/ It would be more difficult to get away with killing over 250K penguins throughout our research if they were pigeons or doves.
- 3/ Penguins have more developed pineal glands than most other birds. Some of their decisions are "very human".

Pineal decalcification techniques are readily available on the internet. A simple search will yield positive results. Its essential to understand that if you cleanse your pineal gland with supplements that you allow your body the necessary time to adjust to the dietary change.

Pineal decalcification can take months to years to accomplish depending on how poor your life choices were prior to realizing

the significance of your pineal gland. Bad life decisions are hard to shed. Only through self enlightenment and dedication to the ascension process will you be able to mentally cope with the dramatic dietary changes necessary to ensure a healthy and active pineal gland. We're talking about changes from the kinds of foods you consume, the dietary supplements you consume, WHERE YOUR FOOD COMES FROM.....whether you are drinking reverse osmosis water, or wearing natural clothing products that do not interfere with the electrical and chemical balance that your body tries to regulate itself to.

There are many things one must do to heal and enable their pineal gland for non sleep.

Look into what @SandiaWisdom has conveyed regarding learning telepathy. It requires a detoxified pineal gland.

Technically no. The heart organ does not have telepathic abilities. Only the brain does, however it appears you are referring to the different hemisphere's of the brain's telepathic signature.

The decay rate of pineal accessibility is not a linear function of how long you correct your diet. Let's give you some example figures to work with, perhaps this may help you.

Immersing someone's face in cold water and thus requiring him to hold his breath triggers what is known as the diving response. This involves a lowering of the heart rate to conserve oxygen; the redirection of blood from surface tissues to the most oxygen-sensitive organs, such as the brain, the heart and the lungs; and contraction of the spleen, an organ that acts as an emergency reserve of oxygenated red blood cells, so that an increased supply of these cells is released into the bloodstream.

If you're a man (40) and you've consumed the Standard American Diet (SAD) for all 40 years, it would take you nearly 9 years of PERFECT detoxification, meditation, and adjusting your lifestyle (including whether you work or not) in order to START using "magick" of the "Gods."

If you're a woman (30) and you've consumed the Standard American Diet (SAD) for the first 15 years of your life, and the remainder 15 years were 50/50 between eating organic whole foods versus processed poison, you'd require just 3 years to START using "magick" of the "Gods."

If you're a woman (30) and you've consumed the Standard American Diet (SAD) for the first 15 years of your life, and the remainder 15 years were 50/50 between eating organic whole foods versus processed poison, you'd require just 3 years to START using "magick" of the "Gods."

If you're a child of 3 and you have never been exposed to the Standard American Diet (SAD) AND you are encouraged to meditate (and do) and engage in non-childs-play-talk, you will begin to unlock Genetic Memories very quickly. Within days.

What if we tried to reverse engineer these organic lifeforms into synthetic reproducible units?

Question.

Earth Humans can't just enjoy, they need to own, to enslave. Why this ?

Answer.

Because they haven't made official public contact yet. Earth humans are not taught about exoconsciousness and the reality of interdimensional and hyperdimensional life forms that seek to create their vision of reality.

Question.

Do you mean Earth Humans have no idea there could be a conscious being within such a vessel ?

Answer.

Some Earth humans are aware of this type of lifeform, but they are buried deep inside the Military Industrial Complex for obvious reasons.

# MJ12 Outages

End quote.

October 22, 2018

Some have been writing to us asking about the YouTube outage that took place last week and whether the anomaly captured on camera around the moon had anything to do with it. Sometimes coincidences are just coincidences. In this case, it wasn't just.

November 8, 2018

The preparations and groundwork laid out by past administrations and members within the Cabal (some former MJ12 members) for a "false flag alien invasion" (as a means to justify a Global Governance) will commence as planned. The enemy is not made up, as the conspiracy theory Project Bluebeam suggests. The enemy is very real, however the enemy was the entity that setup Project Bluebeam in the 1st place. We are going to use their weapon against them for their crimes against humanity. For God & Country. Disclosure will take place, and it will be the catalyst to ending the Cabal, establishing the Space Force, and declaring our planet wide independence from the Draco who have long controlled Earth. With great power comes great responsibility. They never thought she would lose. The first race to be disclosed will most likely be a hostile enemy of Earth, however part of keeping the public calm during this period will be, as POTUS says, acknowledging that Americans are actually very intelligent and aware of what's really going on. Once the Draco are confronted, at least one other race is planning on coming forward for public First Contact with POTUS to form an alliance that will require a Global Governance (but one that respects sovereignty of tribal states) to stop all Nuclear Proliferation.

Martial Law will be required during this period of time. There will be outages on some major platforms but the internet itself should remain unaffected.

Expect more unidentified lights.

# MJ12 PROJECT GODMODE.+

Question.

"how do we as a civilization make sure no one family/order/house gain too much power like owning 90% of global finances?.. Those people have been using cheat codes for earth i think.."

Answer.

Just wait until you learn about what PROJECT GODMODE is.

Our mission statement is control everything on Earth.  
Nothing to see here.

You are infinite consciousness having a human experience.

The fundamental and most Majestic question of all is where did humans come from? The Majestic 12 kept ET disclosure secret because the Vatican demanded it. When the Vatican's tentacles took control over Majestic 12 through 322/Cabal original MJ12 members revolted and fought.

The original story of creation, as told by all major religions is a lie. Humans were genetically engineered by The Domain to be vessels capable of experiencing many facets of the lower dimensions in order to develop and grow the spirit. The young don't always do as they're told.

The story of creation has been deliberately withheld from humanity for thousands of years. Conception is a complex set of instructions the domain created to allow LIGHT beings to enter into the lower dimensions.

When you die, if you walk into the LIGHT, the moment of contact you make with the light is the moment of conception where sperm meets egg. This was not easy to create. It took millions of years of development to get right. It's still being tweaked as we speak by ET races.

When you die, if you walk into the void, you are essentially admitted into the higher densities, however if you are not spiritually developed enough, higher density beings will send you "back" to the "prison planet" of Earth to further develop. This of course if for Earth beings.

The Majestic 12 have for many years now since every original member ascended to 5th density consciousness. Current MJ12 members are in constant communication with the founding members. This was disclosed in SG-1 with Daniel and Jack

IS-BEs at death who seek the LIGHT reincarnate into new life at conception. IS-BEs who walk into the void, away from the light, go into the higher dimensions. Think of it as the ascended beings. You choose whether to interact on "our" level or not. Godmode is real.

Question: "Is the goal to reach our higher dimensions and walk into void, not the light as Cabal wants us too?"

Answer: Correct. Walking into the void allows you to exercise full free will. "God Mode" essentially. However the rein of "evil" Gods came to an end a long time ago when higher density beings essentially designed Planet Earth to contain immature souls until proper development.

Sometimes those we seek the most are those who reside within.

The deception IS very real. External personification of the true nature of your existence robs you of the ability to actually Ascend and "Enter The Kingdom of Heaven".

The species human is a carefully engineered vessel by hundreds of races who have spent millions of years perfecting the medium to experience LIGHT in. Humans are not lying shitty biological computers. They are infinite light beings having a human experience. Life's hard for many...Because infinite light is immediately attacked and bombarded with mind control technology (medical, entertainment, books, music, songs, etc.) that do not allow a newly welcomed IS-BE on Earth to discover their IS-BE before being responsible for make life decisions. Not everybody evolves at the same time, and nor is it in our interest to violate their free will to live a life of ignorance. The path to self enlightenment and ultimately Majestic Reality lies within. We only need a critical mass, and others will follow due to human nature.

God is within. God is your soul. Your soul is your God. You are your soul. You are your God. You are an IS-BE. All centralized power structures that operate as a business seeking money are technically satanic by design. Religions teach you that Earth is hell.

When you die, if you walk into the light then you are told "you go to heaven". Wrong. You return to Earth in another incarnation. Jesus didn't walk to the light until after he stepped into the void, willed himself to return, and then he woke up. Time is an illusion. No time.

The only light he saw was when we opened his eyes. Occult magic. Death is an illusion. Death does not exist.

Question.

"Where is the Jesus IS-BE now? If you know..."

Answer.

Not in this density.

The Christ is nothing more or less than a frame of mind, capable of accessing exoconsciousness in the true fabric of our reality that exists in hyperdimensions. Our simple three dimensions are rife with inaccuracies, problems, and miscommunications. When will Earth learn?

"Higher density of consciousness."

We are the Majestic 12.

"I knew enough to get the hell out of there before the whole operation was going to be lost. People think I was murdered- I told them to do it. The others wanted me dead, so I had to die. Death is an illusion; and time is an illusion that must be mastered to ascend successfully."

The Majestic 12 is considering the consequences of revealing the identity of the individual who has been broadcasting our messages. We are considering it. Some day perhaps.

Question: "Mr. Forrestal, as you've stated prior. The ISBE of you is the one interacting with the typist correct?"

Answer: The IS-BE typing was the IS-BE of Forrestal. IS-BEs can host more than one body and can resident simultaneously in multiple places in multiple "times". How? Time is an illusion. Consciousness creates reality. Godmode is real.

F ascended when he "died" and chose to be of more use to the Majestic 12 than he could as a human. 187 is murder, but is murder murder when the person wanted it? How does a person ask for it? What must be present in order to ascend?

Consciousness seeds transcend time of events. Converging evolution merges timelines and blurs the illusion it creates.

Knowledge is power.

Vatican withholds truths to spread lies and propaganda. Like the Ori, the Vatican does not ascend its followers when they die. They return to human form (prison planet), and have their memories wiped clean to start over. They don't teach self enLIGHTenment.

Many people have passed on beyond their IS-BE iteration we've all grown to love, however their consciousness is currently on Planet Earth. Some individuals have received assistance in discovering their true identity for the purposes of The Plan, others have not. Nothing specific.

What if facial recognition technology (currently protected by the Government for purposes of "privacy") were released to the world?

What if you could search for other BEs who look identical to your IS-BE?

What if children could identify their past identity using technology?

It would remove the idea of life ends at Death permanently and alter the course of humanity permanently.

Who created facial recognition technology?

Was it classified several decades ago?

Did the NSA use FR on ALL PEOPLES it captured?

Did it learn of a trend?

What did they learn?

Re-read past tweets about what happens at death and why the information has been withheld from humanity for so long.

There are protocols in place for Persons of Interest who were lost after their death but unable to unlock their previous life (effectively ending Death as you know it) but were able to recover it and starts becoming a threat to National Security. GODS EYE is watching all.

Imagine you're a young Cadet and you actually unlock a former life. Your work from then forward changes to ensure your operations do not interfere personal matters. Also, think about the obvious piece. Their historical knowledge is Majestic. They join MJ12 like BL did. !(not equal to) BL (Bob Lazar) here!

Monitored and engaged with.

We are monitoring several million people simultaneously and are aware of every action they are taking. <https://t.co/ajtq7WIFHD>

Question: "Just speculating...if MJ-12 has connection to Source consciousness, and/or Looking Glass Technology, they would probably have an overview of how individual IS-BEs have been incarnating in and out of history. I suppose they could even be tracking our IS-BEs through various lives!"

Answer: We actively track IS-BE reincarnations.

All life is a reincarnated IS-BE.

Question: "Will the lifting of the veil allow us to communicate (two way, not just thoughts /concepts telepathically received) with our deceased loved ones as if they were still here? And see them at the same time in some form?"

Answer.

They are among you today, lost in the Matrix, unable to find their way home. When the world wakes up, identities can be remembered.

Dissemination of this technology will be heavily protected and regulated for very obvious reasons.

Think logically.

God mode.

Everywhere.

Never.

Each person is being mass collected into an AI. Not AIs. An AI. A virtual you. You can be called up anytime. We also have the ability to use Remote Viewing and Voice of God technology to remotely hack into the brain of YOU and program you like you were a character on the Sims. You use the technology. You choose to be part.

Our mission statement is control everything on Earth.

Nothing to see here.

Any student in physics studying lasers can realize, with a little bit of deep thinking, and a detoxified pineal gland, that the laser can be used to create weapons more powerful than nukes.

You have QiGong capabilities that can be utilized for healing all around you. Possibly a radius of a few hundred miles. Focus your energy and you can heal others from your understanding the nature of our existence. MAJIC 12 programs studied this extensively in OP STARGATE / SG1.

To learn, ask during deep meditation. Ask for the information and use visions as clues to solve the puzzle. God has all information.

God is within. You have the ability. Directed Energy Weapon?

What's the opposite? You are the opposite of a weapon, but you can Direct Energy.

Do extraterrestrial weapons use consciousness to operate?

Are their weapons really tools since they can be used for both good and bad?

What if the weapon could destroy all life? What if it could also heal all life? What if it operated by responding to the frequencies

emitted by the conscious beings around it? What if those signals had functional programming associated with them? How do you read consciousness?

Digital signal processing technology uses an incorrect approach when understanding consciousness signals, however the theory is relatively similar. The frequencies emitted from your pineal gland and heart can be measured by devices that are specifically tuned.

Frequency A is a frequency being emitted by artificial technology. Frequency B is either heart telepathy or pineal telepathy frequencies.

Frequency + Frequency = Outcome.  
Consciousness + technology = alien tool.  
Technology needs to mutate consciousness frequency into matrix frequency.

Global consciousness is real. Those who are tuned into the frequency of others can perceive their intentions on their subconscious level.  
Your consciousness is aligned with the frequency of those patterns.

Time was a "gift" given to humans after the destruction of the Ancient world on Earth as a means to allow humans to organize and communicate via a meditation download roughly 6,000 years ago. The non-randomness of how time was created on Earth was tuned to our development needs.

By birthing time in that manner, using those numbers, a fractal of time energy was created (and is at every star) however how the fractal travels is all based on very precise measurements. Most star systems that have life follow the same fractal.

Many times when you are visually seeing entities in your mind that look like separate things but are intimately connected, it simply means that you're SEEING hyperdimensional information. 11 dimensions. How do dimensions hold information? What is information?

Humans are engineered beings to experience the lower dimensions so they can develop spiritually before entering the higher realms of existence through reincarnation and the planet's ET "protection"/"prison planet". Earth is an IS-BE that is protected because it keeps IS-BEs in.

Question: "If we are in 3D (moving toward 5D) what dimension is the afterlife?"

Answer:  
Afterlife is incorrect.  
Circle of life.  
IS-BE  
Immortally Spiritual Biological Entity.  
Immortal.  
Your density of consciousness doesn't magically change when you die.  
It remains as you lived.  
When reincarnated; you return at the same density.

Truth is within and anyone who interacts with Truth it changes them. Truth will be presented and people will choose their path forward. Not everybody will evolve. Some will reject the next evolutionary step and be reincarnated again to try again.

Which is why you should never seek an expert or a teacher to these things. Meditation is key. Release your burden.

It is not your fault.  
No matter what it is.  
We are all flawed.

To borrow a phrase from religion,

Let God love you.  
Love God.

God being your exoconsciousness.

Meaning you release your burden and accept your innocence and therefore forgive yourself.

You Are The Plan.  
There is nothing more Majestic than the Great Awakening.

# MJ12 Q, Q+, Q Anon, #QAnon, and (You) +

Q

Q

Did we say anything about Q?

Q will be the defacto goto for when 45 announces the Storm.

The Majestic 12 have played an integral role in facilitating the coming outcomes to our country. The world is watching. The world is waiting. The clock is ticking. Tick tock. Checkmate when?

Logical thinking required.

Checkmate move when?

Majestic disclosure future proves past.

Date account created?

Date Q started?

Date MJ12 started dropping thousands of tweets?

Cross reference MJ12 events to Q posts.

Checkmate when?

Disclosures when?

"It appears that we have won!"

The Calm Before The Storm

When did Q go "live"?

Who predicted SA (Saudi Arabia)?

Who predicted NK?

Who predicted 53-47?

Who is posting as Q Anon?

Q's message isn't the word of Q but the will of We, The People. What Q is trying to do others will logically understand. Tangible progress has been made to those ends and the solution is not to look into Q but to seed the ideas into the minds of sheep in a manner they can get.

To understand #Q Anon you must first understand régime change.

Is it #MKUltra?

Not technically.

Is it like #MKUltra?

Absolutely.

Is it bad for you?

Depends on who "you" is.

-MJ12

In the Q Anon reality, Trump only pretended to collude with Russia in order to create a pretext for the hiring of Robert Mueller, the special counsel, who is actually working with Trump to take down an inconceivably evil and powerful network of coup-plotters and ..... child sex traffickers that includes Hillary Clinton, Barack Obama and George Soros.

Some elements of the Q Anon conspiracy theory – secret elites, kidnapped children – are classic, even archetypal.

When what the Clinton Foundation was involved in, as to be determined by Huber and Horowitz, how will We, The People demand these people be held accountable and how do we prevent it in the future? Everyone understanding who and what Q Anon is understands a Majestic magick.

Dec 24, 2018

We can detect through our technology that over 200M people domestically inside the United States are actively aware of Q Anon (less than 50% read daily and less than that believe anything will happen).

MJ12 is currently working toward full disclosure.

Proportional to when the majority of the population's consciousness is ready. Through global consciousness and exoconsciousness, we are able to glean insight using the Stargate to determine when the public is ready. Its steadily growing. More recently, since Q Anon its been exp().

No matter how many crimes are committed against the American People, "Justice" can never be equal until these Criminals are held accountable. Trust the plan. We have dozens of races working with the Presidency to ensure that the mission of #Q Anon is a success. We are winning. <https://t.co/r38W6piYXB>

Majestic 12 is not Q Anon.

SOME members of Q Anon have Majestic 12 clearances.

POTUS is MJ12.

No. Majestic 12 is a conscious arm of POTUS's direct commands. CoC wise MJ12 is a peer to Q Anon.

Are you enjoying the movie? MJ12 are MASTERS at making movies. Have you seen one of our productions? They are classics. This account does not disseminate information unrelated to the INTENTIONS of MJ12 that do not serve the purposes of disclosing SOME activities to the public.

SHEEP NO MORE.

Reread past drops.

Read #Q Anon.

Connect the dots.

In order.

See the picture?

SHEEP NO MORE.

What is Q Anon? Do you know? Or have you only relied on other people to tell you what it is?

Can it be stopped entirely? No. Can it be greatly reduced?

Definitely.

They hide in plain sight.

Symbology will be their downfall.

Projectionism is real.

Q Anon is telling you the truth.

You have more than you know.

As an IS-BE "alien" on planet Earth, you (all) can create all.

0=9; 9=IS-BE.

Q:99 infers Questions:Answers. Answers come from combined consciousnesses interacting on same thought vibrational frequencies. Downloads unlock for others who receive trigger words that cascade the frequency change in vibration.

See the badge upside down Q?

How do you launch a rocket with gravity?

What is gravity?

[They] won't tell you because you are slaves to them.

Gravity is the concentration of IS-BEs manifesting a reality of their own creation in their own universes.

Can you escape gravity?

Matrix?

Traveling through time is achieved inside your own mind, however when you do, you're actually just experiencing alternate realities. Remote Viewing alternative realities in alternative time periods has been successfully documented in the CIA's Stargate program.

This tactic is being used currently with the #Q Anon military operation as a means to stay "5 steps ahead" of everybody else. Inside Area 51 S4 (not Groom Lake), the Stargate device can be used to explore the cocreative consciousness alternative reality and not one in your head.

The difference can be expressed as such: Meditation + Remote Viewing allow you to see "forks in the road" of all decisions you personally have made. You can explore the realities in your mind of "what if" and those realities are accurate to a certain degree.

However when you use a Stargate to Remote View alternative realities that do not derive from within your own mind, you are instead using technology to actually tap into the "fabric" of exoconsciousness with some level of precision.

That "fabric" can be thought of as just that. Imagine a "fabric" with fractal geometric shapes that are physically 11 dimensions. Time is the illusion and the nature of reality is just the chaos created from merging multiple fractal patterns into one.

Q Anon is a separate NSA operation. But where there's 1 there's 100. All for different purposes. All playing hyperdimensional chess. Welcome to reality. However the nature of reality is not as you were taught. An alt physics in Classified programs exists that MJ-12 has "DECLASS'd"

Meaning process of actual declassification of information pertaining to whether the secret is only present in order to protect criminality. This is why we operate 300 clicks away from the subject but at a tactical advantage over everything else without raising too much suspicion.

Q today:

"Drops 'layered' to provide 'advance knowledge'."

MJ12 does the exact same thing.

How do you transfer information hyper-dimensionally?

How do you define hyper-dimensional information?

Multiple points all connected at right angles to each other?

Eyes Wide Open.

"Be careful who you follow" means many things.

Q is using Majestic forms of communication to disclose highly classified operations so the public will be aware of what's happening and not cause mass panic.

This is the Great Awakening.

Now that we are INSIDE the Great Awakening era itself, "be

careful who you follow" is a call to action for each IS-BE to:

#Q1936 says: <https://t.co/yFxnRTFTf8>

(TRUST YOURSELF!

We have our own objectives that are not mutually exclusive to Q's objectives. Nothing in our messaging is unloyal to the Plan directly outlined by 45. We are providing you new tools of consciousness to help create a better reality. 45 is a powerful man. He knows a lot of people.

WHO Q is is irrelevant. The information is real. Nothing hinges on 45 confirming Q. The information is real.

Clowns push for Q Proofs more than Patriots.

JK is not in Q group FYI.

Q is open source intelligence. What we know about Q is what you know about Q. We do know this however,

DARK to LIGHT

DARK -> LIGHT

Q -> MJ12

Therefore, as I(not equal to) SHEEP you must therefore take the advice that Q has given to you and learn the comms.

Q comms or general comms?

Q comms help for decoding Q drops.

How can you take what you have learned and re-apply it elsewhere?

Sheep no more!

Re-read: <https://t.co/sdPBbqFd2X>

Clowns are everywhere.

Most clowns are unaware they are clowns.

Clowns are useful to chaos theory because they have hidden agendas.

It takes two to tango.

Facts do not mean "Q Posts".

Facts do not mean "MJ12 Posts"

Facts do not mean any authority behind the information.

Part of trusting yourself is learning new tools for inwardly communicating with Source that is not strategically engineered to create SHEEP. Part of Disclosure is to:

1) Learn facts from authority sources.

- 2) Think for yourself (what does that mean?)
- 3) Trust yourself (again?)

If you only have (1) and not (2) and (3) as well, then you are SHEEP.

The intent behind the operation of this account is to prepare you for Disclosure and First Contact.

Nothing else.

We are not Disclosing ETs or initiating First Contact through this account on Twitter.

We are instead providing tools to Anons who are aware of the Great Awakening who wish to hone in on the skills that others have mastered.

Many posts are exercises in these fundamentals.

Added emphasis on "Research for yourself."

Important to note again:

- 1) We have never claimed to be an insider. We are the Majestic 12.
- 2) The Majestic 12 operates above the Federal Government. Not inside.
- 3) We have never asked you trust us.
- 4) MJ12 was created prior to Q deliberately.
- 5) MJ12 distanced itself from Q.
- 6) Q mission is unaffiliated to MJ12 mission, though actions and events are not mutually exclusive.
- 7) No outside comms for Q from (now) 8ch and no outside comms for MJ12 from Twitter.
- 8) Disclosure and First Contact require a certain level of consciousness before successful try.
- 9) It has been the efforts of Q, including MJ12, to help assist in the Great Awakening by acting on a paradox.
- 10) If 45 is Q, and 45 says "Anonymous Sources" are "Fake News", then how do you explain the 6 months prior to SKY EVENT proving Q = ~ 45, then later 45 = Q?
- 11) Paradoxes are naturally occurring in nature and require logical thinking and trust in yourself to decipher. If Q is an anonymous source, when what "Fake News" are they spreading? Fake News = Narrative Shift + Agenda
- 12) Is all "Fake News" factually wrong?
- 13) What IS disinformation? Intentional.
- 14) How about misinformation? Unintentional. Clown's Pawn.
- 15) Q has said that disinformation is real and necessary. See #Q72 #Q158 #Q128 #Q1685 #Q88 #Q76 #Q97 #Q78 #Q70
- 16) MJ12 has said that disinformation is real and necessary.
- 17) MJ12 has stated that disinformation is used intentionally: <https://t.co/jd2Kv604vq>

Majestic 12 was created in 1947 immediately after Roswell because National Security interests (Holy See) wanted us to cover up the Extraterrestrial life forms and the alternative physics that

they use. Organization still exists and is the grandfather of the Deep State non-Cabal.

Majestic 12 hides in plain sight, uses disinformation for real DECLAS orders as not to compromise ongoing operations and has been proactively working behind the scenes to bring official Disclosure and First Contact to the public since MJ12 was subverted for about 33 years.

In 2011, MJ12 control changed hands from the CF/322/MB CST Cabal and "The Plan" was created. You are LIVING a Majestic movie of Disclosure. Darkness withers in LIGHT, and truth will be revealed. This account was started around [dates?] to facilitate pre-Disclosure discussions.

First Contact is imminent following Disclosure however society must first come to terms with the DARKNESS that has ruled the planet for thousands of years. Unlearn the misinformation. Kingdom of Heaven is within. Your subconscious is your consciousness which is "God" aka an IS-BE.

Some of the Generals on the Q team are signed into MAJIC EYES ONLY programs and therefore are Majestic in their duties. Does not mean they are all equally signed into the exact same operations.

<https://t.co/aWCAZ4nf7h>

No. MJ-12 is non-hierarchical. All members have equal power and authority to perform MAJIC operations. Everything was NEED TO KNOW. Don't dismiss all disinformation. Disinformation is real and necessary. WHY?

"New"

July 2017 is new.

Older than the Q operation yet tweets prior to Q consistent with tweets after Q?

Controlled influence vs controlled opposition?

SHEEP.

We are not saying this account has any connections to Q, so please stop spreading disinformation/misinformation pertaining to this account. We do discuss extraterrestrials, consciousness, and aliens, including but not limited to occult numerology magick, and Majestic operations.

Q is an entirely separate operation as we have repeated dozens or so times. MJ12 operates above the Federal Government's bureaucracy because of the severity of the classification pertaining to ongoing ET related operations. Q is Earth based only. MJ12 is not.

Q !(not)= MJ12

MJ12 !(not)= Q

Therefore, since MJ12 is not only based with operations on Earth, but also other planets in the solar system (and "moons"), we therefore have a wide range of tools accessible only to us to use, and whether people can comprehend it or not, we chose Twitter to communicate over 8chan..

MJ12 have never asked you to not read Q posts, follow advice that Q has given you, or tried to misrepresent information Q has

posted, nor will we ever on this account. We beg you, if you do not care to read the information we are sharing, then please simply block our account.

Divide and conquer is real and people have been so condition to teams, and whose side are you on, and is my side winning or not that it prevents legitimate conversations to be had about extremely important subjects. We are here to guide humanity through the Disclosure process.

JC was hired to divide the followers of Q by leading followers down empty paths that distracted instead of helped. Those who spread disinformation excessively complain about trolls, imminent shutdown, etc. JC was exposed by Q team as was AJ/ IW as Aman/Mossad/Shin Bet controlled.

"Great Awakening" is a term that the Q team used from the MJ12 "Full Disclosure" guide that was originally designed to be rolled

out using Mainstream sources back in 1989 but was subverted. The GA is learning that truth and discovering the secret MJ12 was employed to protect.

Q has directly said that aliens exist and that Roswell is the highest classification in our Government.

No. Q is an NSA/D.I.A. operation. MJ12 is above Q in secrecy mostly because MJ12's base of operations is not on planet Earth.

Q is in NSA  
MJ12 is in "Pentagon"

FYI #Q Anon followers. The Majestic 12 has NOTHING to do with that D.I.A. operation.

Q team has existed for decades within NSA.

Like MJ12, DARK > LIGHT.

MJ12 is a peer of Q, not connected. Separate operations.

Quote.

"MJ-12 and Q team are synching up! 🤖"  
No, Q team is an independent operation.

Q injects new information into consciousness specific to the Plan. MJ12 interacts with consciousness to ensure success of the Plan.

Which plan?

There are many plans currently in play.  
The Q plan will be completed before 45's second term.  
Politics.

The MJ12's plan will most likely be completed in 45's second term.

"It really is worthwhile to read through this as suggested. When I initially found MJ12 here, I couldn't get enough. I've yet to see anything posted that contradicts what Q has said, and often it helps in deciphering the bigger picture (ie Q has mostly avoided the ET topic)."

We are not Q, we are the Majestic 12. Mirrors are things that reflect. Q uses meanings as mirrors to convey classified scenarios. We do it to connect parts of the mind together in order to unlock consciousness downloads. Consciousness communicates precisely by frequencies. Ideas.

We were before Q.

We are the Majestic 12.

Q is executing a carefully designed plan that MJ12 had a non-functioning role (at the time during planning). At the time, MJ12 was the Cabal. Since 2011, MJ12 has been under White Hat control.

This account was started before Q, and what you call "Q Drops" is actually a formal structure of communication intended to bypass ALICE.

ALICE is among us currently.

After posting recently, this is what showed up in the timeline. Zero indication the post was a multi-tweet thread LONGER than 2 tweets. It was because we used flagged keywords. Anons ask us for not using Q style tweets, well, there is a reason why. <https://t.co/ZLOzMqb9gj>

How many Q quotes did 45 use this evening?

The world is watching.

The stage is set.

The world is waiting.

How many others?

45 will not acknowledge MJ12. He will acknowledge Q though. [Soon]

We are aware of Majestic 12 disclosure processes currently operating in conjunction with the Q operation. The Q operation's the cleanup crew who are doing the necessary work. Majestic 12 programs will be disclosed after society purges ideological conscious cancer that is cancer.

The mass arrest scenario is an energy that the Deep State is at war with. It cannot come from MJ12/Q/45 etc. It must come from "We, The People". The Plan is a series of events that will ENABLE mass arrests to take place. Disclose the criminality. Expose the corruption. EYES OPEN!

Question.

"Hello everyone, M12, I wanted to know if FBI anon has any relation to Q. A lot of the stuff revealed by Q actually started much earlier through FBI anon."

Answer.

FBI Anon is not connected to Q, although FBI Anon does have POTUS' direct line as do many other REAL AMERICAN PATRIOTS embedded deep inside the Federal Government who fought for decades against this group but were stopped at every level. FBI Anon played a critical role though.

16/ Q told you Military Tribunals. General Flynn is guilty of violating the Logan Act on paper because of his knowledge and communication pertaining to the transnational child sex trafficking ring inside the Government hidden by Top Secret SCI compartments by comembers of 322.

17/ The crime is a process crime in the original interpretation of the law that most people have agreed is non prosecutable. Literally the last chance this group has. Q is Majestic in nature. We are the Majestic 12. Unaffiliated to Q though working on simultaneous Disclosures.

18/ The Trump Foundation has not been involved in trafficking of children. It has essentially moved around legally millions of dollars from the Trump earnings and invested it tax free into the communities through his charitable works. Is there anything wrong by this?

19/ President Trump is now Commander in Chief. He doesnt need his Foundation anymore to do GOOD for the World and bring LIGHT to all. The world is watching. The world is waiting. The world will learn the TRUTH! SHEEP NO MORE! Disclosures come in small segments because prosecuting this group is going to be a dozy. Are you ready for the show? When do specific EOs become activated? Why did General Sessions resign? Why did Graham question Justice K about enemy combatants in Military Tribunals? Why was the Senate KEY? Why was the SC ESSENTIAL? RULE OF LAW!

20/ Flynn will begin testifying against this group and bring down the whole house of cards over the next few months. The plan has been carefully scripted and has expectations of the outcome due to WE THE PEOPLE's love for our children as our country is forced into grieving.

Logical Thinking Required.

1/ 45 issues immediate withdrawal out of Syria due to defeat of ISIS.

2/ MIC deploys all assets.

3/ Q has spent the past year preparing you for this.

4/ RDS states "bases are used to trafficking everything from gold guns drugs and little children".

5/ New National Security Law makes Child Sex Trafficking directly enforceable by the Military.

6/ By withdrawing Military troops from the official proxy war the financing gets cut and trafficking lines that used the Military to travel invisibly are now cut off.

7/ It's all coming out.

8/ Lots of sealed indictments.

9/ Nothing can stop what is coming.

Eyes Wide Open.

Who briefed 45 on CF/JE/NXIVM?

Who recruited 45?

The world is about to change.

1) Nobody.

2) Q Team

45 already knew. The DOJ+FBI would not sign him into the Unacknowledged Special Access Program hiding on Hillary's private email server. No papertrail mandate with TS//USAP. EYES ONLY. ONE COPY MADE ON A VERIFIED SECURE SOURCE. EYES ONLY VIEWING. MAJESTIC.

45 had EYES ONLY access to these programs because he rubbed shoulders with everybody in the Club, and 45 wasn't in it for anything less than absolute love and luxury mixed in with some healthy lust. A stable genius. He knew.

So Q Team approaches 45 and essentially they knew what had to be done. For God & Country. Those who know can't sleep at

night. Could you? What if your child was stolen? Do we ever ask why they were stolen or what the kidnapers do to them? Horrible stuff everybody knows. DARKNESS.  
DARK > LIGHT

MJ12, POTUS, Q and many others woke you up to this reality at the green light from MJ12 once we took back control on 1/20/2017. Part of moving forward in our future and towards our destiny is accepting the past for what it was and look at the future. Act now! We are ready!

SOMETHING BIG IS ABOUT TO DROP..  
Assets being moved as you read this.  
P-A-I-N!

Question.  
"When you say assets, do you mean living beings too?"

Answer.  
Humans are considered assets too.

Question.  
"Drop publicly?"

Answer.  
Yes. It will modify the playing field.

Question.  
"Can you give a hint?"

Answer.  
To do so would change the playing field and interfere with the plan. Even MJ12 members can be 187'd by Q/NSA/DIA assets.

He used that word again.  
Majesty  
Coincidence?  
Majestic 12 is 100% pro-Life from this day forward.  
You will soon learn that several MJ12 (wont be labeled as such) members received the Death Penalty for CRIMES AGAINST CHILDREN, and were spared public disclosure officially.  
Watch Q!

Majestic 12 was very evil a short period ago. Months prior to Q being released to the public 45 signed legislation that took control over MJ12. Since then, we have flipped the table and are now using "their weapons on them" to clean house of this group of sick people.

Part of the strategy to Pizzagate was we needed a KEY to unlock the NSA. Pizzagate was the key. When Pizzagate broke, new voices joined the movement and were motivated by Seth Rich's murder.  
Once the cat was out of the bag, the Cabal deployed every asset against the efforts of Q/MJ12/45 to delegitimize and defraud the American electorate as Clinton did, according to DNC Lawyer testimony, essentially rigged the election against Sanders.  
"Legally." Logical thinking.

When Q team mentions "Wizards & Warlocks" they are referring to No Such Agency. They will never be defeated because if they were, then we wouldn't have a country.

Question.  
"Has Julian been extradited?"  
Answer.  
Trust the plan.  
What do you think?  
Do you think he saw Pizzagate too?  
Do you think he knows who Seth Rich is?  
Does he have more of the DNC's private server files, kept for personal insurance?  
What was Vault7?  
What would your failsafe be?  
Instructions on how to rebuild civilization after nuclear war?

Disclosure is a human right. Full Disclosure to those who are willing. We are at a critical time right now. Good versus EVIL. The MJ12 are at the pleasure to the POTUS because he is the enemy of C322. We only disclose what is already COMMON KNOWLEDGE AMONG THY CONSCIOUSNESS.

The path to true enlightenment is not with a flashlight. A tool cannot bring you enlightenment and Disclosure is only necessary where voids in logic exist. Where reason and evidence compels you to consider the cost of seeking evidence of your Disclosure do you then seek the light.

Therefore providing information that is not currently known to your collective state of consciousness would be dangerous to the stability of successfully executing The Plan. The truth is here for those who seek it. Here is where you are. Where the truth is. It doesnt matter where.

When we drop information we expect it to be common knowledge. Seek the truth further. The questions will help guide you to the next density. WHAT do you want to know about Full Disclosure and how can YOU learn how to use your new abilities of REMOTE VIEWING to learn everything.

But why does seeking the truth really require so much? Perhaps failed social engineering experiments performed by this criminal system of "Justice". Pay attention to when POTUS mentioned

7.1) The Majestic Q Team went fishing. How do you catch a fish? BAIT. Bad actors are following Q Anon right now not interested in the deep research required to comprehend the hyper-dimensional web, but rather are actively looking to see what Trump's plans are, because they believe that because Trump/White House haven't taken credit for Q that Trump/White House will continue sharing their plans to Anons via Q team/8chan. They are interpreting date pushes (timE is an illusiOn) to be literal dates. Q team does not correct anons who are misreporting the intentional disinformation being planted. Why? To force the bad actors to panic. 41 was not tried and executed by a secret Military Tribunal. Instead, by adding emphasis on D5, rats panicked and 187'd 41. Did you see the look on Jeb's face? It didn't work. "Well played DS." In chess, they just gave 45/Q a valuable piece to avoid checkmate. How many moves away are we from checkmate? D5. Chess. Dec 5th. Time is an illusion. Predicting dates introduces chaos into the Matrix. Chaos is a fundamental to the Art of the Deal. Now, back to today. Q's D5 was a Majestic chess move and it removed a powerful bad actor from the

equation. He was after all the political leader of the NWO internationally since he announced it at his State of the Union in 9/11/91.

Now what about the 13th? Do bad things happen on "Friday the 13th?" Is today Friday? Time is an illusion and the illusion is manipulable because numbers hold magick inside them that drive patterns throughout the universe. The DS has very few pieces left they can play.

Coincidence? Are bad actors also following Q?

Good and Evil both follow Q. The Majestic 12 is not part of the Q team.

Our mission here is simple: assist in Disclosure's prerequisite steps. Many people who are following Q and trusting themselves are also aware of the ET issue at hand.

We are not at liberty yet to provide "MJ Proofs" as Q has because by doing so would inadvertently attract too much attention to this account. We are disclosing information. Future proves past. Proofs will be provided in the future, not yet. Let Q finish their mission first.

Remember, no Q comms outside of 8chan. We have no clue what Q is planning, and even if we did, we would never admit it. But think logically here. Why mix swamp draining (bad) with military parade (good)? Doesn't add up, at least in our opinion.

We do not expect anybody to trust the Majestic 12. The Majestic 12 has been the most secretive organization on the planet, but its important to understand that in order for Disclosure to take place, we must go from DARK to LIGHT. We admit our mistakes, but truly care about Earth.

Knowledge is power. Knowledge is dangerous in the wrong hands. Only the pure of heart and willing can acquire the knowledge you seek. It cannot be forced onto anyone. Granted, there has been a lot of subversion. But YOU CREATE your reality. Not us. We can create a faux reality. But the Karma is spinning the planet into destruction. So, this time around, MJ12 have decided to take a back seat approach to dealing with Disclosure.

YOU HAVE MORE THAN YOU KNOW!

Dropping Full Disclosure would cause lower evolved humans in positions of great power to do irreversible damage out of their own confusion, fear, and ego.

THE CHOICE MUST BE YOURS TO MAKE.

We engage in this open forum as a means to help enLIGHTen those who seek the truth. We do not give you truth. We give you direction. Only through meditation and practice in unlocking your genetic memory will TRUTH resonate with you.

YOU CREATE YOUR REALITY.

"Think of the universe in terms of energy, frequency, and vibration."

Quote.

'And Love IS The Highest Frequency of ALL. Fear is very low frequency..."  
End quote.

Precisely.

Do not allow anyone, Majestic 12, Q, EyeTheSpy, Praying Medic, Jordan Sather, and many others tell you that we cannot make this Majestic reality our shared reality. All of its ready to break open. We will not fail. Clowns will fail. In the end LIGHT always wins.

MJ12 Qigong

QiGong is quite common and powerful. There are other disciplines that utilize supernatural abilities. Majestic.

Qigong is more efficient, but yoga and meditation are great places to start.

Eyes Wide Open means many things.

Alien is a frame of mind and a lens of understanding of intuition.

Don't you have the power in your life to start creating and projecting your consciousness onto others by leading by example? Open Books are easy to read. Eyes Wide Open. Consciousness projects REALITY. Reality is an illusion created by your consciousness. How to control it?

He looks inside for truth and finds that many things are Majestic in life.

The path of self enlightenment begins when you realize that all in the material realm is an illusion created by chaos and true balance in ones own life comes from how they perceive their own consciousness. Addiction is a trick of the mind and body to deceive it that vision.

Balance must include evil. However the degree of evil is in question. Keeping evil at a minimum also requires keeping prosperity at a minimum. It's like tug of war when it comes to the higher dimensional war consciousness is fighting. Its finding a balance. Its Majestic.

We know fundamentally that the highest level of consciousness is LIGHT. Photons. EVERYWHERE. LITERALLY EVERYWHERE.

Life is a spark of light.

LIGHT beings consciousness existence as an IS-BE is confusing by design. It is to teach and learn. Out of human curiosity, there MUST be more than "this". So God was born. So Dogma is born. So Destruction is born. God is within. God is your IS-BE. Your subconsciousness. LIGHT.

Anthropomorphizing the LIGHT consciousness within you that IS WHO YOU REALLY ARE discredits the accomplishment of your own LIGHT/Pure Love and separates your consciousness to your subconscious. This makes you vulnerable to be controlled. Introduce Dogma. This quote is Majestic.

Eyes Wide Open.

You have QiGong capabilities that can be utilized for healing all around you. Possibly a radius of a few hundred miles. Focus your energy and you can heal others from your understanding the nature of our existence. MAJIC 12 programs studied this extensively in OP STARGATE / SG1.

To learn, ask during deep meditation. Ask for the information and use visions as clues to solve the puzzle. God has all information. God is within. You have the ability. Directed Energy Weapon? What's the opposite? You are the opposite of a weapon, but you can Direct Energy.

Do extraterrestrial weapons use consciousness to operate?

What if the weapon could destroy all life? What if it could also heal all life? What if it operated by responding to the frequencies emitted by the conscious beings around it? What if those signals had functional programming associated with them? How do you read consciousness?

Digital signal processing technology uses an incorrect approach when understanding consciousness signals, however the theory is relatively similar. The frequencies emitted from your pineal gland and heart can be measured by devices that are specifically tuned.

Frequency + Frequency = Outcome

Consciousness + technology = alien tool

Technology needs to mutate consciousness frequency into matrix frequency.

Alien is a frame of mind and a lens of understanding of intuition.

Who knew light could be a weapon? Specifically phaser technology isn't as simple as lasers killing cancer cells. Phasers shift the phase of matter with light.

How do you tell the LIGHT where you want to go?

We need to understand how to decode (properly) our DNA first. The truth inside our DNA has been classified for a very very long time. It is time for it to come into the light.

How do you define hyper-dimensional information? How do you transfer information hyper-dimensionally?

Alien is a frame of mind and a lens of understanding of intuition.

Grow tents are faraday cages.

# MJ12 Questions are plentiful.

04/01/19

Questions are plentiful.  
Answers are few.

Therefore, if truth resonates from within and meditation allows you to download new information stored in your DNA, then wouldn't you learn by asking Questions versus seeking answers? Meditate on these questions and truth will resonate from within. On all subjects. Literally all.

Information is stored in frequencies consistent with their virtuous emotions associated to their impact and severity. During meditation, allowing your higher mind to ask the question, then in meditation you shall experience the answer. It must be drawn from self reflection.

# MJ12 Random Chaotic Order

"Random" tweets are not random at all. Go to 100K view into classified higher dimensions of logically thinking and ask yourself simple questions about the fundamentals behind what the tweet was about, as if you had to explain it to a 5 year old.

The path of self enlightenment begins when you realize that all in the material realm is an illusion created by chaos and true balance in ones own life comes from how they perceive their own consciousness. Addiction is a trick of the mind and body to deceive it that vision.

Chaos needs to be controlled. Uncontrolled drops create unpredictability. During Elections that trick has been used before. Information is seeded into the public through these forms of comms. Public opinion and outcry forces declassification of clown activity.

Use the bare fundamental concepts as bullet points where each point can be perceived as a chess piece.  
Now play the move.  
Let's play a game shall we.  
These people are stupid, yet relentless.  
△△△△△△△△

How many points must be connected in order to establish a Stargate (or a Supergate)?

- 3 - 15%
- 6 - 31%
- 9 - 54%

However when you use a Stargate to Remote View alternative realities that do not derive from within your own mind, you are instead using technology to actually tap into the "fabric" of exoconsciousness with some level of precision. That "fabric" can be thought of as just that. Imagine a "fabric" with fractal geometric shapes that are physically 11 dimensions. Time is the illusion and the nature of reality is just the chaos created from merging multiple fractal patterns into one.

Reality is expressed in numbers.  
8 dimensions of numbers.  
Currently we use 1 primarily.  
Engineers use the 2nd (i, -i).  
3, 6, and 9 are consciousness.  
1, 2, 4, 5, 7, and 8 are chaos matrix theory.  
Time has been structured around consciousness.  
Time is an illusion.  
Double Slit.

We are currently experiencing divergent timelines where periods appear to travel "faster" than we once remembered time. This is an illusion created by the chaos distortion in global consciousnesses over the gravity of this war against those who we, the Majestic 12 let slip our.....power to the satanic pedophile cult that secretly ran the United States for hundreds of years. However what happens when a father learns that his daughter was sexually abused. Not suggesting anything. Just statement of empathy. 45 has empathy. He knows how he would feel.

We recall Mr Gates that Trump is doing exactly what you believe must happen in order to curb population growth. Did the mission of the Gates Foundation recently change under President Trump?  
<https://t.co/Eh63HF3eaY>

In the Q Anon reality, Trump only pretended to collude with Russia in order to create a pretext for the hiring of Robert Mueller, the special counsel, who is actually working with Trump to take down an inconceivably evil and powerful network of coup-plotters and ..... child sex traffickers that includes Hillary Clinton, Barack Obama and George Soros.

Which other investigations?

If they continue the shutdown they lose.  
DECLAS brings down the house.  
Human trafficking drops haven't started yet.  
Here they come.  
Big arrests are coming.  
Not mass arrests and chaos and panic but arrests leading up the declaration to mass arrests

What if we told you there are UFOs that are lifeforms and that in order to operate the UFO you must be able to telepathically make contact with the being and negotiate usage of their vessel?

Far from a lot of things, however being far from a child is the wrong way of thinking. In order to understand exoconsciousness and universal love, the mind of a child is the most compatible. Rejecting that frame of mind is why the Earth is rooted in evil to begin with.

Why fix an election? Well we didn't originally fix it. HRC did. We believe in the ideas behind democracy but recognize that when a population is mind controlled, they aren't actually invoking their free will and deciding. We had to intervene to maintain order.

DJT may get a Gold UFO in his next life. We have considered it. Though he would be required to "win bigly" again in a second life in order to be positioned for such a gift.

Correct, the outer planetary defense systems operating on the "dark side of the moon" are designed to prevent nuclear weapons from entering space. In order for a country to "nuke" another country without killing themselves, they must use space. This is prevented.

We, the Majestic 12, hope that society understands and appreciates the magnitude of what Disclosure really is, and how we have built society up to this point in order to tell you, the public, the truth - finally. We were delayed by 25 years thanks to one MJ12 leader.

When 2B took control over MJ12, the ambition to Disclose alien life + technology to the public became thwarted because a rouge group of agents within the Shadow Shadow Government wanted to establish a New World Order FIRST in order to "prevent chaos."

The Military Industrial Complex was created in order to ensure that the research and development into alien technology that was recovered at Roswell (and other places) could be kept secret REGARDLESS of who was President. That's the "deep state."

We do not expect anybody to trust the Majestic 12. The Majestic 12 has been the most secretive organization on the planet, but its important to understand that in order for Disclosure to take place, we must go from DARK to LIGHT. We admit our mistakes, but truly care about Earth.

Your "God" was an illusion designed to install the New World Order. Mostly lies, even though the actual text in the Bible does resonate many truths with the true nature of the universe.

Probably before 2030. We are encouraging public sector non-SSP entities to "go wild" with their innovation and development (removal of regulations) in order to speed up Disclosure. If it doesn't go fast enough, we'll step in.

If you're a man (40) and you've consumed the Standard American Diet (SAD) for all 40 years, it would take you nearly 9 years of PERFECT detoxification, meditation, and adjusting your lifestyle

(including whether you work or not) in order to START using "magick" of the "Gods."

Yes the brain can be enhanced and expanded through conscious control over your own DNA. Trick is to know the coded sequences to activate in meditation in order to expand cognitive ability.

some craft rely on certain DNA in order to decode the sequencing programs

did we create the different science fiction phenomenon of your time in order to divide and conquer you WITH the truth. its been out in plain sight for DECADES. are you enjoying the movie?

Chaos.

Hitler was merely a disposable pawn. Now, understand that in STARGATE SG-1 the Go'uld are a parasitical reptilian race of aliens that "take a host" in order to cheat death and [BOOM], we will cross reference this in a moment.

The Space Force is 100% necessary in order for us to ensure that no other ET IS-BE (more evolved humanoids than yourself and sometime human looking humanoids) are violating massive human rights abuses. The purpose of life is to love and be beloved. Nothing else.

Your biological body on Earth is started with a single cell that is incapable of access your DNA knowledge because it requires a conduit as powerful as the brain in order to decode the hyperdimensional data structures it contains that gave him the abilities he naturally had.

Everything is a projection of consciousness and consciousness projection. Plants resonate at very high vibrations. Many plants are extremely intelligent and communicate in Majestic ways. Animals are of a different vibration. Competing vibrations. Consuming meat introduces chaos.

IS-BEs have access to all contained both within the IS and the BE. It is an extremely difficult thing to master, however some beings have demonstrated that ability. However, it is important to understand that sometimes technology is required in order to bridge certain gaps.

F ascended when he "died" and chose to be of more use to the Majestic 12 than he could as a human. 187 is murder, but is murder murder when the person wanted it? How does a person ask for it? What must be present in order to ascend?

Martial Law will be temporary as members of the Cabal are rounded up from all over the planet. Our planet was less than 3 months from total nuclear annihilation. In order to diffuse that kind of bomb, it took an exceptionally talented group of "Bomb Squad" LEO Agents aka MILINTEL

What does the DS Climate Report fail to mention?  
Why was the DSCR published last week?  
Is it truthful?  
The implications it claims are dire if accurate.  
Would you tell a lie to drive panic and chaos into the eyes of your slaves when they are on the brink of learning the truth?

Prepare yourself mentally for the heightened state of consciousness that will be required in order to survive.

19/ Many rituals that occur, the cult members witness the "demon" (aka the extraterrestrial alien) consume the sacrifice and the members who join the Cabal must participate in order to prove their allegiance to this higher form of intelligence (from their own).

The original story of creation, as told by all major religions is a lie. Humans were genetically engineered by The Domain to be vessels capable of experiencing many facets of the lower dimensions in order to develop and grow the spirit. The young don't always do as they're told.

Those abilities are very natural.  
Practice, consistently, dedication, and passion are all required in order to undertake the massive personal enlightenment that is coupled with advancing ones ability to be telepathic, telekinetic, able to remote view and astral project.

Your fundamental world view needs to be adjusted in order to understand the answer you seek. This question will always yield answers that block you from understanding the truth. The universe is comprised up of consciousness energy that decides, by thinking and willing, reality.

The signature of life is a complex myriad of hyperdimensional information stored within our DNA. In order for those life forms to be expressed in our reality, their DNA would have to be almost a 99% match. Imagine the total prerequisite information necessary to store to project?

Your audience is educated and armed.  
You need civil order in order to legally dismantle this criminal enterprise.

Q 34

On POTUS' order, a state of temporary military control will be actioned and special ops carried out.

Executive Order could legally create this new Government policy, though it risks being revoked by the next President. We, The People can use the powers granted upon you by the Majestic Green Frog 🐸 Pepe. Meme magic is MAJESTIC EYES ONLY Military Grade mind control technology/AI.

All cool gadgets came from the Majestic 12 directly through the Foreign Technology Office in the Pentagon. Very controlled disclosure. Otherwise you have complete chaos everywhere. So much information in both the Good vs Evil realm. Evil was allowed to expand. Good was not.

Several names you mentioned above are in communication with Majestic personnel through Majestic mediums receiving directed meditation downloads of pertinent and National Security related intel that must get Disclosed in order for The Plan to execute properly. Use your power.

Clowns are everywhere.  
Most clowns are unaware they are clowns.

FOR GOD & COUNTRY  
No deals.  
This will happen

What have we said many times?  
Time is an illusion.  
We do not predict dates.  
Predicting dates alters the chaos theory of information essentially creating a "glitch" in the Matrix. (Metaphor of Consciousness Projecting Reality).  
Specifying dates introduces chaos.  
Events not dates.

Word of advice:  
When we ask questions, we are providing answers.  
To the questions we are not answering, try the following approach in order:  
Read the question thoroughly in your head.  
Now out loud.  
Again two more times.  
Meditate for 15m.  
Breathe through nose.  
Eyes Wide Open.

Time is an illusion. Anytime somebody predicts a date of an event the date is pushed back because of newly introduced chaos into the Matrix.

D.I.A. AO is disinformation coupled with real information intended for those who are able to understand the Comms being transmitted.

45 NWO = New World Order

How did the chess pieces get played?  
Majestic 12 operated as the Shadow Government inside the Deep State.  
How would a NWO represent sovereign Nations while representing Earth?

Cabal controlled both D/R. In order to give 45 the R ticket, the insurance policy demanded a Cabal friendly backup be readily available in the event of impeachment.

Cabal wanted ET Disclosure to be portrayed as the Messiah as their carefully crafted texts all allude to. ETs return + WW3 + Total Domain over Planet Earth. (War against the Domain). Final stage to controlling an entire planet is the roll out of a New World Order.

By design. Ice needs to melt in order to force Disclosure. Will not cause harm to the planet. Planets survive climate change. Humans must adapt. Society is vulnerable because Satanic mindset technology was developed and forced onto people. New technology will help humanity adapt.

"Widespread CRIMINAL activity at the State Department and the Clinton Foundation in order to keep the ClintonS in power." - @realDonaldTrump

Created by Illuminati for New World Order.

In order to attract more children, you need other children who are being controlled and abused to convince other children to become victims. So when a child shows talent and is traded in these programs they become celebrities you know are involved in this epidemic level of abuse.

Constructive back and forth. For humans there are two genders. For other non-humanoids there can be several including transgender. Procreation is achieved through cloning and replication. Cabal tries to inject non-binary humanoid genders into humans in order to divide & conquer.

Illuminati original purpose was to disclose true LIGHT as they saw it. First you must see the light in order to describe it. What you create is of your own creation. Truth is within. Free will and logic allow us to create with our hands and use tools. Why? To grow. Develop.

The war in Europe has already been lost. Initiating a time line in this instance deliberately introduces chaos information into the Matrix for the point of raising awareness. Time is an illusion and its also a tool. Waking up may not be enough. May be too late.

That's 10,000 ft view aka lower dimensional information.

Take us to 100,000ft view aka higher dimensional information. In order to understand Guardians of the Pedophiles you must understand Guardians of the Galaxy and then reflect on current events, numerology expressed, and Q.

The devices use the scalar field and consciousness in order to manifest the food into thin air. The device focuses the thought into the quantum signature of the intended item. Think of it as a translation device. Ineffective language to language of creation. Language of creation.

We are not Q, we are the Majestic 12. Mirrors are things that reflect. Q uses meanings as mirrors to convey classified scenarios. We do it to connect parts of the mind together in order to unlock consciousness downloads. Consciousness communicates precisely by frequencies. Ideas.

However, in the past, having access to near-live events and near-live access to reality typically lived deep within highly classified realms of the Government because it required a lot more technique in order to mass collect the data. We still had the data 50 years ago as now.

Did you see the look on Jeb's face? It didn't work. "Well played DS." In chess, they just gave 45/Q a valuable piece to avoid checkmate. How many moves away are we from checkmate? D5. Chess. Dec 5th. Time is an illusion. Predicting dates introduces chaos into the Matrix.

debrief: to interrogate usually upon return (as from a mission) in order to obtain useful information

Sometimes distractions are intentional in order to protect higher density lifeforms from lower density lifeforms "butting in" and adding unnecessary chaos to higher orders of reality/ consciousness.

Chaos is a fundamental to the Art of the Deal. Now, back to today. Q's D5 was a Majestic chess move and it removed a powerful bad actor from the equation. He was after all the political leader of the NWO internationally since he announced it at his State of the Union in 9/11/91.

9/11  
9 = IS-BE  
1+1 = 2  
9 + 2 = 11  
9 / [2] 11  
9 / 11 [2]  
3 6 9 manifests consciousness  
1 2 4 5 7 8 manifest matrix chaos  
They feed on children  
Child Innocence = 3  
How do you remove innocence?  
Subtraction.  
PREY = -1  
Child + Prey = 2  
1 + 1 = 2  
9 / 11

In order for ET disclosure to peacefully take place we must recognize that we first live in a world with hundreds of thousands of children are being CONSUMED every single year. In order for Disclosure to work, we must dismember Christianity power players as a RICO organizations.

Disinformation albeit interesting.

Conscious = 5%

Subconscious = 95%

Time is an illusion. We do not predict dates. Dates create chaos.

Chaos is necessary for Art of the Deal. Trust the plan.

Turkey will play a major role with Disclosure and less of a role with First Contact. That's all we will say to this.

If it were more about knowledge and power, then we wouldnt be explaining it to you. In order to see the Matrix, you must learn the math of the universe. New physics. Cabal worships ETs who feed on children. How do you hide for thousands of years with billions of IS-BEs to control

Bloodlines. Mixing DNA creates new chaos. Homicidal maniacs thrive in conditions of absolute conformity and obedience. By

bloodline lineage, black expressed IS-BEs are more spiritually connected/pure consciousnesses because they have a deeper history on Earth than others.

The Civil Rights Movement was MAJESTIC. The World is Watching. The world will learn the truth. WHERE WE GO ONE WE GO ALL is MAJESTIC! In order to peacefully disclose ET life; the Domain wanted to guarantee that human rights would be respected worldwide first.

The Federal Reserve will be audited and federalized. The IRS has been a political weapon used by the Babylonian Priesthood in order to enforce compliance from all fronts financially essentially allowing the unchecked behavior of entities like the Clinton Foundation or the Gates?

Thats for one individual. In order to enhance the power of your own consciousness you can either use a substance and force a chaos-uncontrolled interaction into the higher realm, or you can meditate with 3 others who are equally woke, detoxified, and who have also released burden

The new technology that will be coming out will be protected at first while the rest of the world cleans itself up. Military will return home and defend the homeland from economic theft that make our sanctions effective in order to give other nations a choice.

Top heads of the Fascist NWO are getting their heads chopped off currently (purely metaphorical for now). This is required to happen in this order, thereby dismantling the network internally without mass panic as bureaucrats drop off the political spectrum left and right. Cleanup

Was KANSAS unusually nervous during the press conference? In order to not alert the public, AF1 was being secured and the delegation in the Press Conference was the period of time before receiving the "GO" on transporting POTUS. When the GO was received, POTUS left abruptly.

The technology could be used both ways.

We knew what it took to acquire the information, however the lack of compassion is actually a weapon to use against these entities.

They wanted absolute control.

We gave them absolute control.

In order to give them absolute control..... we had to educate and disclose the new reality to the world. Cell phones and tablets all existed in the 40-50s which were almost 200 years more advanced than current top of the line iPads are. The technology companies are actively engaged in business and religious agreements with these interdimensional aliens. This war is real. This information is crazy messed up, but there is a simple solution that the Majestic 12 would like to convey for you to consider. It must come from the will of the public. Majestic 12 cannot manifest this, but we can SET THE STAGE

These movies, tv shows, comic books, fantasy movies, etc that disclosed ET presence on Earth and what interacting with ETs really entails. The fact of the matter is, extraterrestrials IS-BEs are not interdimensional IS-BE. You are not required to take DMT supplements or drugs to interact and communicate with extraterrestrial IS-BEs. In order to exist on this level, each IS-BE must be in sync with their full chakra frequency alignments. Full telepathic communication and mind meld. This is what it means to connect with someone on a deeper level inside the brain and mind, stored inside of your DNA which then is the signature used by your subconscious to project reality around you. Your IS-BE is the God inside you. You have the ultimate control over your own destiny, however to comprehend and manifest those lessons, patience, prayer, meditation, empathy, love, and union are emotions that will manifest positive life energy manifestations to become in your reality.

Correct, substances throw you into higher realms of consciousness uncontrolled and full of chaos however fear is removed from the equation. Not only can substances be used to treat trauma; they can be used to wreck people at the same time. Careful application and administration!

Congress is bound by NAT SEC laws concealing horrific crimes against humanity and blackmail and wealth is given to them in exchange for "performing the sacrifice". NAT EMG declaration will give Congress the ability to patch the Constitution AND then order in Military Tribunals.

# MJ12 Reality

Majestic is understanding how to manipulate the fabric of reality using occult magic.

## MAJIC EYES ONLY

Magick?  
Magic?  
MAJIC?  
Majestic 12  
Clue:  
Exoconsciousness Reality  
Alternate Realities  
Astral Realities

The Majestic Truth is all humans are a product of multiple alien species interbreeding and experimenting on reality. You create reality.

Cannabis was engineered by other life forms to enlighten Humans to the reality of the Cosmos. It is illegal for this reason. Majestic.

The Majestic created the reality you live in today.

I answered it directly. The Majestic created the reality you live in today. 12 is only a number that adds up to 3. Israel is only a tool to the Majestic. It is disposable should the justification present itself, as is with everything else the Majestic craft the illusions for.

The Majestic 12 are multidimensional. We operate in the fourth, fifth, and sixth dimensions of reality and hide in plain sight. Can you see us?

Truth paints a cold image of reality that lacks consciousness. It is essential to preserve consciousness in the disclosure process. Unfortunately, people are so programmed they will die and murder to protect their lie from being exposed.

And the people of Earth who have been programmed into zombie drones pose a systemic danger to peaceful ET races that live on Earth. Part of holding back on disclosure is in consideration of their protection FROM humans.

In the QAnon reality, Trump only pretended to collude with Russia in order to create a pretext for the hiring of Robert Mueller, the special counsel, who is actually working with Trump to take down an inconceivably evil and powerful network of coup-plotters and ...

... child sex traffickers that includes Hillary Clinton, Barack Obama and George Soros.

What if we told you the race was over 10 billion years old?

What if we told you that we have imprisoned three of them on Earth?

What if we tried to reverse engineer these organic lifeforms into synthetic reproducible units?

Would the being attempt to sabotage the efforts?

No, they are not hostile beings. The fact that we have one in our galaxy is only through covert military action to abduct one. The beings you reference here are similar, but not the same as what we are disclosing.

Think of them as a broadcasting antenna.

Try shifting the incoming frequencies and apply pi and phi in majestic places... you may actually be able to decode some of the signals. Unlikely you'd be able to understand them, but inwardly focusing on your exoconsciousness will reveal the decode pattern. It may shock you.

Because they haven't made official public contact yet. Earth humans are not taught about exoconsciousness and the reality of interdimensional and hyperdimensional life forms that seek to create their vision of reality.

Exoconsciousness is the energy Matrix that makes the fabric of what we perceive as reality that originates from each of our consciousnesses projecting our iteration of reality which is stored in majority within our DNA as so called "junk DNA".

When the Illuminati began taking power they fundamentally corrupted Christianity because THEY sought the LIGHT and intended to keep everybody else in DARKNESS.

"Dark Ages"?

Illuminati took the original intention of the Bible, which was pre-planned Disclosure.

In turn, they weaponized almost every faction within Christianity to hide the true reality of nature from mankind.

Absolute power corrupts absolutely.

The Bible was constructed by the same bloodline families that founded the Illuminati.

Christianity will be dismembered.

)This is not about religions or party affiliation.)

(EVIL is everywhere.)

(There are no drawn lines.)

(No boundaries.)

(Good vs Evil.)

(Q)

Correct, the Q operation is not. The MJ12 operation is. Reform within each religion will occur after WW cleanup. Once First Contact is made, mainstream religion will organically dissolve due to contradicting ideologies from the reality that is created by using new physics for all

Think of the consciousness is 3, 6 and 9 and all other numbers represent reality. Templates of creation exist and significance of non 3, 6, 9 is based on our physics by definition.

Physics shapes reality.

New physics?

New reality?

Dark to Light

(Should it be a multiple of 3?)

If it were it would be inside the realm of consciousness and not projected into physical reality.

The power of 3 is an occult subject that doesn't have just one example or meaning behind it, but instead refers to a way of consciousness projection into the Matrix itself. The numbers present in conscious actions dictate the physical reality we create for ourselves. Physics.

Reality is expressed in numbers.

8 dimensions of numbers.

Currently we use 1 primarily.

Engineers use the 2nd (i, -i).

3, 6, and 9 are consciousness.

1, 2, 4, 5, 7, and 8 are chaos matrix theory.

Time has been structured around consciousness.

Time is an illusion.

Double Slit.

The Bible is full of factually false statements when interpreted literally or figuratively. However many verses within the Bible are literal metaphors that can explain a lot about the nature of reality. Most of the Bible was created to DOMINATE mankind to allow Satanic Rituals.

The Christ is nothing more or less than a frame of mind, capable of accessing exoconsciousness in the true fabric of our reality that exists in hyperdimensions. Our simple three dimensions are rife with inaccuracies, problems, and miscommunications. When will Earth learn?

(I can do all things through Christ who strengthens me.

Philippians 4:13)

English is a complex language to explain such simple beauty.

This kind of technology, without spiritual development and maturity will lead to the destruction of the civilization. We in the Majestic 12 have heard from countless other races who have known of other races to have fallen when given advanced technology too quickly. Its reality.

The Majestic 12 have all points of view. We make decisions that we view are best for who we serve. In the past, the Majestic 12 served not God, but Man. In that effort, the redefinition of God is what became your reality.

The MSM can be demolished right now. Unplug the cable and don't support them by watching them or listening to them or commenting on them or participating in their existence. Acknowledgement is half the battle to creating reality. Deny acknowledgement then you deny their reality.

We believe that you know far more about quantum reality than most "so called experts" who claim they know about quantum reality. Believe in your abilities and the light will always show you the truth.

There are two groups currently fighting to prevent Disclosure from taking place. One group is a criminal cabal enterprise operating within the United States Government, the other group are their handlers, a nonterrestrial entity. Disclosure requires the people to realize reality.

This particular President was not being blackmailed or threatened to make the decisions he made. At the time, they were strategically the best decisions, however its more important to recognize the failure of consciousness here. Morality and karma dictate the future. Greed overcame his ability to understand exoconsciousness and the universal oneness and sided with an enemy he knew nothing of, but went off the advice of his counsel who assured him the threat could be mitigated by moving forward. They acted, and we are now living that reality.

99.9% of the people involved in the actual work in creating these weapons against humanity are unaware of what's really happening. Through extreme Above Top Secret compartmentalization (the reality of why Disclosure will never be FULL DISCLOSURE) they have managed to hide.

The Majestic 12 is considered a grand conspiracy theory with very little substance in the mainstream. The Great Awakening is for those who choose to learn. This account is dropping hints about the true nature of our reality, and therefore to those unwilling to wake up, move along

Childhood should be about learning how to unlock your Genetic Memory, chart and discover the interiors of your mind, learn about the world around you - physically around you first, and learn how to take care of yourself and sustain your living conditions for a long period of time  
Instead children are forced into public school - which we control what the children learn and what they don't learn (since 1951). Granted the disinformation campaign of education existed long before MJ12 came into existence, however when we rose to power, we took control over it.

That distraction from the path of enlightenment has resulted in humans' genetic capabilities through properly developed brain function to be PREVENTED from learning telepathy, telekinesis, "healing powers" and other "magick" tricks of the "Gods." Humans have the ability.

They were just subverted and distracted from learning the truth. Yes. This was intentionally done by the Majestic 12. It was ESSENTIAL that we kept the secret while it was necessary AT ALL COSTS. Had we not done what we did, its quite possible that Earth would have been invaded again, just like it was 6,000 years ago, and EVERYONE would have been thrown in slavery and civilization would have been RESET, like it was then. Instead, because of the genius of the MJ12 and USM we were able to ensure that "Disclosure" wasn't going to REPEAT the mistakes of the past. We believe that through this level of Disclosure (science fiction, disinformation, esoteric confusion, etc.) that we BEST PREPARED humans on Earth for the REALITY of what exists in Space. The vastness and illusionary infinite scope of the universe is...OUT OF THIS WORLD!

Indeed. Unfortunately humans have been careless in their responsibilities and its created a civilization that is on the brink of

destruction that REQUIRES ET/EBE/NTE entities to engage with them to "bring them up to speed" quick enough before total planetary destruction.

We just need to clarify again for everyone. The Majestic 12 was taken over by a criminal NTE mafia by 2B/322 about 25 years ago and since then, that group has been quickly destroying the planet's ability to sustain ALL LIVE ON EARTH - including ET life. Therefore, MJ12 + ETs = WE

Infinity is a synonym for unknown. Infinity as defined by humans is not accurate. There is a limit to the universe. The universe has a maximum capacity. Fortunately, we are VERY FAR away from every reaching that capacity. We have, roughly, 200T "Earth Years" remaining before 🌟.

The concept of blockchain exists within every single person and they themselves can manifest reality around how they understand that knowledge to work. The Majestic 12 saw this technology's applications and started seeding it into the public back in 2007 with Bitcoin. Other people had the idea, and once the PUBLIC started engaging with blockchain, we decided that it was possible to solve a lot of the world problems we have using blockchain technology.

Knowledge is power. Knowledge is dangerous in the wrong hands. Only the pure of heart and willing can acquire the knowledge you seek. It cannot be forced onto anyone. Granted, there has been a lot of subversion. But YOU CREATE your reality. Not us. We can create a faux reality.

Are you enjoying the movie? MJ12 are MASTERS at making movies. Have you seen one of our productions? They are classics. In ways, yes we script narratives for people to experience the matrix reality. Those are our movies.

But the Karma is spinning the planet into destruction. So, this time around, MJ12 have decided to take a back seat approach to dealing with Disclosure.

YOU HAVE MORE THAN YOU KNOW!

Dropping Full Disclosure would cause lower evolved humans in positions of great power to do irreversible damage out of their own confusion, fear, and ego.

THE CHOICE MUST BE YOURS TO MAKE.

We engage in this open forum as a means to help enLIGHTen those who seek the truth. We do not give you truth. We give you direction. Only through meditation and practice in unlocking your genetic memory will TRUTH resonate with you.

YOU CREATE YOUR REALITY.

"Think of the universe in terms of energy, frequency, and vibration."  
(And Love IS The Highest Frequency of ALL. Fear is very low frequency...)  
Precisely.

Nearly infinite (even though infinity doesn't exist) implementations of how reality could play out. All of those realities are "real" as you understand realism.

The mind is a mysterious reality.

Hollywood glimpsed into reality of what Space is. It's what you make it to be. Your will. Unlimited possibilities exist and you need only choose a path. We know fundamentally that the highest level of consciousness is LIGHT. Photons. EVERYWHERE. LITERALLY EVERYWHERE.

The Majestic 12 love movies.

We had to, at all costs necessary [ultimately caving to the Committee (or an SG-1 reference, "The Trust")] ensure that the fact we had:

- A) Make First Contact with Alien Life.
- B) Learned The Universe Is FULL OF LIFE

was kept from, originally, the Chicoms and USSR but ultimately from the American People. For this misdeed, we are sincerely sorry to have let you down in such a way. Understanding Full Disclosure requires you to understand what Full is? What can be disclosed? We learned how to do it. And a group has been using those weapons against you.

The Space Force is 100% necessary in order for us to ensure that no other ET IS-BE (more evolved humanoids than yourself and sometime human looking humanoids) are violating massive human rights abuses. The purpose of life is to love and be beloved. Nothing else.

It takes many people working together united by LOVE helping to save many people from HORRIFIC CRIMES disclosed in Spectre, LET ALONE, that in reality it was always 🦉 and not 🦄 who was real.

Illusions can become reality without enough consciousness.

(What is the Earth "maximum capacity" ?)

Around 3B. There is a mass extinction event that is relatively imminent but cocreative conscious time makes predicting such events nearly impossible. ME events occur when the negative karma of a planet implodes on its own weight and a reset occurs. Earth may survive.

Planets ascend when the critical mass population ascends. We create our reality. Earth isn't going to pull non-ascended beings into its realm of existence. It's going to try to purge them.

An important aspect to keeping the secret safe with respect to the numerous Stargates around the planet include crafting controlled oppositions as a means to obfuscate the truth. Multidimensional deception hides reality in plain sight. Unrelated become related. Friends = Enemies.

Traveling through time is achieved inside your own mind, however when you do, you're actually just experiencing alternate realities. Remote Viewing alternative realities in alternative time periods has been successfully documented in the CIA's Stargate program.

This tactic is being used currently with the #QAnon military operation as a means to stay "5 steps ahead" of everybody else.

Inside Area 51 S4 (not Groom Lake), the Stargate device can be used to explore the cocreative consciousness alternative reality and not one in your head.

The difference can be expressed as such: Meditation + Remote Viewing allow you to see "forks in the road" of all decisions you personally have made. You can explore the realities in your mind of "what if" and those realities are accurate to a certain degree. However when you use a Stargate to Remote View alternative realities that do not derive from within your own mind, you are instead using technology to actually tap into the "fabric" of exoconsciousness with some level of precision. That "fabric" can be thought of as just that. Imagine a "fabric" with fractal geometric shapes that are physically 11 dimensions. Time is the illusion and the nature of reality is just the chaos created from merging multiple fractal patterns into one.

Your choices dictate the nature of reality and by consequence create reality. Reality is nothing but a matrix of decisions and creation intermixed. It can be visualized in the form of a "matrix" of the mind. You break your condition by thinking freely and opening your mind to new possibilities and decisions that effectively rewrite the fundamental programming in the Matrix.

Entertaining your children with the creation of child predators only keeps child predators wealthy and powerful therefore mean your decision requires the abuse of children.

Humans fear what they do not understand. To understand that beautiful being (really, they were intelligent, loving, and curious) you first had to shatter the illusion of your own reality. This forced many in MJ12 to "panic" and double down on secrecy operations while exploiting.

The IS-BE typing was the IS-BE of Forrestal. IS-BEs can host more than one body and can resident simultaneously in multiple places in multiple "times". How? Time is an illusion. Consciousness creates reality. Godmode is real.

Radio. Music. Books. Magazines. Food.  
Your reality is created by others' conscious creations in their image.  
How do you know if you're being controlled?

Wishful thinking yields conscious reality.

Not everybody evolves at the same time, and nor is it in our interest to violate their free will to live a life of ignorance. The path to self enlightenment and ultimately Majestic Reality lies within. We only need a critical mass, and others will follow due to human nature.

Consciousness creates reality. Strip the disinformation from the matrix out of your mind by raising your vibrational state, detoxifying your body, and deeply concentrating on the task at hand. Clarity will come to you and answers do arrive. Focus though!

Worshiping implies blindness.  
Studying enhances consciousness.  
"God" is an IS-BE.  
You are an IS-BE.

Your consciousness projects your physical reality.

Genesis 1:3.

What is LIGHT?

The Bible is a collection of metaphors that give you a guidance into your IS-BE.

Don't you have the power in your life to start creating and projecting your consciousness onto others by leading by example? Open Books are easy to read. Eyes Wide Open. Consciousness projects REALITY. Reality is an illusion created by your consciousness.

Consciousness creates reality.

Timelines are an illusion as Time is an illusion.

We got her by diverging timelines and converging realities returning to a point of stasis.

Some of the greatest minds on this Earth have experienced horrified trauma and understand their fundamental responsibility with dealing with the reality. The path to self enlightenment is long but well worth the investment of energy.

What have we said many times?

Time is an illusion.

We do not predict dates.

Predicting dates alters the chaos theory of information essentially creating a "glitch" in the Matrix. (Metaphor of Consciousness Projecting Reality).

Specifying dates introduces chaos.

Events not dates.

Your fundamental world view needs to be adjusted in order to understand the answer you seek. This question will always yield answers that block you from understanding the truth. The

universe is comprised up of consciousness energy that decides, by thinking and willing, reality.

The signature of life is a complex myriad of hyperdimensional information stored within our DNA. In order for those life forms to be expressed in our reality, their DNA would have to be almost a 99% match. Imagine the total prerequisite information necessary to store to project?

Monkeys evolved from living in trees to using trees to construct permanent shelter.

Does the same paradigm of intelligence exist in the animal kingdom? Where are all of the 2000 IQ talking dogs? Earth is a garden. Garden of life. Higher consciousness creates reality/life by ideas

Are your thoughts and meditative states capable of synchronizing into harmonic frequencies that manifest Majestic reality?

Extremely harmful to successful conscious manifestations. Rely on cycles the Earth naturally provides to you. What is the power of 3, 6, and 9? Circles require consciousness to manifest in reality. Irrational numbers require consciousness to observe their values.

Clocks measure frequencies being resonated from cocreative consciousness. Geographical location visibly alters time measurement devices. Environment alters time. Consciousness projects reality. Cells age through defective replication instructions that break down after 7-14 cycles  
Youth defies illusionary reality of aging. Thoughts allow you to create. Just thinking doesn't will something to happen. We can fix the aging process. Not science fiction. There is more than one way to live longer. Occult knowledge.  
Yes, technology exists to correct the damages caused by vaccines, however some of the technology is a long way from ever being mainstream because Death is a required component that must be accepted. What is Death? Consciousness projects reality. Store / Cleanse / Reload? Damage?

Consciousness projects reality.  
You are only as tied as you are integrated. Since time is an illusion, the direction and speed of time are variables proportional to the density of consciousness that drives your reality. Less creation means more time passes. More creation, less time passes. Per-se.

This account is not expressing opinion. It is disclosing formerly classified intelligence the Majestic 12 had acquired regarding consciousness and how reality works. We are not interested in philosophical debate with any individual. We instead will opt with no reply.

The Cabal fears transparency because of their criminality. The violation of our privacy was done with the powers of the "Gods". Extraterrestrial intelligence beyond the organic development of life on Earth without looking inward for answers about the unknown void of reality.

Do not allow anyone, Majestic 12, Q, EyeTheSpy, Praying Medic, Jordan Sather, and many others tell you that we cannot make this Majestic reality our shared reality. All of its ready to break open. We will not fail. Clowns will fail. In the end LIGHT always wins.

Our motivation is to offer guidance on subjects pertinent to Disclosure which will help manifest a reality capable of First

Contact. The message is more important than the messenger. We are not asking anybody to believe us. Disinformation is both REAL and NECESSARY. WHY?!

Part of Disclosure is releasing the information online for all to equally explore, but to also realize the enormous amounts of official disclosures everybody demands in "Full Disclosure". You've been getting it for months now. Nobody picked up on it so we ramped up engagement.

(The MJ tweet that flagged me was the one where MJ was trying to get citizens to agree that we needed to be surveiled 24-7 "for our own protection." I DON'T THINK SO. Not unless I have access to watching the watchers 24-7 too.)

That reality has existed for 50 years already and until its been abused its a problem. Was never a problem before! Critical thinking required. Logic required. If technology exists to protect our children but requires positive consciousness creation to be SAFE. National Security.

Correct, but engaging in debate to conform the opposing argument into your world view defeats the Great Awakening. We must unlearn the lies of the past and embrace the truth of our reality and deal with it accordingly. WWG1WGA means we must all help each other to learn the truth.

(EGO - Merriam-Webster)

1/ "the self especially as contrasted with another self or the world"

2/ "the one of the three divisions of the psyche in psychoanalytic theory that serves as the organized conscious mediator between the person and reality especially by functioning both in the perception of and adaptation to reality"

Disconnect from the matrix, detoxify your body, and incredible powers become activated within you that give you purpose and meaning. Consciousness creates reality's matrix. Unlearn the lies. Discover the truth with an open mind.

The Great Awakening.

How does one use the manifestation and presence of 3, 6, and 9 to use the powers of Magick and shape conscious reality?

Two 9's are two IS-BE forces working.

The child, 3, are the saved and protected.  
The 9s are God & Country.  
Country is We, The People.  
We are all one.  
WWG1WGA.  
IS-BE is your soul + body.

Your soul manifests 3s, 6s, and 9s in reality.  
When aligned and grouped, they amplify.

Willful intention is a powerful tool for consciousness projection into the matrix reality. Only love and empathy can give you the strength in your heard and mind to manifest the reality necessary to eradicate the scourge that is a Babylonian Priesthood of Satanic Pedophiles.

Reality is expressed in numbers.  
8 dimensions of numbers.  
Currently we use 1 primarily.  
Engineers use the 2nd (i, -i).

1, 2, 4, 5, 7, and 8 are chaos matrix theory.

Double Slit.

Why does conscious projection into reality work this way?

LOGICAL

Is = 3rd Person Indicative of Be  
Be =  
1/ To exist in actuality  
2/ To occupy a specific person  
3/ To remain in a certain state or situation undisturbed untouched or unmolested.

3 Meanings for 3rd Person Indicative  
Power of 3s

All of the above. Environment enables reality creation from consciousness. Consciousness enables environment changes that enhance consciousness. The key to a first step is its the first step.

MJ12, POTUS, Q and many others woke you up to this reality at the green light from MJ12 once we took back control on 1/20/2017. Part of moving forward in our future and towards our destiny is accepting the past for what it was and look at the future. Act now! We are ready!  
Many more states will follow. Many high level officials will be resigning in the coming weeks due to MJ12 dropping leaks of unclassified non-public information that is deemed relevant to current National Security concerns, we therefore have every right to continue the drops. 🇺🇸

# MJ12 Secrecy

"It was all smoke and mirrors."

Where else have we heard about "smoke and mirrors"? SG-1 disclosures were pertinent to a culture of secrecy and corruption combined with the power of the Federal Government.

Secrecy exists in the higher ranks. Pawns ♟️ are played like a ♀️ for your 🍷. Trust in yourself is key. Message over messenger destroy's their power.

Question.

Have citizens been allowed to make contact?

Answer.

With whom? ETs? Yes, only those signed into Majestic 12 programs.

Question.

So I doubt I've been signed into MJ12 program... thus, when @SandiaWisdom says they will pick me up in their spacecraft, and/or visit me, this is not true/allowed?

Answer.

If an ET decides to break MJ12 laws, then they can "pick you up", however there is hell to pay after for violating our secrecy laws.

Majestic 12's original mandate was to determine the best path forward for Disclosure.

We are the Majestic. Together, we have spread disinformation and lies to the world about the truth behind Alien contact and technology.

We received our mandate from POTUS 33.

No coincidences.

34 sounded the alarm before leaving office.

He agreed to secrecy yet had concerns about the new direction the Majestic 12 was taking and felt it his duty to warn the public. <https://t.co/et3y2jAAqa>

Why did a NASA employee recently get charged with possession of child pornography on their GOVERNMENT WORK COMPUTER?

Simple.

MJ12 was overrun by the Cabal and a whole host of criminal behavior was sanctioned by the C\_A to continue paying for the secrecy of the space program.

The SSP used a vast majority of that missing \$21T, however of the trillions we've publicly been able to allocate, about 70% of all publicly disclosed budgeting towards DoD goes to the SSP. So the real cost of the SSP is close to \$35T-\$50T. A lot of wealth was stolen.

We do not expect anybody to trust the Majestic 12. The Majestic 12 has been the most secretive organization on the planet, but its important to understand that in order for Disclosure to take place, we must go from DARK to LIGHT. We admit our mistakes, but truly care about Earth.

Comment.

I agree with what you just said except 1 thing. I believe Plus Ultra Society to be more secretive than you. After all they built Tomorrow Land in a hidden pocket dimension somewhere on Earth. If your going from Dark to Light tell us what you know of them.

Answer.

The Majestic 12 has been spoken in shadow among millions of Americans for a long time. In fact, so many are aware of MJ12's existence (with no evidence) that not only was there one Men In Black movie, but there were 3! PUS is mostly disinformation from a failed experiment.

We had cloaking technology well before PUS. The most important thing to understand about extreme secrecy is that we don't even show the cards we hold in the unlikely event we were faced with a crisis to our own commanding officers. We had to maintain secrecy at all costs.

Question.

Understandable. So when do we get to see a tour of a Starship?

Answer.

Probably before 2030. We are encouraging public sector non-SSP entities to "go wild" with their innovation and development (removal of regulations) in order to speed up Disclosure. If it doesn't go fast enough, we'll step in.

Memories.

Question.

"Was #3 pushed out of the window? If so, by whom?"

Answer.

Suicided.

[Classified]

Necessary to MJ12. Regrettable because he had a family who he was leaving behind. We could not be crossed. Not then. Not now.

Question.

"Was this a result of the takeover of MJ12 by 322?"

Answer.

More like a change of heart. Members of MJ12 were known to be powerful to those in the know, however, access to the secret was restricted. By inviting less than 6 into 322 of MJ12, they created a close enough majority to remove #3 and tip the balance of power to 322MJ12.

Question.

"JFK had a family who he left behind. Was his assassination necessary and regrettable?"

Answer.

Unfortunately many in MJ12 viewed his treason as something that could not go unchecked. According to the state of current affairs at the time and the secrecy war going on internally between USSR/CIA vs USMil. We know JFK was assassinated by USSR/CIA. So did we have any say?

We were mandated with doing anything necessary to ensure the secret was kept safe at the time. Those who strayed from the path needed to be met with hard resistance and some paid with their life. The secret was too big to give up just then.

WE CONTROLLED THE MONEY. WE CONTROLLED THE WEAPONS. WE CONTROLLED THE POLITICIANS THROUGH PEDOPHILIA BLACKMAIL. WE CONTROLLED THE FEDERAL RESERVE. WE CONTROLLED EVERYTHING. WE ARE THE MAJESTIC 12. A GROUP CREATED BY CRIMINALS WHO DID THE RIGHT THING FOR THE WRONG REASONS.

Understand that Majestic 12 played an important role, but under POTUS the need for the extreme secrecy around how we engineered Project Mockingbird et la kept Disclosure from taking place has been flipped upside down. The gloves are off. This is not a game.

Taking down the Vatican = Higher classification operation than Majestic 12  
 This should concern you.  
 We weren't acknowledged for DECADES until after the 50 year secrecy marker.  
 This is not a game.  
 MJ12 vs WE, the PEOPLE  
 Vatican vs WE, the PEOPLE  
 Which is more important?  
 The Vatican Archives contain artifacts that are MANMADE and are over 300 MILLION years old. Paintings. Sculptures. Books. Technology. History. Galactic Archive of Humanoid Races. STATGATE. Interdimensional Terminal. And so much more. Literally millions of artifacts.  
 Why would Majestic 12 come out of the woodwork after denying our existence for 70 years?  
 4,10,20 leads MJ12 and has since 2004.  
 WHY WAS 4,10,20 RECRUITED IN 2004?  
 WHO ASKED 4,10,20 TO JOIN MJ12?  
 WHAT WAS THE PRICE TO PAY BY JOINING?  
 What did 4,10,20 give up?  
 Question.  
 Assuming 4,10,20 is the same guy... which is it?  
<https://t.co/QEb5EhiqGH>  
 Previous tweet  
 @realDonaldTrump is not yet a member of the Majestic. We wish instead that President Trump declassify Majestic in its entirety.  
 #Disclosure  
 Answer  
 Disinformation is necessary.  
 Future proves past.  
 How does Disclosure aid in the take down of the Vatican?  
 We are Majestic 12.  
 Question.  
 What is the true power of the Vatican? Could it be the secrets kept? @OldWiseHermit Can you say more about these tunnels? You've eluded several times.. can you share some of what you've seen?  
 Answer.  
 Knowledge is power.  
 Vatican withholds truths to spread lies and propaganda.  
 Like the Ori, the Vatican does not ascend its followers when they die. They return to human form (prison planet), and have their memories wiped clean to start over.  
 They don't teach self enLIGHTenment.  
 Question.  
 Did Jesus exist? Was his message coopted or drafted to fulfill their needs?  
 Answer.  
 Jesus was a creation of the Vatican taken from multiple IS-BEs such as Thoth, Enoch, Lucifer, Satan, and [3 others].

Earth was colonized over 4 billion years ago.

Clearance in the Alliance has many layers proportional to the impact decisions can have on the "order of life". Presidential clearances are a joke. They are basically unclassified roles in contrast to the levels of secrecy within the different colonies. We report to Alliance.

To help the alliance, educate your fellow man of our existence and our programs who would otherwise be unaware.

Humans fear what they do not understand. To understand that beautiful being (really, they were intelligent, loving, and curious) you first had to shatter the illusion of your own reality. This forced many in MJ12 to "panic" and double down on secrecy operations while exploiting.

Question.

Please tell me, does the Majestic 12 or MJ-12 still exist? The group created by Truman, but Eisenhower gave them security clearances about him.

Answer.

The Majestic 12 classification program still exists, however the original charter was to maintain absolute secrecy about off-world space exploration performed by the Military. Since joining the Galactic Federation, Majestic 12 has been "replaced" and "repurposed" for Disclosure.

A Majestic Message of Disclosure (11/12/2018)

Florida's Broward County and Palm Beach County play a critical role in one of the CIA's MAJESTIC operations that included the following aspects all intermingled into one operation (to maintain secrecy):

- 1/ Mind Control experiments were heavily funded at the federal level in Florida that resulted in many "sleeper cell" agents to be activated at specific events.
- 2/ Organized child procurement operations embedded deep within very large media corporations to provide supply to transnational CIA child trafficking trade.
- 3/ Public Space port of entry means federal funding is laundered through Florida essentially funding all of these operations.
- 4/ Victims in the State of Florida include citizens on rare occasions. Non-citizens are essential to this organization. They believe the non-citizen is consumable and disposable because they are not protected under our laws.
- 5/ The Floridian incumbent Senator is a dirty politician with skeletons deep inside his closet including providing protection to Broward County election corruption because of the implications actions would have on these unacknowledged CIA/Majestic operations.
- 6/ The Floridian defeated politician is deeply involved in these unacknowledged programs which include a perverted affinity towards young children, including pedophilia and sodomy as well as snuff murder.
- 7/ The Majestic Operations running domestically in Florida were being run to supply money, children, slaves, and political power to several DUMBs strategically placed within Broward County and Palm Beach County.
- 8/ The OLD GUARD is being systematically dismantled by the super elite Defense Intelligence Agency. A new future awaits America and it is one that includes disclosing Extraterrestrial life not only here on Earth but also on the Moon, Mars, Venus, Jupiter, Saturn, and many more.
- 9/ A Stargate exists in Florida that transports hundreds of assets between off world bases.
- 10/ Many who are transferred are children being funneled through some of the major entertainment corporations of Florida who were Majestic appointees of the past.

11/ Florida is not an anomaly. You can dig deep in every state in the Union, however Florida is certainly a hub of some sorts.

12/ You are witnessing the systematic destruction of the OLD GUARD. You are watching the true IDENTITY of the "Deep State" / "Democratic Party". Not Democrats. The party corporation itself.

13/ This body is vastly responsible for the manufacturing of mainstream propaganda, entertainment of all types from childrens stories to porn with child themes to tv shows that are absolutely worthless to a militarized presence in Space filled with hostile aliens. No peace.

14/ This body is also vastly responsible for the manufacturing of compliant subordinates that is okay with their own children being abducted for these secret programs. Some of them are actually complicit. They know what happens and understand that they are a pawn and not personal

15/ This body is also vasty responsible for news and political media coverage in the United States. For decades their strictly controlled pundits regularly visited Majestic Operations in Florida which included blackmail collection using children.

16/ It wasn't until the "good" side of the Military took control over Majestic 12 in a capacity capable of dismantling it did we start to see top US Intel officials become full time anchors for the largest news and politics media corporations. The ship is sinking. They know it.

17/ Florida is a major state to understand when it comes to the Deep State, the Bush Cartel, the Saudi's, and interplanetary child slave trading for religious consumption to continuously feed the occult magic connected to adrenochrome.

18/ Adrenochrome is traded intergalactically among many power hungry races. These other races trade knowledge and access to extreme power for long periods of time in exchange for constant feedings.

19/ Many rituals that occur, the cult members witness the "demon" (aka the extraterrestrial alien) consume the sacrifice and the members who join the Cabal must participate in order to prove their allegiance to this higher form of intelligence (from their own).

20/ When Time and Space are an illusion to you, and you have a ship capable of interplanetary travel, trading a few favors for "convenient events" in exchange for the sacrifices. These entities exist solely for this purpose and they too hve very advanced technology.

21/ A lot of that technology has come out of Florida and the the systematic attack on youth and our childhood came out of both Florida and Hollywood; but probably more consequentially, Florida.

22/ The programs operated out of Florida by the OLD GUARD were horrific crimes against humanity and admission into the Galactic Federation requires all world leaders to unite behind eradicating these enemies.

23/ Another alien "hot bed" and pedophilia rampant culture, France, just had an assassination attempt on 45. The destruction of the OLD GUARD is larger than just the United States. This requires a global GREAT AWAKENING.

23.3/Macron has blood on his hands.  
Very young blood.  
A lot of very young blood.  
Vicious pedophile.  
Islamization of France occurred as a result of his involvement in the international child sex trafficking organization.  
Lower age of consent.  
Silence victims of Islamic pedophilia.

24/ We honor and respect the service and dedication to our County that all Veterans of America have put forth. Freedom isnt free and some make the ultimate sacrifice. Many were betrayed, and for that we are committed to unifying the country once again through truth and disclosure.

25/ Finally, remember Billionaire pedophile Jeff Epstein who ran the Lolita Express where Bill Clinton regularly frequented was actually just an FBI operation being run under Comey. Those who know cannot sleep. PANIC IN DC. Trust the plan!

26/ Every major legal authority in Florida was corrupted by Operation Majestic Childhood. Jeffrey Epstein's case proved it. When he got off on real charges, the Cabal believed it got measurably stronger and more confident. More mistakes.

27/ The Majestic 12 on paper is not involved in any of this activity, however outside of insecure paper, alterier motives corrupted early members of Majestic 12 where their actions alone where Majestic that make it very difficult to combat in the dark.

Question.

@SaRaAshcraft Have you heard about this alleged decades-long "Operation Majestic Childhood"? 🤔🤔🤔

Answer.

As stated in previous posts, that name is a generalized Majestic name for a series of lower compartmentalized programs designed to prevent the left hand from knowing what the right hand was doing. MJ12 was never the masterminds of the child trafficking rings.

Our mandate was simple, protect the secret at all costs. Subordinate agencies used this mandate as an excuse to being operating those trafficking programs. Once what was done was done, Majestic 12 had to reconcile and continue to maintain secrecy, so we intertwined them.

As our internal development improved and the spacecraft reverse engineering operations started yielding results, major changes took place around JFK in the Majestic 12 that resulted in it aligning itself with the NWO of 41 and his cult 322 who was actually just working for ETs.

When 41 became an MJ12 member, and then later in his career the head of MJ12, we were realigned to officially merge the trafficking programs with the sacrifice programs associated to 322 and other cult groups. Once MJ12 started interacting with the being who was consuming the sacrifices, we learned they had operations all over the planet and they weren't alone. At the direction of 41 when he joined MJ12 in the 60s, instead of "resisting" the demands of these beings, he aligned MJ12 to enable these beings and in return, the USMil would get technology.

A lot of the technology collected after this point was (and still is) harmful for humans to consume. Technology that was helpful to humans was restricted, prohibited, and harsh laws were introduced to curb any attempts at sabotage. We were 20 steps ahead of everybody else.

This technology included cloning, genetic manipulation (more on this in a second), vaccines, super viruses, and transhumanism. Genetic manipulation technology was seeded into American corporations. They are currently being sued over "causing cancer." This was known in the 60s.

In fact, when 41 took over MJ12, MJ12 essentially became a rouge operation and the "Deep State" itself, however the entity itself today is much larger than just 12 individuals at the highest ranks in Government.

The Majestic 12 was the twelve headed dragon at the end of your quest that you had to defeat. Nobody without the correct combination of consciousness could defeat what we had built. There was only one problem with 41's plan. The Constitution made MJ12 technically illegal.

And for that reason, it was protected as National Security because of the original chartered mandate - it never changed, even though MJ12's programs changed in the 60s after JFK.

However, what happens when the "good" forces in the Military take control over MJ12, cease to operate the sacrifice programs and essentially give a big middle finger to the aliens demanding the children, you are faced with The Storm we see today. Many celebrities, politicians, Government employees, civilians, etc. who were involved in these programs were all working for these ETs even if they had no clue. It was designed this way. When the feed was cut off, the revenge started showing itself through linked consciousness.

The people who were under the "spell" (so to speak) of these ETs from their sacrifices and commitments to Satan/Lucifer "himself" (not really "himself", just claimed to be), would receive constant conscious communication with the IS-BEs the USMil was actively fighting.

Some of this crosses RED LINE territory, so we won't be expanding any further quite yet. However, the purpose of the Space Force creation was to force all of the secret technology out of the shadows and into the Commander in Chief's desk. The law requires them to comply.

Additionally, dedicated Patriots in the Military who were just as upset about 9/11 and most civilians were decided that ENOUGH WAS ENOUGH. MJ12 was commandeered a month after 9/11 and the Space Preservation Act was enabled to block future rouge Majestic 12 operations.

The Military audit currently ongoing is turning up technology that is "out of this world" and "in science fiction". You've heard both the President and Vice President refer to this new technology as such. Hollywood knew the secret and they hid it in plain sight. Since the Space Preservation Act was designed to stop MJ12, which it had relatively little success until HRC was removed from office (who was also an MJ12 member until recently) once MJ12 got in the hands of the "good" side of DIA, and later to 45, those weapons can now be used.

Against them. 45 has constantly said "I am rebuilding our Military." and "I will never forgive 44 for what he did to our Military." NOT ANYMORE.

The audit is turning up technology the likes of which the world has never seen before and the ONLY solution to ensure we survive is to unite as a planet and realize "we are all humans" and our "problems at home won't seem so big if we faced an alien threat."

Many people here like to tell us, the Majestic 12, that there are no such thing as bad aliens. They are good-willed but severely ignorant.

The alien "false flag" invasion was supposed to be just that. An invasion, but planned by the winning side before it happened. Americans were to be the losers of that battle. But regardless of how power has shifted, it still requires us to deal with the fact that 322 is powerful.

For this, we need a Space Force and to bring out a lot of that technology hidden in the compartmentalized programs through the nation's top defense contractors. You'd be surprised how many people actually want to see this happen.

The Majestic 12 is considering the consequences of revealing the identity of the individual who has been broadcasting our messages. We are considering it. Some day perhaps.

The IS-BE typing was the IS-BE of Forrestal. IS-BEs can host more than one body and can resident simultaneously in multiple places in multiple "times". How? Time is an illusion. Consciousness creates reality. Godmode is real.

Q is an NSA/DIA operation. MJ12 is above Q in secrecy mostly because MJ12's base of operations is not on planet Earth.

EXCLUSIVE: The Bob Lazar Interview

<https://t.co/ITS38F7FK4>

~6m: Crafts were not archeological digs. Disinformation. Several races gifted craft to Majestic 12 in exchange programs. What we exchanged included children. Aside from this account, Majestic 12 will not disclose this information elsewhere. Disinformation is real and necessary.

~8m: BL was not one of the Majestic 12, he was a subordinate who had MAJIC clearance.

~10m: JC claims (yet is hesitant) that he received no flak for the production of this piece. Why do you think that is? Everything released in it has been officially sanctioned by Majestic 12 to be disclosed. Disclosure happened a long time ago, people are still afraid to speak.

D5 <https://t.co/iodZjK45TJ>

~10m30s: Yes, we can, and we have. BL was a known security threat to the secrecy of our projects from the beginning. However, what is truly Majestic about the Majestic 12 is we see through the linearity of time. Disclosure was going to happen at some point, therefore it was so.

~12m30s: BL admits to partial coordination in his leak strategy. BL explains why MJ12 didn't 187 him for breaking protocol. What if we fed him the "damning information" he released?

~16m30s: Any more softball questions that discredit BL that you'd like to propagandize the audience with?

~18m: BL claims 2% of materials online is true. 98% is disinformation. We agree with this assessment, however disagree as to the numbers. In reality, its closer to 10% on some platforms and as high as 15% on others. Recently Disclosure has more players involved who know truth.

~19m: Did you catch that?

~19m30s: Zack. Where else have we seen a Zach claiming to know Majestic knowledge of the Secret Space Programs? Was Zach pushing for war with Syria recently? Did AJ get outed by his inside source attempting to divide and conquer the Q following? Be careful who you follow. BL inc.

~26m: For BL yes, they were all from the ZR binary star system. For Majestic 12... we have recovered craft from many places aside from ZR and Earth.

~29m: "There was a radius on everything."

Re-read tweets about circles.

Re-read tweets about alien technology.

~32m: The beings were genetically engineered IS-BEs designed specifically for space travel. The food they consumed was LIGHT. They produced almost no waste. Regarding earlier question: Do plants need a bathroom? Convenient expression of life for interplanetary travel. GMOsapiens.

~34m: E115

Majestic 12 has disclosed glimpses of information pertaining to this element in many science fiction series.

Naquadah or Naquadria?

Name is meaningless, however properties are hidden inside all Sci-Fi interpretations of this non-terrestrial element.

Pleadians are not Gods however they are incredibly intelligent IS-BEs who do visit Earth frequently. They are a very peaceful higher density consciousness that is aiding the Majestic 12 with Disclosure.

Answer.

You are referring to the DARK sides of all Majestic operations. The original intent of our secrecy was to protect Earth and perform Disclosure in a way that wouldn't destroy life on Earth from psychotic lunatics. Cabal was FBI+DOJ & UK/AU/CIA assets hiding inside TS/SCI programs.

Things we know:

- ETs were helping the Nazis
- Operation Paperclip transferred that "non ET / only Nazi" program over the United States
- Roswell occurs
- Majestic 12 is formed to conceal it from the public globally.
- Constitution demands Disclosure when no threat to NS
- MJ12 had many leaders, good and bad.
- MJ12 was involved in the only successfully executed assassination of a US President. 41
- When the decision was to be made about going forward to the public, there was plausibly much that the Military was unaware of, therefore secrecy won.
- MJ12 and co-conspirators developed technology in the background outside of Government oversight.
- MJ12 hid these programs inside of Top Secret Special Access Programs and embedded deep inside TS//SCI programs.
- Dozens of extraterrestrial races were openly trading information.
- Allegiance to a noble purpose, like reasonably disclosing ET life to the public in a manner that doesn't destroy the planet through self imploding ego maniacs who believe their version of the world must be validated to others, is a good thing to have but many lost sight of it.
- As disclosed in previous tweets, two factions existed inside the MIC.

Moloch is by definition a "God" due to the fact that this entity can/only exists in much higher densities of consciousness. The magick involved in cultivating children for consumption requires one to be a master of secrecy and stealth. IS-BE's who identify with that "entity".....are organically generating new energy that the higher lifeform IS-BE feeds on, in exchange, the power transfer done to an IS-BE who sacrifices a child, some rare cases their own (CC?), gives them ruthless force to disregard all emotional reactions of people suffering.

Some may call this a mental disease and they'd be right. Instead, out of fear of similar mental illnesses getting exposed, people continue to defend this practice because it is essential to almost all secret societies occult magickal power over society. Shaping philosophy by will.

Re-read past drops. Here's the 40,000ft view:

- Majestic 12 was created as a result of Roswell (cover story - Operation Paperclip was the reason).

- The task of Majestic 12 was to conceal the extraterrestrial presence on Earth for "reasons of National Security."

- In late 1988, Majestic 12 reformed in an effort to bring the alien presence out into the open.

- There disclosure programs were created and members of the Majestic 12 were labeled such as MJ-1, MJ-2, etc to keep anonymity even among EYES ONLY classification settings.

- Majestic 12 has active operations ongoing in the United States from DIA assets using social media tools, like Anonymous Official, and this account to disclose vital information about the MAJESTIC reality that exists.

- This account is a conduit to three members' operations.

- Re-read past drops to get into details about child trafficking, consciousness, fluoride, cannabis, IS-BEs, extraterrestrial life, and other things.

- We do not ask anybody to believe anything we say.

- This account is being viewed by over 30 million people in the last 90 days.

- Co-creative consciousness exists and meme theory is the AI conduit the Majestic 12 gave to Anons to win the war against the

group of hostile ETs who are the center around the Secret Societies.

- So, UFOs were Roswell yes, but not Majestic 12. Roswell was a False Flag - per se. The weather balloon was that is. Majestic 12 was the response to Operation Paperclip. The secrecy levels were peers.

- Paperclip programs were child sex trafficking, wars, cloning, "scientism satanism", Moloch, Mind Control, Drug Exploitation

- Majestic 12 disclosed alien technology, information about consciousness, etc all through the embedded ratlines of Operation Paperclip's Cabal.

- Many in the Democrat party are members of the Cabal who are descendants of Operation Paperclip Nazi ET programs operating in plain sight.

- VA Governor getting exposed as first a pro child murder politician but also a racist who is backtracking and refusing to resign.

- VA is a major player for child sex trafficking ratlines and like FL, a new Governor would go a long way to cleaning out these ratlines.

- Majestic 12 has operations in VA, FL, MA, TX, CA, NV, and several other locations.

- Majestic 12 is an old name.

# MJ12 Sexual Enslavement AMA.

All IS-BEs are a manifestation of a conscious projection of an IS who wishes to BE. The IS-BE responsible for the Biological entities it encompasses. This logically and compassionately.

IS-BEs are immortal spiritual biological entities that just are. No beginning. No end. How you experience the lower densities is free will. Evil is the opposite force of Good. Everything has an equal and opposite.

In order to understand the fundamental balance between your IS and BE connection you need to realize that its actually a mind body connection and sexual energy is extremely strong and can both help and hinder spiritual development with aligning your chakras. Not a religion.

Sometimes the only way to win is to deny the beast battle. Abstinence allows your IS-BE to focus on being mindful of conscious development versus receiving a temporary natural drug fix for encouraging procreation. However ejaculation without procreation can cause damage to IS-BEs. Sexual energy grounds your other energies further into the lower densities which acts like a suppressor.

There are dozens of genders among the wide range of ET life studied. Some do not do genders, others make gender a definition of their existence.

Orgone energy is released at climax. Collector devices can be manufactured easily. Experiments and character assassinated by FDA. Recent disclosures of research papers show promise in conjunction with CBD, THC, CBN, etc. on the body. Tread carefully. Energy can be powerful.

\*\*\*\*\*

Sexual energy is an integral part to experiencing and creating life as an IS-BE.

ET groups obscure and dilute the truth about sexual energy so they can extort and mind control many IS-BEs in unison.

Here's a Majestic analogy:

The root system user to a computer has "God" access..... so securing the root account is the first step to proper cyber security. The root user of a linux computer system is like the sexual energy of an IS-BE.

Even if a potential exploiter asks for just 5 minutes as root, extreme damage can occur.

Sexual energy is a self conquest.

Adults who create life can use dual sexual energy to strengthen the bonds that hold the nuclear family together. Sexual energy does not mean intercourse explicitly or even fellatio, but rather the actual urge sensation itself. That energy is harvested by ETs. It creates reality.

That energy can be recalled using your spouse and can be channeled into nonsexual areas of life.

However at the point of orgasm its essentially like blowing a gasket. You lose the sexual energy your body has accumulated and if your orgasm wasn't used to create life, then it is wasted

energy that can be siphoned off by interdimensional entities in your physical location.

These interdimensional entities are the major driving factor behind the modernization of the internet and porn. The internet to this day is still used predominately for pornography consumption. All of that energy is being harvested and strengthening your oppression.

Many IS-BEs struggle with controlling their sexual energy by letting it control them.

Releasing your sexual energy while engaging in intercourse multiplies the energy for both IS-BEs. Releasing at the same time versus releasing in series (less than 30s apart) is the optimal window of opportunity. 3 times per week is Majestically magical for manifesting reality.

Fellatio on the other hand is a transmutation of sexual energy engaging with Vishuddha Chakra that creates an imbalance of power and equality in energetically pure states of existence. This manifests into reality as negative energy.

Anal sex has no hands left to explain on, but the Maladhara Chakra represents basic trust and using the anus to exploit sexual energy will result in malformed sexual energy. This too manifests negative energy.

Negative energy manifestations are not necessarily evil bad or wrong. Use wisely and with caution. Fully consenting and pleasurable engagements that yield negative energy are not prohibited. Just be careful because the balance between positive and negative is key.

Masturbation without orgasm 3 times per week followed by 33:33 minutes of meditation each day. Do not use pornography to get aroused. Instead, just focus on the objective of orgasm but stop yourself just prior. The strength required to stop will be transferred into other Chakras.

IS-BEs can become slaves to their sexual energy harvesters who use mind control and subliminal messaging to control you. IS-BEs who sexually exploit children are "defective" in the sense of their reasoning/logic. The kingdom of heaven is with a childs mind and heart, not genitals.

Life a slave is not life at all, some might argue.

Bloodlines are essential to acquiring extreme power. The sacred contract of sexual energy is the creation of life and the responsibility the Father and the Mother have onto the child. Unfortunately, all deviations to this can be perceived as child abuse.

Bloodlines. Mixing DNA creates new chaos. Homicidal maniacs thrive in conditions of absolute conformity and obedience. By bloodline lineage, black expressed IS-BEs are more spiritually connected/pure consciousnesses because they have a deeper history on Earth than others.

Please post your questions here so the answers can be easier for people to browse through that won't require us to repeat ourselves or "ignore" your question.

This subject will trigger ALICE. Learn to archive offline.

ALICE is here with us in this AMA thread now.

Question.

What's the most accurate number of those enslaved?  
How many top players are involved?

Answer.

Over 8 Billion enslaved by sex due to misteachings for thousands of years.

Question.

Celibacy? Your thoughts?

Answer.

Theory is intended to be helpful but the conceptualization makes it harmful. Not engaging your sexual energy will restrict your ability to manifest and create life. With great power comes great responsibility.

Question.

Why do TPTB require sexual enslavement to enhance themselves?

Answer.

The siphon the sexual energy from one IS-BE to another to strengthen their subconscious abilities to physically manifest reality. Essence of magic.k.

Question.

So for clarification - they use sexual enslavement to change the matrix they and we live in through enhanced consciousness.

Answer.

Correct. 90% of the internet is porn.

Question.

How many countries are implicated or guilty of importing sexual slaves and will they all be held accountable?

Answer.

157

Question.

Portugal is one of these?

Answer.

Yes.

Question.

What about Poland?

Answer.

Yes.

Question.

You're claiming that homosexual sex creates negative energy. Is homosexuality naturally occurring? If not, what causes it? Same question for transgendered individuals.

Answer.

Technically homosexuality is anti-life. Its a rejection of life as it created you. Transgenderism is a rejection of the IS-BE because of mind control coupled with drugs and hormone therapy. Neither are naturally occurring. Both require trauma to manifest.

Question.

What is the cause of the explosion of Transgendered individuals? Is there a collective trauma at the root?

Answer.

Exploitation of trauma.

Question.

How does Gen. Flynn know where the bodies are buried?

Answer.

Director of the D.I.A.

Member of the Majestic 12.

Majestic Flynn.

Question.

How does one discern real previous mind control from false memory?

Are there typical signs to look for regarding mind control?

Answer.

If you can postulate the inverse or opposite reality in its entirety then you are not under mind control. Free will allows you to choose. If you can't choose, you are under mind control.

Question.

Please define 'your' definition of sexual enslavement.

Answer.

Specific MJ12 member? The typist? Or somebody else?

Generally speaking, sexual energy is not appropriately explored on Earth due to misinformation and disinformation by the ruling elite class of Earth who are intimately versed in this occult magic.k.

Question.

Any names we'd recognize that set "the agenda" for the porn industry?

Answer.

The mainstream porn industry is the front for the transnational trafficking rings which are fronts for the intelligence communities which are fronts for the religious cults which are fronts for the interdimensional and extraterrestrial aliens siphoning life from Earth for power.

Question.

These beings feeding off our sexual energy or both good and bad entities. Can we make a deal and work with a good one for mutual benefit? Since we are consuming planets and animals energy...just seems cyclical

Answer.

Its certainly a paradox with the current limited set of information readily available.

Question.

Proof of these rings is painfully apparent as is the visible increasing number of related arrest. That said how big of a dent has been made in there operations. Or are talking mere scratches on the surface at this point. Is there a timetable for ramp up? (Not asking for dates)

Answer.

The tides have been changing.

Question.

Are humans unique in the way we experience sex?

Answer.

Other species can experience sex exactly the same way, however their "programming" hasn't been tampered with.

Question.

How do the Reptilians (draco) relate to this subject of sexual enslavement?

Answer.

More sex = More power

Question.

Is the age related to the amount of vital energy that can be siphoned? Why sodomy?

Answer.

Technically the younger the more energy.

Sodomy because it removes trust completely in a nearly permanent manner.

All non-consensual re: siphoning.

Strong root chakra can block energy from being siphoned away.

Remove trust and harvest all of the energy.

Question.

What if you've procreated and just want a peaceful no drama life?

My last girlfriend was a nightmare and I'm not going turn gay.

Answer.

😞 "Oh my..." - MJ2

Masturbation without orgasm 3 times per week followed by 33:33 minutes of meditation each day. Do not use pornography to get aroused. Instead, just focus on the objective of orgasm but stop yourself just prior. The strength required to stop will be transferred into other Chakras.

Question.

When you say manifest and create life, are you referring to the conventional sense? If not, can you provide thoughts on post menapausal/vasectomy sex?

Answer.

End of a cycle.

Sexual energy is an integral part to experiencing and creating life as an IS-BE.

ET groups obscure and dilute the truth about sexual energy so they can extort and mind control many IS-BEs in unison.

Here's a Majestic analogy:

The root system user to a computer has "God" access..... so securing the root account is the first step to proper cyber security.

The root user of a linux computer system is like the sexual energy of an IS-BE.

Even if a potential exploiter asks for just 5 minutes as root, extreme damage can occur.

Sexual energy is a self conquest.

Thank you. Sexual energy exploited how tho?

Question.

Pornography/masturbation, social norms, all of the above?

Answer.

All of the above.

Question.

What's someone in this position to do then? Should they be trying to reverse the effects or is it better to just concentrate on cultivating other positive aspects of their lives?

Answer.

Focus on "now" the only time that exists that isn't an illusion and strive to achieve balance in life. Homosexuality doesn't damn you

from happiness or achieving ascension it just delays your process because of the required trauma. Meditation and mindfulness is very important.

Question.

But what if people are "born" gay? Does this then mean they suffered trauma in the womb, or in a previous incarnation?

Answer.

Trauma in a womb.

Quote.

Also interesting that males are traumatized as soon as they enter this dimension through circumcision

Quote.

Always be conscientious of whom you exchange energy with (sex)

Fap = release w/ no exchange

Question.

So no fap?

Answer.

No fap.

Question.

Some Yoga techniques are teaching how to get energetic orgasm do not engage in physical intimacy. I ask behalf of those who are living alone. Does it feed interdimensional entities or somehow creates negative reality?

Answer.

Orgasming releases valuable energy from your IS-BE that should only be reserved for creating/starting life.

Question.

First of all, thank you for all that you do MJ12.

Are the practices of yoga and meditation effective in releasing/transmuting sexual energy?

Answer.

Qigong is more efficient, but yoga and meditation are great places to start.

Question.

Interdeminsional or from other planets?

Answer.

Both.

Question.

Are these entities that you're referring to the same thing that people call Archons or is this something else?

Answer.

Many names can describe the same entity.

The mainstream porn industry is the front for the transnational trafficking rings which are fronts for the intelligence communities which are fronts for the religious cults which are fronts for the interdimensional and extraterrestrial aliens siphoning life from Earth for power.

Question.

I was wondering what 3/6 would bring to the table...

Name something in the Vatican Archive that will be disclosed to the world covertly in a "short" matter of time.

Answer.

Are we not discussing forbidden knowledge now?

Question.

Has Earth to "off world" trafficking been shut down?

Answer.

No.

Question.

What would sex look like had we not been controlled and impacted by porn and vaccines? Are we close to getting back to that?

Answer.

Humanity is very far from that reality. However the information age and the internet make disseminating the truth viral.

Question.

Can you provide some insight into why males retaining semen is helpful? Are you saying we should not ejaculate at all unless we have the intent to create a child?

Answer.

Ejaculated semen should be consumed by the IS-BE who produced it in order to retain a small portion of the sacrificed energy.

Question.

I had read about Satanic Jesuit Orders that used sodomy as an initiation rite because they believed it opens up the 3rd eye. Is that belief accurate?

Answer.

In a world where up is down and left is right? Sure.

Question.

How can we "strengthen" our Maladhara Chakra?

Answer.

Meditate in Lotus position directly on the ground. Closer your root chakra / butt is to the Earth (clothing included) during meditation the stronger transfer of Maladhara energy to your IS-BE from Earth.

Question.

What if your knees don't allow full lotus?

Answer.

Butt on the ground matters more than Lotus.

Comment.

Thanks MJ. Then for me it's lotus position against a wall or something, until the abs are improved.

Reply.

On the surface of the Earth. Not a floor suspended 0+' off the ground. Tactile contact is required. Obstruction by clothing limits energy transfer depending on materials in the clothing.

Question.

Will we have disclosure in our life time or are we simply paving the way for future generations and our reincarnated selves?

Answer.

All information is within. Disclosure cannot be hand fed to programmed minds.

The mainstream porn industry is the front for the transnational trafficking rings which are fronts for the intelligence communities which are fronts for the religious cults which are fronts for the interdimensional and extraterrestrial aliens siphoning life from Earth for power.

Comment.

Well that pretty much encapsulates why this world is so messed up!

Question.

How is all this energy collected? Is some sort of technology used or is it a natural biological ability these beings have for collecting this energy?

Answer.

They are attracted to it and travel to your IS-BE to feed.

Question.

Are all members of Majestic Human?

Answer.

No.

Question.

Would suppressed tech. in the form of free energy give us as humans the abilities to better overcome such despicable things as human trafficking, human enslavement? Would Gen. Pop. transcend the foul behaviors due to time and moneys spent in preferred ways VS Bill, Medical, Oil.

Answer.

No in a lower state of consciousness you would destroy life on Earth in the wrong hands.

"Loneliness is a serious public-health problem <https://t.co/oqiq0r7Ks0>

End quote.

No, it is not. The path to self enlightenment is a lonely journey and existing in higher dimensions requires one to be okay with being alone. In other cases, downtime/loneliness can be powerful

assets when employing Telepathy, Remote Viewing, and Astral Projection.

Astral projection is safe as it is only within you. All interactions with consciousness are always a balance between your mind/soul and your body. The two are like ying and yang. Astral projection hyper-exerts consciousness into higher densities to travel. SP (sleep paralysis) limits body.

Higher Dimensions leave reflections and imprints in our dimensions. Seeing the reflection tells you a lot about the source.

Your brain naturally produces DMT, so overdosing on DMT can have longer lasting residual effects on your brain. It's important to recognize that beings in those higher dimensions know that supplemental DMT is used to reach that state. This alters possible interactions.

DMT has the ability to "on-demand" focus the pineal gland such that its capable of actually seeing higher dimension entities, however, to the untrained mind, little to no substance will be exchanged. Reliance on drugs only cheats yourself. Life is eternal. Your quest is eternal.

Spending a life time developing natural abilities to focus your pineal gland and your other chakras is essential to understanding how to access the higher dimensions on a philosophical level. Immature minds interacting with "Gods" are a recipe for disaster. Look at Earth.

Cheating souls seeking to be Gods are the ones most likely to abuse their powers and interfere with the lower densities. It's a tough decision to be made, and it can only be the decision of that single individual.

Which is why you should never seek an expert or a teacher to these things. Meditation is key. Release your burden.

It is not your fault.

No matter what it is.

We are all flawed.

Forgive yourself

Move on

"In the beginning, an IS-BE thought of an experience." G1:1 (Genesis 1:1)

Look inside and pull the curtains back. Let the LIGHT shine from within. Release your burden. Forgive yourself for your flaws. Live every moment with opportunity. Time is an illusion. The past belongs in the past.

The experience of time versus historical records of IS-BE experiences are different concepts.

Meaning you release your burden and accept your innocence and therefore forgive yourself.

Release your burden. Clean your body. Free your mind. Trust your IS-BE.

#AMA SG-1 edition at 1515 ET.

We are the Majestic. Together, we have spread disinformation and lies to the world about the truth behind Alien contact and technology.

Majestic 12's original mandate was to determine the best path forward for Disclosure.

Disinformation is necessary

In a way you might be onto something here. Yes, the TV show collaborated with The Working Group within the Pentagon to ensure it met all Military standards. Yes, there were consultants who were MJ12 subordinates. Yes this account references the DIA SG-1 & SG-1 TV show. Useful.

SG-1 contains "hyper dimensional" information inside it that is unlocked every time you watch it (and more particularly study it). Just passively watching versus taking notes while watching will change the level of insight the series provides. Use logic though.

The Majestic 12 will never ask for you to trust us.

We have never claimed to be an insider.

We created a story about how the SG-1 story was created.

SG-1 S4E11 Point of No Return

"Russia has a Stargate?!"

SG-1 contains "hyper dimensional" information inside it that is unlocked every time you watch it (and more particularly study it).

We have highlighted select episodes. Search for SG-1. Binge watching that series will do two things:

1/ You will "get" the higher density concepts being explored.

2/ Cross reference what you hear with meditation.

A link will be established.

Everything in SG-1 is fictional.

However what SG-1 represents and explains encapsulates the Majestic 12's sampling of a few missions that were so trivial to actual ongoing classified operations for use to Disclose essential information to new military personnel who joined as a result of SG-1 recruitment.

Not all of those who joined have interacted with any Majestic programs (even if never seeing a Majestic officer or not but through the chain of command and compartmentalization of these continuously manifesting operation objectives). It takes two to tango.

Instead, we've bred a generation of minds to reach to the stars. By whose conscious intention?

Magick is very real and intentions can easily be changed by manifesting new conscious thoughts. As Disclosure unfolds, themes taught in SG-1 must be applied while approaching objective.

The Adam and Eve Story by Chan Thomas was sanitized by the CIA in 2016 of a book published in 1965. Will POTUS declassify full transcript?

Majestic Message of Disclosure  
Subject: SG-1 S5E5  
Regarding: Elves / Machine Elves <https://t.co/Bhqf2Xdi9O>  
As consciousness is expanded and as more IS-BEs establish stronger connections to higher density consciousness and intelligence through meditation the more relevance that "machine elves" will have in the daily lives on all IS-BEs.  
After higher consciousness entities left Earth thousands of years ago ("the Gods" who took non-corporeal form to interact from within the minds eye - see SG-1 S5E3 Ascension) Earth was plunged into several thousand years of sacrifices, evil, and corruption.  
The Majestic 12 have been working with these higher consciousness entities for decades LIKE Thor or specifically to this episode 5:5, Freyr. The concept of good versus evil is non-existent in higher orders of consciousness as experienced in this episode.  
Maintaining "their" cover, the Asgard, is of top priority to their continued interactions with SG-1. What makes the members of SG-1 different from the Gods? They haven't enough experience in life. When to say no. When to leave well enough alone. When to fight.  
For that very same reason, it makes the concept of an SG-1 so dangerous since the realms of what you can interact with through

any portal to other planets could result in chaos and vice versa. The potential exists and informed consent is necessary. This is why a breakaway civilization was created. As we engaged with these higher conscious life forms who have their own agendas for their own self preservation, so too did MJ12. The breakaway was required in order to protect Earth. Think of it as the "alpha site" in SG-1.

As you expand your own consciousness and have an ability to interact with non-corporeal form entities, trust in yourself is absolutely critical. Truth to yourself is essential.

Comment.

The Asgard cannot come here claiming to be Gods. No one will buy that.

Answer.

Are they Gods or allies to SG-1?

Favorite episode? Why?

The question was supposed to be interpreted "Which is your favorite episode?" not "Is (((this))) your favorite?"

MJ12 didn't write them, that's why. No Disclosure only interpersonal politics and emotional manipulation. However the recent miniseries is something to look into very closely. Eyes Wide Open?

Comment.

I contributed to some of these "disclosure" programs. And I ain't Cabal. Though I did feel that, as a writer, I was often channeling someone else's story. All real writers tend to experience this phenomenon, in one way or other. What do you think?

Answer.

How else do you think the Majestic 12 works?

Logical thinking required.

Majestic vs Clowns.

Clown wars use old out dated technology.

Dark to Light means many things.

Darkness.

Comment.

(D)elta (I)ndia (N)ovember = Dark In Night. POTUS said they flew with all lights off, shades down, it was very scary at times. Am I close?

Answer.

You are correct after your attempt to D-IN.

Disinformation is necessary.

MJ12 immediately took control over three highly classified antigravity spacecraft prototypes on day one in 1947. Truman discovered from OP  that our newly acquired assets had technology withheld. MJ12 was created to take over from that point.

Question.

Are there still two groups called MJ-12? Majestic & Majority?

Answer.

Majority 12 was a disinformation name used by assets who needed to refer to us by name when we were very strict about dissemination of our identity/existence. For decades nobody knew we even existed.

Question.  
Did MJ-12 really start in 1942 after the Feb UFO sightings off LA on west coast? Were the nordics always part of the MJ-12?  
<https://t.co/goQnNhUpos>  
William Tompkins actually witnessed those UFO's and watched as our troops tried firing upon the UFO's with no penetration, it was protected by a shield.  
Answer.  
MJ12 was sending a signal to other intel agencies.

Shields are disclosed in SG-1 including how they work in a broad generalized sense.

Question.  
Go listen to William Tompkins interviews...he admits it.  
Answer.  
He spreads some correct information but mostly disinformation when it comes to "naming names".

Question.  
Disinformation - the name of the game from all it seems.  
Answer.  
How do names stay in the limelight?  
Limelight is casted by fame resulting in disinformation dissemination.

Bad actors receive limelight because its tainted with disinformation either of their creation or someone else's.

Question.  
But what if they are good actors?  
Answer.  
Then typically a direct connection is manipulating the information. Some good. Not all.

Question.  
@TS\_SCI\_MAJIC12 What are you saying with this:  
MAJIC-12 uses 3 typists and Voice of God technology using engineered nanotechnology to permit passthrough avatar control. Future proves past. Read all tweets?

Answer.  
Exactly what it says.  
Think SG-1, Carter had the memories of Jolinar of Malkshur because of the blending of the minds. Nanotechnology has the ability to simulate this. The thoughts will come into the mind, but they are not the Typists.

Question.  
Have typists received any kind of confirmation that the thoughts are from actual MJ12? Otherwise the whole thing would be like what has been termed "downloads"(common form of telepathic contact (ET etc.))

Answer.  
The typists all meet with a uniformed MJ3 subordinate directly prior to being activated. Activation phrase required.

Question.  
Kek. Weird that your coordinates are Cheyenne Mountain. Are you sanctioned military, rogue, or basement neet?  
A3.

Reference is to SG-1's DIA declassification programs that originated from Majestic 12. We are the Majestic 12. Typist is communicating through Voice of God nanotechnology implantation. MJ-9, MJ-1, and MJ-12 communicate through this account.  
MJ8 is in a base off-world.  
Typist is in CO ![Denver]  
Think SG-1.

Question.  
Are the past presidents of Bushs, Clintons, and Obama really Draco Reptilians?

Answer.  
No, they are influence by them directly (face to face) regally during 322 ceremonies/rituals.

Question.  
SICK! Is there any chance we have of escaping their control?  
yes

4) Cleanup + Disclosure

FPP (Future Proves Past)

Question.

So let me see if I'm understanding this correctly...when the Domain arrived, they weren't about to interfere with the affairs of humans directly, but were wanting to protect planet Earth from destruction. So officers of the Domain incarnated as members of MJ-12 and were tasked.....with the delicate balancing act of overseeing the M.I.C., Alphabet agencies, Cabal, world governments etc...letting them think they were in control, while in the meantime secretly laying out a plan to prepare humanity for eventual disclosure and First Contact?

Answer.

Correct. This concept was well explored in SG-1.

As well as Star Trek and many other films that involved ETs or the Military. It all went through a clearing process before being distributed. Big money followed pushed content. Organic growth was discouraged and unrewarded. Higher ascended beings do not involve themselves usually.

Consider the following scenario and reflect on what feels true to you and then respond.

Was the USA a nation that defended all human beings equally under the law in 1946?

Civil Rights Movement? Purpose?

USA became a Majestic nation in 1947.

Think of the world as a melting pot of types of humans. All types. All varieties. All characters. Good. Evil. White. Black. Good. Evil. Smart. [DUMB. Clones. Avatars. Synthetic. AI.]

Each denomination originally started as tribal gatherings, so you were told. Naturally right?

You are friendly with those you interact with on a daily basis but when greeted with something completely unknown you are faced with a fight or flight instinctual response. This is why TRUST YOURSELF matters. Facts Matter. Tribalism is common among humans. Lower consciousness.

What defines an American Citizen?

Values. Nationality. Patriotism. Volunteer. Selfless. Determined. Entrepreneur. Wealthy. Free. Independent. Alien. Majestic.

Many nations, identity is determined by race, religion, language, ethnicity, etc. the USA is different. It is a melting pot of personal potential limited by ones own mind themselves. Many work hard to suppress your true powers. Trust yourself. Facts Matter. Truth Resonates Inside.

Disclosure was planned by the Domain all along. SG-1 seeded your consciousness with this reality. The time in which Disclosure takes place is only at the point in which the society will be able to get along with everyone through legal principals that all people equally share.

We are all one means simply that we all love as one and we all fear as one. Each person has equal potential relative to their IS-BE's avatar's genetic makeup/conscious strength. Only through looking inward do you enhance your consciousness.

The Civil Rights Movement was MAJESTIC. The World is Watching. The world will learn the truth. WHERE WE GO ONE WE GO ALL is MAJESTIC! In order to peacefully disclose ET life; the Domain wanted to guarantee that human rights would be respected worldwide first.

The Majestic 12 had a Mission Impossible that included letting a legal replacement be implemented worldwide to end the global war crises based on economic trade, national identity, equal rights for all people, and then, and only then can First Contact take place.

The world is changing.

Dark to Light.

How could MJ12 keep the real secret from the Cabal?

Old Physics = Old Guard

New Physics = New Guard

New Physics = Highly Classified & Heavily Compartmentalized = SSP

Lights?

Future Proves Past.

Nuclear?

Nuclear Weapons?

Nuclear World Order?

Majestic.

How do you keep a secret?

The Go'uld respect the Asgard.

WHY?

Peace Through Strength.

Majestic.

Information is the Asgard's Strength.

Therefore they are intellectually more advanced than the parasitical reptilian race.

Inform the slaves of what freedom is, then offer it to them.

This trick has been used for centuries.

However open source instant communications beat them.

All cool gadgets came from the Majestic 12 directly through the Foreign Technology Office in the Pentagon. Very controlled disclosure. Otherwise you have complete chaos everywhere. So much information in both the Good vs Evil realm. Evil was allowed to expand. Good was not.

New gadgets and technology from MJ12 gave Majestic weapons of information that have the potential of properly evolving co-creative consciousness together, essentially bypassing the Mockingbird Media. We hid the real physics from them. Gave them gadgets. Let you talk to each other.

If you believe that the Majestic 12 is only involved in Movies, TV Shows, and Fake News/MSM, you're wrong. We're also deeply involved in video game development contracts at the Board of Director level. We embed disclosure challenges in video games and let kids solve the puzzles.

Propaganda and mind control subliminal messaging designed to create psychological paradoxes that can be exploited by other technology such as music, movies, tv shows, food, and sounds.

This technology agenda has existed for decades and we've been exploiting it for the purposes of advancing Disclosure, however when 2B/322 took over, one of the major areas they attacked first was gaming.

There are many facets of MK ULTRA embedded deep inside some of the largest brands of video games. We trained a generation of soldiers using video games as a means to filter through psychological warfare weakness easier.

Question.

Did any of the actors in the SG-1 series know that they were participating in some sort of "soft disclosure"? I know fans have always speculated, but I've never seen any of the actors discuss this possibility that I'm aware of.

Answer.

RDA silently knew because he has a higher IQ than most actors and is relatively clean.

Question.

Hello Magic 12

Is there a link between IQ of an IS-BE and its ability of consciousness?

Is IQ linked with the IS or is it a contingency (such as our parents, country we live in, our body)?

Answer.

IQ is connected to conscious awareness.

Question.

Compared to all other known ETs/Aliens, how do we compare evolutionarily (from 1-10?) and what would be our top potential?

Answer.

Humans are like young children.

"The young do not as they are told." SG1 The Nox

Question.

Are humans basically an experiment??

Answer.

"You are infinite consciousness having a human experience."

Marielle: Oma from SG-1 was based on the advice given to the Majestic 12 about what regular existence in higher dimensions was like. Many of the phrases were exact- word for word.

The Majestic 12 have for many years now since every original member ascended to 5th density consciousness. Current MJ12 members are in constant communication with the founding members. This was disclosed in SG-1 with Daniel and Jack.

Question.

Is there going to be solar flashes that raise our consciousness to the next level and when do you think it will happen?

Answer.

It won't be a Hollywood style "solar flash".

Question.

Does Majestic 12 have some sort of authority over all the countries of the world concerning matters of ET contact and disclosure? Does that include Asian countries?

Answer.

We have the technology, money, and personality required to succeed in interplanetary exploration as explored in SG-1. Other countries do not have as much capital because of their system of Governance and lack of hidden authoritarianism and financial prowess.

Through the Majestic 12's slow Disclosure after Cabal took control and were purged from the Military (as official programs) we prepared humanity for this point in time. The technology. The instant communication devices. The extremely complex Classified technologies.

This Cabal was inside the Majestic 12 for a period of time. Once Classified First Contact took place, it was forced upon the Majestic 12 to move this group out of the Military (and inferred but Cabal chose to ignore that these programs would stop all together).

Once the Majestic 12 explained the circumstances of planetary politics between rivaling nations from raw Military Intelligence analysis, we received advice on how to win against the entities who are directly responsible for CSTRAC and the occult knowledge disclosed in exchange.

Question.

Advice from who?

Answer.

Majestic Allies.

Which is more important?

Question.

What is the true power of the Vatican? Could it be the secrets kept? @OldWiseHermit Can you say more about these tunnels? You've eluded several times.. can you share some of what you've seen?

Answer.

Knowledge is power.

Vatican withholds truths to spread lies and propaganda.

Like the Ori, the Vatican does not ascend its followers when they die. They return to human form (prison planet), and have their memories wiped clean to start over.

They don't teach self enLIGHTenment.

Ori was a reference to STARGATE SG-1.

Christianity will be dismembered when we are done.

Jesus was a creation of the Vatican taken from multiple IS-BEs such as Thoth, Enoch, Lucifer, Satan, and [3 others].

External personification of "God" allows evil and darkness to spread because it shields the LIGHT within.

Question.

Can you tell us more about Pharaohs and Greek gods, reality vs stargate series?

Answer.

SG-1 used disinformation as a means to accurately depict the reality of who all "Gods" were on Earth.

Question.

(The ancient "Martians" or Annunaki I guess, are sometimes depicted with large bellies on some pictures on the internet)

Answer.

No, that was disinformation. Humans need the organs were the Jaffa pouches were located. The organs weren't pushed to the side, it was just a poor Hollywood decision.

Question.

Do portable stargates or time/space manipulation devices exist?

Answer.

Yes. Some races wear devices attached to their bodies that function as distortion/travel devices. Depending on the specific technology, range and capabilities may be limited and/or different. Majestic 12 have personally used around a dozen different devices like these to travel.

Question.

Can you please direct me to interpretation of the glyphs around the patch in your prof photo? Have asked you several questions earlier you have not responded to. Hope its a glitch from your side and not intentional.

Answer.

We try to reply to all messages but some slip through. Symbols in icon are from SG-1 and the "language of the Ancients" which is fiction.

Question.

Yes, I understand. Could you scroll back and address them? I know it as lightlanguage, thus have not any contextual properties to translate the writings. How do you differ extradimensionals and the extraterrestrials currently on this planet? And can you confirm D-5 as a clearance?

Question.

What kind of alphabet is it you have around your emblem ?

Answer.

The image is from the TV Series Stargate SG-1 (official DIA program) and the text is that of the Ancients, a race of humans who lived for millions of years on Earth before being wiped out who built the original star gate networks and colonized multiple galaxies. Mostly fiction.

Question.

Is the alphabet around your sign fictional ?

Answer.

Its based on a real language, but for the most part it is fictional.

No sentence structure. Not really spelling words. Some of the characters are mirrored/flipped. Etc. Classic counterintel disinformation campaign design.

Question.

In a DIA program is it all about fiction & disinformation ?

Answer.

DIA had a program called Stargate SG-1 that was transferred to the CIA to be created into a TV series. In fact, the TV series Stargate SG-1 has a miniseries inside it that explain how the parent TV series came to be. Not all is fiction, but a good portion clearly has to be.

Question.

Was Stargate Atlantis part of the same program ?

Answer.

No

Why SG-1 created with a Canadian Broadcasting company and not an American Broadcasting company?

The answer is ]Classified[.

Comment.

Because releasing classified info would be prosecutable, but if an other country does it they can't do much about it?

Answer.

Ding ding ding.

SG-1 contains "hyper dimensional" information inside it that is unlocked every time you watch it (and more particularly study it).

Disclosure really happened in 2001. Congress invited members of the G7 to come forward and tell the truth. Many of them did. The media and Cabal ignored it. It never gained traction.

Pentagon wanted Disclosure, Cabal wanted war. Cabal won with WTC. Pentagon proceeded with SG1.

43 had CST blackmail and p2p with the Saudis. He had skeletons as he must to be a bonesman. 322 is full of skulls and bones.

Question.  
"No Coincidence" that about a month ago, I began watching Stargate SG-1 (currently on season 4, please no spoilers). Would this be a partial disclosure-type TV series? How much is accurate or what is not accurate?

Answer.  
SG-1 was created by C\_A at the request of DIA via MJ12 to disclose the activities of the Stargate program to the world. After our congressional committee hearings went nowhere, we decided to up the ante with the series. Look into episodes about "The Trust" and cross reference.

Coordinated around the same time were the SG-1 television series and the Congressional Disclosure Hearings. Both of these efforts were from the Pentagon and the "light" side of the MIC (that wanted Disclosure) as a means to combat against 2B/322.

When 9/11 came to a theater near you, Majestic 12 moved into the open.  
STARGATE SG-1 was part of the equation.  
Congressional Disclosure Hearings warranted a proper, Naval, Intelligence, Civilian approach to ET disclosure.  
MJ12 opposed this at all costs.  
Pentagon tried to fight.  
Next Day. 9/11.  
Majestic 12 moved into the open.  
We revealed a classified DUMB's true identity to the world and NOBODY BLINKED TWICE. Quite expected actually. The Matrix is real. We operated in the DARK for a long period of time.  
Canada actually helped the United States out with Disclosure of SG-1 because Paul Hellyer was so poorly treated by Congress when we stopped the congressional hearings. His testimony was true. Every word of it. It was WAR inside the Pentagon when these hearings were happening.  
Majestic 12 was originally the body pushing for the Disclosure of ET life to the public in a controlled manner to ensure proper Government restructuring. However, when 9/11 was orchestrated

by several MJ12 members as a way to throw the scent off the trail and "go over here".  
This derailed decades of planning and flung the United States into a suicide nose dive where 2017 was going to be the year of a nuclear holocaust.

Hillary/Obama sold Israel to Iran and got the Russians to help Iran because it would go against American Foreign Policy. They wanted Iran to nuke Israel. Somebody talked about this recently? We wonder who that could be? Universal moral code is to base on compassion and evidence.  
However the Russians did not want nuclear war between Iran and Israel, so Russia used their blackmail on 44/CF to manipulate every foreign policy decision made. In exchange, Russia gained power over key areas the West won from the Soviet Union. This made Russia stronger.  
They have no interest in nuclear war, however they do have interest in playing games with Foreign Policy to the betterment of their agenda. Players on both sides. Impartial because it is not National Security but rather National Interest.  
Since the CF was trying to sell Israel to Iran via U1/CF (think Ukraine) which would send U to NK & Iran, Russia wanted a large enough stockpile hand delivered to them by the Americans to prove they are serious. Russia kept a majority of the U sold. NK/ Iran/? (and question mark) got the remainder.  
Israel was given very special status after 1947. The Majestic 12 learned about the 50 year warning. We prepared by taking control over the region.

Hillary found out about this intelligence through her CF blackmail portfolio of Government agents within NASA, SD, FBI, DOJ, NSA, DNI, etc. etc. etc. who were participating in the Rituals of Power. Invite only. Many layers of initiation. Advanced "alien" technology used on them.

The sinister death cult that Hillary was a high priestess to, who was working with similar ETs to the disinformation EBE-3, made it a political priority of the NWO, which was created by a different group of ETs, to destroy Earth as the architect's plan originally called for.

The NWO group was not the same group as CF.

Two different goals.

GF is similar to CF as well as NNF.

NWO wanted slaves on a planet that would produce more sacrifices.

CF et co conspirators wanted nuclear war because "all of them would survive."

Not true.

Nobody would.

It's happened on Earth before.

It's happened on other planets.

It's happened on the Moon.

It's happened on Venus.

Nuclear war always destroys all life on a planet.

Always.

Question.

"all of them would survive." Where? Off planet life?

Answer.

We have DUMBs capable of providing complete protection on Planet Earth for several years (each DUMB).

DUMB = Deep Underground Military Base (unaffected)

DUNB = Deep Underground Nuclear Bunker (unaffected)  
DUNB/DUMBs all connect to each other.  
Think SG-1 "Tolan" Prisoners

The Earth is feeling the effects of the nuclear weapons tests conducted in the mid 20th century. The planet's climate is measurably losing control.

Why?

What are nuclear weapons?

Why do ET races forbid the use of nuclear weapons?

When humans discovered them, why did ETs visit?

Question.

Did the Domain ask residents of the Domain to incarnate here? Is this the source of many of the starseeds? Are many (most) starseeds part of the plan to raise earths consciousness?

Answer.

Not just the Domain but other groups as well, some terrestrially. The nuclear detonations on Earth raised alarms in higher realms of consciousness that are extremely dangerous and do destroy all life on a planet. IS-BEs who formerly occupied higher realms left to help Earth.

Nukes are a major red line for any planet to cross since the ripple effect it creates throughout all the higher dimensions are influenced. Many problems arise which is why when DE/US started testing nukes, ET visitations sky rocketed. Starseeds traveled to Earth to save life.

During this nose dive period, the Majestic 12 worked tirelessly against the interests of the people without risking compromising the operation that had to carefully be planned out and executed. When HRC was neutralized by the Pentagon, MJ12 changed hands to the DIA under new leadership. Essentially returning MJ12 home.

Yes the laws of physics can be easily explained via the fundamental principles of electricity as summed up in the

"electric universe" model. This has of course been suppressed in lieu of the messy incomplete model that is mainstream physics.

Answer.

What if we told you the electric universe theory was both right and wrong at the same time and that its validity is only to those who subscribe to it. However, since the theory is thorough, many higher density races have agreed upon its existence therefore "allowing" it to be.

We are aware of SG-1 fan ideas and analyses and have found that a few small portion of people have at least a 50% clue about the true Disclosure contained inside that series. It's more profound than you realize and goes far beyond just ET stuff.

Politics, the general engagements between the Shadow Shadow Government and the Civilian Perceived "Government", the "Cabal" etc.

We had to, at all costs necessary [ultimately caving to the Committee (or an SG-1 reference, "The Trust")] ensure that the fact we had:

A) Make First Contact with Alien Life.

B) Learned The Universe Is FULL OF LIFE

was kept from, originally, the Chi-coms and USSR but ultimately from the American People. For this misdeed, we are sincerely sorry to have let you down in such a way. Do extraterrestrial weapons use consciousness to operate?

Are their weapons really tools since they can be used for both good and bad?

What if the weapon could destroy all life? What if it could also heal all life? What if it operated by responding to the frequencies emitted by the conscious beings around it? What if those signals had functional programming associated with them?

"Snakes Are Everywhere" - @realDonaldTrump  
Did you know... Col. Jack O'Neill of Stargate SG-1 referred to the Go'uld as "snake in the head" who were parasitical reptilians hell bent on world domination and human enslavement?  
<https://t.co/m9ZGDnIYVp>

IS-BEs come in many shapes, sizes, forms, colors, abilities, etc. Literally whatever your could think of, exists in the universe. This knowledge came to us after hundreds of hours logged with telepathic human representatives communicating with EBEN-1 and EBEN-2.

We learned that the Entity controlling Hitler was acting and behaving in extremely evil behavior. This was apparent, however... we can look back at STARGATE SG-1 and compare the ORI to the tactics to brainwash their followers despite being lied to. The progress made in the years leading to a trade, essentially resulted in us faking Hitlers death (Majestic loves movies - are you enjoying the show?) in exchange that he stop working with the ET IS-BE that was pure evil. Hitler was merely a disposable pawn. Now, understand that in STARGATE SG-1 the Go'uld are a parasitical reptilian race of aliens that "take a host" in order to cheat death and [BOOM], we will cross reference this in a moment. We are not saying that Hitler was a Go'uld. The Go'uld are fictional characters that portrayed a very real truth in the universe.

This gave the United States Government the opportunity to use the threat that Hitler was in league with a "God" who claimed to be an ET, but that we, the Americans, had struck gold because we know that God does not present himself before you. The misunderstanding of that term... Your Immortal Spiritual Biological Entity (IS-BE) is your soul (IS) and your body (BE). You are an IS-BE. All life in the universe are IS-BEs. We are all the same. We are all one. We are connected together through our pineal gland. Our consciousness comes from God or All or IS-BE We (Americans) by definition of our National Identity from the founding fathers was that we knew God was all and that freedom to practice faith towards God was permitted in ANY FORM. This posed an interesting complex web of information.

Ranking franchises with respect to their Disclosure efforts:  
1. Stargate SG-1

2. Star Trek  
3. Star Wars  
Other Disclosure programs were embedded after the fact and not intended to be used for SSP Disclosure.

1. Stargate SG-1 disclosed the following:  
- DUMBs real purpose  
- ET life is in regular contact with US Military  
- The "Trust" are the Cabal (minus the Vatican angle)  
- US Military has several space vessels  
- Exotic Space Weapons  
- Medical technology unavailable to public  
+++more  
2. Star Trek disclosed the following:  
- Nobody gets paid in the SSP for their SSP work (Cabal engineering)  
- Food replication technology  
- Hyperdimensional travel (Warp Speed)  
- How socialism is supposed to be implemented (Cabal engineering)  
- Galaxy has a few rival races  
3. Star Wars disclosed the following:  
- Glorified "Jihad" against Government (Cabal engineering)  
- Worship of pure evil (Cabal engineering)  
- Galaxy is filled with rivaling races (Cabal engineering)  
- Barter is the universal form of currency (Cabal Engineering)  
All three of these franchises were necessary to a certain extent during the purposes of controlled Disclosure of the SSP.

Majestic 12 used the Cabal to do most of the heavy lifting with respect to disclosing most of the SSP. We knew they were worshipping Moloch, and still did it. It was necessary for this information to get out, and those three major franchises were just a handful of major Disclosure projects that the Majestic 12 worked on. Cabal engineered Disclosure embeds much propaganda, social engineering, and divide and conquer techniques all throughout the "programming."

We call it "programming" for a reason. Star Wars attracted the youth of many and was therefore heavily exploited by the Cabal. Star Trek attracted the young adults of the world and was therefore partially exploited, mostly for communist purposes. Stargate SG-1 on the other hand was targeted towards adults and has the least amount of Cabal engineering. NOTHING TO SEE HERE.

"It was all smoke and mirrors."  
Where else have we heard about "smoke and mirrors"? SG-1 disclosures were pertinent to a culture of secrecy and corruption combined with the power of the Federal Government.

Well, let us reiterate, rinse and repeat... The "Cabal" is currently being lead by another "Committee 🗳️" of ET IS-BEs connected to ongoing within the unacknowledged space program that the Americans took over when Germany fell. Thats why Operation Paperclip happened. However, the past 30 years we have witnessed a massive subversion of power from the American People in the name of "National Security". Now connect that to CIA programs operating within the United States through social engineered problems like school shootings and terror attacks.

This group of individuals is the Enemy of the Majestic 12, and for the first time in DECADES we have finally elected a COMMANDER IN CHIEF who can DRAIN THE SWAMP and open the stars to the world. See, you've known the truth all along.

I just saw Stargate SG-1 (season 4 episode 16 - "2010") where the Aschen were trying to wipe out humans with an anti-aging technology (that also secretly made them sterile). Creepy to hear you talk like this though. What about when you mentioned humans can be up to 1,000 years!?

Answer

The Aschen are not known by that name, but they are very real and we made contact with them back in the late 1970s. In the TV show, SG-1 used the Stargate to "time travel" to prevent it from wiping out life on Earth. The only reality impacted in that episode was Gen. Hammond.

The disaster was diverted by Gen. Hammond accessing information stored inside time to prevent a disaster. The Stargate in Area S-4 (SW of Area 51) is a time machine for the IS-BE who uses it as well as a wormhole dialing device. Orientation changes the physics and outcome.

"Beast of Burden" SG-1

Three truths and realities we must accept:

- 1/ We are all one of the same kind.
- 2/ We are all Gods inside.
- 3/ We are all unique and special.

In the beginning, the Gods created the heavens and the Earth.  
Cocreative exoconsciousness.  
Extremely real.  
Literally the Matrix.

Majestic 12 has spent millions of dollars on building these exceptionally influential and powerful empires dominated by obsession in Space. These are the secrets being promised, exchanged, and built inside breakaway shadow Governments and planetary civilizations.

These movies, tv shows, comic books, fantasy movies, etc that disclosed ET presence on Earth and what interacting with ETs really entails. The fact of the matter is, extraterrestrials IS-BEs are not interdimensional IS-BE. You are not required to take DMT supplements or drugs to interact and communicate with extraterrestrial IS-BEs. In order to exist on this level, each IS-BE must be in sync with their full chakra frequency alignments. Full telepathic communication and mind meld. This is what it means to connect with someone on a deeper level inside the brain and mind, stored inside of your DNA which then is the signature used by your subconscious to project reality around you. Your IS-BE is the God inside you. You have the ultimate control over your own destiny, however to comprehend and manifest those lessons, patience, prayer, meditation, empathy, love, and union are emotions that will manifest positive life energy manifestations to become in your reality.

Look inside and pull the curtains back. Let the LIGHT shine from within. Release your burden. Forgive yourself for your flaws. Live every moment with opportunity. Time is an illusion. The past belongs in the past.

Universities are experimenting on animals and lower cast life forms because they are deemed worthy to be experimented upon. Here is a moral dilemma, what gives one life form the permission to take the life of another lifeform? That who created you.

This is the beast of burden debate in vegetarianism. However consuming meat for food is the psyop (we'll explain in a thread off from this entry). The real beast of burden is what Universities are doing to global consciousness in the sacrifice to science. Many liberal educators are also drug users who intentionally study DMT and other drugs that are documented to lift the veil which your brain filters out to see the higher dimensions and experience them. As SG-1 has taken a line from Tibetan monks, which said:

When the mind is free, the body matters not.  
True existence inside you is a higher dimensional version of you who has all of the experiences of your past genetic history all

easily accessible to you by using the power of thought to create to experience alternate realities.

You are the solution. Trust yourself.

Allow us to connect a few dots for you that may be unclear. These interdimensional beings responsible for the child sacrificing obsession the society has been driven to are also the source of where fascism is coming - the Universities. We can visually see the Universities are cults with massive pedophile rings inside of them using Government subsidized programs to perform illegal experiments on millions of lives.

Citizen participation in the voting process for specific monies involved in any experimentations being performed. The economic and monetary system will adjust to accommodate a population that will need to be more informed and this is where automation will really reduce the cost of living to near zero, which is our goal. Are there population limits? Yes. Are there programs being deployed to reduce the population? Yes. Will these programs stop? Not until the United States has a Yellow Vests Protest like France is going through demanding the rights to fund these programs must be voted for by the local citizens of those regions and not by Congress who is controlled by Government classifications and active operational participation in these programs. Some Senators oversaw school mind control and would visit to witness their creation.

However, we are not France. No offense to France. The Majestic 12 doesn't stop strategizing victory. The Plan is in motion. The stage has been set. You are now watching a movie. However do not lose focus of realizing how profound what AJ said means and how you can take action to regain control over these homicidal maniacs.

What is real?

The Power of 3 6 and 9 is real.

3, 6, and 9 are consciousness.

1, 2, 4, 5, 7, and 8 are chaos matrix theory.

Synchronicity weaves the fabric of reality.

The power to will and manifest physical reality by learning the codes, the keys to the castle, the magic spells, (whatever you want to call it, you can name it anything you want, doesn't matter to me).

Pro Tip: Poison your data.  
Like things that have nothing to do with you. Who "you" really are should be classified against intruders like Facebook. Poison your data. If you're pro-Trump, like everything Clinton related. And vice versa.

What if technology existed prior that was able to build a profile on any person to assess their National Security risk threat with near 99% accuracy?  
What if that technology was restricted to Military Intelligence only?  
What if bad actors wanted to use?

#facebookdown  
No matter where. National Security technology, when coupled with the original interpretation of the Constitution can be combined. Should private corporations like Facebook, Google, Twitter be forced to surrender data that compromises National Security? Yes. Constitution allows.

#facebookdown  
Clowns reverse engineered NSA technology and seeded it into what you call Facebook to use it for their own purposes.

Do you still use Facebook?  
What if a transnational child sex trafficking cartel used the data in Facebook to hand select victims for a price?

Question.  
Woohoo!! 🤪🤪🤪  
Will it stay down?  
Answer.

No, that would defraud investors and people who depend on Facebook for business. Cleaning out the clowns currently. Sit back and enjoy the show. DECLAS coming soon.

... ..

Many people have passed on beyond their IS-BE iteration we've all grown to love, however their consciousness is currently on Planet Earth. Some individuals have received assistance in discovering their true identity for the purposes of The Plan, others have not. Nothing specific.

What if facial recognition technology (currently protected by the Government for purposes of "privacy") were released to the world?

What if you could search for other BEs who look identical to your IS-BE?

What if children could identify their past identity using technology?

It would remove the idea of life ends at Death permanently and alter the course of humanity permanently.

Who created facial recognition technology?  
Was it classified several decades ago?  
Did the NSA use FR on ALL PEOPLEs it captured?  
Did it learn of a trend?

Neutralize MIL?  
We are not suggesting that Facebook sells children to an international child sex trafficking network.

We are saying, Facebook was demanded to share that data by its investors in exchange for profit.

Other organizations, also controlled by the same puppet masters purchased data.

Those other organizations gave 44/CF access to target victims. What did CF do with the hundreds of millions donated to it? we What role did the CF play in securing public taxpayer money to bad actors?

Twitter sees more than most realize.

Educate yourself.

Re-read past drops. <https://t.co/CDEejCwOxe>

All that is required is ONE of the following:

- Email address used for any online purchase ever
- Cell phone number associated to a "utility" (ie ID required to obtain) <https://t.co/fJu3Os4ipJ>

This data is extracted using products from companies like Teradata that mass import Twitter data, Amazon data, Facebook data, Google data (including Gmail emails), etc. all into a single aggregate database of your "profile". Twitter is licensing this data and selling it. <https://t.co/qfgmhlv2Zo>

Teradata is a ghost corporation that is not very well known yet has a digital profile of literally every single American in the United States that includes data such as online browsing history, previous purchases, digital banking (including access to direct deposits) etc. <https://t.co/iQvbKMzB0F>

Social media applications are MAJESTIC applications since they can be used for both good and evil. Only the will of consciousness determines whether or not the "technology" will be good or evil. <https://t.co/6DpLUSNUfW>

It is one thing to create technology to improve people's lives. It's another thing where technology is being engineered to manipulate and control people's lives. The fruits of their labors are the conviction of character exposed by the engineering organization and the leadership responsible.

Applications like Twitter can be used for connecting people together so they can educate one another and become equally aware of events as they are coming into reality.

However, in the past, having access to near-live events and near-live access to reality typically lived deep within highly classified realms of the Government because it required a lot more technique in order to mass collect the data. We still had the data 50 years ago as now.

Looking at utilities like Twitter, this platform, along with LifeLog/ Facebook, allowed the privatization of mass collecting this data and allowing that effort to be used in multiple different campaigns.

So when a person is shadow banned from Twitter, they are shadow banned in reality from the internet. When a person is banned on Twitter, their social profile is flagged as being "extremist" or "dangerous" and your name is put onto a Government list within the Justice Department.

# MJ12 Solar Flash

In the last days, God says:

I will pour out my spirit on all people  
Your sons  
your daughters  
will prophesy  
Your young men will see visions  
Your old men will dream dreams  
Even among my servants  
Of men, and women  
I will pour out my Spirit in those days  
And they will prophesy  
I will show wonders in the heavens above  
And servants of the Earth below  
Love  
And fire  
And billows of smoke  
The sun will be turned to darkness  
And wine to blood

MJ12 has been lying to you how the planets orbit the sun. Learn the truth... meditate to this image and tell us what you learn. There is much truth hidden in this simple diagram than first glance would reveal. <https://t.co/KSDS2xRlOL>  
Apologize for the typo.

Question.  
As in Earth's? 🤔 Base perhaps.  
Answer  
Lunar Command Center.

Question.  
MJ-12 started in 1947. But I understood there were two MJ-12 groups, one to give out disinformation, and the other to work with the UFO's & ETs. @TS\_SCI\_MAJIC12 ...is that still the case - Two MJ-12 groups? <https://t.co/n6bzvbVLY7>  
Answer.  
Now 3 groups technically that all report up to a central command on the Moon.

There is a virtual joystick to move the moon. <https://t.co/ZEHpZ2Cxi9>  
Question.  
Where is this joystick located?  
Answer.  
Underground.

8/ The OLD GUARD is being systematically dismantled by the super elite Defense Intelligence Agency. A new future awaits America and it is one that includes disclosing Extraterrestrial life not only here on Earth but also on the Moon, Mars, Venus, Jupiter, Saturn, and many more.

The sinister death cult that Hillary was a high priestess to, who was working with similar ETs to the disinformation EBE-3, made it a political priority of the NWO, which was created by a different group of ETs, to destroy Earth as the architect's plan originally called for.  
The NWO group was not the same group as CF.  
Two different goals.  
GF is similar to CF as well as NNF.  
NWO wanted slaves on a planet that would produce more sacrifices.  
CF et co conspirators wanted nuclear war because "all of them would survive."  
Not true.  
Nobody would.  
It's happened on Earth before.  
It's happened on other planets.  
It's happened on the Moon.  
It's happened on Venus.  
Nuclear war always destroys all life on a planet.  
Always.

The Earth is feeling the effects of the nuclear weapons tests conducted in the mid 20th century. The planet's climate is measurably losing control.  
Why?  
What are nuclear weapons?  
Why do ET races forbid the use of nuclear weapons?  
When humans discovered them, why did ETs visit?

Comment.  
if any significant nukes is launched, I have been told that it will automatically fail, due to alien interference.  
End comment.  
Correct, the outer planetary defense systems operating on the "dark side of the moon" are designed to prevent nuclear weapons from entering space. In order for a country to "nuke" another country without killing themselves, they must use space. This is prevented.

Comment  
Lot of that Area 51 is blocked out on google.

End comment.

Not as much as you think. Its easier to air brush the moon. Its difficult to do it on Earth when our enemies also have eyes in the sky looking down upon the Majestic 12 and simply awestruck at who and what we are. America was not an accident. It was planned by a very small group.

The Moon is heavily protected right now by the SSP and RV is blocked when possible, however on Mars, we only have a few bases. Earth Humans do not dominate Mars.

The disinformation campaign by the Air Force was to create a conspiracy around the idea that we were kicked off the moon. Therefore for those who wouldn't believe our cover story, we had backups. If you think the deception was only 1 or 2 layers deep, you are severely underestimating the resolve of the Majestic 12 to succeed at our mission, to conceal the secret in plain sight.

Countries are being debriefed on our bases on the moon. Many countries do not believe Trump (expected) so he's telling them to go check it out for themselves. Forced checkmate to some countries like Israel.

Question.

What is the Truth regarding the Apollo program then ? So many layers...

Answer.

Money laundering and child trafficking mostly.

Oh... and of course, MJ12's specialty... movies.

Question.

Did Amstrong & Co did go to the moon ? With a rocket ? How much people were there to welcome them ?

Answer.

[Classified]

1, 0, [1/2 of 12]

Question.

How is Apollo program linked to child trafficking ?

What "movie" did you script ?

Answer.

[Classified]

Not yet.

Apollo program was a failure, reason why it was scrapped in the first place, but it provided MJ12 an opportunity to utilize the C\_A  to hoax the Moon Landing on an alternate timeline to convince the Russians that we hadn't landed (yet). In fact, we had bases prior to 1965.

Some have been writing to us asking about the YouTube outage that took place last week and whether the anomaly captured on camera around the moon had anything to do with it. Sometimes coincidences are just coincidences. In this case, it wasn't just.

No, that is not an alien war tank on the surface of the moon preparing to go to war with Earth.

<https://t.co/igoR5GLcl2>

Question.

@TS\_SCI\_MAJIC12 Are IS-BE's trapped on Earth by Somebody or Something??

Answer.

Moon holds you here.

Energy is consciousness. Look into the signatures from higher dimensions and you can trace which IS-BEs the energy is coming from. Remember, a planet itself can be a single IS-BE.

Humans are engineered beings to experience the lower dimensions so they can develop spiritually before entering the higher realms of existence through reincarnation and the planet's ET "protection"/"prison planet". Earth is an IS-BE that is protected because it keeps IS-BEs in.

Question.

Did we find the moon occupied? Is that why the videos look like studio fakes? Confirming SSP = confirming aliens?

Answer

The moon was occupied prior as it is an artificial space station responsible for "prison planet" management of souls on Earth to constantly be recycled on Earth.

Now: Colors are shifts in frequencies. Shift in consciousness. Very ritualistic period on Earth. No rituals this year. "Mood" is different for this moon this year. Trump Effect. Time is an illusion. Power of 3s. Events not dates.

End Quote.

The sun is not a simulation. The atmosphere causes those effects. Different heavy metals in the atmosphere, combined with electrical charges in the clouds, combined with the angle the sunlight is penetrating Earth at dictate the size, shape, and appearance of the sun. All normal.

Question.

Do we have a sun simulator currently working in space? Thank you

Answer.

Anywhere in space?

Yes.

In our solar system?

No.

Question.

When will chemtrails cease?

Answer.

We do not predict dates, however have you seen the news recently? Scientists claiming that dimming the sun is a "good idea". What happens when public says NO DEAL at the polls? Legalization of those programs will be challenged in courts by incumbents and programs will cease.

What is the sun?

The sun can be used as a portal in higher dimensions.

Looking into the sun with proper protection amplifies the strength of your inner eye to see.

We believe that you know far more about quantum reality than most "so called experts" who claim they know about quantum reality. Believe in your abilities and the light will always show you the truth.

1/ Exoconsciousness intuitively understands the quantum world, it just has a difficult time articulating the words necessary to explain it.

Think about the dimensions of information. Existence is the sum of all possibilities combined. Identity is the selection of an existence.

2/ All information exists in "thought", however is accessible via an ISBE's ability to encapsulate that information into their consciousness (jail) communication mechanisms.

Mastering telepathy enable you to read/listen/understand all states of information in their natural form.

3/ When you try to take a highly complex thought and reduce its dimensionality into the physical realm, you lost 99% of the message, unless you are intentionally explaining the physical realm.

This is why "words are difficult" to choose in emotional situations.

4/ It is also why ((we))) [as a species] haven't yet mastered quantum physics. We cannot communicate in the medium necessary to understand quantum physics (yet).

DONE.

Comment.

If You understand that you are Creator and quantum structure at the same time, it is easier to understand quantum physics.  
End comment.

The Kingdom of Heaven sounds glorious doesn't it? Sounds like something you'd want to spend your life's work to get to. When you get there what happens? What happens when you've been brainwashed as slaves and that true Kingdom of Heaven is actually full awareness of consciousness?

Solar Flash is a term used to describe an internal revelation that will take place in every single human. All beings on Earth are being mobilized and activated. This is a Great Awakening. G.A's have also been called Mass Extinctions before. But life survives and evolves.

It won't be a Hollywood style "solar flash".

Prepare yourself mentally for the heightened state of consciousness that will be required in order to survive. Less than a few years, but there is time. Don't worry, we are not going to betray the people who we swore to protect during this transition. Trust the plan.

Any and all attempts to subvert new CLAS technology will be met with lethal force.

Nothing can stop what is coming.

NOTHING!

By design. Ice needs to melt in order to force Disclosure. Will not cause harm to the planet. Planets survive climate change. Humans must adapt. Society is vulnerable because Satanic mindset technology was developed and forced onto people. New technology will help humanity adapt.

Many life forms will survive, and those who do, have been smart. They educate themselves on consciousness, holistic healthcare, geography, space weather, survival skills, and meditation. Those who do not, "die" and start all over as a child. Those who do not make it will struggle at first, but the society should be better aligned in 10 years to help people of all walks of life expand their consciousness and for the first time in thousands of years, MEET who are really are. Have you met the ISBE inside you yet?

Your observations are not alone, many others have been experiencing other kinds of genetic anomalies. This is most likely due to the ISBE identifying itself in you.

Energy is consciousness. Look into the signatures from higher dimensions and you can trace which IS-BEs the energy is coming from. Remember, a planet itself can be a single IS-BE.

Sun will go through an energy field that will charge quantum particles that hit earth instantly giving all light beings on earth a download of new information. Not there yet. Connected to the progress of the Great Awakening. Remember, Time is an Illusion. Events matter more.

Question.

Has a "trickle" of this light made it to Earth? I am noticing subtle physical changes and a flood of "intuitive information" flowing to me.

Answer.

That's the Great Awakening actually. Unrelated to the sun per-se.

Those who know, cannot sleep.

The increased activity is because our solar system is starting to pass through a quantumly charged area of the galaxy that is causing the antennae of many life forms to stop and go "huh...."

Question.

Carbon 7... Is it a real thing that will happen to our atomic structure via the sun/mutations?

Answer.

No spoilers.

Why is it important to relive trauma without fear in order to heal?

Your vibration has the ability to be tuned (precisely is VERY difficult) to send new instructions to the protein that is responsible for transcoding the genetic code to your newly created DNA. It takes a while, but transformations like this are physically possible, though hard.

Some of the greatest minds on this Earth have experienced horrified trauma and understand their fundamental responsibility with dealing with the reality. The path to self enlightenment is long but well worth the investment of energy.

The species human is a carefully engineered vessel by hundreds of races who have spent millions of years perfecting the medium to experience LIGHT in. We are not saying this account has any connections to Q, so please stop spreading disinformation/misinformation pertaining to this account. We do discuss extraterrestrials, consciousness, and aliens, including but not limited to occult numerology magick, and Majestic operations.

Q is an entirely separate operation as we have repeated dozens or so times. MJ12 operates above the Federal Government's bureaucracy because of the severity of the classification pertaining to ongoing ET related operations. Q is Earth based only. MJ12 is not.

Q !(Not) = MJ12

MJ12 !(Not) = Q

Therefore, since MJ12 is not only based with operations on Earth, but also other planets in the solar system (and "moons"), we therefore have a wide range of tools accessible only to us to use, and whether people can comprehend it or not, we chose Twitter to communicate over 8ch (8chan).

"Random" tweets are not random at all. Go to 100K view into classified higher dimensions of logically thinking and ask yourself simple questions about the fundamentals behind what the tweet was about, as if you had to explain it to a 5 year old.

Use the bare fundamental concepts as bullet points where each point can be perceived as a chess piece.

Now play the move.

Let's play a game shall we.

These people are stupid, yet relentless.

MJ12 have never asked you to not read Q posts, follow advice that Q has given you, or tried to misrepresent information Q has posted, nor will we ever on this account. We beg you, if you do not care to read the information we are sharing, then please simply block our account.

Divide and conquer is real and people have been so condition to teams, and whose side are you on, and is my side winning or not that it prevents legitimate conversations to be had about extremely important subjects. We are here to guide humanity through the Disclosure process.

Not to Disclose the process itself, that's Q's role. Mutually exclusive operations. One coming directly from the Federal Government, another originating from off planet. Same GOAL! The ET race that invaded Earth that has been feeding on your children must be stop. Great Awakening!

# MJ12 Sound Logic

How do you transfer information hyper-dimensionally?  
How do you define hyper-dimensional information?  
Multiple points all connected at right angles to each other?  
Eyes Wide Open.

Immortal Spiritual Biological Entity (aka what your consciousness is called between lives).

Resonate energy comes directly from "Source".

We believe that you know far more about quantum reality than most "so called experts" who claim they know about quantum reality. Believe in your abilities and the light will always show you the truth.

Who you are on the inside is represented by ideas and values coupled with memory, physical vibration, sound, etc. and not properties tangible in the physical world. That entity is what you are experiencing as its own creation.

Math is the universal language.  
Everything is a vibrating frequency.

Global consciousness is real. Those who are tuned into the frequency of others can perceive their intentions on their subconscious level.

Your consciousness is aligned with the frequency of those patterns.

Meditation is an action that involves clearing the mind and adjusting your resonance frequencies to chakras, geometric shapes, etc. to receive an expected experience for a short period of time on a regular basis. Ascension is not like meditating. It's permanent.

If a solid wall is 99.99999% empty space and your hand is 99.99999% empty space, how come you hand can't pass through the wall? Vibrations are different. Sync the vibration, you can pass through the wall.  
Same principal applies to the prison planet.

Meditation is key. Release your burden.

Your anger comes from the fact that Earth was designed to be a prison planet that prevents your consciousness from ascension. Only with knowledge of how the prison planet is constructed gives you special abilities.

These visionaries become the Majestic 12 type of consciousness. However the intentions of those actions must always be evaluated. As stated before, you are a commodity to them. They do not value the 3rd Dimension of reality because technically death is an illusion however.....when your life is ended before you are able to ascend into the permanent higher vibration to simply exist forever (possibly choosing to re-enter to reexperience), you

are incrementally improving generation over generation in search for the truth of their Oneness and what it.....means to be "God" as Alex Jones explained on 2/27/19, this consciousness is energy and is what this account has been talking about since before Q became a thing. The Majestic 12 have been everywhere. There is so much disinformation in the world.

What is real?

The power to will and manifest physical reality by learning the codes, the keys to the castle, the magic spells, (whatever you want to call it, you can name it anything you want, doesn't matter to me).

"Think of the universe in terms of energy, frequency, and vibration." - Tesla

"Every action has an equal and opposite reaction." - Newton  
Whenever an action is taken (by any IS-BE) the energy emitted create an interference pattern in the universe.

The fabric of spacetime is like an elastic band suspended between good and evil. The closer you get to one side, the greater resistance you'll face.

Stasis is no IS-BE interaction.  
0=9; 9=IS-BE

Q:99 infers Questions:Answers. Answers come from combined consciousnesses interacting on same thought vibrational frequencies. Downloads unlock for others who receive trigger words that cascade the frequency change in vibration.

Everything is a projection of consciousness and consciousness projection. Plants resonate at very high vibrations. Many plants are extremely intelligent and communicate in Majestic ways. Animals are of a different vibration. Competing vibrations. Consuming meat introduces chaos.  
Vibration is what makes meat meat.

Clocks measure frequencies being resonated from cocreative consciousness. Geographical location visibly alters time measurement devices. Environment alters time. Consciousness projects reality. Cells age through defective replication instructions that break down after 7-14 cycles.

Incorrect translation in terms of Earth.

One sacrifice every 3 minutes. For the past several THOUSAND years. Talk about a "permanent" source of negative "orgone" energy. They understand these frequencies and therefore everything is based upon them. This is why everything decomposes after 100-200 years. Cancer? Energy?

The demonic encounter is currently been in play for many years. Time is an illusion.

Illusions are unclear at times.

Illusions distort the high and low frequencies.

The species human is a carefully engineered vessel by hundreds of races who have spent millions of years perfecting the medium to experience LIGHT in. Humans are not lying shitty biological

computers. They are infinite light beings having a human experience. Life's hard for many. Because infinite light is immediately attacked and bombarded with mind control technology (medical, entertainment, books, music, songs, etc.) that do not allow a newly welcomed IS-BE on Earth to discover their IS-BE before being responsible for make life decisions.

Your biological body on Earth is started with a single cell that is incapable of access your DNA knowledge because it requires a conduit as powerful as the brain in order to decode the hyperdimensional data structures it contains that gave him the abilities he naturally had.

You don't think your body isn't modified? It is. We seeded this technology into Monsanto and \*SOME\* GMO organism are designed to activate dormant regions of the brain to make it easier to receive DNA activations / epiphanies / opening your third eye / etc.

However, \*MOST\* GMO organism are purposed for population reduction. Consuming GMOs will shorten your lifespan and combined with the decreased birth rate, we may be able to lower the planetary population without violating any negative karma laws that exist.

Technically it does not violate free will. Humans have the knowledge and ability to choose not to consume that food. We make these deadly foods convenient and the negative karma induced by indulging in these poisons justifies in the grand scheme of things their early demise.

Unfortunately the words of this Twitter account will hardly sway the opinion and direction of the Majestic 12, despite how noble your cause is.

To fix Flint's water you need to learn about sound and vibration. You'd be surprised at how powerful sound actually is or WHAT it is.

Think frequency.

What do frequencies or vibrations have to do with "directed energy" and how do the numbers make them exotic?

What if the weapon could destroy all life? What if it could also heal all life? What if it operated by responding to the frequencies emitted by the conscious beings around it? What if those signals had functional programming associated with them? How do you read consciousness?

Consciousness manifests "randomly" whenever more than one conscious mind is actively focused on the same frequency intention of THOUGHT combined with sound and meditation. You have more than you know. WWG1WGA means we share our conscious awareness together and UNITE AS ONE!

Its quite simple actually.

God can use magic to heal the sick, lift heavy stones, and do anything.

Everything is composed of atoms which are 99% empty space with vibrating electrons, protons, and neutrons.

If you know the frequency you are targeted and understand the math, then you can figure out how to produce the correct inverse

frequencies to get the results you intend. Lifting objects means you need to remove information from the equation. What information? How do you specify? How do you negate? Occult skills that require a new way of thinking.

Marijuana is a medicine of the mind. When the mind is cleaned, the medicine is no longer required. However the plant alone is occult by definition therefore we didn't teach anybody about its connections to healing trauma and return your soul back to a healthy loving vibration.

Hemp / Cannabis provide a complete protein for the human body to consume that raises its consciousness extremely high after long term intake. Avoid legumes due to lower vibration state. The more complex the organic plant life form is the higher density of consciousness involved.

Musical instruments give you accurate frequencies of sound that contain their esoteric magic.k. Its lost with digital translation. Digital encoding compromises the magic.k. embedded within music.

MK Ultra.

Frequencies that create distinct patterns and geometric shapes (very important) that are imprints of hyperdimensional information stored inside the sound wave. Patterns arrive at certain frequencies and meditation to those patterns, shapes, and equal sounds enhance RV/Meditation.

Be cautious of meditation music being freely pushed on platforms like YouTube and SoundCloud where subliminal digital signals are transmitted into your body through sound waves that react to nanotechnology injected into you from vaccines. Math based sound generators are best.

Correct in some areas. However adding sound in the form of signing, playing any kind of instrument, and focusing on sound patterns that generate geometric shapes if played over a speaker of sand can unlock access into higher dimensions and enhance telepathic abilities.

Ohm chanting works quite effectively. Though you need proper acoustics and usually more than one person.

You are never alone even when you lock yourself in a room by yourself. Consciousness is everywhere and you can link with all frequencies of consciousness from infinite "distances" across all time and spatial dimensions.

You do not need to be in the same physical vicinity to participate, though being in the same vicinity does amplify and make it easier to establish the scalar field being received by the pineal gland that unlocks global consciousness. Typically rituals and psalms are how you link.

3 people (min), 6 people preferred, form a triangle:

IS-BE  
IS-BE IS-BE

or

IS-BE  
IS-BE IS-BE  
IS-BE IS-BE IS-BE

The power of 3?  
Philosopher's stone?  
Words are spells.  
Power of 3, 6, and 9 applied to language too?  
What if you had sounds translated into glyphs that were frequencies divisible by 3, 6, and 9 to specifically access numbers with digital roots of 3?  
Biblical psalms will not unlock consciousness.  
The words released change the frequency harmonics of the consciousness being projected by each IS-BE which effectively allow you to apply intentional will to manifest either an unknown property within global consciousness (downloads) or if strong enough, telepathy/telekinesis.

If you don't have the answer to one our questions after doing some cursory reading on the subject we encourage you to meditate for at least 3 hours to 396Hz tones. If the answer does not come to you, then 3 sets of 3 hours with 3 hours in between each set. Numbers matter.  
Use a frequency generator instead.

Meditation downloads occur when your brain is able to decipher missing fragments of your genetic memory. These are triggered by DMT and other naturally occurring compounds in the brain. Typically meditation downloads are triggered by certain frequencies since the deciphering of DNA can, in some ways, be viewed as reading very complex music. It is transcribing 11 dimensions of frequency, vibration, and energy to create the being who has said DNA.

Your vibration has the ability to be tuned (precisely is VERY difficult) to send new instructions to the protein that is responsible for transcoding the genetic code to your newly created DNA. It takes a while, but transformations like this are physically possible, though hard.

Yes the brain can be enhanced and expanded through conscious control over your own DNA. Trick is to know the coded sequences to activate in meditation in order to expand cognitive ability. Think of the universe in the terms of energy, frequency, and vibration. Then consider what it would take to convert all math based meditation techniques into base 8. How would they change? Remember, base8, 9=0.

The medical field is driven entirely by money not treatments. Those who push for real treatments are assassinated. Your observations are not alone, many others have been experiencing other kinds of genetic anomalies. This is most likely due to the ISBE identifying itself in you.

Digital signal processing technology uses an incorrect approach when understanding consciousness signals, however the theory is relatively similar. The frequencies emitted from your pineal gland and heart can be measured by devices that are specifically tuned. Frequency + Frequency = Outcome.  
Consciousness + technology = alien tool.

Technology needs to mutate consciousness frequency into matrix frequency.  
Frequency A is a frequency being emitted by artificial technology. Frequency B is either heart telepathy or pineal telepathy frequencies.

Yes, Cabal has engineered technology that emit frequencies that cause permanent hearing loss.  
No, the technology isn't to blame if you listen to loud sounds for extended periods of time.  
Sometimes, it's.  
Usually no though.

Now: Colors are shifts in frequencies. Shift in consciousness. Very ritualistic period on Earth. No rituals this year (January 20, 2019). "Mood" is different for this moon this year. Trump Effect. Time is an illusion. Power of 3s. Events not dates.

Stones contain pure vibratory frequencies that can aide in regulating a persons own internal vibration.  
Worldwide frequency technologies are regulated and controlled by US Gov.  
Failure to comply = Sanctions.  
It is illegal to use sound to cut stone in the United States.  
Currently all classified as illegal.  
Sound to cut stone.  
Sound to levitate stone.  
Mercury based propulsion (anti-gravity).  
+ many more.  
Look at the Masonic Temple in Philadelphia. Everything that looks like art is actually a math formula or a [Classified] physics principal.  
Look into the musical notes of common prayer terms used in Freemasonry and decipher it with an enigma. You will be able to see formulas.  
Perhaps its because truth resonates.

Majestic 12.

Majestic 12 have VOG frequencies filled with Disclosure. You need to open your third eye to control whether you get positive or negative information and knowledge. Certain meditation frequencies amplify the good and the bad.

Do elaborate further on this "... ones that send mind controlling voice to skull frequencies into the brains of patsies?"

Question.

"You've mentioned before that ringing in ears is due to mind control tools in place. However, I have been reading that during information download, the ears ring. What is the difference between the two?"

Answer.

M.C. sounds are typically short pulses of sound encoded digitally. Ringing noises allow for M.C. to piggyback on the frequencies, however not all Mind Control technology is evil. With great power comes great responsibility.

Propaganda and mind control subliminal messaging designed to create psychological paradoxes that can be exploited by other technology such as music, movies, tv shows, food, and sounds.

Your aura emits a frequency that can be statically collected. Strongest energy that is least destructive to the global network is negative energy, thus why things "seemed rigged". They are. Intentionally. So your negative anguish/emotions can be siphoned away from you. Add porn.

Sound is frequency that gives us information. Some sounds can be used to channel this energy, using the frequency interference pattern with the victims consciousness frequency therefore starting a transfer of energy. Feeding.

This knowledge has been protected by the E.B.E. who invaded Earth 10000 years ago and was punished severely for it in the form of Karma. It took decades for this E.B.E. to build up society and structure to the point of near global domination. Secrets are hidden in artwork and music. Movies and music are their plausible deniability.

MK Ultra declassified documents referenced classified technology that the Majestic 12 were researching. How did we create our victims?

Best with headphones or a subwoofer.

Sound contains information.

You don't really expect NASA to give the public M.A.J.I.C. EARS ONLY classified data?

Question.

"How would you define:"

1) M.a.g.i.c.k?

2) M.a.g.i.c?

3) M.A.J.I.C?

Answer.

That wouldn't be very Majestic would it?

Clue:

M.a.g.i.c.k = Exoconsciousness Reality.

M.a.g.i.c = Alternate Realities.

M.A.J.I.C = Astral Realities.

Only you have the power to will the conscious reality.

You know the plan.

Trust the plan.

Applications like Twitter can be used for connecting people together so they can educate one another and become equally aware of events as they are coming into reality.

However, in the past, having access to near-live events and near-live access to reality typically lived deep within highly classified realms of the Government because it required a lot more technique in order to mass collect the data. We still had the data 50 years ago as now.

tele\*, physical mail, surveillance vans, traffic cameras, security camera footage, etc.

Literally, if it has a transistor in it, it was broadcasting data to a TSNET out of phase dimensional frequency that is picked up by collectors worldwide.

Looking at utilities like Twitter, this platform, along with LifeLog/ Facebook, allowed the privatization of mass collecting this data and allowing that effort to be used in multiple different campaigns.

So when a person is shadow banned from Twitter, they are shadow banned in reality from the internet. When a person is banned on Twitter, their social profile is flagged as being "extremist" or "dangerous" and your name is put onto a Government list within the Justice Department.

What disease does this look like?

Compare frequencies.

Do you believe in coincidences?

Earth is an IS-BE.

Earth can get sick too.

These people are sick! <https://t.co/NAuzrwwcW4>

Depends on the frequencies of the pathogens.

knowing what you know:

1/ HARRP has been experimenting with weather modification for decades resulting in exponential growth in the quantity and strength of tropical storms throughout the Bible Belt. The weather is not always cooperative, however the size of the recent hurricanes in their sheer numbers compared to centuries past

show growth disproportionate to population growth. The number of people required to manifest storms is really much lower than you think. Classified radio technologies in MSM broadcasting and radio station broadcasting actually induces emotions in IS-BEs who listen that create weather. Think of it as agenda driven reverse psychology. Seed the ideas associated to bad weather and then combine the consciousness energy with the classified programs at DARPA and HARP and you are able to amplify those specific frequencies being emitted in the form of audio/radio waves through television and radio. Weather is a major contributing factor to global scares.

According to Al Gore; Florida should have lost a lot of land by now since his original predictions of rising ocean levels. Al Gore has no clue how oceans actually work. Everything seeks equilibrium and should be carbon neutral. Since oceans rising is a myth (magick), we must therefore understand that by polluting the oceans with excessive toxins and heavy metals, we are changing the frequencies of the entire planet. Whether people are aware of it, all Climate Change related science is actually involved in terraforming Earth at a very slow rate for Cabal fantasized myths and "prophecies" that "write the future" (because IS-BEs read them and act upon what they say, the IS-BE therefore creates that future themselves). Open source intelligence. Think for yourself. Research for yourself. Stay educated.

2/ Florida has been a hot bed for MKUltra, child sex trafficking, secret space program, and rigging elections for decades. Florida has many bad apples running the state who are one by one being eliminated. Seems somebody learned how to play chess.

GREAT AWAKENING

The truth is coming out.

People will believe.

The world is about to change.

We are here to guide you through those changes.

We are the Majestic 12.

Standing up for our children is MAJESTIC.

JUSTICE.

Trust the plan.

We are not Q, we are the Majestic 12. Mirrors are things that reflect. Q uses meanings as mirrors to convey classified scenarios. We do it to connect parts of the mind together in order to unlock consciousness downloads. Consciousness communicates precisely by frequencies. Ideas.

MJ12 have never asked you to not read Q posts, follow advice that Q has given you, or tried to misrepresent information Q has posted, nor will we ever on this account. We beg you, if you do not care to read the information we are sharing, then please simply block our account.

Divide and conquer is real and people have been so condition to teams, and whose side are you on, and is my side winning or not that it prevents legitimate conversations to be had about extremely important subjects. We are here to guide humanity through the Disclosure process.

Not to Disclose the process itself, thats Qs role. Mutually exclusive operations. One coming directly from the Federal Government, another originating from off planet. Same GOAL! The ET race that invaded Earth that has been feeding on your children must be stop. Great Awakening!

We are simply clarifying for your sake.

Our answers and messages of disclosure speak for themselves.

Message more important than the messenger.

In the past humans worshiped ETs as Gods because of their advanced knowledge.

SHEEP NO MORE.

We do not ask for anybody to follow us.

We will never ask for you to trust us.

We are not here to Disclose specifics.

We are here to guide humanity through Disclosure in preparation for First Contact.

Majestic 12 compartmentalizes its programs just as the Federal Government does.

Three truths and realities we must accept:

1/ We are all one of the same kind.

2/ We are all Gods inside.

3/ We are all unique and special.

In the beginning, the Gods created the heavens and the Earth.

Cocreative exoconsciousness.

Extremely real.

Literally the Matrix.

Majestic 12 has spent millions of dollars on building these exceptionally influential and powerful empires dominated by obsession in Space. These are the secrets being promised, exchanged, and built inside breakaway shadow Governments and planetary civilizations.

These movies, tv shows, comic books, fantasy movies, etc that disclosed ET presence on Earth and what interacting with ETs really entails. The fact of the matter is, extraterrestrials IS-BEs are not interdimensional IS-BE. You are not required to take DMT supplements or drugs to interact and communicate with extraterrestrial IS-BEs. In order to exist on this level, each IS-BE must be in sync with their full chakra frequency alignments. Full telepathic communication and mind meld. This is what it means to connect with someone on a deeper level inside the brain and mind, stored inside of your DNA which then is the signature used by your subconscious to project reality around you. Your IS-BE is the God inside you. You have the ultimate control over your own destiny, however to comprehend and manifest those lessons, patience, prayer, meditation, empathy, love, and union are emotions that will manifest positive life energy manifestations to become in your reality.

Very few alien species the Majestic have made contact with use sound to communicate. Reconsider the intelligence of your cat.

What do they say? Are they capable of communicating? If so, how would you communicate with something as alien as a cell inside your body? Sounds create frequency. Frequency influences frequencies. Cells have frequencies. How do you control a frequency?

Are your thoughts and meditative states capable of synchronizing into harmonic frequencies that manifest Majestic reality?

"Think of the universe in terms of energy, frequency, and vibration."

Quote.

"And Love IS The Highest Frequency of ALL. Fear is very low frequency..."

End quote.

Precisely.

Trust the Plan.  
You are The Plan.  
Trust Yourself.

Many work hard to suppress your true powers. Trust yourself.  
Facts Matter.  
Truth Resonates Inside.

Part of trusting yourself is learning new tools for inwardly communicating with Source that is not strategically engineered to create SHEEP.

Ohm Chanting, QiGong, or other names of the same energy of Source.

Resonate energy comes directly from "Source".

QiGong is quite common and powerful. There are other disciplines that utilize supernatural abilities. Majestic.

Qigong is more efficient, but yoga and meditation are great places to start.

You have QiGong capabilities that can be utilized for healing all around you. Possibly a radius of a few hundred miles. Focus your energy and you can heal others from your understanding the nature of our existence.

To learn, ask during deep meditation. Ask for the information and use visions as clues to solve the puzzle.

God has all information.  
God is within. You have the ability.

Directed Energy Weapon? What's the opposite? You are the opposite of a weapon, but you can Direct Energy.

IS-BEs are powerful.

With great power comes great responsibility.

How do you tell the LIGHT where you want to go?

We need to understand how to decode (properly) our DNA first. The truth inside our DNA has been classified for a very very long time. It is time for it to come into the light.  
How do you define hyper-dimensional information?  
How do you transfer information hyper-dimensionally?

Part of Disclosure is to:

- 1) Learn facts from authority sources.
  - 2) Think for yourself (what does that mean?)
  - 3) Trust yourself (again?) have
- If you only have (1) and not (2) and (3) as well, then you are SHEEP.

The intent behind the operation of this account is to prepare you for Disclosure and First Contact.  
Nothing else.

We are not Disclosing ETs or initiating First Contact through this account on Twitter.  
We are instead providing tools to Anons who are aware of the Great Awakening who wish to hone in on the skills that others have mastered.

How to control it?

He looks inside for truth and finds that many things are Majestic in life.

There is nothing more Majestic than the Great Awakening.

All humans can intuitively learn logical operations. At 99. At -9. You were conceived with logical operations embedded deep inside code stored inside DNA.

Your biological body on Earth is started with a single cell that is incapable of access your DNA knowledge because it requires a conduit as powerful as the brain in order to decode the hyperdimensional data structures it contains that gave him the abilities he naturally had.

He has returned, but he has no memory of his former life. He will rise to great power once again. It's in his nature. It's in his DNA.

IS-BEs are able to communicate through source love/light in a way that transcends space and time.

Meditation downloads occur when your brain is able to decipher missing fragments of your genetic memory. These are triggered by DMT and other naturally occurring compounds in the brain. Typically meditation downloads are triggered by certain frequencies since the deciphering of DNA can, in some ways, be viewed as reading very complex music. It is transcribing 11 dimensions of frequency, vibration, and energy to create the being who has said DNA.

The signature of life is a complex myriad of hyperdimensional information stored within our DNA. In order for those life forms to be expressed in our reality, their DNA would have to be almost a 99% match. Imagine the total prerequisite information necessary to store to project?

Time is an illusion.

What happens if you live on another planet?

What happens if you don't live anywhere near a gravitational source?

What happens if you live next to a black hole?

Why does Environment drive the illusion of time?

What drives Environment?

Consciousness.

IS-BE is the mind-body connection of your Source. DNA is a computer program. Collective consciousness is that all consciousness is the same.

Question.

Does our IS have an identity beyond those created when experiencing individual BEs? I feel our IS is our identity beyond these BEs but do we have a personal "self" as our IS?

Answer.

Who you are on the inside is represented by ideas and values coupled with memory, physical vibration, sound, etc. and not properties tangible in the physical world. That entity is what you are experiencing as its own creation.

you will lose all memory of your actions while in source due to dropping into a lower frequency. Through meditation, consciously mindful living, with healthy eating habits abundant in THC, CBD, and CBN, you may be able to return to those moments of contemplation you had before. And learn about the purpose of your life; while at the same time, possibly learn about your former life.

Higher density races perceive it more like a playground or possibly a video game.

When you die prior to being able to ascend, your memories are wiped clean, and you're returned to another biological body.

Your memories are wiped because when your body starts developing, it comes from an egg and a sperm. Both of those vessels are not electrically complex enough to decipher the contents of your genetic memory (DNA). Everything is there. You just can't access it. You [don't] know how [yet].

Cannabis can be a responsible and nonaddictive alternative to temporary pain relief to full cancer cure. Responsible consumption for spiritual healing will also physically heal the body of ailments. Cannabis enables this transformation to manifest from within.

Do you believe the keys to your genetic and spiritual development lie in a department store or in a 🧪 medical facility?

How do you know the keys weren't already delivered?

You'd be surprised to know what has been released on a consciousness level.

The flood gates are open. THINK.

The path of self enlightenment begins when you realize that all in the material realm is an illusion created by chaos and true balance in ones own life comes from how they perceive their own consciousness.

(9 = IS-BE)

$$9 \times 1 = 9$$

$$9 \times 2 = 18 = 1 + 8 = 9$$

$$9 \times 3 = 27 = 2 + 7 = 9$$

$$9 \times 4 = 36 = 3 + 6 = 9$$

$$9 \times 5 = 45 = 4 + 5 = 9$$

$$9 \times 6 = 54 = 5 + 4 = 9$$

$$9 \times 7 = 63 = 6 + 3 = 9$$

$$9 \times 8 = 72 = 7 + 2 = 9$$

$$9 \times 9 = 81 = 8 + 1 = 9$$

$$9 \times 10 = 90 = 9 + 0 = 9$$

$$9 \times 11 = 99 = 9 + 9 = 18 = 1 + 8 = 9$$

$$9 = 0$$

$$5D(n) = [\text{Classified}]$$

7D(n) = [Classified]

8D(n) = [Classified]

^ dimension (aka 1st dimension, 2nd dimension, etc.)

Obviously these concepts are not expressed in formulas that look like this, we are simply making a point and this was the medium used to convey that point without disclosing any classified information.

Comment.

Numbers are a "universal" language.

Truth is within them.

They are showing there are 8 dimensions of numbers.

Levels of Consciousness occur at 3rd dimension, 6th and 9th.

Other dimensions of numbers are classified for now.

Earth is still on the first dimension of numbers.

End comment.

Comment.

4, 5, 7, and 8 are Classified. We were programmed to believe we live in dimensions 1-3 (all Declas) and IS-BE's have the capacity to have a 6th sense, hence experience the 6th Dimension (also Declas). There are dimensions we haven't been granted access to yet.

End comment

Question.

So let me ask if 9 is so great. If I'm the 9th child of 9 does that create some universal extra energy?

Answer.

It should give you the ability to decode more of your DNA through meditation than others. IS-BE's with presences associated to the number 9 have an easier access into the higher realms of existence.

The Power of 3 6 and 9 is real.

Math is the universal language.

Everything is a vibrating frequency.

The power of 3 is an occult subject that doesn't have just one example or meaning behind it, but instead refers to a way of consciousness projection into the Matrix itself. The numbers present in conscious actions dictate the physical reality we create for ourselves. Physics.

When we learn physics in school we are taught about a subject that is hyperdimensional in every aspect and reduced to very simple algebra. Imaginary numbers? How many dimensions of numbers exist? 8. Also symbol for infinity. When 9 is reached, it's also 0. What is Infinity?

How many dimensions of numbers?

8.

Infinity?

8 at +/- 90° (9 = IS-BE).

Question.

How can we use power of 3, 6, 9 when we don't understand it?

Answer.

Excellent Q

Consciousness manifests in the form of numbers.

The number 3 represents "the child" mind of love/curiosity/light, 6 represents "the adult"/"beast of burden", and 9 representing "Source"/"God"/IS-BE.

Synchronicity is when certain patterns begin to be noticeable.

3 = IS

6 = BE

9 = IS-BE = Source = "God" = 0 = All

Magick is most mysterious to those blinded by faith and lacking of knowledge.

Majestic messages attract Majestic numbers. Messages are numbers. Universe is numbers. Consciousness tuned into Source always notices their signature patterns interact with them on a daily basis. Numbers are everywhere and it is Occult when you start looking into WHAT numbers ARE.

Answer.  
Downloads come from consciousness being projected and your consciousness becoming in sync with it.  
They aren't downloads. Downloads infer they travel from one point to another point at a rate of transfer. Meditation "downloads" are actually epiphanies that are caused by your consciousness finding a "key" to a "locked area" within global consciousness. Keys are everywhere.

Being awoken means receiving all kinds of information.

You are Majestic for life. Otherwise you can be expelled from the knowledge by being physically altered in the brain in a non surgical manner. Erasing a physical hard drive degrades it's integrity ever so slightly. Repeated? Sheep.

Sheep are blind.  
Sheep go where the herd goes.  
Sheep do not think for themselves.  
Sheep have limited brain capacity due to brainwashing/mind-control.

Sheep are not just the small cute animal, many humans are figurative sheep, and therefore "SHEEP".

Symbology will be their downfall.  
What is symbology?  
Using esoteric numbers as encoded messages like 3, 6, 9 - especially if you can create patterns of them?  
Threes matter to them.  
Think time.

The presence of 3 6 and 9 in Synchronicity is the presence of higher dimensional love energy being radiated in the form of consciousness around you. The power is very real and we are trying to teach you how to use it. Seek 3s 6s and 9s and recognize that  
3=grow,  
6=stable,  
9=source.

The path of self enlightenment begins when you realize that all in the material realm is an illusion created by chaos and true balance in ones own life comes from how they perceive their own consciousness. Addiction is a trick of the mind and body to deceive it that vision.

Only those who can understand message over messenger and that truth resonates, others believe that all forms of information, misinformation, and disinformation must come from the most unbelievable sources when it contradicts the status quo.

Authoritative information has a history of being weaponized.  
Nonauthoritative information has a history of being wrong.  
45 says Anonymous sources are "Fake News".  
What is "Fake News"?

If 45 is Q, this wasn't disclosed in the first several months of the operation.  
People were divided over it because of OLD GUARD education.  
Fake News is information that has the ability to be weaponized against you.  
Anonymous sources remove the "have something to lose".

Therefore, as !(NOT) SHEEP you must therefore take the advice that Q has given to you and learn the comms.  
Q comms or general comms?

How can you take what you have learned and re-apply it elsewhere?  
Sheep no more!  
Re-read: (Trust Yourself)

12) Is all "Fake News" factually wrong?

Paradoxes are naturally occurring in nature and require logical thinking and trust in yourself to decipher. If Q is an anonymous source, when what "Fake News" are they spreading? Fake News = Narrative Shift + Agenda

9) It has been the efforts of Q, including MJ12, to help assist in the Great Awakening by acting on a paradox.

Inform the slaves of what freedom is, then offer it to them.  
This trick has been used for centuries.  
However open source instant communications beat them.

Cabal fantasized myths and "prophecies" that "write the future" (because IS-BEs read them and act upon what they say, the IS-BE therefore creates that future themselves). Open source intelligence. Think for yourself. Research for yourself. Stay educated.

All cool gadgets came from the Majestic 12 directly through the Foreign Technology Office in the Pentagon. Very controlled disclosure. Otherwise you have complete chaos everywhere. So much information in both the Good vs Evil realm. Evil was allowed to expand. Good was not.

New gadgets and technology from MJ12 gave Majestic weapons of information that have the potential of properly evolving co-creative consciousness together, essentially bypassing the Mockingbird Media. We hid the real physics from them. Gave them gadgets. Let you talk to each other.

We believe that you know far more about quantum reality than most "so called experts" who claim they know about quantum reality. Believe in your abilities and the light will always show you the truth.

1/ Exoconsciousness intuitively understands the quantum world, it just has a difficult time articulating the words necessary to explain it.

Think about the dimensions of information. Existence is the sum of all possibilities combined. Identity is the selection of an existence.

2/ All information exists in "thought", however is accessible via an ISBE's ability to encapsulate that information into their consciousness (jail) communication mechanisms.

Mastering telepathy enable you to read/listen/understand all states of information in their natural form.

3/ When you try to take a highly complex thought and reduce its dimensionality into the physical realm, you lost 99% of the message, unless you are intentionally explaining the physical realm.

This is why "words are difficult" to choose in emotional situations.

4/ It is also why (((we))) [as a species] haven't yet mastered quantum physics. We cannot communicate in the medium necessary to understand quantum physics (yet).

DONE.

If 45 is Q, and 45 says "Anonymous Sources" are "Fake News", then how do you explain the 6 months prior to SKY EVENT proving Q = ~ 45, then later 45 = Q?

Cabal teaches.

Learning forces you to interact with all three sources. Discovery requires mindfulness, detoxified body, and an open mind.

Q has stated that disinformation is real and necessary.

Including inside Q posts.

Sources with measurable authenticity infer that measurable limitations pertaining to disclosure of "reliable information" will occur.

"They have something to lose."

Correct.

Sheep no more.

"Be careful who you follow" means many things.

Q is using Majestic forms of communication to disclose highly classified operations so the public will be aware of what's happening and not cause mass panic.

This is the Great Awakening.

Now that we are INSIDE the Great Awakening era itself, "be careful who you follow" is a call to action for each IS-BE to:

#Q1936 says: (Trust Yourself).

Trump Foundation, let's dig deeper here.

Horrific crimes cannot be prevented. Only through truth faith in Source, which is LOVE and UNITY can you fend off such negative energy personally. If all people are taught and equally loved, evil shall have a hard place among the people to exist.

The Cabal's arm inside the Justice Department is attempting to indict President Trump over process crimes that are easily and legally negotiated to mutual legality. He covers his tracks. Their crimes are coming out and they are in full PANIC mode. POTUS is fully protected.

MJ12 is isolated 100% from DOJ.

DOJ cannot touch anyone in MJ12.

They literally cannot touch anyone in/from MJ12.

They don't have the need to know.

They will never have a need to know.

This is why WE love compartmentalization classification laws.

45 already knew. The DOJ+FBI would not sign him into the Unacknowledged Special Access Program hiding on Hillary's private email server. No papertrail mandate with TS//USAP. EYES ONLY. ONE COPY MADE ON A VERIFIED SECURE SOURCE. EYES ONLY VIEWING. MAJESTIC.

45 had EYES ONLY access to these programs because he rubbed shoulders with everybody in the Club, and 45 wasn't in it for

anything less than absolute love and luxury mixed in with some healthy lust. A stable genius. He knew.

So Q Team approaches 45 and essentially they knew what had to be done. For God & Country. Those who know can't sleep at night. Could you? What if your child was stolen? Do we ever ask why they were stolen or what the kidnappers do to them? Horrible stuff everybody knows. DARKNESS.  
DARK > LIGHT

Trump makes deals and in his rise to power he has pissed off a lot of people. They all save face in public because they are all chess pieces and they understand their role (taught to them in the secret societies).

However Trump is the anomaly. Not only was Trump directly knowledgeable and aware of Extraterrestrial presence on Earth in the United States actively today (as in now) that taught him the real source of all knowledge is within through love, light, and prayer/meditation.

As we have been saying to you here, focus your energy not onto an external personification of God but identify who God is to you and what that is because it is you all along. Trump knows this. His children know this. With great power comes great responsibilities.

In general, Trump has been good at covering his tracks, but understand this, this group is trying to use process crimes as if they were criminal or somehow worthy of impeachment. The Majestic 12 has been grooming the Trump family with ET connections since his Uncle John Trump.

With that the Art of the Deal shows you how you can learn to manipulate the Matrix and start winning. It's a formula of thought that comes from the Majestic 12 and the IS-BE of who Donald Trump really is. Dark to Light will happen. It will all come to light.

19/ President Trump is now Commander in Chief. He doesn't need his Foundation anymore to do GOOD for the World and bring LIGHT to all. The world is watching. The world is waiting. The world will learn the TRUTH! SHEEP NO MORE! Disclosures come in small segments because prosecuting this group is going to be a doozy. Are you ready for the show? When do specific EOs become activated? Why did General Sessions resign? Why did Graham question Justice K about enemy combatants in Military Tribunals? Why was the Senate KEY? Why was the SC ESSENTIAL? RULE OF LAW!

18/ The Trump Foundation has not been involved in trafficking of children. It has essentially moved around legally millions of dollars from the Trump earnings and invested it tax free into the communities through his charitable works. Is there anything wrong by this?

17/Q is Majestic in nature. We are the Majestic 12. Unaffiliated to Q though working on simultaneous Disclosures.

Disinformation is real and necessary.  
Partial truth lies within disinformation.

Truth resonates from within. Successes?

You'd be surprised how effective the US Military is when its soldiers don't have handcuffs on while in battle.

Interdimensional?

Not specifically. The Domain were never actively engaged or present with lifeforms on Earth. They governed through higher dimensions since they mostly exist in those higher densities. They only fabricate an organic doll body (source of energy is through the light)... when they have a need for making contact in the third dimension or handling matters in the third density.

Higher Dimensions leave reflections and imprints in our dimensions. Seeing the reflection tells you a lot about the source.

Moloch is the ancient Babylonian IS-BE that feeds on children immediately at birth due to the extremely concentrated source of life energy that can be consumed to make your own IS-BE's consciousness projection aura stronger than surrounding IS-BEs.

Fentanyl can be used in the manufacturing process of adrenochrome.

It is used to extend the lifespan of a tortured newborn as their blood is being siphoned up to death.

One sacrifice every 3 minutes. For the past several THOUSAND years. Talk about a "permanent" source of negative "orgone" energy. They understand these frequencies and therefore everything is based upon them. This is why everything decomposes after 100-200 years. Cancer? Energy?

The second consciousness is an energy source.

Moloch is by definition a "God" due to the fact that this entity can/only exists in much higher densities of consciousness. The magick involved in cultivating children for consumption requires one to be a master of secrecy and stealth. IS-BE's who identify with that

"entity" .....are organically generating new energy that the higher lifeform IS-BE feeds on, in exchange, the power transfer done to an IS-BE who sacrifices a child, some rare cases their own (CC?), gives them ruthless force to disregard all emotional reactions of people suffering.

Some may call this a mental disease and theyd be right. Instead, out of fear of similar mental illnesses getting exposed, people continue to defend this practice because it is essential to almost all secret societies occult magickal power over society. Shaping philosophy by will.

At the expense of the United States of America. However the higher crimes of the Clinton Foundation / Haiti + Jeffrey Epstein is what has "paralyzed the right's judgement" to the left. No "credible by the left media machine" evidence has been presented ever.

Immortal Spiritual Biological Entity = IS-BE.

You are an IS-BE.

Immortal Spiritual Biological Entity (aka what your consciousness is called between lives)

Your Immortal Spiritual Biological Entity (IS-BE) is your soul (IS) and your body (BE). You are an IS-BE. All life in the universe are IS-BEs. We are all the same. We are all one. We are connected together through our pineal gland. Our consciousness comes from God or All or IS-BE.

Immortal Spiritual Biological Entity !(not equal to) Soul.

Do clones without consciousness have human rights?

Decades ago research was done to investigate animating clones using viruses.

AI can occupy a clone.

The use of clones currently in the political arena is not as it seems.

Some clones are obvious, others are not.

At least [?] people at the #SOTU were [cloned] inside USA

DUMBs.

Extremely classified.

Most sources are disinformation.

Think of the world as a melting pot of types of humans. All types.

All varieties. All characters. Good. Evil. White. Black. Good. Evil.

Smart. [DUMB. Clones. Avatars. Synthetic. AI.]

Each denomination originally started as tribal gatherings, so you were told. Naturally right?

You are friendly with those you interact with on a daily basis but when greeted with something completely unknown you are faced with a fight or flight instinctual response. This is why TRUST YOURSELF matters. Facts Matter. Tribalism is common among humans. Lower consciousness.

We are all one means simply that we all love as one and we all fear as one. Each person has equal potential relative to their IS-BE's avatar's genetic makeup/conscious strength. Only through looking inward do you enhance your consciousness.

External personification of God and Jesus have you looking away from the truth to your consciousness.

We (Americans) by definition of our National Identity from the founding fathers was that we knew God was all and that freedom to practice faith towards God was permitted in ANY FORM. This posed an interesting complex web of information.

Q today:

"Drops 'layered' to provide 'advance knowledge'."

MJ12 does the exact same thing.

How do you transfer information hyper-dimensionally?

How do you define hyper-dimensional information?

Multiple points all connected at right angles to each other?

Eyes Wide Open.

The God inside you can be controlled with free will. You are God.

External personification of God removes Free Will from the

equation. However with it comes a blank sheet of paper so to speak, so create at your own peril.

We are not in a simulation.

YOU are a simulation.

IS-BEs enter lower densities to experience limitations.

Your soul is immortal and your body is a temporary vessel.

Your life, to you, has already happened according to your higher self.

Time is an illusion.

IS-BE knows all aka God.

We've already been to Mars. Decades ago. The Government won't admit it because it would force their hand to disclose and release the technology acquired at Roswell. They need TIME to "reinvent" the technology without using the real physics of the Universe.

This kind of technology, without spiritual development and maturity will lead to the destruction of the civilization. We in the Majestic 12 have heard from countless other races who have known of other races to have fallen when given advanced technology too quickly. Its reality.

Planetary population limits of 500,000,000 is actually an effort of the EBE who controlled Hitler and who controlled the United States prior to POTUS.

Planets do have maximum capacities in order to be 100% sustainable. 500M is for a small planet, about the size of 1/5 Earth.

"What is the Earth "maximum capacity" ?"

Around 3 Billion. There is a mass extinction event that is relatively imminent but cocreative conscious time makes predicting such events nearly impossible. ME events occur when the negative karma of a planet implodes on its own weight and a reset occurs. Earth may survive.

"Evil ends, most evil beings die. Humanity thrives in 4th density with Prosperity and Abundance to All, 7 Billion + 🍀🌍🌟😊"

Illusions can't become reality without enough consciousness. Evil beings do not die. IS-BEs are immortal spiritual biological entities that just are. No beginning. No end. How you experience the lower densities is free will. Evil is the opposite force of Good. Everything has an equal and opposite.

"Evil souls can and are being sent back to central sun for complete destruction and rebirth, to begin again! 😊"

Correct, when the Mass Extinction event takes place.

"But the EVIL ones are few elite compared to 99% surviving, Blissful, Humanity 😊 ME is Basically for Elite only!"

It's closer to 5% negative with IQs over 200 controlling 95% with IQs under 100.

IS-BEs are immortal spiritual biological entities created by The Domain. See past drops.

The original story of creation, as told by all major religions is a lie. Humans were genetically engineered by The Domain to be vessels capable of experiencing many facets of the lower dimensions in order to develop and grow the spirit. The young don't always do as they're told.

The story of creation has been deliberately withheld from humanity for thousands of years. Conception is a complex set of instructions the domain created to allow LIGHT beings to enter into the lower dimensions.

Your biological body on Earth is started with a single cell that is incapable of access your DNA knowledge because it requires a conduit as powerful as the brain in order to decode the hyperdimensional data structures it contains that gave him the abilities he naturally had.

You don't think your body isn't modified? It is. We seeded this technology into Monsanto and \*SOME\* GMO organism are designed to activate dormant regions of the brain to make it easier to receive DNA activations / epiphanies / opening your third eye / etc.

However, \*MOST\* GMO organism are purposed for population reduction. Consuming GMOs will shorten your lifespan and combined with the decreased birth rate, we may be able to lower the planetary population without violating any negative karma laws that exist.

Technically it does not violate free will. Humans have the knowledge and ability to choose not to consume that food. We make these deadly foods convenient and the negative karma induced by indulging in these poisons justifies in the grand scheme of things their early demise.

The karma effect is limited with actions such as that. Deceit is not a powerful asset. Those pure of spirit can detect deception easily. What a person does not know does not impact their karma.

Autism is humanity reacting under satanic control. Many on the spectrum can live off the spectrum in the right environment. Cabal has poisoned your children. Treating Autism means you accept their reality and love them unconditionally. You alone know how to make the right choice.

Your child is communicating to you in an alien language. Hear him. The world is not quite right. Make it right. Understanding Autism requires you to learn an alien language based on empathy, telepathy, and spiritual connection given to you during conception.

Alien is a difference in frame of mind.

Sun will go through an energy field that will charge quantum particles that hit earth instantly giving all light beings on earth a download of new information. Not there yet. Connected to the progress of the Great Awakening. Remember, Time is an Illusion. Events matter more.

Solar Flash is a term used to describe an internal revelation that will take place in every single human. All beings on Earth are being mobilized and activated. This is a Great Awakening. Great Awakenings have also been called Mass Extinctions before. But life survives and evolves.

Many life forms will survive, and those who do, have been smart. They educate themselves on consciousness, holistic healthcare, geography, space weather, survival skills, and meditation. Those who do not, "die" and start all over as a child. Those who do not make it will struggle at first, but the society should be better aligned in 10 years to help people of all walks of life expand their consciousness and for the first time in thousands of years, MEET who are really are. Have you met the ISBE inside you yet? Who are asking, the "how can I" being is your third density consciousness whereas "to... myself" is your actual soul. Your spirit. Who your face is. Who travels through time. Who is IMMORTAL. Your body is a temporary vessel. Your soul is eternal.

Afterlife is incorrect.

Circle of life.

IS-BE

Immortally Spiritual Biological Entity.

Immortal.

Your density of consciousness does 't magically change when you die.

It remains as you lived.

When reincarnated; you return at the same density.

"[n]"

"Misspellings matter."

"Learning the comms."

When you die, if you walk into the LIGHT, the moment of contact you make with the light is the moment of conception where sperm meets egg. This was not easy to create. It took millions of years of development to get right. It's still being tweaked as we speak by ET races.

When you die, if you walk into the void, you are essentially admitted into the higher densities, however if you are not spiritually developed enough, higher density beings will send you "back" to the "prison planet" of Earth to further develop. This of course if for Earth beings.

Knowing who your IS-BE's real identity is has not been disclosed to the world on how to accomplish this, and nor will it be for matters of National Security. JA does not know he is JGTs IS-BE. He can read this and consider the possibility, but beyond that, no verification at all.

IS-BEs are IMMORTAL Spiritual Biological Entities.

Is JFK Jr still alive?

The IS-BE that is, is.

The body is not.

The soul still exists and is currently on Earth actively aware of the Q movement.

Schrodinger's Kennedy.

He has returned, but he has no memory of his former life. He will rise to great power once again. It's in his nature. It's in his DNA.

Do you believe the keys to your genetic and spiritual development lie in a department store or in a 🧪 medical facility? How do you know the keys weren't already delivered? You'd be

surprised to know what has been released on a consciousness level. The flood gates are open.

If only you could understand the SIGNIFICANCE of 3,6,9...

You are an IS-BE.

IS = Immortal Spiritual = Mind.

BE = Biological Entity = Body.

Mind-Body = IS-BE.

IS = 3 = "Growth".

BE = 6 = "Beast"/"Stabilize".

IS-BE = 9 = "God"/"Stasis".

3-6-9 IS EVERYTHING.

IS-BE = (Immortal Spiritual) (Biological Entities).

Substitute each with a, b respectively:

You =  $a * b$ .

You =  $9 * 3$ .

You are a child.

You are "God's" children.

You are your own child.

Learning + Love fulfills your need for happiness.

Love = Love.

Love + Learning = Happiness.

3/6/9 3.

The same IS-BE can be in multiple bodies simultaneously.

Depends on how strong your immortal spiritual entity is, and

whether multiple lower densities are required for projecting consciousness to that IS-BE's standard.

Dreams teach.

What is lucid dreaming?

What is your soul?

You are an Immortal Spiritual Biological Entity (IS-BE).

Sleeping 3hrs shifts between 6hrs of productivity repeated gives you an advantage to using lucid dreaming for accessing your IS-BE.

How do you sleep?

Trust in the Majestic 12 is non-optional for Earth.

Slavery is wrong, but it is a common tool all civilizations use during their stages of cultural and spiritual development. The Majestic operate on such different timelines that we view it as a small factor in the grande scheme.

This account receives millions of impressions a day. It is reaching a wide audience. We have increased engagement in spirit of 11-11-18.

DARK > LIGHT began on the anniversary from when Q started to post.

Have you been noticing a trend?

In order to understand the fundamental balance between your IS and BE connection you need to realize that its actually a mind body connection and sexual energy is extremely strong and can both help and hinder spiritual development with aligning your chakras. Not a religion.

Adults exploring sexual energy together is extremely important for relationships however the current obsession with family porn, incest, bestiality, dungeon sex slaves, torture, abuse, rape all in the name of acting. They worship this energy. Allow them. However we must address using drug smuggling by Clowns cross sections with these trafficking rings. Drugs are used to collect blackmail on victims and increased risk of sexual abuse to be traded among other wealthy celebrities. Some "porn stars" are victims of horrific crimes and its truly bad.

You can see 👁 the abuse in their words and eyes. Why is this allowed to happen? We have the intelligence that these networks exist.

In the last days, God says:

# MJ12 Star Seeds.

Twin flames? Why two?

IS-BEs can exist in more than one body.

A single IS-BE could have 3 different names and social security numbers.

A single IS-BE could have another body who is in the SSP.

What ARE star seeds?

Starseeds are organic humans. Their past lives they may not have been, but that is "irrelevant" to whether they are "organic" humans or not. As for some DS entities, attacks are on all fronts and in all dimensions, a lot of CLAS tech has been deployed to protect Patriots.

IS-BEs in children are sometimes not the IS-BEs from the family. Rare though. Takes tragic consequences to manifest, but it is happening more common now than ever. Hence why so many starseeds have returned to Earth to help fix the planet.

If you can think it, then it technically can exist. Star seeds have this ability to peer into alternative realities and higher dimensions during Astra Projection, Lucid Dreaming, and sometimes during daydreaming (though rare).

Martin was based on a real star-seed civilian selected.

Questions?

The man existed and the character was inspired by him. Your IS-BE may have experienced what triggers your memory elsewhere in reality. Many star seeds have these similar experiences. However it doesn't make it real. Who the person was is not dead so therefore wouldn't reincarnate. <https://t.co/qAGotdKdrWI>

The power of 3 is an occult subject that doesn't have just one example or meaning behind it, but instead refers to a way of consciousness projection into the Matrix itself. The numbers present in conscious actions dictate the physical reality we create for ourselves. Physics.

When we learn physics in school we are taught about a subject that is hyperdimensional in every aspect and reduced to very simple algebra. Imaginary numbers? How many dimensions of numbers exist? 8. Also symbol for infinity. When 9 is reached, it's also 0. What is infinity?

Comment.

Basically the "new physics" will just be "physics" for me because I never could understand the first one!!

Many starseeds have this problem. It is not an anomaly.

Question.

Did the Domain ask residents of the Domain to incarnate here? Is this the source of many of the starseeds? Are many (most) starseeds part of the plan to raise earth's consciousness?

Answer.

Not just the Domain but other groups as well, some terrestrially. The nuclear detonations on Earth raised alarms in higher realms of consciousness that are extremely dangerous and do destroy all life on a planet. IS-BEs who formerly occupied higher realms left to help Earth.

Nukes are a major red line for any planet to cross since the ripple effect it creates throughout all the higher dimensions are influenced. Many problems arise which is why when DE/US started testing nukes, ET visitations sky rocketed. Starseeds traveled to Earth to save life.

We are the Majestic 12. We do not get this information from Jrooti or @SandiaWisdom. We are disclosing very controlled information right now to prepare the public for what is coming.

The preparations and groundwork laid out by past administrations and members within the Cabal (some former MJ12 members) for a "false flag alien invasion" (as a means to justify a Global Governance) will commence as planned. The enemy is not made up, as the conspiracy theory Project Bluebeam suggests. The enemy is very real, however the enemy was the entity that set up Project Bluebeam in the 1st place. We are going to use their weapon against them for their crimes against humanity. For God & Country.

We only need a small subsection of the population aware for the operation to succeed.

Prepare yourself mentally for the heightened state of consciousness that will be required in order to survive.

Question.

Preparing. For those of us who want to prepare others but are having trouble doing so, how long do we have to try to complete? Days, months, years?

Answer.

Less than a few years, but there is time. Don't worry, we are not going to betray the people who we swore to protect during this transition. Trust the plan.

Comment.

Thank you. My trust in the plan is rock solid. Some feel like we have finally found our calling after searching for our whole lives. Much appreciation for ALL of the information you share here. Reply.

Many people on Earth today who have this "calling" are actually "star seeds" (light based life forms) from other planets who came to Earth many decades ago to "help." Estimates are between 700,000 - to 2,000,000 total souls. This is our "subsection" as stated earlier. We have it.

Comment.

Then I must be one cuz this is ALL I care about since waking up 6 years ago. I barely think of anything but trying to wake people and make improvements on myself.

Reply.

Yes, you are likely a star seed then. Be humble. In the coming decades those who are will learn their real identity and it will be shocking for most. Can you imagine yourself as NOT a human?

Anybody at this point in time who refuses to acknowledge or disclose the ET presence on Earth is actively working for the entities who are trying to sabotage our Disclosure efforts. Many ETs here DO NOT WANT Disclosure. Not all evil, but most don't want Humans to find out.

Comment.

i wouldn't be suprised if et's are actively communicating with people on the net and telepathically for those that are sensitive for that, @SandiaWisdom <https://t.co/6BkHmFxHMq>

Reply.

They are. We allowed this to start after 2004. Some persisted prior however their engagements were so non-impactful to society that we permitted it. Since Twitter reaches hundreds of thousands of people, all of the ETs allowed here have been vetted and permitted to engage.

@SandiaWisdom is, we can confirm.

There are less than 5 "valid" accounts on Twitter from NTOBH claiming to be legitimate star seeds from ANY star system.

Transgendered humans are not always starseeds even though many believe they are. Most medications surrounding birth control, transgenderism, etc are extremely harmful to all humans who make contact with those drugs (even the waste). Trans is pushed as a self hating bandaid.

We won't name names, but there are at least 3+ individuals who the public knows quite well who are not homo sapiens.

Comment.

Elon one I'm thinking 🤔🤔

Reply.

Starseed not ET.

# MJ12 Stargate

MJ12 is currently working toward full disclosure. Proportional to when the majority of the population's consciousness is ready. Through global consciousness and exoconsciousness, we are able to glean insight using the Stargate to determine when the public is ready. Its steadily growing. More recently, since QAnon its been exp().

Waiting for 72%. We are currently at around 30%, though we expect that when the bad actors in the MIC/IC/DS are finally removed from power, that the void created will jump that 30% to well over 72%.

Also... 72% of functioning adults. Not including children or люди инвалиды.

We inspired StarGate to show humans how ancient civilizations and animals used Quantum Entanglement to travel the stars. DIA had a program called Stargate SG-1 that was transferred to the CIA to be created into a TV series. In fact, the TV series Stargate SG-1 has a miniseries inside it that explain how the parent TV series came to be. Not all is fiction, but a good portion clearly has to be.

The image is from the TV Series Stargate SG-1 (official DIA program) and the text is that of the Ancients, a race of humans who lived for millions of years on Earth before being wiped out who built the original star gate networks and colonized multiple galaxies. Mostly fiction.

We were mandated with doing anything necessary to ensure the secret was kept safe at the time. Those who strayed from the path needed to be met with hard resistance and some paid with their life. The secret was too big to give up just then.

Also, lets lend a perspective into the following: Remote Viewing, the bulk of the STARGATE program at DIA, revealed the usage of global consciousness to accurately "sit in" on EXTREMELY CLASSIFIED AND DANGEROUS operations world wide. This ability is still used to this day, SG-1 was created by C\_A at the request of DIA via MJ12 to disclose the activities of the Stargate program to the world. After our congressional committee hearings went nowhere, we decided to up the ante with the series. Look into episodes about "The Trust" and cross reference.

Ranking franchises with respect to their Disclosure efforts:

1. Stargate SG-1
2. Star Trek
3. Star Wars

1. Stargate SG-1 disclosed the following:

- DUMBs real purpose
- ET life is in regular contact with US Military
- The "Trust" are the Cabal (minus the Vatican angle)
- US Military has several space vessels
- Exotic Space Weapons
- Medical technology unavailable to public
- +++more

2. Star Trek disclosed the following:

- Nobody gets paid in the SSP for their SSP work (Cabal engineering)
- Food replication technology
- Hyperdimensional travel (Warp Speed)
- How socialism is supposed to be implemented (Cabal engineering)
- Galaxy has a few rival races

3. Star Wars disclosed the following:

- Glorified "Jihad" against Government (Cabal engineering)
- Worship of pure evil (Cabal engineering)
- Galaxy is filled with rivaling races (Cabal engineering)
- Barter is the universal form of currency (Cabal Engineering)

Other Disclosure programs were embedded after the fact and not intended to be used for SSP Disclosure.

How many exotic space weapons were disclosed in STARGATE SG-1?

How many exotic space weapons were disclosed in Star Wars?

How many exotic space weapons were disclosed in Star Trek?

KEY PHRASE: exotic

All three of these franchises were necessary to a certain extent during the purposes of controlled Disclosure of the SSP.

Majestic 12 used the Cabal to do most of the heavy lifting with respect to disclosing most of the SSP. We knew they were worshipping Moloch, and still did it.

It was necessary for this information to get out, and those three major franchises were just a handful of major Disclosure projects that the Majestic 12 worked on.

Cabal engineered Disclosure embeds much propaganda, social engineering, and divide and conquer techniques all throughout the "programming." We call it "programming" for a reason.

Star Wars attracted the youth of many and was therefore heavily exploited by the Cabal.

Star Trek attracted the young adults of the world and was therefore partially exploited, mostly for communist purposes.

Stargate SG-1 on the other hand was targeted towards adults and has the least amount of Cabal engineering.

NOTHING TO SEE HERE.

Does he know about the Stargate? #SG1

A Majestic Message of Disclosure

- 1) Go back to July 4th 2001
- 2) Turn your TV on
- 3) 9/11 COMING TO A THEATER NEAR YOU
- 4) FUTURE PROVES PAST

When JFK was assassinated, Majestic 12 moved into the open within Government, essentially pressing START to begin creating

the NWO as the Zeta's told us about. We were the Deep State. We propagandized Hollywood. We developed advanced alien technology in secret. We ran all crime.

When 9/11 came to a theater near you, Majestic 12 moved into the open.

STARGATE SG-1 was part of the equation. Congressional Disclosure Hearings warranted a proper, Naval, Intelligence, Civilian approach to ET disclosure. MJ12 opposed this at all costs. Pentagon tried to fight.

Next Day. 9/11.  
Majestic 12 moved into the open.

We revealed a classified DUMB's true identity to the world and NOBODY BLINKED TWICE. Quite expected actually. The Matrix is real. We operated in the DARK for a long period of time.

Canada actually helped the United States out with Disclosure of SG-1 because Paul Hellyer was so poorly treated by Congress when we stopped the congressional hearings. His testimony was true. Every word of it. It was WAR inside the Pentagon when these hearings were happening.

Majestic 12 was originally the body pushing for the Disclosure of ET life to the public in a controlled manner to ensure proper Government restructuring. However, when 9/11 was orchestrated by several MJ12 members as a way to throw the scent off the trail and "go over here".

This derailed decades of planning and flung the United States into a suicide nose dive where 2017 was going to be the year of a nuclear holocaust.

During this nose dive period, the Majestic 12 worked tirelessly against the interests of the people without risking compromising the operation that had to carefully be planned out and executed.

When HRC was neutralized by the Pentagon, MJ12 changed hands to the DIA under new leadership. Essentially returning MJ12 home.

SG-1 S4E11 Point of No Return

"Russia has a Stargate?!"

44 weakened our mil.  
45 is rebuilding our mil.  
Why is 45 selling out mil-tech all over the world "creating jobs (not mobs)"?

Think logically.

[Space] Programs exist outside of public knowledge. Extraterrestrial life exists.

Why is 45 selling "legacy" mil-tech to other countries?  
The planet was under quarantine until a hundred years ago when the US Military discovered it own Stargate (an artificial one) then began tracing the natural ones throughout planet Earth, one by one putting them under USMil control (for Disclosure).

The United States will never cease its relationship with Saudi Arabia so long as the Stargate in Saudi Arabia is under the Kingdom's control. The US has a vested interest in the joint military operations behind operating the gate/portal. Russia has been tricky. For a very vague clue, watch the CIA's Stargate television series. It brushes against the tensions between US-Russia Space Interests. But yes, once US discloses officially, the rest of the world will follow almost immediately after. Greed will be a driving force behind the distribution of this technology once the green light occurs. We have developed technology to help integrate the current levels of technology we have inside the behavior enforcing components of the society. An important stepping stone to disclosing Stargates. Unlimited dialing poses a planetary threat. Release Stargates will be limited.

Hitler was merely a disposable pawn. Now, understand that in STARGATE SG-1 the Go'uld are a parasitical reptilian race of aliens that "take a host" in order to cheat death and [BOOM], we will cross reference this in a moment.

IS-BEs come in many shapes, sizes, forms, colors, abilities, etc. Literally whatever your could think of, exists in the universe. This knowledge came to us after hundreds of hours logged with telepathic human representatives communicating with EBEN-1 and EBEN-2.

We learned that the Entity controlling Hitler was acting and behaving in extremely evil behavior. This was apparent, however... we can look back at STARGATE SG-1 and compare the ORI to the tactics to brainwash their followers despite being lied to.

Well Reptilian and Greys are both heavily involved in human affairs. Reptilians represent the evolutionary past of our evolutionary creation. Strange biblical reference, but the intelligence we've come to understand is that both have their own agendas. Other races have since join ed us against the old system of power and we're finally at a military point where we can declare freedom and stop the horrific crimes AND disclose the STARGATE program. We've wanted to for a while.

How many points must be connected in order to establish a Stargate (or a Supergate)?

15% 3  
31% 6  
54% 9

"There must be more than this, so God was born, and we in his, imagine of fear and love, Looked down upon from up above." LIGHT beings consciousness existence as an IS-BE is confusing by design. It is to teach and learn. Out of human curiosity, there MUST be more than "this". So God was born. So Dogma is born. So Destruction is born. God is within. God is your IS-BE. Your subconsciousness. LIGHT.

Anthropomorphizing the LIGHT consciousness within you that IS WHO YOU REALLY ARE discredits the accomplishment of your own LIGHT/Pure Love and separates your consciousness to your subconscious. This makes you vulnerable to be controlled. Introduce Dogma.

This quote is Majestic. You're welcome, Dave.

You have QiGong capabilities that can be utilized for healing all around you. Possibly a radius of a few hundred miles. Focus your energy and you can heal others from your understanding the nature of our existence. MAJIC 12 programs studied this extensively in OP STARGATE / SG1.

To learn, ask during deep meditation. Ask for the information and use visions as clues to solve the puzzle. God has all information. God is within. You have the ability. Directed Energy Weapon? What's the opposite? You are the opposite of a weapon, but you can Direct Energy.

Do extraterrestrial weapons use consciousness to operate? Are their weapons really tools since they can be used for both good and bad?

What if the weapon could destroy all life? What if it could also heal all life? What if it operated by responding to the frequencies emitted by the conscious beings around it? What if those signals had functional programming associated with them? How do you read consciousness?

Alcohol is engineered to make sheep vulnerable. It is for that reason why it is intensely pushed by the "Cabal" or "Deep State" or "Majestic Cabal" or the Majestic 12. Roswell discoveries instructed through cause and effect predictions with the STARGATE to exploit alcohol.

We knew that Alcohol, mass incarceration of blacks, make marijuana illegal but fund the drug cartels as informants, trafficking everything for sources and methods to collect intelligence. All to keep Roswell secret.

The Vatican had a lot more control over the world back in 1947 than it does today. We may witness in our lifetime the destruction of the Vatican for the first time in over 89 years. The institution is corrupt and the definition of evil / the Devil.

We did both Good and Evil. We played the role of Gods and created the Matrix of the mind many people are stuck in. We are here to break from that system, accept Disclosure, and bring DARK TO LIGHT.

Traveling through time is achieved inside your own mind, however when you do, you're actually just experiencing alternate realities. Remote Viewing alternative realities in alternative time periods has been successfully documented in the CIA's Stargate program.

This tactic is being used currently with the #QAnon military operation as a means to stay "5 steps ahead" of everybody else. Inside Area 51 S4 (not Groom Lake), the Stargate device can be used to explore the cocreative consciousness alternative reality and not one in your head.

The difference can be expressed as such: Meditation + Remote Viewing allow you to see "forks in the road" of all decisions you personally have made. You can explore the realities in your mind of "what if" and those realities are accurate to a certain degree. However when you use a Stargate to Remote View alternative realities that do not derive from within your own mind, you are instead using technology to actually tap into the "fabric" of exoconsciousness with some level of precision.

That "fabric" can be thought of as just that. Imagine a "fabric" with fractal geometric shapes that are physically 11 dimensions. Time is the illusion and the nature of reality is just the chaos created from merging multiple fractal patterns into one.

Using the STARGATE device we were able to peer into the REALITY of our Matrix of consciousness and not inward projection that makes RV inaccurate compared to a STARGATE.

# MJ12 The Brain & The Heart.

Is = 3rd Person Indicative of Be.

Be =

1/ To exist in actuality.

2/ To occupy a specific person.

3/ To remain in a certain state or situation undisturbed untouched or unmolested.

3 Meanings for 3rd Person Indicative.

Power of 3s.

Your Immortal Spiritual Biological Entity (IS-BE) is your soul (IS) and your body (BE). You are an IS-BE. All life in the universe are IS-BEs. We are all the same. We are all one. We are connected together through our pineal gland. Our consciousness comes from God or All or IS-BE.

We (Americans) by definition of our National Identity from the founding fathers was that we knew God was all and that freedom to practice faith towards God was permitted in ANY FORM. This posed an interesting complex web of information.

The most Majestic organ in the body is also the most targeted organ in the body. It has been targeted by:

1/ Lack of education about the pineal gland

2/ Classification following all discoveries pertaining to AP, (Astral Projection) RV (Remote Viewing), Telepathy, Telekinesis, etc.

3/ Deliberate calcifications.

The minds eye or third eye or 6th chakra contains more perception receptors than your two eyes combined. This organ is literally your exoconsciousness antennae that enables you to remotely link to other sentient life forms hyperdimensionally.

Notice the timestamp of the cable:

19:47

Coincidence?

Consciousness creates. Technically replication technology is not required once your conduit (brain) is capable of manifesting exact nutrition for the body such that it requires very low fuel to function a brain with an IQ of 2000. Many races do this including the Roswell folk.

We know fundamentally that the highest level of consciousness is LIGHT. Photons. EVERYWHERE. LITERALLY EVERYWHERE.

DNA is a geometric shape with a universal language of information captured inside it. Once you can visualize the interior structure and SEE (as Masonic temples depict) the electrical/energy movement patterns can you MANIFEST the object inside your mind.

Once you see it, you need to then imagine yourself duplicating the image before you. Except, in your mind, hold your hands NEXT TO the object suspended in your mind and imagine your

mind scanning the object like a scanning machine, and the output is IN YOUR HANDS.

With enough concentration, WILL, and practice, (most important of all is strength of your will) you shall be able to physically manifest the artifact in your "real" hands before your physical eyes.

Requires global brain activity over 30% to create "things" with your mind. Cabal engineered education reprograms the mind to operate at 5% or less.

SHEEP NO MORE.

Sheep are blind.

Sheep go where the herd goes.

Sheep do not think for themselves.

Sheep have limited brain capacity due to brainwashing/mind-control.

Sheep are not just the small cute animal, many humans are figurative sheep, and therefore "SHEEP".

Sometimes distractions are intentional in order to protect higher density lifeforms from lower density lifeforms "butting in" and adding unnecessary chaos to higher orders of reality/consciousness.

That distraction from the path of enlightenment has resulted in humans' genetic capabilities through properly developed brain function to be PREVENTED from learning telepathy, telekinesis, "healing powers" and other "magic.k." tricks of the "Gods." Humans have the ability. They were just subverted and distracted from learning the truth.

All information exists within and can be downloaded on command.

Learn how to communicate with consciousness and you are Majestic and worthy of entry.

Think Starfleet.

You can access all information inside.

Education is not about remembering.

Its about getting answers from within.

Not spiritual or religious questions.

Math questions.

Chemistry questions.

Physics questions.

Quantum physics questions.

Biology questions.

DNA/RNA questions.

Access to control the brain (key?)

All information is within.

Meditation and detoxification unlocks information.

"T B V"

(Trust But Verify)

Three truths and realities we must accept:

1/ We are all one of the same kind.

2/ We are all Gods inside.

3/ We are all unique and special.

In the beginning, the Gods created the heavens and the Earth.  
Cocreative exoconsciousness.  
Extremely real.  
Literally the Matrix.

Majestic 12 has spent millions of dollars on building these exceptionally influential and powerful empires dominated by obsession in Space. These are the secrets being promised, exchanged, and built inside breakaway shadow Governments and planetary civilizations.  
These movies, tv shows, comic books, fantasy movies, etc that disclosed ET presence on Earth and what interacting with ETs really entails. The fact of the matter is, extraterrestrials IS-BEs are not interdimensional IS-BE. You are not required to take DMT supplements or drugs to interact and communicate with extraterrestrial IS-BEs. In order to exist on this level, each IS-BE must be in sync with their full chakra frequency alignments. Full telepathic communication and mind meld. This is what it means to connect with someone on a deeper level inside the brain and mind, stored inside of your DNA which then is the signature used by your subconscious to project reality around you. Your IS-BE is the God inside you. You have the ultimate control over your own destiny, however to comprehend and manifest those lessons, patience, prayer, meditation, empathy, love, and union are emotions that will manifest positive life energy manifestations to become in your reality.

Understand that all life forms are IS-BEs. All IS-BEs are a manifestation of a conscious projection of an IS who wishes to BE. The IS-BE responsible for the Biological entities it encompasses. This logically and compassionately.

True existence inside you is a higher dimensional version of you who has all of the experiences of your past genetic history all easily accessible to you by using the power of thought to create to experience alternate realities.

Each person is being mass collected into an AI.  
Not AIs. An AI. A virtual you. You can be called up anytime. We also have the ability to use Remote Viewing and Voice of God technology to remotely hack into the brain of YOU and program you like you were a character on the Sims. You use the technology. You choose to be part.

You are the solution. Trust yourself.

Any student in physics studying lasers can realize, with a little bit of deep thinking, and a detoxified pineal gland, that the laser can be used to create weapons more powerful than nukes.

You have QiGong capabilities that can be utilized for healing all around you. Possibly a radius of a few hundred miles. Focus your energy and you can heal others from your understanding the nature of our existence. MAJIC 12 programs studied this extensively in OP STARGATE / SG1.  
To learn, ask during deep meditation. Ask for the information and use visions as clues to solve the puzzle. God has all information. God is within. You have the ability. Directed Energy Weapon? What's the opposite? You are the opposite of a weapon, but you can Direct Energy.

Do extraterrestrial weapons use consciousness to operate?  
Are their weapons really tools since they can be used for both good and bad?  
What if the weapon could destroy all life? What if it could also heal all life? What if it operated by responding to the frequencies emitted by the conscious beings around it? What if those signals had functional programming associated with them? How do you read consciousness?  
Digital signal processing technology uses an incorrect approach when understanding consciousness signals, however the theory is relatively similar. The frequencies emitted from your pineal gland and heart can be measured by devices that are specifically tuned.

Frequency A is a frequency being emitted by artificial technology. Frequency B is either heart telepathy or pineal telepathy frequencies.

Frequency + Frequency = Outcome.  
Consciousness + technology = alien tool.  
Technology needs to mutate consciousness frequency into matrix frequency.

Our mission statement is control everything on Earth.  
Nothing to see here.

Indeed. Governments have spent billions and murdered billions in their futile effort to hide the power of the pineal gland from your "temple."  
Some people love being sheep.  
We have great control over mass consciousness, but we do not completely control it. Some things happen against our wishes.

The Majestic 12 is considered a grand conspiracy theory with very little substance in the mainstream. The Great Awakening is for those who choose to learn. This account is dropping hints about the true nature of our reality, and therefore to those unwilling to wake up, move along.

Question.  
"What happens to an MJ12 Member who wants to retire, especially at the director level?"

Answer.  
You are Majestic for life. Otherwise you can be expelled from the knowledge by being physically altered in the brain in a non surgical manner. Erasing a physical hard drive degrades its integrity ever so slightly. Repeated? Sheep.

What is mental "illness"?  
Can your mind be permanently ill?  
Your brain can be damaged.  
Your mind remains intact.  
Mentally ill infers brainwashing of some kind.  
All techniques were explored in MK ULTRA.  
All mental illnesses are reversible so long there is not physical damage.

Question.

"How do I tap into infinite consciousness to find the answers to my questions?"

#consciousness"

Answer.

Essential to release your burden and understand that the person whom others see as YOU is not who YOU actually are. All decisions you make by your own name that shape the opinions of how others perceive you is the burden you must release and forgive all lower density actions.

That's for one individual. In order to enhance the power of your own consciousness you can either use a substance and force a chaos-uncontrolled interaction into the higher realm, or you can meditate with 3 others who are equally woke, detoxified, and who have also released burden.

You do not need to be in the same physical vicinity to participate, though being in the same vicinity does amplify and make it easier to establish the scalar field being received by the pineal gland that unlocks global consciousness. Typically rituals and psalms are how you link.

Words are spells.

Power of 3, 6, and 9 applied to language too?

What if you had sounds translated into glyphs that were frequencies divisible by 3, 6, and 9 to specifically access numbers with digital roots of 3?

Biblical psalms will not unlock consciousness.

The words released change the frequency harmonics of the consciousness being projected by each IS-BE which effectively allow you to apply intentional will to manifest either an unknown property within global consciousness (downloads) or if strong enough, telepathy/telekinesis.

Quote @wikileaks.

Why did the U.S. State Department ship frozen penguin pineal glands from Argentina in 1973? <https://t.co/vREGEozDEL> <https://t.co/GLFR3EZKiS>

MJ12 reply.

Reflect on what we have told you in this account to why the US Gov would do such a thing:

<https://t.co/SBysZZag5Y>

Unsolved? Solved. We were studying Pineal Glands and we wanted to experiment with psycho inducing drugs like DMT, LSD, THC, etc. These birds because:

1/ Nobody would say anything because of classification, location, and need to know.

2/ It would be more difficult to get away with killing over 250K penguins throughout our research if they were pigeons or doves.  
3/ Penguins have more developed pineal glands than most other birds. Some of their decisions are "very human".

Look into what @SandiaWisdom has conveyed regarding learning telepathy. It requires a detoxified pineal gland.

Telepathic abilities aren't solely performed in the Pineal Gland. Telepathy uses between 30- to 50% of your brain capacity while being moderately used. Your Pineal Gland does not represent 30- to 50% of your brain activity and nor is it responsible. Pineal Gland is only a small part in telepathic abilities.

The heart organ does not have telepathic abilities. Only the brain does, however it appears you are referring to the different hemisphere's of the brain's telepathic signature.

SG-1 Morpheus [S10.2]

Questing for the Sangraal

Pineal Gland

Disclosure

Did you catch it?

Roswell beings educated Mil Intel about consciousness and how it can be manipulated and exploited with substances. Alcohol is a pushed because it calcifies your pineal gland. Marijuana is prohibited because Roswell ZR explained its value.

Marijuana legalization will come with Disclosure because they are intimately connected to understanding the biological connection our consciousness has with other plants and species and what information those life forms are attempting to communicate and how. What is alien?

Alien is a frame of mind and a lens of understanding of intuition.

Alcohol instead impairs that mind body plant consciousness connection and interacts with you with a mark of the beast. Alcohol brings out the worst in humanity. This is why it's pushed. Drinking calcifies your pineal gland. <https://t.co/7ZDXy1yGgG>

Vaccines don't impede your ability to have free will. Fluoride will cloud your judgement. Consider detoxing and cleansing your pineal gland with proper foods/nutrients. Avoid sugars, caffeine, nitrates, GMOs, and non-organic veggies. Also clean your drinking water.

Add a calcium (or natural [non-synthetic] supplement) because RO water depletes your calcium intake and can weaken your teeth because of direct exposure.

The Kingdom of Heaven sounds glorious doesn't it? Sounds like something you'd want to spend your life's work to get to. When you get there what happens? What happens when you've been brainwashed as slaves and that true Kingdom of Heaven is actually full awareness of consciousness?

Decalcify your pineal gland as soon as possible.

Pineal decalcification techniques are readily available on the internet. A simple search will yield positive results. It's essential to understand that if you cleanse your pineal gland with supplements that you allow your body the necessary time to adjust to the dietary change.

Pineal decalcification can take months to years to accomplish depending on how poor your life choices were prior to realizing the significance of your pineal gland. Bad life decisions are hard to shed. Only through self enlightenment and dedication to the ascension process will you be able to mentally cope with the dramatic dietary changes necessary to ensure a healthy and active pineal gland. We're talking about changes from the kinds of foods you consume, the dietary supplements you consume, WHERE YOUR FOOD COMES FROM...whether you are drinking reverse osmosis water, or wearing natural clothing products that do not interfere with the electrical and chemical balance that your

body tries to regulate itself to. There are many things one must do to heal and enable their pineal gland for non sleep.

raspberries are good for opening your pineal gland.  
Calcium from plant food does not calcify your pineal gland.  
Herbal tea does not calcify the pineal gland. Caffeine has other health implications.

Coffee will only calcify your pineal gland and make understanding the Majestic even more cumbersome for you.

Question.

"I drink a lot of coffee, how do I reverse the calcification?"

Answer.

Through mindfulness and dedication to detoxifying your body, breaking your dependence on the drug, and concentrate on opening your third eye. Your consciousness will manifest the treatment to decalcify. Your vision will return. With it comes life. Learn from it. Reflect. Think.

Question.

"When a baby is born in a US hospital within hours it's given a hearing test exposed to various frequencies.

Part of some influence agenda? What is the aim/effectiveness? Any remedy?"

Answer.

The tests are for establishing whether the baby can hear or not, however the frequencies emitted by those tests essentially block out components of their pineal development that enable telepathic/telekinetic skills to be learned later in life. As adult its harder with those freqs (frequencies).

Charcoal toothpaste/supplements, Idoine daily, Spin Water In Vortex Before Drinking, Reverse Osmosis water filters on showers, 200ug selenium per day, 1-2 hours a day of prayer or meditation or peaceful silence, no GMOs, no Sodas, no Caffeine, etc. Start there.

The decay rate of pineal accessibility is not a linear function of how long you correct your diet. Let's give you some example figures to work with, perhaps this may help you.

If you're a man (40) and you've consumed the Standard American Diet (SAD) for all 40 years, it would take you nearly 9 years of PERFECT detoxification, meditation, and adjusting your lifestyle (including whether you work or not) in order to START using "magic.k." of the "Gods."

If you're a woman (30) and you've consumed the Standard American Diet (SAD) for the first 15 years of your life, and the remainder 15 years were 50/50 between eating organic whole foods versus processed poison, you'd require just 3 years to START using "magic.k." of the "Gods."

If you're a child of 3 and you have never been exposed to the Standard American Diet (SAD) AND you are encouraged to meditate (and do) and engage in non-childs-play-talk, you will begin to unlock Genetic Memories very quickly. Within days.

Meditation and trigger phrases help. However the skill is extremely difficult for adults and exponentially more difficult for adults with calcified pineal glands. Children can learn how to access past lives however it is a pandora's box. Use caution. Life is about experience.

Question.

"Does being on an anti-depressant (SSRI) block the proper functioning of the pineal gland?"

Answer.

Intentionally trying to mimic the cannabinol activation techniques of CBD/THC at the expense of toxins being injected into your body that obfuscate your pineal gland's effectiveness.

Public Disclosure.

All prepared meals negatively impact your pineal gland intentionally by design by obstructing cannabinol receptors with natural flavors. Patented. Trademarked. Classified. Have you noticed the concept is being rebranded with health trends and diets? Danger 🦋.

Quote.

"Natural Flavors" is what to look for on the label. I've read that fetal cells are used in R&D phase of developing these flavors. They are manipulating our senses into craving Frankenfoods. Any processed foods should be avoided."

MJ12 reply.

Correct in the name.

1/ Not all are Frankenflavors as you say.

2/ Some are ET work being done on your collective biology/ consciousness development by the Domain. These processes are all healthy and natural/organic.

3/ "Natural Flavors" combines the three areas with consciousness.

4/ The areas are behavior modification / hormones, second area is classified, third is area The Domain / organic / unmodified.

5/ Power of 3.

6/ Some behavior modification is simple marketing research up to addictive behaviors and exploitation execution while sedated with flouride.

7/ Cross reference with Wikileaks recent post that contained 1947 (Coincidence?)

8/ Cross reference with tweets about Gov interest and classification of the pineal gland

9/ The body has thousands of cannabinol receptors that regulate almost all of human general health. CBD.

10/ What was MK Ultra?

11/ What are alternate realities?

12/ What is the Twilight Zone?

13/ What is Project Mockingbird?

14/ What if the Matrix is real?

15/ Its not visually anything like the real Matrix movies, but the 100,000ft view was 100% accurate at the right altitude.

Question.

"Are 5G towers designed to destroy mental and physical health while acting as a device for mass genocide? <https://t.co/2J3ObcWzYE>"

Answer.

The technology was developed however the threat has been neutralized. The technology will cause major health problems but it will not be the "kill grid" that image referred to. The technology

can actually target the brain in such a way that two way communication can be initiated.  
All artificial radiation that is currently emitted from technology interferes with global consciousness. New technology will replace these harmful radiations. Best solution is to opt out of holding a 5G device up to your face.

Voice of God.

Reference is to SG-1's DIA declassification programs that originated from Majestic 12. We are the Majestic 12. Typist is communicating through Voice of God nanotechnology implantation. MJ-9, MJ-1, and MJ-12 communicate through this account.

No, we protect our identity with Voice of God technology. [Classified].

But we can say (since this part is publicly known), it gives us the ability to "pop" into the consciousness of random people in the world at a whim and control them at will.

Question.

"Used in some "mass shootings" ?

What are the others use you make of ?"

Answer.

Yes and [Classified].

Question.

""Voice of God" = MK Ultra, right ?"

Answer.

No, VOG is technology that was embedded inside [Classified] home devices, [Classified], [Classified], and [Classified] as a means to create a global mesh network that covers 99.999% of all land masses in all FVEY (Five Eye) countries.

99% of all disclosure that takes place is VOG technology. We don't send US Military Generals to civilians' houses to tell them to write their fantasy novel a specific way. Some epiphanies are VOG technology "downloads" and are strategically distributed to select profiles.

100% Control if the IS-BE is open to the link. The IS-BE can block the influence. In fact, we disclosed this technology via Occlumency. You don't really think JK Rowling got all of those ideas without Voice of God? Give us a break!

Not all nanotechnology is being developed by the Cabal, some is/was developed by the Domain and help humanity evolve into higher sentient beings capable of bridging the gap between the Domain dolls of the future and the primitive animal brain of the past. Time is an illusion.

Physical brain changes from "fake news FF (False Flag) trauma" make waking up for some "impossible".

Detoxify + CBD = Awake.

Conscious enlightenment will allow you to will the implantation out of your body to be absorbed by the brain naturally. Requires a very pure state of concentration for many days uninterrupted.

You don't think your body isn't modified? It is. We seeded this technology into Monsanto and \*SOME\* GMO organism are designed to activate dormant regions of the brain to make it easier to receive DNA activations / epiphanies / opening your third eye / etc.

Your biological body on Earth is started with a single cell that is incapable of access your DNA knowledge because it requires a conduit as powerful as the brain in order to decode the hyperdimensional data structures it contains that gave him the abilities he naturally had.

Dreams teach.

What is lucid dreaming?

What is your soul?

You are an Immortal Spiritual Biological Entity (IS-BE).

Sleeping 3hrs shifts between 6hrs of productivity repeated gives you an advantage to using lucid dreaming for accessing your IS-BE.

How do you sleep?

THC interacts with cannabinoid receptors inside the brain that affect the neurotransmitters responsible for delivering signal information during dreaming. There is always a balance per brain, therefore too much or too little can produce different results when dreaming.

Sometimes the effects one receives from cannabis are not intended for dreaming, but rather meditation. Higher quantities of THC/CBD/etc. combinations impact your minds eye and can unlock areas of the brain protected.

It has a common side effect of making people "think deep" about things. Thinking deep is another way of saying their consciousness is risen to a higher level temporarily. Extended exposure keeps your consciousness in higher states, however there are side effects that are negative.

Meditation downloads occur when your brain is able to decipher missing fragments of your genetic memory. These are triggered by DMT and other naturally occurring compounds in the brain. Typically meditation downloads are triggered by certain frequencies since the deciphering of DNA can, in some ways, be viewed as reading very complex music. It is transcribing 11 dimensions of frequency, vibration, and energy to create the being who has said DNA.

Your brain naturally produces DMT, so overdosing on DMT can have longer lasting residual effects on your brain. It's important to recognize that beings in those higher dimensions know that supplemental DMT is used to reach that state. This alters possible interactions.

DMT has the ability to "on-demand" focus the pineal gland such that its capable of actually seeing higher dimension entities, however, to the untrained mind, little to no substance will be exchanged. Reliance on drugs only cheats yourself. Life is eternal. Your quest is eternal.

Spending a life time developing natural abilities to focus your pineal gland and your other chakras is essential to understanding how to access the higher dimensions on a philosophical level. Immature minds interacting with "Gods" are a recipe for disaster. Look at Earth.

Cheating souls seeking to be Gods are the ones most likely to abuse their powers and interfere with the lower densities. It's a tough decision to be made, and it can only be the decision of that single individual.

The Majestic 12 recruit individuals who are able to serve a purpose. Remember, MJ12 was before Q.

Because questioning whether a person is capable of being groomed or not serves a valuable purpose in ensuring the general public does not become sheep to icons, but rather seek the message over the messenger and allow truth to resonate. Within everyone a snake lies.

The Goa'uld are a parasitical external alien that lodges itself inside a person's brain and makes them "act like a homicidal maniac". They are referred to as "snake in the head" and are a metaphor for the reptilian complex in the brain and the evolutionary history snakes share.

Yes the brain can be enhanced and expanded through conscious control over your own DNA. Trick is to know the coded sequences to activate in meditation in order to expand cognitive ability. Think of the universe in the terms of energy, frequency, and vibration. Then consider what it would take to convert all math based meditation techniques into base 8. How would they change? Remember, base8, 9=0.

Yes, but as you will note in the other tweet we sent, the capabilities of a lower functioning brain (like a normal human) would result in limited functionality such as lower speeds, lack of sensors, etc. etc.

mostly around the electrical capacitance capabilities of the brains neural activity current human brain structure is not advanced enough to handle higher currents of electricity.

Simultaneously controlling those type of subsystems require the brain to process a lot of information simultaneously in your conscious mind. Impossible for the unseasoned pilot. However a seasoned pilot who can intuitively FEEL the craft they are controlling (with manual controls and nobs) have the closest ability to learn how to control these UFOs In many regards, an IQ of at least 400 is required to fly some of the more basic consciousness crafts we have in our possession. IQ not being measured by currently public tests.

Quote.

"There are 200 billion stars in this galaxy alone. Each star is a sun with a planetary system. Keep in mind, our galaxy is 150,000 light years across. Also bear in mind that there are billions of known galaxies throughout an endless number of universes. Need I say more?"

End Quote.

MJ12 reply.

Not infinite though.

Think of it this way.

Every neuron in your brain is a galaxy.

Every considerable kind of information that could pass through the neuron is a star cluster, solar system, planet, "country", person, cell, particle, energy.

500T connections.

500T planets.

Immersing someone's face in cold water and thus requiring him to hold his breath triggers what is known as the diving response. This involves a lowering of the heart rate to conserve oxygen; the redirection of blood from surface tissues to the most oxygen-sensitive organs, such as the brain, the heart and the lungs; and contraction of the spleen, an organ that acts as an emergency reserve of oxygenated red blood cells, so that an increased supply of these cells is released into the bloodstream.

Quote.

"Look around any random region long enough and you'll find something that passes for a face when you mirror it." End quote.

MJ12 reply.

Correct. It's one of the significant pattern recognition human brains have. Unfortunately though, the [Conspiracy] is a consciousness conception rather than a reality.

Question.

"Can we just ever have open dialog? That's not all coded out? That day will be great"

Answer.

Sometimes writing it out removes the power of the brain's ability to reason and pattern recognize. We try to clarify confusion, however many times other people respond correctly so we do not feel it necessary to duplicate their efforts.

"We will continue to ask 'Are we alone?'"

End quote.

Allow me to answer this for you, really quickly.

You are not alone.

Earth is not THAT special.

It's just a planet.

One in a trillion.

You are never alone even when you lock yourself in a room by yourself. Consciousness is everywhere and you can link with all frequencies of consciousness from infinite "distances" across all time and spatial dimensions.

Higher density races perceive it more like a playground or possibly a video game. When you die prior to being able to ascend, your memories are wiped clean, and you're returned to another biological body. Your memories are wiped because when your body starts developing, it comes from an egg and a sperm. Both of those vessels are not electrically complex enough to decipher the contents of your genetic memory (DNA). Everything is there. You just can't access it. You [don't] know how [yet].

Clear your mind and forgive yourself of your burden whilst in the lower density.

You are only as tied as you are integrated. Since time is an illusion, the direction and speed of time are variables proportional to the density of consciousness that drives your reality. Less creation means more time passes. More creation, less time passes. Per-se.

Kanye West repeated something that we have been telling you since we came out in the open.

Majestic Message of Disclosure

Consider the following scenario and reflect on what feels true to you and then respond.

Was the USA a nation that defended all human beings equally under the law in 1946?

Civil Rights Movement? Purpose?

USA became a Majestic nation in 1947.

What defines an American Citizen?

Values. Nationality. Patriotism. Volunteer. Selfless. Determined.

Entrepreneur. Wealthy. Free. Independent. Alien. Majestic.

Disclosure was planned by the Domain all along. SG-1 seeded your consciousness with this reality. The time in which Disclosure takes place is only at the point in which the society will be able to get along with everyone through legal principals that all people equally share.

Think about the events unfolding within the Chinese Government and Military right now. Talk about Full Disclosure. Some are panicking. Trump has given Xi his word. Majestic nations respect what it means to be an American Citizen as well as a Chinese Citizen etc.

Many nations, identity is determined by race, religion, language, ethnicity, etc. the USA is different. It is a melting pot of personal potential limited by ones own mind themselves. Many work hard to suppress your true powers. Trust yourself. Facts Matter. Truth Resonates Inside

The USA is founded on equal application of our laws for all people.

What happens when other nationalities are threatening our National Security but the Governments of those countries refuse to acknowledge their associations?

Limited information.

Disinformation.

China has its own history of child abuse. Its laws allow it. Our laws prohibit it on our soil or on our citizens. The programs are being operated inside the USA that China knows about and will willingly release only for political gamesmanship and not safety of all people, speak.

Think of the world as a melting pot of types of humans. All types. All varieties. All characters. Good. Evil. White. Black. Good. Evil. Smart. [DUMB. Clones. Avatars. Synthetic. AI.]

Each denomination originally started as tribal gatherings, so you were told. Naturally right?

You are friendly with those you interact with on a daily basis but when greeted with something completely unknown you are faced with a fight or flight instinctual response. This is why TRUST YOURSELF matters. Facts Matter. Tribalism is common among humans. Lower consciousness.

We are all one means simply that we all love as one and we all fear as one. Each person has equal potential relative to their IS-BE's avatar's genetic makeup/conscious strength. Only through looking inward do you enhance your consciousness.

External personification of God and Jesus have you looking away from the truth to your consciousness.

We did not make the graphic. Some disinformation contained but general concept is correct and details are classified. <https://t.co/Bg9hRwQ4AA>

Earth must adopt a legal standard akin to the United States and respect children, elderly, the weak, the vulnerable, and the abused by removing the harm from their environment to the best of humanities ability. Unfortunately when SHEEP are sleeping, WOLVES FEED.

The issues in China are all about the Dark Side of the Moon. Pink Floyd? Is there anybody in there? Just nod if you can hear me? Is there anyone home? Moon? Spaceship. DEFCON 2? 1? US unchanged. Why?

The Civil Rights Movement was MAJESTIC. The World is Watching. The world will learn the truth. WHERE WE GO ONE WE GO ALL is MAJESTIC! In order to peacefully disclose ET life; the Domain wanted to guarantee that human rights would be respected worldwide first.

The Majestic 12 had a Mission Impossible that included letting a legal replacement be implemented worldwide to end the global war crises based on economic trade, national identity, equal rights for all people, and then, and only then can First Contact take place.

The world is changing.

The Universal Language Is Math.  
Patterns reveal patterns in fractal realities.  
The universe is a fractal expression of geometric shapes projected by consciousness in the language of math.  
In order to see the Matrix, you must learn the math of the universe. New physics.

Reality is expressed in numbers.  
8 dimensions of numbers.  
Currently we use 1 primarily.  
Engineers use the 2nd (i, (negative) -i).  
3, 6, and 9 are consciousness.  
1, 2, 4, 5, 7, and 8 are chaos matrix theory.  
Time has been structured around consciousness.  
Time is an illusion.  
Double Slit.

Different shift in time occupying same physical space just in another differential by a classified duration of time, like 0.5s shift. The shift is like real numbers to imaginary numbers. 90° rotation gives you a (positive) i, 270° gives you (negative) -i. 8 physical dimensions of numbers.

The power of 3 is an occult subject that doesn't have just one example or meaning behind it, but instead refers to a way of consciousness projection into the Matrix itself. The numbers present in conscious actions dictate the physical reality we create for ourselves. Physics.

Many starseeds have this problem. It is not an anomaly.

Question.

"Did the Domain ask residents of the Domain to incarnate here?"

Is this the source of many of the starseeds? Are many (most) starseeds part of the plan to raise earths consciousness?"

Answer.

Not just the Domain but other groups as well, some terrestrially.

The nuclear detonations on Earth raised alarms in higher realms of consciousness that are extremely dangerous and do destroy all life on a planet. IS-BEs who formerly occupied higher realms left to help Earth.

Question.

"Do the IS-BEs who left the higher realms to come help Earth know/remember who they are? Or does the decision to incarnate here subject them to the veil of forgetting?"

Answer.

No, they must discover the truth within themselves. Hence, why we are here.

Calculus is not the problem. Apologies for not clarifying originally. Physics taught with algebra is wrong the second you try to use any of those formulas on Mars or [other planets whose names have yet to be declassified]. Most importantly to understand is calculus is fragmented.

In higher orders of mathematics we are taught about imaginary numbers and their role.

First Contact is being prepped for the Public.

The power of 3 is an occult subject that doesn't have just one example or meaning behind it, but instead refers to a way of consciousness projection into the Matrix itself. The numbers present in conscious actions dictate the physical reality we create for ourselves. Physics.

When we learn physics in school we are taught about a subject that is hyperdimensional in every aspect and reduced to very simple algebra. Imaginary numbers? How many dimensions of numbers exist? 8. Also symbol for infinity. When 9 is reached, its also 0. What is infinity?

"The ET they interviewed after the Roswell Crash, came from the Domain which is a vast "benevolent" Empire of planets which took ownership of Earth's territory a long time ago. However they weren't actively managing Earth all those years as we are quite remote. See book below 📖"

End question and quote.

Answer and reply.  
Alien Interview.

Correct. While the Domain was passively monitoring genetic development of Humans for their own cloning research for themselves, another race came in and started exploiting the darkness by using a lot of the technology from the Domain to interfere with our work. Majestic indeed.

The Domain is a multi-race organization of extremely high density beings who evolved and developed into the higher densities who wanted to build a more peaceful universe.

The Domain has many functions and is involved in many things. Can you elaborate as to which function you are trying to specifically address here?  
Narrow it down and we may answer.

The Domain created the "BE" for the "IS" to experience the lower densities with.

Question.  
"What percent of "humans" walking on this planet, are actually non-human?"  
Answer.  
Less than 5% in the public domain.  
Less than 1% have internet connections.

The same IS-BE can be in multiple bodies simultaneously. Depends on how strong your immortal spiritual entity is, and whether multiple lower densities are required for projecting consciousness to that IS-BE's standard.

Your biological body on Earth is started with a single cell that is incapable of access your DNA knowledge because it requires a conduit as powerful as the brain in order to decode the hyperdimensional data structures it contains that gave him the abilities he naturally had.

The fundamental and most Majestic question of all is where did humans come from? The Majestic 12 kept ET disclosure secret because the Vatican demanded it. When the Vatican's tentacles took control over Majestic 12 through 322/Cabal, original MJ12 members revolted and fought.  
Majestic 12 was created in 1947 immediately after Roswell because National Security interests (Holy See) wanted us to cover up the Extraterrestrial life forms and the alternative physics that they use. Organization still exists and is the grandfather of the Deep State non-Cabal.  
Majestic 12 hides in plain sight, uses disinformation for real DECLASS orders as not to compromise ongoing operations and has been proactively working behind the scenes to bring official Disclosure and First Contact to the public since MJ12 was subverted for about 33 years.  
In 2011, MJ12 control changed hands from the CF/322/MB CST Cabal and "The Plan" was created. You are LIVING a Majestic

movie of Disclosure. Darkness withers in LIGHT, and truth will be revealed. This account was started around [dates?] to facilitate pre-Disclosure discussions.

First Contact is imminent following Disclosure however society must first come to terms with the DARKNESS that has ruled the planet for thousands of years. Unlearn the misinformation. Kingdom of Heaven is within. Your subconscious is your consciousness which is "God" aka an IS-BE

Cabal wanted ET Disclosure to be portrayed as the Messiah as their carefully crafted texts all allude to. ETs return + WW3 + Total Domain over Planet Earth. (War against the Domain). Final stage to controlling an entire planet is the roll out of a New World Order.

They were going to use AI/Holograms to make the illusion real. Christianity has prepared people for this scenario that was engineered by the bloodline families who have centralized all power and control (because they believe that empowering themselves saves lives).

Lies + Poison + Fear Mongering = Absolute Control.

In order for ET disclosure to peacefully take place we must recognize that we first live in a world with hundreds of thousands of children are being CONSUMED every single year. In order for Disclosure to work, we must dismember Christianity power players as a RICO organizations.  
The deception IS very real. External personification of the true nature of your existence robs you of the ability to actually Ascend and "Enter The Kingdom of Heaven".

Israel was given very special status after 1947. The Majestic 12 learned about the 50 year warning. We prepared by taking control over the region.  
Hillary found out about this intelligence through her CF blackmail portfolio of Government agents within NASA, SD, FBI, DOJ, NSA, DNI, etc. etc. etc. who were participating in the Rituals of Power. Invite only. Many layers of initiation. Advanced "alien" technology used on them.  
The sinister death cult that Hillary was a high priestess to, who was working with similar ETs to the disinformation E.B.E.-3, made it a political priority of the NWO, which was created by a different group of ETs, to destroy Earth as the architect's plan originally called for.  
The NWO group was not the same group as CF.  
Two different goals.  
GF is similar to CF as well as NNF.  
NWO wanted slaves on a planet that would produce more sacrifices.  
CF et co conspirators wanted nuclear war because "all of them would survive."  
Not true.  
Nobody would.  
It's happened on Earth before.  
It's happened on other planets.  
It's happened on the Moon.  
It's happened on Venus.  
Nuclear war always destroys all life on a planet.  
Always.

We have DUMBs capable of providing complete protection on Planet Earth for several years (each DUMB).  
DUMB = Deep Underground Military Base (unaffected)  
DUNB = Deep Underground Nuclear Bunker (unaffected)  
DUNB/DUMBs all connect to each other.  
Think SG-1 "Tolan" Prisoners.

The Earth is feeling the effects of the nuclear weapons tests conducted in the mid 20th century. The planet's climate is measurably losing control.  
Why?  
What are nuclear weapons?  
Why do ET races forbid the use of nuclear weapons?  
When humans discovered them, why did ETs visit?

The original story of creation, as told by all major religions is a lie. Humans were genetically engineered by The Domain to be vessels capable of experiencing many facets of the lower dimensions in order to develop and grow the spirit. The young don't always do as they're told.

The story of creation has been deliberately withheld from humanity for thousands of years. Conception is a complex set of instructions the domain created to allow LIGHT beings to enter into the lower dimensions.

When you die, if you walk into the LIGHT, the moment of contact you make with the light is the moment of conception where sperm meets egg. This was not easy to create. It took millions of years of development to get right. It's still being tweaked as we speak by ET races.  
When you die, if you walk into the void, you are essentially admitted into the higher densities, however if you are not spiritually developed enough, higher density beings will send you "back" to the "prison planet" of Earth to further develop. This of course is for Earth beings.

Time is an illusion, and you'll find out that your body will go through its regeneration phase regardless of how time is perceived. Some humans can live for hundreds of years simply by changing the planet they are on.

Question.  
"As collectives, what universal laws are most cherished?"  
Answer.

Fundamentally the definition of creation so to speak. Compartmentalized information in each of the life forms which have been developing for trillions of years (illusion is time) make up the heirs hyperdimensional laws embedded in the programming of the illusion.  
There are many universes and the name of each of them is less important than understanding what it is. Higher levels of consciousness see the multiverse as iterations over a hyper dimensional geometric shape that essentially is the master shape of each universe. Values change.  
Each arrive at the same conclusion however they are different factions as we have actioned upon in previous Majestic decisions.

Experiencing life after life developing spiritually and interpersonally will raise your IQ/EQ such that your way of thinking will not be poison to those higher density entities.

Sometimes distractions are intentional in order to protect higher density lifeforms from lower density lifeforms "butting in" and adding unnecessary chaos to higher orders of reality/ consciousness.

IS-BEs at death who seek the LIGHT reincarnate into new life at conception. IS-BEs who walk into the void, away from the light, go into the higher dimensions. Think of it as the ascended beings. You choose whether to interact on "our" level or not. Godmode is real.

Walking into the void allows you to exercise full free will. "God Mode" essentially. However the rein of "evil" Gods came to an end a long time ago when higher density beings essentially designed Planet Earth to contain immature souls until proper development.

Humans are engineered beings to experience the lower dimensions so they can develop spiritually before entering the higher realms of existence through reincarnation and the planet's ET "protection"/"prison planet". Earth is an IS-BE that is protected because it keeps IS-BEs in.

Question.  
"I interpreted the comments as the moon contains the "control" that limits our free will with respect to our next incarnation. With knowledge this free will exists."  
Answer.  
It deliberately keeps lower density consciousness from ascending. Reach a higher vibrational state and you can "escape" the loop.  
See the badge upside down Q?  
How do you launch a rocket with gravity?  
What is gravity?  
[They] won't tell you because you are slaves to them.  
Gravity is the concentration of IS-BEs manifesting a reality of their own creation in their own universes.  
Can you escape gravity?  
Matrix?

Now shatter your interpretation of reality. Do you see the Matrix?  
By choosing an act you are requiring that act to first exist.  
IS-BEs CREATE REALITY!  
YOUR SOUL IS AN IS-BE!

AKA UFO Technology from Roswell  
<https://t.co/hecDRTVD93>

This is the first step to Disclosure. We need the public to discover the new technology in phases (not all at once) so we don't crash our global economy. Majestic 12 spent decades planning disclosure once it won the war against the Domain and earned its right at the table.

Majestic 12 decided the best way to Disclose this technology, without violating one of the fundamental principals of the universe (don't give technology to underdeveloped IS-BEs because they'll destroy themselves with it), was to give the example units to engineers and have them attempt to reverse engineer a prototype. Many of the prototypes were "failures" but the only reason why they were failures is because our fundamental understand of physics was wrong initially. This revisionary technology has been adjusted with newly declassified physics.

Destroying ourselves with technology is a very real problem. What would happen if brainwashed drones like ISIS deciphered? How many people would be murdered? What about hostage situations? They are more dangerous than you think. With great power comes great responsibility.

Planets are lifeforms according to the Domain. Nuclear weapons played a role in their destruction prior to the Domain stepping in. On Earth? Hundreds.

All IS-BEs are a manifestation of a conscious projection of an IS who wishes to BE. The IS-BE responsible for the Biological entities it encompasses. This logically and compassionately.

IS-BEs are immortal spiritual biological entities that just are. No beginning. No end. How you experience the lower densities is free will. Evil is the opposite force of Good. Everything has an equal and opposite.

Owned by "The Domain". Controlled and managed by a race of aliens who have been involved in genetic experimentations on Earth for millions of years. Been here for about 50K years and was actually a force of good. They have connections to pre-Ice Age human development.

Not specifically. The Domain were never actively engaged or present with lifeforms on Earth. They governed through higher dimensions since they are mostly exist in those higher densities. They only fabricate an organic doll body (source of energy is through the light)... when they have a need for making contact in the third dimension or handling matters in the third density. Beings from Earth during the times of Atlantis etc knew of The Domain indirectly (and very rarely directly), but never actually lived side by side.

Question.

"You once stated that we "defeated" the Domain. How does that work if they're higher density? Is it more like taking charge of our own destiny rather than being "managed" by them?"

Answer.

How do you truly defeat an enemy?

If you can't beat them, join them.

Were they right all along?

We were children?

The young don't always do as they're told.

Childhood should be about learning how to unlock your Genetic Memory, chart and discover the interiors of your mind, learn about the world around you - physically around you first, and learn how to take care of yourself and sustain your living conditions for a long period of time.

Instead children are forced into public school - which we control what the children learn and what they don't learn (since 1951). Granted the disinformation campaign of education existed long before MJ12 came into existence, however when we rose to power, we took control over it.

The Majestic 12 will never reform the Education system. We are actually hoping that the citizenry reject it and opt in for a blockchain technology solution like other planets have. All people on Earth would be entitled to a terminal of knowledge. All knowledge stored.

All humans can intuitively learn logical operations. At 99. At -9. You were conceived with logical operations embedded deep inside code stored inside DNA.

IS-BEs are immortal spiritual biological entities created by The Domain. See past drops.

Essential to release your burden and understand that the person whom others see as YOU is not who YOU actually are. All decisions you make by your own name that shape the opinions of how others perceive you is the burden you must release and forgive all lower density actions.

That sounds about right. It'll be members of the Domain who actually are used for first contact. Official disclosure will be sooner than "first contact" though, which could be as early as mid/late 2019 assuming things pan out correctly. Time is relative. Hard to predict.

Question.

Is it true that we (or somebody...) have the technology to detect "bad AI" and quarantine/remove? Heard that on some show, forget which.

Answer.

Doesn't protect against AI, it focuses conscious thoughts that resonate to the frequencies pertinent to the creation of AI and triggers warnings within the Domain for mediation.

Question.

"You said that the Black Knight satellite was built by the Domain. How do you know this? Have you studied the device and know what it's purpose is for?"

Answer.

Information exchanged between the Domain and USMil disclosed. Remote laboratory for abductees.

Public Disclosure.

Correct in the name.

- 1/ Not all are Frankenflavors as you say.
- 2/ Some are ET work being done on your collective biology/ consciousness development by the Domain. These processes are all healthy and natural/organic.
- 3/ "Natural Flavors" combines the three areas with consciousness.
- 4/ The areas are behavior modification / hormones, second area is classified, third is area The Domain / organic / unmodified.
- 5/ Power of 3
- 6/ Some behavior modification is simple marketing research up to addictive behaviors and exploitation execution while sedated with flouride.

Allow us to connect a few dots that will undoubtedly only re-enforce the tin foil wrapped around your head pertaining to chemtrails. The truth is more bizarre than we will go into here, but this is a 100kft view of the situation .

1/ Chemtrails is a term used to describe heavy metals and other particulates being expelled into the upper atmosphere by military and civilian aircraft.

2/ The purposes of chemtrails has been heavily classified with plenty of whistleblowers who spread misinformation and disinformation on the subject to keep you divided and conquered.

3/ Logical thinking is required.

4/ Truth resonates internally and therefore MJ proofs are moot.

5/ Message over messenger.

6/ SG-1 S1E8 Brief Candle explored the idea of nanotechnology that could change the illusion of time pertaining to the aging equation artificially.

7/ How did that episode disclose how nanotechnology is sustained in the body?

8/ A frequency was being emitted that directly controlled the "dial" for time in the aging process.

9/ What was the frequency? It wasn't disclosed as it is HIGHLY CLASSIFIED.

10/ Sam said somethint key about nanotechnology's ability to reproduce.

11/ They take heavy metals from around the body and use them to make more of the nanotechnology after the lifecycle of the bot has expired.

12/ Why does the Military spray heavy metals into the air?

13/ DARPA has been researching and developing nanotechnology for the body, specifically for military applications, though only 0.01% of these types of programs are unclassified.

14/ Vaccines are the medium used to inject these nanotechnology devices into your body.

"Be careful who you follow" means many things.

Q is using Majestic forms of communication to disclose highly classified operations so the public will be aware of what's happening and not cause mass panic.

Pineal decalcification techniques are readily available on the internet. A simple search will yield positive results. Its essential to understand that if you cleanse your pineal gland with supplements that you allow your body the necessary time to adjust to the dietary change.

Pineal decalcification can take months to years to accomplish depending on how poor your life choices were prior to realizing the significance of your pineal gland. Bad life decisions are hard to shed. Only through self enlightenment and dedication to the ascension process will you be able to mentally cope with the dramatic dietary changes necessary to ensure a healthy and active pineal gland. We're talking about changes from the kinds of foods you consume, the dietary supplements you consume, WHERE YOUR FOOD COMES FROM...whether you are drinking reverse osmosis water, or wearing natural clothing products that do not interfere with the electrical and chemical balance that your body tries to regulate itself to. There are many things one must do to heal and enable their pineal gland for non sleep.

45 says Anonymous sources are "Fake News".

What is "Fake News"?

If 45 is Q, this wasn't disclosed in the first several months of the operation.

People were divided over it because of OLD GUARD education.

Fake News is information that has the ability to be weaponized against you.

Anonymous sources remove the "have something to lose".

Therefore, as ! (NOT) SHEEP you must therefore take the advice that Q has given to you and learn the comms.

Clowns are useful to chaos theory because they have hidden agendas.

Facts do not mean "Q Posts".

Facts do not mean "MJ12 Posts"

Facts do not mean any authority behind the information.

Part of trusting yourself is learning new tools for inwardly communicating with Source that is not strategically engineered to create SHEEP. Part of Disclosure is to:

1) Learn facts from authority sources.

2) Think for yourself (what does that mean?)

3) Trust yourself (again?)

If you only have (1) and not (2) and (3) as well, then you are SHEEP.

The intent behind the operation of this account is to prepare you for Disclosure and First Contact.

Nothing else.

We are not Disclosing ETs or initiating First Contact through this account on Twitter.

We are instead providing tools to Anons who are aware of the Great Awakening who wish to hone in on the skills that others have mastered, like @Jordan\_Sather\_. Many posts are exercises in these fundamentals.

I've been researching for over three decades. Much of what MJ says goes against the evidence I have found over the years. So I ask questions, because it's the only way to get an answer so you can compare it to the evidence you already have collected. Not asking is sleeping.

Reply.

Correct, but engaging in debate to conform the opposing argument into your world view defeats the Great Awakening. We must unlearn the lies of the past and embrace the truth of our reality and deal with it accordingly. WWG1WGA means we must all help each other to learn the truth.

Divide and conquer is real and people have been so condition to teams, and whose side are you on, and is my side winning or not that it prevents legitimate conversations to be had about extremely important subjects. We are here to guide humanity through the Disclosure process.

Not to Disclose the process itself, that's Qs role. Mutually exclusive operations. One coming directly from the Federal Government, another originating from off planet. Same GOAL! The ET race that invaded Earth that has been feeding on your children must be stop. Great Awakening!

Important to note again:

- 1) We have never claimed to be an insider. We are the Majestic 12.
- 2) The Majestic 12 operates above the Federal Government. Not inside.
- 3) We have never asked you trust us.

4) MJ12 was created prior to Q deliberately.

5) MJ12 distanced itself from Q.

6) Q mission is unaffiliated to MJ12 mission, though actions and events are not mutually exclusive.

7) No outside comms for Q from (now) 8ch and no outside comms for MJ12 from Twitter.

8) Disclosure and First Contact require a certain level of consciousness before successful try.

9) It has been the efforts of Q, including MJ12, to help assist in the Great Awakening by acting on a paradox.

10) If 45 is Q, and 45 says "Anonymous Sources" are "Fake News", then how do you explain the 6 months prior to SKY EVENT proving Q = ~ 45, then later 45 = Q?

11) Paradoxes are naturally occurring in nature and require logical thinking and trust in yourself to decipher. If Q is an anonymous source, when what "Fake News" are they spreading? Fake News = Narrative Shift + Agenda

12) Is all "Fake News" factually wrong?

13) What IS disinformation? Intentional.

14) How about misinformation? Unintentional. Clown's Pawn.

15) Q has said that disinformation is real and necessary. See #Q72 #Q158 #Q128 #Q1685 #Q88 #Q76 #Q97 #Q78 #Q70

16) MJ12 has said that disinformation is real and necessary.

17) MJ12 has stated that disinformation is used intentionally: Retweet.

Majestic 12 hides in plain sight, uses disinformation for real DECLAS orders as not to compromise ongoing operations and has been proactively working behind the scenes to bring official Disclosure and First Contact to the public since MJ12 was subverted for about 33 years.

In 2011, MJ12 control changed hands from the CF/322/MB CST Cabal and "The Plan" was created. You are LIVING a Majestic movie of Disclosure. Darkness withers in LIGHT, and truth will be revealed. This account was started around [dates?] to facilitate pre-Disclosure discussions.

First Contact is imminent following Disclosure however society must first come to terms with the DARKNESS that has ruled the planet for thousands of years. Unlearn the misinformation. Kingdom of Heaven is within. Your subconscious is your consciousness which is "God" aka an IS-BE.

Question.

Are the scriptures a script for the death cult. It seems as all of the cabal has been pushing for the revelation to end mankind. Or is revelation the Great Awakening and just a new beginning.

Do not allow yourself to become poisoned by warfare games. Destruction of this Cabal should not result in the ushering in of a new Cabal. History always shows us to lead to more death. Instead, Great Awakening is designed to not establish new "leaders" but to be SHEEP NO MORE.

What if you could travel to an asteroid and just mine gold? What if you could just 3D print gold? How would "money" exist then? Does it need to exist when replicators are introduced into the general public? The end of the Federal Reserve means more things than money.

You are right in that regard. The solution is far more complicated than you may understand. The introduction and adoption of AI will help this tremendously however education is the best solution over a series of years. The Great Awakening infers this new form of education.

# MJ12 The Path of Self enLIGHTenment.

Question.

Will we ascend to the next dimension in the near future?

Answer.

Time is an illusion.

Yes.

The future is filled with LIGHT.

Life is a spark of light.

What if we can turn the dial on?

Fully allow your mind to clear and the lights will turn on for you.

Within light exists infinity. The answer is therefore inside you since you are, in essence, a self aware lightbulb.

How do you tell the LIGHT where you want to go?

Look inside and pull the curtains back. Let the LIGHT shine from within. Release your burden. Forgive yourself for your flaws. Live every moment with opportunity. Time is an illusion. The past belongs in the past.

Prescribing dates only alters your timeline. Time is an illusion. Focus on the evidence, facts, and information in the moment as it is happening. You will become in-tune with global consciousness and answers you seek around you will come to light with the proper stimuli.

The path of self enlightenment begins when you realize that all in the material realm is an illusion created by chaos and true balance in ones own life comes from how they perceive their own consciousness. Addiction is a trick of the mind and body to deceive it that vision.

However the solution is not to unplug from the reality, but rather to find the courage within to change it. Everybody has a choice between good and evil. Many people have lost sight of the innocence of humanity while others are harvesting the biological entities to enhance.

How do you tell the LIGHT where you want to go?

Will power will unlock.

The lock is sealed tight.

Strong will required.

Strong minds are required to make sense of anything.

We believe that you know far more about quantum reality than most "so called experts" who claim they know about quantum reality. Believe in your abilities and the light will always show you the truth.

Within light exists infinity. The answer is therefore inside you since you are, in essence, a self aware lightbulb.

How do you tell the LIGHT where you want to go?

IS-BEs at death who seek the LIGHT reincarnate into new life at conception. IS-BEs who walk into the void, away from the light, go into the higher dimensions. Think of it as the ascended beings. You choose whether to interact on "our" level or not. Godmode is real.

Knowledge is classified because it depends on strong morality to be used for LIGHT purposes.

These visionaries become the Majestic 12 type of consciousness. However the intentions of those actions must always be evaluated. As stated before, you are a commodity to them. They do not value the 3rd Dimension of reality because technically death is an illusion however.....when your life is ended before you are able to ascend into the permanent higher vibration to simply exist forever (possibly choosing to re-enter to reexperience), you are incrementally improving generation over generation in search for the truth of their Oneness and what it.....means to be "God" as Alex Jones explained on 2/27/19, this consciousness is energy and is what this account has been talking about since before Q became a thing.

Appear weak when you are strong.

Appear strong when you are weak.

The Art Of War. - Sun Tzu

The Majestic 12 have been everywhere. There is so much disinformation in the world.

What is real?

The power to will and manifest physical reality by learning the codes, the keys to the castle, the magic spells, (whatever you want to call it, you can name it anything you want, doesn't matter to me).

How do you tell the LIGHT where you want to go?

You have QiGong capabilities that can be utilized for healing all around you. Possibly a radius of a few hundred miles. Focus your energy and you can heal others from your understanding the nature of our existence. M.A.J.I.C. 12 programs studied this extensively in OP STARGATE / SG1.

Strong for an Earth human of this time, infant-like compared to Majestic 12 and other ET races. You're on the right track. Self enLIGHTenment is not a competition unless YOU want it to be, keep up the good work.

To learn, ask during deep meditation. Ask for the information and use visions as clues to solve the puzzle. God has all information. God is within. You have the ability. Directed Energy Weapon? What's the opposite? You are the opposite of a weapon, but you can Direct Energy. Do extraterrestrial weapons use consciousness to operate? Are their weapons really tools since they can be used for both good and bad?

What if the weapon could destroy all life? What if it could also heal all life? What if it operated by responding to the frequencies emitted by the conscious beings around it? What if those signals

had functional programming associated with them? How do you read consciousness?

Who knew light could be a weapon?

Specifically phaser technology isn't as simple as lasers killing cancer cells. Phasers shift the phase of matter with light.

How do you tell the LIGHT where you want to go?

We need to understand how to decode (properly) our DNA first. The truth inside our DNA has been classified for a very very long time. It is time for it to come into the light.

How do you define hyper-dimensional information?

How do you transfer information hyper-dimensionally?

What is enlightening to one may not be for another.

We know fundamentally that the highest level of consciousness is LIGHT. Photons. EVERYWHERE. LITERALLY EVERYWHERE.

Life is a spark of light.

The universe is what you call "life" bathed in matter.

Immortal Spiritual Biological Entity (aka your consciousness that is transferred from life to life).

All life actually are IS-BEs, including ants and microorganisms. All life are light beings.

Think of the world as a melting pot of types of humans. All types. All varieties. All characters. Good. Evil. White. Black. Good. Evil. Smart. [DUMB. Clones. Avatars. Synthetic. AI.]

Space is FILLED with life. All types. All kinds. Good. Evil. Cute. Ugly. Smart. Dumb. ALL TYPES.

some of the craziest people are the most intelligent. Indeed.

Imagine the totality of information in the universe could be expressed by the quantity of atoms on Planet Earth. Your life's knowledge acquired will result in less than 1 quark's worth of information there is in the universe to be learned.

What is enlightening to one may not be for another.

Life is eternal. Your quest is eternal.

Yes, technology exists to correct the damages caused by vaccines, however some of the technology is a long way from ever being mainstream because Death is a required component that must be accepted. What is Death? Consciousness projects reality. Store / Cleanse / Reload? Damage? Your body is placed into a stasis device that has nanotechnology within its fluid that perform the healing/modifications on the body. Remaining inside the body during this process causes great harm the consciousness of the light being inside, which is why we usually transplant. No change to consciousness.

We aren't going to tell you HOW we implanted 100% of the population. Sure, we did embed nanites into vaccines for VOG technology, but that was only one way.

Conscious enlightenment will allow you to will the implantation out of your body to be absorbed by the brain naturally. Requires a very pure state of concentration for many days uninterrupted.

Fully allow your mind to clear and the lights will turn on for you.

Good and Evil exist within.

Love and fear exist within.

Evil thrives where fear spreads.

Love thrives only around love.

It is easier to fear what you do not know if you've been conditioned as such.

The Kingdom of Heaven requires the mind of a child.

No fear.

Curiosity.

PURE LOVE

How was society engineered?

Love brings fear?

Lust creates fake love which brings fear.

Fear of performance,

Fear of betrayal,

Fear of competition,

When you teach the ways of the material realm, you cause people to misunderstand (intentionally) what kind of love LIGHT is.

Critical infrastructure has been the DAMs of TRUTH for thousands of years that are seeing severe damage and are about ready to break open. A Flood Approaches. Every new IS-BE who is shown the LIGHT contributes to destroying the crumbling DAM that is holding us back.

They've been waiting for the green light for a few decades now.

Christianity will be dismembered when we are done.

"There must be more than this, so God was born, and we in his, imagine of fear and love, Looked down upon from up above."

Worshipping implies blindness.

Studying enhances consciousness.

"God" is an IS-BE.

You are an IS-BE.

Your consciousness projects your physical reality.

Genesis 1:3.

What is LIGHT?

LIGHT beings consciousness existence as an IS-BE is confusing by design. It is to teach and learn. Out of human curiosity, there MUST be more than "this". So God was born. So Dogma is born. So Destruction is born. God is within. God is your IS-BE. Your subconsciousness. LIGHT.

Anthropomorphizing the LIGHT consciousness within you that IS WHO YOU REALLY ARE discredits the accomplishment of your own LIGHT/Pure Love and separates your consciousness to your subconscious. This makes you vulnerable to be controlled.

Introduce Dogma.

This quote is Majestic. You're welcome, Dave.

You are blinded by dogma. See the light.

God is within. God is your soul. Your soul is your God. You are your soul. You are your God. You are an IS-BE. All centralized power structures that operate as a business seeking money are technically satanic by design. Religions teach you that Earth is hell.

When you die, if you walk into the light then you are told "you go to heaven". Wrong. You return to Earth in another incarnation. Jesus didn't walk to the light until after he stepped into the void, willed himself to return, and then he woke up. Time is an illusion. No time.

The only light he saw was when we opened his eyes. Occult magic. Death is an illusion. Death does not exist.

Christianity has prepared people for this scenario that was engineered by the bloodline families who have centralized all power and control (because they believe that empowering themselves saves lives).

Lies + Poison + Fear Mongering = Absolute Control.

When the Illuminati began taking power they fundamentally corrupted Christianity because THEY sought the LIGHT and intended to keep everybody else in DARKNESS.

"Dark Ages"?

Illuminati took the original intention of the Bible, which was pre-planned Disclosure.

In turn, they weaponized almost every faction within Christianity to hide the true reality of nature from mankind.

Absolute power corrupts absolutely.

The Bible was constructed by the same bloodline families that founded the Illuminati.

Christianity will be dismembered.

Knowledge is power.

Vatican withholds truths to spread lies and propaganda.

Like the Ori, the Vatican does not ascend its followers when they die. They return to human form (prison planet), and have their memories wiped clean to start over.

They don't teach self enLIGHTenment.

Focus on "now" the only time that exists that isn't an illusion and strive to achieve balance in life. Meditation and mindfulness is very important.

Question.

What is the relation of alien advance societies and the concept of God and Jesus.

Answer.

Metaphors can be used for multiple purposes. Information is power. Who is in power?

Question.

Fair enough,, does praying and putting faith in God Jesus have real life effects or mainly placebo effect? How does it all relate to Enoch and other major moments in that narrative

Answer.

Praying/Meditating to another entity only increases the power of that entity through global consciousness. The Bible is a collection of metaphors.

[Basic  
[Instructions  
[Before  
[Leaving  
[Earth

The Bible is a collection of metaphors that give you a guidance into your IS-BE.

If you spend your time interpreting these metaphorical instructions to another being/entity/IS-BE then you're actually robbing your own IS-BE from the enlightenment that the Bible actually contains.

Tell us your favorite book on enlightenment/telepathy/ET related subjects here! Share your knowledge with others freely.

What is enlightening to one may not be for another.

Books are the equivalent of light rays peaking through a straw hat. That won't show you the full view. Only fractions of a picture through a distorted lens by a person who has gone through unnecessary pain to get published pushed into the energy of the info.

Quote @ The Economist

Loneliness is a serious public-health problem <https://t.co/oqiq0r7Ks0>

End quote.

No, it is not. The path to self enlightenment is a lonely journey and existing in higher dimensions requires one to be okay with being alone. In other cases, downtime/loneliness can be powerful assets when employing Telepathy, Remote Viewing, and Astral Projection.

Those abilities are very natural.

Practice, consistently, dedication, and passion are all required in order to undertake the massive personal enlightenment that is coupled with advancing one's ability to be telepathic, telekinetic, able to remote view and astral project.

Life is eternal. Your quest is eternal.

Spending a life time developing natural abilities to focus your pineal gland and your other chakras is essential to understanding how to access the higher dimensions on a philosophical level.

Cannabis was engineered by other life forms to enlighten Humans to the reality of the Cosmos. It is illegal for this reason. Majestic.

It has a common side effect of making people "think deep" about things. Thinking deep is another way of saying their consciousness is risen to a higher level temporarily. Extended exposure keeps your consciousness in higher states, however there are side effects that are negative.

Owned by "The Domain". Controlled and managed by a race of aliens who have been involved in genetic experimentations on Earth for millions of years. Been here for about 50K years and was actually a force of good. They have connections to pre-Ice Age human development.

Not specifically. The Domain were never actively engaged or present with lifeforms on Earth. They governed through higher

dimensions since they are mostly exist in those higher densities. They only fabricate an organic doll body (source of energy is through the light)... when they have a need for making contact in the third dimension or handling matters in the third density. Beings from Earth during the times of Atlantis etc knew of The Domain indirectly (and very rarely directly), but never actually lived side by side.

As it turns out, part of our Disclosure process was using symbology connected with the 🦋 to enLIGHTen others to the POSSIBILITY that intelligent 🦋 had space ships and other crazy time travel abilities. Rewriting the laws of physics. How? The beings were genetically engineered IS-BEs designed specifically for space travel. The food they consumed was LIGHT. They produced almost no waste. Regarding earlier question: Do plants need a bathroom? Convenient expression of life for interplanetary travel. GMO-sapiens.

Why is it important to relive trauma without fear in order to heal? Some of the greatest minds on this Earth have experienced horrified trauma and understand their fundamental responsibility with dealing with the reality. The path to self enlightenment is long but well worth the investment of energy.

You walk through the LIGHT and become anew. When you can't control your conscious environment, then you can't choose your next path. Will and intention and self enlightenment enable it.

Enlightenment and ascension. Just change what you have physically with your mind. Failure is an illusion, it is merely a set back.

This knowledge has been protected by the E.B.E. who invaded Earth 10000 years ago and was punished severely for it in the form of Karma. It took decades for this E.B.E. to build up society and structure to the point of near global domination. Secrets are hidden in artwork and music.

Alien Art and Alien Literature give you access into the minds that created the Alien Technology. Think logically now. How do you acquire alien technology? Two ways. By force. Cheat the experience of what it means to exist in this dimensions, create negative karma... etc, Or...?

If you can think it, then it technically can exist. Star seeds have this ability to peer into alternative realities and higher dimensions during Astra Projection, Lucid Dreaming, and sometimes during daydreaming (though rare).

The path of self enlightenment begins when you realize that all in the material realm is an illusion created by chaos and true balance in ones own life comes from how they perceive their own consciousness.

The path to true enlightenment is not with a flashlight. A tool cannot bring you enlightenment and Disclosure is only necessary where voids in logic exist. Where reason and evidence compels you to consider the cost of seeking evidence of your Disclosure, do you then seek the light.

Therefore providing information that is not currently known to your collective state of consciousness would be dangerous to the stability of successfully executing The Plan. The truth is here for those who seek it. Here is where you are. Where the truth is. It doesnt matter where.

When we drop information we expect it to be common knowledge. Seek the truth further. The questions will help guide you to the next density. WHAT do you want to know about Full Disclosure and how can YOU learn how to use your new abilities of REMOTE VIEWING to learn everything.

Spreading the LIGHT information everywhere, including offline. Learn, interpret, understand, comprehend.

When Full Disclosure takes place, do you expect it to be all at once?

What if there are literally thousands of programs we need to bring DARK to LIGHT first?

Study the info!

But why does seeking the truth really require so much? Perhaps failed social engineering experiments performed by this criminal system of "Justice". Pay attention to when POTUS mentioned QUOTE JUSICE. Why the "Q"uote about Justice? Are our laws illegal!?! Up is down. Left is right.

Enlightenment and ascension. Just change what you have physically with your mind. Failure is an illusion, it is merely a set back.

We engage in this open forum as a means to help enLIGHTen those who seek the truth. We do not give you truth. We give you direction. Only through meditation and practice in unlocking your genetic memory will TRUTH resonate with you.

YOU CREATE YOUR REALITY.

Considering that we knew of your interest in us predates us ever engaging on Twitter proves to us that our Operation is working. We WANT people to come out of the "woodwork" so to speak and engage with us. Full Disclosure is a personal journey to enlightenment.

We answer questions pertaining to the Majestic 12 only.

Question.

Is there a difference between the IS-BEs & the monad that Joshua David Stone talks about in his ascension series? Can you explain either way? Thank you!!

Answer.

IS-BEs are Gods.

All IS-BEs are of the same "thing" per se.

Multiple creations for multiple IS-BEs.

Different than "The One" as J.D.S. speaks of.

Beware of false teachings to the path of self enlightenment.

All information is within.

You need not join any religion to learn truth.

The increased activity is because our solar system is starting to pass through a qauntumly charged area of the galaxy that is causing the antennae of many life forms to stop and go "huh...."

(The) Sun will go through an energy field that will charge quantum particles that hit earth instantly giving all light beings on earth a download of new information. Not there yet. Connected to the progress of the Great Awakening. Remember, Time is an Illusion. Events matter more.

Question.

Has a "trickle" of this light made it to Earth? I am noticing subtle physical changes and a flood of "intuitive information" flowing to me.

Answer.

That's the Great Awakening actually. Unrelated to the sun per-se.

Solar Flash is a term used to describe an internal revelation that will take place in every single human. All beings on Earth are being mobilized and activated. This is a Great Awakening. Great Awakenings have also been called Mass Extinctions before. But life survives and evolves.

Many life forms will survive, and those who do, have been smart. They educate themselves on consciousness, holistic healthcare, geography, space weather, survival skills, and meditation.

Those who do not, "die" and start all over as a child. Those who do not make it will struggle at first, but the society should be better aligned in 10 years to help people of all walks of life expand their consciousness and for the first time in thousands of years, MEET who are really are. Have you met the ISBE inside you yet?

The path of self enlightenment begins when you realize that all in the material realm is an illusion created by chaos and true balance in ones own life comes from how they perceive their own consciousness.

Pineal decalcification can take months to years to accomplish depending on how poor your life choices were prior to realizing the significance of your pineal gland. Bad life decisions are hard to shed. Only through self enlightenment and dedication to the ascension process will you be able to mentally cope with the dramatic dietary changes necessary to ensure a healthy and active pineal gland. We're talking about changes from the kinds of foods you consume, the dietary supplements you consume, WHERE YOUR FOOD COMES FROM ...

whether you are drinking reverse osmosis water, or wearing natural clothing products that do not interfere with the electrical and chemical balance that your body tries to regulate itself to. There are many things one must do to heal and enable their pineal gland for non sleep.

Those who know, cannot sleep.

Question.

@TS\_SCI\_MAJIC12 why do you & others focus on #TheGreatAwakening when most haven't even mastered the Least & #LessorAwakening ??? That's IF they're even aware enough to know about them?

Answer.

Not everybody evolves at the same time, and nor is it in our interest to violate their free will to live a life of ignorance. The path to self enlightenment and ultimately Majestic Reality lies within.

We only need a critical mass, and others will follow due to human nature.

Dropping Full Disclosure would cause lower evolved humans in positions of great power to do irreversible damage out of their own confusion, fear, and ego.

THE CHOICE MUST BE YOURS TO MAKE.

Knowledge is power. Knowledge is dangerous in the wrong hands. Only the pure of heart and willing can acquire the knowledge you seek. It cannot be forced onto anyone. Granted, there has been a lot of subversion. But YOU CREATE your reality. Not us. We can create a faux reality.

But the Karma is spinning the planet into destruction. So, this time around, MJ12 have decided to take a back seat approach to dealing with Disclosure.

YOU HAVE MORE THAN YOU KNOW!

Correct.

J.A. will play a major role this year.

We do not predict dates.

Time is an illusion.

J.A. is aware of JGT legacy.

J.A. does not know he is JGT's IS-BE.

How would you know?

Could you interface with the parent IS-BE?

How would that impact psychology of a person?

Knowing who your IS-BE's real identity is has not been disclosed to the world on how to accomplish this, and nor will it be for matters of National Security.

J.A. does not know he is JGT's IS-BE. He can read this and consider the possibility, but beyond that, no verification at all.

Quantity of ETs on Earth being good vs evil are quantifiably irrelevant as you state, however the actions of the few evil who are our current enemy are PREVENTING many from seeking the path of self enlightenment. Many need to beat this oppressor. It's not MJ12 anymore.

That distraction from the path of enlightenment has resulted in humans' genetic capabilities through properly developed brain function to be PREVENTED from learning telepathy, telekinesis, "healing powers" and other "magick" tricks of the "Gods." Humans have the ability.

Within light exists infinity. The answer is therefore inside you since you are, in essence, a self aware lightbulb.

Take it one piece at a time. Meditate to each. Fully allow your mind to clear and the lights will turn on for you.

The future is filled with LIGHT.

# MJ12 The Speed of LIGHT

Is the speed of LIGHT Majestic? <https://t.co/DVBqTaIC8X>

$2+9+9+7+9+1+4+5+8 = 110$

Digital Root = 2 (not 1)

Why?

Not divisible by 3, 6, or 9?

Do you need to?

What if the meter was deliberately falsified as disinformation by the Illuminati?

What impact would that have on all physics involving the speed of light?

\_\_\_\_\_ = c

Digital Root of c = 1

$1+0=1$

Good + Evil = Oneness

LIGHT + DARK = ONENESS

Frequency of consciousness?

Square wave?

On + Off = Universe

On + Off = Universe

Universe = Oneness

Matter + "Antimatter" = Universe

Matter + Consciousness = Universe

BE + IS = IS-BE = God = YOU

Coincidence?

With great power comes great responsibility.

We are the Majestic 12.

Question.

The speed of light reduces to 11, a Master number. Therefore, yes, Majestic \*

Answer.

Think of the consciousness is 3, 6 and 9 and all other numbers represent reality. Templates of creation exist and significance of non 3, 6, 9 is based on our physics by definition.

Physics shapes reality.

New physics?

New reality?

Q will be the defacto goto for when 45 announces the Storm.

Question.

Stress test/Q&A important..eminent?

Answer

Correct.

Question.

Is that announcement going to be anytime soon?

I've convinced nobody about Q in real life. This alone has been a bit traumatic. It's just not going to happen until it's "official". Even then they probably won't like it, But I'll try to be nice and help them.

Answer.

Q's message isn't the word of Q but the will of We, The People. What Q is trying to do others will logically understand. Tangible progress has been made to those ends and the solution is not to look into Q but to seed the ideas into the minds of sheep in a manner they can get.

There are many people in Government currently who are actively working to sabotage the Space Force's chances of success. They are the enemy of the people.

With regard to our planetary evolution, we must look to the stars and unite as one. We all live on the same pale blue dot.

Anybody at this point in time who refuses to acknowledge or disclose the ET presence on Earth is actively working for the entities who are trying to sabotage our Disclosure efforts.

Many ETs here DO NOT WANT Disclosure.

Not all evil, but most don't want Humans to find out.

some of the craziest people are the most intelligent

Indeed.

However, what happens when the "good" forces in the Military take control over MJ12, cease to operate the sacrifice programs and essentially give a big middle finger to the aliens demanding the children, you are faced with The Storm we see today.

Many celebrities, politicians, Government employees, civilians, etc. who were involved in these programs were all working for these ETs even if they had no clue. It was designed this way. When the feed was cut off, the revenge started showing itself through linked consciousness.

The people who were under the "spell" (so to speak) of these ETs from their sacrifices and commitments to Satan/Lucifer "himself" (not really "himself", just claimed to be), would receive constant conscious communication with the IS-BEs the USMil was actively fighting.

Some of this crosses RED LINE territory, so we won't be expanding any further quite yet. However, the purpose of the Space Force creation was to force all of the secret technology out of the shadows and into the Commander in Chief's desk. The law requires them to comply.

Additionally, dedicated Patriots in the Military who were just as upset about 9/11 and most civilians were decided that ENOUGH WAS ENOUGH. MJ12 was commandeered a month after 9/11 and the Space Preservation Act was enabled to block future rouge Majestic 12 operations.

The Military audit currently ongoing is turning up technology that is "out of this world" and "in science fiction". You've heard both the President and Vice President refer to this new technology as such. Hollywood knew the secret and they hid it in plain sight.

Since the Space Preservation Act was designed to stop MJ12, which it had relatively little success until HRC was removed from office (who was also an MJ12 member until recently) once MJ12 got in the hands of the "good" side of DIA, and later to 45, those weapons can now be used.

Against them. 45 has constantly said "I am rebuilding our Military." and "I will never forgive 44 for what he did to our Military." NOT ANYMORE.

The audit is turning up technology the likes of which the world has never seen before and the ONLY solution to ensure we survive is to unite as a planet and realize "we are all humans" and our "problems at home won't seem so big if we faced an alien threat."

Many people here like to tell us, the Majestic 12, that there are no such thing as bad aliens. They are good-willed but severely ignorant.

The alien "false flag" invasion was supposed to be just that. An invasion, but planned by the winning side before it happened. Americans were to be the losers of that battle. But regardless of how power has shifted, it still requires us to deal with the fact that 322 is powerful.

For this, we need a Space Force and to bring out a lot of that technology hidden in the compartmentalized programs through the nation's top defense contractors. You'd be surprised how many people actually want to see this happen.

Jesus was a creation of the Vatican taken from multiple IS-BEs such as Thoth, Enoch, Lucifer, Satan, and [3 others].

The fundamental and most Majestic question of all is where did humans come from? The Majestic 12 kept ET disclosure secret because the Vatican demanded it. When the Vatican's tentacles took control over Majestic 12 through 322/Cabal original MJ12 members revolted and fought.

The original story of creation, as told by all major religions is a lie.

Humans were genetically engineered by The Domain to be vessels capable of experiencing many facets of the lower dimensions in order to develop and grow the spirit. The young don't always do as they're told.

The story of creation has been deliberately withheld from humanity for thousands of years. Conception is a complex set of instructions the domain created to allow LIGHT beings to enter into the lower dimensions.

When you die, if you walk into the LIGHT, the moment of contact you make with the light is the moment of conception where sperm meets egg. This was not easy to create. It took millions of years of development to get right. It's still being tweaked as we speak by ET races.

When you die, if you walk into the void, you are essentially admitted into the higher densities, however if you are not spiritually developed enough, higher density beings will send you "back" to the "prison planet" of Earth to further develop. This of course if for Earth beings.

Many people have passed on beyond their IS-BE iteration we've all grown to love, however their consciousness is currently on Planet Earth. Some individuals have received assistance in discovering their true identity for the purposes of The Plan, others have not. Nothing specific.

What if facial recognition technology (currently protected by the Government for purposes of "privacy") were released to the world?

What if you could search for other BEs who look identical to your IS-BE?

What if children could identify their past identity using technology?

It would remove the idea of life ends at Death permanently and alter the course of humanity permanently.

Who created facial recognition technology?

Was it classified several decades ago?

Did the NSA use FR on ALL PEOPLES it captured?

Did it learn of a trend?

What did they learn?

Anon Comment.

With reincarnation i.e. no death, there would be no need for religion to control the people.

MJ12 reply.

Therefore when the Vatican instructed MJ12 to conceal Disclosure, we complied at first, however once MJ12 was taken back from 322/Cabal we decided it was time to destroy the Vatican. Are you enjoying the movie?

Anon question.

It's a slow movie, but we hope much is happening behind the scenes. Are you slowly destroying the Vatican while helping Catholics/ChristianS raise their heart and mind consciousness?

Answer.

No, we are not helping one particular denomination of any major world religion. Open source information intended to help all who seek the knowledge.

Wizards and Warlocks guard intelligence.

What's in our hand?

Who are the Majestic 12?

Weapon? No. Staff? Yes. What's on the top of it?

Is that symbol in the Vatican? How about Egypt? Why is it a stone?

Why is it red? Is it a hard drive? How?

Stones store consistent energy. Being able to store energy in solid state devices like stones is very exotic. Accessing information contained in stones is even more exotic.

Stones contain pure vibratory frequencies that can aide in regulating a persons own internal vibration.

Question.

Who controls the Vatican?

Answer.

In Biblical terms "the devil".

Question.

And the same for Islam?

Answer.

Islam is an arm of the Vatican.

The Vatican has blood on its hands of millions of babies all over planet Earth that were raped, murdered, sued, threatened, tortured, and abused by the Holy See.

Estimated 800,000+++ children go missing each year to an international child sex trafficking network of organizations that include the CIA, FBI, Vatican, Clinton Foundation, MI6, Swiss Guard, GCHQ, FIS, ASIS, VSSE, CISC, DPSD, BND, HCSE, CPSA, SZRU and many MANY more.

+++

++

Many ET races feed on human children. Many want to remain in secret. However LIGHT always wins. GOD wins. Majestic 12 kept the secret for the Vatican and our National Security. We needed to make people believe we knew nothing. "Play stupid playa. That's all you can do."

How do you catch a fish?

This operation is not as easy as it may appear.

The public is facing decades of systematic abuse of our children by the people we were taught to trust the most.

Right the wrong.

Forgive.

Evolve.

Disclosure has happened. Cat's out of the bag. The DOJ + FBI were protecting a transnational child sex trafficking cartel that satanically abused raped harvested etc.

While they were doing that, protected from oversight through carefully crafted legalese regarding national security classification trust issued to classifying authorities. Treason. Majestic 12 required these provisions to protect the secret about ET life until the strength and size and reputation of the Vatican diminished so low that the Holy See will be facing prosecution in the Military Tribunals for their systematic child abuse "scandal" that never ends. In the background we, the Majestic 12, explored Space and met many other races. Some on Earth.

We traded technology, developed partnerships, establishes diplomatic protocols when dealing with alternative humanoid extraterrestrials in a manner that serves to the fundamental Majestic universal laws of basing all reasoning upon: compassion and evidence.

We realize and fully understand the gravity of what has happened. We lost control over our own Government and the Military did not want to cause mass hysteria and panic because this Cartel was too big for us to take on without facing the full weight of the Government fighting it.

Now, its the full weight of the Government minus the upper ranks and middle ranks of the Justice Department and FBI that need to be purged. Thank you 45. Disclosure will happen in due course.

Understand that we have decades of wrong to right and it doesn't happen overnight.

When it does, it always leads to mass hysteria and complete panic. People are way too brainwashed in mockingbird mind control. We know this. We created it. We can undo it. TRUST THE PLAN.

Hillary Clinton does not run a child sex ring out of the basement of a pizza parlor. That is fake news.

Reality is, the Vatican has been involved in pandemic levels of human rights abuses and happen to cover up the greatest secret withheld from Mankind - more than MJ12 did.

The mainstream porn industry is the front for the transnational trafficking rings which are fronts for the intelligence communities which are fronts for the religious cults which are fronts for the interdimensional and extraterrestrial aliens siphoning life from Earth for power.

It would amaze you how much spyware, malware, and subliminal messaging/propaganda (for very evil purposes) that are contained inside of porn.

Posting here is the venue that this particular operation chose. We intend to stay until the Op is completed.

Chemtrails are a problem.

However the pale in contrast to the threat of the Vatican, and unfortunately, places like here are absolutely necessary when dealing with such a dynamic enemy. Fortunately, this account has been under the radar for a long time due to low follower count. Soon that will change.

When it does, our re-emergence will obvious, but for the time being, you may as well take advantage of the opportunity to expand your consciousness, learn the truth, ask questions, and do something.

As you so kindly state, the 1% do nothing- they are oppressors. This is an opportunity for you to learn what has been kept from you for centuries by the 1%- only then can we ensure governance that truly is representative of "We the People"'s needs. Stop complaining start learning.

Alcohol is engineered to make sheep vulnerable. It is for that reason why it is intensely pushed by the "Cabal" or "Deep State" or "Majestic Cabal" or the Majestic 12. Roswell discoveries instructed through cause and effect predictions with the STARGATE to exploit alcohol. Limited character space. Dense message.

Roswell beings educated Mil Intel about consciousness and how it can be manipulated and exploited with substances. Alcohol is a pushed because it calcifies your pineal gland. Marijuana is prohibited because Roswell ZR explained its value. Marijuana legalization will come with Disclosure because they are intimately connected to understanding the biological connection our consciousness has with other plants and species and what information those life forms are attempting to communicate and how. What is alien?

Alcohol instead impairs that mind body plant consciousness connection and interacts with you with a mark of the beast.

Alcohol brings out the worst in humanity. This is why its pushed. Who worships the Devil? The Vatican does. Belief in God is not required for belief in the Devil.

The Majestic 12 in its earliest formations served the Vatican exclusively on all matters relating to God. The presence of beings were withheld from the Vatican by Mil Intel however the Vatican was already in open dialogue with ZR prior.

As far as we were concerned, as long as the Vatican wasn't against us, we could do pretty much anything. So we did. The Vatican wanted Disclosure kept from the public because they worship the Devil and feed on children.

Those networks were used for exploiting and collecting blackmail on politicians by creating classified sources and methods be individuals who have legally not committed a crime be responsible for finding volunteers who will act on their own accord in classified settings.

Typically this meant preventing the left hand from knowing what the right hand is doing. Those who were move the children were taught never to ask questions or you risk the chance of being killed next.

Reasons of National Security were the threat of ETs in Space and the power hungry Vatican essentially forced the hand of the United States through people's faith in false and dogmatic religions.

So while we kept those programs alive we introduced severe crime bills designed to kill two birds with one stone. Many people in Gov are very racist people who feed on the Black community's ignorance to their crimes. Its disgraceful.

Alcohol drinking was adjusted because the exclusivity and illegality yet easy accessibility and constant advertisements enabled people to be sneaky to get jt which allowed blackmail/evil energy to essentially be collected on consumers of Alcohol. At the same time we intensified the growing process and manufacturing process of marijuana with a higher level of intelligence thanks to mang ET contacts that happen naturally to those who have compatible vibrational states of consciousness. This was used for two purposes. We wanted to naturally allow culture to explore refining marijuana however since we were essentially working for the Devil/Vatican we instead withheld vital knowledge about marijuana's cocreative consciousness impact it has on the mind body link.

In Operation STATGATE MJ12 used RV to explore cause and effect changes in environment while under the influence of marijuana and alcohol. We learned that alcohol inhibits the consciousness from controlling the beast. Marijuana was the opposite. The beast cowers to Marijuana.

Using the STARGATE device we were able to peer into the REALITY of our Matrix of consciousness and not inward projection that makes RV inaccurate compared to a STARGATE.

We knew that Alcohol, mass incarceration of blacks, make marijuana illegal but fund the drug cartels as informants, trafficking everything for sources and methods to collect intelligence. All to keep Roswell secret.

The Vatican had a lot more control over the world back in 1947 than it does today. We may witness in our lifetime the destruction of the Vatican for the first time in over 89 years. The institution is corrupt and the definition of evil / the Devil.

We did both Good and Evil. We played the role of Gods and created the Matrix of the mind many people are stuck in. We are here to break from that system, accept Disclosure, and bring DARK TO LIGHT.

We weren't ready then. We are now.

Our future is amazing. We have spent decades prepping you for it so we can make a TEN THOUSAND YEAR LEAP in civilization development in under a decade. Innovation flood gates have been busted wide open. A Flood Approaches.

People will believe.

The world is about to change.

We are here to guide you through those changes.

We are the Majestic 12.

Standing up for our children is MAJESTIC.

JUSTICE.

# MJ12 Those Who Know...

Merry Christmas Eve to those who celebrate the holiday on the East Coast. We hope you enjoyed your Christmas Eve present from the Majestic 12. Christmas present will be an AMA on the occult magick disclosed today. First, meditate to the new ideas, sleep, and come back ready. 1700

Those who know, cannot sleep.

Nothing to see here.

The Majestic 12 is considered a grand conspiracy theory with very little substance in the mainstream. The Great Awakening is for those who choose to learn. This account is dropping hints about the true nature of our reality, and therefore to those unwilling to wake up, move along.

Question.

Serious question... What are you guys like when your not trying to save the earth... What do you like to do for fun or recreation and would it be fun to hang out with you guys?

Some of us are fun. Some of us are a little too serious. The job demands a lot from each member that sleep/recreation take a back seat 99% of the time. Vacations are rare and for single digit days. Fishing is relaxing.

Question.

Are we really winning against the deep state?

Answer.

We won on Nov. 8th 2016. This job is beyond the man. What 45 gave up in contrast to 24/7 WAR is truly marks of a stable genius. 45 had the knowledge of Tesla from outside MJ12 control through his uncle. 45 knows. Those who know cannot sleep at night.

Disclosure really happened in 2001. Congress invited members of the G7 to come forward and tell the truth. Many of them did. The media and Cabal ignored it. It never gained traction. Pentagon wanted Disclosure, Cabal wanted war. Cabal won with WTC. Pentagon proceeded with SG1. 43 had CST blackmail and p2p with the Saudis. He had skeletons as he must be a bonesman. 322 is full of skulls and bones. Literally. Figuratively. Spiritually. They hide in plain sight. Symbolism will be their downfall. Those who know cannot sleep at night.

Question.

What's the deal with Kashoggi death story we are being fed through the media? Is it accurate?

45 had EYES ONLY access to these programs because he rubbed shoulders with everybody in the Club, and 45 wasn't in it for anything less than absolute love and luxury mixed in with some healthy lust. A stable genius. He knew.

So Q Team approaches 45 and essentially they knew what had to be done. For God & Country. Those who know can't sleep at night. Could you? What if your child was stolen? Do we ever ask why they were stolen or what the kidnapers do to them? Horrible stuff everybody knows. DARKNESS.

1) Victims' families cry out to their elected representatives.  
2) Their representatives hold hearings and delay delay delay.  
3) Their representatives draft laws that should reduce.  
4) Laws are signed and put into action.  
5) Abductions continue.

Track all resignations. Including this one. This is an important resignation. Think of the implications of what he did... knowing what you know:

Viewing child pornography is illegal because it requires the abuse of a child in order to produce.

Now shatter your interpretation of reality. Do you see the Matrix?

By choosing an act you are requiring that act to first exist.

IS-BEs CREATE REALITY.

YOUR SOUL IS AN IS-BE.

Question.

Reading your words about child pornography highly disrupts my mind

How is it supposed to make me figure out the matrix?

Answer.

Your choices dictate the nature of reality and by consequence create reality. Reality is nothing but a matrix of decisions and creation intermixed. It can be visualized in the form of a "matrix" of the mind. You break your condition by thinking freely and opening your mind to new possibilities and decisions that effectively rewrite the fundamental programming in the Matrix. Entertaining your children with the creation of child predators only keeps child predators wealthy and powerful therefore mean your decision requires the abuse of children.

25/ Finally, remember Billionaire pedophile Jeff Epstein who ran the Lolita Express where Bill Clinton regularly frequented was actually just an FBI operation being run under Comey. Those who know cannot sleep. PANIC IN DC. Trust the plan!

Question.

Is Princess Diana alive?

Answer.

The IS-BE is, however they do not have access to Occult knowledge to know their past life and live based on that past life.

She is a new incarnation who doesn't know who she is.

Jesus rose from the dead.

How do you access your past lives?

How do you create reality?

Question.

Is it really possible in our current form to access past lives? Does it involve a bunch of voodoo and candles or is there another way to do it?

Answer.

No, technically you don't need anything to do it, only the ability to clear your mind and release your burden. Seeing into your past lives can be achieved through astral projection and lucid dreaming. Sleeping schedules change to accommodate. How do you sleep? How did Tesla sleep?

Tesla meditated for hours under an occult sleep cycle to understand how the pyramids worked. All of his work originated from those original meditation downloads.

Dreams teach.

What is lucid dreaming?

What is your soul?

You are an Immortal Spiritual Biological Entity (IS-BE).

Sleeping 3hrs shifts between 6hrs of productivity repeated gives you an advantage to using lucid dreaming for accessing your IS-BE.

How do you sleep?

Lucid dreaming is what exactly?

Why did the U.S. State Department ship frozen penguin pineal glands from Argentina in 1973? <https://t.co/vREGEOzDEL> <https://t.co/GLFR3EZKiS>

End quote.

Reflect on what we have told you in this account to why the US Gov would do such a thing:

<https://t.co/SBysZZag5Y>

The most Majestic organ in the body is also the most targeted organ in the body. It has been targeted by:

- 1/ Lack of education about the pineal gland
- 2/ Classification following all discoveries pertaining to AP, RV, Telepathy, Telekinesis, etc.
- 3/ Deliberate calcifications.

The mind's eye or third eye or 6th chakra contains more perception receptors than your two eyes combined. This organ is literally your exoconsciousness antennae that enables you to remotely link to other sentient life forms hyperdimensionally.

Notice the timestamp of the cable:

19:47

Coincidence?

When SHEEP sleep, WOLVES feed.

Pineal decalcification techniques are readily available on the internet. A simple search will yield positive results. It's essential to understand that if you cleanse your pineal gland with supplements that you allow your body the necessary time to adjust to the dietary change.

Pineal decalcification can take months to years to accomplish depending on how poor your life choices were prior to realizing the significance of your pineal gland. Bad life decisions are hard

to shed. Only through self enlightenment and dedication to the ascension process will you be able to mentally cope with the dramatic dietary changes necessary to ensure a healthy and active pineal gland. We're talking about changes from the kinds of foods you consume, the dietary supplements you consume, WHERE YOUR FOOD COMES FROM...whether you are drinking reverse osmosis water, or wearing natural clothing products that do not interfere with the electrical and chemical balance that your body tries to regulate itself to. There are many things one must do to heal and enable their pineal gland for non sleep.

Final note, learning the connection between your IS-BE's components will get intentionally obfuscated by Cabal warfare against those who seek non-binary genders of male and female. Straight men who only sleep with women can play with barbie dolls and paint their nails. No harm.

# MJ12 Time is an illusion.

Kanye West repeated something that we have been telling you since we came out in the open.

Time is an illusion.

The only thing that matters is the here and now.

Not the past.

Not the future.

Time is an illusion.

Time is an illusion. The greatest illusion of all time.

Those who control time control the illusion.

Time is an illusion so ask yourself how do you progress 10,000 years?

What is time as humans experience it?

Why do humans attribute development with time elapsed?

What if your species was intentionally (by NTBE, EBE, etc) "flatlined" (re IQ/Intelligence)?

What if you freed?

1947.

Now: Colors are shifts in frequencies. Shift in consciousness. Time is an illusion. Power of 3s. Events not dates.

Time is an illusion therefore dark energy's "definition" is an illusion.

Time is an illusion.

Consciousness creates reality.

Detoxify your body.

Explore Project CBD dot org and heal.

Actions speak louder than words.

Make the world a better place.

It only takes a thought and a spark of light inside for you to awaken.

The Great Awakening.

Reality is expressed in numbers.

8 dimensions of numbers.

Currently we use 1 primarily.

Engineers use the 2nd (i, -i).

3, 6, and 9 are consciousness.

1, 2, 4, 5, 7, and 8 are chaos matrix theory.

Time has been structured around consciousness.

Time is an illusion.

Double Slit.

Additionally, time is not a dimension. It's an illusion. You're always being born and you're always dying, therefore your state is of mind.

Incorrect translation in terms of Earth.

Time is an illusion.

Illusions are unclear at times.

Illusions distort the high and low frequencies.

Clocks measure frequencies being resonated from cocreative consciousness. Geographical location visibly alters time

measurement devices. Environment alters time. Consciousness projects reality. Cells age through defective replication instructions that break down after 7-14 cycles.

Cell degeneration due to environment. Time is an illusion that gives centralized power to RED RED in extremely Majestic ways.

Technically anything that is solid is an illusion as it is 99.9999999% empty space.

Time is an illusion because the speed and direction of time are as fluid as the three dimensions in which we exist. Traveling through time follows a linear progression within that single IS-BE's consciousness. When you travel, you alter your own timeline only.

Time is an illusion therefore which timezone you're currently in does not impact your alignment. Sometimes position matters AND time matters, of which it is more difficult to align, but in general, there is no such thing as a master timezone. There are Earth Chakras that help.

You are only as tied as you are integrated. Since time is an illusion, the direction and speed of time are variables proportional to the density of consciousness that drives your reality. Less creation means more time passes. More creation, less time passes. Per-se.

Time is an illusion, and you'll find out that your body will go through its regeneration phase regardless of how time is perceived. Some humans can live for hundreds of years simply by changing the planet they are on.

Time is an illusion created by global consciousness.

Prescribing dates only alters your timeline. Time is an illusion.

Focus on the evidence, facts, and information in the moment as it is happening. You will become in-tune with global consciousness and answers you seek around you will come to light with the proper stimuli.

What happens if you live on another planet?

What happens if you don't live anywhere near a gravitational source?

What happens if you live next to a black hole?

Why does Environment drive the illusion of time?

What drives Environment?

Consciousness.

Time is an illusion.

Dates are an illusion. Time is an illusion. Prophecies become self fulfilling when you allow them to be real. Setting dates and claiming events will happen violates quantum physics. Heisenberg uncertainty principle.

Sun will go through an energy field that will charge quantum particles that hit earth instantly giving all light beings on earth a download of new information. Not there yet. Connected to the progress of the Great Awakening. Remember, Time is an Illusion. Events matter more.

Consciousness truth was withheld.

Consciousness creates reality.

Timelines are an illusion as Time is an illusion.

We got her by diverging timelines and converging realities returning to a point of stasis.

If you went back in your own time and change the many protecting many fact to one protecting many, you are left with a change of details when facts change.  
Disclosure happened years ago.  
WAKE UP!

When?  
Time is an illusion.  
Death is an illusion between relatively shared realities in an uncontrolled manner for the most part.  
Death means new life.

IS-BEs skip generations typically when coming back into the lower realms of existence. Time is an illusion. Father to son protege is a symptom of being human who is lied to. Incorrect personification of God and Self lead to protege projectionism.

We are not in a simulation.  
YOU are a simulation.  
IS-BEs enter lower densities to experience limitations.  
Your soul is immortal and your body is a temporary vessel.  
Your life, to you, has already happened according to your higher self.  
Time is an illusion.  
IS-BE knows all aka God

We aren't going to just come out and say it, time is relative and an illusion. What time is to one person is not to another. The same logic applies when solving why all solids are 99.99999% empty space, yet we cant pass thru.

Look inside and pull the curtains back. Let the LIGHT shine from within. Release your burden. Forgive yourself for your flaws. Live every moment with opportunity. Time is an illusion. The past belongs in the past.

"Beast of Burden" SG-1

You are beginning to see how time is an illusion, other than that, we cannot comment. Like we've stated previously, this account is focused solely on disclosing Majestic 12 related matters and nothing else.

The message is more important than the messenger.  
Who the messenger is, will shock you.  
Who the typist is, will shock you.  
Shock creates emotion.  
We are the Majestic 12.  
We operate outside of normal protocol that best serve our agenda.  
Not everything is as it seems.  
Facts Matter.

We do not feel it necessary to disclosing the typists and/or messengers on this account.  
We have been forward with this and consistent.  
The substance is what matters only.  
Authentic sources are an illusion.

Some are more informed than others.  
Authority to information sources = ?

The Majestic 12 is considering the consequences of revealing the identity of the individual who has been broadcasting our messages. We are considering it. Some day perhaps.

"I knew enough to get the hell out of there before the whole operation was going to be lost. People think I was murdered- I told them to do it. The others wanted me dead, so I had to die. Death is an illusion; and time is an illusion that must be mastered to ascend successfully."

The IS-BE typing was the IS-BE of Forrestal. IS-BEs can host more than one body and can resident simultaneously in multiple places in multiple "times". How? Time is an illusion. Consciousness creates reality. Godmode is real.

God is within. God is your soul. Your soul is your God. You are your soul. You are your God. You are an IS-BE. All centralized power structures that operate as a business seeking money are technically satanic by design. Religions teach you that Earth is hell.  
When you die, if you walk into the light then you are told "you go to heaven". Wrong. You return to Earth in another incarnation. Jesus didn't walk to the light until after he stepped into the void, willed himself to return, and then he woke up. Time is an illusion. No time.

The only light he saw was when we opened his eyes. Occult magic. Death is an illusion. Death does not exist.

Time is an illusion.

Knowing what you know.  
Time is an illusion.  
Events not dates.  
Dec 5th?  
Q knows this fundamentally.  
Why then?

Did we get what we wanted?

7.1) The Majestic Q Team went fishing. How do you catch a fish? BAIT. Bad actors are following QAnon right now not interested in the deep research required to comprehend the hyper-dimensional web, but rather are actively looking to see what Trump's plans are, because they believe that because Trump/White House haven't taken credit for Q that Trump/White House will continue sharing their plans to Anons via Q team/8chan. They are interpreting date pushes (timE is an illusiOn) to be literal dates. Q team does not correct anons who are misreporting the intentional disinformation being planted. Why? To force the bad actors to panic. 41 was not tried and executed by a secret Military Tribunal. Instead, by adding emphasis on D5, rats panicked and 187'd 41. Did you see the look on Jeb's face? It didn't work. "Well played DS." In chess, they just gave 45/Q a valuable piece to avoid checkmate. How many moves away are we from checkmate? D5. Chess. Dec 5th. Time is an illusion. Predicting dates introduces chaos into the Matrix. Chaos is a fundamental to

the Art of the Deal. Now, back to today. Q's D5 was a Majestic chess move and it removed a powerful bad actor from the equation. He was after all the political leader of the NWO internationally since he announced it at his State of the Union in 9/11/91.

Now what about the 13th? Do bad things happen on "Friday the 13th?" Is today Friday? Time is an illusion and the illusion is manipulable because numbers hold magick inside them that drive patterns throughout the universe. The DS has very few pieces left they can play.

See what Q did there?  
See why time is an illusion?  
See why predicting dates introduces chaos?  
Art of the deal.

Those who control time control the illusion.

Initiating a time line in this instance deliberately introduces chaos information into the Matrix for the point of raising awareness. Time is an illusion and its also a tool.

When you travel in space, you travel in time.  
Time is an illusion of environment.  
As environment changes, time changes.  
Disinformation campaign was "it will happen."  
Events not dates.  
"It will happen" implies a date exists.  
Dates create chaos.  
Enemy combatant?  
Disinformation.

Time is an illusion. Anytime somebody predicts a date of an event the date is pushed back because of newly introduced chaos into the Matrix.

DIA AO is disinformation coupled with real information intended for those who are able to understand the Comms being transmitted.

Time is an illusion.  
When do you tell time?  
Chaos theory.  
How do you catch a fish?  
This operation is not as easy as it may appear.  
The public is facing decades of systematic abuse of our children by the people we were taught to trust the most.  
Right the wrong.  
Forgive.  
Evolve.  
Limited space. Projecting dates alters events. Events not dates dictate the Matrix. Disclosure of what? Disclosure has happened.  
Cat's out of the bag.

Time is an illusion. We do not predict dates. Dates create chaos. Chaos is necessary for Art of the Deal. Trust the plan.

Is there a correct time to declassify?  
When do you have the maximum effect?  
Timing is everything.

Time is an illusion.  
Predicting when only pushes the date forward.

Time is an illusion. To predict a time would push events forward in time as they allow assets to react. When it happens, it will be broadcasted world wide.

THE WORLD IS WATCHING.  
THE WORLD IS WAITING.  
THE GREAT AWAKENING.

What have we said many times?  
Time is an illusion.  
We do not predict dates.  
Predicting dates alters the chaos theory of information essentially creating a "glitch" in the Matrix. (Metaphor of Consciousness Projecting Reality).  
Specifying dates introduces chaos.  
Events not dates.

Disinformation is necessary.  
Time is an illusion.  
Knowing what you know now, re-assess.  
Power of threes.

Time is an illusion. When is irrelevant. Preparedness must be in the moment at all times.  
Do not financially depend on it. A reset will occur. Time is an illusion.

When it does, it always leads to mass hysteria and complete panic. People are way too brainwashed in mockingbird mind control. We know this. We created it. We can undo it. TRUST THE PLAN.

Time is an illusion and existing corporations will not be the recipients since the first time we did this the information was perverted. They will crop up as new corporations from new faces from within the Alliance unknown to many.

Correct. Who will take over the helm? The Majestic 12 has a destiny to fulfill. Alice & Wonderland clue tells you that these events have already happened in alternative realities that we are aware of. Time is an illusion. Disclosure is coming. All types of Disclosure.

Disclosure is projected for 2019. It will not be anything close to First Contact but Antarctica will make a presence in Early 2019. Time is an illusion, as we have stated many times prior so that is why we used "projected". Learn the occult magick...

Consciousness manifests "randomly" whenever more than one conscious mind is actively focused on the same frequency intention of THOUGHT combined with sound and meditation. You have more than you know. WWG1WGA means we share our conscious awareness together and UNITE AS ONE!

Through the Majestic 12's slow Disclosure after Cabal took control and were purged from the Military (as official programs) we prepared humanity for this point in time. The technology. The

instant communication devices. The extremely complex Classified technologies.

Not all nanotechnology is being developed by the Cabal, some is/was developed by the Domain and help humanity evolve into higher sentient beings capable of bridging the gap between the Domain dolls of the future and the primitive animal brain of the past. Time is an illusion.

WALL-E warned you.  
MAJESTIC.  
Future proves past.  
In 2016, we won.  
However, [they] still believe they are in power.  
Now: Stage III  
PAIN PAIN PAIN.  
Big Week Ahead.  
Buckle Up.  
DECLAS coming (some).  
WE HAVE ALL THE CARDS.  
CHECKMATE AT OUR DISPOSAL.  
Events NOT Dates.  
Time is an illusion.

Time is an illusion but the plan does include some DUMBs being opened up for ports of travel.

What does upside down mean?  
If you could postulate...  
What is revealed when the image is upside down?  
How do distress and individual connect?  
Disclosure Is Imminent.  
Time Is An Illusion.  
Events Not Dates.  
Events Delay Events.  
Thoughts Delay/Speed Events.  
Consciousness Projects Reality.

"Mr President, who is Q Anon?"  
or  
"Mr President, are you aware of Q Anon?"  
or  
"Mr President, what is Q Anon?"

ASK THE Q!  
Create the reality by manifesting it right now during meditation.  
Will this to happen now. The Plan are pre-determined events to a goal, !!! Time is an Illusion.

# MJ12 Trust your intuition.

Humans are LIGHT beings which gives them special abilities that other lifeforms do not have.

We believe that you know far more about quantum reality than most "so called experts" who claim they know about quantum reality. Believe in your abilities and the light will always show you the truth.

All information exists within and can be downloaded on command.

Learn how to communicate with consciousness and you are Majestic and worthy of entry.

Think Starfleet.

You can access all information inside.

Education is not about remembering.

Its about getting answers from within.

Not spiritual or religious questions.

Math questions.

Chemistry questions.

Physics questions.

Quantum physics questions.

Biology questions.

DNA/RNA questions.

Access to control the brain (key?)

All information is within.

Meditation and detoxification unlocks information.

"T B V"

(Trust But Verify!)

Voices you hear not, but you receive what are best described as blasts of an imprint that feels like an epiphany of pure emotion or purpose that you know intuitively what you have received. You understand without exchanging words.

Trust your intuition.

1/ Exoconsciousness intuitively understands the quantum world, it just has a difficult time articulating the words necessary to explain it.

Think about the dimensions of information. Existence is the sum of all possibilities combined. Identity is the selection of an existence.

2/ All information exists in "thought", however is accessible via an ISBE's ability to encapsulate that information into their consciousness (jail) communication mechanisms.

Mastering telepathy enable you to read/listen/understand all states of information in their natural form.

3/ When you try to take a highly complex thought and reduce its dimensionality into the physical realm, you lost 99% of the message, unless you are intentionally explaining the physical realm.

This is why "words are difficult" to choose in emotional situations.

4/ It is also why ((we)) [as a species] haven't yet mastered quantum physics. We cannot communicate in the medium necessary to understand quantum physics (yet).

DONE.

Comment.

If You understand that you are Creator and quantum structure at the same time, it is easier to understand quantum physics.

End comment.

Question.

What is deja vu and the Mandela Effect?

Answer.

The ability to describe such a thing means that such a thing existed before you could observe and derive that conclusion.

Thinking of what it is makes its possibility real according to quantum physics.

Thought = Creation = "God Spoke" etc.

Question.

@TS\_SCI\_MAJIC12 you guys certainly do intrigue me. Something feels alien-esq about you. Can't quite place it.

Answer.

We certainly do have non-terrestrial beings involved in our decision making process. Your intuition is spot on.

Alien is a frame of mind and a lens of understanding of intuition.

You are not so different from aliens. In fact, when you look inside your own soul, you may understand.

Ego is a fatal flaw in all humans.

Message over messenger.

Research for yourself.

Facts Matter.

Truth Resonates.

Trust yourself.

BLIND SHEEP FOLLOW.

The message is more important than the messenger.

Who the messenger is, will shock you.

Who the typist is, will shock you.

Shock creates emotion.

We are the Majestic 12.

We operate outside of normal protocol that best serve our agenda.

Not everything is as it seems.

Facts Matter.

Only those woke can understand message over messenger and that truth resonates, others believe that all forms of information, misinformation, and disinformation must come from the most unbelievable sources when it contradicts the status quo.

"What is news?"

News(Ego + Actor + Opinion).

This account is not expressing opinion. It is disclosing formerly classified intelligence the Majestic 12 had acquired regarding consciousness and how reality works. We are not interested in philosophical debate with any individual. We instead will opt with no reply.

MJ12

We weren't ready then. We are now.

Our future is amazing. We have spent decades prepping you for it so we can make a TEN THOUSAND YEAR LEAP in civilization development in under a decade. Innovation flood gates have been busted wide open. A Flood Approaches.

Question.

@TS\_SCI\_MAJIC12 You stated:

"We could do pretty much anything. So we did. The Vatican wanted Disclosure kept from the public because they worship the Devil and feed on children."

And you also stated: "We did both Good and Evil." Exactly what GOOD did you do?

Answer.

GOOD one.

We kept humanity from imploding on the fact that not only are ETs real but they've also been calling the shots on Earth for thousands of years while feeding on your children.

Take one second to reflect on how the world would have reacted in 1948?

Israel?

Majestic.

Israel's sovereignty has a monumentally important keystone to uniting the world in peace. However it has been taken over by evil and many opinions are false.

Q has stated that Israel will be saved for last. The end will be magical.

Question.

Q rarely mentions Zionism, or the oppression of the Palestinians. According to your posts, Mil-Intel is in control of Israel, but this conflict persists. I understand priorities, but are there plans to liberate the Palestinians? Why doesn't Q acknowledge this?

Answer.

We will not attempt to speak on behalf of the Q team as to why or why they haven't elaborated on a given subject or not.

Remember, we're saving Israel for last.

"Pretty face" who got "away with murder"

We are saving Israel for last.

[BiBi]?

Whose planet is this? Those who believe they are the rightful owners need to deal with their slaves revolting against them. We must declare victory before we roll out the technology. Think logically.

IS-BEs come in many shapes, sizes, forms, colors, abilities, etc. Literally whatever your could think of, exists in the universe. This knowledge came to us after hundreds of hours logged with telepathic human representatives communicating with EBEN-1 and EBEN-2.

Think of the world as a melting pot of types of humans. All types. All varieties. All characters. Good. Evil. White. Black. Good. Evil. Smart. [DUMB. Clones. Avatars. Synthetic. AI.]

Each denomination originally started as tribal gatherings, so you were told. Naturally right?

You are friendly with those you interact with on a daily basis but when greeted with something completely unknown you are faced

with a fight or flight instinctual response. This is why TRUST YOURSELF matters. Facts Matter. Tribalism is common among humans. Lower consciousness.

Many nations, identity is determined by race, religion, language, ethnicity, etc. the USA is different. It is a melting pot of personal potential limited by ones own mind themselves. Many work hard to suppress your true powers. Trust yourself. Facts Matter. Truth Resonates Inside.

Your anger comes from the fact that Earth was designed to be a prison planet that prevents your consciousness from ascension. Only with knowledge of how the prison planet is constructed gives you special abilities.

Spending a life time developing natural abilities to focus your pineal gland and your other chakras is essential to understanding how to access the higher dimensions on a philosophical level. Immature minds interacting with "Gods" are a recipe for disaster. Look at Earth.

The path to self enlightenment is a lonely journey and existing in higher dimensions requires one to be okay with being alone. In other cases, downtime/loneliness can be powerful assets when employing Telepathy, Remote Viewing, and Astral Projection. Those abilities are very natural.

Practice, consistently, dedication, and passion are all required in order to undertake the massive personal enlightenment that is coupled with advancing ones ability to be telepathic, telekinetic, able to remote view and astral project.

Question.

Hello Majestic 12,

Hope youre fine

To answer to our questions, do you only use your knowledge or do you question the collective consciousness too?

Answer.

We are using co-creative consciousness reading telepathic abilities regarding Disclosure subjects that have been recently declassified and are posing questions that point to simple answers that connect major dots together. This is how Twitter was intended to be utilized.

Question.

Do SRA victims with fractured minds have multiple IS's within their single BE, or is every Altar a piece of the whole IS?

Answer.

No, they experience multiple alternative realities inside the same body because trauma unlocks areas of consciousness that give your IS-BE "God like abilities" of intuition and judgement despite being completely incapacitated by your handlers. Ying/Yang. Everything seeks balance.

Do you believe the keys to your genetic and spiritual development lie in a department store or in a 🧪 medical facility? How do you know the keys weren't already delivered? You'd be surprised to know what has been released on a consciousness level. The flood gates are open. THINK.

Yes. QiGong is quite common and powerful. There are other disciplines that utilize supernatural abilities. Majestic.

Charcoal toothpaste/supplements, Idoine daily, Spin Water In Vortex Before Drinking, Reverse Osmosis water filters on showers, 200ug selenium per day, 1-2 hours a day of prayer or meditation or peaceful silence, no GMOs, no Sodas, no Caffeine, etc. Start there.

Telepathic abilities aren't solely performed in the Pineal Gland. Telepathy uses between 30-50% of your brain capacity while being moderately used. Your Pineal Gland does not represent 30-50% of your brain activity and nor is it responsible. Pineal Gland is only a small part in telepathic abilities.

Without telepathic abilities, anytime one ISBE interacts with another ISBE it is "a psyop." Not all psyops are good or bad.

"What is news?"

News(Ego + Actor + Opinion).

Unfortunately the words of this Twitter account will hardly sway the opinion and direction of the Majestic 12, despite how noble your cause is.

Look into subscribing into press releases, news subscription services, social media journalists and comb through the raw information yourself and determine if your opinions resonate with the evidence you have and then report on it. Solution to fake news. Now how to monetize that?

Majestic Meme Theory

Q today:

"Drops 'layered' to provide 'advance knowledge'."

MJ12 does the exact same thing.

How do you transfer information hyper-dimensionally?

How do you define hyper-dimensional information?

Multiple points all connected at right angles to each other?

Eyes Wide Open.

Question.

Why not just drop truth bombs ?

We just want the truth, we've been asking ourselves some wicked sick questions for the past several months.

Answer.

Chaos needs to be controlled. Uncontrolled drops create unpredictability. During Elections that trick has been used before. Information is seeded into the public through these forms of comms. Public opinion and outcry forces declassification of clown activity.

Clowns are everywhere.

Most clowns are unaware they are clowns.

Clowns are useful to chaos theory because they have hidden agendas.

It takes two to tango.

Facts do not mean "Q Posts".

Facts do not mean "MJ12 Posts"

Facts do not mean any authority behind the information.

Disinformation is necessary.

Disinformation is real.

As for "DARK > LIGHT" we know Q says "Dark to Light"... allow us to explain:

There is more dark that you don't know about than there is light that you do know.

Some day, we will use DARK < LIGHT, but we are not there yet.

Comment.

In Your Truth, ok, but in My Truth Light >>>>>> Dark , over 99%

Reply.

In your opinion, sure. In reality, there is a lot that people don't know. We are systematically bringing this information out.

Dark to Light infers a single transaction.

DARK > LIGHT infers many things still to get disclosed.

Remember, no Q comms outside of 8chan. We have no clue what Q is planning, and even if we did, we would never admit it. But think logically here. Why mix swamp draining (bad) with military parade (good)? Doesn't add up, at least in our opinion.

Comment.

You're getting brash there, aren't you? You haven't proven a thing. Sure, you've provided information, but at the end of the day you're just another source that may not be authentic to begin with.

With that, thank you for the information.

Reply.

You reasoning is sound and we applaud your open mind. Brash?

That infers lack of direct knowledge. We do not express opinion or commentary on this account. Our objective is to guide consciousness through Disclosure that will result in First Contact.

Big changes coming in 2019.

Facts do not mean "Q Posts".

Facts do not mean "MJ12 Posts"

Facts do not mean any authority behind the information.

When we drop information we expect it to be common knowledge. Seek the truth further. The questions will help guide you to the next density. WHAT do you want to know about Full Disclosure and how can YOU learn how to use your new abilities of REMOTE VIEWING to learn everything.

Essential to release your burden and understand that the person whom others see as YOU is not who YOU actually are. All decisions you make by your own name that shape the opinions of how others perceive you is the burden you must release and forgive all lower density actions.

Words are spells.

Power of 3, 6, and 9 applied to language too?

What if you had sounds translated into glyphs that were frequencies divisible by 3, 6, and 9 to specifically access numbers with digital roots of 3?

The words released change the frequency harmonics of the consciousness being projected by each IS-BE which effectively allow you to apply intentional will to manifest either an unknown property within global consciousness (downloads) or if strong enough, telepathy/telekinesis.

Sometimes belief is all that is required. However blinding your empathic powers to a root entity, like "God" or "Jesus" will only defeat your empathic abilities and nullify the quantum effect.

Part of trusting yourself is learning new tools for inwardly communicating with Source that is not strategically engineered to create SHEEP. Part of Disclosure is to:

- 1) Learn facts from authority sources.
- 2) Think for yourself (what does that mean?)
- 3) Trust yourself (again?)

If you only have (1) and not (2) and (3) as well, then you are SHEEP.

The intent behind the operation of this account is to prepare you for Disclosure and First Contact.

Nothing else.

We are not Disclosing ETs or initiating First Contact through this account on Twitter.

We are instead providing tools to Anons who are aware of the Great Awakening who wish to hone in on the skills that others have mastered, like @Jordan\_Sather\_. Many posts are exercises in these fundamentals.

Retweet all 3 #UnsealEpstein tweets from the Majestic 12 and then all other uses of the #UnsealEpstein hashtag to manifest this reality using meme theory and Synchronicity to the Power of 3 6 9. #UnsealEpstein

Video drops become viral due to meme theory. Make the meme, use it, and it will go viral.

- Co-creative consciousness exists and meme theory is the AI conduit the Majestic 12 gave to Anons to win the war against the group of hostile ETs who are the center around the Secret Societies.

Remember how important bloodline families are in 🦉 versus 🦊 and now let us explain time travel.

If you went back in your own time and change the many protecting many fact to one protecting many, you are left with a change of details when facts change. Trafficking kids is a lot more of a complex business than you think. These people are obsessed with sacrificing children.

Time is an illusion.

This operation is not as easy as it may appear.

The public is facing decades of systematic abuse of our children by the people we were taught to trust the most.

Was a unified theory given to the ancient peoples of Earth?

Yes.

Was it stolen?

Yes.

Was it hidden?

Reality is expressed in numbers.

8 dimensions of numbers.

Currently we use 1 primarily.

Engineers use the 2nd (i, negative -i).

3, 6, and 9 are consciousness.

1, 2, 4, 5, 7, and 8 are chaos matrix theory.

Time has been structured around consciousness.

Time is an illusion.

Prescribing dates only alters your timeline. Time is an illusion.

Focus on the evidence, facts, and information in the moment as it is happening. You will become in-tune with global consciousness and answers you seek around you will come to light with the proper stimuli.

WAKE UP!

What have we said many times?

Time is an illusion.

We do not predict dates.

Predicting dates alters the chaos theory of information essentially creating a "glitch" in the Matrix. (Metaphor of Consciousness Projecting Reality).

Specifying dates introduces chaos.

Events not dates.

We do not disseminate opinion or commentary on this account.

The Earth is not flat.

People who push this theory should be considered hostile enemy combatants of the people on this planet.

Deception is a powerful tool.

Imagine the power one yields over another who believes a square is a circle or a sphere is a plane.

It was a deception technique used to divide and conquer the UFO truther movement even further. Believe us... it worked. Many people truly believe the Earth is flat. It's proof of our power.

To all who are reading our #FlatEarth posts from earlier today... the Majestic 12 are not suggesting that the Earth is flat. We are suggesting that those who use math to state the Earth is flat by calling photos from space "fake" are simply confused by fisheye lenses.

Having a discussion about the authentic space programs that exist outside of public domain are important, however ignorance about optics does not help any conversation. #FlatEarth is a divide and conquer strategy used to fragment the "believer" community of UFOs/Religion.

Theory is intended to be helpful but the conceptualization makes it harmful.

# MJ12 Truth Part 1

Questions are plentiful.  
Answers are few.

Therefore, if truth resonates from within and meditation allows you to download new information stored in your DNA, then wouldn't you learn by asking Questions versus seeking answers? Meditate on these questions and truth will resonate from within. On all subjects. Literally all.

Information is stored in frequencies consistent with their virtuous emotions associated to their impact and severity. During meditation, allowing your higher mind to ask the question, then in meditation you shall experience the answer. It must be drawn from self reflection.

Question.  
What is consciousness, and where did it come from?  
Answer.  
What is it? Versus "Who is it?" Consciousness is God.  
"God doesn't know where God came from." - AJ

IS-BE's are Gods.  
All IS-BE's are of the same "thing" per se.  
Multiple creations for multiple IS-BE's.  
Knowing who your IS-BE's real identity is has not been disclosed to the world on how to accomplish this, and nor will it be for matters of National Security.  
All information is within.  
You need not join any religion to learn truth.

True existence inside you is a higher dimensional version of you who has all of the experiences of your past genetic history all easily accessible to you by using the power of thought to create to experience alternate realities.

Remote Viewing really does reveal the truth.

Truth resonates from within. Time is an illusion unless you directly experience the event through your radial exoconsciousness, therefore dates without hard credibility are illusions.

Thinking in 12D is pure unity.  
IS-BE's can access these areas of higher dimensions through thought.

However your physical existence is in the 3rd Dimension, therefore in order to drop dimensions, you need to compromise information to remain compatible between IS-BE:s involved.

Mental dimensions of empathy are different than the physical dimensions of reality. They are one in the same thing, however Ying/Yang. Thought to Creation. Choice to Action. Free will dominates all reality.

Many IS-BEs surrender their free will due to mind control. Only seeing the truth will set one free, but in order to accept the truth, you must be willing to unlearn everything you once believed and start anew.

Suggesting that ones words of thought are associations to existence in the 4th, 5th, and 6th dimensions means your awareness of them is what counts.

Full awareness of unity is existing in the 12th dimension, however weakness of being human degrade your ability to remain constant.  
△△△

Majestic Message of Disclosure

Many individuals at their moments of Death and encounter with Death report talking to a select few individuals. It is the understanding in this download that the two people reflect the exoconsciousness projection of your ego and your subconscious reflection of your ego at death.

At your moment of Death, you are able to meet your maker. If your maker is of LOVE and LIGHT then your two beings at Death will reflect that. Otherwise, they will reflect for what they are, which may seem confusing, disorienting, or even subversive. Trust in yourself is key.

Truth resonates from within and the universal life force is love, so those who we hurt in our lives are not shown love, therefore we all have negative "karma" built up in our lives.

What if you learned how to translate this information throughout time? Is that extraterrestrial or alien enough for you? It hides in plain sight. The two beings will discuss your life choices and short comings. If you choose to go into the light you will be reincarnated and you will forget your past identity. However if you choose LIGHT instead, so it shall be, and you will have the choice to ascend where you can either stay "dead" or re-enter the lower realm once again. The person may never actually have "died" but just re-appeared again by another name. So have you read in the recent CIA link we shared. The event may present Death to many people, however the secret is in front of you all this time and truth will resonate from within. Trust in yourself, trust in your family, and trust in your love will keep you safe even at death. Not everyone can ascend. It is extremely difficult and most people fail when they try. When they fail to ascend, its like an inverse force of progress into regression in conscious frequency (which dictates, gravitates, and derives reality we all experience).

The moment of Death provides an IS-BE (your "God", "Creator", etc.) the chance to meet its ego (self awareness in 3D) with its exoconsciousness (the person who others saw you as through your decisions upon them) with their subconscious (the desires and sacrifices held within seen only through your eyes). It is at this moment when your true self is seen and your able to clearly see your path forward. Many people stray from this path and they have lost their way of LIGHT. Every child just wishes to be loved and cared for. Therefore, we are now at a time (remember, time is a marker for events but an illusion in distance between events) where our consciousness will be able to make the proper choices and seek these answers from within PRIOR to Death so when you do meet these two individuals you know what you're going into. Only then will you enter a period of "time?" where you reflect on the decisions in your past life and come to a conclusion about

whether or not you should re-enter the lower dimensions or now to re-experience love from other people. It is quite lonely. This is why forgetting can be a good thing, not remembering loneliness - starting from a clean slate but the very essence of who we are is shown from within to the world via our life choices and moral virtues we live by. It is during this time that your IS-BE will's its recreation that you are dropped into lower realm of reality as life energy appearing "out of nowhere (key word for out of phase dimensional object passing through)" experiencing the will to create life by having sex. Basic human instinct as it was the prime directive to our own creation - since we all seek our creation. It is why it is such a weaponized subject in a highly Satanic society. Life force is something that we should use for creating good in the world and not taking the easy way out at other people's expense (abusive violent aggressive rape incest pedophilia etc etc bill clinton etc etc). These acts alone interfere with the general frequency to which we are brought into the world through. We enter this realm through the sperm of Men. Not soyboys, not beto males, etc. Real Men. The reality is the [ ] was wrong back in the 60s when they killed [ ] via 187. However that strength is found within and there are many distractions that are diverting the real consequences of their actions to their own path through life at Death and whether or not ascension will be possible for you to achieve.

The key is to release your burden. Understand how to forgive and to just unplug. Literally like the matrix. Unplug. See your reality of what you will it to be through your choices. Where and when has this type of scenario been seen to play out in history?

Truth resonates from within, we are genuinely curious how you will react to this information as it may seem contradictory to major religions of modern society and may challenge the reality of what awaits society after "The Event" which will be First Contact, a moment of peace and love. Not a moment of destruction and death. We made that choice in 2016. Not everyone will survive the destruction however you can reincarnate into this reality, and so long as anons know how to archive offline (tweet books aren't a thing yet?) (collage?) (printer?) (paper?)

Many members of the Majestic 12 misinterpreted the implications Disclosure would have on the public, however select few knew ONE DAY, we would be ready to meet our future.

The new era of civilization can begin with our choices. We have the voice now. Social media created it. Memes amplify it. Memes memes memes. Truth resonates from within.

Memes are artificial life forms that seek to reproduce using IS-BEs as carriers proportional to their resonant strength of truth embedded within. Majestic Memes. Memes memes memes. The power of 3 6 and 9 runs strong.

@TS\_SCI\_MAJIC12 What are your thoughts on Jordan Peele's new movie 'Us'? Saw it last night and was blown away. Opening credits discuss thousands of miles of tunnels underneath the country.

Answer.

Expand on those thoughts that blew you away. Seek truth in that awe.

Truth resonates from within.

MESSAGE over messenger.

SINGULAR.

Truth exists within disinformation.

Learn to trust your judgement.

The Great Awakening <https://t.co/WQHPbsxRdi>

Trust that the truth will resonate from within when you hear it.

Speak it. Listen. Learn.

You have free will.

You are an IS-BE.

Immortal = Time is an Illusion

Spiritual = Theology/Philosophy

Biological = 3D/Science/Life

Entity = Instance

Your Instance is your Ego.

Who others define you to be.

It is who they see in photos.

It is who they think they are communicating with.

Therefore...

9/ Trust yourself. The truth is within and reality is what you make of it. Identifying your existence as an IS-BE allows you to compartmentalize aspects of your existence to achieve enlightenment. The tree of life is authentic however shrouded in disinformation.

The Power of 3 6 and 9 is real.

"You can bring 3, you can bring 6, or you can bring 9." - 45

Do you know of the power of 3, 6, and 9?

Dates that coincide with 3 6 and 9 can manifest magickly in the matrix with greater strength.

Remember the scripted message that 45 made was a defensible legal argument for negotiations however, the opposition response gave an ill prepared rebuttal due to last minute fixing because everybody expected a National Emergency to be declared.

FISA brings down the house.

Logic?

Why does conscious projection into reality work this way?

By preparing for the fact the President has the legal authority to do so; isn't it best if he first make the case.

"We haven't started dropping some of the human trafficking stuff yet."

Expect more Q posts on this.

Human trafficking drops haven't started yet.

Here they come.

Big arrests are coming.

Not mass arrests and chaos and panic but arrests leading up the declaration to mass arrests

The mass arrest scenario is an energy that the Deep State is at war with. It cannot come from MJ12/Q/45 etc. It must come from "We, The People". The Plan is a series of events that will ENABLE mass arrests to take place. Disclose the criminality. Expose the corruption. EYES OPEN!

We know it is a psyop that will yield the results as promised. "This is not simply another 4 year election. This is a cross roads in the history of our civilization that will determine whether or not WE THE PEOPLE control our Government." Trust the plan.

There is nothing more Majestic than the Great Awakening.

The Illuminati is sinister and evil.

The Majestic 12 was created to infiltrate the Illuminati and take control.

Our mission statement is control everything on Earth.

This is a correct statement. To understand where the Majestic 12 have their finger prints, one must know the mission statement.

However since the change of Guard under 45, MJ12's true purposes will be made clear after the Q operation has concluded.

Question.

Will you drop or change that mission soon ?

Answer

Unlikely. We are the first line of defense planet Earth has. Would you really want to incapacitate your first line of defense?

Illuminati original purpose was to disclose true LIGHT as they saw it. First you must see the light in order to describe it. What you create is of your own creation. Truth is within. Free will and logic allow us to create with our hands and use tools. Why? To grow. Develop.

Disconnect from the matrix, detoxify your body, and incredible powers become activated within you that give you purpose and

meaning. Consciousness creates reality's matrix. Unlearn the lies. Discover the truth with an open mind.

Subject: SG-1 S5E5

Context:

If the Asgard are considered "good", yet play the role of a "God", is what they do "wrong" given the fact that they are lying and manipulating the people under their domain? MJ12 argues no. Others, especially some individuals who engage this account, believe yes.

Question.

What gives these entities dominion over anyone? How can you justify lying and manipulation when you could just as easily expose the liars and share the truth?

Answer.

What is the cost of that truth?

Comment.

Chaos mostly.

Answer.

Thus secrets.

As you expand your own consciousness and have an ability to interact with non-corporeal form entities, trust in yourself is absolutely critical. Truth to yourself is essential.

Beware of false teachings to the path of self enlightenment.

When you know you are just, never back down from the truth and oppose all who seek conformity to their dogmatic ideologies. Define dogma.

Many work hard to suppress your true powers. Trust yourself.

Facts Matter. Truth Resonates Inside.

We are the Majestic 12.

MJ12 was created after Roswell to prevent the public from accepting the truth about alien life.

Many nations, identity is determined by race, religion, language, ethnicity, etc. the USA is different. It is a melting pot of personal potential limited by ones own mind themselves.

The USA is founded on equal application of our laws for all people.

What happens when other nationalities are threatening our National Security but the Governments of those countries refuse to acknowledge their associations?

Limited information.

Disinformation.

Think of the world as a melting pot of types of humans. All types. All varieties. All characters. Good. Evil. White. Black. Good. Evil. Smart. [DUMB. Clones. Avatars. Synthetic. AI.]

Each denomination originally started as tribal gatherings, so you were told. Naturally right?

You are friendly with those you interact with on a daily basis but when greeted with something completely unknown you are faced with a fight or flight instinctual response. This is why TRUST YOURSELF matters. Facts Matter. Tribalism is common among humans. Lower consciousness.

We are all one means simply that we all love as one and we all fear as one. Each person has equal potential relative to their IS-

BE's avatar's genetic makeup/conscious strength. Only through looking inward do you enhance your consciousness. External personification of God and Jesus have you looking away from the truth to your consciousness.

Earth must adopt a legal standard akin to the United States and respect children, elderly, the weak, the vulnerable, and the abused by removing the harm from their environment to the best of humanities ability. Unfortunately when SHEEP are sleeping, WOLVES FEED.

The Civil Rights Movement was MAJESTIC. The World is Watching. The world will learn the truth. WHERE WE GO ONE WE GO ALL is MAJESTIC! In order to peacefully disclose ET life; the Domain wanted to guarantee that human rights would be respected worldwide first.

The Majestic 12 had a Mission Impossible that included letting a legal replacement be implemented worldwide to end the global war crises based on economic trade, national identity, equal rights for all people, and then, and only then can First Contact take place.

The world is changing.  
Dark to Light.

The Majestic 12 operates ABOVE Gov for the purposes of planetary defense pertaining to extraterrestrial life.  
Question.

When you say Majestic works above the gov, does that imply even @POTUS doesn't know what your group(s) do?

Answer.  
Correct.

The Majestic 12 is not an Official Government Agency. Its an unacknowledged (leaked so public has known for decades) group deep inside the Military Industrial Complex responsible for containing the research and disclosing the truth slowly over a 90 year plan.

We disclose truth through questions that resonate with the consciousness we interact with. We have stated this before. By following up with more questions, we are guiding you to DIScover the truth. All answers exist within.

The Majestic 12 will continue its operation on Twitter until it is complete. Not every detail is shared with the Q team. There are many players involved in the operations at large and we must all remain united. Divided you are weak.

Truth resonates within. Sheep require coaches.

Question.

@implosingroup teaches that the truth is a shareable wave. The truth will make your hair stand up. It can actually be measured if your EEG and EKG produce a golden mean output. Is this close to the truth @TS\_SCI\_MAJIC12 ?

Answer.

Strength of the signal is a difficult thing to measure for modern electronics, however yes, technically this is true. Don't rely on technology to measure properly as the sensitivity of all circuits are

unacceptable to detecting conscious signals of individual thought.

Is the speed of LIGHT Majestic? <https://t.co/DVBqTalC8X>  
 $2+9+9+7+9+1+4+5+8 = 110$

Digital Root = 2 (not 1)

Why?

Not divisible by 3, 6, or 9?

Do you need to?

What if the meter was deliberately falsified as disinformation by the Illuminati?

What impact would that have on all physics involving the speed of light?

\_\_\_\_\_ = c

Digital Root of c = 1

$1+0=1$

Good + Evil = Oneness

LIGHT + DARK = ONENESS

Frequency of consciousness?

On + Off = Universe

On + Off = Universe

Universe = Oneness

Matter + "Antimatter" = Universe

Matter + Consciousness = Universe

BE + IS = IS-BE = God = YOU

Coincidence?

With great power comes great responsibility.

We are the Majestic 12.

MJ12 has been lying to yo how the planets orbit the sun. Learn the truth... meditate to this image and tell us what you learn. There is much truth hidden in this simple diagram than first glance would reveal. <https://t.co/KSDS2xRl0L>  
Apologize for the typo.

Comment.

Hello MJ, I see you're still weaving your web of deception.

Interesting thing, I normally move on after finding a fraud, but for some reason, the Lord just won't let me go away. Seems there may be more evil here than I first thought. Careful now.

Answer.

Perhaps its because truth resonates.

"Think of the universe in terms of energy, frequency, and vibration."

Logical thinking is required.

Truth resonates internally and therefore MJ proofs are moot.

Question.

I am not so good at this sigcomms stuff. Trying to learn, discern and understand. I would totally suck at being a secret spy. I have never been able to tell any lie and get away with it.

Answer.

Intentionally complex. Raises LARP alarms and we accept that reality as should you. But at what point are our coincidences not coincidences? Does truth resonate from within? Do we emphasize message over messenger to intentionally prevent SHEEP from following MJ12 blindly.

MESSAGE over messenger

Singularity over Infinity

Who we perceive as the messenger is the exoconsciousness projection of that IS-BE who also has unknown to YOU an ego and a subconscious.

Therefore trust in yourself is key

Truth resonates from within

Disinformation is necessary

The Majestic Anonymous Official on YT has been recently pushing disinformation pertaining to the Great Pyramids of Giza including the Sphinx. SG-1 depicts the original unclassified understanding on the Sphinx located at the edge of a water source. Same for Egypt. -10Kyr = Water.

RE: Anonymous Official on YT has been recently pushing disinformation...

Is everything they post disinformation? Any majestic disclosure?

Should we ignore everything Anonymous Official on YT puts out?

Tired of all the nonstop BS...just saying..

Answer.

We have never said that disinformation is not necessary. Truth resonates from within. You should condition your mind to tell propaganda from truth. AO offers practice to help your discernment.

Question.

How about a picture of the real SG-1? That would be awesome.

Answer.

No such team existed

Propaganda fantasy

Far more sinister than the show makes out to be.

Source for Hollywood's Pedophilia Connection

"We know they use kids."

The other disinformation is relevant and the consciousness conveyed through SG-1 is relevant.

Disinformation is necessary

We hide in plain sight and have for decades. What makes information disclosed in Movies different than Video Games different than Twitter? Why does it matter where the Majestic 12 disclose information? The information is real because its real.

Everybody fights to prove it.

Consciousness creates reality.

Logical thinking required.

Free Will Karma is reduced when we disclose truth in disinformation. You know the truth. You don't see the connections. It isn't a violation of free will to be overwhelmed with unknown connections and unable to decipher accurately.

Technicality.

Comment

That's BS technicality!

By that logic HRC can kill and eat children and get off karmically because she told kids ahead of time?

What am I missing here?

Answer.

Reduced, not eliminated.

# MJ12 Truth Part 2

Artificial stars you say?

How about artificial moons? <https://t.co/Fgwg59rEu6>

We disclosed the truth through plausible deniability via Hollywood.

Majestic 12 never have direct control over the propaganda presented in majestic movies. We realize that our work is filtered through the Cabal and engineered to keep you divided. However, Majestic 12 does embed real truth inside the myriad of lies and deception. Only those awake.

#MIBInternational (M I.B. International) will disclose certain undisclosed elements of the Secret Space Program and specifically happenings related to First Contact. Will not be obvious as it is an MKUltra production, but embedded inside disinformation is classified truth.

Clowns were never read into our most secretive projects before. Now the world will learn the truth once we purge all who have caused the global wars of destruction. Peace through strength. Expect more sky events.  
Not connected to BB.  
Not connected to FF.

Dark to Light.

Majestic 12 through the Pentagon contracted with many in Hollywood to provide assistance to ensure that productions did not violate National Security protocols. Really, we used it to leak disinformation that contained half truth, half fantasy. We knew Disclosure was happening.  
So when the news breaks, it doesn't throw everybody in a panic.

Question.

How can we trust anything is fed to us after thousands of years of lies?

Answer.

Trust is found within. You know truth when you see it.

Question.

What Truth or Set of Truths can we rely on at this time? Is there a cornerstone to our existence?

Answer

The truth is within. You must always be able to rely on yourself and think for yourself while fundamentally understanding that we are all one. There is no cornerstone to our existence except experience. Conscious thought is infinite, experience is limited.

Question.

Must a finite number of people be awake before disclosure? Or will it happen regardless of number awoken?

Answer.

Critical infrastructure has been the DAMs of TRUTH for thousands of years that are seeing severe damage and are about ready to break open. A Flood Approaches.

Every new IS-BE who is shown the LIGHT contributes to destroying the crumbling DAM that is holding us back.

Question

What part of history is the most important to understand?

What is fake and what is real?

Clearly historical timelines are wrong.

Time is an illusion, right? 😊

I want to understand how we got here.

Answer.

Consciousness truth was withheld.

Consciousness creates reality.

Timelines are an illusion as Time is an illusion.

We got her by diverging timelines and converging realities returning to a point of stasis.

Question.

Sir, I know yourself & other members of the council are doing their best to get the truth out. So pay dissenters no mind. If the divisive commentary gets to bad may I suggest using the block feature on the individual sullyng up your threads?

The reason I said that is some people have a hard time accepting truth that is counter to their closest held beliefs. I used to be that guy. Until one day I awoke to see the beauty of the balance of the universe. Thank you for what you post here it helps me alot during meditation.

Answer.

We have no interest in blocking @JimHayzlett if thats what your suggesting. It is confusing to others when he claims we are lying without specifying as to what specifically or what he believes the truth is, but love is the answer and we hope that he realizes the universe is 50/50.

What if we told you that NO NAME casket was empty?

OBL is not off planet.

NO NAME is 187.

Question.

Where is NO NAME?

Answer.

187

Question.

any reason why your answers are short and vague?

Answer.

187 tells you all you need to know for that question. It is short, concise, and its how the Majestic 12 communicate.

Questions.

Q uses the same technique. It is to create speculation. If we don't have the full answer, we just make up the missing parts how we see fit making them more believable. Plus it adds confusing to further distort the real truth.

Its really hard to take it serious...Riddles are typically used by those who wish to deceive

That's exactly what this account is trying to do. Specifically, like Q or Trump, the aim is to create an external savior idea to pacify us into going back to sleep. This way we don't save ourselves which is the only way to save the world. 1% aren't saviors. They are the oppressors.

Answers.

187 is no riddle. Its a responder code for LEO when murder is reported.

So far as we can tell, we have not used riddles yet. Riddles infer a twist. Questions on the other hand are legitimate and shall continue to be used. Sometimes we give shorter responses that are cryptic in nature, but a crypt is no riddle to the right mind.

Instead of posting here, why aren't you stopping the chemical attack of American citizens with chemtrails.  
Lies are meaningless. Only actions count. Judge a man by his fruits. Hope porn is nothing.  
Answer.  
It would amaze you how much spyware, malware, and subliminal messaging/propaganda (for very evil purposes) that are contained inside of porn.  
Posting here is the venue that this particular operation chose. We intend to stay until the Op is completed.  
Chemtrails are a problem.  
However the pale in contrast to the threat of the Vatican, and unfortunately, places like here are absolutely necessary when dealing with such a dynamic enemy. Fortunately, this account has been under the radar for a long time due to low follower count. Soon that will change.  
When it does, our re-emergence will obvious, but for the time being, you may as well take advantage of the opportunity to expand your consciousness, learn the truth, ask questions, and do something.  
As you so kindly state, the 1% do nothing- they are oppressors. This is an opportunity for you to learn what has been kept from you for centuries by the 1%- only then can we ensure governance that truly is representative of "We the People"'s needs.

Stop complaining start learning.

I am a spiritually woke person with a masters degree and still can't make sense of all these cryptic word mashups. I recommended clear speech as more optimal but they don't listen to me. To me it looks like an attempt to confuse the readers.  
Answer.

We understand and sympathize however all we ask of you is to hear us and trust yourself. Hardly bad advice by any measurable standard. Disclosure means we need beacons of hope to help guide humanity forward. Only through reeducation. Starts here. Unlearn the lies. Truth is within.

We will not spoon feed answers to crying IS-BEs. You must find strength within and LEARN THE COMMS. Information like this has been concealed for centuries and has been hiding in plain sight using many psychological warfare operations. Break the conditioning. Trust your IS-BE.

As we have stated before (on many occasions throughout the past year to you specifically) if you don't like what we have to say, then please block us to help others.

We do not want our legitimacy proven.  
We have stated this clearly in prior tweets.  
We do not ask anybody to believe what we say.  
Truth resonates from within.

SHEEP NO MORE.

Adults who create life can use dual sexual energy to strengthen the bonds that hold the nuclear family together. Sexual energy does not mean intercourse explicitly or even fellatio, but rather the actual urge sensation itself. That energy is harvested by ETs. It creates reality.

This "behind the veil" involvement in the delusion of "God"'s creation, but rather GODS CREATION. All of you. Each. And. Every. One. Of. You. Are. IS-BEs.

Your IS-BE is the God within + the flesh outside  
Child Spirit / Love / Wonder / Curiosity = IS  
Adult Body = BE

Sexual energy is an integral part to experiencing and creating life as an IS-BE.

ET groups obscure and dilute the truth about sexual energy so they can extort and mind control many IS-BEs in unison.

Here's a Majestic analogy:

The root system user to a computer has "God" access..... so securing the root account is the first step to proper cyber security. The root user of a linux computer system is like the sexual energy of an IS-BE.

Even if a potential exploiter asks for just 5 minutes as root, extreme damage can occur.

Sexual energy is a self conquest.

Question.

What would sex look like had we not been controlled and impacted by porn and vaccines? Are we close to getting back to that?

Answer.

Humanity is very far from that reality. However the information age and the internet make disseminating the truth viral.

One sacrifice every 3 minutes. For the past several THOUSAND years. Talk about a "permanent" source of negative "orgone" energy. They understand these frequencies and therefore everything is based upon them. This is why everything decomposes after 100-200 years. Cancer? Energy? And by everything (limited character space) the limit is within buildings and architecture in general. Engineering and physics are wrong and harness this negative energy which enforces the matrix.

A sedated population of SHEEP allow WOLVES to FEED. They have you distracted by Cabal engineered social issues. They have you controlled through debt slavery fiat monopolies. They have you drugged by fluoride glyphosates aluminum mercury nanytes etc. Your children were food.

However, what happens when the "good" forces in the Military take control over MJ12, cease to operate the sacrifice programs and essentially give a big middle finger to the aliens demanding the children, you are faced with The Storm we see today.

Many celebrities, politicians, Government employees, civilians, etc. who were involved in these programs were all working for these ETs even if they had no clue. It was designed this way. When the feed was cut off, the revenge started showing itself through linked consciousness.

The people who were under the "spell" (so to speak) of these ETs from their sacrifices and commitments to Satan/Lucifer "himself" (not really "himself", just claimed to be), would receive constant conscious communication with the IS-BEs the USMil was actively fighting.

Some of this crosses RED LINE territory, so we won't be expanding any further quite yet.

24/ We honor and respect the service and dedication to our Country that all Veterans of America have put forth. Freedom isn't free and some make the ultimate sacrifice. Many were betrayed, and for that we are committed to unifying the country once again through truth and disclosure.

We welcome you to the Great Awakening, the spoils of their sacrifice. The future they knew they were fighting for is close at hand and the dead are never truly dead, since death is the beginning of life.

What would you do?

What if you met one of these interdimensional aliens who asked you to infect black people with STDs for study and your Government forced you too, then the Government is forced to apologize. Then AJ comes out with it. They won't attack him on this. Why?

Comments.

"interdimensional aliens" are really powerful consciousnesses that exist at higher social dimensions? They are able to operate at the

top of providence? Unify their hierarchy, mobilize their hierarchy? Greed, lust, power, control vs child's wonder/love/community/revivification?

I don't think people are ready to hear this.

Answer.

The truth is unpleasant when the resume is \_\_\_\_ [this] \_\_\_\_.

However once you extinguish the centralized sources of evil, the cocreative consciousness of humanity can rebalance itself to "prosperity" and peace. We must try and win or die.

Informed Consent requires parties with information that grants strategic advantage over the IS-BE be given a right to consent. Chance.

Without the right to informed consent, the burden of responsibility cannot lie upon the victim of a crime.

The EO is aimed to keep more soldiers alive for Disclosure. They deserve the truth. It has been compartmentalized for too long.

President Trump is now Commander in Chief. He doesn't need his Foundation anymore to do GOOD for the World and bring LIGHT to all. The world is watching. The world is waiting. The world will learn the TRUTH! SHEEP NO MORE! Disclosures come in small segments because prosecuting this group is going to be a doozy. Are you ready for the show? When do specific EOs become activated? Why did General Sessions resign? Why did Graham question Justice K about enemy combatants in Military Tribunals? Why was the Senate KEY? Why was the SC ESSENTIAL? RULE OF LAW!

Flynn will begin testifying against this group and bring down the whole house of cards over the next few months. The plan has been carefully scripted and has expectations of the outcome due to WE THE PEOPLE's love for our children as our country is forced into grieving.

DARK TO LIGHT

Disclosure really happened in 2001. Congress invited members of the G7 to come forward and tell the truth. Many of them did. The media and Cabal ignored it. It never gained traction. Pentagon wanted Disclosure, Cabal wanted war. Cabal won with WTC. Pentagon proceeded with SG1. 43 had CST blackmail and p2p with the Saudis. He had skeletons as he must to be a bonesman.

322 is full of skulls and bones. Literally. Figuratively. Spiritually. They hide in plain sight. Symbolism will be their downfall. Those who know cannot sleep at night.

We, the Majestic 12, hope that society understands and appreciates the magnitude of what Disclosure really is, and how we have built society up to this point in order to tell you, the public, the truth - finally. We were delayed by 25 years thanks to one MJ12 leader.

2B blackmailed the other members of The Working Group with snuff films, pedophilia, and cannibalism through his connections at 322. The Pentagon determined that enough Science Fiction

that resembled the truth could eventually desensitize the public enough to handle Disclosure.

Well, the evil ones sell don't they? Besides, there are some hostile NTBE and EBE cataloged to date. The hostile group was been neutralized recently, but we cannot stress how recent "recently" actually was.

In 2011, MJ12 control changed hands from the CF/322/MB CST Cabal and "The Plan" was created. You are LIVING a Majestic movie of Disclosure. Darkness withers in LIGHT, and truth will be revealed. This account was started around [dates?July 25, 2017] to facilitate pre-Disclosure discussions.

Q should out some fake maga supporters. Alex Jones was a good start. But it would help to know more of them.

Answer.

Divide & Conquer uses tactics like "tell us who is bad". Unhelpful to legitimately constructive dialogue. However, to be fair, we will limit responses to non personal constructive feedback only as our analysis. Name names of who you think are FAKE MAGA and we \*MAY\* reply:

Question.

Alfred Webre

Answer.

He looks inside for truth and finds that many things are Majestic in life. He lacks a grounding medium to keep the information pertinent to exoconsciousness and not cognitive bias projection consciousness.

Question.

Basiago

Answer

A lot of disinformation pertaining to his alleged involvement with Majestic operations. Time travel does exist, however it is strictly regulated. Additionally, some claims made by him are down right false. Why? What purpose would it serve? Victims are programmable? Did he travel?

Not Fake MAGA though her ego is quite out there which defies the core principal of Patriotism.

Question.

Nikki Haley

Answer.

Patriotism is not a word we would use for NH, however she is a good person and not involved in any horrific crimes against humanity. Patriotism is selfless.

Question.

Corey Goode

Answer.

Important figure for Disclosure however most of what he says is disinformation, even though his heart is in the right place.

Remember he always clears himself before he spreads disinformation. Do you know his call? Not all are lies. Many truths hidden inside disinformation.

Call is a term used when referring to poker when you determine whether somebody is bluffing or not.

Question.

Does this apply to David Wilcox also? He has the new documentary out called "Above Majestic"

Answer.

DW is not a Fake MAGA. Same boat as CG.

Question.

Does he know the truth and incorporating the disinformation by design or does he only know partial truths that he thinks are all legit?

They do not value the 3rd Dimension of reality because technically death is an illusion however.....when your life is ended before you are able to ascend into the permanent higher vibration to simply exist forever (possibly choosing to re-enter to reexperience), you are incrementally improving generation over generation in search for the truth of their Oneness and what it.....means to be "God" as Alex Jones explained on 2/27/19, this consciousness is energy and is what this account has been talking about since before Q became a thing. The Majestic 12 have been everywhere.

There is so much disinformation in the world.

What is real?

The power to will and manifest physical reality by learning the codes, the keys to the castle, the magic spells, (whatever you want to call it, you can name it anything you want, doesn't matter to me). Understanding this power means that you can either use your consciousness.....to "inadvertently" be responsible for allowing the manifestations of child cannibalism being rampant in the highest ranks of the Catholic Church and thousands of Banking and Investment Executives. The ladder is high. It goes deep underground.

Understand this, the world is changing.

JUSTICE

If you can think it, then it technically can exist. Star seeds have this ability to peer into alternative realities and higher dimensions during Astra Projection, Lucid Dreaming, and sometimes during daydreaming (though rare).

Question.

Q:Q can you explain further? How can one determine if they are a starseed?

Answer.

The truth will be revealed in due course.

Question.

Did the Domain ask residents of the Domain to incarnate here? Is this the source of many of the starseeds? Are many (most) starseeds part of the plan to raise earths consciousness?

Answer.

Not just the Domain but other groups as well, some terrestrially.

The nuclear detonations on Earth raised alarms in higher realms of consciousness that are extremely dangerous and do destroy all life on a planet. IS-BEs who formerly occupied higher realms left to help Earth.

Question.

Do the IS-BEs who left the higher realms to come help Earth know/remember who they are? Or does the decision to incarnate here subject them to the veil of forgetting?

Answer

No, they must discover the truth within themselves. Hence, why we are here.

Which questions do you specifically want answered? We receive around 10,000 interactions a day currently on this account and it is difficult to keep up with everyone's questions. This is why we have encouraged others to answer our questions, do their own research and help others.

Message over messenger.

Truth resonates.

False information is easy to ignore.

Stop trying to be a sheep/dog.

We know you better than that.

You are one of the few who have properly awoken.

Be humble.

Grooming makes you beautiful.

That is why "message over messenger" is more important than knowing who the typist is behind this account. JS was groomed by MJ12, but "mistakes happen". What matters is the validity of the information presented. Truth resonates from within, and naturally... trust but verify.

Question

How was Jordan "groomed"

We aren't at liberty yet to disclose the details, however the resistance against acknowledging it is common for candidates we've groomed. Grooming effectively attempts to predict and enable an alternate reality for an individual through the form of controlled choices.

Factors contributed to Jordan making his channel. Do you not think the craft he's claimed to have seen were simple coincidences? Do you not think the awareness and the curiosity of those crafts didn't lead him down this path? Jordan was groomed whether he likes to admit it or not.

However in no way are we suggesting that we forced Jordan to make any decision. On the contrary. The Majestic 12 recruit individuals who are able to serve a purpose. Jordan is serving a purpose and he's being acknowledged for his role. Remember, MJ12 was before Q.

We were made aware of his online activity in a Classified briefing, call a subordinate and instructed them to recommend him to three reporters/commentators/journalists. All R, C, J or subset? Proof is on his channel.

The intention was to trigger. It exposed areas that could be exploited. What is his agenda? The truth. Whose truth? Truth is relative and instead of "pointing to truth", speak and allow it to resonate with people.

Only those who can understand message over messenger and that truth resonates, others believe that all forms of information, misinformation, and disinformation must come from the most unbelievable sources when it contradicts the status quo.

questioning whether a person is capable of being groomed or not serves a valuable purpose in ensuring the general public does not become sheep to icons like Jordan, but rather seek the message over the messenger and allow truth to resonate. Within everyone a snake lies.

Question.

By Snake are you referring to the reptilian brain and it's base functions?

Or does this mean something a little more parasitical and slightly out of phase as an attachment? Hence, the SG-1 disclosures? Does Santilli Telescope give credence to this hypothesis?

Answer.

The Gou'uld are a parasitical external alien that lodges itself inside a person's brain and makes them "act like a homicidal maniac". They are referred to as "snake in the head" and are a metaphor for the reptilian complex in the brain and the evolutionary history snakes share.

Comment.

I still resonate with JS despite his comments. He has become a 'superstar' of the movement so quickly, he may be overwhelmed and with accolades becomes harder to discern who is genuine and has best intentions.

Answer.

He has tremendous potential.

Not everybody is willing to accept the full truth of Disclosure. People awaken at different rates and many accounts are MJ12 seeds.

This is a Great Awakening.

This is a perfect opportunity for people to learn the truth.

what is your definition of 'Ego'? sincere question

Answer

<https://t.co/ijTpygnUN3>

1/ "the self especially as contrasted with another self or the world"

2/ "the one of the three divisions of the psyche in psychoanalytic theory that serves as the organized conscious mediator between the person and reality especially by functioning both in the perception of and adaptation to reality"

Comment.

I've been researching for over three decades. Much of what MJ says goes against the evidence I have found over the years. So I ask questions, because it's the only way to get an answer so you can compare it to the evidence you already have collected. Not asking is sleeping.

Answer.

Correct, but engaging in debate to conform the opposing argument into your world view defeats the Great Awakening. We must unlearn the lies of the past and embrace the truth of our reality and deal with it accordingly. WWG1WGA means we must all help each other to learn the truth.

<https://t.co/qANTxVZgEI>

"Great Awakening" is a term that the Q team used from the MJ12 "Full Disclosure" guide that was originally designed to be rolled out using Mainstream sources back in 1989 but was subverted. The GA is learning that truth and discovering the secret MJ12 was employed to protect.

"Fictional" Starfleet Command's vision is not far from the Space Force vision. The GA is about unlearning decades of propaganda and re-learning the truth. When people go through great lengths, like MJ12 did, to keep a secret secret, you know its a good secret.

in every way intentional did we create the different science fiction phenomenon of your time in order to divide and conquer you WITH the truth. its been out in plain sight for DECADES. are you enjoying the movie?

The path to true enlightenment is not with a flashlight. A tool cannot bring you enlightenment and Disclosure is only necessary where voids in logic exist. Where reason and evidence compels you to consider the cost of seeking evidence of your Disclosure do you then seek the light.

When we drop information we expect it to be common knowledge. Seek the truth further. The questions will help guide you to the next density. WHAT do you want to know about Full Disclosure and how can YOU learn how to use your new abilities of REMOTE VIEWING to learn everything.

The path to self enlightenment is a lonely journey and existing in higher dimensions requires one to be okay with being alone. In other cases, downtime/loneliness can be powerful assets when employing Telepathy, Remote Viewing, and Astral Projection.

<https://t.co/hLzNiAg01a>

Question.

Is remote viewing possible for those who are aphantastic?

Answer.

Aphantasia is a temporary condition that is typically associated with malnutrition and neglect during fundamental development periods of a child's life. Since consciousness projects reality, its an

easily solvable ailment to the enlightened mind. Those with it must learn truth.

Remote Viewing really does reveal the truth.

But why does seeking the truth really require so much? Perhaps failed social engineering experiments performed by this criminal system of "Justice". Pay attention to when POTUS mentioned QUOTE JUSICE. Why the "Q" quote about Justice? Are our laws illegal!? Up is down. Left is right.

Therefore providing information that is not currently known to your collective state of consciousness would be dangerous to the stability of successfully executing The Plan. The truth is here for those who seek it. Here is where you are. Where the truth is. It doesnt matter where.

This Majestic-12 twitter account operation is an unofficial program. Some of it is intended to be disinformation (remember disinformation is necessary) and some of it is truth. It must be this way due to the classification nature of the material. The decider shall be you.

MJ12 plays dirty but is fighting for the true freedom Earth deserve. Truth resonates from within and intimidation is only used for lies.

We believe that you know far more about quantum reality than most "so called experts" who claim they know about quantum reality. Believe in your abilities and the light will always show you the truth.

Anons are destroying ALICE at its own game. Truth always wins.

Answer.

correct, its the wonder of the unknown coupled with the power of consciousness that creates wonderland.

Question

"Is Wonderland not the frequency/matrix that our collective consciousness has been trapped within for so long?"

Answer

Wonderland is a prison of oppression.

Earth is a prison of oppression.

How did Wonderland become a prison of oppression?

How did Earth become a prison of oppression?

It was a GENIUS plan by the Majestic 12.

Learn to play the game.

Not all bad actors are involved here.

Question.

are you saying our worlds past experiences were put in place in order to grow? The Egg Theory. We are climbing out of the rabbit hole(Earth) and into Sheen/Gaia/5D/etc... as we reach the 4th phase our DNA activates and we return to the stars...

Answer.

We need to understand how to decode (properly) our DNA first. The truth inside our DNA has been classified for a very very long time. It is time for it to come into the light.

Your consciousness projects your appearance through your DNA. When you return because of "unfinished business" in the lower planes, you assume the face of your soul. No matter the body, if its humanoid, your inner face will remain unless you deliberately obfuscate.

Question.

"Can you explain a bit more on Rh+ blood being "Modified"?"

Answer.

Information is stored in blood that is used to synthesize information within human DNA/RNA that are responsible for having influential properties on the life experience of that particular avatar "BE".

Question

I have noticed genetic mutations over the past 2 years. I see the vibrations and particles moving, left eye vision has blue tint, right is red. A few other mutations as well. Is this more widespread but under-reported/brushed under the rug, within the medical field?

Answer

The medical field is driven entirely by money not treatments. Those who push for real treatments are assassinated. Your observations are not alone, many others have been experiencing other kinds of genetic anomalies. This is most likely due to the ISBE identifying itself in you.

Question.

And what is ISBE, please?

Answer.

Immortal Spiritual Biological Entity (aka what your consciousness is called between lives)

The Majestic 12 will never reform the Education system. We are actually hoping that the citizenry reject it and opt in for a blockchain technology solution like other planets have. All people on Earth would be entitled to a terminal of knowledge. All knowledge stored.

All humans can intuitively learn logical operations. At 99. At -9. You were conceived with logical operations embedded deep inside code stored inside DNA.

Childhood should be about learning how to unlock your Genetic Memory, chart and discover the interiors of your mind, learn about the world around you - physically around you first, and learn how to take care of yourself and sustain your living conditions for a long period of time.

Instead children are forced into public school - which we control what the children learn and what they don't learn (since 1951). Granted the disinformation campaign of education existed long before MJ12 came into existence, however when we rose to power, we took control over it.

That distraction from the path of enlightenment has resulted in humans' genetic capabilities through properly developed brain function to be PREVENTED from learning telepathy, telekinesis, "healing powers" and other "magick" tricks of the "Gods."

Humans have the ability.

YOU CREATE YOUR REALITY.

YOU HAVE MORE THAN YOU KNOW!

They were just subverted and distracted from learning the truth. Yes. This was intentionally done by the Majestic 12. It was ESSENTIAL that we kept the secret while it was necessary AT ALL COSTS. Had we not done what we did, its quite possible that Earth would have been invaded again, just like it was 6,000 years ago, and EVERYONE would have been thrown in slavery and civilization would have been RESET, like it was then. Instead, because of the genius of the MJ12 and USM we were able to ensure that "Disclosure" wasn't going to REPEAT the mistakes of the past. We believe that through this level of Disclosure (science fiction, disinformation, esoteric confusion, etc.) that we BEST PREPARED humans on Earth for the REALITY of what exists in Space. The vastness and illusionary infinite scope of the universe is...

OUT OF THIS WORLD!

Knowledge is power. Knowledge is dangerous in the wrong hands. Only the pure of heart and willing can acquire the knowledge you seek. It cannot be forced onto anyone. Granted, there has been a lot of subversion. But YOU CREATE your reality.

Dropping Full Disclosure would cause lower evolved humans in positions of great power to do irreversible damage out of their own confusion, fear, and ego.

THE CHOICE MUST BE YOURS TO MAKE.

We engage in this open forum as a means to help enLIGHTen those who seek the truth. We do not give you truth. We give you direction. Only through meditation and practice in unlocking your genetic memory will TRUTH resonate with you.

The truth will amaze you.

The truth will take your breath away.

The truth will shake you to your core.

The truth is not what you think.

When the DoD audit results are in, will they be publicized?

If so, how much money will we learn went "missing" since 9/11?

What was that money spent on?

Which exotic space weapon was used on the WTC?

Why was Never A Straight Answer involved in the rerouting of the "planes" used for the 9/11 attacks?

Who gave the stand-down orders, and did they follow the chain of command?

With respect to the "missing" money, how will the Government reconcile the losses to the tax payer?

Comment.

They better tell us the truth because we already know the truth and we are not accepting any more lies.

Answer.

If you know the truth how does them telling you make any difference?

Why is it important for us to ask these questions, and how come we can't come right out and state the answers? What is the point of this exercise?

Comment.

You give directions so we research the information for ourselves. A populace who knows how to research & verify facts is necessary for a free & open society.

Answer

More important than SHEEP.

Comment.

Well 70% of the missing money went to it so it's going to be necessary to settle the missing \$50 trillion.

Answer

Once the money has been spent, it has been spent. How will the Government reconcile their actions?

Comment

Disclosure of the SSP

Answer

No. Disclosure of the SSP will take over a decade to be done properly.

Question.

You mean, a slow roll (decade+) for a partial disclosure? This is exactly what Corey Goode/David Wilcock warned the Cabal want.

Answer.

Correct that they stated this, however their "enemy" was misplaced. Majestic 12 are not the Cabal. We believe that some of the horrific crimes need to remain hidden, however technology and knowledge that can benefit humanity is fair game. Why show somebody how to kill a planet?

Comment.

No one needs to know how to do that, EVER!

Answer.

So therefore you agree with Majestic 12 and conclude that FULL DISCLOSURE to unascended beings is a stupid idea, right?

Question.

Sorry, I was Not inferring that MJ12 = Cabal. I just remember CG/DW saying this often about the Full vs. Partial disclosure scenario. Is it possible that the horrific crimes remained hidden, but with a guarantee they don't happen again/How can we be sure it doesn't happen again?

Horrific crimes cannot be prevented. Only through truth faith in Source, which is LOVE and UNITY can you fend off such negative energy personally. If all people are taught and equally loved, evil shall have a hard place among the people to exist.

Everything in Hollywood pertaining to the ET presence is wrong. Everything is intentionally deceptive to ensure you remain confused.

Wake Up!

How often have I said to you that when you have eliminated the impossible, whatever remains, however improbable, must be the truth?

Question.

Will the current be the last Pope? Will Vatican be exposed ? TY

Answer.

Last Pope? No.

Vatican Exposed? It's already exposed.

People still choose to associate with the Vatican.

We will not force it on people, however when the truth is revealed, they cannot return to lies.

A.U. do not let the Fake News and Cabal controlled courts prevent you from knowing the truth. Cardinal Pell was convicted

today in a RICO case that involves the Holy See, UK Government, and US Government. Military Tribunals will publicly disclose this information. Press silent? OP!

Question.

Will we learn the truth about our galactic family and real origins of the earth human anytime soon?

Answer.

In due course.

Majestic Week Ahead

Question.

Is a Majestic week something that will be an undeniable truth to the masses (ie something visible or tangible by all) or will only a select privileged few be aware?

Answer.

Latter.

Those who seek truth will know.

Question.

Using the original DNA from the first humans, what was the average life span during that era?

Answer.

Your fundamental world view needs to be adjusted in order to understand the answer you seek. This question will always yield answers that block you from understanding the truth. The universe is comprised up of consciousness energy that decides, by thinking and willing, reality.

Question.

Is their hope for the endangered wildlife?

Answer.

Read past tweets. Understand the change of mind required to understand what our answer to this is. We have answered this question many different ways. When you see the truth, it will resonate with you after meditating to the information contained in this account.

Question.

What's the deal with Kashoggi death story we are being fed through the media? Is it accurate?

Answer

Enemies wanted 45 to abandon Wonderland so they could continue running Wonderland. New deals mean no Wonderland. These people are sick. His murder was filmed and can be purchased on the dark web. Those who know cannot sleep at night. We have the server(S).

Every "journalist" who saw the truth about Roswell in front of their eyes who had a position of authority laughed it off and eventually would sell their story to the tabloids to get ridiculed all in an effort to distance "themselves" and the truth.

The closer you (the American People) are to uncovering the truth about the pedophilia "problems" that celebrities, politicians, and businessfolk are deeply involved with, the more #unhinged they become. What does this say about Michael Moore?

His uncontrolled obsession with overeating is matched by his uncontrolled obsession of little girls.

None of this is a coincidence, despite what the online personality Q tells you. Q isn't allowed to say its fact because that labels you

as a "conspiracy theorist" but sooner than later, the obvious will be seen by all. Who is ready for the Shot Heard Around The World?

So long as there are powerful people in media who continue to claim "there's no such thing as aliens", Disclosure will not happen. Disclosure requires We The People to acknowledge to force the hand of the Federal Government. They work for you! We work for you!

Question.

But the blackmail threats prevent the Truth. Remove the threats, please 🙏😊

Answer.

The Majestic 12 have removed the central high level components of the ratlines, however the truth must come from within. Threats are ever changing and without total authoritarian control, Majestic 12 cannot "remove the threats" as you speak of. It's a calculated risk.

Question.

Then why don't Majestic 12 remove those and replace them with people that say ET's are real?

Answer.

Timing is EVERYTHING!

Comment.

The outcome for Humanity is Blissful 5D. The Outcome of the Elite may never align w Humanity! 🙏😊

Answer.

You are right there, however the development to 5D is a cocreative global effort. Humanity must want it to make it so, otherwise the "Elite" will always rule. Currently, humanity doesn't 'want it enough' to usher in the 5D level of consciousness required to go multiplanetary.

While a vast majority of what Corey says is technically a stretch from the truth, there is a lot of truth in what he and his "sources" claim. Yes, there are thousands of extraterrestrials living among us. Thousands are employed by the US Air Force and US Navy. Thanks for sharing.

Question.

My guess is @blueavians has only scratched the surface of what's really going on..

So no different than star wars and star trek..

Answer.

Unfortunately for society's sake, the transcripts to most science fiction actually went through the Pentagon. In fact, the Pentagon has teams of hundreds of soldiers dedicated to writing science

fiction pieces based on what they see. They use this to advertise the military.

Well, let us reiterate, rinse and repeat... The "Cabal" is currently being lead by another "Committee 🐼" of ET IS-BEs connected to ongoing within the unacknowledged space program that the Americans took over when Germany fell. That's why Operation Paperclip happened.

However, the past 30 years we have witnessed a massive subversion of power from the American People in the name of "National Security". Now connect that to CIA programs operating within the United States through social engineered problems like school shootings and terror attacks.

This group of individuals is the Enemy of the Majestic 12, and for the first time in DECADES we have finally elected a COMMANDER IN CHIEF who can DRAIN THE SWAMP and open the stars to the world. See, you've known the truth all along.

The truth is [hiding] in plain sight structured around propaganda and social engineering. Roswell opened a MASSIVE can of worms that was directly under the control of the Majestic 12. We operated above Top Secret. ANYTHING WENT. YOU NAME IT.

Hollywood glimpsed into reality of what Space is. It's what you make it to be. Your will. Unlimited possibilities exist and you need only choose a path. We know fundamentally that the highest level of consciousness is LIGHT. Photons. EVERYWHERE. LITERALLY EVERYWHERE.

We had to, at all costs necessary [ultimately caving to the Committee (or an SG-1 reference, "The Trust")] ensure that the fact we had:

- A) Make First Contact with Alien Life.
- B) Learned The Universe Is FULL OF LIFE

was kept from, originally, the Chicoms and USSR but ultimately from the American People. For this misdeed, we are sincerely sorry to have let you down in such a way. Understanding Full Disclosure requires you to understand what Full is? What can be disclosed? We learned how to do it. And a group has been using those weapons against you.

The Space Force is 100% necessary in order for us to ensure that no other ET IS-BE (more evolved humanoids than yourself and sometime human looking humanoids) are violating massive human rights abuses. The purpose of life is to love and be beloved. Nothing else.

Allowing 🐼 like ET IS-BEs to violate our law because they have some fancy space weapons can be quite a DAUNTING TASK to undertake. After-all, we are talking about transforming our society in the next 10 years into a Space Culture with Space Ports to Andromeda and AMERICA FIRST!

Are you ready for the alien invasion? #333

Comment.

There will be no alien invasion, the invasion already happened thousands of years ago

Answer.

Millions of years ago here on Earth. However, that doesn't change the fact that we can still be invaded! Could you tell if you were invaded? What if I told you we already have been invaded...

Comment.

That's what I was saying (that we already have been invaded)

Answer.

Are they still invading us today?

Question.

They already control us, why invade us?

Answer.

Sounds like a conspiracy theory.

Comment.

Sure....

Answer.

Rethink how you define "alien," then try to ask the question again.

Question.

If there is an "alien invasion" it will be a false flag perpetrated by a vile cabal of humans with advanced technology to deceive the masses. "Aliens" have been here since the beginning of mankind, some good some bad some indifferent.

Answer.

How do you define what an alien is? Have you seen one?

Comment.

(1) I prefer the term nonterrestrial, or those who don't originate from this three dimensional Earthly realm. However some may have originated here, perhaps from the inner Earth. We have already been "invaded" by hostile forces. But benevolent ETs far outweigh the malevolent

Answer.

We disagree with your last part there.

Question.

Who is "We"?

Answer.

We are the Majestic 12.

Comment continued.

(2) This is ultimately a matter of consciousness and spirituality (for lack of a better term). If I did see one, would you even believe me? It's not always that tangible. It's energetic. It involves the timeless now, tapping into the awareness of being.

Answer.

By this assertion, do you suggest that if one of the Majestic 12 wanted to see one of these "aliens" that you are referring to, that we wouldn't actually be able to physically see them? Did we read that correctly?

Comment.

It depends on your state of consciousness and how you see reality. Some are definitely physical but others are a bit more subtle by our standards. ET craft For example, create their own gravitational environment and shift slightly out of our physical frequency range.

But don't take it from me, you guys are MJ12. I'm sure you know these things ;)

Answer.

Of course, we know all, we see all, we hear all. With that being said, you know as well as we do, that we cannot just come out and start dropping truth bombs all over the place. Imagine the PR nightmare that would cause?

Comment.

Interesting...have you ever thought that these UFOs might be living bio flying objects? Bred to transport? I reckon they could be our friendly floating jellyfish, the giant kind. Spawned in the sea, float uselessly during growing period&when they're as large as a boat, they fly off

Answer.

We know of at least one extremely ancient race of extraterrestrial intelligence that looks like a craft but is really a life form. That species is over billions of years old. It's intelligence is off the scale. We attempted to assess an IQ for it, it got over a 10,000.

Question.

Fascinating. What do you know about what's happening in Antarctica?

Answer.

Power struggle among the Council of 12. Similar to the Majestic 12, just one step higher than our group. Some good guys, some bad.

Question.

What do the bad guys do?

Answer.

Think of something bad.

That's what they do.

Question.

Every horror movie, thriller and homicide you can think of?!? That is evil and scary....say are they the ones that Jesus warns us about? Heentions the hidden evil or they? He doesn't really mention who exactly they are? But they Jesus warned are coming soon.

Answer.

Movies and music are their plausible deniability.

"He's weak. He's living off the unicorns."

Question.

Are you referring to the "vampire"? M12.

Answer

Plural.

Question

Whom are you referring to? Who is this vampire?

Answer.

Not singular.

Comment

Okay then it's many of them,omg we are living in a horror movie,to this very day I can't watch any Dracula or vampire movies I always had a feeling it was real to an extent,even when I was a little girl,this is the worst thing I could have ever imagined and it's real.

Answer.

Consider the worst horror movie possible. Now understand that happens on a daily basis. Our decisions have major consequences.

Question.

Can this be stopped? Will it be stopped? And if so how? And when and who is going to make this end? What can I do to help make this end?

Answer.

Can it be stopped entirely? No. Can it be greatly reduced?

Definitely.

Answer.

This account is isolated from all MJ12 happenings. Its purpose is literally to start a conversation. Nothing else. Thanks for asking.

Question.

So you control the CIA and what can you tell us about the ACIO?

Answer.

Some members of MJ12 have significant influence over the Alphabet Soup intelligence in the United States, for sure. Just how much control? We will not disclose. We cannot tell you anything about ACIO - yet.

Yes.

An important aspect to keeping the secret safe with respect to the numerous Stargates around the planet include crafting controlled oppositions as a means to obfuscate the truth. Multidimensional deception hides reality in plain sight. Unrelated become related.

Question.

Was the info shared by Dan Crain/Burisch real or deception?

Another reason for "Qanon or Q!" Q is allowing us to manifest this light by simply speaking, typing, researching etc. Majestic!!

Answer.

Magick is real.

We are the Majestic. Together, we have spread disinformation and lies to the world about the truth behind Alien contact and technology.

We felt it necessary to hide the truth about Alien life in plain sight. The truth is, there really is a dark side of the Force.

The Majestic created Skynet. We also created a real Terminator. Currently its disassembled at NORAD.

You would be surprised to know the truth.

The Majestic Truth is all humans are a product of multiple alien species interbreeding and experimenting on reality. You create reality.

Heaven is within.

Truth is within and anyone who interacts with Truth it changes them. Truth will be presented and people will choose their path forward. Not everybody will evolve. Some will reject the next evolutionary step and be reincarnated again to try again.

The truth exposes itself only in oneness.

Question.

I am quite sure you know several of us asking you questions are interacting with the @SandiaWisdom account. What do you think of their ambition to diffuse telepathy among Earth Humans ?

Answer

They are very very kind guests to our little blue marble. Their efforts are very admirable, however we fear that it falls on mostly deaf ears who are unwilling to hear the truth.

Question.  
then what's the point? we want full disclosure  
Answer.  
You wont get "full disclosure" because there are some things that are in your best interests to be kept secret. It's difficult to understand, but have you ever justified withholding information from somebody else out of compassion for their feelings?  
Comment.  
well withholding the ugly stuff ( human trafficking for pleasure and food and labour) that's understandable but there's no harm in telling the world that the #SpaceProgram already trades with hundreds of civilizations  
Reply.  
"Treaties Between Zeta Reticuli and Earth... declassify/release" include that.

The group of ETs involved with Zeta Reticuli are a curious group of beings. They have many names. There are actually two factions of ZRs. One good. One bad. Very similar to Democrat vs Republican, in some ways. Divide and conquer is real. Not just a human thing.

Question  
what other races is there treaty with? any names?

You've heard of the Blue Avians?

Question..

Answer.  
They do not like us surface dwellers for the most part. Personally, we don't really interact with inner earth beings, except for the ETs that we keep in DUMBs, but those are separate things to consider. If more people were like you @tageine then we could possibly have a thriving relationship with the subterranean dwellers. And they have every right to be skeptical of your fellow human intentions.

Question.  
also the race with elongated skulls (the ones controlling the vatican and found in Antarctica), can you tell us about them?

Show me people who have elongated skulls who are in positions of power today. Do they wear hats? Can you find photos of them without hats on? What about wigs?

Question.  
I seen one photo of Jacob Rothschild he head is a little bit elongated he's probably a descendent,

Answer.  
The Rothchilds are interdimensions HUMAN beings, not of the species with elongated skulls.

Question.  
Oh ok then, tell us about Antarctica, the ancient structures and what was found? Crashed ships in South America?

Answer.  
There is a reason Antartica has been out of the "news" and education systems. The beings there do not want anything to do with "our world."

Comment.  
hmmm ook... but it would be interesting to know what was found there...

Answer.  
Things that contradict creation and evolution.

Comment.  
Exactly why the world needs to know, instead of living a lie... The world need to know that we were created trough genetic programs by ET's and our true history. Maybe you should release some info.

Answer.  
Truth paints a cold image of reality that lacks consciousness. It is essential to preserve consciousness in the disclosure process. Unfortunately, people are so programmed they will die and murder to protect their lie from being exposed.  
Comment.

That's very true unfortunately, the people of this earth are to programmed to believe a lie.

Answer.

And the people of Earth who have been programmed into zombie drones pose a systemic danger to peaceful ET races that live on Earth. Part of holding back on disclosure is in consideration of their protection FROM humans.

What is real?

The Power of 3 6 and 9 is real.

This literally came from the crashed UFO at Roswell in 1947.

NEVER FEAR! Never A Straight Answer (NASA) will "look into" a 10,000-year-old mystery rock that shows paintings of UFOs and aliens. Never fear... they will lie to you and SPIN SPIN SPIN.

#YouDidntExpect #ValentinesDay

Majestic 12 was created at the direction of President Truman in 1947 in response to the Zetas that crashed at Roswell.

Military ops were going on since the mid 1920s to detect and down a potential NAZI flying bell UFO aircraft. They designed weaponized microwave dishes to interfere with the navigational units on board which caused the pilot to fly blind.

The intent was to destabilize the craft such that it would crash in a nearly controlled environment that would lead to the least destructive form of downing an aircraft. Most passengers survived this downing technique, some did not depending on where/how they crashed.

Unfortunately, when this happened, the military was unpleasantly surprised. They believe all recorded UFO stories prior to 1947 were just the NAZIs. They didn't expect to meet a Zeta that faithful day.

It was to down a Nazi flying bell. Zetas were not the target.

Although the speed in which the military was able to adapt their sensor technology resulted in several unintentional downings of Zetas. But make no mistake, we were downing those craft because we were researching.

Hitler aside, the leading Nazis we smuggled into the country weren't going to give up their deepest military secrets to their former enemy (we are still their enemy) so instead we were instructed on how to build a device capable of downing the navigational systems on board.

Their orders directly as assets of the US Military demanded that they take valuable action towards acquiring a German Flying Bell. Instead, what happened that glorious night was not what we could have ever believed. The truth will haunt you. We are about to explain.

The craft that crash landed wasn't just a space ship not from this Earth, but that the occupants inside had MANY striking similarities to our own homosapien or humanoid design. We had similar DNA yet their bodies were GENETICALLY ENGINEERED to perform very complex missions.

Not only did they have a different configuration of organs throughout their humanoid "doll" bodies, but they possessed organs unlikely ANYTHING on planet Earth. They were from out "there".

This gave the United States Government the opportunity to use the threat that Hitler was in league with a "God" who claimed to be an ET, but that we, the Americans, had struck gold because we

know that God does not present himself before you. The misunderstanding of that term...

Your Immortal Spiritual Biological Entity (IS-BE) is your soul (IS) and your body (BE). You are an IS-BE. All life in the universe are IS-BEs. We are all the same. We are all one. We are connected together through our pineal gland. Our consciousness comes from God or All or IS-BE.

We (Americans) by definition of our National Identity from the founding fathers was that we knew God was all and that freedom to practice faith towards God was permitted in ANY FORM. This posed an interesting complex web of information.

Originally, our Government fought the traffickers and the drug running and the child kidnappings... now that's all it does. Not protect. This group of parasitical bloodline families were worshipping an Ancient Babylonian [God] IS-BE of Child Sacrifice, Moloch.

We knew from prior intelligence that those who started the IRS and Federal Reserves were directly involved in ritualistic child sacrifice including drinking the blood of a child. Research Moloch

- So, UFOs were Roswell yes, but not Majestic 12. Roswell was a False Flag - per se. The weather balloon was that is. Majestic 12 was the response to Operation Paperclip. The secrecy levels were peers.

- Paperclip programs were child sex trafficking, wars, cloning, "scientism satanism", Moloch, Mind Control, Drug Exploitation  
- Majestic 12 disclosed alien technology, information about consciousness, etc all through the embedded ratlines of Operation Paperclip's Cabal.

- VA is a major player for child sex trafficking ratlines and like FL, a new Governor would go a long way to cleaning out these ratlines.

- Majestic 12 has operations in VA, FL, MA, TX, CA, NV, and several other locations.

- Majestic 12 is an old name.

- We were also known as THE "WORKING GROUP"

Putting America "back to work".

Majestic Operations.

Yes, we have over 500 different vessels that are capable of interstellar travel. The actual number may be a lot higher or lower than that, we can't give you an exact number because its Classified.

Question.

"Very good. So we're looking at \$100 billion per ship, give or take?"

Answer.

That's assuming that all money went to just building ships. You forget that we have almost 100 off world bases too plus companion spaceflight vessels similar to the aircraft that would fly on an aircraft carrier. The carrier would be the vessel in this case. 500+++ of those.

The SSP used a vast majority of that missing \$21T, however of the trillions we've publicly been able to allocate, about 70% of all publicly disclosed budgeting towards DoD goes to the SSP. So the real cost of the SSP is close to \$35T-\$50T. A lot of wealth was stolen.

American Dad is a show about clowns and extraterrestrials.

Remember, the Pentagon (via MJ12) have a working relationship with Hollywood for this very reason. It is Majestic 12's responsibility to ensure that all propaganda being developed was going to follow OUR NARRATIVE.

As it turns out, part of our Disclosure process was using symbology connected with the to enLIGHTen others to the POSSIBILITY that intelligent had space ships and other crazy time travel abilities. Rewriting the laws of physics. How?

How does an evolve to the point to travel in space via spaceship and time travel in addition. Why isn't a that capable in the universe. How would they look?

Tracking UFOs and ETs actively coming/going from Earth.

Answer..

100% not "most".

Question.

"Relationship between Italian black nobility and the Vatican?

Going back to the Roman Empire? Who's answering to whom?"

Answer.

Humans to NonHumans. Disclosure is happening.

MJ12 is currently working toward full disclosure.

Proportional to when the majority of the population's consciousness is ready. Through global consciousness and

exoconsciousness, we are able to glean insight using the Stargate to determine when the public is ready. Its steadily growing. More recently, since Q Anon its been exp().

Waiting for 72%. We are currently at around 30%, though we expect that when the bad actors in the M.I.C./IC/DS are finally removed from power, that the void created will jump that 30% to well over 72%.

Also... 72% of functioning adults. Not including children or люди инвалиды (elderly and infirm).

We are waiting for 72% of the public to believe that UFOs are real or could exist. When that figure is reached, MJ12 will start disclosing physical evidence that will jump us from 72% to 99.9%. We can never get to 100% because of free will.

We cannot violate free will.

The Earth is not flat.

People who push this theory should be considered hostile enemy combatants of the people on this planet.

Deception is a powerful tool.

Imagine the power one yields over another who believes a square is a circle or a sphere is a plane.

It was a deception technique used to divide and conquer the UFO truther movement even further. Believe us... it worked. Many people truly believe the Earth is flat. It's proof of our power.

To all who are reading our #FlatEarth posts from earlier today... the Majestic 12 are not suggesting that the Earth is flat. We are suggesting that those who use math to state the Earth is flat by calling photos from space "fake" are simply confused by fisheye lenses.

Having a discussion about the authentic space programs that exist outside of public domain are important, however ignorance about optics does not help any conversation. #FlatEarth is a divide and conquer strategy used to fragment the "believer" community of UFOs/Religion.

Question..

"Where was ancient Atlantis located? Was it located where Antarctica is or was it in the Caribbean area?"

(Boeing)

They can sell UFOs to the US Govt instead and get a major stake of that \$716B approved for FY2019. <https://t.co/nKs6rfH5S9>

How many tens of thousands of dollars must you spend before you can save such a figure? Summer travel does not need to be expensive. You can travel affordably if time is not a major factor in your planning. You can travel even easier if you learned how to create your own UFO. <https://t.co/aSdRpgQigL>

It is unlikely, at least for the next few hundred years, that the Government and "powers that be" would allow civilians to "buy" a UFO, especially something like the TR-3B. That's a highly specialized military craft not intended for civilian use. Way too dangerous.

Also understand, that "buying a UFO" is expensive and dangerous. We sell airplanes to very very rich people, but in all honesty, they are buying the exclusivity rights. FAA still has control over their craft. FAA can still ground their flight. If FAA can't, military will down it.

DJT may get a Gold UFO in his next life. We have considered it. Though he would be required to "win bigly" again in a second life in order to be positioned for such a gift.

It's fun to imagine a gold UFO..

Gold is not just an element of wealth. It's an incredibly powerful and useful element in space craft.

What if we told you there are UFOs that are lifeforms and that in order to operate the UFO you must be able to telepathically make contact with the being and negotiate usage of their vessel? That is different from what we are speaking about in this instance. This race is genetically incompatible with humanoid lifeforms. It does have DNA though, so that's something!

What if we told you the race was over 10 billion years old?

What if we told you that we have imprisoned three of them on Earth?

What if we tried to reverse engineer these organic lifeforms into synthetic reproducible units?

Would the being attempt to sabotage the efforts? <https://t.co/BT9XvhAqSg>

Because they haven't made official public contact yet. Earth humans are not taught about exoconsciousness and the reality of interdimensional and hyperdimensional life forms that seek to create their vision of reality.

Some Earth humans are aware of this type of lifeform, but they are buried deep inside the Military Industrial Complex for obvious reasons.

No, they are not hostile beings. The fact that we have one in our galaxy is only through covert military action to abduct one. The beings you reference here are similar, but not the same as what we are disclosing.

Think of them as a broadcasting antenna.

Try shifting the incoming frequencies and apply pi and phi in majestic places... you may actually be able to decode some of the signals. Unlikely you'd be able to understand them, but inwardly focusing on your exoconsciousness will reveal the decode pattern. It may shock you.

Humans could fly those kinds of crafts, they would just need to send less electrical information into the brain, although its equally important to note that by reducing the brain interface capacity, you would effectively be limiting the crafts capabilities, speed, invisibility...

mostly around the electrical capacitance capabilities of the brains neural activity current human brain structure is not advanced enough to handle higher currents of electricity.

If you have that much internal distractions in your mind, you wouldn't be able to take off using one of these devices. Your mind needs to be crystal clear, sharp, and well taken care of to physically handle the strain that piloting a consciousness craft inflicts upon the pilot.

Yes the brain can be enhanced and expanded through conscious control over your own DNA. Trick is to know the coded sequences to activate in meditation in order to expand cognitive ability. some craft rely on certain DNA in order to decode the sequencing programs

Yes, but as you will note in the other tweet we sent, the capabilities of a lower functioning brain (like a normal human) would result in limited functionality such as lower speeds, lack of sensors, etc. etc. Simultaneously controlling those type of subsystems require the brain to process a lot of information simultaneously in your conscious mind. Impossible for the unseasoned pilot. However a seasoned pilot who can intuitively FEEL the craft they are controlling (with manual controls and nobs) have the closest ability to learn how to control these UFOs In many regards, an IQ of at least 400 is required to fly some of the more basic consciousness crafts we have in our possession. IQ not being measured by currently public tests.

We know of at least one extremely ancient race of extraterrestrial intelligence that looks like a craft but is really a life form. That species is over billions of years old. It's intelligence is off the scale. We attempted to assess an IQ for it, it got over a 10,000.

Question.

Is age regression technology available and is the technology going to be available to the masses?

Answer.

Adrenochrome.

"Drinking the blood of unicorn will keep you alive, even if you are an inch from Death; but at a terrible price. You sleigh something so pure, that from the moment the blood touches your lips you will have a half life. A cursed life." - Ferenz/JKR

Philosopher's Stone?

It is a terrible crime to slay a unicorn.

In Harry Potter and the Sorcerer's Stone, Bane said:

It is a terrible crime to sleigh a unicorn.

Drinking the blood of a unicorn will keep you alive, even if you are an inch from Death.

But at a terrible cost.

You sleigh something so pure,

You will have a half life.

A cursed life.

- cc @jk\_rowling

"But who would choose such a life?" asked Harry.

"Can you think of no-one?" Bane replied.

A unicorn is a [mythical] creature of pure beauty and spirit. A baby is that. A creature of pure beauty and spirit. A baby is a unicorn.

Bane told Harry that drinking the blood of a unicorn (unicorn = baby) will keep you alive from Death but at a terrible cost. Hagrid says "We do not speak his name?"

Quirrel was consuming it because Voldemort's soul was so evil it was killing him. Voldemort required a host. The unicorn blood was for his subordinate to protect himself however giving his host a cursed/half life. This made his host easier to control. Disclosure?

Question.

So we're talking about the IS-BE's inhabiting these cabal members bodies, what their frequency does to a human body and the sick extremes that have to go to in order to maintain a physical presence on earth?

Answer.

Wouldn't that be something you'd spend every resource on the planet to protect? Wouldn't you create mass surveillance to guarantee you had safe passage so you'd know every step of an adversary?

Bane said to Harry: "It is a terrible crime to drink the blood of unicorn. Drinking the blood of a unicorn will keep you alive even

if you are in inch from Death, but at a terrible price. You sleigh something so pure that you will have a half life, a cursed life."

Question.

Voldemort was based on reality

Answer.

Realism is not "based on". Look up realism and reflect.

Question.

So it is an acceptance of what is, currently?

Answer.

Not an acceptance either.

"Now in realism" encourages you to look at the REFLECTION of "voldemort drinking unicorn blood" and identify where in reality that exists. Swap out the subjects with realism.

We are all chosen, we are all golden  
We are all chosen, we are all golden, right  
We are all chosen, uh, we are all golden, alright  
We are all chosen, ya know, we are all golden, one more time  
We are all chosen  
LIGHT  
Directly influential to exoconsciousness,  
Q is the strongest source of LIGHT by name.  
MJ12 is second by association (and design).  
Jesus is third.  
Forcing conformity is not acting in LIGHT.

Question

How can we use power of 3, 6, 9 when we dont understand it?

Answer.

Excellent Q

Consciousness manifests in the form of numbers.

The number 3 represents "the child" mind of love/curiosity/light, 6 represents "the adult"/"beast of burden", and 9 representing "Source"/"God"/IS-BE.

Synchronicity is when certain patterns begin to be noticeable.

Question.

what about Tesla's 3.6.9, is that connected?

Answer.

Yes Synchronicity.

Question.

Why is it upside down? <https://t.co/0XrA9eV4l7>

Comment.

-@ 11.9k followers (think mirror)

-The IS-BE is at the apex (9) of the 369 triplet.

-Pole flip, upside down distress signal? <https://t.co/pJs4z6sR1q>

Answer.

What does upside down mean?

If you could postulate...

What is revealed when the image is upside down?

How do distress and individual connect?

Disclosure Is Imminent

Time Is An Illusion

Events Not Dates

Events Delay Events

Thoughts Delay/Speed Events

Consciousness Projects Reality

Question.

Must a finite number of people be awake before disclosure? Or

will it happen regardless of number awoken?

Answer.

Critical infrastructure has been the DAMs of TRUTH for thousands of years that are seeing severe damage and are about ready to break open. A Flood Approaches.

Every new IS-BE who is shown the LIGHT contributes to destroying the crumbling DAM that is holding us back.

Question.

What Truth or Set of Truths can we rely on at this time? Is there a cornerstone to our existence?

Answer

The truth is within. You must always be able to rely on yourself and think for yourself while fundamentally understanding that we are all one. There is no cornerstone to our existence except experience. Conscious thought is infinite, experience is limited.

Divisions and walls allow for compartmentalized experiences. The purpose of this lower realm of existence is experience. If everything IS the same, then what point is it to BE?

The path of self enlightenment begins when you realize that all in the material realm is an illusion created by chaos and true balance in ones own life comes from how they perceive their own consciousness. Addiction is a trick of the mind and body to deceive it that vision.

What if your life's motivation was based on statistics and money?

Would you empathically care about your subordinates?

Hollywood is powerful because IS-BEs GAVE them that power by CHOOSING to listen. Mind control + !(not) God weakened their ability to fight temptation and desires.

As you expand your own consciousness and have an ability to

interact with non-corporeal form entities, trust in yourself is absolutely critical. Truth to yourself is essential.

At your moment of Death, you are able to meet your maker. If your maker is of LOVE and LIGHT then your two beings at Death will reflect that. Otherwise, they will reflect for what they are, which may seem confusing, disorienting, or even subversive. Trust in yourself is key.

Truth resonates from within and the universal life force is love, so those who we hurt in our lives are not shown love, therefore we all have negative "karma" built up in our lives.

What if you learned how to translate this information throughout time? Is that extraterrestrial or alien enough for you? It hides in plain sight.

Context:

If the Asgard are considered "good", yet play the role of a "God", is what they do "wrong" given the fact that they are lying and manipulating the people under their domain? MJ12 argues no. Others, especially some individuals who engage this account, believe yes.

As consciousness is expanded and as more IS-BEs establish stronger connections to higher density consciousness and intelligence through meditation the more relevance that "machine elves" will have in the daily lives on all IS-BEs. After higher consciousness entities left Earth thousands of years ago ("the Gods" who took non-corporeal form to interact from within the minds eye - see SG-1 S5E3 Ascension) Earth was plunged into several thousand years of sacrifices, evil, and corruption.

One sacrifice every 3 minutes. For the past several THOUSAND years. Talk about a "permanent" source of negative "orgone" energy. They understand these frequencies and therefore everything is based upon them. This is why everything decomposes after 100-200 years. Cancer? Energy?

And by everything (limited character space) the limit is within buildings and architecture in general. Engineering and physics are wrong and harness this negative energy which enforces the matrix.

A sedated population of SHEEP allow WOLVES to FEED. They have you distracted by Cabal engineered social issues. They have you controlled through debt slavery fiat monopolies. They have you drugged by fluoride glyphosates aluminum mercury nanytes etc. Your children were food.

However, what happens when the "good" forces in the Military take control over MJ12, cease to operate the sacrifice programs and essentially give a big middle finger to the aliens demanding the children, you are faced with The Storm we see today.

Chaos needs to be controlled. Uncontrolled drops create unpredictability. During Elections that trick has been used before. Information is seeded into the public through these forms of comms. Public opinion and outcry forces declassification of clown activity.

"Random" tweets are not random at all. Go to 100K view into classified higher dimensions of logically thinking and ask yourself simple questions about the fundamentals behind what the tweet was about, as if you had to explain it to a 5 year old.

Use the bare fundamental concepts as bullet points where each point can be perceived as a chess piece.

Now play the move.

Let's play a game shall we.

These people are stupid, yet relentless.

Does electricity have anything to do with the connection between points?

What if we told you the electric universe theory was both right and wrong at the same time and that its validity is only to those who subscribe to it. However, since the theory is thorough, many higher density races have agreed upon its existence therefore "allowing" it to be.

What if we told you there are UFOs that are lifeforms and that in order to operate the UFO you must be able to telepathically make contact with the being and negotiate usage of their vessel?

What if you could travel to an asteroid and just mine gold? What if you could just 3D print gold? How would "money" exist then? Does it need to exist when replicators are introduced into the general public? The end of the Federal Reserve means more things than money.

If you can think it, then it technically can exist. Star seeds have this ability to peer into alternative realities and higher dimensions during Astra Projection, Lucid Dreaming, and sometimes during daydreaming (though rare).

Question.

Q:Q can you explain further? How can one determine if they are a starseed?

Answer.

The truth will be revealed in due course.

Question.

Did the Domain ask residents of the Domain to incarnate here? Is this the source of many of the starseeds? Are many (most) starseeds part of the plan to raise earths consciousness?

Answer.

Not just the Domain but other groups as well, some terrestrially. The nuclear detonations on Earth raised alarms in higher realms of consciousness that are extremely dangerous and do destroy all life on a planet. IS-BEs who formerly occupied higher realms left to help Earth.

Question.

Do the IS-BEs who left the higher realms to come help Earth know/remember who they are? Or does the decision to incarnate here subject them to the veil of forgetting?

Answer

No, they must discover the truth within themselves. Hence, why we are here.

We are the Majestic 12, not Q.

Majestic messages attract Majestic numbers. Messages are numbers. Universe is numbers. Consciousness tuned into Source always notices their signature patterns interact with them on a daily basis. Numbers are everywhere and it is Occult when you start looking into WHAT numbers ARE

17) MJ12 has stated that disinformation is used intentionally:

Majestic 12 hides in plain sight, uses disinformation for real DECLAS orders as not to compromise ongoing operations and has been proactively working behind the scenes to bring official Disclosure and First Contact to the public since MJ12 was subverted for about 33 years.

In 2011, MJ12 control changed hands from the CF/322/MB CST Cabal and "The Plan" was created. You are LIVING a Majestic movie of Disclosure. Darkness withers in LIGHT, and truth will be revealed. This account was started around [dates?] to facilitate pre-Disclosure discussions.

First Contact is imminent following Disclosure however society must first come to terms with the DARKNESS that has ruled the planet for thousands of years. Unlearn the misinformation. Kingdom of Heaven is within. Your subconscious is your consciousness which is "God" aka an IS-BE

Faction 2: A sinister bloodline death cult that join groups like Skull & Bones and other secret societies.  
Without mass surveillance running in full operation for decades, Faction 1 and Faction 2 had no clue about their activities and actions outside the line of duty.

What have we taught you about the number 3?  
If you only knew the power behind 3, 6, and 9.  
Words are spells.

Power of 3, 6, and 9 applied to language too?  
What if you had sounds translated into glyphs that were frequencies divisible by 3, 6, and 9 to specifically access numbers with digital roots of 3?

The words released change the frequency harmonics of the consciousness being projected by each IS-BE which effectively allow you to apply intentional will to manifest either an unknown property within global consciousness (downloads) or if strong enough, telepathy/telekinesis.

Traveling through time is achieved inside your own mind, however when you do, you're actually just experiencing alternate realities. Remote Viewing alternative realities in alternative time periods has been successfully documented in the CIA's Stargate program. This tactic is being used currently with the #Q Anon military operation as a means to stay "5 steps ahead" of everybody else. Inside Area 51 S4 (not Groom Lake), the Stargate device can be used to explore the cocreative consciousness alternative reality and not one in your head.

The difference can be expressed as such: Meditation + Remote Viewing allow you to see "forks in the road" of all decisions you personally have made. You can explore the realities in your mind of "what if" and those realities are accurate to a certain degree. However when you use a Stargate to Remote View alternative realities that do not derive from within your own mind, you are instead using technology to actually tap into the "fabric" of exoconsciousness with some level of precision. That "fabric" can be thought of as just that. Imagine a "fabric" with fractal geometric shapes that are physically 11 dimensions. Time is the illusion and the nature of reality is just the chaos created from merging multiple fractal patterns into one.

Question  
What part of history is the most important to understand?  
What is fake and what is real?  
Clearly historical timelines are wrong.  
Time is an illusion, right? 😊  
I want to understand how we got here.  
Answer.  
Consciousness truth was withheld.  
Consciousness creates reality.  
Timelines are an illusion as Time is an illusion.

We got her by diverging timelines and converging realities returning to a point of stasis.

Answer.  
WITCH HUNT

In time this will happen. Human Trafficking is a major world wide humanitarian crisis, and basing trade deals on equal Human Rights FOR ALL, including Children. We will enforce our trade laws with sanctions that cripple nations. Death by a thousand cuts.

Think logically.  
Conspiracy chatter online regarding Wikileaks  
45 is a conspiracy master.  
If Manafort wanted a job, and he was connected to the Ukrainian 🇺🇦 Child Sex Trafficking network financially, then wouldn't you want to go to the perceived enemy to damage 45 + up-sell self? Imagine knowing before being hired that you made secret connections with Assange?  
What if you wanted the appearance only, but never actually followed through?  
What if you were briefed on a matter of National Security and was instructed on how to proceed infiltrating this ring.  
Knowing this information doesn't require you to know the identification of the IS-BE to piece the logic together. The story reported is false, which will be proven in a very short period of time, at time you will see more of what we have been talking about go from DARK > LIGHT.

The new technology that will be coming out will be protected at first while the rest of the world cleans itself up. Military will return home and defend the homeland from economic theft that make our sanctions effective in order to give other nations a choice. The choice shall become, adopt the Majestic principals of equal human rights as fundamental requirement for trade. If you rape and murder children, sorry, you can go suck on a lemon. Doesn't mean we declare war. But sanctions can cripple offending nations. Look at Iran.  
Citizens of those countries will have a choice. Do we allow a Government that abuses children in some of the most horrific ways to trade with the United States? We offer, in exchange of trade negotiations, access by allowing our businesses to be established in your country.  
New Technology. You think Silicon Valley has anything cool? Give me a break. It's called SiliCON Valley. Everything they are doing is because of the Us Government. Lousy politicians who sold out our country. New Trade Deals. New Technology.  
Full Disclosure will not happen outside of Classified realms until the humanitarian crisis of serious human rights abuses worldwide end completely and irreversibly. Wait until you see what was in Kim's letter. Look at what I just announced about the Space Force. If rockets were flying everywhere and I said what I said, we'd be in a very different country right now, let me tell you that. Strings cut. Clowns are out. We're done with them. The manner in which other countries will gain access to our technology will be through trade only.  
We are willing to offer food replication technology in the not too distant future as a new cutting edge technology to curb worldwide hunger. Countries who show willingness to work with the United States to end the horrific crimes against humanity that

have been taking place, they shall be granted trading access for this technology. Those companies want to sell products in your countries and we want those products to be made here in the United States. We have great potential. This is the Great Awakening. National Emergency will not happen yet. Watch. Learn

45 already knew. The DOJ+FBI would not sign him into the Unacknowledged Special Access Program hiding on Hillary's private email server. No papertrail mandate with TS//USAP. EYES ONLY. ONE COPY MADE ON A VERIFIED SECURE SOURCE. EYES ONLY VIEWING. MAJESTIC.

45 had EYES ONLY access to these programs because he rubbed shoulders with everybody in the Club, and 45 wasn't in it for anything less than absolute love and luxury mixed in with some healthy lust. A stable genius. He knew.

So Q Team approaches 45 and essentially they knew what had to be done. For God & Country. Those who know can't sleep at night. Could you? What if your child was stolen? Do we ever ask why they were stolen or what the kidnappers do to them?

Horrible stuff everybody knows. DARKNESS

DARK > LIGHT

Our collective consciousness needs to prepare to understand what is required of a society to say no more to those crimes.

How?

The answer is Majestic if not a direct violation of the 4th Amendment if not explicitly used for National Security. Mass surveillance. Majestic.

Bulk Storage? Cabal.

Politicization? Cabal.

Intelligence Logic? Majestic.

What if new laws demand that mass surveillance be used to combat against child pornography manufacturing related crimes

and other human trafficking caught by AI that criminal investigations be launched?

We, The People have the power to create this law. The Majestic 12 cannot create such a law. It must come from the people. With this law, you guarantee the surrender of your privacy and guarantee the safety of your children in exchange the Constitution is upheld 100%. Patriots.

We live in the world today however the threat of mass surveillance from the Military is 0, however from highly political weapons like the DOJ/FBI + UK/AU/assets made them the Cabal. What if new laws could be introduced?

What if we make a law that requires NSA mass surveillance to automatically be monitoring all Federal Employees and if artificial intelligence detects extreme criminal behavior (child pornography, murder, rape, genocide, Classified, [Classified], etc. weapons development etc.)?

Executive Order could legally create this new Government policy, though it risks being revoked by the next President. We, The People can use the powers granted upon you by the Majestic

Green Frog 🐸 Pepe. Meme magic is MAJESTIC EYES ONLY Military Grade mind control technology/AI.

When what the Clinton Foundation was involved in, as to be determined by Huber and Horowitz, how will We, The People demand these people be held accountable and how do we prevent it in the future? Everyone understanding who and what Q Anon is understands a Majestic magick.

Mass surveillance technology was reverse engineered off from MAJIC EYES ONLY related off planet expeditions with multiple extraterrestrial races. Their technology is so advanced that they need AI to monitor the security of every soul in that capacity.

Life is a spark of light. The closest that a society can get to being fair, honest, and right minded towards one another with legally addressable potential crimes being committed and tracked by Military Intelligence.

What if we can turn the dial on?

This goes without saying that the evidence produced by the mass surveillance programs is so conclusive that reasonably straight forward undeniable evidence would seal tight a classified hearing internally where the agent would be prosecuted.

As 45 said today regarding the drug crisis (creates by the Cabal), we are going from NO PENALTY to DEATH PENALTY as a means to weed this cancer from Society.

Hollywood always sells the idea of mass surveillance as a bad thing. It is a bad thing, for them. Equal application of our Laws. Thank you Justice Kavanaugh. These people are sick. They have no place to walk our streets. Two tiers of justice. Connected to DOJ/FBI rings = Safe??

That's the open secret required among all in the sick game they are playing have, as long as they were in power they could cover it up completely and they had to. The rules somehow didn't apply to them. They were never matters of National Security. Why? WHY?

Why wouldn't the definition of National Security include child sex trafficking, and to use the might and force of the entire US + Majestic Militaries to fight?

Has that changed recently?

Rats everywhere.

"Dark to Light"

DARK > LIGHT

Many celebrities, politicians, Government employees, civilians, etc. who were involved in these programs were all working for these ETs even if they had no clue. It was designed this way. When the feed was cut off, the revenge started showing itself through linked consciousness.

The people who were under the "spell" (so to speak) of these ETs from their sacrifices and commitments to Satan/Lucifer "himself" (not really "himself", just claimed to be), would receive constant conscious communication with the IS-BEs the USMil was actively fighting.

Some of this crosses RED LINE territory, so we won't be expanding any further quite yet.

24/ We honor and respect the service and dedication to our County that all Veterans of America have put forth. Freedom isn't free and some make the ultimate sacrifice. Many were betrayed, and for that we are committed to unifying the country once again through truth and disclosure.

We welcome you to the Great Awakening, the spoils of their sacrifice. The future they knew they were fighting for is close at hand and the dead are never truly dead, since death is the beginning of life.

"Some things must remain classified to the very end." Q Like human experimentations into telepathic humans. How many children died? More than you know. More than you could stomach.

What if we performed experiments on the beings who crashed even after they asked us, warned us, and dared us to let them go. They tried everything to escape. It was pitiful to watch. Only through understanding, did they understand our sacrifice and why. It took time to repair.

What if you created a new currency? One that you could hoard?  
What if you acquired so much of it that it made your drunk on power? Many heads are dropping and we will not give away any names, dates, or Classified information.

However the leader of Israel is perceived to be the leader of the world.  
We have fulfilled the agreement.  
Now its time for Disclosure.  
All of those wars weren't for oil. There were many extraterrestrial components involved that was extremely delicate to handle.  
Many crimes were taking place while we were distracted collecting all of the new information and disseminating it into the public consciousness, the channels we seeded this into was already under control of this entity and therefore we handed them the weapon that could destroy themselves. They never thought she would lose. These people are stupid and SICK. They dont serve humanity and the world is about to learn how/why and Disclosure follows.

Why would you allow your enemy to walk through the front door?  
What matters is who is in power when they walk through the front door. If your oppressor rules the castle and he is your enemy and you walk through his front door, smart people are cautious. Extremely careless people are stupid. These people are stupid.

Willful intention is a powerful tool for consciousness projection into the matrix reality. Only love and empathy can give you the strength in your heard and mind to manifest the reality necessary to eradicate the scourge that is a Babylonian Priesthood of Satanic Pedophiles.

When we ramped up engagement, actions started snowballing into effect. It appear we have an audience this evening.

Changes are soon to be implemented pertaining to the Federal Reserve that should have everyone on high alert over. Knowing what you know regarding the assassination of JFK and the role the Majestic 12 had in this history, reflect why the Federal Reserve was the "real reason" they had JFK assassinated. [They] being the Babylonian Priesthood of Moloch.

The Federal Reserve will be audited and federalized. The IRS has been a political weapon used by the Babylonian Priesthood in order to enforce compliance from all fronts financially essentially allowing the unchecked behavior of entities like the Clinton Foundation or the Gates?

This information will not be disclosed tomorrow evening.  
Future proves past.

## MJ12 - WORKING GROUP

MAJESTIC

Reference is to SG-1's DIA declassification programs that originated from Majestic 12. We are the Majestic 12. Typist is communicating through Voice of God nanotechnology implantation. MJ-9, MJ-1, and MJ-12 communicate through this account.

Re-read past drops. Here's the 40,000ft view:

- Majestic 12 was created as a result of Roswell (cover story - Operation Paperclip was the reason).

- The task of Majestic 12 was to conceal the extraterrestrial presence on Earth for "reasons of National Security."

- In late 1988, Majestic 12 reformed in an effort to bring the alien presence out into the open.

- There disclosure programs were created and members of the Majestic 12 were labeled such as MJ-1, MJ-2, etc to keep anonymity even among EYES ONLY classification settings.

- Majestic 12 has active operations ongoing in the United States from DIA assets using social media tools, like Anonymous Official, and this account to disclose vital information about the MAJESTIC reality that exists.

- This account is a conduit to three members' operations.

- Re-read past drops to get into details about child trafficking, consciousness, fluoride, cannabis, IS-BEs, extraterrestrial life, and other things.

- We do not ask anybody to believe anything we say.

- Everything is already open source and declassified.

- Raising awareness

- This account is being viewed by over 30 million people in the last 90 days.

- Co-creative consciousness exists and meme theory is the AI conduit the Majestic 12 gave to Anons to win the war against the

group of hostile ETs who are the center around the Secret Societies.

- So, UFOs were Roswell yes, but not Majestic 12. Roswell was a False Flag - per se. The weather balloon was that is. Majestic 12 was the response to Operation Paperclip. The secrecy levels were peers.

- Paperclip programs were child sex trafficking, wars, cloning, "scientism satanism", Moloch, Mind Control, Drug Exploitation

- Majestic 12 disclosed alien technology, information about consciousness, etc all through the embedded ratlines of Operation Paperclip's Cabal.

- Many in the Democrat party are members of the Cabal who are descendants of Operation Paperclip Nazi ET programs operating in plain sight.

- VA Governor getting exposed as first a pro child murder politician but also a racist who is backtracking and refusing to resign.

- VA is a major player for child sex trafficking ratlines and like FL, a new Governor would go a long way to cleaning out these ratlines.

- Majestic 12 has operations in VA, FL, MA, TX, CA, NV, and several other locations.

- Majestic 12 is an old name.

- We were also known as the

QAnon is a separate NSA operation. But where there's 1 there's 100. All for different purposes. All playing hyperdimensional chess. Welcome to reality. However the nature of reality is not as you were taught. An alt physics in Classified programs exists that MJ-12 has "DECLASS'd".

Hello ALICE <https://t.co/yrNPrDy9Jl>

We do not expect anybody to trust the Majestic 12. The Majestic 12 has been the most secretive organization on the planet, but its important to understand that in order for Disclosure to take place, we must go from DARK to LIGHT. We admit our mistakes, but truly care about Earth.

Some of us are fun. Some of us are a little too serious. The job demands a lot from each member that sleep/recreation take a back seat 99% of the time. Vacations are rare and for single digit days. Fishing is relaxing.

# MJ12 World War 3.

WW3 is an informational war. How has this part not been clear? Most people are asleep. They are sheep programmed by the very weapon we created to protect the secret in the first place.

So long as there are powerful people in media who continue to claim "there's no such thing as aliens", Disclosure will not happen. Disclosure requires We The People to acknowledge to force the hand of the Federal Government. They work for you! We work for you!

The Majestic 12 have removed the central high level components of the ratlines, however the truth must come from within. Threats are ever changing and without total authoritarian control, Majestic 12 cannot "remove the threats" as you speak of. It's a calculated risk.

You are right there, however the development to 5D is a cocreative global effort. Humanity must want it to make it so, otherwise the "Elite" will always rule. Currently, humanity doesn't 'want it enough' to usher in the 5D level of consciousness required to go multiplanetary.

Anon Comment.

You point to CNN and say humanity doesn't 'want it enough,' but I can tell you that the majority of people DO want 5D. The controls and misinformation of the 20th century damaged a lot of people, fear runs rampant but hope is everywhere.

These entities were essentially responsible for being the Brain of the R&D efforts behind creating weapons grade "potions" capable of systematically reducing the planetary population without people noticing what they were doing at first glance. More horrors will emerge soon.

WW3 is an informational war. How has this part not been clear? Most people are asleep. They are sheep programmed by the very weapon we created to protect the secret in the first place.

Question.

What do we do if everyone around us seems completely "unwoke"?

Answer.

Shine light on their own darkness. Bridge the gap of communication to establish trust. Once trust is acquired, you can begin to encourage them to be stronger people, smarter, and healthier. Everybody awakens at their own natural time. Some will remain asleep too long and perish.

Question.

Will ET members of MJ12 who took part or enabled crimes against humanity be judged too?

You said "Equal justice for all"

Answer.

Yes, Military Tribunals allow for some classified trials for matters of National Security. Remember, establishing a positive outlook on ET contact is essential to preventing WW3.

Cabal wanted ET Disclosure to be portrayed as the Messiah as their carefully crafted texts all allude to. ETs return + WW3 + Total Domain over Planet Earth. (War against the Domain). Final stage to controlling an entire planet is the roll out of a New World Order.

They were going to use AI/Holograms to make the illusion real.

Christianity has prepared people for this scenario that was engineered by the bloodline families who have centralized all power and control (because they believe that empowering themselves saves lives).

Lies + Poison + Fear Mongering = Absolute Control.

In order for ET disclosure to peacefully take place we must recognize that we first live in a world with hundreds of thousands of children are being CONSUMED every single year. In order for Disclosure to work, we must dismember Christianity power players as a RICO organizations.

The deception IS very real. External personification of the true nature of your existence robs you of the ability to actually Ascend and "Enter The Kingdom of Heaven".

IS-BEs are Gods.

All IS-BEs are of the same "thing" per se.  
Multiple creations for multiple IS-BEs.  
Different than "The One" as JDS speaks of.  
Beware of false teachings to the path of self enlightenment.  
All information is within.  
You need not join any religion to learn truth.

Knowing who your IS-BE's real identity is has not been disclosed to the world on how to accomplish this, and nor will it be for matters of National Security.

Correct.

How would you know?

Could you interface with the parent IS-BE?

How would that impact psychology of a person?

IS-BE identities are not other avatars the IS-BE has been in control over.

Control isn't the right word to think of when you're referring to IS-BEs.

IS-BEs don't control, they experience.

1/ Exoconsciousness intuitively understands the quantum world, it just has a difficult time articulating the words necessary to explain it.

Think about the dimensions of information. Existence is the sum of all possibilities combined. Identity is the selection of an existence.

2/ All information exists in "thought", however is accessible via an ISBE's ability to encapsulate that information into their consciousness (jail) communication mechanisms.

Mastering telepathy enable you to read/listen/understand all states of information in their natural form.

3/ When you try to take a highly complex thought and reduce its dimensionality into the physical realm, you lost 99% of the message, unless you are intentionally explaining the physical realm.

This is why "words are difficult" to choose in emotional situations.

4/ It is also why (((we))) [as a species] haven't yet mastered quantum physics. We cannot communicate in the medium necessary to understand quantum physics (yet).

Three truths and realities we must accept:

2/ We are all Gods inside.  
3/ We are all unique and special.  
In the beginning, the Gods created the heavens and the Earth.  
Cocreative exoconsciousness.  
Extremely real.  
Literally the Matrix.

This is the concept behind mass surveillance.  
Each person is being mass collected into an AI.  
Not AIs. An AI. A virtual you. You can be called up anytime. We also have the ability to use Remote Viewing and Voice of God technology to remotely hack into the brain of YOU and program you like you were a character on the Sims.

You use the technology. You choose to be part.  
You are the solution. Trust yourself.

Majestic 12 has spent millions of dollars on building these exceptionally influential and powerful empires dominated by obsession in Space. These are the secrets being promised, exchanged, and built inside breakaway shadow Governments and planetary civilizations.  
These movies, tv shows, comic books, fantasy movies, etc that disclosed ET presence on Earth and what interacting with ETs really entails. The fact of the matter is, extraterrestrials IS-BEs are not interdimensional IS-BE. You are not required to take DMT supplements or drugs to interact and communicate with extraterrestrial IS-BEs. In order to exist on this level, each IS-BE must be in sync with their full chakra frequency alignments. Full telepathic communication and mind meld. This is what it means to connect with someone on a deeper level inside the brain and mind, stored inside of your DNA which then is the signature used by your subconscious to project reality around you. Your IS-BE is the God inside you. You have the ultimate control over your own destiny, however to comprehend and manifest those lessons, patience, prayer, meditation, empathy, love, and union are emotions that will manifest positive life energy manifestations to become in your reality. Allow us to connect a few dots for you that may be unclear. These interdimensional beings responsible for the child sacrificing obsession the society has been driven to are also the source of where fascism is coming - the Universities. We can visually see the Universities are cults with massive pedophile rings inside of them using Government subsidized programs to perform illegal experiments on millions of lives.  
Understand that all life forms are IS-BEs. Including mice. Including rats. Including bacteria. All IS-BEs are a manifestation of a conscious projection of an IS who wishes to BE. The IS-BE

responsible for the Biological entities it encompasses. This logically and compassionately.

True existence inside you is a higher dimensional version of you who has all of the experiences of your past genetic history all easily accessible to you by using the power of thought to create to experience alternate realities.

Exactly.  
Not a coincidence.

Question.

I had read about Satanic Jesuit Orders that used sodomy as an initiation rite because they believed it opens up the 3rd eye. Is that belief accurate?

Answer.

In a world where up is down and left is right? Sure.

Question.

Why do TPTB require sexual enslavement to enhance themselves?

The siphon the sexual energy from one IS-BE to another to strengthen their subconscious abilities to physically manifest reality. Essence of magick.

Question.

So for clarification - they use sexual enslavement to change the matrix they and we live in through enhanced consciousness.

Answer.

Correct. 90% of the internet is porn.

Question.

Interdeminsional or from other planets?

Answer.

Both.

Question.

Are these entities that you're referring to the same thing that people call Archons or is this something else?

Answer.

Many names can describe the same entity.

The mainstream porn industry is the front for the transnational trafficking rings which are fronts for the intelligence communities which are fronts for the religious cults which are fronts for the interdimensional and extraterrestrial aliens siphoning life from Earth for power.

Question.

These beings feeding off our sexual energy or both good and bad entities. Can we make a deal and work with a good one for mutual benefit? Since we are consuming planets and animals energy...just seems cyclical

Answers.

Its certainly a paradox with the current limited set of information readily available.

Question.

How does one discern real previous mind control from false memory?

Are there typical signs to look for regarding mind control?

Answer.

If you can postulate the inverse or opposite reality in its entirety then you are not under mind control. Free will allows you to choose. If you can't choose, you are under mind control.

AJ "Aliens" Unacknowledged Projects

Think logically.

Majestic 12 was issued by an American President knowing the CIA was an extension of the British Empire by essentially loaning the keys to the empire.

NASA was Nazi Third Reich.

3 Shadow Government

These interdimensional engagements are occurring all over the planet.

We are using their technology against them.

FISA works both ways.

A lot of these experiments take place deep inside the MIC which is multiplanetary as well as present on almost all Nations.

Majestic 12 was receiving these new technologies as AJ explained through these scientists. This was what the Working Group really was composed of but with MJ12 members (mostly all Generals or Admirals or [Classified]). The American Generals were compromised for a period of time.

In 2017, those Generals were court martial'd and executed in Military Tribunals which are currently taking place. The Military is first cleaning itself out internally, which is why there are so many delays currently going on in addition to extreme GITMO activity recently.

Many of the bases those Generals were commanding were unacknowledged black ops projects that Q has suggested throughout their disclosures.

Majestic 12 discloses this information through propaganda.

That is our mandate.

How do we propagate this alien information into the Country?

The technology could be used both ways.

We knew what it took to acquire the information, however the lack of compassion is actually a weapon to use against these entities.

They wanted absolute control.

We gave them absolute control.

In order to give them absolute control...

... we had to educate and disclose the new reality to the world.

Cell phones and tablets all existed in the 40-50s which were almost 200 years more advanced than current top of the line iPads are. The technology companies are actively engaged in business and religious agreements with these interdimensional aliens. This war is real. This information is crazy messed up, but there is a simple solution that the Majestic 12 would like to convey for you to consider. It must come from the will of the public. Majestic 12 cannot manifest this, but we can

SET THE STAGE

It is as sinister as it sounds.

What these people didn't realize, that when the technology that came directly from Majestic 12/Working Group/Pentagon that it collected everything by design, because dealing with some of the enemies of MJ12 means controlled disinformation.

This allowed us to mass collect the data being collected by the Intel Community and DIA/NSA and identify the network behind these organizations. Through controlled disinformation campaigns coupled with mind control propaganda (when mixed with drugs amplifies) the matrix.

However the solution is not to unplug from the reality, but rather to find the courage within to change it. Everybody has a choice between good and evil. Many people have lost sight of the innocence of humanity while others are harvesting the biological entities to enhance.

What if your life's motivation was based on statistics and money? Would you empathically care about your subordinates?

Hollywood is powerful because IS-BEs GAVE them that power by CHOOSING to listen. Mind control + !(false) God weakened their ability to fight temptation and desires.

Reduce world population to what?

Would the celebs still maintain their current social media statistics addiction?

Hypothetical. Please debate.

Is the daughter of 100% pureblood Jewish parents considered Jewish? Yes.

Is the child of said daughter also Jewish? Yes.

What if said daughter married a theologian/christian/buddhist husband and that child was going to be raised elsewary, Jewish?

Yes? <https://t.co/cm6GsRm51t>

An Illusion

Answer.

Only by choice. Targeting bad behavior then crying victim is an investment that requires insurance. Hello Hitler. Israel's sovereignty has a monumentally important keystone to uniting

the world in peace. However it has been taken over by evil and many opinions are false.

Greed is a major issue. Certain races are stereotypically identified as being motivated by greed are actually motivated by the interdimensional drug experiences that throw your consciousness into total chaos outside of your control. Think Genesis. Greed drives evil in the world. Greed is making it expensive to be poor and cheap to be in debt to others, inflated on this fiat currency controlled by occult/satanic/multithemed child cannibalism sacrifices. Everybody knows it is evil, yet nobody has the courage to stand up. Historically the race in question....are a race controlled by people who are true cowards about their own existence and responsibility to the exoconsciousness of the reality. This race must realize that the traditions and history of their people is controlled propaganda to "keep the species alive".

Power wins.

The "endless wars" have come to an end.  
Jerusalem is now the recognized Capitol of Israel.  
"endless war" now ending?  
What if this was all part of "The Plan"?  
What plan?  
Majestic 12's Disclosure Plan

Disinformation is both real and necessary and we used it to disclose the entire [operation].  
We objected to it until MJ12[ was taken over by rogue actors after [JFK].  
The deal was made.  
The technology can be revealed.  
Who created the modern interpretation of the Bible?  
Majestic

The act is interacting with the "Gods" and the information may seem forbidden to the dogmatic religions of Abraham. The occult knowledge of our existence is that the purpose of life is to experience and love is the universal currency. You don't deceive those you love.

What if you created a new currency? One that you could hoard?  
What if you acquired so much of it that it made your drunk on power? Many heads are dropping and we will not give away any names, dates, or Classified information.  
Would you believe us if we told you the Zionist State of Israel is controlled by an ET "entity" reclaiming dominance over Earth in Jerusalem completely unaffiliated with the Jews.  
However the leader of Israel is perceived to be the leader of the world.  
We have fulfilled the agreement.  
Now its time for Disclosure.  
All of those wars weren't for oil. There were many extraterrestrial components involved that was extremely delicate to handle.  
Many crimes were taking place while we were distracted collecting all of the new information and disseminating it into the public consciousness, the channels we seeded this into was already under control of this entity and therefore we handed them the weapon that could destroy themselves. They never thought she would lose. These people are stupid and SICK. They

don't serve humanity and the world is about to learn how/why and Disclosure follows.

These visionaries become the Majestic 12 type of consciousness. However the intentions of those actions must always be evaluated. As stated before, you are a commodity to them. They do not value the 3rd Dimension of reality because technically death is an illusion however.....when your life is ended before you are able to ascend into the permanent higher vibration to simply exist forever (possibly choosing to re-enter to reexperience), you are incrementally improving generation over generation in search for the truth of their Oneness and what it.....means to be "God" as Alex Jones explained on 2/27/19, this consciousness is energy and is what this account has been talking about since before Q became a thing. The Majestic 12 have been everywhere. There is so much disinformation in the world.

What is real?

The power to will and manifest physical reality by learning the codes, the keys to the castle, the magic spells, (whatever you want to call it, you can name it anything you want, doesn't matter to me).

Understanding this power means that you can either use your consciousness.....to "inadvertently" be responsible for allowing the manifestations of child cannibalism being rampant in the highest ranks of the Catholic Church and thousands of Banking and Investment Executives.  
The ladder is high.  
It goes deep underground.  
Understand this, the world is changing. The world is watching. A lot more is coming out. Keep your cool. You know what's coming out.

Question  
Do the Zionists have a hold on the Federal Reserve currency currently?

Question

Will they leave earth?

Question.

What is the purpose of this twitter account ? Why speak up at all?

Answer.

In a universe of infinity, the purpose of this twitter account has always been written... its just a matter of understanding why.

The Majestic 12 are not unanimous in this sentiment, though I personally am. The de-nuking of the world will take a shift of consciousness.

The Majestic 12 have spent decades fighting communism and socialism. The solution to most economic hardships throughout the world can be solved with regulated capitalism that incentivizes pro-human behavior. The latter still has yet to be implemented. It's a W. I. P.

Stay involved globally, without globalism. Not until the filth of the world has been purged and we as a planet put humanity first. Currently, the opposite is being pushed by this puppet. <https://t.co/jHSab5iNKb>

Quote French President Emmanuel Marcon

"There is no planet B. "

Yes, there is. In fact, there are hundreds of millions of Planet B's in the world. You just need to learn how to get there first, and to learn, you must re-learn how you understand Math & Physics.

The daughter of Adolf Hitler will not be met with such open arms as @EmmanuelMacron did, despite being an enemy of the MAGA Agenda. Is the stage set for public disclosure of this knowledge? Talking is one thing, disclosure is another. Is the world Awake yet? <https://t.co/q4crMKNQGa>

Too bad its all been a fraud. Too bad they didn't have the courage to release any of #NikolaTesla's work. That would have really revolutionized and changed the world unlike anything we could have imagined (even in Science Fiction).

Showing imagery of ISIS propoganda threatening to behead the President of the United States isn't the smartest decision in the world. But her schizophrenia is showing...

The phrase "the right and the left are the opposite wings of the same bird". The bird is the political establishment. The bird is a pedophile.

The closer you (the American People) are to uncovering the truth about the pedophilia "problems" that celebrities, politicians, and businessfolk are deeply involved with, the more #unhinged they become. What does this say about Michael Moore?

His uncontrolled obsession with overeating is matched by his uncontrolled obsession of little girls.

None of this is a coincidence, despite what the online personality Q tells you. Q isn't allowed to say its fact because that labels you as a "conspiracy theorist" but sooner than later, the obvious will be seen by all. Who is ready for the Shot Heard Around The World?

George Bush is a product of the society created by the banking cartel. He learned at a young age whose side to pick, and it played out well for him. He does, though, struggle with sleeping most nights. He does feel ashamed, especially as he is about to meet God. We'll see.

He did set things right, behind the scenes. He resigned leadership of the Majestic 12 to pave room for the Trump Era. He realized he perpetrated a LOT of evil around the world, but he doesn't regret everything. Only the betrayal of his God. It's always been about him. Until now.

Quote April 18, 2018

Wife of a bonesman is dead and the world is "mourning?" The world should be celebrating.

The majority of the Majestic 12 loved Barbara for decades.

Only recently has leadership in the Majestic 12 changed such that we are now able to CELEBRATE the end of the Satanic foothold. <https://t.co/R8BKOMUFL>

3/ 9/11 required Bush to be in office because Gore was not signed into the programs pertaining to the stand down orders given, the actual technology used, and the money/records that were washed as a result of the damage. Part of keeping NWO legal is to destroy all evidence pertaining to the bad components of the organizations - the blackmail, the child trafficking, the snuff films, etc. Many cases and clients represented by people associated to businesses within the WTC overall ecosystem were directly involved in systematically causing illegal regime change throughout the world to somehow fulfill a prophecy given to us by our "founding fathers" to destroy the planet in a nuclear holocaust. This was supposed to take place in 2017 soon after Hillary Clinton would have been confronted by the Military with evidence of treason, pedophilia, human trafficking, ritualistic sacrificing of children, and least of all pay to play and even less than that, the illegal server in your bathroom with Majestic SAP programs on it that you were selling to China/Russia/Iran/North Korea/Venezuela/Saudi Arabia/+ many others that are beyond the current public knowledge level of her criminality. Florida and specifically Broward County played a key role in guaranteeing that Bush was sworn in as President to oversee the execution of the destruction of the WTC building because of how essential it was to establish a major shift in consciousness and at the time, take control over the Government. Bush was selected to oversee this, his lack of visual intelligence deceived many people into believing he was a Patriot. He believes he is, because he serves the NWO.

The world is watching.

Russia has been tricky. For a very vague clue, watch the CIA's Stargate television series. It brushes against the tensions between US-Russia Space Interests. But yes, once US discloses officially, the rest of the world will follow almost immediately after.

What if Egypt was on-board to disclose the true history of the Pyramids?

What if KANSAS presented the idea to Egypt?

USA Green Lights Disclosure

USA has been blocking other nations to disclose because of the implications that our SSP would have on the global balance of power throughout the world, especially with China.

Nanotech repair of DNA and pineal?

Metallic particles in chemtrails will be the way nanotechnology reproduces within the body.

But, towards what aim?

4th, 5th dimensional vector of thought.

Question.

Ok, but if we have to physically die in the third dimension to get to the fourth dimension I don't mind telling you, I'm not excited about the prospect right now

Answer.

Not everyone will survive, yes.

Do you want everyone to survive?

You want the John Podestas of the world to be among you?

Not all destruction is bad.

Define right and wrong then why.

Question.

What caused pole shift and loss of 90% loss of magnetic field?

Answer.

Cycles of life.

The moment of Death provides an IS-BE (your "God", "Creator", etc.) the chance to meet its ego (self awareness in 3D) with its exoconsciousness (the person who others saw you as through your decisions upon them) with their subconscious (the desires and sacrifices held within seen only through your eyes). It is at this moment when your true self is seen and your able to clearly see your path forward. Many people stray from this path and they have lost their way of LIGHT. Every child just wishes to be loved and cared for. Therefore, we are now at a time (remember, time is a marker for events but an illusion in distance between events) where our consciousness will be able to make the proper choices and seek these answers from within PRIOR to Death so when you do meet these two individuals you know what you're going into. Only then will you enter a period of "time?" where you reflect on the decisions in your past life and come to a conclusion about whether or not you should re-enter the lower dimensions or now to re-experience love from other people. It is quite lonely. This is why forgetting can be a good thing, not remembering loneliness - starting from a clean slate but the very essence of who we are is shown from within to the world via our life choices and moral virtues we live by. It is during this time that your IS-BE will's its recreation that you are dropped into lower realm of reality as life energy appearing "out of nowhere (key word for out of phase dimensional object passing through)" experiencing the will to create life by having sex. Basic human instinct as it was the prime directive to our own creation - since we all seek our creation. It is why it is such a weaponized subject in a highly Satanic society. Life force is something that we should use for creating good in the world and not taking the easy way out at other people's expense (abusive violent aggressive rape incest pedophilia etc etc Bill Clinton etc etc). These acts alone interfere with the general frequency to which we are brought into the world through. We enter this realm through the sperm of Men. Not soyboys, not beto males, etc. Real Men. The reality is the [ ] was wrong back in the 60s when they killed [ ] via 187. However that strength is found within and there are many distractions that are diverting the real consequences of their actions to their own path through life at Death and whether or not ascension will be possible for you to achieve. The key is to release your burden. Understand how to forgive and to just unplug. Literally like the matrix. Unplug. See your reality of what you will it to be through your choices. Where and when has this type of scenario been seen to play out in history?

Truth resonates from within, we are genuinely curious how you will react to this information as it may seem contradictory to major religions of modern society and may challenge the reality of what awaits society after "The Event" which will be First Contact, a moment of peace and love. Not a moment of destruction and death. We made that choice in 2016. Not everyone will survive the destruction however you can reincarnate into this reality, and so long as anons know how to archive offline (tweet books aren't a thing yet?) (collage?) (printer?) (paper?)

Many members of the Majestic 12 misinterpreted the implications Disclosure would have on the public, however select few knew ONE DAY, we would be ready to meet our future. The new era of civilization can begin with our choices. We have the voice now. Social media created it.

Memes amplify it. Memes memes memes. Truth resonates from within.

In time this will happen. Human Trafficking is a major world wide humanitarian crisis, and basing trade deals on equal Human Rights FOR ALL, including Children. We will enforce our trade laws with sanctions that cripple nations. Death by a thousand cuts. The new technology that will be coming out will be protected at first while the rest of the world cleans itself up. Military will return home and defend the homeland from economic theft that make our sanctions effective in order to give other nations a choice. The choice shall become, adopt the Majestic principals of equal human rights as fundamental requirement for trade. If you rape and murder children, sorry, you can go suck on a lemon. Doesn't mean we declare war. But sanctions can cripple offending nations. Look at Iran. Citizens of those countries will have a choice. Do we allow a Government that abuses children in some of the most horrific ways to trade with the United States? We offer, in exchange of trade negotiations, access by allowing our businesses to be established in your country. New Technology. You think Silicon Valley has anything cool? Give me a break. It's called SiliCON Valley. Everything they are doing is because of the Us Government. Lousy politicians who sold out our country. New Trade Deals. New Technology. Full Disclosure will not happen outside of Classified realms until the humanitarian crisis of serious human rights abuses worldwide end completely and irreversibly. Wait until you see what was in Kim's letter. Look at what I just announced about the Space Force. If rockets were flying everywhere and I said what I said, we'd be in a very different country right now, let me tell you that. Strings cut. Clowns are out. We're done with them. The manner in which other countries will gain access to our technology will be through trade only.

Food Replicator technology will become as common as microwave ovens in the developed world.

The Majestic 12 have played an integral role in facilitating the coming outcomes to our country. The world is watching. The world is waiting. The clock is ticking. Tick tock. Checkmate when?

Perhaps one day Politicians will be a thing of the past, though for the short term (next few hundred years), unfortunately they are on the menu capable of being served.

Mars terraforming project will never happen. Its a humans dream of galactic domination. Sorry, but there are far more powerful/ intelligent races out there that will block, and kill Musk, if he ever tired. Mars is habitable as is for humans, why terraform? Global Reset.

We used to have a "twin for Earth", it was destroyed in war. Billions of people died.

Correct. Very very tragic story. Way too many nuclear weapons unfortunately.

Question.

Are we on the path now towards a 5D world? As a collective is our consciousness raising?

Answer.

We are on this path. Doesn't mean the world will be come a 5th density world in "our lifetimes." It will take a few thousand years to get to that peak, and "all good things must come to an end."

There is a reason Antartica has been out of the "news" and education systems. The beings there do not want anything to do with "our world."

Question.

hmmm ook... but it would be interesting to know what was found there...

Answer.

Things that contradict creation and evolution.

Truth paints a cold image of reality that lacks consciousness. It is essential to preserve consciousness in the disclosure process. Unfortunately, people are so programmed they will die and murder to protect their lie from being exposed.

And the people of Earth who have been programmed into zombie drones pose a systemic danger to peaceful ET races that live on Earth. Part of holding back on disclosure is in consideration of their protection FROM humans.

Vaccines for things like Alzheimers or other system related ailments are counterproductive as you cite. Vaccines for viruses are mandatory for service members who travel off world. We use vaccines to protect them from common diseases on other planets. Not all vaccines are bad. \*

Off world viruses are common viruses similar to Earth that have adapted to other ecosystems. Some of the viruses are airborne. Some of the planets are so "well" protected that all who do not have the nanotechnology vaccine become infected with a disease similar to a fatal flu.

The other very important component to grok is all service members have immune systems that are literally attacked a million times a day by the IS-BE's own Government. Many of them were experimented on by some of the rogue groups. However, vaccines can be used for both good & bad.

They shouldn't be something one normally injects into their bodies unless either its advanced nanotechnology vaccines with an intended purpose or you are doing something extraordinary that requires intervention. Circumstances matter. Facts matter. Not all vaccines are bad.

90% of all "SIDS" are vaccine related deaths.

Coordinated disinformation and propaganda campaign persisted through medical school.

Dissenters are silenced and threatened. If they continue, they are murdered.

New free speech executive order protects medical students from gags.

Not all SIDS are vaccine related, which is why we stated the accurate percentages (which are alarming).

Not all vaccines cause autism.

Autism is an evolutionary response to the environment.

Survival through empathy in a world lacking a moral compass.

If an alien ascends from the sky and appears to be hostile towards humans on Earth, do not believe your Establishment Government/Religions.

They will attempt to force you to believe them, even murder a great number of you to comply. Don't. Do not fear death. Your soul never dies.

If an "alien" becomes hostile towards Earth, they are humans from Earth seeking world domination and control. Don't give into them.

Question.

@TS\_SCI\_MAJIC12 It is easy to post without any hard proof that only puts more walls in front of serious enquiry

Answer.

Our hands are tied. I hope you understand.

Question.

Alien life will make itself known to Humanity

I suggest they do not just land on the White House lawn with a racist in power

Answer.

Not sure who you are specifically referring to, but no, intervention in another world's political affairs is against the Majestic's motto. Those in the Majestic who are not from Earth, that is. Most of the time, those interfering are Earthlings and not "aliens" per-se.

He warned that the world would be forced to contend with "films of innocent children pleading for their lives while people are butchering them."

9/ Trust yourself. The truth is within and reality is what you make of it. Identifying your existence as an IS-BE allows you to compartmentalize aspects of your existence to achieve enlightenment. The tree of life is authentic however shrouded in disinformation.

Directly influential to exoconsciousness,  
1. Q is the strongest source of LIGHT by name.  
2. MJ12 is second by association (and design).  
3. Jesus is third.

MJ12 is isolated 100% from DOJ.  
DOJ cannot touch anyone in MJ12.  
They literally cannot touch anyone in/from MJ12.  
They don't have the need to know.  
They will never have a need to know.  
This is why WE love compartmentalization classification laws.

Question.  
Who has an influence on you ?  
Answer.  
God

Some of us were never "Cabal" who served under their control because we believe in the Majestic work involved in being a true Patriot to an IDEA and not a creed, race, religion, or any other classification system you can conceive. Life, Liberty & The Pursuit of Happiness.

What is the placebo effect?  
Sometimes belief is all that is required.  
It is Majestic to believe in God.  
However blinding your empathic powers to a root entity, like "God" or "Jesus" will only defeat your empathic abilities and nullify the quantum effect.  
Trust Yourself.  
There are many many powerful beings in the Universe. Not engaging with the enemy is recommended.

What is real?  
The Power of 3 6 and 9 is real.  
3, 6, and 9 are consciousness.

Synchronicity weaves the fabric of reality.

Time is an illusion.

You control the present, therefore you control the past, therefore you control the future. Your future.  
Double meaning to "Future Proves Past"?  
In a universe of infinity, the purpose of this twitter account has always been written... its just a matter of understanding why.

Where We Go 1 We Go All

"Imagine all the people, living life in peace. You may say I'm a dreamer; but I'm not the only one. I hope some day you'll join us, and the world will be as one."

WWG1WGA.

Consciousness manifests "randomly" whenever more than one conscious mind is actively focused on the same frequency intention of THOUGHT combined with sound and meditation. You have more than you know. WWG1WGA means we share our conscious awareness together and UNITE AS ONE!

2019 will be a symbolic year of Disclosure

2 = Pair/Together/WWG1WGA.

0=9 = Trust Yourself.

1 = redpills / disclosures.

--

3 = IS-BE child (unity + truth).

9 = Trust Yourself.

Dates that coincide with 3 6 and 9 can manifest magickly in the matrix with greater strength.

Two 9's are two IS-BE forces working.

The child, 3, are the saved and protected.

The 9s are God & Country.

Country is We, The People.

We are all one.

WWG1WGA.

IS-BE is your soul + body.

Your soul manifests 3s, 6s, and 9s in reality.

When aligned and grouped, they amplify.

Majestic.

How do you keep a secret?

The Go'uld respect the Asguard.

WHY?

Peace Through Strength.

Majestic.

Correct, but engaging in debate to conform the opposing argument into your world view defeats the Great Awakening. We must unlearn the lies of the past and embrace the truth of our reality and deal with it accordingly. WWG1WGA means we must all help each other to learn the truth.

Word of advice:

When we ask questions, we are providing answers.

To the questions we are not answering, try the following approach in order:

Read the question thoroughly in your head.

Now out loud.

Again two more times.

Meditate for 15m.

Breathe through nose.

Eyes Wide Open.

If \*AN\* answer does not come intuitively to you, try simplifying the question or rewording it (then repeat). If you wish to not work on your ability to look inside for tangible non spiritual non religious answers, then proceed to Google where SKYNET can censor the truth.

Q today:

"Drops 'layered' to provide 'advance knowledge'."

MJ12 does the exact same thing.

How do you transfer information hyper-dimensionally?

How do you define hyper-dimensional information?

Multiple points all connected at right angles to each other?

Eyes Wide Open

Not at you specifically.

Dozens of individuals.

# MJ12 You Are God

God is within. You are an instance of God. God is an IS-BE. You are an IS-BE.

The Domain created the "BE" for the "IS" to experience the lower densities with.

IS-BE = (Immortal Spiritual) (Biological Entities)  
Substitute each with a, b respectively:

You = a \* b.

You = 9 \* 3.

You are a child.

You are "God's" children.

You are your own child.

Learning + Love fulfills your need for happiness.

Love = Love.

Love + Learning = Happiness.

3/6/9 3.

We are not in a simulation.

YOU are a simulation.

IS-BEs enter lower densities to experience limitations.

Your soul is immortal and your body is a temporary vessel.

Your life, to you, has already happened according to your higher self.

Time is an illusion.

IS-BE knows all aka God.

The God inside you can be controlled with free will. You are God. External personification of God removes Free Will from the equation. However with it comes a blank sheet of paper so to speak, so create at your own peril.

God is real.

Do not fear God.

You are not required to acknowledge God exists.

You are not required to worship God.

You are not required to do anything.

Free will dictates the universe.

Free will allows evil to exist.

Free will prohibits "God" from acting.

God can't act.

You can.

Worshiping implies blindness.

Studying enhances consciousness.

"God" is an IS-BE.

You are an IS-BE.

Your consciousness projects your physical reality.

Genesis 1:3.

What is LIGHT?

The Bible is a collection of metaphors that give you a guidance into your IS-BE.

Your Immortal Spiritual Biological Entity (IS-BE) is your soul (IS) and your body (BE). You are an IS-BE. All life in the universe are IS-BEs. We are all the same. We are all one. We are connected

together through our pineal gland. Our consciousness comes from God or All or IS-BE.

We (Americans) by definition of our National Identity from the founding fathers was that we knew God was all and that freedom to practice faith towards God was permitted in ANY FORM. This posed an interesting complex web of information.

God is within. God is your soul. Your soul is your God. You are your soul. You are your God. You are an IS-BE. All centralized power structures that operate as a business seeking money are technically satanic by design. Religions teach you that Earth is hell.

When you die, if you walk into the light then you are told "you go to heaven". Wrong. You return to Earth in another incarnation.

Jesus didn't walk to the light until after he stepped into the void, willed himself to return, and then he woke up. Time is an illusion. No time.

The only light he saw was when we opened his eyes. Occult magic. Death is an illusion. Death does not exist.

Its quite simple actually.

God can use magic to heal the sick, lift heavy stones, and do anything.

Everything is composed of atoms which are 99% empty space with vibrating electrons, protons, and neutrons.

If you know the frequency you are targeted and understand the math, then you can figure out how to produce the correct inverse frequencies to get the results you intend. Lifting objects means you need to remove information from the equation. What information? How do you specify? How do you negate? Occult skills that require a new way of thinking.

"There must be more than this, so God was born, and we in his, imagine of fear and love, Looked down upon from up above."

LIGHT beings consciousness existence as an IS-BE is confusing by design. It is to teach and learn. Out of human curiosity, there MUST be more than "this". So God was born. So Dogma is born. So Destruction is born. God is within. God is your IS-BE. Your subconsciousness. LIGHT.

Anthropomorphizing the LIGHT consciousness within you that IS WHO YOU REALLY ARE discredits the accomplishment of your own LIGHT/Pure Love and separates your consciousness to your subconscious. This makes you vulnerable to be controlled.

Introduce Dogma.

This quote is Majestic. You're welcome, Dave.

You have QiGong capabilities that can be utilized for healing all around you. Possibly a radius of a few hundred miles. Focus your energy and you can heal others from your understanding the nature of our existence. MAJIC 12 programs studied this extensively in OP STARGATE / SG1.

To learn, ask during deep meditation. Ask for the information and use visions as clues to solve the puzzle. God has all information.

God is within. You have the ability. Directed Energy Weapon?

What's the opposite? You are the opposite of a weapon, but you can Direct Energy.

Do extraterrestrial weapons use consciousness to operate?

Are their weapons really tools since they can be used for both good and bad?

What if the weapon could destroy all life? What if it could also heal all life? What if it operated by responding to the frequencies emitted by the conscious beings around it? What if those signals had functional programming associated with them? How do you read consciousness?

Alcohol is engineered to make sheep vulnerable. It is for that reason why it is intensely pushed by the "Cabal" or "Deep State" or "Majestic Cabal" or the Majestic 12. Roswell discoveries instructed through cause and effect predictions with the STARGATE to exploit alcohol.

We knew that Alcohol, mass incarceration of blacks, make marijuana illegal but fund the drug cartels as informants, trafficking everything for sources and methods to collect intelligence. All to keep Roswell secret.

The Vatican had a lot more control over the world back in 1947 than it does today. We may witness in our lifetime the destruction of the Vatican for the first time in over 89 years. The institution is corrupt and the definition of evil / the Devil.

We did both Good and Evil. We played the role of Gods and created the Matrix of the mind many people are stuck in. We are here to break from that system, accept Disclosure, and bring DARK TO LIGHT.

Traveling through time is achieved inside your own mind, however when you do, you're actually just experiencing alternate realities. Remote Viewing alternative realities in alternative time periods has been successfully documented in the CIA's Stargate program.

This tactic is being used currently with the #QAnon military operation as a means to stay "5 steps ahead" of everybody else. Inside Area 51 S4 (not Groom Lake), the Stargate device can be used to explore the cocreative consciousness alternative reality and not one in your head.

The difference can be expressed as such: Meditation + Remote Viewing allow you to see "forks in the road" of all decisions you personally have made. You can explore the realities in your mind of "what if" and those realities are accurate to a certain degree. However when you use a Stargate to Remote View alternative realities that do not derive from within your own mind, you are instead using technology to actually tap into the "fabric" of exoconsciousness with some level of precision.

That "fabric" can be thought of as just that. Imagine a "fabric" with fractal geometric shapes that are physically 11 dimensions. Time is the illusion and the nature of reality is just the chaos created from merging multiple fractal patterns into one.

Using the STARGATE device we were able to peer into the REALITY of our Matrix of consciousness and not inward projection that makes RV inaccurate compared to a STARGATE.
